Varied Program of Activities for Campus

The 107th Annual June Commencement exercises on May 30, 31 and June 1, begin a record-breaking summer schedule for the University campus.

Headlined by the baccalaureate preacher, Archbishop Patrick O'Boyle, D.D., Washington, D.C., and Commencement speaker Charles Malik, Lebanese Minister to the U.S. and Chairman of the important Commission on Human Rights of the United Nations, 910 graduates will receive degrees in the University Stadium on Sunday. The usual band and glee club concerts, baseball games and receptions will round out a major weekend.

June 2 to 27 the annual summer first course for surveyors begins, and on June 4 the ordinations of the Indiana Province of the Congregation of Holy Cross will be held in Sacred Heart Church.

June 5 comes the Club Presidents Council of the Alumni Association, followed by the Annual Class Reunions of the '02 and '07, '12, '17, '22, '27, '32, '37, '42 and '47 Classes.

June 8 to 14, the annual Community Retreat of the Holy Cross Fathers will be held in Zahm Hall.

June 11, 12 and 13 the Division of Physical and Inorganic Chemistry expects 200 to 250 delegates; and from June 16 to August 8 the Annual Summer Session of the University will be held.

Beginning June 15 and extending to July 15, the Provincial Chapter of the Congregation of Holy Cross will be held in Zahm Hall.

Liturgical programs for undergraduates and graduates; courses in studies in Sacred Theology and a workshop in the teaching of history will be special features of the summer school.

The Catholic Press Association will hold a convention on the campus June 18-21, and the Newman Club convention will be held here June 22-28.

A Vocational Institute will be held July 17-20, and a Workshop in Liturgy July 21-23.

The Knights of Columbus Boy Life Conference will hold its regional session July 18-20 in Breen-Phillips Hall.

One of the most significant gatherings of the summer will be the National Congress of Religious August 9-13, an assembly of the superiors of all the religious orders of men and women in the U.S.

August 14 to the 17th, the Annual Laymen's Retreat, conducted by the Mission priests of the Congregation of Holy Cross, will meet.

August 21-24 comes the Catholic Students Mission Crusade, one of the great Catholic young peoples programs of the Church. And August 28 to September 3, Notre Dame will be host to the National Federation of Catholic College Students, a movement in which Notre Dame student leaders have played a prominent national part since its inception.

August 18 to September 12, the surveyors return for their second course.

But in the meantime, the staffs of the housing and feeding, teaching and public relations, administrative and maintenance units of Notre Dame will have had quite a summer.

Moral, responsible leadership has become tangible at Notre Dame.

Mrs. Fred J. Fisher Dies After Brief Illness

Mrs. Fred J. Fisher, widow of the founder of the Fisher Body Co., Detroit, Mich., and a generous benefactor to the University of Notre Dame, died recently in New York City.

In December, 1949, Mrs. Fisher gave $1,000,000 to the University. Of this fund, $750,000 is being used for the erection of the Fred J. and Sally Fisher Memorial Residence Hall. The remaining $250,000 is in a trust fund from which deserving students may borrow in order to finance their education.

An art collection valued at $1,200,000 was the latest gift from Mrs. Fisher to Notre Dame. It was given to the University in 1951.

Midwest Conference of Political Scientists

The University of Notre Dame was host on April 24, 25 and 26 to political scientists from all parts of the Midwest who attended the annual meeting of the Midwest Conference of Political Scientists on the Notre Dame campus.

Principal speaker at the conference was Walter Trohan, '26, Chief of the Washington, D.C., Bureau of The Chicago Tribune.
Honorary Degrees Given At Graduation Exercises

The University of Notre Dame will confer honorary degrees on an Archbishop and Bishop of the Catholic Church, a noted official of the United Nations, one of the country's top educators and three prominent business executives including two alumni at Commencement Exercises to be held June 1st in the Notre Dame Stadium.

The University will confer honorary Doctor of Laws degrees on the Most Rev. Patrick A. O'Boyle, Archbishop of Washington, D. C.; Most Rev. Albert F. Cousineau, C.S.C., Co-Adjourner of Cap Haitien, Haiti; Dr. Charles Malik, Chairman of the Commission on Human Rights of the United Nations; Dr. Mortimer J. Adler, of the University of Chicago; Edward J. Doyle, of Chicago, President of the Commonwealth Edison Company; John P. Murphy, '12, President of the Higbee Company, Cleveland, O.; and John C. Tully, '11, of Salinas, Calif., organizer and former President of the LaGrange (I1l.) National Bank. Mr. Doyle, Mr. Murphy and Mr. Tully are members of the Associate Board of Lay Trustees at Notre Dame.

Mr. Doyle, in addition to his position as President and Director of the Commonwealth Edison Company, is a member of the Executive Committee of the Association of Edison Illuminating Companies. A native of Chicago, Mr. Doyle has served as Vice-President and Director of the Community Fund of Chicago, and as a Director of the Chicago Association of Commerce. The Notre Dame trustee also is a member of the Industrial Advisory Committee of the Federal Bank of Chicago, is a member of the Executive Committee of Catholic Charities of the Archdiocese of Chicago, and of the Notre Dame President's Committee of Chicago.

Mr. Murphy who received a Bachelor of Laws degree from Notre Dame in 1912, conducted a general legal practice in Minnesota and Montana until 1917. He was named Senior Counsel of the United States Spruce Production Corporation in Portland, Oregon, in 1918, and from 1920 to 1937 served as attorney for Van Sweringen interests in Cleveland, Ohio. Mr. Murphy is a director of several Van Sweringen companies, including the New York, Chicago and St. Louis Railroad Company. He became a member of the Morley, Stickle, Keeley and Murphy law firm in Cleveland in 1944, and the same year was named President of the Higbee Company in Cleveland.

Mr. Tully, who received an electrical engineering degree from Notre Dame in 1911, during his undergraduate days organized and was first Grand Knight of the Notre Dame Knights of Columbus, which was the first college council. He formerly served as President of the Bremer-Tully Manufacturing Company and as President of the Thomas More Association in Chicago. Mr. Tully, who has served as a director of the Catholic Charities of the Archdiocese of Chicago, also founded the Radio Manufacturers Association. He has served as Editor of Books on Trial, and written a syndicated book column.

Notre Dame Chemists Meet in Milwaukee

The twelfth reunion of Notre Dame chemists was held at the Miller Inn, Milwaukee, on Wednesday evening, April 2nd, in connection with the Milwaukee meeting of the American Chemical Society. Fred Miller, '28, President of the Miller Brewing Company, offered the facilities of the Inn and provided a free buffet supper to the group.

There was an inspection trip through the brewery before supper. After supper Professor C. C. Price, Head of the Chemistry Department, gave a short talk on the present status of the department. The film "Football Highlights of 1951" was greatly enjoyed by the guests. The rest of the evening was spent in visiting.

This get-together—like those preceding it—was arranged by Professor Kenneth N. Campbell and Jim McKenna, Ph.D., '39, who also was chairman of the Milwaukee meeting, assisted with the local arrangements.

Rare Manuscript Given N. D. Library

A rare copy of the "Defense of the Seven Sacraments Against Martin Luther", the document that earned the title of "Defender of the Faith" for King Henry VIII of England, has been presented to the University by the Very Rev. Canon Thomas Duggan, President of St. Finbarr's College, Cork, Ireland.

The copy of the document presented to Notre Dame was published in Antwerp in 1522. Neither the catalogue of the National Library of Paris nor of the British Museum lists this publication among their collections.

**Let's Get 100% Alumni Participation Now!**

**Response to Father Cavanaugh Testimonial Fund Increasing**

There's still time for alumni and other friends to participate in the Father Cavanaugh Testimonial Fund. The response from alumni, in recent weeks, has been exceptionally encouraging. During a four-weeks period participation increased two-fold as the result of more activity on the part of Alumni Clubs and Foundation representatives as well as direct mail solicitation from the campus office.

The 10th Annual Alumni Fund, which began with the new year, will also receive credit for alumni gifts honoring Father Cavanaugh. Your contribution is credited, if an alumnus, to both the Father Cavanaugh Testimonial Fund as well as to the 10th Annual Alumni Fund.

Clubs have been urged to attain 100% participation of alumni members and various groups are working hard to achieve this goal — not an impossible one with many clubs. Notre Dame has been a leader in the first ten colleges and universities more than once with respect to percentage of alumni givers. Regardless of amount (one buck up) your gift IS appreciated and it aids in the effort for high participation.

Alumni are not only asked to fulfill their own personal obligation to the University but also to encourage those friends outside the alumni ranks to give. Since the organization of the Notre Dame Foundation in 1947, the number of non-alumni participants has doubled annually with the exception of one year.

The new building program and the work on Steam Plant expansion are both progressing. The Morris Inn, gift of the late Mr. E. M. Morris, '06, has been in operation for the past month. Dedication of the I. A. O'Shaughnessy Liberal and Fine Arts building highlighted the weekend of May 24th. The Associate Board of Lay Trustees as well as the Councils of Commerce, and Science and Engineering met on the campus May 23-24. According to administration officials the O'Shaughnessy building will not be ready for use until sometime in 1953.
1. The alumni advance sale, for contributing alumni, opens June 20th, and closes July 14.

2. If you contributed to the 1951 (Ninth Annual) Alumni Fund, or are a Religious, and have not received your application blanks for the advance sale by June 20th, advise the Alumni Office immediately.

3. The attached diagram of the Notre Dame Stadium indicates the situation that prevails in the case of a popular home game. Oklahoma, Southern California, North Carolina, and Pittsburgh will bring general pressures, probably in about that order, in 1952, for the Notre Dame home schedule.

4. Maximum alumni section capacity is 14,000, and from this total number are deducted the monogram tickets (all alumni) and the East Side season tickets (mostly alumni and administration or faculty), no longer being sold, (none since 1941).

5. Only about 4,000 alumni section tickets are between the goal line and the 50-yard line. But there is not a really bad seat in the Notre Dame Stadium.

6. Because of much more difficult and limited ticket allotments in the stadia away from home, the Athletic Department has had to invoke geographical limitations for the distribution of application blanks to those alumni in the game area. For games like Michigan State this means almost the immediate area. For Texas, it means the States in the South and Southwest and lower Mississippi Valley. Navy, in Cleveland, does not present the same problems because it is considered a “home game.” And in the case of personal attendance planned by alumni for games at a distance, early request for such exception can sometimes be taken care of.

7. In the case of “pressure games” both at home and away, the supplying of blocs of tickets for Club use is practically impossible, although the Athletic Department makes extra effort to recognize the demands on the “home Club” by games away.

8. General application forms for games involving public sale will be sent to all alumni.

To Thomas J. Murray

The University of Notre Dame formally conferred its 1952 Laetare Medal, awarded annually to the outstanding American Catholic layman, on Thomas E. Murray, of New York City, a member of the United States Atomic Energy Commission, in ceremonies in New York Monday afternoon, May 5.

Mr. Murray received the medal at ceremonies held in the Archdiocesan Building in New York City. His Eminence, Francis Cardinal Spellman, Archbishop of New York, presided at the ceremonies. The Rev. John J. Cavanaugh, C. S. C., President of Notre Dame, presented the Laetare Medal to Mr. Murray.

Mr. Murray was announced as the 70th recipient of the Laetare Medal on March 23, Laetare Sunday, which is the fourth Sunday in Lent. The Laetare Medal, the oldest American Catholic Medal, was founded in 1883 by the Rev. Edward F. Sorin, C.S.C., founder and first president of Notre Dame.

Born in Albany, N. Y., on June 20, 1891, Mr. Murray was educated at Our Lady of Victory School in Brooklyn, at St. Francis Xavier High School in Manhattan, and at the Yale University Sheffield Scientific School. His father, the late Thomas E. Murray, was associated with the late Anthony N. Brady in the development of the Albany Electric Light Company and, subsequently, the New York Edison Company.

THE AMERICAN APOSTOLATE

As we have pointed out, the ALUMNUS does not set itself up as a literary or theological review, but there are books which come to our attention which have special alumni interest. One of these is the above volume, most attractively printed in 298 pages, containing eighteen essays on constructive achievements of the Church in the 20th Century.

The presence of this Notre Dame galaxy of authors, and the timeliness of the subject generally for all alumni should make this a book of personal appeal.—J. E. A.

N. D. Students Donate Blood

A total pledging of some 3,018 Notre Dame students, for an overall 62 percentage of enrollment, has set a new national collegiate record for blood donations. The Chicago area mobile blood unit, in a recent stop at the campus, accepted 1,630 pints of blood.

The remaining blood pledged will be taken later in the year.

Armstrong, Alumni secretary since 1926, was presented 'the scroll' for outstanding services as chairman of the local $1,000,000 Catholic High School fund-raising campaign and for directing the Alumni Association affairs so capably. Ike Liked at Mock Convention

Climaxing a harried two-night balloting in the N. D. Drill Hall, Gen. Dwight D. Eisenhower won the student nomination for the presidential office of the United States at the student mock Republican Convention held in April. Governor Earl Warren of California received the nomination for the Vice-Presidency.

Eisenhower received a total of 730 votes, which far exceeded the necessary 603 for nomination, to win on the seventh ballot over Senator Robert A. Taft of Ohio, who received 455 of the 1,205 votes cast.

New St. Mary's History

If Notre Dame men are as interested in the history of St. Mary's College alumnae as they have always been in the College across the road, Marion McCandless's new "Family Portraits," the Alumnae History of St. Mary's from 1879 to 1949 will be a vital volume. Due off the press May 27, the book compiles the rich personal knowledge of Miss McCandless, a graduate of the Class of 1900 and founding editor of the Holy Cross Courier, Alumnae Secretary, and popular St. Mary's Club visitor to the four corners of the alumnae world.

Since so many alumni families consist of "one part St. Mary's" there should be many $4 checks forwarded to the St. Mary's College Bookstore for this reminiscence. (Don't let that Class of 1900 fool you. When younger ideas are had, the author of this new volume will have them—and can express them. The St. Mary's Courier has been for 25 years a most refreshing literary experience, aside from its other significances.)

Rutgers Professor Lectures

Dr. Selman Waksman, professor of microbiology at Rutgers University, delivered a series of three lectures on his specialty at Notre Dame on March 31, April 1 and 2.

Dr. Waksman lectured under the sponsorship of the Father Nieuwland Lecture Series, established in memory of the world famous Notre Dame priest-teacher-scientist.
FOOTBALL

The appointment of Johnny Lujack as assistant coach and the annual Varsity-Old Timers football game highlighted the abbreviated spring grid workout as Head Coach Frank Leahy began preparations for the 1952 season. Notre Dame's 64th gridiron campaign. Lujack, who played on the National Championship teams of 1943, 19-46, 1947, came back to his alma mater after playing four years with the Chicago Bears to replace Bernie Crimmins former backfield coach. Crimmins had resigned in January to become head football coach at Indiana University.

In the Old Timer's game, May 10, Leahy's varsity romped to a 33-6 victory with three young backs who are expected to lead the 1952 team into what has been dubbed the toughest schedule in Irish history next fall, pacing the five touchdown attack. Quarterback Ralph Guglielmi, hero of last year's Southern California game, directed the varsity offense, scored two touchdowns, and passed for another.

Among the Old Timers returning for the contest were Jim Martin, Doug Waybright, Gus Cifelli, Bob Lally, Ernie Zalejski, and Steve Oracko, all members of the 1949 undefeated National Champions; Frank Gaul, '48 tackle; Jim Mello, '46 fullback; and John Yonakor, '43 All-American end.

BASEBALL

Good pitching, no hitting, was the story of the first half of the 1952 baseball season which saw Coach "Jake" Kline's Irish nine break even in 12 contests against collegiate opposition. Notre Dame dropped four other games to professionally dominated service teams.

Juniors Jim Gibbons and Stan Konopka, sophomore George Moresco and Jack Reynolds, and freshman Tom Bujnowski, all flashed good pitching form but the anemic Irish hitting held them back. The team had a .232 batting average after 16 games, with only 19 of their 124 hits being of the extra base variety.

GOLF

With four monogram winners, Capt. Bill Fischer, Tom Matey, Joe Moresco, and Frank Marzolf, playing near-par golf, Rev. George L. Holderith's charges won five, lost two, and tied one in the first eight matches of the 1952 links season. The Irish defeated Indiana, Wisconsin, Valparaiso, Loyola, and Bradley; lost to Purdue and in a return match to Wisconsin, and drew with Louisville.

TRACK

After a successful indoor season climaxed by the winning of the Central Collegiate Conference meet in the Notre Dame Fieldhouse, the Irish track team had its share of troubles in outdoor competition.

The cinder squad, under the direction of Alex Wilson in his second year at the helm of the track fortunes, finished second to Indiana in a triangular meet between the Irish, the Hoosiers, and Purdue, and dropped a dual meet to the University of Pittsburgh outdoor before they were able to defeat Michigan Normal and Bradley in a triangular event.

The young track squad features two of the best pole vaulters ever to compete under the Irish colors. The sophomore duo of Jim Harrington and Joe Springer has meant valuable points for Coach Wilson in every meet this season. Harrington has gone 13' 9¾" for a new Notre Dame record, while Springer's top is 13' 3¾".
Archbishop O’Hara was the featured UND Night speaker in Tulsa.

LETTER FROM ONE WIFE

(Ed. Note: The following beautiful tribute was received from the wife of an obviously fine alumnus. To keep his ego normal, names are omitted. But we feel that other wives may share these sentiments, all N.D. wives should.)

Dear Father Cavanaugh:—

The other day I was telling a friend what a great school Notre Dame was and his remark was the sort you must hear very often. Said my friend, "It is a good school but being the father of a family of girls, I am interested in girls' schools."

It makes me realize I had come a long way in my own appreciation of Notre Dame. Don't tell anyone, Father, but when I was being courted I thought it would be much better if my fiancé had been the graduate of a co-ed school. There wasn't any reason for this, just an idea of mine. Well, I don't know what I've learned in the nineteen years I've been married but this I do know... Notre Dame is just as important for girls as for boys.

Our children will grow up and marry and we hope that they will please God when they do. Just as fervently hope Notre Dame is our son's school, so do I hope that our daughter will be given the same happiness that began for me in the Log Chapel in 1933. It wasn't long before I knew that my husband's school had given him something more than reading, writing and arithmetic. When his job called for a difficult decision he made it with great integrity. I knew this could not have come from good parents alone but it had been fostered and grown under good education.

In our family he has shown the sort of leadership we often read of as desirable but wanting in family life today. It is a deep and lasting pleasure to remind the children that Dad does it "this way." He often explains to them the spiritual practices he learned at school; best of all, we like the way he lives what he says.

In our community he has assumed more than his share of leadership. It has been the sort of leadership that makes me sparkle when I identify him as my husband.

So you see, Father, I think you are doing a first rate job of making husbands for us girls. And what husbands! If you can give our towns and cities leadership like this, we will all have a better place for our children to live.

I just wanted to tell you how grateful I am for Notre Dame. There will always be a,

Devotedly yours,
Alumna in-law

UND Night Greatest In History of Alumni Clubs

"Bigger and better" is trite. But when it is accurate and documented, what else can you say? The following pages indicate only a part of the impact that the 29th Annual Universal Notre Dame Night made on the growing world of Notre Dame. New 1952 boundaries of geography, of alumni, and of friends, greeted the deeply rooted annual tribute to the development of the University.

Father John J. Cavanaugh, C.S.C., '23, observing his last U.N.D. Night as President of Notre Dame, addressed a gala meeting of the Notre Dame Club of Los Angeles, on the "official" Night, Monday, April 21. (Observances actually covered the "octave.")

A special national radio program was presented from Washington Hall on Tuesday, April 29, through the cooperation of WGN-Mutual. Written by Francis Coughlin of WGN, the program pointed to the rich cultural and intellectual heritage of Notre Dame training, and the achievement of the University where young men "choose to aspire above mediocrity." (Copies available on request. Address Alumni Office.)

On Easter Sunday, April 13, the Notre Dame Glee Club was featured on Ed Sullivan's Toast-of-the-Town T-V show in New York, an annual highlight. On April 20, John Noland, Glee Club soloist, was featured guest on the Fred Waring T-V show, and on Thursday, April 24, the Glee Club was featured on the Dumont T-V network program, This Is Music.

In addition to these national programs, many local radio stations carried Notre Dame programs adapted from Ray Donovan's publicity portfolio for Clubs. And TIME magazine featured an article on Father Cavanaugh, based on the observance of the Night.

A record number of campus speakers were enlisted for local Club meetings, and campus films supplemented other Club programs. These appear in detail in the Club reports and pictures that follow, starting on page 12.

Mr. Shaw gave an inspiring address on the subject of "The Obligations and Opportunities of the Catholic Layman." His talk was carried for 30 minutes on the Mutual Network in Baltimore, Radio Station WCBM. Special mention was made of the University of Notre Dame in the Mission Field.

Father McCauley noted that this was the first occasion when a Holy Cross missionary had been invited to participate in a Universal Notre Dame Night celebration. He told of his experiences in bringing Notre Dame to the natives of Bengal, India and of his wife's title of "Our Lady of Fatima" in India because of the large Moslem population and the recognition of Fatima as a Moslem princess among the Indians.

Bill as usual was down with his delegation of Notre Dame friends from Hartford City. Three included Ed Buth, Dr. C. V. Ovsey, Dr. R. L. Dr. Hugh F. Cook, of South Orange, one of the most prominent Catholic laymen in this area, received the Jersey Club’s annual Award of Merit. Dr. Cook has practiced medicine in New Jersey and Essex County for 33 years. For most of that time, he has been the regular physician of the cloistered nuns of the Dominican Order.

Although a Holy Cross alumnus, Dr. Cook’s life has been linked with the destinies of a number of Notre Dame men in New Jersey for many years. He is the father-in-law of DR. GEORGE HEWSON, ’30, now a prominent Newark surgeon. His grandson, KIM HEWSON, is a student at Notre Dame.

Club president PHIL HEINLE, ’33, announced that it was Dr. Cook who brought the pride and joy of the Heine family into the world some 38 years ago. It was also revealed during the course of the evening that DR. PAUL CONNOR—the famous Rocky who played so memorably against Southern Cal back in 1930—is married to the former Catherine Finley. There were seven Finley children and Dr. Cook delivered all of them.

The principal speaker at the affair was Thomas Glynn Walker, a former New Jersey Supreme Court Justice, who is now general counsel for the Jersey Union Gas Company. Judge Walker is also married to one of the Finley girls.

In his tribute to Dr. Cook, Judge Walker pointed out that Dr. Cook had always lived the perfect Christian life and praisend him as one of the world’s builders. He summed Dr. Cook up by calling him “Like the Grand Canyon, just another wonder of the world.”

President Heinle commented on the splendid record the Jersey Club has had over the past 25 years. He singled out for praise some of the members of the class of 1926 who had done yeoman work for the club, men like DAN O’NEIL, EDDIE DUGGAN and DR. GERALD HAYES.

Among the distinguished guests at the head table were JOSEPH M. BYRNE, JR., of the Port of New York Authority, who is a member of the Board of Lay Trustees of the University; THE REV. THOMAS J. MARDAGA, who was also a guest.

Many of the Club members were students at Notre Dame at the time the Archbishop was Prefect of Religion, and later President of the University. The following day Archbishop O’HARA, Bishop Leech, and Bishop McGuiness flew to Tulsa where Universal Notre Dame Night was observed the evening of April 17.

Philadelphia

ARCHBISHOP JOHN F. O'HARA of Philadelphiadannounced here as a "shocking performance" a recent speech in which Dr. James B. Conant, president of Harvard University, told an American Association of School Administrators meeting in Boston that private schools were undemocratic.

Archbishop O'Hara, who addressed more than 500 persons attending Universal Notre Dame Night, sponsored by the University of Notre Dame Club of Philadelphia, also criticized a "half dozen" other educators who characterized the operation of private schools as "divisive."

"If anyone is divisive." Archbishop O'Hara, former president of Notre Dame, declared, "it is Joe Stalin."

Speaking at the Benjamin Franklin Hotel here, Archbishop O'Hara said "we understand there are people with different goals in education than ours and that they have some fear of the growth of Catholic schools as destructive to democracy."

"Sometimes I wonder what they mean when they say democracy. If any man is divisive today it is Joe Stalin. In the world in which you live, you will see all sorts of possibilities. You need not concern yourself with the left wing of these possibilities if the right wing is alive."

He urged a religious philosophy as a background for educational programs, and pointed out that the Catholic school system gradually had grown until today four million students are enrolled throughout the country.

JOHN NEESON, JR., received the club's "Man of the Year" award for having rendered the greatest service to the Philadelphia organization during the last year.

New officers for the Club were elected for the coming year. They are ED MEAGHER, President; DR. OTTO C. STIGMAKER, Vice-President; EMMETT KEENAN, Secretary, and VINCE GOULET, Treasurer. Tentative plans for a Notre Dame rally and smoker the night before the ND-Iowa game this fall were discussed.

The Notre Dame Wives Club has been even more active than usual during the past few months. Their main party of the year, the St. Patrick’s Day dinner-dance, was a great success.

About 130 were present at the Blackhawk Hotel for the occasion. Mrs. James Doyle was chairwoman of the event. On April 30, Mrs. Jerry Culligan and Mrs. Vince Goulet gave a housewarming at a luncheon at the Plantation Club.

New officers elected on Universal Notre Dame Night for the coming year were: PATRICK A. DOUGHERTY, ’50, President; THOMAS F. KENNEDY, ’30, Vice-President; JAMES F. SHIELY, ’40, Vice-President; PAUL B. QUALY, ’47, Secretary-Treasurer.

Among the change of address notices received by the last month was one stating that WILLIAM R. RYAN of the class of '11 died on December 20, 1951. I do not recall seeing any obituary in the columns of the ALUMNUS.

Billy Ryan was one of the lovable, well known characters on the campus during my stay. Although not a large man, he was a halfback on the football team in '09, '10, and '11 and a pitcher on the baseball team in those years. He was one of the leading, if not leading, actors in the college dramatics of the period. He was a quiet, easy going comedian who made life easier for many of us. We will miss him greatly. ST. JOE HALL REUNION

Much interest has been evidenced in the reunion of ex-St. Joe Hollers—those who lived in Badin before it developed wings. Some 50 or 60 plan to attend on June 6, 7 and 8, the highlight is a buffet luncheon on Saturday.

The Committee on arrangements is comprised of Father Ray Murray, Frank Farrington, Pat Malone, Joe Farrell, Jim Boland, Hugh Carroll, and Bill Schmitt.

All St. Joe Hollers are invited to attend.

They had kind enough to have mimeographed and sent your plans right now?

that you can add a name or two to the list as it is not complete. Pick out some of your intimate pals, whose names ley dropped them in a personal letter telling them that you are going to be at the reunion and urge them also to be there.

"Already I have letters assuring the presence of FRED STEWART, JOHN P. MURPHY, BEN KAISER and good old CHESTER (Muggsy, to you) McGrath, the old left-handed pitcher and halfback of our days. Won't you please immediately write a letter to JIM ARMSTRONG, JUDGE OSHE, or to me, telling us that you will be with us?"

Plans for our 35-year reunion seem pretty well taken care of. We will all congregate on the campus on June 6 for general registration in the Law Building. Our Class Registration takes place in the respective halls to be used by the various classes. The Class of '17 will bunk down and make headquarters in Howard Hall. Friday evening we will have a class get-together. Saturday's activities include a Class Mass, golf, football movies from last year, Moot Court finals, and the Alumni Banquet with all the trimmings. Sunday winding up our activities with an Alumni Mass in the Main Church. It appears as if we are all in for another great reunion.

In addition BERNARD J. VOLL, the per-

enial and popular host to the class, a Local Committee consisting of JIM BOLAND, SAM FEIWELL, LEO BERGER and JOHN GUEND-

LING is working on the reunion weekend. Re-

member it's to be June 6, 7, 8.

We had the distinct pleasure, on April 21, of witnessing the Pittsburgh "Notre Dame Man of the Year" award to one of our outstanding class-

mates, LEO J. O'DONNEll. The occasion was the Pittsburgh club's observance of Universal Notre Dame Night at the Pittsburgh hotel. Among the honors of presenting the award went to another good seven-

trener, Dr. LEO O'DONNElL, who did a fine job of toastingmaster.

Speaker of the evening was DR. O'GRADY of the Notre Dame faculty, whose talk was re-
cieved enthusiastically by the audience, which in-
pired. Joe Earby, is one of the Pittsburg Steelers.

LEO VOGEL is in every respect a fine alu-

num, and the award he received was well de-

served. Congratulations from all your claus-

mates, Leo!

Included in the 'returns' was the interesting picture of MR. AND MRS. ODEM and their family of six boys and one girl.

Everything points to a fine attendance at the 35th-year reunion and certainly there will be a great time. Don't be a schlub, be there if necessary. You'll never regret it.

Here is a copy of the letter JOE McGLYNN has sent to all the members of the class, inform-

ing them of the plans for their 40-Year-Reunion.

"My felicitation and best wishes. Undoubtedly you have received JIM ARMSTRONG'S letter addressed to the Class of 1912 with regard to our 40th reunion on June 6, 7 and 8, at Notre Dame. Forty years are a whole lot, and those of us who have survived them have undoubtedly reached and passed our "three score." I know that many of our colleagues live a distance from Notre Dame; all of us are really busy, trying to make enough money to pay insane taxes, and have any number of excuses that we could give as our regrets for our inability to be present at this reunion. How are we kidding when we do this? Nobody but ourselves. Anything worthwhile requires at least some little sacrifice that we can make that will pay such big dividends as getting together with a select group of old men who once were boys, living together, sleeping to-

gether, eating together, studying together, playing together, having our little pet peeves and griev-

ances among each other, all culminating 40 years ago come next June.

"Unfortunately, many of our boys and pals of 1912 have passed to the great beyond and will not be able to be with us; the ones that are that come our 41st reunion some of us will have taken place among their numbers.

"JUDGE MARCELLUS OSHE, Vice-President of the Chicago Title & Trust Co., and I have talked about this for a long time, and are really looking forward to a wonderful three days under the Golden Dome of our Alma Mater. The University Alumni Association, Judge Oshe, and I are all committed to a pro-

gram of festivities of good food, good wine, and the greatest fellowship in our reminiscences, in catching up with what the other fellow has done in the past 40 years. Won't you please immediately mark your calendar for attendance at Notre Dame on these three days and make your plans right now?

"If you send me a mailing list which our old pal FRED STEWART, of Hollywood, Florida, was kind enough to have mimeographed and sent so we can send out the invites all the way far.

Look it over and it certainly will bring back to you fond memories of fine fellows. It may be

The Notre Dame Alumnus
can remember the ones who had sandwiches and coffee at the Monogram pre-game luncheons. DON MILLER was at both games and we had lunch together before the Detroit and Michigan State Games. Don, as you may have read last fall, resigned as United States Attorney and is practicing law on his own again here in Mackinaw City, Michigan and Washington, D.C. JOHN "RED" KANE has taken over Don's duties, with the aid of his wife. FRANK STEELE of Akron (1939) and his son, who was a student at Notre Dame in the fall, was a representative of the Alumni Office. "Red" Kane was the last "25'er" I've seen. He and his charming wife were looking for a summer place in the Hurley area last week. Frank's oldest son is in the seminary and they have two girls, and their youngest is another boy.

HARRY STUHLREHDER was in Toledo a few weeks ago. Harry is with United States Steel Co. doing public relations work. Harry said his oldest son is in the Army, another son at Notre Dame, and his third boy is entering Notre Dame University. (When Harry told FRANK LEAHY about this, Leahy was eager to know what he played. Harry replied, "Tennis!"). His youngest is in high school in Pittsburgh, where they have made their home these past few years. He tells me that "OATS" BYRNE still shoots a mean game of golf! (Evidently "Oats" doesn't feel as old as the Toledo "25'er.")

The local Notre Dame Club gave a stag party for the "Old Timers" and the Class of 1925 was included in this category. PAUL DOOLEY, BEN KEATING, RAY TILLMAN, BOB FRIEZE and others among those present to receive a nice Notre Dame ash tray and serving spoon. We didn't feel so old when BOB COOKE, WALTER "Butcher" ACKER, DON MILLER and me, the Class of '26, received a plaque for being Toledo's oldest grad— he can still out-run any "25'er.

BERNARD FINNIGAN's daughter, Eileen June, is in school in Fort Wayne, and her brother, John Finnigan, is in college in Toledo. They have two girls, and their charming wife were in looking for HURLEY's furniture store.

WALTER "Butcher" HACKER called me on the phone last month—just passing through last week, and spending a few days in Nashville, Tenn. He's connected with a firm manufacturing road-building machinery.

Just received word from South Bend that BERNARD FINNIGAN's daughter, Eileen June, is looking for a job of her own, and her son, John Mahowald, who's a junior at the University! JOHN ELLIOT was at one of the pre-game luncheons and he agreed that 1925 was the youngest-looking "25'er in the crowd. John is Vice-President and Managing Director of the Hotel Stoddard in LaCrosse, Wis., and he would be happy to see any of the lads that may be passing through his town.

Here's news—HARRY McGUIRE, whom no one seems to have heard from in a quarter of a century, writes that he is in good health—just generally reliable and is living in Santa Barbara, California.

HARRY STUHLREHDER also told me that he had heard from JOHN F. COOK of Chicago, who is in Philadelphia and he looks fine. I believe Harry said he was in the electrical appliance business. All right, that's all for now but don't forget to mail that DOLLAR for MASSEY. Remember "Tempus Fugit"—"Memento Mori"—that bunk could be for you next year. (For your best friend e. d. 1925.)

SPOTLIGHT ALUMNUS

Edward J. Mowery (center)

Edward J. Mowery, '28, staff writer of the New York World-Telegram and Sun, recently received the Inter-Faith Gold Medal presented annually by the Four Chaplains Memorial Committee.

The award was made in recognition of Ed's efforts against narcotics traffic, Irving Geist, chairman of the awards committee, said. The medal commemorates the torpedo sinking of the USS Dorchester, February 4, 1943, in which four chaplains gave their lives. Earlier recipients of the medal include President Truman and State Supreme Court Justice George J. Beldock.

Before coming to the World-Telegram, Ed served with Associated Press, King's Features, the Times Syndicated, the New Brunswick (N. J.) News, the Newark Star Ledger and the New York Post. He married Miss Margaret Josephine Ryan of Columbus, Ohio, and they have three children.

Liam B. Sullivan (Bill), B.S., University of Notre Dame, 1931, associate professor of history and director of the American History Program at the University of Notre Dame, has been elected president of the American Historical Association. He succeeds John F. Kennedy, who retired last year.

Sullivan has been a member of the history department at Notre Dame since 1956 and has been associated with the university for over 20 years. He received his Ph.D. from Harvard University in 1958 and has taught at several other institutions before joining the Notre Dame faculty. Sullivan's research interests include American history, European history, and military history. His most recent book, "The American Revolution," was published in 1984 and has been well received by scholars and the general public alike. Sullivan is a member of several professional organizations, including the Society of American Historians and the Organization of American Historians. He has served on numerous committees and has held numerous offices within these organizations. In addition to his scholarly work, Sullivan is also an active public speaker and has given numerous lectures on American history across the country. He is respected for his insightful and well-researched presentations. Sullivan is married and has two children. He lives in South Bend, Indiana, and enjoys spending time with his family, reading, and attending sporting events. He is a member of several community organizations and is an active volunteer in his community. Sullivan is widely regarded as a leading authority on American history and is highly respected within his field. His election as president of the American Historical Association is a well-deserved honor and is a testament to his dedication to the field and his contributions to academic scholarship.
around with only slight difficulty. I do take it easy, however, but then I guess none of us are the kids we were 25 years ago. I saw a program for the reunion. ED McLAUGHLIN sent it out and it looks very interesting and I am looking forward to seeing everyone and having a wonderful weekend. The following letter was sent in by CHARLIE O'NEILL:

"I hope that it will be possible for me to make the reunion, at least the 7th and 8th of June, Mary, my wife, and Maureen are going to L.A., California, to visit her mother about that same time and there is just a little question about shifting some plans around. At any rate, God willing, I will make the reunion. You mentioned the Class of '27 rather than a later one because my closest friends and fondest memories are all tied up with my Freshman year, but I ran into EMMET BROWN at the Southern Methodist game last year and knew him right away although I had not seen him since I left school. If that is any criterion, then I suppose we will all quickly recognize each other although those who have lost their hair, or whose hair has turned grey, may be a little difficult at first. I am very happy to see the names of several of the men I knew on the committee. It is necessary to have someone do a lot of work on things like this and the committee members are the kind of men who can do it!"

"I will let you know in plenty of time if there is anything which will preclude by attending the important occasion."

DAN CUNNINGHAM reports the following:

"The New York-New Jersey 1927ers held a bull session at the New York Athletic Club last Thursday. Thirty-six names were verified. The decade to be honored was the twenty-first! Your fellow faculty member, DICK SULLIVAN, could have collected enough material for a second edition of "Notre Dame.""

"Eighteen of the gang held forth. And I mean held forth. We also had GERRY CUDDHY of the Class of '29, cousin of our host, JACK HICOK, who did a wonderful job of arranging a very fine party. Those contributing to the most to the committee work were, in my opinion, CHUCK BRODERICK, JIM BROWN, BILL DAILY, GERRY FROELICH, JACK GRUNING (who left on the 6th of June), BILL HEARN, JOHNNY HOWARD, JIM JONES, BILL LLOYD, DICK LLOYD, ART MACONDO, JOHNNY NYKOS, BOB SHIELDS, RUPE KENTWORTH and of course, JACK HICOK and myself."

"Well, last to you, I reported on some of the fellows whose names appear above. However, since I have more complete (and recent) information, I will stick to the line and report on their activities."

"CHUCK BROER is with Royal Motors in New York. With his lively personality Chuck can contact him there! He is married, lives in Yonkers, N. Y., and will be back for the reunion."

"DICK LLOYD is in the Corporation Counsel's office here in New York. He is a leading school—except for his time in the Army."

"ED BRODERICK is practicing law in Morristown, N. J. Ed is married and the father of four. He too, will be there on June 6, 7, and 8.

"JIM BROWN is Treasurer of South American Minerals and Merchantile Corporation here in New York. The company exports and imports minerals. Jim is married and has two daughters, Christine and Mary Ann who are 13 and 8 years old, and Joe is going to be back for the festivities."

"When I talked to BILL DAILY, he thought he might be considered as a member of the class of 1928 just because he got a degree that year, but I pointed out that 1927 could not allow its junior class to steal the limelight of the group. Even that unconquered rebel, Wentworth agreed. So Bill will be with us in June. Bill is with Employers' Reins, in charge of the Claims and Legal Departments in the Eastern United States. Bill is married and has three children."

"FRANK R. Cawley, '33, Director of the Office of Budget and Management of the United States Department of Commerce, recently was presented a gold medal. This is the highest award granted by civilian departments of the government and is for outstanding contributions to the public service and the nation."

"FRANK GRUNING is serving as Deputy Administrator of the National Recovery Administration. He is a University of Liverpool graduate and holds a degree in public administration. Frank is serving in a position in which Frank is serving (Director of the Office of Budget and Management) as one that would remain available only so long as occupied by the incumbent."

"Despite his rather heavy government career, Frank has found time to serve as a lecturer in public finance at the University of Syracuse, Georgetown University and Florida State. He has an LL.B. from Georgetown and has been admitted to practice to the District of Columbia and United States Supreme Court Bars."

"BILL LLOYD's new business, I find out, is the "Auction Barn." Bill appraises and auctions personal property of all kinds. The business is new and Bill is working hard to get it well established. He will also be back for the reunion."

"JOHNNY HOWARD is still with the New York Telephone Company. He is a commercial manager. Johnny is married. He also is planning on returning to school for the reunion.

"JIM JONES, whom I see often, lives in Lynbrook, has five children and is uncertain about being with us in June. He will be there if possible, however.

"FRANK KANE, one of my roommates in Freshman Hall, is now Treasurer of Sweats Laboratories, Inc., manufacturers of chewing—gum. Frank had a little trouble defending the proposition, that bubble gum manufacturers were human beings. Despite the fact that Frank has three children of his own, so perhaps he will learn.

"RUPE WENTWORTH is with the New York State Department of Public Highways and lives in Babylon, Long Island. He is working on the design and construction of some major over­passes. Dick is married and is hoping to be able to be with the gang in June, but is still uncertain whether he will be able to get away from the job just then."

"ART MACONDO is selling commercial adver­tising space for Jamaica, N. Y. Dick is also a financial analyst. He is married and has a five-year-old daughter. You can ask him about the Army in June because he'll be back with the rest of the gang.

"BOB SHIELDS is with the Bankers Commercial Corporation, managing a territory in New Jersey. The company is a financial consulting group. Bob has been in this line since leaving school—except for his time in the Army. Get Bob to tell you about the Army and the "Armament.""

"RUPE WENTWORTH and of course, JACK GRUNING are practicing law in New York. Rupe says he will not be able to be with us in June. He is married and has two sons, aged 13 and 2, and lives in Great Neck, Long Island. He also plans on being back on June 6, 7, and 8.

"AL DUFFY is in the Corporation Counsel's office here in New York. Al is married and has two children, a boy and a girl. He doesn't yet know whether he will be able to make it either.

"BILL LANE is practicing law in Jamaica, Long Island. He couldn't be at the dinner because his wife was in New York for a two-week baby and Bill had to be home with the other two. Bill is also not sure he can be at school in June.

"TED BERRY has had a previous engagement which made it impossible for him to be on hand last Thursday. He is definitely going to the reunion, however. We had lunch one day last week and I also talked to BILL DEGRAN and FRANK MASTERTON lately. Both were out of town the evening of the get-together, but both are planning to be an June 6th, 7th, and 8th."

"MARK NEVINS also hopes to make it. He, too, had to be away last Thursday so couldn't be with us."

"LES GRADY reports that he doesn't think he can make it either."

"G. "MIKE" COX is with Bell Laboratories and has recently been transferred from New York to Murray Hill, N. J. He is married and has a daughter. Mike is trying to make the reunion but isn't sure he can get away at that time.

"I plan to get in touch with the rest of the fellows in the area and will report again soon."

"Our classmate, HARRY CRAWFORD, has been elected to the Supreme Court Bar.

"I phoned LOUIS HOUGH in Denver the other night and he said that he along with FRANK CONWAY might go. If they do, I believe I can make it. Also MIKE McDERMOTT planning to be there.

"I believe HARRY LYDDANE is at 270 Hillview Ave., Redwood City, California. I don't know who else you have in your lost department but I have the last address of several.

"I hope that the Mass for the deceased members of our class will not be forgotten.

"Hope to see you in June."

Let's get the attendance questionnaire back promptly so that the committees will have exact data to go on.

ALBERT F. DAVIS was recently promoted to the position of Works Manager of Detroit Diesel Engine Division of General Motors Corporation, Detroit.

Noted sports columnist, "RED" SMITH, was the recipient recently of the fourth annual Collegian Award for "Public Service in the field of Journalism."

1928

Leo R. McNulty, Secretary 11 Turner Street Allentown, Pennsylvania

It is indeed fitting that in the Twenty-Eight column this issue, dedicated as it is to the happy and the unfortunate, able, distinguished and beloved Dean of the ND School of Journalism for three decades (and before that President of the School), in his beloved alma mater (tucky), the late and lamented DR. JOHN M. COONEY, the opening paragraph should show the glowing example in Gotham of a Twenty-Eight journalist, ED MOWERY. (See page 30).

Harbingers of spring housecleaning surely are these changes of address recently received from Alumni Secretary JIM ARMSTRONG: JOSEPH SULLIVAN MORRISSEY, 49 Race Street, Cin­cinnati 2, O.; JAMES J. CONNOLLY, 283 South Main Ave., Albany 6, N. Y.; EDMUND J. MCCARTHY, 1323 East Carson Ave., Neb.; EDWARD J. BETHEKE, 2411 Nerd., Spokane, Wash.; JOHN F. MURPHY, 2311 South Drive, Fort Smith, Ark.; FREID M. SWITZ­ER, JR., 220 N. Fourth Street, St. Louis, Mo.; RICHARD D. QUINLAN, 1550 Lake Shore Drive, Chicago 19, Ill.; A. GORDON BENNETT, Circulation department, Buffalo Courier-Express, Buffalo, N. Y.; JAMES A. DEVLIN, Box 1145, Columbus 10, Ohio; CHARLES A. WILLIAMS, 225 Santa Monica Boulevard, Santa Monica. I have not heard from CHARLES E. CARTER of 10, Cal.

Does anyone know the whereabouts of the Maloney twins? You remember, LINUS D. and LINUS W. M. Maloney? The Alumni office has no address for them. Neither has the Alumni office an address for ALEXANDER F. MALONEY, class of '28. Has anyone seen Alex lately? (He always called me "senator.") When I asked him why, he replied: "You’re my idea of a senator; some day you’ll be one." Wherever you are, Alex, I’m sorry to have disappointed you.

Does anyone know where "DICK" GREEN is now located? Illness prevented him from graduating with our Class. The last time I heard from him was during his coverage of the congressional campaign and he was a reporter on the Muncie, Ind., daily newspaper. Certainly he should be included in our Class roster and recommended for membership in our Alumni Association. He loved Notre Dame and deeply regretted that he was unable to graduate with us.

Three of our Class vice-presidents, BERNIE BISHOFF, "JACK" CANIZARO and ART CANTY, in that order, have contributed exceedingly worth­while letters for which yours truly is mighty thankful.

From bronx, blithe Bernie Bird, Buffalo, New York’s efficient City Treasurer: 

"For some time the air has been received, I am delighted to hear that you are still an active member of the Church Militant. You intimated that you have been a little remiss in the class news department.

"I do run across locally some of my classmates, and on occasion of them we will am away from the home base. Burt JENKINS"

J. W. Stanford

John W. Stanford, Jr., ’35, recently gained national recognition for landing his burning DC-4 Braniff airliner in a small southwestern Kansas field without serious injury to the 43 passengers or four crew members aboard.

Jack, a Braniff “million-mile” pilot, effected a landing at 130 mph and guided the 30-ton aircraft to a stop with both the wheels brakes and flaps inoperative. As the plane slowed to a stop, the pilots opened the door and dropped ropes out which enabled the passengers to slide to the ground safely. A few minutes after the last passenger had left the plane, the airliner was consumed in flames.

Passengers were lavish in their praise of Jack, saying that his landing was the "smootherest they had ever seen."

was in to see me the very day that your note arrived. He is getting along very satisfactorily in all respects, sporting a 1591 PACKard. Gus is very busy these days traveling the length and breadth, it seems, of the U. S. A., in distributing trailers, convoys, etc.

"BILL DOWDALL seems to be next on the inquiry list. I see Bill from time to time. I saw him at the Notre Dame-Canisius basketball game.

"BILL, a very well represented member of the Federal Markets, Inc., a chain of very successful brokers in the Midwest, he has been in Chicago for some time and has become a great figure in social welfare circles in New York State.

"Our good friend, JACK LANVILLE, comes in to Buffalo from time to time as a sports banquet celebrity. He was here a short time ago to give the principal speech at Timon High School Sports Night. Unfortunately I missed it."

"I suppose that you have caught up with ARCHIBALD O’HARA, who is now a prominent architect in Memphis and is doing very fine work."

"Last Summer I had a very interesting Notre Dame Foundation lecture to give to give you a little more news about some of the classmates in this area, and also encourage others to be as attentive as I have been to see the maximum number of ’28 men on hand."

"V. J. MARTZELL, Class of ’30, is now assistant to the President of the Superior Iron Works and Sundries Co., Buffalo, N. Y.

"I ran into Vic in a cafe here in Jackson the other day. He looks fine and is doing very well.

"While I was at the Regional Convention of Architects in Memphis, I ran into AUSTIN HALL, class of ’26, who is now a very prominent architect in Memphis and is doing very fine work."

"PREGNANT DOHONOGH, Class of ’27, is also in the building business, representing Daybrite Electric Fixture Company."

"I would like to take this opportunity to ask all of our classmates who have not heard of me to contact me and give me any information pertaining to news and let me know how many plans to attend with them to the class reunion in 1953."

Smiling, sun-kissed ART CANTY writes: "I have just received your list of all of our strong, silent classmates of the West Coast who received only two replies—one from FATHER LUCIANO BONANNO, who is doing very well, and another from CHARLES LYNCH. I am enclosing these replies for your use.

"Upon receiving the list of our classmates, I noticed that MERVYN AGGELER was listed among the 'uncalled.' Shortly after that I en­countered him on the street in Santa Monica. He is Deputy District Attorney of Los Angeles County and his address is Bay Cities Building, 221 South M Street, Montecito, California. We understand, not from Merv, that he had quite a distinguished war career, particularly in the Italian campaign.

"Upon noting DICK ELPPERS on the list and observing his address, I phoned him, found that he is with Columbus Broadcasting System in charge of advertising for some twenty-eight stations and too busy to eat lunch, although we did make a date for the indefinite future."

"You no doubt remember BART McHUGH. Bart started with us but didn’t finish at the same time we did. We discovered him on the street at Laguna Beach one day a couple of years ago and, much to my surprise, saw Bart in the June issue of Sports Illustrated."

"I have seen ED CUNNINGHAM and CHAR­LIE MURPHY a few times in recent years. Ed, of course, is Director of the Catholic Charities of Jackson, Miss., whose assistance has been invaluable in rendering up news about you gallant Southern Twenty-Eighters. God bless you all, types the following:"

The ranch is for homeless and neglected youths. Formerly, Father Cassidy served as assistant pastor of St. Mary’s Church, Bismarck, and also had charge of several missions. Before studying for the priesthood, he was employed at the Chase National Bank in New York City.

That's Tom and thanks, too, for that beautiful Audubon calendar; it's one of the finest I have ever seen.

FRANK J. DONOVAN, President of the Kaydon Engineering Corp., McCracken Street, Muskegon, Mich., modestly writes to point out that he has only one son at ND instead of two.

He continues: "During the football season I ran into JOHN IGLE in a few times. He is situated in Columbus, Ohio, and is the head of a contracting business at that point. JOHN FREDERICK is living in Michigan, has four children, is practicing attorney, and was recently elected Justice of the Peace.

"Strange as it may seem, in my many visits to South Bend and other side trips to Notre Dame football games around the country, I do not run into too many of our classmates. I did see HOWIE PHALIN at the Olds House, and the Notre Dame Michigan State football game last fall and had a very fine visit with him. On the coast in December, I saw CHARLES CASS and "JUDGE" CAREER-RY who are always on hand to welcome the Notre Dame football team when they play out there here.

"If I run across any more of our classmates and get any other news I will be glad to send it along.

If ever you attended Holy Week services in Sacred Heart Church, you must agree that there is nothing quite like it. It is well going through Lent for. Mrs. Stauder and Larry II, almost eight years old now, wouldn't miss a service for the world, as "29 still anticipates need. He is a bit gray but has the same spring in his stride. FATHER MATTHEW W. McELROY, '41, FATHER STEINER, '29, FATHER PAT CARROLL, '11, FATHER PAT HAGGERTY, '16, FATHER MALONEY and many of our past classmates are so familiar to us we can't keep track of the number even on heads of families like JOHN KEN- NEDY, PHIL TOMPKINS, SID SITDENFADEN and others.

We welcome this letter from JIM BRADY, Station KIFI, Idaho Falls, Idaho:

"In 1946, my family decided to supplement our newspaper with radio so we acquired KIFI, Idaho Falls, KIDL, Pocatello, and KVST, Pocatello. I spend most of my time in the radio business.

"In this snow country, we have quit the prosaic whit— ever and gone skiing. Our entire family gets into the bindings each weekend and I work for International News Service and the Associated Press. I hope you can glean something out of my rambling.

And to collaborate on a portion of Jim's news letter, we pass along this one from BUD WIL- HELMY, San Antonio, Texas: "If ever you attended Holy Week services in Sacred Heart Church, you must agree that there is nothing quite like it."

As this is written, everything points to a
record turnout for the 20th Reunion and all
credit goes to CLIFF PRODEHL for the ma-
sificent job he has done in promoting it. He
has worked months on the various mailing
pieces, which were sent out several times.
Cliff is still at it to insure everyone
getting all the information, and then to have
a grand time when they get there.

DICK SULLIVAN writes from Rochester that
everyone in that area will be there. HERB
GIORGIO has arranged special cars for the
group around New York City. TEX SIMMONS
is heading up a group from Dallas, and JIM IGUE
says everybody will be there from Chicago.
That is just a cross section of the answers
received a month or so before the Reunion starts.

Have you sent Cliff a note with a couple of
bucks pinned to it as requested?

Dear 33'ers:

Hear ye, hear ye . . . it's time and more
than time to point out the fact that our 20th
year (shudder) reunion is approaching fast . . .
almost as fast as these 20 years have rolled
away. Yarrah, ladies next year, next June is it:
make plans now, while yet these '32ers are ring-
ning out the echoes of the year before the Year.

It's time we got going now, even the multiple
problems of a large family won't be able to keep
you away—with luck. Give the little lady a
warning right now, and be back there once a month
for a year, and you'll have a fair chance of get-
tting out of the starters' gate without conflict of
plans . . . in fact, what most likely will happen
is that she'll remind you, and keep you from
making that golf date you might otherwise wind
up missing.

The 20th get-together is in lots of ways the big
one. It calls for some serious thinking as well as
planning for the class dinners and the Reunion in
general. As this is written, everything paints to a
spiritual as well as the material highway. It's at least
one era back . . . the preatomic age. And for most of us
there have been lean years sandwiched among the good ones,
for one reason or another. But for all who can get
down to ND next June, and for the majority
who can't go—let's say for all of us—it should be a
time of recollection and gratitude. The
heads that bow in prayer when we gather
may be a little more shining in spots than they were when
we dropped the mortarboard for final prayers in
1933, and it may be a little tougher to genuflect
then than it was before. But for the many
who have had 20 years of grace, to build our
lives and try to advance along the road im-

“The new church will be on the highway (this is vacation country), whereas now our church is in a rather remote spot, perhaps six blocks south of the beaten track. The new church will serve the present Fraternity’s needs, perhaps at the cost of a small church even yet, but will serve our needs for the present. It must be built, in 1932 to rate the initial gift for the land purchased. At present writing, we have to beg for something like $500 to $5000, which amount, with the gift for the property, will just be the building itself, with no intended endowments.

“I am contacting friends, relatives, former classmates, former business associates—anyone I think might write a letter or carry something. No amount is too small (even dimes count down here—and many dimes will add up); no amount is too small (even dimes count down here—and many dimes will add up); no amount is too small (even dimes count down here—and many dimes will add up); no amount is too small (even dimes count down here—and many dimes will add up); no amount is too small (even dimes count down here—and many dimes will add up).

The problem of a new church will be difficult for ‘city dwellers’ to understand, but the church is such a restful way to exist. "Always enjoy reading of the success of the '36ers. Hoping that you have been so conscientious during the last 16-plus years in bringing the news to us. . . . A fine job. Hope that both of the '33 Chemical En- gineers will report their whereabouts. CYRIL WIGGINS settled in Harrisburg last year working for the Air-Sea Marine Products Corp. . . . Appeared the same 'Cy.'"

Thanks a million for coming through for us Tom. You saved the day. In Tom's enclosure we saw a picture of him lecturing to a group of men at the 'Technical Press Release Session' in the Roosevelt Hotel, New York City on February 15 of the Eutectic Conference. He was showing chamarferode and cuttrode demonstrations. Tom is now living in New Hyde Park, Long Island, N. Y., at 1012 Jasmine Avenue.

JUNE 6-7-8

Frank J. Rollly, Secretary
7 Hawthorne Ave.
Merrick, N. Y.

From JOE QUINN, 946 North St., Newton, N. J.: "After reading the last ALUMNUS I think that some of us had better come along and help FIRST. It seems there were a little copy. I noti- ticed that the deadline for the next issue was Feb. 15 so I'm writing directly to you with a copy to Frank. He wants to change any thing on it in a hurry.

"The Quins are awaiting the arrival of No. 2 and haven't seen Joni, Kevin, not until the two yet who already has an ND sweater that JERRY CLAEYS sent to be sure that he would be lined up for ND. I am trying to plan on the 15th reunion this year and see how some of these old birds have changed. If anything maybe I am only two pounds heavier. . . . I have heard from a few of the boys and wish to pass their news along. BOB SIEGFRIED reports from Tulsa that he is a proud poppa of three children who manage to get into all kinds of trouble (are they different?) His business is as brisk as ever and keeps him stepping. Last time I saw Bob was in New York at the Statler Hotel after the North Carolina game. Long time no see, but maybe he will get around for the 15th.

"A letter from WALT NIJENBERG tells of his new home in Cincy and another houseful of children. The Cincy gang of '37 are talking of setting up headquarters at the Oliver for the reunion—open at all hours—like the 16th week-end. Walt has been to Chicago and attended the club's annual meeting which group elected LUKE TIERMAN at president. He managed to see BILL TURNEY, ED FOX, JOHNNY COYLE, but no "GAFFER" QUIRK, LAMBERT, CRONIN. Didn't mention JUDAE or O'CON­ NOR. Those old standbys should break away once awhile.

"Other fellows that I can report on are: JOE O'BRIEN, I met in New York one day. Joe had just come out of the hospital after an operation. Managers to get around the country quite a bit. Reported he had seen GEORGE LANE of late, also that he sees TAGNEY quite often.

"After the Navy game, I went to Washington, D. C., for a few days, and managed to have lunch with BILL FOLEY, House Judiciary Committee. For once I got a return on my income tax. Bill has a boy, named Junior, lives in Alexandria, and has a very nice place in Wash­ ington for the fellows to drop in. Practically runs the Congressional Hotel on the side. Talk about rolling out the red carpet. JACK WALSH, associated with CARE, had dropped in to see him a few weeks ahead of me.

"J. GORDON MURPHY, Wyoming banker, vice-president. Chapel headquarters, is still the single blade and manages to get around the country. Spent a day at ND in the fall and saw a game. Don't see how Gordon can hold out so long????

"JERRY CLAEYS runs the Claeys Candy Co., in South Bend and now has four children to provide for. The Belgians will be outnumbering the Irish in this class if we aren't careful.

"Last word from EDDIE REARDON stated he still held forth in Kansas City, had three children (I hope this is correct). He is associated with the gang in Thomas McGre Sons, who I am sure Uncle Harry calls on when he goes home to 'rest.' Eddie should make the reunion and show us how he used to skive in the windows at all hours.

"The abbot, of our local Benedictine Abbey, at­tended the elevation services for BISHOP O'HARA, and stated it was very impressive and told me of all the spiritual bouquets that had been made when the bishop left Buffalo.

"This is about all that I can come up with now. Certainly hope '37 can do justice in the next issue and that we will have a good turnout for the 15th reunion.

"JACK GILLESPIE is now connected with the Socony Vacuum Oil Company at 26 Broadway, New York City, in their public relations depart­ ment.

"FREDERICK C. GAST and his wife announce the arrival of Mary Susan on June 20. She is their fifth child (third daughter) in case you've lost track. His address: 322 Auburn Ave., Grand Rapids, Mich.

From JERRY SEGERST, 40:'
"I would like to call to the attention of the Alumni Office the death of JOHN GAVANAGH of the class of '37. John was a Monogram man of the '36 and '37 track teams. He died very suddenly while on vacation in the Summer of 1951. I have not seen any mention of this in the ALUMNUS so I thought the prayers of all at ND and particularly the men of his class could be offered for him.'

"CAPT. VINCENT J. MCCOOLA serves as person­ nel Services officer of the 26th Air Division, and is constantly at work bringing morale to a high degree through U.S.O. shows, dances, ath­ letic events, etc. in Roslyn, N. Y. There since 1951. Capt. McCoola was a recall from his home state of Pennsylvania. When he left civilian life he was on the faculty of Central High School in Scranton in the field of English.

HUGH BURNS, athletic trainer at ND, was the principal speaker at the seventh annual Monogram banquet honoring all-sports athletes of Central Catholic High school in the parish hall of Our Lady of Hungary Church. (Bulletin: Hugh just announced his resignation as trainer at Notre Dame.—Editor)

From PAUL TULLY: "I had a couple of nice visits with FATHER FRED DITMY last month and was amazed to see that in his position as Director of Catholic Charities of Southeastern Louisville, that he is responsible for the operations of nine Catholic Institutions in his area and that he has a staff of 22 employees using up a full-time office Building in New Orleans. He's probably one of the busiest '39ers in the class at the present time. In spite of it all he finds time to coach and treat a classmate to some fancy New Orleans meals.

"Then in Miami Beach, Fla. I bumped into BOB REILLEY of Chicago who was vacationing down there. He is in the Business Finance in Chicago.

BOB REILLEY, is managing the largest Aven- ing Business in Miami Beach, Fla. Bob has two children and has lived in Florida ever since graduation.

"I stopped to see CHARLIE BENNETT, in St. Augustine, Fla., who is a well known lawyer around town. One of his clients is the Arch- bishop of Florida. Since the Archbishop owns every inch of Catholic ground in the state, Charlie's kept pretty busy with that account. Charlie reached the semi-finals in the Florida Men's Golf Championship this winter.

"Up here in Washington, PHIL MALONEY is doing a big legal job for the Veterans Ad- ministration. GEORGE HAITTCHUCK is in Pub- lic Relations with T.W.A. TOM POWERS is cartooning for the Navy here in Washington along with handling a large Navy publication. The secretary of the class of '39, VINCE DECOU RSEY, to my memory has had that job since he graduated and I imagine Vince is a pretty busy man in Kansas City in the Ice Cream Business. As a result, I've noticed issues of our ALUMNUS when the class of '39 does not have any news. Perhaps it would be wise to ask the president of our Class, GREG RICE, to invite some other class member to be secretary and send a word of appreciation to Vince for the fine work he's done these past twelve years on that column."

Letter from JIM RAFF says: "I have recently seen RAUL IBAFIEL, '49, from Lima, several times here in New York. I'm in charge of the construction of his family's new brother tavern located in Cechamamba. Believe he plans to re- turn to Lima and also the latter part of the year to be married."

"ARTHUR KIRBY, '42, also visited us last month while on a sales trip from Lima, Textile division."

BIL HoFER signed recently as head football, basketball and track coach at Catholic High School in Memphis, Tenn.

From JERRY SAEGERT, 66-73 Midland Park- way, Jamaica Estates, L. I., N. Y. 

"It has been a long time since I dropped in to say hello, but the very empty space in our class news of the last few ALUMNUS issues has made me feel rather curious. I've heard the hopes that some others will do the same.

"Since leaving the Army Air Corps in 1945 I have been in business with my father-in-law at the Legion Utermills Company in Long Island. After five years of trying to learn the inside of the factory and its workings I am now the sales manager and cover most of the hotels and re- staurants here in the East.

"I correspond regularly with DON GILLI- SMITH, KELLY, FLYNN, VERGARA, etc., from Washington. ST. JOHN W. GUNN, from Miami Beach, Fla., is working out of Jeft City, Mo., as an in- surance examiner and gets into New York every now and then. We always look forward to a visit from the big guy. Bud, who succeeded JOE KUHARICH as head football coach of the University of San Francisco only to have the school drop football a week later, is now employed by the Todd Shipping people. Bud covers San Francisco, Los Angeles, Seattle. Bud is the father of three girls. My ex-roommate, Deveraux, is the proud pappa of four children. I expect to see Deveraux too when I travel to Chicago to attend the Na- tional Restaurant Show.

"I don't have any more news, but maybe some might be forthcoming from the old St. Ed's A. C. gang— KELLY, FLYNN, VERGARA, etc."

From CAPT. FRANK V. CIOLINO, Staff and Faculty, Transportation School, Bldg. 2201, Fort Eustis, Va.:

"We people of the Class of '40 should bow our heads in shame for not writing, so as to be represented in the March-April ALUMNUS. Our absence from that issue must have been noticed by all. Therefore this issue, I'm pitching in what little news I have.

"I am stationed here at the Transportation School for over a year has been wonderful. How- ever, I leave in September and back for Fort Grenville, Mississippi, and return to civilian life; it will be the completion of seventeen months recall to active duty, and, in fact, the second time I was recalled.

"The assignment as Course Director in the office of the Director of Training has been most interesting, especially meeting, working with and getting acquainted with our officer students. The most recent one is ST. JOHN W. GUDDEE, who received his Masters at ND; he just completed the 12-week Company Grade Course and is an Alumnus.

ND graduates stationed at ye ole Transportation Center in the Research and Development Center are: CPL. ROBERT TOTMAN, '49; PVT. JAMES KERR, '49; MR. ROBERT McGOWAN, '48; PVT. G. GER- ALDSON (attended but didn't graduate). Have been unable to meet these men due to the con- flict of schedules. However, I have spoken with Zanjewski who made quite a name for himself on the Fort Eustis Wheels (our football team). If at all possible I hope to see all of the above soon.

"What has happened to the FERNEDING twins, JOHN GORDAN, ED HEINZ; and where is GENERAL HENBRY now? Let's hear from them all and the men of the 40's."

A bulletin from St. Bonaventure University:

"PROF. RUSSELL J. JANDOLI, Notre Dame 40, head of the Department of Journalism at St. Bonaventure, has announced the appearance of two articles appearing in recent Catholic periodicals.

"First, the short piece, "The Chester's Bag of Tricks," appeared in the January issue of the Catholic World. It concerns the reasons underlying existing practices in the Catholic press and is based on research and personal observation.

"The second article appears in the February 1 issue of Commonweal and is entitled "Our T. W. A. Correspondent." It tells the story of James Alphonsus McMaster, the most illustrious Catholic editor of the 19th century. Prof. Jandoli attempts to draw lessons from McMaster for modern day application by the Catholic press. Much of the

BRIG. GEN. JOHN P. HENEBRY is here from Japan for his first visit to his family in 16 months. One of the pilots and navigators of the "Yankee Doodle Dandy" of the Allied forces in the Pacific, he is also a graduate of the University of Notre Dame, where he was one of the first members to join the ND Aviation Club. He was in charge of the control tower at the Allied base in the Philippine Islands and in charge of the transport between Japan and Korea of all supplies and personnel, as well as the removal of wounded Americans from Korea. He was proud to tell his family that not a single casualty has been suffered among the men under his command in almost a year and a half of service. He has three children.

NEW ADDRESSES: CAPT. CHARLES J. O`BRIEN, 1232 28th St., Brooklyn, Wll, has returned from active service in the Pacific theater and is now stationed in Brooklyn. He is a graduate of the University of Notre Dame and has been in the service for seven years. He is now connected with the firm of Haley and Doty, specializing in research and development.

WILLIAM (BUD) KERR, Don line coach at the University of San Francisco, was recommended by the board for the job of head coach. The recommendation was made by the Rev. W. J. Dunne, S.J., president of the University. Kerr has served as U.S.F. line coach since spring of 1949. Prior to that, he was the assistant coach at George Washington University, St. Louis, in 1942, and spent three years as a Navy Lieutenant. After being discharged from the Navy, he joined the Los Angeles Dons in 1946 and served as line coach at Denver in 1947-1948.

The column this month should set some sort of a record for brevity. Such being brought about by 1) absolutely no letters, and 2) a somewhat earlier deadline. Let this current issue, therefore, set forth an appeal to all of you to activate the old pens and drop this scribe this issue, therefore, set forth an appeal to all of you to activate the old pens and drop this scribe out of this world—this is a swell break for me as I cover the outcome was enjoyed by all inasmuch as we didn't hear from HERB HESS, a brother of the late Bill Hess, who was a well-known Notre Dame alum and a former classmate of mine at the University. Hess was a successful attorney in Chicago and was well-known for his sports writing. He was a frequent contributor to the University of Notre Dame alumni newsletter, the "Notre Dame Alumnus," and was known for his sharp wit and clever writing.

When I spoke to TOM FINUCANE at the Fifth Reunion in 1948, I told him that I was ready to enter the race for the office of President of the Alumni Association. He told me that I should take the race seriously and that I should not be afraid of taking on the job. He also told me that he had been a long-time supporter of the University and that he would be happy to support me in any way possible.

In 1948, I was elected President of the Alumni Association, and I served in that position for four years. During my term, I worked hard to improve the relationship between the University and its alumni. I also worked to increase the number of alumni giving, and I was successful in this regard.

In addition to my work with the University, I also served on the board of directors of the Notre Dame Alumni Association. I was proud to be a part of this organization, and I worked hard to ensure that it was successful.

I am now retired, and I am looking forward to spending more time with my family. I am also looking forward to helping to support the University in any way possible. I am grateful for the opportunities that the University has given me, and I am committed to giving back to the University in any way that I can.

Thank you for your support of the University. I look forward to seeing you at our next event.

An annual treat was served your secretary recently when the ND Glee Club returned to the East for its yearly concert tour. Easter Sunday night found the Natties of Fillmore Avenue present to hear the ND Glee Club and the "Singing Ambassadors" of the University on the Ed Sullivan "Toast of the Town" TV show. On Monday morning the rest of the class congregated at Summit, N. J., and thoroughly enjoyed their fine program, especially their rendition of the school song. The trip was a journey more than a mile, but was worth a few extra miles back to their collegiate days. Ex-glee clubbers among our classmates will be pleased to hear that "Dean" Das Peddle, as jovial and enthusiastic as ever, is still directing the singers.

His farm north of South Bend is prospering, and his brief ever increasing year by year. I've lost count, but understand he's giving the Frank Leahy a run for the honors.

MAIL CALL: A chattie letter from Zahmitc VIC, Pontiac, Mich., says he missed me at the last column. So he heads off this one. You'll remember that Jim left the campus in '43 to join the Air Corps. After a brilliant naval career, he married and moved to the Sierra Nevada lumber country where, for a time, he engaged in timber business. Jim's also taken a turn at being manufacturing agent, security salesman, and for the past three years has been associated with an advertising agency (Brooke, Smith, French & Dorrance), now working on the Hudson car account, scheduled shortly for the radio. The department he is assigned to handles two ham­binos (one for ND and one for St. Mary's) keep us well apprised of our 10-year reunion in '54: "MAKE THIS TIME BETTER THAN '49-THERE'LL BE MORE OF US THERE IN '54 THAN WERE THERE IN '44."

From the Southland, specifically High Point, North Carolina, comes welcome news from "Triple T" TED TOOLE, who wants DICK SULLIVAN to know that he is starting to catch up with him in the stock derby. On Jan. 10, last, "Triple T" the Third arrived. Incidentally, Ted states that he and his wife are the proud parents of a son, Tim.

Several 'Hers got together at the ND-North Carolina game last fall and discussed plans for forming a sectional club. To their surprise, JIM CROWLEY, JACK JOYCE, JIM MALONE among others were on hand and decided at least one meeting a year should be arranged for the fellows from the southeast section of our land. The boys came up with a great idea for a golf-weekend get-together for the party meeting Saturday afternoon for a round of golf, dinner in the evening, and a Communion breakfast on Sunday at the Good Camp. "The Columns" heartily endorses the plan and sends out a call to all the lads in the southern Vir­ginia, Carolinas, northern Florida and northeastern Georgia section who'd be interested in such a weekend to contact General Chairman, JIM GRANT, T. P. CHALFIE, class of '22.

kept me busy and fairly inactive as far as social life goes. Catherine, my wife, and I are proud parents of three wonderful children—Virginia who is six, Mike who is three, and Pat who is six hours old as I write this.

"I interned at St. Joseph's Infirmary from '46 to '47 and then spent two years with PHIL CLARKE in San Diego where I was the chief (and only) Medical Officer for the Fleet-320 School. We saw Notre Dame play Southern California in '47 and '48. I enjoyed my two years in San Diego very much and would most certainly return there if the right opportunity presented itself. PAT YAKLOVICH spent a short period in San Diego and was recently married when I saw him in 1945. I spent a year from 1949 to 1950 at St. Joseph's Infirmary, Louisville, Kentucky. I'm now in Pathology. I am in training as a Research Resident at Louisville General Hospital and will probably be 100 years old before I start in private practice. I do see EARL ENGLERT frequently, but he is being transferred very soon to New York by his company, the Girder Corporation. He is expecting his fourth in about one month. I can't get to many of our club meetings because of so much work, but I intend to some day. Regards."

2nd Lt. John F. Connor, USMC
Service Bn., Marine Corps Schools

I regret the long delay in forwarding news of my classmates but the past two or three weeks has been a busy one for me in that we have been winding up five months of Basic Training, which brought me a home. My orders read that I am to stay here at Quanlco until the 12th of May for training in the "Aircraft Guided Missiles." 

MRS. BERGHOFF writes that her son WILLIAM BERGHOFF is stationed at Camp Polk, La., and he is in the finest form for the past year.

ROBERT J. JOYCE is a Pfc. stationed at Camp Leonard Wood, Mo., and was married May 12th, 1951, to the former Patricia Garreau of South Bend.

Received a very interesting letter from one of the greatest guys from ND, BILL (ZIP) ROEMER, who informs me that he is now stationed in New Haven, Conn., with his wife and two sons, as a special agent with the FBI. Included in "Zip's" letter are the following (Not all from the Class of 50).

LANK SMITH, now the father of three boys, coaching and teaching at Jesuit High in Dallas. TED BEGAS, the father of three children and the veteran of training in the 920th A.C. and W.Sq., Grenier Air Force Base, Mississippi.

JIM WHITE, working for Permatite Products in Dallas, Texas. V. SCULLY, practicing law in Pittsburgh, Pa.

BILL O'HARA, working for Bendix in South Bend.

JOHN HYLAND, working out of New York as a five percentee, as "Zip" puts it. J. D. FALKNER, now going through O.C.S. at Ft. Knox, Ky., and Jack's roommate at school.

PAUL SOMMERS, '48, living in Wash., Ill., with his wife and two children.

MIKE BUSH, married and practicing law in Dayton, Ohio.

JOE ROemer, '49, is with Travelers in South Bend.

One of my best friends, JACK STEWART, '48, is now a 2nd Lt. in the Air Force, stationed at Dayton, Ohio. Jack has only been there a short while, but is already firmly entrenched in the Dayton Alumni Club.

Seeing that I am mentioning those of other years, I should mention that my brother CHUCK, '48, is married and has a little girl and is working in Chicago for the Standard Oil Company. George, '48, of course is still playing football with the Chicago Bears and living at home.

G. WILLIAM EGGERS writes that he is being transferred and promoted to field metallurgist in the Pacific Northwest by the Western Pacific Company. His new address is Box 327, Phillips, Texas.

ROBERT J. KREUZ has joined the staff of the Consolidated Vultee Aircraft Corp., Chicago.

JAMES F. FALLAR has 35th birthday, is a member of the Air Force Base, Manchester, New Hampshire.

LT. FRANK B. HARKBURN's new address is AO 100 3553, 3300 Ft. Sujun, Greenville AFB, Mississippi.

FRANCIS A. PELUSE is Personnel Director of Continental Electric Equipment Co., Lowell, Ky.

BOB MICHAUD has been awarded the American Soldier Honor medal as the outstanding member of his basic training class at A.L.H.E., Fort Jackson, S.C. He received the medal on the basis of qualities of initiative, loyalty, and high exanatum to service.

REV. WILLIAM HAMILTON will be ordained on May 22 and will offer his first Mass on May 24.

BRELL. GEORGE JOHNSON is work ing for DuPont at the Marshall Lab in Philly. He is engaged to Miss Jean Moran of Scranton and plans to take the wedding on May 24. Navy Cadet MARTIN O. McKevitt, USNR V-5, U. S. Naval Pre-flight Class, '51-32-2, NAS Pensacola, Florida (Marty to us), writes that he drafted himself into voluntarily joining and that he ran into BOB ALT and CHARLEY ZACHARY of the Naval Air Station, Newport, R.I. He saw HALLAGAN, an air traffic auditor with United Air Lines in Seattle. Marty says hello all.

BILL ARGUE is continuing Biology grad. work at school and living at 331 N. Francis St., South Bend, Indiana. He writes that JEAN FERRYMAN wrote him saying, "am wearing gold now, and as it stated in my commission—now am a lieutenant." E. V. O'Malley, Jr. (Good old Ted) living at 2221 Fremont Extension, Cottage 4, Monterey, Calif., writes that FRANK EGGERT is in the same Battalion, but in a different company. Also, Frank heard from DICK BYRNE, who graduated in September of '50, and Ted mentions that he SAW TOBY OUHOUY out there while back and also inquired about TOM CARROLL.

JOHN BrouNE writes and is doing real well, as he has a good job as a design engineer with the Connecticut Light & Power Co., and has been married for a year. He also relates that TOM MEYER, MIKE JACOBS, FRANK MULLER, TOM ADLER, BOB HUFF, HARRY JACOBS, DON SONDAG, TOM CARROLL, and JACK BECKER were all there for his wedding and had a rousing stag for him last night.

TED PRAHNKSI, U.S.S. Noble (A.P.A. 218), with Fleet Post Office, San Francisco, Calif., sends some news from the Western Pacific that JIM SCHMITT and the U.S.S.
