Gifts Continue in 12th Annual Alumni Fund

Facility Development Program, Scholarships Receive Club Financial Aid

With a few chairmen still in the 'cleaning up' stage in their personal solicitation efforts, Notre Dame Foundation receipts have been increasingly on the upgrade. As this edition goes to press more than 5,600 alumni have contributed $278,642, while 326 non-alumni friends have given $169,642 thus far in 1954.

One of the outstanding features these past few months is the number of cities exceeding their quota by amount. Twelve are presently in this classification with others edging closer to the top each week. Mississippi, progressing under the direction of Governor William H. Miller, '30, is leading all states in percentage of quota contributors with 68%. Others over the halfway mark are: Delaware, 52%; Governor Arthur A. Baum, '36; Oklahoma, 50%; Governor William Sherry, '21; and South Carolina, 50%, Governor Thomas F. Armstrong, non-alumnus friend.

Alumni clubs have been especially generous to the University during the months of May and June. Scholarship gifts are as follows: Aurora—$1,000; Buffalo—$5,000; Kentucky—$1300; Ft. Lauderdale—$500; Cincinnati—$2,000. The Ford Motor Company Scholarship Fund gave $5,500 to Notre Dame for those students who are presently attending the University under the provisions of this plan.

The programs of Faculty Development and Distinguished Professors received financial aid from these clubs: Detroit—$1400; Chicago—$500; New York—$1,000; Toledo—$250. Unrestricted club gifts have come through the Women's Auxiliary in Buffalo, $25; the Women's Auxiliary Mobile, $25; Schenectady alumni, $400; and Washington, D.C. alumni, $100.

The program for securing corporation gifts is being advanced through the Foundation headquarters staff and city chairmen. Rev. Theodore M. Hesburgh, C.S.C., president, Rev. Paul Beichner, C.S.C., Dean of the Graduate School and Rev. Philip Moore, C.S.C., Academic Affairs vice-president are contacting learned scholars in the United States and in Europe with regard to Notre Dame's Distinguished Professors Program.

It is anticipated that gifts to the 12th Annual Alumni Fund will be a primary source of financial help to Notre Dame during the coming months, in addition to contributions from corporations and non-alumni friends.

Killian Speaks To Graduating Seniors

"The United States should stand in a jittery world as a nation characterized not by fear, hysteria or complacency, but by poise, composure and hopeful-ness," President James R. Killian, Jr., of the Massachusetts Institute of Technology stressed to graduates at the University of Notre Dame's 109th annual commencement exercises. "There is ample reason for us to move ahead with a sense of urgency without despair or apathy," Dr. Killian said.

Dr. Killian was one of six distinguished Americans who received honorary degrees at the exercises. The Rev. Theodore M. Hesburgh, C.S.C., president of Notre Dame, also conferred honorary doctorates on Bishop Allen J. Bacbock of Grand Rapids, who delivered the baccalaureate sermon; Harold S. Vance, president of The Studebaker Corporation; Samuel Eliot Morison, professor of history at Harvard University; Thomas W. Pangborn, president of The Pangborn Corporation, Hagerstown, Md.; and Justice Ernest E. L. Hamer of the Supreme Court of New York. More than one thousand Notre Dame students from forty-six states and thirteen foreign countries were awarded graduate and undergraduate degrees.

Medals and Prizes Awarded

"America cannot progress without great men and great minds growing and working in an atmosphere of freedom —freedom of inquiry, freedom from fear and freedom from improper pressure," Dr. Killian declared in the commencement address.

The commencement weekend events got under way with the traditional Last Visit of the senior class to Sacred Heart Church on the campus. This private ceremony was followed by the annual Class Day exercises in the University Drill Hall. Medals and prizes were awarded at these exercises and senior members of the Army, Navy and Air Force ROTC units received their commissions. Student speakers on the occasion were: William Guilfoile, Fond du Lac, Wis., president of the senior class; Joseph Imbriaco, Elizabeth, N. J., valedictorian; and Thomas Field, Wilmington, Del., class orator and retiring president of the Student Senate.
Record Attendance At Presidents’ Conference

Eighty-seven representatives from local alumni clubs attended the Club Presidents’ Conference held on campus, June 10-11. Members of the Alumni Board of Directors also participated in the meeting. The group listened to the Rev. Theodore M. Hesburgh, C.S.C., discuss the importance of club programs with regard to the University; heard panel sessions involving major activities in the annual program which included Universal Notre Dame Night, Universal Communion Sunday, club membership, athletics, undergraduate relations, associate members and the women’s auxiliary.

The Rev. John J. Cavanaugh, C.S.C., director of the Notre Dame Foundation, led the discussion on club participation in the Foundation program. Alumni secretary James E. Armstrong explained the Club Manual as a means of assisting the presidents in planning annual programs. Other features on the agenda included publicity, exhibits of direct mail pieces and a presentation by Joe Boland of the Irish Network.

The following presidents returned for the conference:

All Classes Report Successful Reunion

It was the biggest, and undoubtedly the best, Class Reunion Weekend that has ever been held on the Notre Dame campus. From Friday afternoon through Sunday morning, 1,000 old grads dating from the Class of 1949 on back renewed friendships and observed the great physical expansion which has occurred at the University during the past 5—15—25 years. More than one-half of Notre Dame’s 55 buildings have been erected since the men of ’29 received their degrees a short 25 years ago.

There was a representative turnout for all classes and especially those in the ’04, ’29, ’44 and ’49 groups. Attendance records were established for the fifty-year men, Class of 1904, and for the 5-year-out alumni, the Class of 1949.

Father Theodore M. Hesburgh, C.S.C., president, and Alumni Association President James G. McGoldrick, of New York City, were featured speakers at the Alumni Banquet on Saturday night. The Class of 1929 ‘imported’ a band from downtown South Bend and staged a colorful parade from Lyons Arch to the Dining Hall.

All classes held their traditional Friday night dinners on campus. ’04, ’09, ’14 and ’19 were served in the Morris Inn dining room; ’24 met in the O’Shaughnessy cafeteria; ’29 utilized the private room at Morris Inn; ’34 ate in the East Dining Hall; ’39 assembled at the Rockne Memorial; ’44 men were in the Walsh Hall rec room; and ’49 held its affair in Vetville Rec Hall.

Memorial Masses in honor of deceased classmates were observed on Saturday morning in the various hall chapels. Father Holderith conducted the all-day golf tourney on Saturday. Box lunches were served at noon to each class reunion hall and liquid refreshments were included for the weekend in the general registration fee of $20.

The Notre Dame Law Alumni Association welcomed members to the traditional cocktail party prior to the Alumni Banquet on Saturday night. Progress Forums in the four colleges, campus tours and movies in Washington Hall, were on the agenda Saturday afternoon.

The weekend officially terminated with a Mass in Sacred Heart Church for all reunion classes on Sunday morning. The sermon was given by Father Joseph Barry, C.S.C., ’29.

The Class of 1929 came early and stayed late—and enjoyed a wonderful week-end which featured a luncheon with Father Hesburgh and a class dinner on Friday evening.

Father Hesburgh speaks to members of reunion classes at Alumni Banquet. Very Rev. Christopher O'Toole, C.S.C., Superior General of the Congregation of Holy Cross and a member of the '29 class, is on Fr. Hesburgh's left.

The Class of 1934 had a special class dinner on Friday night. Local co-chairmen Cahill and Krause must have overslept for the picture.
The boys of 1924, with Father Tom Kelly as local chairman, had an active reunion week-end.

The Class of 1939 had a much larger turnout for reunion week-end than indicated in this photo. Chuck Reddy was elected class president.
"All the alumni get is the constant appeal to give."

I’ve heard this. And sometimes, because opportunities are so great, and because your help is so vital, I think maybe it is a valid statement. But we don’t want it to be like that, and I am sure it isn’t. I have just read a talk given at an educational conference on "Ten Responsibilities of an Institution to Its Alumni." I have measured Notre Dame by this yardstick, and you should be aware, and proud, of the result:

I. To Insure A Vigorous, Productive Alumni Program. If you look in any issue of our ALUMNUS, and at the report of the FOUNDATION, you will know that our Clubs, our Classes, and our Fund are all vigorous and productive, not only for Notre Dame, but for you as alumni, in Club or Class, and as individuals. The University has worked closely with your Alumni Board to insure this. The family of Lt. Robert G. Herlihy, ’52; USMCR, recently was presented the Silver Star Medal posthumously awarded to Lt. Herlihy who was killed in action in Korea on July 26, 1953. (L. to R.): Major R. W. Killoran, USMCR; John E. Herlihy, Jr., ’47, brother; Mrs. Herlihy and Dr. Herlihy, parents.

II. To Guarantee A Firm Financial Base for the Alumni Program. When the Alumni Fund replaced the old system of alumni dues in 1941-42, the University assured your Board of Directors that the first charge against alumni contributions would give adequate budget provision for a sound, progressive Association program. That has been our experience in the subsequent years.

III. To Maintain the Independence of the Alumni Association. In spite of the integration of the Alumni Office, and budget, the University has recognized the Alumni Association program as a proper and sole responsibility of your own elected Directors. That your Directors recognize the need for integration, and that the program cost is a part of the University budget, has, not over the years, affected the fundamental independence of the alumni organization.

IV. To Provide Avenues of Communication Between Alumni and the University. The ALUMNUS magazine has been supplemented, for all alumni, by the magazine NOTRE DAME. In addition, administration, faculty and staff visit Alumni Clubs on many occasions, and Class Reunions bring hundreds of alumni annually to the campus.

V. To Recognize That Alumni Have Come of Age. In the 1954-55 University Bulletin there are 25 religious and lay officers of administration listed in the executive, academic, student, plant, and development categories. Of these officers, 23 are alumni. So that the recognition of alumni maturity begins at home. It extends to the many areas in which the University points to alumni as Trustees, as Council members, as its official representatives in a diversity of fields.

VI. Willingness To Put Alumni To Work. In the above areas, and in the programs of the Foundation, the Local Clubs, and in all phases of Notre Dame life, on and off the campus, this has been a recognition by the University that needs no elaboration for Notre Dame men, or for their families who have shared their time and efforts with the University.

VII. To Provide A Satisfying Student Experience. This involves the development of undergraduate relations, so that the student is formed as a good future alumnus between his matriculation and his graduation. The University and student leaders are working on this. Your Alumni Office is working with the student leaders; we have worked with the sons of alumni on the campus; we have met with and played host to the Seniors on occasion; and to the officers of all the Classes; we have worked with the freshman orientation program. This is an area of recent, but encouraging development.

VIII. To Provide Continuing Education For Alumni. In the scattered nature of our alumni population, this has not yet been practicable to any great extent. But by ALUMNUS articles, by reading lists, by visiting faculty members, by programs for alumni meetings on the campus, we have begun to enter this relationship more seriously. A new proposal for a network of Discussion Clubs, led by
The Class of 1944 was unusually active for being out ten whole years.

alumni, dealing with Great Issues, is being studied by your Alumni Board and the University, and can prove to be the bridge in this relatively pioneering channel. The Association has recognized the principle of this responsibility, as has the University, for many years.

IX. To Enlist Alumni As Spearheads In Securing Public Understanding and Support. The staffing, almost in its entirety, of the Foundation program by alumni, as Governors, Chairmen, and Committeemen, and the public relations programs channelled through the Local Clubs, is adequate evidence of the University's happy discharge of this responsibility.

X. To Uphold Its Own Standards And Make Maximum Use of Its Resources To Move Constantly Ahead. If any alumnus has read his magazines, or has visited the campus, or knows from Deans and professors of the great developments in Arts and Letters, in Science, in Engineering, in Commerce, and in Law, he cannot fail to realize how far beyond the call of duty and the "quid pro quo" Notre Dame has gone in raising its standards, moving ahead, and enhancing thereby the degree of every alumnus of every Department.

* * *

You have been wonderful alumni. No college or university I know of—and I study the field carefully—has a more far-flung, active, dependable and responsive alumni. Our Annual Fund participation by alumni is twice the national average.

There is admittedly much room for improvement in every phase, on our alumni side.

And Notre Dame also recognizes much room for improvement in all the above channels of responsibility.

But I wanted you to know that in 8 of the 10 Responsibilities, Notre Dame has far more than a creditable showing. In the 9th,—adult education—the success will rest on your response, and in the 10th,—a satisfying student experience—progress is most gratifying.

—Jim Armstrong.

The Class of 1949 seem to be enjoying life on reunion week-end.
Fr. Hesburgh Appointed to Science Board

The Rev. Theodore M. Hesburgh, C.S.C., has been confirmed by the U. S. Senate as a member of the National Science Board. President Eisenhower had nominated Father Hesburgh for a six-year term expiring in May, 1960.

The National Science Board was established in 1950 to promote the progress of science, advance the national health, prosperity and welfare, and secure the national defense. It is composed of twenty-four members, appointed by the President with the approval of the Senate, from the fields of the basic sciences, medical science, engineering, agriculture, education and public affairs.

Award Meehan Scholarships

Four-year scholarships to Notre Dame beginning in September have been awarded to four students from southern states. The Meehan scholarships, founded in 1936 by the late Augustus F. Meehan of Chattanooga, provide an annual stipend of $750 for four years. The grant is renewed automatically each year provided the recipient maintains an academic average of 85% or better.

N. D. On Sorbonne Program

Two representatives of the University of Notre Dame had prominent roles in the American celebration of the 700th anniversary of the founding of the College of Sorbonne recently in New York City. They were the Rev. Philip S. Moore, C.S.C., vice-president in charge of academic affairs at Notre Dame, and the Rev. A. L. Gabriel, director of the University's Mediaeval Institute.

Labor Leader Donates Personal Papers

The personal papers of a 93-year-old labor leader, recording a half-century of the history of the American labor movement, were presented to the University of Notre Dame. Frank Duffy, vice-president of the American Federation of Labor from 1913 to 1948 and secretary of the International Brotherhood of Carpenters and Joiners for 48 years, gave the material to the Rev. James E. Norton, C.S.C., vice-president in charge of student affairs at the University.

Sullivan Named Asst. Dean, MSU

Professor Robert E. Sullivan, '40, of the Notre Dame College of Law has been named assistant dean of the law school at Montana State University at Missoula. His appointment, effective August 1st, was announced by Dr. Carl McFarland, president of the Montana institution. Sullivan, a Notre Dame alumnus, joined the faculty of his alma mater in 1947. A specialist in oil and gas law, he is the author of Handbook on Oil and Gas Law soon to be published by Prentice-Hall. He has served as executive secretary of the Notre Dame Law Association since 1948.
Law Scholarships

Two new scholarships valued in excess of $1800 each have been established in the Notre Dame College of Law, according to an announcement by the Rev. Theodore M. Hesburgh, C.S.C., university president. Father Hesburgh has designated that they be known as the John J. Cavanaugh Law Scholarships in honor of his predecessor, the Rev. John J. Cavanaugh, C.S.C., who served as president of Notre Dame from 1946 to 1952.

Freshmen Survey

Nearly 65 percent of the fathers of Notre Dame's freshman class who are gainfully employed are professional men or proprietors, managers or officials of a business enterprise, according to recent research directed by Dr. John F. X. Ryan of the University's education department. The same occupational classifications represented only 16.5 percent of the employed males in the 1940 census, Ryan said.

Dr. Busch Gives Painting

_Massacre of the Innocents_, a painting by Jan Brueghel the Elder, a noted 17th century Dutch artist, has been donated to the University of Notre Dame galleries. The painting is the gift of Dr. M. L. Busch, head of the Mission Hospital at Huntington Park, Calif. It is the sixth painting that Doctor Busch has given to the Notre Dame galleries in recent years.

Fr. Ill Celebrates 60th

The Rev. Bernard J. Ill, C.S.C., celebrated his 60th anniversary as a priest on April 29. Father Ill was ordained in 1894 by Bishop Rademacher. He taught at Notre Dame, at St. Edward’s University, Austin, Texas, and at the University of Portland, Ore. He was president of St. Joseph’s College in Cincinnati for seven years.

Kent Fellowship

James J. Cannon, Jr., a 1954 Notre Dame graduate from Glen Rock, N. J., has been awarded a Kent Fellowship by The National Council On Religion in Higher Education. According to the Council, fellowships have been granted to seventeen American students “who are committed to a religious approach to life and who look forward to professional service as teachers or administrators in higher education.”

Fr. Lauck Receives Prize

The Rev. Anthony Lauck, C.S.C., has been awarded the Leonard Cantor Memorial Prize for Sculpture in the 47th annual Indiana Artists Exhibition at the John Herron Art Institute, Indianapolis. Father Lauck, who is a native of Indianapolis, is a member of the fine arts faculty at the University of Notre Dame. His prize-winning terra cotta sculpture, “The Visitation,” portrays the visit of the Virgin Mary to Saint Elizabeth.

Wiener Lectures at N. D.

Paul Lester Wiener, internationally known architect and city planner of New York City, recently gave an illustrated lecture on city planning in Nieuwland Science Hall.

Reyniers Gets Pasteur Award

The Society of Illinois Bacteriologists named Prof. James A. Reyniers of the University of Notre Dame as the recipient of its Pasteur Award for 1954. Reyniers, who is founder and director of Notre Dame's LOBUND Institute, was selected “for his pioneering work in germ-free research,” according to Dr. J. C. McCaffrey, award committee chairman.

Chemistry Profs Present Papers

Six University of Notre Dame chemistry professors presented papers at the 125th national meeting of the American Chemical Society. They were Dr. Milton Burton, Brother Columba Curran, C.S.C., Dr. William H. Hamill, Dr. Patrick McCusker, Dr. James Quagliano and Dr. Russell R. Williams.

Four Students Awarded Fellowships

Four University of Notre Dame students have been awarded National Science Foundation fellowships for graduate study during 1954-55, according to the Rev. Paul E. Beichner, C.S.C., Dean of the Graduate School. Eleven other Notre Dame students were accorded honorable mention in the nationwide competition, Father Beichner said.
Fred B. Snitc, Jr., '33, was recently initiated into the first degree Knights of Columbus at Miami Beach, Fla. (L. to R.): William J. Magill, Grand Knight of Miami Beach Council; Snitc; and Charles J. Hartley, District Deputy, Southeast Florida, K. of C.

Beware of magazine salesmen who imply that they are being sponsored by the University or an Alumni Club. A solicitor in the Chicago area recently posed as a Notre Dame student. The University does not sanction in any way its name by any solicitor nor does it permit students to solicit magazines using the Notre Dame name.

75th Anniversary Of Main Bldg. Fire

By James E. Murphy

Seventy-five years ago the University of Notre Dame was all but destroyed by fire. Fortunately there were no casualties—the fire started at eleven in the morning—but the flames razed four structures, including the Main Building whose magnificent Golden Dome plunged into the smouldering debris. The fire of 1879 brought to Notre Dame the greatest crisis it has experienced before or since.

Within a few hours, the disastrous blaze had wiped out the result of thirty-seven years' work by Father Edward Sorin, C.S.C., founder of Notre Dame, and the other Holy Cross priests and Brothers, and laymen who had built a university in the northern Indiana wilderness. Only one-fifth of the $200,000 loss, staggering in those days, was covered by insurance. Father William Corby, C.S.C., then president of the University, decided that the students should be sent home, but he promised that they would find a bigger and better Notre Dame when they returned in September.

Father Sorin had left the campus a few days before the fire for a trip to his native France. The 65-year-old priest had travelled as far as Montreal when he received word of the tragedy that had come to his beloved Notre Dame. Returning immediately to the campus, the aging priest surveyed the still smouldering ruins and then summoned his fellow religious and faculty members to Sacred Heart Church, one of the few campus buildings which escaped the flames.

A man of lesser courage and trust in God might have broken in the crisis. But in a spirit to be manifested again and again in later years by Notre Dame men, Father Sorin declared: "If it were all gone, I should not give up!"

"This fire has been my fault," Father Sorin told his colleagues. "I came here with the vision of a great university and named it after the Mother of God. Then, I built a great building, so I thought. But she had to burn it to the ground to show me that my vision was too narrow. Tomorrow, when the bricks are cooled, we will clean them and be-

Old Timers' Dinner Sponsored
By New York City Alumni Club

The New York Club sponsored another "first" among alumni activities with an Old Timers' Dinner for the men in the area who had been out of Notre Dame for thirty years or more. Rev. John J. Cavanaugh, C.S.C., director of the Notre Dame Foundation, was the principal speaker, while arrangements for the affair were handled by a committee headed by the Hon. Frank C. Walker, '09, chairman, and Leo J. Rasche, '96, Edgar Kobak, '16, and Charles M. Reagan, '17.

Edward T. Tighe, '24, served as toastmaster. Father Cavanaugh turned the meeting into an interesting roundtable question-and-answer discussion of Notre Dame and its development during the past three decades. J. P. McEvoy, '14, well-known writer, told his amusing story of how he worked his way through the University.

There were thirty-seven men present including "Zip" Lathrop, '16, who played tackle in the first Notre Dame-Army game. Senior members at the dinner were Leo Rasche, '96, Edgar Kobak, '16, and Henry Brown, '02. The hosts for the meeting were three young alumni members of the club who liked the idea so much that they asked to be permitted to give the dinner anonymously.

NEW YORK CITY—Attending the Old Timers' dinner in New York were, (L. to R.): Edward M. McLaughlin, J. P. McEvo, Club President James Clynes, Father John J. Cavanaugh, Ed Tighe and Leo Rasche.

Ten Priests Ordained
In Sacred Heart Church

Ten young men were ordained as priests of the Congregation of Holy Cross at the University of Notre Dame recently. The Most Rev. Leo A. Pursey, Auxiliary Bishop of Fort Wayne, officiated at the ceremony in Sacred Heart Church on the campus.

Celebrate First Mass in Home Parish

The newly ordained priests celebrated their first Solemn Masses in their home parishes on Sunday, June 13th. Shortly thereafter, they will be assigned to one of the activities of the Holy Cross Fathers.

Four members of the ordination class served in World War II before beginning their studies for the priesthood. All of them received their college education at Notre Dame and their theological training at Holy Cross College, Washington, D. C.

Father Keller, who for a number of years headed the Bureau of Economic Research at the University of Notre Dame, has compiled in a small, attractive book, published by Arthur Conrad's ('35) Heritage Foundation, the interpretation of the Social Encyclicals as they may be applied to conditions, especially capital and labor and management, in the United States.

His Excellency, Most Rev. John F. O'Hara, G.S.C., D.D. ('11), Archbishop of Philadelphia, makes the im-

portant point for alumni to consider, in his introduction to the book: "... Father Keller in his application of social doctrine of the Church to the United States gives his personal interpretations of the social doctrines. He does, however, raise many logical doubts concerning the interpretation of some Catholic social scientists, who seem to approve the 'modern superstition' and who in their own personal interpretation of encyclical teaching make 'co-management' the heart of the Church's social doctrine.

"It is our hope that such a frank discussion of the social problem as Father Keller's will stimulate serious study of the very difficult problem of the correct interpretation of encyclical teaching and its application to the United States."
MAIN BUILDING FIRE

(Continued from page 11)

gin again. But this time, we will build a really large building, and when it is finished, we will place a magnificent Golden Dome above it to show to all the glory of Notre Dame, the Mother of God, who has inspired my life's work."

The next day found Father Sorin, among the other religious, pushing a wheelbarrow and going about the task of building a greater Notre Dame. Ground was broken for the new Administration Building on May 17th. By the Fourth of July, at a pace of construction difficult to match even today, three stories of the structure had been completed. When 324 students returned to the campus in September, they marveled at the new building, the major portion of it completed and substantially the same as it is today.

Notre Dame has been building and growing ever since. The Administration Building, still at the heart of the University, is now surrounded by over fifty buildings, more than half of them built since 1930. The student body numbering a little over three-hundred in 1879, now stands at 5,400, the largest in Notre Dame's 112-year history. The University has experienced a number of crises in its century of existence and doubtless others will come in the future, but none is likely to match the fire of 1879.

Holy Cross Brothers Plan School in Dacca

Into the Dacca of 1951 with its increased population and its infant industry and city-planning, it was with an eye to the future that the Brothers of Holy Cross, encouraged by Archbishop Graner, C.S.C., envisaged a center for the training of young men for industry. Ever since there has been planning and a searching for property. This past February land was purchased for this project and the work actually begun. There have been shipments of machinery and tools until now there is sufficient for a beginning. These tools and the machinery were forthcoming from many of Notre Dame's alumni and we wish publicly to acknowledge these gifts and donations. We wanted to show them some evidence of their benefactions before this, but things in the East are things in the East, and as I wrote to one of the alumni, "We don't have the overnight service between Chicago and South Bend," over here.

With this then, Mr. Armstrong, let me thank you again for your assistance and suggestions given while I was in the States, and through you we thank all the alumni of Notre Dame and the friends who have in any way assisted us in this project. Archbishop Graner is almost as much pleased when he learns of gifts and donations that we receive as we are in receiving them—almost.

Three Paintings Given To Notre Dame Gallery

Three paintings have been presented to Notre Dame by two Chicago art collectors.

Lewis J. Ruskin, president of the Ford Hopkins Company, is the donor of Cincinnatus Offering His Baton to a Farmer, a painting by Giovanni Battista Tiepolo, the last of the great artists of the Venetian school. Richard W. Hoffman, radio executive and former U. S. Representative, has presented two German primitives by Jakob Schick to the University.

Fr. Cunningham Speaks At Meeting in Havana

The Rev. William F. Cunningham, C.S.C., professor of education at the University of Notre Dame, addressed the triennial convention of the Catholic Inter-American Educational Confederation at Havana, Cuba, recently. Father Cunningham discussed "Regional Accreditation of Colleges and Universities in the United States." Approximately five hundred educators from countries throughout the Americas attended the sessions at the Colegio Belen in Havana.

During his stay in Havana, Father Cunningham was present at a dinner-meeting of Notre Dame alumni in the area. Before returning to the Notre Dame campus Father Cunningham went to Cincinnati for the executive committee meeting of the college and university department of the National Catholic Educational Association. A veteran member of the Notre Dame faculty, Father Cunningham is the author of the new book, General Education and the Liberal College.

Father Cunningham has travelled widely throughout Latin America and for many years has served as coordinator of Inter-American groups at Notre Dame. He was accompanied to the Havana convention by the Rev. John E. Walsh, C.S.C., who joined the Notre Dame faculty this Fall after receiving his doctorate in education at Yale.

Central Illinois

The new officers of the Central Illinois Club are: MICHAEL J. BESSO, president; EDWARD OLEMAN, vice-president; EDWARD MAHONEY, secretary; and ROBERT KELLEY, treasurer.
Central New York

Universal Notre Dame Night, traditionally a "big event" here in Syracuse, easily won honors as the outstanding affair of the year. We celebrated with a dinner dance, preceded by a cocktail hour and highlighted by an address by Dean LAWRENCE BALDINGER, head of the College of Science at Notre Dame. Over eighty people, alumni members of the Central New York club and friends, ate roast turkey; listened with enthusiasm to Dean Baldinger's comments on news, progress and needs of Notre Dame; danced until midnight in the North Room of the Yates Hotel in downtown Syracuse.

The dance made history in that it promises to become an annual affair and many thanks go to the hardworking committee: Dr. TOM SYDNEY, PHIL KELLEY, Mrs. ED KENEFAKE and Mrs. DAN KELLEY.

At long last the men in the Central New York club have come to realize the importance of the "woman's touch"—even in New York affairs. They've had to acknowledge that many of their wives, without even trodding the campus, have caught that indefinable "spirit of Notre Dame" that the feminine touch is not a bad thing at all when it comes to planning parties, organizing outings or promoting projects.

Bearing this in mind, recently the men encouraged the formation of a ladies' auxiliary (not yet named) and even underwrote the first luncheon meeting held at Schrafft's last February. The luncheon was attended by twenty-five wives, all very devoted to Notre Dame and determined to boost its stock even higher in these parts. At that meeting they elected the following officers: MRS. ED KENEFAKE, president; MRS. WILLIAM GREENE, treasurer; and MRS. JOHN TERRY, secretary.

The ladies' auxiliary plans to hold monthly meetings with a mixed Communion breakfast and picnic on the agenda. Their Notre Dame "philanthropy" (when fund-raising projects get under way) will be assistance in furnishing one of the many chapels on campus. At their second luncheon meeting each member brought an article of clothing to be sent to a Notre Dame missionary priest in Texas. The tremendous success of this recent dinner dance was due largely to the work of the auxiliary. Once it gets started, there's no telling what's in store for the Central New York club!

Milwaukee

Our annual observance of Universal Notre Dame Night was a success. We had 125 in attendance, which included alumni, fathers of alumni, and fathers of some of the undergraduate students, as well as some distinguished guests who are friends of Notre Dame. Our affair was held at the Milwaukee Athletic Club and TOM KELLY of the class of 1918 acted as our master of ceremonies.

We were very fortunate to have FATHER TOM "HAND BALL" BRENNA as our main speaker. He gave a very inspiring talk and injected a great deal of spirit into the occasion. TERRY BRENNA was the recipient of the "Notre Dame Man of the Year" award and same was accepted by his brother, JIMMY BRENNA. Our Club Chaplain, FATHER RAGE, made the presentation. Jimmy in accepting the award in behalf of Terry, made the classic remark that Terry had advised him he had been head coach at Notre Dame for exactly six weeks and still was undefeated. We received a very pleasant surprise by having as a guest Pat O'Brien who happened to be in town on behalf of the Cancer Fund Drive. Pat spoke to our gathering for half an hour, during which time he gave his famous imitation of Rockne's talk to the boys between halves. We certainly appreciated Pat's presence at our gathering and he contributed much to its success.

Our club has re-elected the present officers (yours truly, RAY DUNCAN and JIM BRENNA) for the coming year. We are in the process of reactivating the club and we are stressing continuity in our club program. This affair was an encouraging start and we are looking forward to a very successful club year.

Tulsa

The Notre Dame Club of Tulsa enjoyed a picnic for members, wives, and guests on Wednesday evening, June 23, at the Tulsa Country Club, under the chairmanship of JOSEPH P. MORAN, '30. This is an annual affair which is always well attended and enjoyed by everyone.

Plans are underway to run a special train from Tulsa to Dallas on December 4 for the SMU-ND football game. The special train to a Notre Dame football game of local interest has, for the last five years, been the club’s “Big Event.” The profit derived from these trips go to the scholarship fund to send local students to the University of Notre Dame. Chairman of the train committee this year is JOHN G. MADDEN, '48.

Joseph Jansen, M.S.C., superior, offered the Mass. The Alumni Office was particularly pleased with the good attendance in all Classes holding Reunions. The local committees cooperated very effectively. But with the Reunion approaching capacity in all the facilities, and being operated on a low, if not below, cost figure, we need more accurate commitments on attendance in the years ahead. Bit by bit, by means of a letter here and an inquiry there, the tangled mat of missing names, missing addresses and misinformation of classmates is being unravelled by your Secretary in his spare moments. The hardest part of the job, as former secretary PAUL CASTNER has already testified, is to get addresses on our list to answer their mail.

If these Class notes should come to the attention of any man of '23 who has not received or has not answered my letters or questionnaires, may I urge you to get your mail. If the hardy remnants of the '23 Class are to be reassembled in 1958, we need an up-to-date intelligence division.

Other columns of the Alumnus no doubt are carrying an adequate obituary of the latest '23 man to leave this world—FRANK THOMAS—so we note here only that this makes four deaths in three months. The ranks will thin out faster from now on. Hold on to the old friends you have. Tomorrow may be too late.

Memo: If the young Lauerman who cashed a check in South Bend not long ago is the son of HENRY LAUERMAN of Meamme, our office would like to know more about it from his father (or uncle?) who has not answered his '23 questionnaire. (The check was good.)

News Item: Letter-writing JACK NORTON has not written lately. Questionnaire-answering E. MERLIN ROLWING, long accustomed to filling insurance forms, answered in exact detail. I now have everything but his fingerprints. Merlin reported social visits to CORNIE PFEIFFER and BEN RUSSELL in Louisville, and with REYNOLDS MEDART in St. Louis.

FREDERICK A. STEELE, Prof. Froening's chemistry protege, writes from his home at 744 E. Letters from classmates are welcome. Fred worked until his retirement for the Scotch Tape people in Minneapolis. Write to him.

The death of STEPHEN WÖNZNIK came as a shock since we all enjoyed being with him a year ago at the reunion of the Class of '28 in Detroit. He died on April 16 after a long illness. Steve practiced law in Akron and was President of the Akron Notre Dame Club and the Polish-American Citizens' Club at the time of his death. He studied in 1931 at the University of Jagiellonian in Krakow, Poland. On his return from Europe, Steve was named assistant county prosecuting attorney and later he was promoted to first assistant prosecutor. Steve and his brother, Joe, formed a law partnership and were active in Democratic party politics. He is survived by his wife, Mary; four daughters, Mary Jean, student at St. Joseph College, Cincinnati; Marilyn, student at Saint Mary's College, Detroit; Dorothy and Ellen who are in high school in Akron. A Mass was said for Steve, at the request of the Class of '28, by FATHER MARK FITZ-GERALD, C.S.C., at Notre Dame. Although we had four classmates die since our reunion, TOM GRIFFIN, GEORGE O'BRIEN, HERB SCHULZ and BILL DONWEY, Steve is the first one of the class who attended the reunion to die.

BILL CROSN is now a public relations consultant with Coates and McCormick, Inc., 222 Madison Avenue in New York. You will recall the outstanding job Bill did last year as chairman of the committee which broke all records on silver anniversary reunion class gifts. Bill has been with the Comerford Theatres in New York for a number of years since he left Washington where he served as Administrative Assistant to the Postmaster General. Bill has five children ranging in age from 5 to 22. His oldest son, Vaughn, was graduated from the Naval Academy this year.

I am indebted to LARRY CULLINEY for a number of helpful reports concerning the Class of '28. Larry announced that Superior Court Judge JOHN T. CULLINAN removed himself as a possible Democratic candidate for Superior Court. Larry reported that Judge Cullinan had been prominently mentioned as a possible candidate.

JIM MAHON has resigned from Phillips Petroleum Company in St. Louis to return to his home town of Peoria where he is Vice-President and Treasurer of Cunninghams & Emmers, 424 South Downer, Chicago, manufacturer of auto parts and supplies. Joe has three children, ages 10 to 14. I hope to see Joe more often now that he is back in Illinois.

We enjoyed a '28 get-together at the home of JIM ALLEN in April which included BILL MURPHY, BILL PAPERT, RAY KORZON, BILL KEARNEY, HOWIE PHALIN, RAY MULLIGAN, ED MECKOWN and FRANK CREADON. A showing of the 1958 Reunion film by FRANK CREADON was very much appreciated. The talented scouts may be interested in knowing that several of the Class of '28 are to the credit of the Kreitmier, Tom LAVELLE and FRANK QUINN. We also had a showing of the film at Frank Creadon's home for LOU NORMAN and his wife while Lou was in Chicago arranging for the "G.M. Monstrum of 1954." Lou invited us to a preview of the film.

Since I teach a graduate class at Loyola University two nights a week, I was unable to join the '28 men attending the Universal N.D. Night party in Chicago. A number of us participated in the famous Valentine reunion mailing, reported that the following '28 men were present: ED KENNON, BILL MECKOWN, HOWIE PHALIN, FRANK CREADON, BILL KEARNEY, ED BRENNAN, BERNIE KORZON, DAVE SMITH, HOWIE PHALIN, RAY MULLIGAN, JUDGE JOHN LYONS and BILL DOWNEY.

TOM MAHON of St. Paul was recently elected state deputy of the Minnesota Knights of Columbus. Tom, who was financial secretary of the N.D. chapter of the K. of C. in 1927, has been active in that work for a number of years in St. Paul, serving as District Deputy in recent years. Tom has two boys and is special agent for the Northwestern Mutual Life Insurance Company. I HAYES MURPHY on a recent visit to Moline where he practices law. Hayes has served as Assistant State Attorney and Assistant Attorney General of the State of Illinois. He has three children varying in age from 8 to 18. His oldest son is a freshman at Notre Dame. I also had the opportunity to meet and see AL GURY in Peoria where he operates a tent and awning company and has an agency for Miller's beer. Al has one child, three years old. Al regretted his inability to attend the reunion last year but promises to be on hand in 1958.

GUS JENKINS reports that the talk given at the Buffalo Universal Notre Dame night party by WILLIAM LAWLESS was based entirely on the report of the survey of the Class of 1928 issued by us last year. Gus said that he, FRANK CONNORS and MARTY RYAN sat together at the affair and enjoyed the many references to the Notre Dame Class of 1928. Gus, who covers considerable territory as Vice-President of sales for the Dunn Welding Co., Inc., passed along several items of news. ART SLAVIN has moved from Milwaukee to 223 Main Street, Elbridge, New York, where he is in the nursery business. DICK GREENE won a free trip from Syracuse to the Penn game for himself and his wife. Gus met FRANK DONOVAN at the Marquette basketball game last winter and accidentally met ALLAN JOHNSON of Niles when they were both stopping at the same hotel in Detroit. Allan travels for the Platt Luggage Company. He has two daughters, one of whom is at Michigan State College. Gus has four children. His oldest daughter is married and a mathematician at the Cornell Aeronautical Laboratories in Buffalo. His son, age 20, is now in the Third Marine Division in Japan. Another son expects to enter civil engineering at Notre Dame in September. You will remember that Gus and his wife brought Mrs. John McMahon and her two sons to the reunion so the boys could serve the Mass for deceased '28 men.

JIM CONNEY has moved from Albany, New York, to Rochester where he lives at 335 Cobbs Hill Drive. He is with the Tobin Packing Company in Rochester. Jim attended the Universal Notre Dame night there and saw CLARK WALLACE and JOE GERAGHTY. Joe, according to Jim's report, has taken a very active part in the Rochester club and was named "Man of the Year" last year. Joe's daughter entered the Convent of Mercy nun in 1953. Also, Jim saw PHIL O’CONNOR who is still a bachelor and with the Eastman Kodak Company.

While speaking of Rochester, I obtained some additional news of other '28 men there. JOE GERAGHTY informed me that DON CORBETT is practicing law there and has five children. KENNETH POWER, who was with our class from 1924 to 1927, is deputy county clerk and deputy Supreme Court clerk in Rochester. Kenneth has three sons, ages 12 to 24.

I noted in an announcement describing a June conference on alcohol studies at the University of Wisconsin that GERALD MCGILL was a member of the staff. Gerald directs the Bureau of Alcohol Studies, Division of Mental Hygiene, Wisconsin State Department of Public Welfare. He participated in the Yale Summer School of Alcohol Studies in 1950 and was chairman of the National States Conference on Alcoholism in 1953. He established and directed the Adult Guidance Alcohol Clinic in Superior, Wisconsin. Gerald lives in Madison and has three children, ages 8 to 17 years.

The list of single members of the class which appeared in the last issue of the Alumnus should be supplemented by adding the following: ED BRENNAN, ED MCCORMICK, ED RAFTER, JIM PARKER and FRED PFORTNER. Who are the others who should be added to these lists?

I was on the program at the Annual Convention of the International Association of Personnel in Employment Security in Asheville, North Carolina, in June. I called JOE MORRISSEY and BOTTS CROWLEY in Cincinnati on my way to the convention. Joe, who manages a large manufacturing company, recently completed his term as a member of the N.D. Alumni Board of Directors. Joe has four children, ages 14 to 21. BOTTS CROWLEY is with the MacGregor Company as head of the pro baseball division in sales promotion. Botts has a daughter 10 years of age. He mentioned that he visited CHRISTIE FLANAGAN recently in Port Arthur, Texas.

My attendance at an Institute on Social Security at the University of Illinois in June gave me an opportunity to visit VINCE WALSH, his wife, son and daughter in Monroeville, Illinois. Vince keeps busy as a farmer, farm manager, vice-president and director of the local banks and trustee and treasurer of the local hospital. You will remember that Vince was responsible for many of the movies taken at the reunion which are now available for showing.

BOB HAMILTON and ART DENCHFIELD were the first to borrow these films.

It was a pleasure to have the opportunity to attend the silver anniversary reunion of the Class of 1928. There were several present whom we claim as members of our class including VINCENT CARNEY, BILL BROWN, HENRY HALEY, FRANCIS MEYER, JUDGE JOHN LYONS and JOE MCNAMARA. I also met three other '28 men at the reunion. CHRISTIE FLANAGAN, CAT CANNY and ED QUINN. Ed was wearing his '28 tie from last year. Christie has a daughter who was graduated from St. Mary's this year. JOE McNAMARA mentions how much he appreciated the 1928 Class survey last year and how helpful it has been to him in making speeches before Notre Dame groups in Connecticut.

FATHER ANDY MULREANY, C.S.C., said a Mass for the deceased members of the Class of '28 and for the living members of our class early in June.

Congratulations to JOHN FONTANA on his receipt of the Columbus Club award of "Man of the Year." I was also pleased to note that JOHN MURPHY of our class succeeds JOHN IGOE as Trustee of the Columbus Club. JOE KINNEY is Trustee of the Columbus Club.

BERNIE GARBER, who did such an outstanding job last year as Treasurer and Chairman of the Class of '28 publicity committee, sent me a clipping from the Pittsburgh Sun-Telegraph carrying JOE BREIG's picture. Joe was awarded an honorary degree of law degree by St. Vincent College. Joe, associate editor of the Cleveland Universe Bulletin, was a writer with the Sun-Telegraph for ten years. He is also associate editor of the Family Digest and Our Lady's Digest and contributing editor of the Ave Maria. Joe is author of five books, God in Our Home, My Past When I Die, A Halo for Father, The Devil You Say, and Under My Hat. Joe has five children, ages 3 to 20. Bernie also advised that Judge JOHN CULLINAN received an honorary doctor of law degree at Duquesne University in June.

This winds up another newsy column, thanks to SEPHE S. SULLIVAN (Counselor, Amalgamated Labor Life Insurance Co.), GEORGE BEAMER reports that he had a note from CHARLES HASKELL from Paris. It is also my understanding that CYP SPORL was in Europe in April.

HOUSTON—Clyde E. Broussard was named "Man of the Year" on UND Night. (L. to R.): Father John J. Cavanaugh, G.S.C., guest speaker, Mr. Broussard and Club President Paul J. Doyle, Jr.

From ED QUINN:

"Although WILLARD WAGNER didn't get out to the reunion this year, I see him occasionally in town. He lives in the old block of McKinley Avenue. Wag, a manufacturer's agent, is in training now for our 30th reunion, which is too far away, and hopes to be in good condition by that time.

"It was my pleasure to be a guest of FRANK DONOHUE and his wife, Ann. His reunion was in March of this year. Frank, a fairly frequent visitor to the campus, is President of the Kaydon Engine Company. Congratulations, Frank. His youngest son, Pat, has just finished his first year at Notre Dame.

"GEORGE SCHREIBER, who is a member of the South Bend Tribune staff, combined business and pleasure the second week in June when he attended the Aviation Writers' Conference in Miami, Florida. George reported back some very interesting information about the latest developments in aviation to his paper.

"I had a letter from our class treasurer, JOHN SHEEDY, who wanted me to know that his son is also enrolled at Notre Dame. Jack will be a sophomore next year in the College of Arts and Letters, the Dean of which College is Rev. Charles E. Sheedy, C.S.C., John's brother and Jack's uncle. Sorry I overlooked your son, John. It was entirely unintentional.

"Our most amiable and capable class secretary, LOIS MCMARIN, very kindly guested the Class of '29 at their 25th reunion. Lou came down from Chicago well armed with notebook and pencil to take with her, with ideas for the 30th reunion, upon which he is already hard at work. My brief visit with Lou in front of the dining hall was a very enjoyable and very entertaining one. Lou would like all his classmates to know that he very capably represented the Class of '28, and that he will soon be calling upon you for your 30th reunion ideas.

"I had the opportunity to exchange a few pleasantries with SEPH T. HARNETT, Rev. JOSEPH J. LANGTON is living in Peoria and is vice-president of Cummings and Emerson Distributors in that city. His address is 424 South Washington Street.

F. J. McCarthiy, '32

F. J. McCarthy, former Chicago newspaperman and son of a newspaperman, will handle passenger and public relations for the Chesapeake and Ohio Railway in Chicago, it was announced recently by Thomas J. Deegan, Jr., vice-president of passenger and public relations.

Flo, whose title will be assistant to the vice-president, was on the advertising staff of "The Chicago Herald-Examiner," now defunct, for a year after graduating from Notre Dame in 1932. His father, the late F. J. McCarthy, Sr., was managing editor of "The Chicago American" from 1933 to 1939.

He will move to Chicago from Cleveland, where he has been membership secretary of the Federation for Railway Progress from 1947 to 1949, and, more recently, a partner in the George E. Forbes Real Estate Company.

During World War II, Flo was assistant to Maury Maverick, chairman of the Smaller War Plants Corporation, in Washington. Prior to that he was assistant to the president of the Equitable Paper Bag Company, of New York.

He is a past president of the Notre Dame Club of Cleveland. Flo is married to the former Evelyn McKay of Chicago and they have two children.

ALD SCHEIT and JOHN VOSS.

The class of 1929 had a good reunion for their 25th anniversary. Some of it was planned, a good deal impromptu, and the whole of it added up to a swell time for all members of that class.
went out to scout quite a bit of their doing. At their Friday night dinner held in the Morris Inn, they had FRANCIS JONES as MC and FATHER EUGENE BURKE as main speaker. It was a good combination, and I began to think about our same affair next year. Any idea?

I ran into quite a number of 1930 men visiting the '52 reunion in some capacity or other. Had a nice visit with CHICK DRISCOLL who promised me right on the spot a very nice contribution for our big reunion next June. This is one everyone will enjoy.

PAUL FARMER and BOB HOLMES were present to renew ties with a bunch of fellows they knew so well back in 1929-30. I mentioned a gathering of local committee men to lay plans for our anniversary reunion, and they were all for it. Also I had a chance to chat with VINCE MCGUE who was with some friends of the 1929 class; he promised to be back next year, and also to help out in any way in the preliminary plans. JACK ELDER was very busy about the place, going at his usual clip. Jack ought to be back next June for a visit with his other class. It was lots of fun chatting again with DOE TOMMY FERRITER, who was back for his first visit to ND since leaving in February, 1930.

Our local alumni club had their annual golf day last week here on the ND course. It appeared to be a good turnout, and the beef barbecue held on the course at the close of play was another big success as it has been in previous years. MARSH KIZER was on deck with some friends from Plymouth; he was recently re-elected District Chairman of the Democratic Party. FRAN MESSICK was present; we saw Fran at more functions since he returned to town to resume his old relationship with the Associates Company.

Here are some more news items gleaned from the questionnaires sent several months ago to class members. Some returns are still coming in. We could use many more.

WILLIAM J. REAUME is the golfing coach at Denby High in Detroit. He has two children, Daniel J., who is 19, and Felice M., 15 years of age. Bill has been swimming coach at Denby and his team has been undefeated in the East Side League of Detroit for the past 13 years. At present he is president of the Michigan Amateur Athletic Union, and President of the Detroit Health Education Club. Editor of the Scholastic Section of the National Athletic Assn. Swimming Guide, Bill spends his spare time in the business of building homes. Bill would like to hear from RAY ZILIAK and ADAM BRAY (so would I).

FRED M. BURRELL is located in Green Bay, Wisconsin, with his wife Arvilla, son Fred, 18, in the Air Force, daughter Arvilla Lynn, 16, son Michael, 14, and son Mark, 5. He reported he saw TOM LAVLER in Milwaukee a short time ago, first since graduation. Fred said he had a dandy trip with family through Mexico and the west coast recently but failed to run into any Notre Damer. Fred says: "No newsworthy accomplishments except that I didn't vote for Joe McCarthy and accept no responsibility for him. Look for the Green Bay Packers to become National Pro Champs again with TOM HEARDEN, '47, at backfield coach and JACK VANNERS as scout and public relations man." Fred is district manager of the Seidlite Paint and Varnish Co. of Kansas City, Mo. Will be at the reunion.

FATHER EDMUND P. JONKERS, C.S.C., is Deputy Command Chaplain, located at Langley Field, Virginia. Father said he had seen FATHER JIM RIZER some time ago. (Wander if these two gentlemen will be on hand next June for reunion and the Mass assignments which are a part of each reunion?) Many thanks for the personal note, Father Fitz.

JACK NOWERY is a Lease Broker in the oil business. His children are Ann, 18; Donnie, 16; Michael, 13; and Robert, 9. Jack says he frequently sees his neighborhood classmate, VIC MARKZEL; he ran into JIMMIE FAVERET (Faverct Construction Co., New Orleans) about 6 months ago; couple years ago saw TONY DIAZ (Calle GO, Numeroj 338-T, Merida, Yucatan). Jack said he was going down to Mexico this summer and hoped to visit with some ND alumni there. Promised to be at the 1955 reunion.

ED A. HINDERSCHIED, with his wife, 3 boys and one daughter lives in Akron, O. Ed is the operating assistant to the V-Pres. of Firestone T. & R. Co. Says he seen ANDY SNYDER every year. Would like to contact TONY COTTIER and ED McCLELLAND. Ed has one son who is a junior at Notre Dame now, and another boy, Lee, who is entering this fall. Ed says: "Have been with Firestone 19 years—went all through field accounting and auditing—have been in the sales department for 8 years, and on present job 6 years."

AUSTIN C. GILDEA, with wife and two children, 14 and 10, lives in Elkhart, Indiana, where he helps to make Gildea and Stuard a thriving law concern. In recent months Austin has seen BOB GRANT, former Congressman, FRANK READY, MARSH KIZER, LEO SCANNER and LOUIS CHAPELLE. Austin said he would like very much to hear from BOB EGGEMAN, FRED SCHOFIELD, TOM MCDouGAL, GROSSMAN, GOODMAN and all the LLB's from '30. Austin wrote: "Immediately after graduation I returned to my home town (it was no novelty—I had been doing the same thing for 5 years) and hung out the shingle while Indiana was still without Bar exams, and here I have spent my life: four years as Justice of the Peace, 6 years with HOLC, 9 years as City Attorney and since 1936, a married man, and a father since 1940."

ROBERT R. MCDONALD, MD., is a pediatrician in Pittsburgh where he makes his home with wife, Ruth and children, John, Heather, Robie, Jay and Anne. Bob is an ex-'30 man who went to Med
JAMES E. BURKE is in real estate business in Okla. City. His children are Ann, 15, Nancy, 11, Jimmy, 10, and June, 8. Jim said he would like to hear from ED ELSIWORTH and ED CONLEY. Jim said he ran into JOE MORAN, attorney in Tulsa recently. Also he writes: "I have a small real estate office dealing in investment properties. ROYDIE JANEWAY (ND '26-'28) and BILL LE- MASNEY (ND '20-'21) are in the office with me. Naturally there is a lot of conversation about the school. Bill played varsity basketball there. HASKELL ASKEW, '31, is a neighbor of mine. He has a 10-year-old boy and is following in his father's footsteps as a half player. Haskell and I fish together. He is doing very well with the Askew Adjusting Company."

T. VINCET McINTIRE is the President and Treasurer of the Zanesville (O.) Terminal Ware­house, Inc. Vince has two sons attending ND, and the rest of the family at home in Zanesville com­prised wife, Elizabeth, Diane, Kathleen, 10, Terry, 9, and Dennis Patrick, 1. Vince stated he would like to hear from VITO CANIZARO, BOB FINN, TOM TANCY, JOHN HINKLE, BILL SULLIVAN, MURRAY LEY and TOM KEEGAN. I was very pleased with Vince's extended note and I pass it on to you. He wrote: "Contacts with Notre Dame were pretty much confined to radio and the sports page from 1930 to 1952. Then with the graduation of my oldest son from high school came the matter of college education. Of course, there could only be one choice, and in September, 1953, the two of us matriculated at Notre Dame, Tom in the physical sense while my matriculation was spiritual. It was a perfect September day, and she never looked more beautiful! I marvel how well the old and the new have been wedded. And how close to Heaven those lucky guys are, if they

Recently, Ed Conroy was publicly honored in San Antonio at a luncheon given by grateful citizens. As director of the Bureau of Governmental Research and as executive vice-president of San Antonio's Research and Planning Council, Ed established the council-manager plan and helped to check the corrupt spoils system that had been in operation.

He graduated from Notre Dame in 1930 and returned to San Antonio where he supervised its police radio system. Later he received a master's degree in Public Administration from the University of Minnesota. During World War II he served with the U.S. Navy and attained the rank of commander.

One of Pennsylvania's outstanding young executives, Leonard Tose, member of the 1937 class, still finds time to be a tireless worker for Notre Dame. He is Treasurer of Tose, Inc., one of the largest trucking organizations in the East, and Vice President of Bev-Rich, Inc., which produces and distributes those new types of soft drinks in cans which recently made their appearance in the national market.

Now we have news! The Class of '35 has a column again after many months of "fill" space. We have a column again after many months of "fill" space. Our job has been one of tabulating the results. And they are very interesting as we hope you will agree. Had we hoped the return would be greater than they were. Apparently the end of the news line has been reached since there were no returns during the past week and, now on June 12 we are attempting to make our deadline.

Including our own, there are 138 questionnaires on file. Our classmate current count, runs just under 500. This means that responses have been received from about 27 percent of the class. While this is a good start, it is far from overwhelming. We have been told that the other 73 percent of the '35ers? Could it be that they are not interested? Or maybe they just didn't get around to it? I've got to believe over the reason, we are going to try to persuade the Alumni Office to do a repeat mailing. Maybe a second time will elicit a response bringing in another 25 to 30 percent. If it does it will be well worth the effort.

Of those 138, 100 are planning to return to our twentieth reunion in 1955. Twenty-nine more will make it if it is possible, and 9 do not plan to be there. One of those 9 is dead, another is in Thebes, Illinois and seven will be at sea for one more voyage, others may be on their way to other destinations. Those seven percent of the class seems to specialize in 4 children, since 30 men have orphans among the group and one has 10. Another has 9 and none has 8. There is one grandfather among the crowd. Our third spots were held by 2 children with 28 men and one has 29. The other 73 percent of the class. While this is a good start, it is far from overwhelming. We have been told that the others may not be interested? Or maybe they just didn't get around to it? I've got to believe over the next several months. It is too early to make firm commitments. At least two of them must make plans to come back to the mainland from the non-coastal states. It is upon you, our enthusiasts that we must depend to get others out. Write letters to your friends and even those you have not seen in a long while. Let's start the pep meeting rolling. Talk up the twentieth reunion every chance that you have. If we do, we'll break all records—

AND THAT'S OUR GOAL!

Now to some of the interesting statistics drawn from the questionnaires tabulations. Here they are in brief form: Total—138; married—127; single—5; religious—6; children—303 (and 3 more on the way); 1935. Of the 127 married "35ers, 6 have no children and one has 10. Another has 9 and none has 8. There is one grandfather among the crowd. Our class seems to specialize in 4 children, since 30 men came up with that number. The second and third spots were held by 28 men and 56 children; 3 children—27 families and 81 children; 4 children—30 families and 129 chil-
One of our 138 reported classmates is dead; two others have lost their wives.

We have tabulated 23 occupations from the questionnaires and we hope that our guesses are correct, where we had to make the decision, sometimes with the help of the DOME. Seventeen men have been entered in two occupational groups as follows: coach-teacher, 3; priest-teacher, 3; brother-teacher, 1; real estate-insurance, 2; engineering-business, 3; social work-teacher, 1; law-business, 2; lawyer, 1; and brother-librarian, 1.

This is how the total breakdown looks when spread out across the 138 replies received: Priest-4; Brother-2; Doctor-1; Priest-Jesuit-1; Lawyer-1; Engineer-2; Accountant-2; Coach-4; Teacher-1; Business-Man-5; Banker-6; Mortician-2; Insurance Man-11; Real Estate Buyer-2; Architect-1; Bacteriologist, G-Man, Librarian, Revenue Agent, U.S. Bank Examiner, Department of Defense Staff, and 6 who didn’t give an occupation.

An interesting story is told by the above statistics. Let’s get the rest of the class tabulated for the record. As we go along giving you the word on each of the men who replied we will tell you the occupation we have used. If we have made a mistake, how about a correction from you?

And now, before we get into the questionnaires, may we take notice of a death reported in the latest ALUMNUS. JIM DEVER died on February 20 and is survived by his wife. No children reported. To Mrs. Devers we extend the sympathy of the Class.

Also, to FRANK HOLAHAN, who made the latest vital statistics column for Births may we extend our congratulations on the birth of March 4. Of course we think Louise deserves a little credit too.

Coming now to our news reporting from the field we want you to know that we will attempt to give you 50 men per trip to press. We’ll divide them in the alphabet, taking them from the beginning and continue as far as we think we can be most equitable. Here goes!

There are three daughters: Frances, Judith and Jane; and a son—Frederick. Mrs. Burger filled out the questionnaire and returned it with the news of his death. Clare was transferred from California to Allentown, Pa., two years ago. Clare’s death occurred when he attempted to help those injured by the explosion. He was on a scaffolding. It is stated as though that fifteen year job just about filled everyone's bill. The committee which handled it apparently could not have added a thing to your enjoyment. We also, thought they did a top-notch job and only hope some of them can be again pressed into service.

And the rest of you '35ers who have not sent in your questionnaires—please return the next one as soon as you get it. Let's start the campaign for 55 with everyone who's we've get.

It's always a problem to know how to start these columns. Should we start with some shimmery little jewel of reminiscence? Should we kick off with a recipe for Hand-Set Highballs as compounded in the old, old times when you were still at that old, old office? Or should we start out with a "Gee, fella," type approach?

We have decided on geography and we are here to tell you a sure shot on the next quiz program you stumble into. Do you know what spot is responsible for some of their policy making. (Want to confirm, Al?)

We have received no word on your wives, but there are five children if you look into the "wanted" list. (If they respond, refer them to us again.)

Appointment of Ernest V. Rieder, '28

As superintendent of Detroit Edison's sixth power plant, now being built at River Rouge, has been announced by Walter L. Ciser, Edison president.

can say for positively sure. He’s a Vice-President and he lives in Bronxville. What he’s Vice-President of is Haire Publishing Co., a right good business. On the Saturday before last, he came down to Brons xville but as a ‘Coach and Teacher’ but where and what of I know not. I am guessing that it is with the Robert E. Lee Murray Studios whose northern branch is named after Arthur HARRIE. Hokie has two sons and a daughter.

Here’s a little fable about the mess success can get into. The Virginia Quaker settlement of Philadelphia is at Whittier, Calif. (Ah, the things you learn reading this column!) Into this idyllic little home moved our classmate DR. JOSEPH J. AHLERING, the first Catholic medic ever to get his roots down there. Now look: There are six more to rollout this up in a city and almost 20 N.D. alumni rumbling around about forming a club! In addition to all this Ahlerring has four sons and two daughters—the largest colony west of the Quakers.

Contrast Dept. JAMES G. MURPHY has two wonderful titles: Bachelor and Vice-President of the American National Bank of Cheyenne, Wyoming. Murphy passes on this cryptic little tidbit: “HARRY BALDWIN, of Chicago, has some oil leases around Lusk, Wyoming, and busses through here periodically.”

BOB WILKE, who was fading rapidly around left end the last time I saw him, is moving from Norwalk, Conn., to Allentown, Pa., to take up duties as General Credit Manager of Lehigh Portland Cement Company for whom he has been working about five years. Bob has two daughters: Karen, 15, and Doris Anne, 9.

FRANK HOSTERMAN is operating his own C.P.A. and Tax Consultant business in Creston, Ia. He has been in the tax and accounting field since 1937. (I’ve been in the tax field for several years.)

Up in Seattle, PHIL HOSTERMAN is working away as Divisional Sales Manager of Eastman Tag and Label Company for whom he has been selling for nearly seven years. Phil has three children: Michael, 11; Philip, 9; and Mary Lyn, 5. For reasons too deep for me to fathom, Hosterman would like to hear from Jack Gillespie, Bud Bonfield, Jack McGurk and Frank Barabas.

Career Notes: If you want to travel, join the Order. Our next report is from REV. THOMAS B. CURRAN, C.S.C., from Santiago, Chile, where he is teaching at St. George College, a bustling institution of 1,450 boys. Father Curran has been in Chile since 1939 except for a recent trip to the States for a successful cataract operation. He reports that a new Seminary has recently been opened in Chile to train boys for the Holy Cross Order. Now to wind this up, get a load of this news item from Hollywood: “JAMES BACON. Associated Press Hollywood columnist, makes his screen debut in the role of a circus clown in Hal Wallis’ ‘Three Ring Circus’ which co-stars Dean Martin, Jerry Lewis, Joanne Dru and Zsa Zsa Gabor!”

The annual meeting of the Monogram Club was held on the Saturday afternoon of Reunion weekend. As retiring president, CHUCK SWEENEY, was in charge of the program.

JERRY KANE is a sales executive with the Boeing Airplane Company in Seattle. Don’t forget it is only four years to our 20th reunion.

BIL TALBOT discussed the proposed Dome

spective families, as they are today. A lively and spirited discussion followed, culminating in the
unanimous approval of the plan by the reunionists.

LETTERS FROM DEPARTMENT:

From Dick Young: "Enclosed is my check to cover my class dues—past and present. I appreciate the fact that you and a few others spend a great deal of time and money trying to help Notre Dame and our class. I am ashamed to say that it is a sorry state of affairs when so many like myself..." 

From FRED VICIC: "Sorry I'm late with the dues. I got a new job and am going to have to send out one more reminder soon. I'll be hated yet. Al.)"

From BURT THOMAS: "My previously paid dollar must have been lost, so here is another dollar."

From FRED MAURER: "Just a note of appreciation for all your hard work. Although I am a graduate of the class of '43, I have always felt on the outside, knowing few of the fellows. Originally I was in the class of '44, but due to stepped-up summers during the war years, I left in '43 for Medical School and received my B.S. degree in '45."

Letters from those who have not gotten around to sending in their once-in-five-years class dues for the current year. The new address is 134 Springfield Ave., Rochester, N. Y.

From JOHN RINELLA: "Enclosed please find my check to cover dues—long, long past due. You should commended on the good work. Personal regards." (Thank you for the reminder. We are now getting settled and the gang in '55."

From BROTHER FULGENCE, C.S.C.: "For the past few years I have successfully ignored your appeals to the class for cooperation and information. Your persistence however, finally brought you down; I can no longer endure the guilty feeling that comes with chucking away your reminders. "My distance from the States and the other members of the class limits the amount of cooperation I can offer you. For funds, I am a missionary. However, I can give you a bit of information about myself and some of the other members of the Class of '45.

From Dick Leite: "Enclosed is my buck so get my off the list and I hope I have not acquired the title of 'last to pay.' (I'm afraid not, Dick. There's still quite a few on my 'indifferent' list, and I am going to have to send out one more reminder soon. I'll be hated yet. AL.)

"I've been extremely busy attempting to complete my Ph.D. thesis in Aero Engineering here at the University of California, at Berkeley. My degree was conferred on January 22, 1947; received an M.S. in June, 1948; worked on upper atmosphere and electronic computer research until two years ago; and then started on the Ph.D. work. Hope to wrap it up in a couple of months."

"Would-you-tell any of the fellows to give me a buzz if they get up Ann Arbor way. Say Joe Lauck last spring. He's now in heat in his home..."
I'm definitely plan to be on hand for the '45 reunion in 1955. Having had such a wonderful trip, I won't be missing the 1956's just for sure. I know that I'm going to make the trip and that I'm going to make the trip no matter what happens. I've been on a long trip and I'm looking forward to the trip. I know that I'm going to be on the road for the trip. I know that I'm going to be on the road for the trip no matter what happens. I've been on a long trip and I'm looking forward to the trip.

REV. THOMAS MICHAEL MARKOS was or-

Chicago on June 13, 1954. God's speed in your

That'll make this year's Christmas cards read Gerrie, Mark, Barbara, ??? and George. To
keep the statistics straight, Mark is now 26 months
old, Barb is 11 months old and Gerrie is (?) years
old, that is considered classified information in
these parts, and I'm rapidly approaching 60!!
"Am presently employed by the Bendix Products
Division of the Bendix Aviation Corporation at the
Mishawaka, Ind., Plant. Am doing a little bit of
everything there including some trips to Baltimore
and Washington, which isn't too bad as I can
renew my old acquaintance with Balantine Ale!
To use up my spare time in the winter months I am
going to the Alma Mater's night school track­ing
down an M.S. in E.E.

"Ray Gans is also working at the Mishawaka
Plant, so Bendix will have a couple of new chief
janitors in a couple of years.

"Ed Hughes is also working in South Bend
and last I heard from him he was with Indiana
and Michigan Electric Company. Don Narducci
and spouses are also back in South Bend. Don is
presently with Ball Band and just moved in about
a stone's throw from the old homestead. We
haven't gotten around to throwing the fat yet as
we are both losing the battle with ye' olde crab
grass.

"Howie Wurth bit the dust this spring up
in Jackson, Michigan. Didn't make the wedding as
Bendix had me in the east that weekend.

"Last I heard from John 'Two-Beer' Sher­
wood was that he was still in Detroit with Det­
roit Edison.

"Might throw out a little invite to the old gang
to drop in or call if they're in South Bend. Phone

APOSTLE of the SACRED HEART

Around 1900 there was a Brother at Notre Dame who had a great devotion to the Sacred Heart. His name was Brother Columba, O.S.C. Besides repairing shoes, Brother used to make Sacred Heart badges and pass them out among the students at Notre Dame.

Before long, crowds were visiting Brother, asking him to bless them with one of his badges. Many favors and some bodily cures seem to have been granted.

If you would like a Sacred Heart badge and a picture of Brother Columba, send a self-addressed envelope to

The Brother Columba Apostolate,
Box 19, Notre Dame, Indiana

They are free. These Two Hearts, a 64-page booklet about Brother Columba, is 50c postpaid.

NOTRE DAME, INDIANA
Dear Notre Dame Men:

It is always an exhilarating experience to visit Notre Dame. Those of us who recently attended the class reunions and the Club Presidents Council will verify this fact.

One receives an instant impression that here is a busy place. New educational facilities regularly make their appearance. There are always new, sound plans for improvement. New ideas, too, are always welcome.

Not so obvious is the activity of the faculty members who add meaning to these facilities, these plans, these ideas. During the past several years I have had the enviable opportunity of meeting with many faculty members. The vigor of their endeavor, the alertness of their minds and the consistency of their determination to achieve educational accomplishments are impressive.

You, too, have been similarly impressed—those of you who had like opportunities to meet the faculty. Although we have all, I am certain, conveyed these impressions to our friends at the University, I feel that a mention of our regard for the faculty is a topic pertinent to a letter such as this, since so many of you have commented to me in this respect.

The educational accomplishments of these men are regularly documented, but frequently this information does not come to our attention. They, too, are constantly engaged in research on new concepts and in testing new plans. There is no doubt that this vigorous, enlightened endeavor on the part of Notre Dame's educators must secure for the University a position of leadership recognized by all.

In your behalf, I offer to them our congratulations and our prayers that God will bless their future efforts.

Yours sincerely,

James G. McGoldrick

Gifts to Notre Dame Indicate '54 Increase

Notre Dame Foundation progress is extremely encouraging with returns for the first three quarters of the calendar year indicating marked improvement in numbers and in amount. As the ALUMNUS goes to press 7,024 alumni have contributed $336,830 compared with 5,535 alumni gifts and $148,729 at the same time in 1953. Contributions from non-alumni friends are also on the increase over last year. The statistics reveal that 617 friends have given $250,359 thus far in 1954, while 573 non-alumni gave $213,824 during a similar period in '53. Response from alumni in the final quarter of 1954 can boost the number and amount of alumni gifts to an all-time record.

Contacts are being made by Foundation staff personnel with corporations throughout various sections of the nation. The Fall issue of NOTRE DAME announced the designation of four districts each of which will be under the responsibility of Foundation office representatives. Allan Powers, '51, will have charge of the following states in District 1: Michigan, Wisconsin, Iowa, Minnesota, North Dakota, South Dakota, Nebraska, Wyoming, Montana, Idaho, Washington and Oregon. Included in District II under the jurisdiction of Richard Bowes, '38, are: Illinois, Missouri, Kansas, Oklahoma, Colorado, New Mexico, Utah, Arizona, Nevada and California.

James W. Frick, '51, will work in the following states of District III: Indiana, Kentucky, Tennessee, North Carolina, South Carolina, Georgia, Mississippi, Florida, Louisiana, Alabama, Arkansas and Texas. District IV, under the supervision of John S. MacAuley, '41, will consist of Maine, New Hampshire, Vermont, New York, Massachusetts, Rhode Island, Connecticut, Pennsylvania, New Jersey, Ohio, Delaware, Maryland, West Virginia and Virginia.

The four district managers will be responsible for contacts in their area with corporations, State Governors, City Chairmen and other individuals. Work on the Hammes Shopping Center is progressing and it is hoped that this building will be ready for use before year-end. It was provided by a gift of Mr. and Mrs. Romy Hammes, Kankakee, Ill., and will cost $250,000.

The largest enrollment in Notre Dame's history, more than 5424 students, highlights the beginning of the University's 113th academic year. Although classes began on Sept. 23 the formal opening of the schoolyear was observed with a Solemn High Mass in Sacred Heart Church and a sermon by the Rev. Theodore M. Hesburgh, C.S.C., president, the following Sunday. The Mass was preceded by a colorful academic procession of more than 500 faculty members from the Main Building to the Church.

Freshmen were given a week-long orientation program prior to the registration of upperclassmen. Various officers of the University administration and deans of the colleges spoke to first-year men at special sessions. About 1,500 freshmen will be members of the 1958 class.

A new department head and 49 new faculty members have been appointed according to the Rev. Philip S. Moore, C.S.C., vice-president in charge of academic affairs. The Rev. Herman R. Reith, C.S.C., has been named head of the Philosophy Department succeeding the Rev. Bernard I. Mullady, C.S.C., who will continue as Assistant Provincial of the Indiana province. Three visiting professors will teach at Notre Dame during the schoolyear. Dr. Joseph A. Becker, of the Bell Telephone Laboratories, Inc., will conduct a seminar in the Department of Physics.

Dr. Vladimir Seidel will be visiting professor of mathematics. He is on the faculty at the University of Rochester. Dr. Robert C. Turner, of Indiana University, will be visiting professor in the College of Commerce.

AB, ENGINEERING STUDENTS TAKE COMBINED COURSES

A cooperative liberal arts-engineering program designed to provide students with the cultural background of a liberal education as well as technical engineering training has been instituted by St. Francis College, Loretto, Pa., and Notre Dame. Under the cooperative program, students may receive both their bachelor of arts and engineering degrees within a period of five years.

Officials of the two schools explained that students may pursue a prescribed liberal arts course at St. Francis College for three years and then go to Notre Dame for two years' training in their chosen field of engineering. These students will be awarded their A.B. degree as soon as they have completed the liberal arts requirements at St. Francis and will receive their engineering degree from Notre Dame at the end of the five-year period.

Five other Catholic colleges have established the cooperative liberal arts-engineering program in conjunction with Notre Dame. They are St. Thomas College, St. Paul, Minn.; St. Vincent College, Latrobe, Pa.; St. Joseph College, Collegeville, Ind.; Villa Madonna College, Covington, Ky.; and St. Benedict College, Atchison, Kansas.

CARDINAL TALKS AT INSTITUTE OPENING

His Eminence Valerio Cardinal Valeri, Prefect of the Sacred Congregation of Religious, addressed the formal opening of the Institute of Spirituality at Notre Dame recently. More than 650 Sister Superiors and Novice Mistresses, representing virtually every women's religious community in the United States, were present. At a special University convocation in Washington Hall Cardinal Valeri received an honorary Doctor of Laws degree from Notre Dame.

Cardinal Valeri spent the early years of his priesthood as a seminary professor. He later was assigned to the Vatican's diplomatic service and held posts as apostolic delegate or nuncio to Egypt, Palestine, Roumania and France. Shortly after the outbreak of World War II he was named Undersecretary of the Sacred Congregation for the Oriental Church. Pope Pius XII named Archbishop Valeri executive chairman of the committee for the organization of the Holy Year in 1950 and three years later elevated him to the cardinalate.

He recently attended the Canadian National Congress of Religious Men and Women.
