New Residence Hall
Gift of Pangborns

Campus Building To Be Ready For Occupancy
At Beginning Of Fall Term In 1955

A new $800,000 residence hall, to accommodate 200, will be built on campus as a gift of Thomas W. Pangborn and John C. Pangborn, through the Pangborn Foundation of Hagerstown, Md. To be Notre Dame's 15th campus residence building, it was begun in October and will be ready for occupancy in September, 1955.

"With the marked increase in enrollment in recent years, the university has found it impossible to provide campus residence facilities for all its students," said Father Theodore M. Hesburgh, Notre Dame's president. "The construction of Pangborn Hall will enable many students who formerly lived off-campus to share more fully in the life and spirit of Notre Dame. I know I speak for generations of Notre Dame men in expressing the University's gratitude to Thomas Pangborn and John Pangborn for their magnificent gift."

Pangborn Hall is to be erected on the new quadrangle between Fisher Hall and the Rockne Memorial. Designed by the Chicago architectural firm of Holabird, Root and Burgee, the buff brick building will be a tasteful blend of modern functional and collegiate Gothic architecture. The structure will include 100 double rooms, a chapel and recreation room.

The Pangborn brothers operate the Pangborn Corporation, Hagerstown, Md., one of the world's largest manufacturers of blast cleaning and dust control equipment, which on September 1st celebrated its golden anniversary. Thomas Pangborn founded the company in 1904 and is its president. He is a member of the Advisory Council for Science and Engineering at Notre Dame and a trustee of the Catholic University of America.

His brother, John Pangborn, joined the company in 1905 and holds the posts of vice president and treasurer. Through the Pangborn Foundation, which the brothers created in 1945, numerous grants have been made for charitable, religious, scientific, and educational purposes.

Holy Cross Fathers
Erect Calif. Parish

The new parish of St. Francis Xavier was erected recently in Burbank, Calif. It will serve some 650 families and will be the first parish in the history of the archdiocese to be staffed by Holy Cross Fathers.

The first pastor is Rev. John P. Lynch, C.S.C., who practiced law in New York City prior to entering the seminary in 1931. Father Lynch has until recently been chaplain at Notre Dame High School in Sherman Oaks, Calif., and he has also been associate director of the Family Theatre with the Rev. Patrick Peyton, C.S.C. Father Lynch is a graduate of Notre Dame's 1925 class and was ordained in 1937.

Alumni Directors Attend Meeting

The Fall meeting of the Alumni Board of Directors is being held November 4, 5, 6, 7 in Philadelphia, Pa., at the Bellevue-Stratford Hotel. Committee reports will be given by the following: Executive, James G. McGoldrick; Class Activities and Resolutions, Ralph Coryn; Club Activities, and Religion and Citizenship, John W. Courtney; Prestige and Public Relations, Msgr. Joseph B. Toomey; Foundation, Alumni Fund and Job Counseling, Dr. Leo O'Donnell; Inter-Alumni, Daniel Culhane; Prep School Relations, Karl Martersteck; Budget and Finance, John F. Saunders; Nominating, Mr. Saunders and Mr. Culhane.

President McGoldrick will preside over the sessions. Representatives from the University scheduled to attend the meeting include Rev. John J. Cavanaugh, C.S.C., Rev. Thomas J. O'Donnell, C.S.C., James E. Armstrong and John Cackley.

Mr. Ben Duffy, president of Batton, Barton, Durstine and Osborn, Inc., advertising agency, has been named general chairman, of Brotherhood Week to be observed nationally next February 20-27. Mr. Duffy is chairman of Notre Dame's Presidents' Committee in New York City, a member of the University's Advisory Council of the College of Commerce and a Knight of the Order of Malta.
Williams $50,000 Bequest Provides Law Scholarships

The University of Notre Dame has received a bequest of $50,000 from the estate of the late Charles F. Williams, Cincinnati, Ohio, the former president of the Western and Southern Life Insurance Company and a member of the Notre Dame Alumni Association, has served as a valuable friend and lay trustee of Notre Dame. This gift, said the Rev. Theodore M. Hesburgh, C.S.C., president of the University, "Mr. Williams was a generous benefactor of the Church and Catholic higher education. I want to express the gratitude not only of the university but also of Notre Dame law students who will share his generosity in the years to come."

Williams was an 1897 graduate of Cincinnati University. He was elected vice president and general counsel of Western and Southern in 1910 and became president of the company in 1931. Four years later, he assisted the late Archbishop McNicholas of Cincinnati in the founding of the Institution Divi Thoma, a scientific research center. Williams was a Knight Commander of the Order of St. Gregory and a Master Knight of the Sovereign Military Order of Malta.

Army Adopts Program Suggested By Priest

The U.S. Army has adopted and endorsed the "definition" of the General Military Science ROTC program as propounded by the Rev. Robert W. Woodward, C.S.C., director of military information and guidance at Notre Dame.

A member of the joint civilian-military panel which in 1952 was commissioned by the Pentagon to revise its ROTC program, Father Woodward in his report to the military, rapped the "fragmentation and superficiality" of the outworn ROTC Branch-Material program, and its "costly attrition rate of students."

"One of the ideals of this university is to train her sons in the art of governing men," Father Robert Woodward, C.S.C., told 1,500 freshmen during the orientation program.

Pointing out that Notre Dame is one of the few universities offering ROTC programs of the army, navy, air force, and marines, he urged new students to seriously consider these programs. "Catholic youth of this generation," he warned, "are too frequently satisfied to play only a subordinate role in the politics and armed forces of their country."

Noting that the old curriculum was "not up to the college level" and "lacking in motivation," the priest advocated a general course, which, unlike its predecessor, will be based on the realization that the college student is on a higher mental level than the average recruit.

With history as its "integrating principle," the new course will "provide a broad basic military education rather than individual proficiency in the technical duties of junior officers." The former setup, wrote Father Woodward, placed "too much emphasis on being an artilleryman or an engineer, and not enough on being a soldier and an officer." The new program will not only prepare the student to handle a gun, but to lead his men and to inspire them. It will enable him "not only to take care of himself, but of his platoon."

IRISH NETWORK

FANS FAVORITE

The Irish Football Network under the direction of Joe Boland, '27, has been bringing play-by-play descriptions to millions of Notre Dame fans all over the globe. Now in its sixth season, it has grown from a small nucleus of 12 stations to the largest specialized network in the U.S. of 119 stations.

This fall, for example, the voice of Joe Boland is heard every Saturday afternoon everywhere the Irish play, home or away, by alumni and other friends from Honolulu to Kalamazoo and Muskegon to New Orleans. In fact, outlets are set up in 30 states and, in the past two seasons, 10 games have been sent around the world via the Armed Forces Radio.

Not only is the Irish Network the largest in size for its type but it also has excellent ratings. The Pulse, Inc., broadcast-measurement firm has reported that Boland's ratings have placed him No. 1 among the top ten analysts. He played at Notre Dame in 1942. Joe has been active in the Notre Dame Alumni Association, has served as a member of the ND Alumni Association's Board of Directors and, last winter, was master of ceremonies at the testimonial banquet for Frank Leahy's 1953 squad.

Award Burns Scholarships

Rev. James A. Burns Memorial Scholarships to the University of Notre Dame have been awarded to ten students in eight states, the University's Committee on Scholarships announced. The Burns scholarships, which are awarded on a competitive basis, provide $500 for the freshman year and $300 for succeeding years provided the recipient maintains an average of 85%.

Painting Donated

"View of the Arno," an oil painting by John Manship, has been given to the University of Notre Dame galleries by the Childe Hassam Fund through the American Academy of Arts and Letters, New York City.

The painting is one of twenty-one works of art by eighteen contemporary artists recently purchased by the Academy for presentation to museums and art galleries throughout the country as provided for in the will of the late Childe Hassam.

Dr. Chroust Tours Europe

Dr. Anton H. Chroust, professor of law at the University of Notre Dame, served as reporter general and first vice-chairman of the Fourth International Congress of Comparative Law held in Paris recently. He also delivered a paper at the congress which was attended by representatives from the United States and every free country in Europe and Asia. A specialist in legal history, Dr. Chroust discussed certain technical and legal aspects of ancient international treaties.

While abroad, Dr. Chroust presented another paper on recent trends in American legal philosophy at the International Law Institute in London. He also attended the annual meeting of the English Law Institute at Edinburgh, Scotland. He returned to the United States in the latter part of August.

Book Depicts Hungarian Saints.

Rev. A. L. Gabriel, O. Praem., Director of the Mediaeval Institute at the University of Notre Dame, has written a new book in Hungarian on the lives of the Hungarian saints. It will be published soon in English under the title, Pannonian Portraits. Pannonia is the Latin name for the old Roman province which was occupied by the first Christians in Hungary.

Overcrowding Parochial Schools

The overcrowding of parochial schools and the necessity of sending Catholic children to public schools may eventually prove beneficial to the American Catholic family, according to Dr. John J. Kane, head of the sociology department at the University of Notre Dame.

Writing on "Catholic Parents and Public Schools" in the August 28 issue of The Ave Maria, Dr. Kane asserted that "Catholic education, at least on the elementary level, is in desperate straits. Too many Catholic fathers and mothers have been content to let the Sisters take over this job," he claims. The shortage of nuns and the overwhelming number of children have aggravated the situation. According to the Notre Dame sociologist, there is only one solution: "religious training within the home must be started or increased."

Dr. Hermens Returns

Dr. Ferdinand A. Hermens, professor of political science at Notre Dame, has rejoined the University faculty after a year in Europe where he served as a visiting United States specialist in political science under the auspices of the State Department. A specialist in political theory, Dr. Hermens was appointed by the German Minister of Interior to a committee of thirteen outstanding European and American jurists and political scientists to survey the factors necessary for stability in a democracy.

During his year abroad, Professor Hermens held the post of visiting professor at the University of Munich and at the Munich Institute of Politics.
Fasting Rules Interpreted

A new pamphlet designed to familiarize Catholics with the new regulations on the Eucharistic fast has been written by the Rev. John A. O'Brien of the University of Notre Dame. It is entitled New Eucharistic Fast Helps You to Receive Often and is published by the Ave Maria Press.

"It is most important that all Catholics understand correctly the new legislation on the Eucharistic fast," Father O'Brien writes, "so that they may make proper use of the generous concessions designed to bring many more of the faithful to the Communion rail and to bring them there more frequently."

Dr. Schipper 'Naturalist' Editor

Dr. Arthur L. Schipper was recently named editor of the American Midland Naturalist, a scientific journal published quarterly by the University of Notre Dame. He succeeds Dr. John D. Mizelle who has edited the publication since 1947 and who will continue to serve as associate editor for invertebrate zoology. Dr. Mizelle resigned the editorship to return to a full program of teaching and research. Both men are faculty members in Notre Dame's biology department.

Germans Face Reconstruction

According to William O. Shanahan, associate professor of history at the University of Notre Dame, the emergence of authoritarianism in Germany was due in part to the reluctance of nineteenth century German Protestants to work for a Christian social order. Shanahan analyzes the response of German Protestants to the industrial revolution in his new book, German Protestants Face the Social Question published by the University of Notre Dame Press.

Proposes Liberal Arts Study

A conference of Catholic college presidents and deans to evaluate the new liberal arts programs being offered in many institutions has been proposed by the Rev. William F. Cunningham, C.S.C., professor of education at the University of Notre Dame. Writing in the Sept. 24 issue of Commonweal, Father Cunningham makes some specific proposals for placing the study of Christian culture at the heart of the Catholic college.

"Catholic colleges are free of a problem that is a major headache for practically all other institutions, namely, the lack of a basic philosophy of life on which to build a new program," Father Cunningham writes. "In our philosophy of life and, therefore, of education, the ideal outcome is the Christian person."

Acoustical Training Important

Ear training is as important to certain Navy personnel engaged in anti-submarine warfare as it is to the first violinist of a symphony orchestra, according to Professor Charles Biondo of the Notre Dame music department. During the school year he conducts the University Symphonette and teaches courses in ear training and music theory. He recently returned from San Diego where he established a course in acoustical ear training for the Navy's anti-submarine personnel.

Sets Code of Ethics

There are no insurmountable temptations or dangers in intercollegiate athletics if school officials would always consider first the boy and his education, according to the Rev. Theodore M. Hesburgh, C.S.C., president of the University of Notre Dame.

Every major abuse in intercollegiate athletics would automatically be eliminated, Father Hesburgh contends, if this principle were generally and consistently applied. The Notre Dame president answered critics of college football in a signed article in the September 27 issue of Sports Illustrated.

Declaring that Notre Dame favors intercollegiate athletics “within their proper dimensions,” Father Hesburgh writes that “institutional integrity” is essential. “The least a university can do in this regard is to tell its alumni and friends exactly where it stands and then to investigate thoroughly any reports to the contrary."

Sanctity Easy Declares Bishop

"Sanctity, like baseball, is simple if you know how,” the Most Reverend Raymond P. Hillinger, Bishop of Rockford, declared here in an address keynoting the second annual Institute of Spirituality.

Addressing more than 650 Sister Superiors and Novice Mistresses in Sacred Heart Church on the Notre Dame campus, Bishop Hillinger said that “sanctity is remarkably simple if we but allow ourselves to be simple instruments in the hand of the Heavenly Father for the work which the Holy Spirit wishes to do within our souls.”

Father Hesburgh Appointed

The Rev. Theodore M. Hesburgh, C.S.C., president of Notre Dame, has just been appointed a member of the Schools and Universities Advisory Board of the Education Committee for the Hoover Report. This announcement was made by Clarence Francis, chairman of the Education Committee.
ND Alumni OF Detroit Sponsor ‘Friendly Foes’ Football Party

The Notre Dame Club of Detroit tried something different last year and it was so successful that the same type of event was held again this fall—"The Friendly Foes Pre-Season Kickoff Beer and Pretzel Party" packs them in and it only costs a buck.

Each opponent school on the Fighting Irish grid schedule sends a local representative to discuss a topic (football, naturally) from the rostrum and all alumni living in metropolitan Detroit, of these institutions, are extended an invitation to the party. Former midshipmen who claim the U. S. Naval Academy as their alma mater called this year to find out when the party would be held even before any plans were set.

Director of Athletics Edward W. Krause presents Notre Dame’s viewpoint on the current season. A board of ‘experts’ consisting of writers and sportscasters from the area stage a question-and-answer session with participants from the audience.

More than 400 people including alumni, and Notre Dame students and their Dads, attended the last informal meeting. Edward C. Roney, Jr., ‘43, has done an effective job as chairman of the affair on both occasions.

The menu of beer and pretzels aids in keeping the cost within the reach of everyone—one single dollar is all you can spend regardless of how generous you may be and feel. The "Friendly Foes Kickoff Party" serves as a stimulating event on Detroit’s annual program which also includes an impressive UND Night dinner, retreat, scholarship, golf outing and others.

Fr. Rick Celebrates 25 Years In Dacca

Rev. Joseph M. Rick, C.S.C., celebrated his Silver Jubilee earlier this year as a priest and he will have completed 25 years of foreign mission service in November. Father Rick is religious superior of the vicariate of Dacca. He has been instrumental in the building of Notre Dame College in Dacca and recently announced the appointment of Father James L. Martin as principal and Father Albert A. Croce as vice-principal.
Editorial Comments from your Alumni Secretary

Fall does not give us much time to think, especially when the first home football game occurs on the third day of the first semester classes. Nevertheless, someone has to try to do a little detached thinking, and as the oldest living inhabitant in our program I am it. Results:

The Association will celebrate its 90th anniversary of organization in 1958—the Golden Jubilee of its continuous organization (a reorganization program in 1908), and the 35th anniversary (1923) of the Alumni Office, ALUMNUS magazine, and an Alumni Secretary. Since the latter area has been mine since 1926, it does bring some ideas.

We have come a long way.
In many statistics, we look comparatively good in the national field.

We are growing in all directions.
And there is hardly a spot on the map today where the Alumni Office cannot point out not only an alumnus, but an active and informed alumnus.

Those are not the thoughts that come, on reflection. Those are some of the rewards that encourage you. But the thoughts are for the gaps, the unresponsive alumni.

As the year nears another turnover, here are some of the things that worry me about the individual alumnus—not the active alumnus, probably not you, because if you are reading this you are unlikely to be among the group I am thinking of.

The Lay Alumnus

What should a Notre Dame man have done in 1954, as an alumnus? I am thinking now in terms of the lay alumnus—the religious seem so far to hold the edge on performance, because person after person says Notre Dame could not exist without prayer, and prayer is the contribution that keeps them in perpetual good standing.

1. He should live according to the teachings of Notre Dame. That is the first hope—one entirely independent of gift, or job, or family, or publicity, or football tickets.

The Leader

2. He should lead. This does not mean heading parades, running for office, or chairmaning great functions. This means sharing the privilege of your Notre Dame training with others, whether it be a small son, a neighbor, a PTA, a city, a nation, or a world. You know the Samaritan. Your intellectual and spiritual wealth make it possible for you to minister to the intellectual and spiritual wounds of the many neighbors who have fallen among the most tragic of thieves. Here again, contribution, or title, or eloquence, or headlines mean little in the actual performance of this phase of your alumni life.

Reading List

3. He should grow. The Reading List you have just received is only one of the evidences of our hope that you are growing, as you were urged to grow, spiritually, intellectually, culturally, professionally, after your graduation. Education, on the formal levels, offers you the tools. But the best equipped workman shows no more progress than the worst, if he is idle.

4. He should know Notre Dame and Notre Dame men. The University is in truth the alma mater of every alumnus, and other alumni are in truth his brothers. Unless there is some effort to maintain these ties, the individual loses the richness of a family life he can not replace. The strength of union is a special strength among Notre Dame men, especially now in an era that has this special strength as its target.

Recognition for a buck

5. He should give to Notre Dame. No, this is not the whole purpose of these remarks. On the contrary, I believe that if you follow out the above ideas you could be a very strong alumnus without giving at all. But it is not natural, if you subscribe to the other relationships, that you should not see the need and the appropriateness, and the obligation to give, if you reasonably can, to the support of the factor which gives all of these things their meaning—Notre Dame. Because we know physical circumstances vary greatly, we have provided that $1 gains you the same recognition as $100 or $1000 in our Alumni Association. That is what makes it difficult for me to say to students, administration and faculty that 33 Notre Dame men out of every 100 in the year 1953 could not or would not give even $1 to their alma mater. What would you say?

BOOK REVIEW

The author of this handy reference collection has achieved a very difficult task—boiling down the elaborate supreme court opinions to short, meaningful summations. The terminology of court opinions, their diffuse reasoning, the constant reference to earlier court precedents—all of these things make extremely difficult reading for anyone except the constitutional lawyer. Professor Bartholomew has decided to give the laymen a form of constitutional reference-book he can cope with—brief, simple and well-ordered. In the introduction to this collection of famous cases, the author wisely includes several pages of an earlier book he wrote, American Government Under the Constitution. These pages describe the structure of the federal judiciary and trace the movement of cases on their way to the Supreme Bench.

The choice of cases to be summarized appears to be based on what decisions were pivotal in American history, and which ones contain enduring concepts of constitutional law. For example, the Dred Scott opinion of slavery days is very properly included in this book. Much of the subject matter is now obsolete but its historical significance is still immense, and its assertion of judicial supremacy still endures.

The brevity of these summaries causes much information to be excluded that the more curious scholar seeks. But corollary cases are listed by Professor Bartholomew for further reading. Pertinent facts giving rise to the case are presented, but there is no space to explain the political and economic setting in which the issue arose. All summaries suffer by this limitation, but the author here makes good use of his available space.

This new addition to the Littlefield College Outlines will be a very convenient desk reference for students of American government, constitutional history and law, and for all people aware of the powerful impact that Supreme Court opinions have on American life.

DEARBORN—Wonder if these two talked about football? (L. to R.): Harold H. Gasser, president of Michigan State's national alumni organization and John W. Courtney, '25, vice-pres. of Notre Dame Alumni Association. And incidentally Mr. Gasser's son married John Courtney's daughter.

Notre Dame College Erected in Pakistan

This year the cornerstone of the new Notre Dame College to be administered by the Holy Cross Fathers in Dacca, Pakistan, was laid by His Eminence Valerian Cardinal Gracias, Cardinal-Archbishop of Bombay. Attending the ceremonies were the Apostolic Delegate to Pakistan, the Governor of East Bengal, the Chief Justice of the Dacca High Court, the American, British and Japanese Consuls, the Secretary of Education for East Bengal, the Vice-Chancellor of Dacca University and many other ecclesiastical and civil dignitaries.

This ceremony marked another significant advance in the apostolate of the Holy Cross missionaries in Bengal. There are several colleges and one university in Dacca. The first president of the college when it was known as St. Gregory’s was Father John J. Harrington, C.S.C. As Father Harrington was in ill health and unable to continue as head of the college, he has been succeeded by Father James L. Martin, C.S.C.

NUNS ACT IN CAMPUS PLAY

The Notre Dame Department of Speech, in cooperation with Miss Natalie E. White, Summer Theatre Director at ND and an Instructor in Drama, Speech, and Playwriting at St. Mary’s College, presented a farcical play written by Miss White.

The play, Seven Nuns at Las Vegas, concerns seven Sisters who find themselves and their convent miraculously transplanted from Indiana to the desert near the Nevada resort city. While there the nuns turn the thoughts of vacationists and natives from entertainment to religious contemplation. The farce reaches its finale when the nuns are returned, again miraculously to Indiana.

Three performances of the comedy were given on July 25-26. Two performances were presented by an all-nun cast for priests, Brothers, and Sisters enrolled at the Summer Session. A third showing was given for the public by a cast of local actresses.

Miss White was formerly associated with the Pasadena Playhouse and has a doctorate in Drama from Yale University.

Frank Carideo Receives Award
In Football’s Hall Of Fame

Frank Carideo, quarterback on the national champion 1929 and 1930 Notre Dame football teams and himself a two-time All-American, was officially enshrined in the National Football Hall of Fame October 2. The ceremonies took place between halves of the ND-Purdue game and marked Carideo as the sixth Notre Dame man to be so honored.

The Hall of Fame plaque was presented to the former Irish field general by Rev. Edmund P. Joyce, C.S.C., executive vice-president of the University. Present with Carideo when he was given the award were his wife and daughter, Randy.

Carideo joins Knute Rockne, George Gipp, Elmer Layden, Frank Thomas, and Gus Dorais as Notre Dame men who have been singled out by the Hall of Fame. The national football shrine is soon to be built on the campus of Rutgers University, New Brunswick, N. J., site of the first intercollegiate football game in 1869.

After graduation Carideo was assistant coach at Purdue, head mentor at both Mississippi State and Missouri, and assistant at Iowa. For the past five years he has been an insurance executive in Iowa City, Ia., connected with the Bankers’ Life Company of Des Moines.

Irish Basketball Team Has 24 Games Carded For Current Season

After losing three starters from last year’s great team, Coach Johnny Jordan will attempt to mold another first class hardwood outfit this year around returning Capt. Jack Stephens, forward John Fannon, and Bill Weiman, Stephens’ running mate at guard.

Notre Dame’s all-time high scoring center, Dick Rosenthal, flashy Joe Bertrand, and steady Bill Sullivan were lost from last year’s aggregation which won 22 and lost only 3.

Also returning for another season are last year’s squadmen Steve Rebora, guard; Lloyd Aubrey, center; and Bob Jastrab, forward.

Promising sophomores added to the 1954-55 Irish basketeers are John Smythe, center; Lee Ayotte, forward; and Joe Morelli, guard.

Highlights of the coming court schedule are the Sugar Bowl Tournament in New Orleans, a Madison Square Garden appearance against NYU, and the annual game with arch-rival Indiana at Notre Dame.

12 Notre Dame Alumnae, November-December, 1954
Notre Dame . . .  The University with the French name, the Irish traditions, and the American will to win.

By JAMES E. MURPHY
Director of Public Information, University of Notre Dame

The famed spirit of Notre Dame manifested itself some forty-five years before the "Fighting Irish" played their first intercollegiate football game in 1887. The University was nearing its seventy-fifth anniversary when its football team first drew national attention with its surprise victory over Army in 1913. Notre Dame's tradition of victory "what tho the odds be great or small" can be traced to a small band of French missionaries, led by the Rev. Edward F. Sorin, C.S.C., who arrived at the present site of the University on November 26, 1842.

These first Notre Dame men found themselves in the northern Indiana wilderness with only a few hundred dollars in capital. Overcoming frontier hardships, cholera and fire, they began to build a University. With bricks fashioned by hand they erected the first building now called the Old College. Today it is all but obscured by more than fifty campus buildings, the majority of them constructed in the last twenty-five years. Notre Dame has gradually developed into the University its founders envisioned. Its 5,400 students are enrolled in five colleges—Arts and Letters, Science, Engineering, Commerce and Law—and the Graduate School. Its distinguished faculty, which numbers more Protestants than priests among its members, consists of 560 scholars representing virtually every major university in the United States and Europe. Despite the great diversity of students from every state in the Union and a cosmopolitan faculty, Notre Dame students have always exemplified a spirit of unity and loyalty that is the marvel of the nation.

This oneness can be attributed, in part, to the way of life at Notre Dame. The majority of the students live in fourteen campus residence halls, fraternities never having been a part of the campus scene. The students eat together in the University dining hall which serves 15,000 meals daily. This habit of doing things together, whether it be praying in the hall chapel or playing on a campus ball diamond, develops in Notre Dame students a loyalty to each other and to their alma mater that transcends the years and the distances that may later separate them.

More important than the physical unity of the campus is the unity born of religious ideals and a philosophy of education that have always been closely identified with Notre Dame. Religion never has been extra-curricular, but rather an integrating influence in the life of the University and its students. The very name, Notre Dame—French for "Our Lady"—suggests the religious origins, atmosphere and ideals of the institution bearing her name. It follows, then, that Notre Dame has never been satisfied with merely developing professional competence in its students. In addition, the University endeavors to inculcate in young men the moral integrity required for responsible leadership.

Because Notre Dame men have so often demonstrated leadership and the determination to excel both on the gridiron and in professional and civic life, their alma mater has been adopted by millions from coast-to-coast. Many of these friends of Notre Dame are unable to assess the University's scientific achievements. Relatively few of them can evaluate the contributions that the University has made to the humanities. But all of them have recognized in this University with the French name, the Irish traditions and the American will to win much that is good and fine and worth preserving for generations to come. And so Notre Dame has become their school. Notre Dame belongs not to Indiana or the Midwest but to the nation.

The Official & Miniature
Notre Dame University Ring

The official Notre Dame ring and miniature shows the tower and dome of the Administration Building heavily modeled on one shank. The ND monogram is reproduced below with crossed torches in the background, an emblem of the ideals and attainment of Notre Dame. The opposite shank shows the seal of the University in high relief and below are crossed torches.

The raised letters "University of Notre Dame" frame the stone, set in the oval top.

Also available is a miniature of the official size ring for the sweetheart or wife. This is an exact replica, 2/3 size, of the large ring and has been manufactured to meet the great demand for this sweetheart style.

The only stones available are listed in the price list below. Be sure to specify the ring size in ordering.

**OFFICIAL RING**
This ring is actual size. The illustration shows this massive ring which symbolizes the strength and dignity that is Notre Dame.

**MINIATURE RING**
This ring is actual size. Both views show designs on shanks of this sweetheart ring which is now available. See finger size tape below.

Alumni Clubs

Akron

Fourteen young men who are enrolled as freshmen at Notre Dame were guests of the Akron Club at a buffet luncheon prior to the opening of school in September. A film "The Life of Rockne" was shown. W. J. O'NEIL was chairman of the event.

Ark-La-Tex

The organizational meeting of the Ark-La-Tex Club was held at Shreveport, La., on September 2, 1954. Officers elected were: ROBERT A. ROY, '27, president; VICTOR J. MARTZEL, '30, vice-president; and GEORGE J. DESPOT, '45, secretary-treasurer.

Aurora

The annual golf outing of the Notre Dame Club of Aurora was held on September 15 at the Crystal Lake Country Club. The tour of the links was followed by a delicious steak dinner. Karl Huffine entertained with the piano—assisted by candelabra, of course. 

Baltimore

Our annual family picnic was held this year, as usual, at Anchor Aveleigh, on the Magrath River, on Sunday, July 25, 1954. Over 340 loyal Alumni and present students, their family members and "friends of Notre Dame" were on hand to celebrate this wonderful "family day."

Due credit for the fine success of our picnic should be given to our very capable and untiring club president, JIM MURRAY ('49), and the picnic committee composed of BILL LOUGHRAN ('29), FELIX MELODY ('23), PETE HAJEWIS ('34), HAL LANGTON ('38), RAY PUTNAM ('41), BILL KEARY ('54), LARRY McDERMOTT ('51), JOE DUKERT and JIM BARRETT ('40), and to many others who contributed their time and efforts in making this the greatest picnic ever held in Baltimore.

At the moment, we are completing our plans for the Notre Dame-Navy weekend in Baltimore, October 30-31. ED O'BRIEN ('34) is General Chairman for the weekend, ably assisted by MURRAY WIEMAN ('49), Chairman of the rally, and BILL HART-MAN ('41), Chairman of the cocktail party. The pre-game rally will be held Friday evening, October 30, at the Emerson Hotel. Many notables will be in attendance, representing the Navy, Notre Dame, Baltimore Orioles American League baseball team, Baltimore Colts professional football team, Baltimore Bullets professional basketball team, and other religious and athletic groups. Following the game on Saturday, a cocktail party is planned from 5:00 to 8:00 p.m. at the Emerson Hotel. Music and dancing is scheduled for both the rally and cocktail party.

Tentative arrangements are also being made for a group of our alumni and friends to attend the Notre Dame-Penn game in Philadelphia on November 6th.

JOE PONS, '35, our Vice-President, extends an invitation to all alumni, present students and their friends, to visit his horse-breeding farm, Country Life Farms, near Bel Air, Maryland. On September 13, 1954, JIM MURRAY and BILL MASTELLONE were appointed joint marshals for the Iona Horse Show. 

Now that time, and I would imagine a liberal dosage of liniment, has eased the aches and pains of the hearty Club members who climbed—mostly trudged—the hills, and hills, and hills of the Lake County Club in St. John, Indiana, was blessed with excellent weather and a turnout of 60 members and friends. KARL HUFFINE, who coaches the golf team, has gradually making progress. Last year, 20 members of the Club gave up a weekend at home to make the Retreat. This is the largest number we have had to date. Maury's ultimate goal is to fill St. Columban's Retreat House with Notre Damer.

At the Board meeting, PRES. THOM announced that now we have about $6,000 in the Scholarship Fund on deposit at the University. Since the Notre Dame-Navy game has been taken away from Cleveland, we have had a difficult time making money. Every other year the Club sponsored an excursion to the game which netted a nice profit for the Scholarship Fund. We are on the lookout for new ways of raising funds.

The Board of Directors decided to hold regular monthly meetings every Tuesday of the month at the Hotel Sheraton. A few years ago we followed this policy and the meeting attendance substantially improved.

—Paul J. Allwein, '49, Secy.

Baltimore—Notre Dame club's family picnic boasts huge attendance.
the Club were won by E. E. Klein of Hammond and B. J. Lavery, Jr., of Chicago.

—Ernie Huffman, '49

Central Pennsylvania

The annual picnic was held near Altoona, Pennsylva nia at the home of BERT M. JONES on August 22, 1954. Approximately thirty-five Alumni, families and friends were in attendance.

—Charles G. Hanson, Secy.

Chicago

The Chicago Club of Notre Dame has launched its program of activities under the leadership of JOHN O’SHAUGHNESSY, club president. The customary round of golf tournament, Communion Breakfast, freshman reception and prep school counseling has kept the officers and members active.

CUP OUTING—JAMES T. DOYLE and GEORGE HIGGINS, genial co-chairmen of the Annual Golf Tournament, turned in a smashing summer in every department.

Held on August 26th, 1954, at Fred Snite’s beautiful Elmhurst Country Club, the event was attended by over 300 alumni. The weather was favorable until 6:30 p.m. when a little California dew made everybody on time for dinner. The usual golfers’ party—a delicious steak dinner—tapped the day and the 33 prizes put the frosting on the day for the lucky winners.

The cup—emblematic of the club championship—was won by JAMES D. CASEY with a low gross of 77. Runner-up was last year’s champion, ART ARQUILLA, with a low gross of 78. BILL FERRICK had low net of 82 and HARRY HOFFMANN had second low net of 89.

Toastmaster for the evening was John Carmichael of the Chicago Daily News who attended the program. The weather was favorable and the better economic records of men entering the University might otherwise have gone elsewhere. Any members interested in serving on this important group should contact Frank Milligan at State 2-0000.

PREP SCHOOL COMMITTEE—FRANK J. MILLIGAN has his capable Prep School Committee ready to go for a new season. On Tuesday, September 28th, the group met with FATHER LOUIS J. THORNTON, C.S.C., Director of Admissions for an up-to-the-minute briefing. Father Thornton was enthusiastic concerning the work of the committee. He had the facts and figures to show its effectiveness in increasing the number of applicants and card games served to acquaint the club members with the freshmen and their fathers.

Next year’s tournament, JIM DOYLE informs us, will be held on Monday, July 11th, 1955. You early birds can reserve that date right now.

FRESHMAN RECEPTION—The Chicago Club was host to 220 entering freshmen and their fathers at its annual reception held on Monday, September 13th. The group gathered in the Crystal Room of the Chicago Athletic Association and were served refreshments at the close of the program.

The theme for the party was taken from the inscription on Sacred Heart Church at Notre Dame—"For God, For Country, and For Notre Dame." JOSEPH D. A. McCABE opened the program as first Vice-President of the Club and welcomed the guests. FRANK O’DOWD presented that portion of the program "For God." FRANK MILLIGAN, chairman of the party, presented "For Country" and JOHN HIGGINS presented the better economic records of men entering the University who might otherwise have gone elsewhere. Any members interested in serving on this important group should contact Frank Milligan at State 2-0000.

COMMUNION BREAKFAST—The Annual Communion Sunday of the Notre Dame Club of Chicago was held at the beautiful downtown Saint Peter’s Church. A section of the Main Church will be reserved for the Notre Dame Alumni. Mass will follow the Communion Breakfast at the LaSalle Hotel. The guest speaker will be FATHER TOM BRENNAN, S.R., C.S.C.

CINCINNATI—An auxiliary to this city’s Notre Dame Alumni Club has been formed by wives of club members. Auxiliary officers (shown above, L. to R.) are Mrs. Frank Crowley, president; Mrs. Irvin Goldman, Mrs. Felix Doran, III, and Mrs. Warren Higgins, chairman of the patron committee, JOHN F. MCCORMICK as chairman of the Reservations committee and DICK A’HEARN chairman of the Publicity committee. Dick incidentally is to marry Mary Jane Schimanski of this city.

—John E. Cronin, Secy.

Cleveland

On May 12, 1954, the Board of Governors held their first meeting. The Board this year is composed of JACK COLLINS, ’32, Chairman, and ROGER BRENNAN, ’33, JOHN CURRAN, ’51, VINCE DeCRANE, ’50, CHUCK ROMER, ’49, KEVIN SMITH, ’33, BOB STACK, ’41, ART WOOD, ’32, and JOHN VENABLES, ’51. REV. JOSEPH W. BUCKLEY is Chaplain of the Club. CHARLES B. ROHR, ’30, recipient of the 1953 “Man of the Year” Award, was unanimously selected Honorary President.

Also early in May, the Notre Dame Law Association, in cooperation with the Cleveland Club, held a luncheon for Dean Joseph O’Meara of the Law School. ROGER BRENNAN served as toastmaster of the affair which was well attended by local representatives of the bench and bar as well as other members of the Club. Dean O’Meara’s talk outlined the scope and purposes of recent changes in the law school’s curriculum and he commented generally on modern legal education. June 26 saw attendance records fall at the Annual Rohr “B” Farm Stag Party. Started many years ago as a means of officially congratulating June grads and affording them and present and future students of ND an opportunity to meet alumni of the University, the Stag affair has grown in popularity until this year when over 250 attended. Father Louis Thornton, C.S.C., represented the University. Highlight of the day was the “Old Timers vs. Recent Grad” softball game, which marked a new high in competitive spirit.

CHUCK ROHR, as usual, was a very generous host. The annual family picnic was held on August 15.
Columbus

We have had a busy summer. In July we had our Golf Party at the Grasville, Ohio, Country Club picnic, and dinner followed in the Grasville Inn. Ray J. Eichenlaub was chairman and did a fine job in seeing that everyone present had a good time.

Our Family Picnic was held on Sunday, August 22nd, at the Radio Station WRFD Recreation Area. Many of the incoming freshmen and their parents were present and had the opportunity to get acquainted with each other as well as meeting the families of the other members. RALPH GUILLI-ELMI and his parents were introduced at the gathering. Ed Cantwell took some fine shots of various family groups. GENE SWISHER was chairman.

The Annual Stag Outing held as a send-off for the freshmen was held September 9th at the Falter Farm. HARRY NESTER was chairman and with the assistance of BUD MURPHY saw to it that everyone had plenty of eats and refreshments. Seventy-five members and guests were present. Special guests included two of the local sports writers, Tom O'Flaherty of the Columbus Citizen and Joe Hill of Radio and TV station WTVN.

The club is sponsoring a trip to the Michigan State game October 16th. As of September 20th, Chairman AL EICHENLAUB reported all tickets sold with many additional requests coming in each day. We want to thank the Football Ticket Committee for making this trip possible.

During the football season members and their guests are meeting for lunch at the Virginia Hotel each Monday at 12 o'clock noon.

Dallas

The Notre Dame Alumni Club of Dallas has launched what promises to be a very active program for 1954-'55.

At their first meeting of the fall season a club precedent was set in that attendants included undergrads and their dads as well as new freshman and their dds. Oldtimers extended a hearty welcome to this group. Feature of the evening was a film of Notre Dame's 1953-'54 season. Plans were discussed for the ND-SMU rally.

Chairman JERRY WAYNO took charge of the details and a total of 33 members and friends played golf. The rain and cool weather of the day did not dampen the spirits of us golfers and everybody had a swell time. A perch dinner was served in the clubhouse after we all had our fill of golf for the day. The dinner was not only deliciously prepared, but there was actually more than enough to go around.

Robert F. Raney, Class of 1948.

Early in the summer our club planned a golf outing but several difficulties arose that caused plans to be postponed. However, a picnic was held on September 9th at Hills and Dales Park to which we invited all Alumni, present students, entering freshmen, and their wives and guests. RAY CON-DRON, '40, our president, made the picnic plans very quickly and the Alumni responded well. The greatest year's freshmen attending were Andrew Aman III, Walter Schneble, Thomas Ehenhover and Thomas Hinger.

The Alumni Club attended the Notre Dame-Michigan State game and brought with them an excursion train full of Dayton friends. The difficult job of handling the ticket sales and answering the many requests for tickets was given to AN- DREW AMAN, JR., who has done another fine job.

Dearborn

On Saturday, August 14, 1954, the Notre Dame Club of Dearborn held its first annual golf party at the Plymouth Golf Club in Plymouth, Michigan. Chairman JERRY WAYNO took charge of the details and a total of 23 members and friends played golf. The rain and cool weather of the day did not dampen the spirits of us golfers and everybody had a swell time. A perch dinner was served in the clubhouse after we all had our fill of golf for the day. The dinner was not only deliciously prepared, but there was actually more than enough to go around.

On Sunday, June 20, the Notre Dame Club of Dearborn held its annual family picnic. Chairman JOHN KILBANE'S efforts were not in vain as approximately 75 persons attended the affair and enjoyed themselves to the fullest.

Games for the adults and children along with prizes and free refreshments coupled together to provide a delightful day. In addition to the Club's membership and their families, a number of students brought their feminine friends and partook of the Club's hospitality.

A general meeting of the Club's membership was held on Friday, September 3, in President DICK KING'S home. Plans were completed for the club's bus trip to the Notre Dame vs. Michigan State football game on October 16.

Six new Notre Dame freshmen from the area were present at the meeting and were given a
Des Moines

On August 16th, the Club held a reception in honor of REV. JOHN J. CAVANAGH, Director of the Laity, at the Lee Motel of Henry Ford, on Saturday evening, August 7. A beautiful evening brought out a capacity crowd of Notre Dameers for dinner and dancing out-of-doors. Club Vice-President JIM BYRNE and LARRY SMITH were co-chairmen of the tremendously successful party.

JOHN ANIHUT, club president and owner of the Inn, provided a beautiful setting in the spacious gardens.

The club has run football excursions to the Texas, Michigan State and Southern Cal games. After the untimely death of LOU MALONE, ED KRUUSE, who has just now returned home after a year's trip, will take over responsibilities to the University, their parents and themselves.

Our small clique from the far north has been enjoying themselves.

Grand Rapids

The first annual golf stag party was held at Cascade Country Club September 16. Attendance was well over 100. Clergy in attendance were: His Excellency Allen J. Babcock, Bishop of Grand Rapids; Mgr. Bryant, McMenamin of Grand Rapids. Special guest, EDWARD "MOOSE" KRAUSE.

Lots of door prizes offered—first big prize was game and was turned in to the M.S.C.N.D. feve.

DICK McCORMICK, chairman of the event, v.a. the right to have his name engraved on the trophy for low gross score. The trophy was donated by DICK McCormick. Bishop Babcock and DICK McCORMICK have been members of the most feared twosome; the Bishop, a golf bag, Moses, what looked like two golf bags but what turned out to be a pair of golf shoes, size 13 plus.

Committee members, in addition to chairman, are: JIM CLIFFORD, chairman; McMenamin and Van Bergh, secretary; MRS. McCORMICK and Bob Linsey, recording secretary; BILL BECKLEY and OSWALD ZOSS; Religion and Entertainment, PAUL SMITH, chairman, assisted by DICK DOGOLL; Recreation, GIL KIRWAN and BOB KIENEL; Finance, TOM EGAN, assisted by Paul LEEMY, BILL LYONS and ROGER ABILVMS; Membership and Attendance, ED ABRAMS, chairman, assisted by PAUL LEAMY, BILL LYNOS and ROGER SULLIVAN; Finance, TOM EGAN, assisted by BILL BECKLEY, OSCAR ZOBBEL, Director and Citizenship, WILLIAM SCHRODER, chairman, assisted by GIL KIRWAN and BOB KIENEL; Committee for Science and Engineering, BILL DAILY, chairman, assisted by DICK DUGOLIAN and HARRY MEHRE; Publicity Committee, MIKIEL F. WIEDL, chairman, assisted by PAUL RAGAN and EDWARD MAGNER; Program and Entertainment, PAUL SMITH, chairman, assisted by BOB LANGER.

El Paso

The El Paso Club enjoyed a meeting in August at the home of JAIME MORA in Juarez, Mexico.

The club's secretary, GORMAN BROCK, is enrolled in the law school at the University of Texas this year.

Evansville

The Notre Dame Club of Evansville held its annual barbeque on Monday, September 13.
Joliet

PHIL CANTWELL, football coach at Joliet Catholic High, accepted a new position at St. Mary's Star of the Sea, San Pedro, California. A farewell party was given in his honor before he departed. About 100 club members and friends attended to say goodbye. Last year in Joliet, Phil coached the Catholic High eleven to its first undefeated season in 25 years. All members of the Notre Dame Club of Joliet extend their best wishes to Phil for many future years of success in the coaching profession.

September 13 was a sad day for the Joliet Club. MR. J. HAROLD LANGDON, '32, was killed instantly in an automobile accident about 15 miles from his home. Mr. Langdon was very active in his local club. He is survived by his wife and four young children. About 35 members of the Joliet Club gathered at the funeral parlor and said a rosary in deep respect towards Mr. Langdon. A Mass will be said for the repose of his soul by Father Fabian, Club Chaplain, Father Fabian, Club Chaplain, September 15, 1955, at St. Mary's Church, Joliet, Illinois, 6:30.

Joliet Catholic High School has acquired the services of two former Notre Dame stars for coaching duties. ERNIE ZALEJSKI, former fleet-footed halfback, has taken over as head coach of the football team. Ernie starred on the Notre Dame team during the National Championship days. LEROY LESLIE, recently discharged from the service, will assume basketball coaching duties early this fall. At the present time, Leroi is doing a fine job of coaching the fresh eleven at Catholic High.

A Communion Breakfast was held October 3, 1954, to introduce the new coaches, recently returned from service, and new members to the Notre Dame Club of Joliet. These Communion Breakfast meetings are held every other month during the year with only a short interruption during the summer months. Breakfast, a short meeting, and ND football movies were the order for the day to open the Communion.

FATHER O'DONNELL, C.S.C., was the main speaker at a Columbus Day banquet sponsored by the Knights of Columbus, Joliet, Tuesday, October 12, 1954. -Joseph Stengele, Pres.

Kalamazoo

Notre Dame Alumni, both the legitimate and subway varieties, held their first annual summer outing at the Gull Lake Country Club Tuesday afternoon and evening, September 28.

ED KRAUSE, Notre Dame's athletic director, was accompanied by HERB JONES, business manager, and BOB CAHILL, ticket manager, both of whom spent most of the day explaining that ND-MSC tickets are now as rare as Phi Beta Kappa fulbacks. Another notable addition to the group from South Bend was ERNIE FISH, an Irishman with strong family background in Kalamazoo and a fine left-handed golf game.

Glorious sunshine greeted JIM PRATT turning in low gross of 72 over the windswept course and Krause leading the visitors with a 90. Following the evening dinner, pictures of the Irish 1953 season were shown. During informal conversation with the local clubmen, Krause said hastily that Notre Dame's season would be made or broken at the Texas game which opens the card.

“They will be big and rough and anxious to ruin TERRY BRENNAH's debut,” said the Moose. "We have, I think, one good team. We won't be able to overpowers them. If the ball bounces our way, we have a chance against players and Terry. There isn't a breather on the schedule, but Texas is the key.”

In a May cutting, Krause noted that the Irish will be meeting Michigan State in football, basketball and baseball and the University of Michigan in fencing. The program drew approximately 150 men. JIM MAHONEY, local club president, and ART MUL-HOLLAND, JR., directed the event.

The club sent two chartered buses to the Notre Dame-Michigan State game, October 15, as directed by the event.

Kalamazoo—Father John Cavanaugb, C.S.C., was the featured speaker at the Notre Dame Club's meeting. Left to right are Fred Nesbit, Carleton Beh, Father Cavanaugb, Joseph Whalen, and S. F. McGinn.

Kansas

The Kansas Notre Dame Club of Salina held a meeting September 21st at the home of JIM FOLEY, past president. JOHN E. CARLIN, our new president, had just returned from taking his son, John, Jr., to enroll as a freshman at Notre Dame; the meeting started with his telling of visit to the Notre Dame campus and the changes there. John met three of his old classmates who were also entering the freshman class.

Our meeting last night was to put together the Santa Fe-all pullman train that will leave Salina for the Southern Methodist game in nine weeks. So far half of this seven-car train has been sold. We realize now that we should have made a trip to South Bend instead of Dallas but that is for next year. Although our Salina club is small we feel that we have accomplished a great deal in one year. The club has given a great deal of favorable attention to Notre Dame in this area and in another year or two we should make itself felt at Notre Dame. At this time we do not know what the clubs at Wichita and Toppeka are doing except that the Wichita Club expects to tie into our special train for Dallas when it reaches Wichita.

New officers are: JOHN E. CARLIN, Mentor, Kansas, President; GEORGE COLE, 127 North Santa Fe, Salina, Kansas, Vice-President; NORR F. SKELLEY, 109 North Santa Fe, Salina, Kansas, Secretary-Treasurer.

--Nord F. Skelley, Secy.

The annual club retreat was held at Manresa October 15. The retreat is to the Notre Dame Club of Salina held at Union Station. The train for Dallas when it reaches Wichita. So far half of this seven-car train has been sold. The train will leave Kansas City on December 2, and arrive in Dallas the next morning at 8:30. The return trip will be made leaving Dallas on Sunday evening at 7 o'clock and arriving in Kansas City on Monday morning at 7:30 The group will stay, while in Dallas, at the Hotel Kansas. For reservations call ROB METZLER, Logan, 1902, RUSS FARELL, Victor 7078, or the Jerry Burke Travel Service, Victor 8740.

The Kansas Notre Dame Club held a mink stole raffle. More than two thousand chances were sold, and the profit totaled $36, Mrs. WILLIAM V. MCLEOD, auxiliary president, reported.

The stole was won by Mrs. JOHN G. MEYERS, whose father-in-law, JOHN R. MEYERS, was graduated from the Notre Dame law school in 1899. Mrs. David M. Fritzilen, mother of JACK D. FRITZILEN, '33, was raffle chairman. Top ticket sellers were Mrs. ROBERT P. PENDERGAST, '33, and Mrs. JOSEPH R. STEWART, '32.

The Kansas City Club is planning a football trip to the Notre Dame-SMU game in December. The train will leave Kansas City on Thursday night, December 2, and arrive in Dallas the next morning at 8:30. The return trip will be made leaving Dallas on Sunday evening at 7 o'clock and arriving in Kansas City on Monday morning at 7:30. The group will stay, while in Dallas, at the Hotel Kansas. New officers elected are: LOUIS W. APONE, '41, Brownsville, president; and CHARLES "BUD" MONTGOMERY, '35, Belle Vernon, secretary.

New Haven

I think the Notre Dame Club of New Haven—established only last March—has had the largest turnover of presidents of any young club in the history of the Alumni Association. At our organizational meeting this year, BOB HALPIN, '34, was installed as president. But in June, Bob was called away by the U. S. Air Force for a tour at the Thule, Greenland, Air Base; he was later transferred to the U. S. installation in Newfoundland.

AL LAWTON, '35, then moved up from his vice-president's post to the top. We thought we were going along pretty smoothly, when—Wham!—Al was drafted to head the biggest move of all—into Ft. Harford, effective October 1st. So, now DR. JOE CLIFFORD, '38, moves into the chair. We certainly hope that his tenure will have a most successful duration. By the way, we had a send-off dinner for Halpin in June.

This summer the club held an outing at Mt. Carmel, near the old New Haven. Fifteen members, their families, and a few friends enjoyed the affair, which, luckily, fell on one of the few good Sundays Canceled by the rain. The East End Beavers—led by AL LAWTON—defeated JOE KENNY's ('32) Gay Blades in a 7-inning softball game, 21-0. The 21 young-timers had themselves a gay time, and kept the soft-drink dispensers hopping all afternoon. As far as I could determine, BOB HALPIN was his usual brilliant self. But in fact the true star of the game was Jack Shaffer, who was recalled by Aetna Life to the home office in West Hartford, effective October 1st.

Another event this summer was the second annual May Dance at the Forest Hills Inn, held on Tuesday evening, May 21st. The Club held its regular meeting recently. They were invited to attend a meeting in Miami in August.

A football party was held at Piatz's house on Friday night, September 23rd. —Bill Johnston, Pres.

New Orleans

On Friday, July 16th, a joint party with the student group was held at the New Orleans Athletic Club. JOHN CACKLEY of the Alumni Office was principal speaker.

At this meeting we reluctantly accepted the resignation of BILL REDMAN as Club Secretary. Bill accepted a fine position in Government Service and has moved to Washington, D. C.

To replace Bill, we rejoined the office of Secretary-Treasurer and JIM SMITH, '50, is doing a fine job in this joint effort.

New York City

(Summary of Activities of the Notre Dame Club of New York May, 1954, through September, 1954.)

MAY DANCE

On Friday evening, May 21st, the Club held its second annual May Dance at the Forest Hills Inn, Forest Hills, L. I., N. Y. It is an activity dedicated to the Notre Dame women (wives, daughters, etc. of Notre Dame men). Over two hundred persons attended the affair under the co-chairmanship of GEORGE OLIVY, '48, and JOSEPH DITTICH, '47. The fine orchestra that supplied the music was under the direction of J. WALTERS, another Notre Dame Alumnus.

BASEBALL NIGHT

In July the Club sponsored Notre Dame Night at Ebbets Field. Following a fine buffet supper catered by the Harry M. Stevens Co. and served in the Dodger Press Clubhouse, 160 members and their guests sat in a specially reserved section of the ball park and watched the Brooklyn Dodgers top the Chicago Cubs. Beer was supplied gratis by the F. & M. Shaffer Brewing Co. This successful event was under the co-chairmanship of JOHN DUFFY and BUD MULVEY.

GOLF OUTING

The third annual Golf Outing was held on Thursday, August 5, at the Rockville Center Country Club, Rockville Center, L. I. Eighty golfers, largest number in the events history, teed off under perfect conditions. JIM HEANY, chairman of the event, is to be congratulated for the efficiency in which the number of golfers were handled as regards tee ing off, locker accommodations, etc.; in fact, all members of the Rockville Club are to be thanked for their cooperation and hospitality. An excellent dinner was served to the golfers that evening and a number of prizes was awarded.

FATHER-SON FRESHERSMOKER

On Wednesday evening, Sept. 8, at the Hotel Biltmore in New York City the club ran one of its most successful and important events a get-together for new freshmen and their fathers. Invited were boys from the entire Metropolitan area who will be attending Notre Dame for the first time this September. The program was under the chairmanship of BILL Dwyer, '54, who was assisted by BILL FALLON and JOHN DUFFY and several members of the June graduating class.

The program consisted of a short introductory talk by Mr. Dwyer, a welcome by the president of the club, JIM CLYNE, a movie on the varied activities and College of the University and the Highlights of the 1953 Football Season. After this part of the program was completed the freshmen and their fathers were invited to meet with a representative student from each college of the University. In most cases this consisted of a recent June graduate. Represented were the Colleges of Law, Engineering, Arts and Letters, and Commerce. The groups met at various tables in the room and a question and answer type of program followed. So successful was the program and so enthusiastic were the boys and their fathers that the groups remained together for about an hour and a half. The consensus of opinion was that all questions pertaining both to life at the University and its various features were answered in a complete and clear fashion. Questions ranged from "What is the University doing in the field of nuclear physics," to "How is the best way to travel to South Bend," and "How many dates are we allowed?" JIM HARRINGTON of the class of '54 and champion pole vaulter conducted the question and answer session for the College of Engineering and did a magnificent job.

KICK-OFF MEETING

The first formal meeting of the 1934-35 season was held on Wednesday evening, Sept. 22, at the Hotel Biltmore. The guest speaker for the evening was JACK LAVELLE, former Notre Dame football star and current publicist for the N. Y. Giants baseball team and chief scout for the N. Y. Giants football team. Jack was his usual brilliant self.

Club elections were held in mid-June at the Military Park Hotel in Newark. There was a moderate turnout of Alumnus, who besides voting also ratified certain changes in the Club Constitution. Among the newly elected Club Officers were ART MULHERN, '38, President; TOM GREEN, '48, Vice-President; PHIL SANDMAIER, '46, Treasurer; and TOM FALLEY, '39, Secretary.

JOHN KELLY, '40, and DR. PHIL. PROVINSHER, '30, were added to the Board of Directors. Among sundry matters discussed were plans to run both a train trip to Baltimore (Navy game) and to Philadelphia for the Penn game. Last year's trip to Philadelphia was a fine success and DAN O'NEIL and PETE QUINN, co-chairmen of the trips, look forward to another sellout.

The club held its usual Fathers' Welcome on September 9th at the Robert Treat Hotel in Newark. This function brought out 165 interested parties, including 50 matriculating Freshmen and their Dads. The program was fine and constructive and was under the chairmanship of Councilman JIM FITZSIMMONS of East Orange, Brief but ext erior to Philadelphia was a fine success and DAN O'NEIL and PETE QUINN, co-chairmen of the trips, look forward to another sellout.

Northern California

The Notre Dame club of Northern California has a full fall schedule planned. The club will have a Thanksgiving Day dinner party with 200 guests and a Christmas dance for students. The annual golf outing of the Pittsburgh Club of Northern California will be held September 8th at the Butler Country Club north of Pittsburg. We had a record 67 golfers, including ERR, DUKE RANK and REG BAIN.

Ohio Valley

The Notre Dame club of the Ohio Valley held its annual fall meeting at Figaretti's restaurant in Wheeling, W. Va., Wednesday evening, Sept. 29. RUSSELL RICKUS, president, was in charge of arrangements for the club-sponsored trains or cars. The annual golf outing, June 16th, at the University course, attracted over 200 members and guests.

Philadelphia

The club sponsored a football trip to the Notre Dame-Texas game. A meeting was held on September 14 to discuss the Navy game trip on October 30 and the Notre Dame-Pitt game on November 6 when Notre Dame plays Penn.

Phoenix

The club's family picnic was held at St. Francis Xavier Pool, August 14. CARLTON GILBERT was chairman and his committee consisted of ART SHEPHERD, DUNC RANK and REG BAIN.

Pittsburgh

The annual golf outing of the Pittsburgh Club was held September 8th at the Butler Country Club north of Pittsburgh. We had a record 67 golfers. O. ROBINSON, captain of the ND golf team, tied for low gross golfers and 93 at the dinner. PAUL HUDAK, was held September 8th at the Butler Country Club north of Pittsburg. We had a record 67 golfers, including ERR, DUKE RANK and REG BAIN.

San Antonio

The August 24 meeting at Yuse's Restaurant attracted 39 members, associates, and guests—a new record for attendance at a regular meeting. The club honored three of the five undergraduates attending the university from San Antonio, the other two being unavoidably prevented from attending by WILLIAM M. "TEX" ALLISON '49, recovered from hearing kind words expressed about him in letters to the club from former head football coach LES HARPER and former teammate TOM KING, now at Michigan State College as Dean of Students, and delivered an interesting commentary on football days of yore at ND.

St. Joseph Valley

The club inaugurated its 1954-55 activities with the annual golf outing, June 16th, at the University course. Approximately 200 members and guests participated in a day of golf, refreshments, prizes, games and a genuine chuck-wagon beef barbecue. The first section of the 3rd annual Tuesday Quartermaster Luncheon Club was held the Tuesday before the opener with Texas. Head Coach TERRY

Houston—More than 160 attended the Houston Club's second annual summer outing, a joint function of the alumni and their Ladies' Auxiliary. Shown (L to R) are Donald F. O'Brien, in charge of arrangements for the club; Mrs. Thomas F. Green, Jr., in charge of arrangements for the auxiliary; and Jerome W. Slater, Jr., an incoming freshman.

A good time was had by all, and we hope that this will be an established annual affair. A substantial amount of money was raised for our scholarship fund. We have one boy at school now on a scholarship and another one to enter this fall.
BRENNAN was the principal speaker and introduced his new staff of assistants. Other principal speakers at future luncheons are to include: John Carmichael of the Chicago Daily News, Clarence "Biggie" Munn of Michigan State, Stu Holcomb of Purdue, BERNIE CRIMMINS of Indians, ARCH WARD and FRANK LEAHY.

The club held a smoker in the Morris Inn on Friday night before the Michigan State-ND game. Plans are being made for the annual Football Banquet, which will be held in the University Dining Hall early in December.

St. Louis

The annual picnic was held Sunday, August 8, under the direction of this year's chairman, TOM MCGUIRE. Location was Fitzpatrick's Leisure Lea in St. Louis County, and was attended by approximately 175 adults and children. Ball games, swimming, and just plain "talking" took up the greater part of the afternoon, and was followed by a barbecue. The affair ended with a drawing for attendance prizes.

A luncheon was held on Sept. 13 for all of the new freshmen and their fathers in the St. Louis area, under the direction of BOB HELLUNIG. This luncheon was held in an attempt to give the new students an idea of what to expect when they arrive in South Bend. BOB McAULIFF, President of the Student Club at Notre Dame, addressed the new students, as did VINCE FEHIG, the "Man of the Year" award winner for 1953. GEORGE CONVY, President of the Club, presided at the head table.

The club's full four-year scholarship to Notre Dame has been awarded to James L. Krone, son of Mr. and Mrs. Burton L. Krone, Springfield, Mo.

Tri-Cities

The Notre Dame Alumni Club of the Tri-Cities held its annual dinner-dance meeting in July. The event was held at the Town and Country Club in St. Paul. While the men played golf, the ladies enjoyed a bridge game. A roast beef dinner was served early in the evening. Among the freshmen and returning Notre Dame students were entertained along with their parents at an informal reception on September 5. It was held at the University Club of St. Paul.

—Carl J. Ellers

Washington, D. C.

The initial get-together of the summer season was an informal Sunday afternoon dance held in the Hatlequin Room of the Sheraton-Carlton Hotel on June 13, 1954. In addition to the members of the club, several students and former alumni were invited. TIGHE WOODS, '33, did an excellent job as chairman of this affair. Incidentally, Tighe recently opened his own real estate office here in Washington and is conducting the business under the name of Merryfield and Woods.

On June 26, 1954, the annual family picnic, under the able chairmanship of JOHN BRAD-TERNO and BILL ALVLE.

Our number one alumnus and outstanding citizen, ARTHUR P. HUDSON, '95, and Mrs. Hudson were present at the Texas game and helped TERRY BRENNAN usher in a new era of Notre Dame football history. A chartered flight brought alumni and friends of Notre Dame to the Purdue game. Among them were JOE NEENAN, JERRY YORE, MIKE PAT-TERNO and BILL MALE. As for the future, we will have our annual cocktail party during the week of December 26th. We intend to have a television stag party for the spring game, that is, if some kind soul will volunteer his home for the party.

—Cornelius T. Desmond, '51, Secy.

Western Washington

On July 13 the club took over the University of Washington Penthouse Theatre on an exclusive reservation basis for the showing of "Charm is the Word," an Irish comedy. GERRY KANE was general chairman while JOHN ENGLISH was Tacoma chairman.

The club participated in the annual laymen's retreats held at St. Martin's College this summer. W. H. TIERNEY, '01, continued the pioneering work of the late revered GEORGE NYRE in encouraging all Notre Dame men to attend.

WilliamsporT

The Williamsport Notre Dame Club held its second annual send-off get-together for students returning to the University and re-elected WILLIAM R. DOWNS president for a third term. All other officers were re-elected: HARRY R. KRIMM, vice-president, and JOHN B. WILL-MANN, secretary-treasurer.

The club's next event will be the annual Christmas party for students and alumni. MR. DOWNS is making plans to survey all alumni to get greater participation in Foundation response.

Twin Cities

The alumni club staged a golf tournament and dinner-dance meeting in July. The event was held at the Town and Country Club in St. Paul. While the men played golf, the ladies enjoyed a bridge game. A roast beef dinner was served early in the evening. Among alumni and guests from the areas surrounding the Tri-Cities, approximately 150 alumni present, and there were many golfers present at the Tri-Cities. Attorney ED DALEY of Burlington, Iowa, won two tickets which were raffled off for the Iowa game.

One of the events of the season will be the smoker which will precede the Iowa game. BILL BERN-BROCK, president, and RALPH CORYN are making preparations for it now. It will be held in the Blackhawk Hotel in Davenport, and from what we hear, it is something that none of us will want to miss. Out-of-town guests coming in for the game are welcome to attend.

In addition, our calendar of events for the rest of the year includes our Men's Corporate Communion Breakfast held at Holy Cross College. In addition, the dub's next event will be the annual Christmas dance.

Recently appointed permanent postmaster of Portland, Ore., is former Notre Dame freshman football coach and law school graduate, Albert M. “Duke” Hodler, ’23. Duke was named for the permanent position by President Eisenhowcr on Aug. 3. He was sworn in by another Notre Dame graduate, Circuit Judge Frank J. Lonergan.

He attended Oregon State College and played football there for three years. Duke went to Notre Dame to pursue his law studies and while there served as freshman football mentor in 1921-22 under Knute Rockne. The famed “Four Horsemen” were coached by Duke in his first year at Notre Dame.

After receiving his diploma he coached football in San Francisco. From 1934-42 Duke served as deputy district attorney for Multnomah county, (Portland) Oregon.

family to see such a sincere tribute to Dad in the Missouri yearbook. The students sent him a card. More than ever before, I realize that a good deal of that love stemmed from the many lasting friendships Dad made at the University through the years. It is so nice to know, Sir, that the Class of '22 was as close to Dad in death as it was in life."

Father JOE RICK, C.S.C., Spiritual Superior of the Province of Ann Arbor, Michigan, sent a letter to his son in the Log Chapel on Jan. 17, 1931. Father Noah is pastor of the Church of St. Charles Borromeo, 614 Main street, Columbus, the Holy Name Society, Field Enterprises, Inc. Two years later in 1946 he was Commander in the Navy. In 1946 he was appointed assistant sales manager of Field Enterprises, Inc. Two years later he was made general sales manager.

Howard is a member of the Knights of Columbus, the Holy Name Society, and the Merchants and Manufacturers Club. He regards an audience with Pope Pius XII in 1950 as his greatest thrill. Howard married Evangeline Peterson in the Log Chapel on Jan. 17, 1931.

Boys—it's here! Our thirtieth is coming up this June. The good Lord has spared 338 of us out of 504. We all know the class of '25 has been known to break all records—starting in our college days. BOB COONAN, that rascally fellow, was the best upset to that time, because we came thru with the "mostest." The rest of the classes have had nothing to equal it. We hope to make our class the best again.

This column will start with the thanks of the secretary to the Athletic Department. Due to the fact that they usually schedule a few football games at home each fall, the secretary is able to get a little news of the members of the Class of ’26. Otherwise we might again have a blank column.

At the Texas game, we bumped into JIM PEARSON who told us that LEFTY TATHAM is now located in Flint, Michigan. For the first time since graduation, to the best of my knowledge, I saw JOHN MCMULLAN, the old tackle, who looks like he could still do a pretty good job at the position. FRAN CROWLEY sat behind us at the Texas game and JOE QUINLAN was nearby. LOU CODY did not have his wife sitting with him at the Texas game, but she did show up for the Purdue game.

Half-time during the Purdue game, in the distance we saw JERRY NORSCHES stand up. However, he was too far away to bother us. I get regular reports on him as he handles any insurance problems that develop for my son who lives in Fort Wayne.

We missed BOB CAREY and his wife at the Texas and Purdue games and I am afraid that we won’t see him at the Michigan State game as the “ponies” will still be running at Hawthorne on that date if I recall their schedule. Bob, as you know, is managing director of that track and from what we have read in the newspapers is doing a very wonderful job.

We hope that the later games in the year, there will be other ’26ers show up but we would like to have some of them write in with some ideas for our 50th reunion which is not very far away.

EDWARD A. FALLOn has formed a partnership in law under the firm name of Sheht, Halter, McGoldrick and Fallon with offices located at 11 Broadway, New York City.

ANDY CONLIN is now executive vice-president of the Peabody Coal Company in Chicago.

ARTHUR (BUDD) BOERINGER, head line coach of football at Cornell University, resigned this summer so that he may live and work closer to his home in Park Rapids, Minnesota. Bud had been at Cornell since 1946.

1928
Louis F. Buckley

Chicago 51, Illinois

JUDGE MARTIN V. CALLAGy died suddenly in his home in New York City on August 4 of a heart attack. Bud had been justice of the Court of Domestic Relations in New York since April. He had served previously on the same court in 1914 and was named secretary of the New York City Commission for the Temporary Care of Children in 1916, serving until 1931. He was appointed secretary of the Mayor’s Committee on Aid to Dependent Children in 1930 and secretary of the New York City Commission for the Foster Care of Children in 1931. Bud had also served as a member of the legal staff of the Public Service Commission. He became assistant corporation counsel in 1942 and was attorney-in-chief of the Legal Aid Society. Bud received his law degree from Georgetown University in 1931 with MIKE RICKS, GEORGE FLICK, ART MILLER and BOB STEEPLE. He is survived by his wife, a daughter and two sons. A Mass was offered for Bud at the request of the Class by FATHER JIM McSHERRY, Bud’s close friend. MIKE RICKS, on behalf of the Class of ’28, had some Masses celebrated for Bud at Holy Cross Seminary. I hope MIKE will set a precedent for others to follow.

As our Vice President BILL CRONIN stated in his wire of sympathy to Mrs. Callagy, “Bud was one of our most distinguished classmates.” The freshman representatives, many of the fraternity, and the freshmen of Youth House is typical of the expressions made following Bud’s death: “As Secretary of the Notre Dame Athletic Council, Bud was a tireless worker for Notre Dame, and as President of the Student Council, he gave of his time and his heart, to the development and advancement of Notre Dame.” He had served on the Notre Dame Alumni Board of Directors as Class Secretary, as he never failed to respond to my many requests for assistance in class work. He wrote to the men in New York City promoting attendance at our 25-year reunion. Unfortunately, he found at the last minute that he was unable to attend himself. He was active in the Notre Dame Club of New York, having served as Vice-President from 1947-1950. You will recall that JIM SHOCKNESSY’s class nominating committee selected Bud as one of our Vice-Presidential candidates for the Class of ’28, and ANTONUS represented the Class at the funeral. Please remember Bud in your prayers. Mrs. Betty Callagy wrote that the many expressions of sympathy from New York moved her to tears.

The sympathy of the Class of 1928 is extended to our Vice-President, JACK CANTIZANO, on the death of his brother, FRANCIS CANTIZANO, who died in Biloxi, Mississippi, on July 27 of advanced leukemia. He is survived by a wife and seven children. BOB EVANS advised that the August issue of the Catholic Action of the South reported that the Canizano brothers (James T. ’28, Dr. Vito, ’29, Anthony, T. J., and Joseph) donated a new statue of our Lady of Mount Carmel to the Carmelite Monastery at Jackson, Mississippi. It was given in commemoration of their deceased parents and in dedication to our Lady of Mount Carmel.

The June, 1954, issue of Social Action Notes for Priests carried a report concerning the awarding of this year’s Monagahar Award to J. CHARLES SHORT. His acceptance speech was quoted at length. The award was conferred on the Philadelphia Chapter of the Association of Catholic Trade Unionists. Charley received his LL.B. degree from Duquesne University. He practices law in Philadelphia and teaches for the Jesuit Institute of Industrial Relations. Charley is married and has three children. Congratulations, Charley, on this recognition of your good work.

ANDY CONLIN has moved from Cleveland to Albany, New York, where he is claim manager for the Travelers. His new territory covers a good portion of the northwestern United States. Ed has four children ranging in age from 17 to 23 and two grandchildren. He has a son attending Mildred Novplian and another son at Notre Dame. I saw several classmates this summer. On our way to visit our son at camp in Northern Wisconsin, we stopped in Stevens Point to see DAVE KINNEY and Dave has been doing well. He is still claiming children, ages 7, 4 and 3. He teaches physical education and mathematics at the P. J. Jacobs High School in Sheboygan. We stopped in Chicago to see DR. BOG FORGETY at St. Thomas College in St. Paul, Minnesota, where he is professor of history. It has been 35 years since we last saw Charley. He mentioned how much he regretted his inability to attend the reunion because of a research job he was doing for the Army. Unfortunately, we missed seeing RAY MOCK who is director of the placement service at St. Thomas. He had a son attending the university and another son at Notre Dame. DENA1ER—Archbishop Urban J. Vehr took time out from his Episcopal duties to baptize Matthew David, the seventh child of ND President of the Kentucky Institute of Architects. This reminds me of the finest addresses I have ever read."

The Congressional Record for August 30, 1954 (page 6394) carried a speech on "Employer Associations" by JOHN Q. ADAMS, 75th President of the Manhattan Refrigerating Co., X. Y., Brant Terminal Annex, Bronx, N. Y., and Union Terminal Cold Storage Co., Jersey City. congressman McCormick referred to it as "one of the finest addresses I have ever heard." The address was given at the Serra International Convention in Grand Rapids, Michigan, on July 8, 1954.

While speaking of the Serra organization, an architect friend from Milwaukee tells me that PAUL BRUST, who has seven children, is very active in the Serra Club there. Paul also has held various offices in the Wisconsin Chapter of the American Institute of Architects. John is to speak at one of their monthly meetings in 1955. The Judge also mentioned that Martin is a civil engineer with the U. S. Army Corps of Engineers there.

I was pleasantly surprised to receive a letter from JUDGE JOHN CULLISON of the Connecticut Superior Court. John mentioned that he met LARRY MASON in Pomfret, Conn., where they were staying at the same inn. LARRY MASON in Pomfret, Conn., where they were staying at the same inn. Larry lives in North Haven, Conn., and is examiner for the Federal Deposit Insurance Corp. as a specialist on trust department examinations. Larry has four children ranging in age from less than one year to 15 years of age. John mentioned that Larry has led the organization of a Notre Dame Alumni group in the greater New Haven area. Many of you probably noted Larry's picture with the New Haven-ND group in the last issue of the ALUMNI. John is to speak at one of their monthly meetings in 1955. The Judge also mentioned that he sees JOHN ROBINSON frequently at meetings of the Advisory Board of Alberlus Magnus College.

RECALL—Dr. August H. Geraghty, Trustee of Notre Dame, died in Chicago on March 19, 1954. Dr. Geraghty was a member of the Board of Trustees of Notre Dame for many years and was a leader in the development of the University's educational programs.

JOHN LYONS, JIM REILLY, ARNOLD THOMA and NORB SEIDENSTICKER. The following men are also active in the K. of C. local chapters: ED DEAN, ED POTTIG, DICK GREENE, HUGO HAHN, BILL KIRWAN, JOHN LYONS, JIM REILLY, ARNOLD THOMA and TOM TRAUBERG.

While on the subject of fraternal orders, I should also mention that SWADE SCHROEDER (Grand Aerie Justice) and GERALD SHEIBLEY (Worthy Pres.) are active in the Fraternal Order of Eagles. I remember a few years ago I noted where SWADE SCHROEDER met with President Truman to discuss a program of the Eagles. FLOYD SEARER, BOB GRANT, GEORGE BEAVER and ALLEN JOHNSON are active in the Masons. You will recall that GEORGE BEAVER had to divide his time between the Class and the Masons during the reunion week end.

VINCE PENOTE, is President and General Manager of the Cleveland Tractor Co., very proud of the Great Lakes situation. In addition to Vince as President, his brother John of the Class of 1933 is Vice-President, NORMAN J. GILBERT, '33, is Sales Manager, and JOHN J. REIDY, '27, is a member of the Board of Directors and Ass't. Secretary of the Company.

I noticed in the Madison, Wis., newspapers where GERALD F. MCGILL, State Director of the Bureau of Alcohol Studies of the Wisconsin Department of Public Welfare's Division of Mental Hygiene, served as general chairman of the National States Government Alcohol Conference in Buffalo, N. Y. on March 4th, and the American Safety Razor Corp., called my attention to the fact that he is also serving as the Director of the New Jersey chapter of the American Foundation for Mental Hygiene. John Robinson is Chairman and JUDGE CULLY, '27, is President of the South Bend Board of Directors of the American Safety Razor Corporation. It is hoped that you made good use of the list of reunions which was sent to you in September.

Bernard M. Finnigan, a law school graduate of 1925, was appointed last April to the post of General Manager of the American Safety Razor Corporation, Kingsbury Division, Laporte, Ind. He was previously associated with the Brooklyn plant of the same company.

Bernie practiced law in Chicago from 1927 until 1941. Prior to employment by the American Safety Razor Corp., he was Director of Management Information for the Studebaker Corporation, and for several years had been Assistant to the Director of Industrial Relations of that company.

Mr. and Mrs. Finnigan now reside in Laporte, having resided previously at their summer home at Diamond Lake, Cassopolis, Mich. They have two children.

While speaking of John Robinson, I noted his biography in "Who's Who in America," recently published. John, as you know, is Headmaster of the Robinson School in West Hartford, Conn. He has five children, ages 7 to 16. John served as executive director to former Governor Robert A. Hurley in 1915, State Director of selective service for Conn., 1942-47, and a member of the staff of the national director of Selective Service, 1941-48. He served as Commander in the U. S. N. R.

A friend of mine, who does business with the Cleveland Tractor Co., called my attention to the financial report and employee handbook of that firm. I noted that my old neighbor in Freshman Hall, VINCE PENOTE, is President and General Manager of that company in Cleveland which manufactures excavating (Trencher) machinery. I understand that Vince is also President of the "Jaguar-Cleveland Motors Inc.," a foreign car agency. The Cleveland Trencher Co. is very proud of the Great Lakes situation.

George F. Covert, Jr., wrote that his father who attended Notre Dame in 1922-23 will join him in returning for a game this year. George is on the experiment staff of DeVilbiss Mfg. Co., Toledo, Ohio. His wife died in 1948. George reports that he spent most of the summer in Canada fishing. He sees ED HAGERTY, BILL CLARK and BOB DUNN regularly.

Tom Traugher advised that John Carlson operates a wheat and cattle ranch in Kansas. John will have a son at Notre Dame this year. I noted John's picture with the Kansas Notre Dame Club group in the Nov-Dec. 1954 Alumni. His new address is Mentor, Kansas. Tom also reports that John Buschmeier, who has been Superintendant of the Louisville N. F. National hospital since 1934, has three children. Tom also sees JOHN BURCHERD, who is with a steel company in Birmingham, Ala. He reports that he is 37, architect of Nashville, Tenn., and THEO (FRENCHIE) DOHOGNE, '27, who is in the electrical engineering department at Clarksville, Tenn. Bruce Truitt of District Attorney General for the State of Tennessee, Montgomery County. He lives in Clarksville, Tenn., is married and has a son, age 7.

Bob Evans is assistant manager of the Minneapolis Lumber Co. in Vicksburg, Miss. Bob has a son, age 26, at the University of Mississippi and a married daughter and son-in-law living in Vicksburg at present. George Coury stopped by to visit Bob recently.

It was good to see DR. GUY LORANGER of Gross Pointe, Michigan, at the 25th reunion, as I had not heard from him in some time. Guy is another classmate who is responsible for the high birth rate in the class, as he has six children, ages 7 to 18. His oldest daughter is at Madonna University. Guy commanded a unit of the 5th field hospital while he was on active duty from 1940 to 1946. He was in the New Guinea and Philippines campaigns.

Other notes which I have located on reunions who have not been mentioned recently include the following: BOB NICKELLS of Los Angeles, is in the general insurance real estate business. He has one son, age 19, BILL O'NEILL, President of Transportation Service, Inc., in Cleveland has four children. One of his sons is at Georgetown and a daughter is at St. Mary's of the Woods. Another classmate in the transportation business is LOUIS CARR, Vice-President and General Manager of Coast Cities Coaches, Inc. Lou who lives in Spring Lake, N. J., has three children, ages 7 to 18. JOE BRAUNSDORF is district engineer with the Indiana & Michigan Electric Co. in South Bend. Joe has a son, age 14. Joe was inquiring about JIM BERRY. At the reunion Paul Brust was inquiring about ED BETHEKE, SAM DUBA and LEO FETTIG. Leo is an associate general contractor in Dayton, Ohio. He has four children, ages 5 to 9. DR. BERNIE CROWLEY, the only dentist in our class, is with the Veterans Administration in Wichita, Kansas. Bernie mentioned that he sees AL GEBERT. AL served as executive director of the Northwestern Mutual Life Insurance Co. in Columbus, has three children, ages 6 to 15. John mentioned that his Sophomore Hall roommate, ALEX DOMBEX, is an attorney in Columbus.

AL SCHNURR, Vice-President and Treasurer of Allemand & Sons, Ltd., which has headquarters in Sandusky, Ohio, informs me that ROY WOR DEN, South Bend architect, is rather well known for his South Bend airport design which received considerable attention in leading architectural magazines, even as far as Japan. Roy has been President of the South Bend Board Zoning Appeals, the Indiana State Board of Registration for Architects and the St. Joseph County Bar Association. At the reunion John mentioned that he sees JOHN BURCHERD, who is with a steel company in Birmingham, Ala. He reports that he is 37, architect of Nashville, Tenn., and THEO (FRENCHIE) DOHOGNE, '27, who is in the electrical engineering department at Clarksville, Tenn.

It is hoped that you made good use of the list of reunions which was sent to you in September. Please drop your Class Secretary a line reporting on news of '28 men you have seen so we can continue to give you your column.

May I thank the following classmates who took care of mailings and mimeographing or who picked up the checks for class printing bills this year: HOWIE PHAIN, ED MCKEOWN, J.F. CAN- ZARO, MIKE RICKS and BILL KEARNY. As the result of their assistance, we have been able to keep the Class newsletters, Mass offerings, Incidentally, the address of our Treas urer, JACK SHEEDY, is 1118 Farmers Bank Building, Pittsburgh, Pa.

RUSSELL and his wife, Dorothy, celebrated their 25th wedding anniversary on September 19. According to AL SCHNURR, half of Sandusky turned out for the occasion. The guest of honor was CHET RICE and BILL MURPHY. Chet drove in from Cleveland with his wife while "Murph" flew in from Chicago. Russ has a son, George, who is a sophomore at St. John's University in Cleveland and his daughter, Carol, is planning on getting married in November.

ALFRED J. GAUTHIER's new address is c/o M. J. McLafferty, 56 Reid Street, Rutherfordsburg, Va.

W. R. SIDFENDEN was elected president of Liquid Petroleum Gas Association at the convention and trade show held in Chicago.
FRANCIS X. O'NEIL of Long Beach, Calif., was honored recently by being named Knight of Columbus, by the Catholic War Council 3449. Frank is employed by the Standard Oil Company of California in the sales department. In addition to his work, he is also a member of the Catholic Welfare Bureau as well as various civic organizations.

From now on all Class reporting will be concerned chiefly with Reunion plans. As you can note, blocks all over these Class pages call attention to the June 10-11 Reunion, and the principal emphasis falls on our 25th Anniversary. It is the Silver anniversary reunion that draws the largest turnout of classmates, and it is a group that the President of the University honors at reunion time by having them as his guests at a special dinner at the University and its pensioner, the Munster.

It is customary for the 25th anniversary class to use Lyons Hall for its headquarters. Its nearness to the lake, to campus, to Library and the golf course make it ideal for a reunion site. Events that make this reunion a memorable one include Mass for the deceased, said for deceased members of the 1930 class, distribution of cards bearing names of all the deceased from our class, the Friday evening dinner at the Morris Inn on the campus, the luncheon Saturday with the President, and the annual Alumni dinner on Saturday evening. There will be Masses in the basement chapel on Sunday morning for the later Masses in Sacred Heart Church for other reunion guests.

There is no set pattern of a reunion schedule that must be adhered to. If a sufficient number of returning classmates request some other project of unusual interest, every effort will be made to provide it. The June 10-11 Reunion, is no doubt that 1930 men will be tremendously interested in the physical growth of Notre Dame since their last visit here. There will be plenty of room if necessary, to take pleasure walks to the new O'Shaughnessy building, the Nieuwland science building, Lubond Laboratories, and the student center. There will also be mass meeting in the gym, and later Masses in Sacred Heart Church for other reunion guests.

From what has been said so far, one would think that the golf course was not operating during reunion time. As a matter of fact, we expect 1930 men to win most of the prizes in the Alumni Tournament.

The following members of the class of 1930 have been asked to help with the reunion activities, to coordinate travel plans for classmates in their respective regions, and to nominate a candidate for the class gift which must be chosen at reunion time. All class members will be kept informed about all such committee groups.

JAMES W. SULLIVAN is a funeral director in Royal Oak, Michigan. He and his wife Geraldine have four children, Bill 19, Johnny 11, and twin daughters Jarrag and Martha, 7 years old. Jim sees MACK TREMBLEY and ED NERB frequently. He was at the 1930 reunion and plans to be at the Big One. Would like to hear from DAN SULLIVAN and DENNY SHANAHAN.

DR. JOHN FORSEE is still practicing dentistry in New Jersey. He says he sometimes sees JOE ABBOTT, LARRY CRONIN, DR. JOHN HOFFMAN, and DONALD SULLIVAN. John says he is coming back for the 25th Reunion—was also here for the 20th. Should be one of a big contingent from New Jersey.

Top honors of the life insurance field were bestowed upon Charles F. Daly of West Palm Beach, Fla., recently. Chuck was elected to the “Million Dollar Round Table.” This requires the sale of $1,000,000 worth of life insurance within a 12-month period.

Upon leaving Notre Dame in 1940 Chuck was associated with the law firm of Kadel, Shields, and Weiss in New York City. During the following year Chuck enlisted in the Air Force as a private. He was discharged in 1945 as a captain.

Chuck returned to civilian life as a life insurance salesman for the New York Life in Buffalo. In 1950, Mutual Benefit of New Jersey transferred him to West Palm Beach to represent them as district agent. Last year he was offered the general agency of the Franklin Life Insurance Company in Palm Beach. This is the position that Chuck now holds.

Chuck married the former Betty Erion of Buffalo in 1942. They have two daughters, Holly Anne and Sharon Elizabeth.
EDWARD M. NAUGHTON, '23

Edward M. Naughton has been named president and general manager of the Utah Power & Light Co. He graduated from Notre Dame with a mechanical engineering degree and later attended the Westinghouse Electric Corporation post-graduate school. Ed has been associated with the electric industry for more than 29 years. He joined UP&L as superintendent of steam-electric plants in 1935. Since that time he has served as assistant manager, assistant to the vice-president, and vice-president before being named to his present position. He is a director of the National Association of Electric Companies, a member of the Public Information Program's Steering Committee, and was enlisted by the government in October, 1952, to serve for six months as director of the engine and turbine division of the National Production Authority.

Ed lives in Salt Lake City with his wife and only daughter.

month of August. By forcing me to put my money on the line for a few months' rent, my wife has succeeded in her efforts to get me to take my full three weeks' vacation (perhaps this may be a tip to the wives of other guys who have the false impression that they are indulgent in their '51). From this point we will head north for the first, third, and fourth weeks. Therefore, this week I am 'batching' it. You can well imagine how anybody could get carried away tomorrow for my last two weeks of leisure.

"Before I started this thesis I created the enclosed check for the Class of 1953 Mass Fund. I had intended to be brief, even to the extent of your suggestion of just a card to accompany it. But I'll have to take you up on that with my next check, which I assure you, won't be as long in coming as this letter. Again, more power to you for being Notre Dame's best class secretary. Goodnight Jim, God bless you."

Harold J. Stebler

Thanks for a wonderful letter, Harold. I am so glad you are building up your hard work. I appreciate it. I still haven't had time to write to all the good people who attended the noonday Mass at St. Peter's. I ran into our esteemed Reverend from Danville, C. Peter Mander, who said he had been here with his Mother and we had a pleasant, but altogether too short visit. Both look very well. Bourke gave a good talk. This week I write to TOM, JOE MEITZLER and JOHNNY BELTON.

I had a call from Jim Mulvany who had heard that his brother Jim was in Chicago conducting sales for John B. Keough. He also had a note from John Burns informing him of the death of the father of Joseph (Slim) Mahon-Marton's Done Why did this sufferer suffer? On the contrary, I wrote to wish to extend our sympathy to Slim and Marn.

I had a note from Father John Moraff thanking the Class for a donation for Joseph P. Keogh, Andrew G. Patrick, John J. Holmes, Jerry Madden and Allan Howard. Father Moraff said that this year was much better than the last, and in fact from any '31ers who are down for football games. More cards were sent to the families of Notre Dame, and I received an acknowledgment from Mrs. Keogh. From Mr. Agnes B. Howard, Al's Mother, comes the following note:

"Dear Friends,

I may call you that as I feel that way toward anyone from Notre Dame or who knew Allan. His sudden passing left me all alone, so I moved from Los Angeles to Pocantos, Iowa, where all my people are. Al and I were very close friends, and I don't think it is possible to round up some of these years and friends at Notre Dame; he liked to talk of his visits to Chicago and the good times he had there. I want you to remember my son Jerry in the expressions of sympathy and the Mass offering. It is deeply appreciated, and I pray that God will bless all of you and your families."

From Edward A. Madden, uncle of Jerry Madden: "I was able to give some comfort to Al's Mother at St. Elizabeth's Hospital, Covington, where she has been confined for several years, due to diseases and a stroke and I am assuring her. His Mother and I were deeply touched at her 76th birthday on October 11th and asked that you remember her also in your prayers.

Please remember those coming from the Class of 1931. These and other letters you have read are an indication of what has been done with your contribution to the fund of the Class of 1931. It is truly too bad to do it to better by sending your contribution now.

CARROLL SIZER, who spent his Freshman year in the College of Business, writes about his MT
career, his life and his death. From Mrs. Agnes B. Howard, Al's Mother, comes the following note:

"I may call you that as I feel that way toward anyone from Notre Dame or who knew Allan. His sudden passing left me all alone, so I moved from Los Angeles to Pocantos, Iowa, where all my people are. Al and I were very close friends, and I don't think it is possible to round up some of these years and friends at Notre Dame; he liked to talk of his visits to Chicago and the good times he had there. I want you to remember my son Jerry in the expressions of sympathy and the Mass offering. It is deeply appreciated, and I pray that God will bless all of you and your families."

From Harold J. Stelzer, Evanston, Illinois:

"I have little or nothing in the line of news, but did want to tell you that I may fly to Chicago on November 7th for the API Convention which is to be held in Chicago. From there I go on to New York for the semi-annual jaunt, and as luck would have it, there seems to be time to write on the airplane game. Anyhow, if these plans materialize as expected, it might be possible to round up some of
the old gang for lunch or dinner during those days. It is 23 years since I have seen many of them, and we would be able to toss a few memories around. One thing that may deter me is my inability to get a hotel reservation. (I wrote Tom airmail last night that I have a reservation for him.) I will arrive in Chicago early Sunday evening and will leave for Rochester the night of the 10th. Best regards, Jim, and I hope to see you in one month." If all goes well, the next ALUMNUS will carry a story of this session.

"My wife and I spent a week at the Wagon Wheel Lodge at Rockton, Illinois, near Rockford which means RED O'CONNOR to all "Sirs. Red and his wife came out for an interesting evening. I hope we didn't keep him up too late as he was leaving the next morning for the Purdue game. Red is quite active in the Rockford ND Club and sees BOB JOYCE often. Bob was ill at the time and could not join us. Red came through with a note upon his return and reported seeing NICK BOHLING and RED MEAGER, the Mankato flash, paf of VINC PONIC. Red has a son who is a Sophomore at ND. He must be older than O'Connor because his daughter is only 15. (This is confusing with two Reds), but anyway Red Meager promised to make every effort to be on hand for the 25th Reunion. I hope that Mankato Red will come through with a letter soon. JEB DFER was also seen."

Please send news on any of our class seen at Pre-game Smokers or games you are attending. Dill, THOMAS H. VAUGHN has recently been elected assistant secretary of the Colgate-Palmolive Company in charge of research and development, attended the First International Congress in Paris, France, Aug 30-September 5. JIM McQUAID recently received a fine feature story which will run in the Indianapolis Star magazine. Jim, as everyone knows spent a week at a magazine store in Vicence, Ind. Last season Jim coached the freshman basketball team of Vincennes University.

HAROLD J. STELZER has been promoted to an executive merchandising position as head of the vacuum cleaner and sewing machine buying department in the Chicago headquarters of Sears, Roebuck and Company. He and his wife, Ruth, are the parents of two daughters, Carol Ann, 10 years old, and Marcia. The family home is at 173 North Laporte, Chicago, 111.

FLO J. McCARTHY is presently employed with the First National Bank of New York City, in public relations and sales administration. His home address is 55 Prescot Avenue, River Forest, 111.

REV. VINCENT P. BRENNAN has recently been appointed by Bishop John F. Dearden in Pittsburgh as executive secretary of the new "Pittsburgh Catholic" newspaper. This is the official weekly of the Diocese of Pittsburgh. To enable him to assume his new responsibilities, Father Brennan was recently relieved of his duties as assistant at St. Coleman's Church and has taken up residence at St. Kieran's Rectory, Lawrenceville, Pa.

HENRY THOLEN was elected assistant secretary and assistant treasurer of the Hamilton Watch Company at the annual meeting of the firm's shareholders.

HUGH BALL and MAG McCARTHY each have a son on the campus as freshmen in the University this fall. Hugh's son is on the freshman football squad. He is aptly nicknamed Colonel by his Kentucky colonel father.

JACK SCANLON is living in Lorain, Ohio, and is operating a furniture store. He is married and has four children.

BILL DE ST. AUBENS, who spent his freshman year with us in Freeman Hall, was recently elected national president of the American Overseas Club. He is living in Washington.

DOUG GIORGIO, M.D., is now residing at 1019 Lincoln Avenue, Evanville, Ind. He resigned from the Navy and expects to be in group practice of anesthesiology at St. Mary's in Evansville.

FRANCIS CAVELLY is vice-president of the Magazine Publishers Association, Inc., a trade organization representing 125 publishers of 400 leading magazines. He is in charge of the association's Washington office.

This class received the supreme accolade recently when LOUIS BUCKLEY, '28, class columnist extraordinaire, wrote me to commend the class for getting behind the recent campaign to elicit: class news. I thanked Louis and expressed the fervent wish that under ordinary circumstances the '33's would show just 1/10 the enthusiasm of his classmates in past failing news.

Because ... don't get started, now fellows, you're too near the edge of the bed ... but the postal inflation is over ... we're depressed again. Since the last card drifted in, some six months ago, I've had two letters. I suppose I shouldn't complain too loud and long ... there have been occasions when all I got from ND and ND men were appeals to contribute to the Foundation. In your exhaustive run down before the reunion he was not listed as living, dead, or missing. In closing I would like to point out that our class may not give the most money to the Foundation, but I'll bet we're the most prolific bunch that ever graduated.

THOUGHTS, Les, and blessings from a fellow hackster—I'm sure you appreciate that there's nothing more ghastly than sheets of white space waiting to be filled with type. Incidentally, Les' address in Press Department National Broadcasting Co., Inc. Sunset and Hollywood 26, Calif.

It was great news about Clevé Carey. I don't know whether or not Les is right about our being prolific, but as a class we certainly have our good share of representatives in the priesthood. And, apparently, a sizeable number who took the vow of silence.

If you think I am fooling about how much effort some people will go to in order to spread the good word, here's a letter all the way from Pakistan! It's from BROTHER FELIX, C.S.C. I was delighted to receive it, and hope it energizes some of you '33's who are closer to home. Brother's letter is as follows:

"There are three members of the class of 1933 that I know of here in East Pakistan. (Brother is writing, incidentally, from St. Gregory's High School, Dacca, E. Pakistan.) They are BROTHER JUDE, vice principal of the 'Brothers of Holy Cross here in East Pakistan. He is at present very busy opening up a new foundation here in Dacca, a technical or trades school and an English school. He was headmaster of St. Gregory's High School here from 1940 to 1930 ... and before that as a priest in Japan times which included Japanese invasion threats, famines and riots. In 1950 he was a delegate at the General Chapter of the Congregation in New York. Brother is BROTHER LIGNU, who came here in 1939 and has worked zealously as a teacher of..."
both in Dacca and in our village schools. He sure

gives the boys in his class a good education—

good discipline.

"The third '35 is myself. After spending three

teachings in Memorial High School in Evan-

sville I was sent to India where after ten years of

wear and tear I was given a turn home in the

U.S.A. I enjoyed being back, visiting my parents

in Chicago and working on the Bengalee. (After

spending 30 years in the 'Windy City' mother and
dad sold their home and motored out to San Diego.

Calif., in 1954.) Brother Liguori and I landed

back in Dacca on Christmas, 1946, and since then

I have been teaching little Modem boys and praying

that Mary will find some way to lead them to her

Son.

"We should not be discouraged when we remem-

ber that there are about 300,000,000 Moslem-

dians in the world. But we should be stimulated to

offer our prayers and sufferings for them so that God

will send more workers into the missions to teach

them, that they may believe in His Son."

I don't see how any of us can help but be ex-

tremely proud that our class includes men like

Brothers Felix, Jude and Liguori, who have volun-

tarily given up the comforts of home, the intrinsic

love and longing for one's native land, to labor so

greatly and what must seem futilely in a land where it

is death to brush against a country-

man who happens to belong to another sect. No one

can appreciate what a joy it is to even the least religious among us to lift

our eyes to the horizon and see the countless crosses lifted by church spires against the sky.

They do not always betoken Catholic churches . . .

but they do stand for Christ, and the reminder that He loves and is with us always. I never saw

my friend in enrolling at ND in September.

He loves us and is with us always, however we

may be surprised at the new moniker above these

crosses lifted by church spires against the sky.

YOUNGERMAN and ZIMMERS???

...To START? We have not heard about his success in lining the men up but we believe he will do well. So many of you have pleaded for a repeat on ’50 without change that it is important to tell you that the $20 Unit Fee system went into effect a year ago. This covers your weekend and includes the banquet. The little extras which your committee gave you may also be limited.

More on this business as we come up with our next column.

In the meantime, however, if any of you feel inclined, as was CAMILLE GRAVEL, to make an advance contribution to the planning and implementation of the ’35 Reunion, we would be happy to have your checks. Out of the blue, CAMILLE sent a check for $10 and an enthusiastic note. Believe us, CAMILLE, we really appreciated your good wishes and your good money. The committee thanks him heartily.

For those who wish to follow in the Gravel footsteps, please make your checks payable as follows: Address Reunion Committees and send them to us. We’ll forward them to the Chairman as soon as he is named. You don’t have to send ten—one dollar from many will grow into large proportions. If you want to make it more than a single—use your own judgment. Remember though, these advances contributions do not get charged against the $20 Unit Fee. That is paid at the time you register on the campus!

And now to YOU!

James R. Bacon, '37

James R. Bacon, newspaperman, part-time actor, and Notre Dame graduate in 1937, has spent the last six years as correspondent for the Hollywood bureau of the Associated Press. During that time Jim has covered news from the movie capital and has written Sunday features on movie and TV personalities.

After leaving Notre Dame Jim worked on the Lock Haven, Pa., Lafayette, Ind., and South Bend, Ind., with whom I shared the fourth floor in Howard Lounge in the Civic Opera Bldg. where he says he will have an ample supply of cold Martinis on hand.

James R. D. Roosevelt. He reports that he has been in electronics for 19 years. His present company was founded in '43 and manufactures coil assemblies. (We are looking forward to seeing you, Jim.)

GEORGE DEMETRIO, 2245 Central Park, Evans- ton, Ill., is a restaurant operator and consultant. As a matter of fact he's the "Hotel Beach Club" on Wacker Dr. in Chi. No report on Mrs. "D" but there are three little d's: Ty, 12 and Tom, 7, along with Cathy, 10. George also runs the Opera Lounge in the Civic Opera Bldg. where he says he will have an ample supply of cold Martinis on hand.

EDISON S. ROWAN, 581 Pleasant Plain, Elkhart, Ind., is President and Treasurer of Artled Electric Porcelain Co. Maurice's wife died on May 13, 1953, leaving them with two daughters. Sue is 14; Michael John is 12 and Timothy Paul is 10; Sheila Mar>, 4 and Emily Frances, 3. Art is still a film with Edward G. Robinson.

He's the one who shared the fourth floor in Howard Lounge in the Civic Opera Bldg. where he says he will have an ample supply of cold Martinis on hand.

JOSEPH P. CATTIE, JR., '41

A busy young Philadelphia is Joseph P. Cattie, Jr., '41. Joe served with distinction as an officer in the Navy during World War II. He returned to the home front to take over the operations of Joseph P. Cattie Bros., Galvanizing Works, where he is currently a director.

Joe has branched out far afield lately as is attested by his positions as President of Cattie Bros. Steel and Iron Storage Company, President of the Cattie Steel and Metal Products Company, and Treasurer of Decor, Inc., Floral Importers.

Despite his varied activities, Joe has been one of Notre Dame's most energetic alumni in the Philadelphia area. He served as president of the local ND club from 1950 to 1952, as one of the members on the Board of Governors and as chairman of many club activities.

JOE HERRON, 220 N. Normandie, Spokane,

Wash., is a partner in a jewelry Co. He and wife, Betty, have three children: Richard, 11, and David, 12. Frank would like to hear from RICHARD ANGLEY. The distance from Spokane to New York is going to be too far for Frank to make reunion.

JOHN HIGGINS, 516 Ely Ave., Pottsville, Pa., is insurance and real estate broker.

He is a graduate from the University of Pennsylvania to Catherine, the "better-half," there are three boys and a girl as follows: John, 11; Mark, 4; Christopher, 9 and Mary, 7. It's been eighteen years since we heard from the Pottsville "flash" and he sent along a letter to help fill in the gap. From the letterhead we gather that our John is following in his Dad's footsteps and business with the title of Veep and Secretary of the family enterprise. John will be there in '55.

TOM HILS, 332 Huletten, Schenectady, N. Y., is Assistant City Engineer of the Glens Falls, N. Y. Herald.

And here we ring up the third bachelor for this report. No reports on the ladies including as far. Tom except that he will "try to make reunion."

CECIL ROBERT, 906 Helmshale Road, Cleveland 15, Ohio, is field representative for the Pottly Corp. and Savings and Loan Co. of Cleveland. Cecil has a wife but we don't know who she is. However, together they have two children, maybe. Cecil would like to hear from BILL KEEFE and BILL O'CONNOR. We nearly fell off the desk chair when that Hobert questionnaire arrived. It was the first word we ever received from the man who sat next to us for four years at ND. Our "nudge mate" said he spent fifteen years in the Federal Civilian service. First with Immigration and Naturalization. Yes, John and Dick EMMERLING. Just try to keep him away from that reunion!

ROY JOSHOLOZ, 3120 Goodwood Road, Baltimore 10, Md., is a physician and surgeon specializing in ophthalmology. (He's an eye man, men!) He and Susie have three of a kind and a single: Fred, 13; Bobby, 11; and Dick, 7. With Martha coming along at 6. Roy is past president of the local ND Club, Maryland Foundation Governor and a man of many interests including a good garden, too! Check him in for '55.

BILL SCHRODER, 2628 Habershon Road, Atlanta, Georgia, is an attorney. He's another "winner" man with a family of four. There are two boys: William, Jr., 13 and Tim; and two girls: Mary B., 11 and Bette, 5. Bill will be there in June.

BILL PCANAHAN, 25930 Murray Drive, Mt. Clemens, Mich., is a General Manager of S. S. Kresge's largest Dollar Store. It is located at 1403 Woodward Ave. in Detroit. Wife Rose and Bill have two children: Jeannette Ann, 8; Susan Parrice, 4 and Kevin Anthony, 6 mos. Bob would like to hear from FRANK SHAY, JIM SULLIVAN and BILL KENNEDY. Bob joined the Kresge Co. in September '35. He was commuting to Pennsylvania is over and he will be permanently located in Washington where he hopes to get his hands on a future "flash" game, Frank, and you better firm up that June trip.

LOU HUBL, 743 Washington Road, Grosse Pointe, Mich., is Assistant Sales Manager of the Lamp Division of General Electric Co. in Detroit. Wish we could get a name for Mama out of Lou, but they have three daughters and a son as follows: Mary Lou, 11; Anna, 11; Martha, 8 and Joseph, 9. Lou reports that after eight years in California (40-48), he was in Cleveland until 52 when he moved to Detroit. They have their own '33 Club in Grosse Pointe with RAY BRETT (who lives on the next street), TOM MORAN, GENE WITCHER, TOMMY THOMPSON, and JACK SLATTERY. Lou will check in in '55.

DICK HYDE, 3338 Major Ave., Minneapolis 23, Minn., is an attorney and is associated with Shell Oil Co. Again, no wife for this poor man and his two sons: Steven, 3 and Richard, 6. Dick reports he raises employees of American Oil Co. There are no "flash" singles in '55. Dick. Maybe we can have a contest?

PHIL JACOBS, 611 Kimball Ave., Alexandria, La., is a physician. Wife Faye and eight children: Jeannette, have two children—son, Philip Hayther, Annabelle, have two children—son, Philip Hayther, daughter, Deborah Ann—no ages stated. Both youngsters are adopted. Phil is on the Executive Board of Louisiana Area of Insurance Agents and past Chapter Chairman of American Red Cross Club.

JIM JENNINGS, 555 J. P. White Bldg., Roswell, N. M., is an attorney. No report on the lucky woman who married the long, lean man from the "Southwest" but they have five children, including a pair of twin boys (Thomas and Timothy) who are 3. The fill-in comes from James T., Jack, 10, John, 9, and Mary, 7. Jim will be coming East for the reunion.

JOE HERRON, 220 N. Normandie, Spokane,

Wash., is a partner in a jewelry Co. He and wife, Betty, have three children: Richard, 11, and David, 12. Frank would like to hear from RICHARD ANGLEY. The distance from Spokane to New York is going to be too far for Frank to make reunion.

in Milwaukee, where Irene teaches art. Look for­ward to seeing the Kilmurray man in '53.

Tom LaLonde, 804 Prairie St., Glencoe, III., continues selling those shoes for humans—are they still the tiny-tot variety for which you were so famous years ago, Tom? It is the Green Shoe Manufacturing Co. of Boston. Here is another "spirit wife" who with her embodied husband has two children: Steve, 6 and Jeanne, 5. No news from Tom except that he will be on deck next June.

Bob Lee, 152 Townsend Ave., New Haven, Conn., is President of the Lee and Mason Agency of Conn., Inc., and Exec. Vice of Bankers Credit Service, Inc. No wife reported but there are two pairs of children: Robert III, 12; Richard A., 9; Linda M., 4 and Diana E., 2. Bob sends no news except a "yes" for '53.

Ed LeJeune, 1966 Robin Crest Lane, Glenview, Ill., is a civil engineer for the Inland Construction Co., Inc., working as Estimator. As of the mailing of the questionnaire he had been with them 5 days. We are running into a mess of anonymous wives—here's another. But there are four of a kind and a pair of the next generation. Sheila is 12; Maureen, 10; Dennis, 12; Timothy, 7; Brian, 6 and Shannon, 2. Ed would like to hear from Bill Bernard. After about 8 months in Tuscaloosa, Ala., the University of Alabama Construc­tion Co., Ed moved back home this spring. He'll register in for the twentieth.

On 1708 Industrial Bank Bldg.

John Lynch, 169 Higley Blvd., Cedar Rapids, Iowa, is a lawyer. In addition to Esther, his wife, there are: Anne, 11 and John Franklin, 8. (John you are not the only scholar half-bred among us. We are glad to have you, as well as the others!) Count John in for '55.

John MacDowd, 4352 Fairway Drive, Los Alamos, New Mexico, is property officer for Los Alamos Scientific Laboratory. (John, we had trouble classifying you, but after consulting the DOME we put you under "business." Were we wrong?) John and Pauline have three children: Mary Jane, 9; Teresa Anne, 8; Brian Kieran, 5. John is with Travelers and will welcome an application from anyone who can afford to buy his product. He'll have a fist full of forms with him in '55.

John Maddock, 3452 Fairway Drive, Los Alamos, New Mexico, is property officer for Los Alamos Scientific Laboratory. (John, we had trouble classifying you, but after consulting the DOME we put you under "business." Were we wrong?) John and Pauline have three children: Mary Jane, 9; Teresa Anne, 8; Brian Kieran, 5. John is on the staff of the University of California (keep it quiet) which is the contractor for the AEC. under the name of Los Alamos Scientific Laboratory. Check him in for next June, if all goes well.

Andy Maffei, 153 Park Hill Avenue, Yonkers, N. Y., is an attorney. (He was a city councilman last we heard if our memory serves us correctly.) With wife, Vincentia, Andy has two girls—Rose­line, 7, and Gabrielle, 5; and a son, Andrew, Jr. ...

JOHN B. CELLA, II, '39

Recently honored in Fresno, Calif., by the bishop of that diocese was John B. Cella, II. By recommendation of the Vatican, John was elevated to the Knighthood of St. Gregory the Great.

A graduate in business administration from Notre Dame, he enlisted in the army as a private in early 1941. John was released in 1946 having attained the rank of Major.

He is now vice-president and secretary of Cella Vineyards, a concern engaged in the production of grapes, wines, and concentrates. Also he is a member of the Board of Directors of the Infant of Prague Adoption service in Fresno, a member of the American Red Cross, and is President of the Executives' Club, Fresno.

John is married to the former Tina Parachini. They have three children.

HOWARD J. SCHELLENBERG, JR. and JAMES T. LAIGHTER, Jr. announce the formation of a partnership specializing in radio, television and military law with offices at 1025 Connecticut Avenue, N. W., Washington, D. C.

In a routine fashion on Monday evening September 27, 15 answered the phone. The voice on the other end of the line was strange. I was able to answer the question.

J. PATTERSON was contributing nothing to the Notre Dame ALUMNUS.

Turned out that this character was FRANK WEMHOF who, after writing a column in the Sololastica (circa 1940-41), should know that writing a news column is something you people never hear from a choir indeed.

At any rate, Frank was in Pittsburgh for the first time in his life and we got together once to talk, over a brace of root beers, about the campus capers of such classmates as JOE GILLESPIE, NORM BOURKE, GEORGE BECKER, NORM BOURKE, BOB DORAN, etc. The other time, at lunch, we discussed the problems of public transportation. On this subject we could talk with ease since both Indianapolitans (where Frank lives) and Pittsburgh have recently had transportation strikes. In addition, Frank is public relations guy for the Indianapolis Transit outfit.

He arrived here fresh from a visit to the campus where he spent the entire time in observing that because of the religious apathy of many who did not respond, and who are very few hairs since they started to go while he was on the campus.

About the other item to report is that I dispensed JIM BEHE is a member of the same parish here in Pittsburgh. I first ran into him when he arrived after noon Mass for the purpose of seeing the nuns who were presently over in the School of Social Science.

Anyhow, it was good to see Frank—aft er 13 years. He was easily recognizable, seems to have good to the Tobins, but he strikes a somber note for having a new Behle child baptized. We run the executive secretary for the reunion—Are you?

Everyone should be here—see you all then.

JAMES J. O'BRIEN, former member of the New York State legislature, has been appointed chairman of the Social Services, individual policy, pension programs and annuities by the Union Labor Life Insurance Company, New York City.

This edition of 'Scoop' comes from Washington, D. C., where the Scooper is attending the Financial Public Relations Convention. Have had a chance to meet with Jim O'LAUGHLIN and HOWIE SCHELLENBERG, now partners in a law firm at 1035 Connecticut Avenue near the famous Mayflower Hotel. They specialize in radio and TV affairs where Howie's previous experience with F.C.C. comes in mighty handy.

Jim, not so long ago, departed from the U. S. Marines where he had an outstanding career— ranging from getting the Silver Star at Okinawa to serving a number of years in the legal department. He had citations from three Secretaries of the Navy—and reports he got to see Mears, CRIMINS, LILLES and KELLY a number of times in World War II P.T. boat activity. Also, saw DAN HOLWELL a year or so ago at Solomons, Maryland, Naval Base.

Jim lives in suburban Chevy Chase, Md., and he and Anne have three children—Maureen, Joan and John. Jim is currently heading ND-Penn game special train arrangements. At the convention, I've had visits with AL ANASTASIA who is now Financial Advertising Manager of the Wall Street Journal. He headquarter's in New York and supervises financial advertising for the four editions—New York, Chicago, Dallas and San Francisco—so you're liable to see him in most any part of the country. He ran into AL PERRINE, WALT DESEL and JERRY RABBETT at New York Notre Dame Club affairs.

While in Florida, Al found a superior golf toe in WILFIE NODA, the promising bachelor of St. Augustine.

Jim, who is Vice-President of the ND Club of Detroit, has a new warehouse, 26,000 square feet, and buildings of plywood; he is president of the concern. Jim's third son was born in mid-July. Jim writes: "See Ed BILL, who is continuing to work in Chicago. Ed's wife, HARRHOVEC and wife are also parents of a son in Rapid City, S. Dakota. . . . EMMET KEEGAN and wife and Harry BRANFORD of the Mayflower Hotel were in Davenport, Iowa, with their wives were spectators at the MSC game."

"BUDD" GANS (220 S. Pershing, Wichita 8, Kansas) checked in with an important mention of the birth of his fourth child (his third daughter) on July 29; she is Cynthia Sue. "Budd" is a Supervisor of Contract Administration at Boeing Aircraft in Wichita. He is in his third year with Boeing.

SPORTS NOTES: WALLY ZIEMBA was signed late last week as coach by the Iowa (Canada) Rough Riders. EDGAR A. PESSEIMER has received two awards for scholastic achievement at the New York University School of Retailing. He received a master of science degree in accounting at NYU's summer commencement.

Thanks to BILL TALBOTT I am spared answering the ALLUMUS' deadline notice with a report that there's no news in the '44 group. I'm sure that's not so, and that the pressures of business and family life have been with the added effects of the BIG get-together last June on the campus, have caused the delay in news reaching me. Let me take this opportunity to put in a pitch for how important it is for you to drop me a postcard or line once in a while with some info about yourself, no matter how unimportant it may seem to you. Our '44 column, which appears only four times a year, is for most of us the only contact— save the reunion—every five years—we have with each other. So GIVE!

Our four regional vice-presidents have agreed to assist your secretary in gathering news in their sections: MIKE FRAWLEY, West; SAM WING, South; Mcken MMAMANDA, Mid-West; and BILL TALBOTT, East. When you hear from them, please heed the plea. It's quite right and make sure they do right now and write a line or two to me. "Twould be appreciated by all.

Talbot had a clever idea; he took a raft of paper with him to the last New York Alumni Club meeting intending to have each '44 man there write for words. Maybe some others who attend alumni club meetings in Detroit, Chicago, Cleveland, St. Louis, Kansas City, etc., could follow suit. He even supplied the envelopes, addressed to me. Regrettably, only two others of our class were at that meeting that night. But both of them took time to write, and so in to the news:

JACK McCABE is doing claim and legal work with an insurance company in his home office in N.Y.C. . . . expects to make both the Penn and Navy games this fall and will be looking for familiar faces.

EARL ENGLERT is now living in New Jersey (11 Canterbury Drive, Midland Park) with his wife and their five youngsters. Not sure whether he's retired, as the note didn't report any business affiliation.

Bud CANS, who recently signed to stay single, continues with Samuel French, Inc., in New York, but has taken on a sideline, managing the Talbot Brothers of Kansas, a "world famous calypso group," according to Bill. He has them booked in Chicago on the 15th, 16th and 17th of October (Cited elsewhere), and at the Rochester Country Club on the 14th.

A NEW YEAR'S RESOLUTION
It is that time of year again when we are all
filled with the Spirit of Christmas, of love for
our friends and our family, and of love for the
Child who was born in Jerusalem. It is a Spirit
which we keep all year long, but which finds more
outward signs around this time. I am very happy
to extend to every man in the class, and to his
family and loved ones, wishes for a happy, holy,
day. May Christmas Blessings be with you all
year round.

With the New Year must come resolutions and
promises. My promise is that the 10-year reunion
is going to be the best and greatest get-together of our
class. All I ask is that YOU make a resolution
immediately: that you will be there. Without YOU
there to see all your friends, they will be cheated
from seeing you. So don't you miss out on what looks
to be a grand reunion. Put a circle around June 10, 11, and 12.

WE'RE STILL AFTER YOUR DUES
We are still expending a lot of effort trying to
collect your dues. We think that every one must contribute to the
class fund. The amount is only one dollar, but it has been extremely hard to keep the obliga-
tion alive. In the past 8 years, as a consequence, there are still some who have not sent theirs in.
Since our last column, however, we have had communications from four men, and, together, I should
like to extend my personal thanks, and that of the
class. They are GEORGE SIPEL, WILLIAM
FANIZZI, FRED BIGGS, and BILL MOORE.
A few more and we will begin to feel proud of
ourselves.

such good parents . . . a very novel birth an-
nouncement came from TOM MULHERN. On
July 17, Tommy the third was born, to make their
family one of two girls and one boy. Congratula-
tions to the family, Tom, in the name of the class . . . yours truly vacatention in Mexico City
this year, and had the pleasure of visiting around town with DAVE CHAMPION and his wife, Doe. Doe
keeps well, is working in Mexico, and has a very wonderful family. The three children we met were,
beautifully mannered, spoke Spanish fluently, and were a real pleasure to have around.
The fourth, the baby, was asleep, but if he is anything like the three we met, Dave and Doe have
reason to be thankful and proud . . . a visit to New York, CHUCK SARTORE, was a pleasure to see. He wasn't here as long as
we would have liked to have him, but he is getting better together.
Chuck is with Ford Motors in Memphis, Tennessee, and drove to New York and New England for vaca-
tion this year . . . I bumped into JACK DEGAN
at the Notre Dame Club of New York meeting last
month and had the idea of inviting all the men who were freshmen at Notre Dame during that
hectic May-to-September semester back in 1945, and all those who began in the September
of that same year to come to our reunion. Many of these men are not even listed by the
Alumni Association for lack of information; others are members of other classes because they
returned to graduate in '47, '48, or '49. There are names like COTTER, O'CLEAN, WHISLER, 
CASSIDY, COLORE, REILLY, ROBERTS, LYONS, WOOD, and many more who come to
mind when we consider anew just who thinks this is a good idea, or who has any information
about classmates who attended Notre Dame in that period.

LETTERS FROM DEPARTMENT
From VIG PRICE: "I read in the ALUMNUS
that HARRY BERLIN had written you. As I
knew him very well, but haven't seen him in ten
years, I was wondering if he still lives in or around
Los Angeles. In which case I would very much
like to get in touch with him. If you still happen
to have his address, you would mind sending it on
to me? Thank you (you just might be the one to a letter)."
From BIL" MOORE: "Here is the dollar, finally.
I have been meaning to send this for months, but
just never got around to doing same. I expect I
ought to add considerable interest and postage
to cover the delay and reminders from you.
You can certainly be proud that we are going
to combine the NROTC reunion and that of
the class of 1945. I am sure I couldn't make both
if they were separate, but I do hope to get to
this one.
"I see ANDY ANDERSON off and on and
played golf with him last Saturday; no comment
on either. We hope to get together with
DON O'CONNELL when he gets out of the Navy
for some more golf. Will tell you the scores if
they improve."

I'm still working for Research Corporation, Started
with them right out of the Navy and have stayed
ever since. Have been very fortunate and got some
breaks so now I hold down the New York Office
as District Sales Manager.

"Since you are out in Garden City how about
calling me up the next time you are in New
York and we can probably get together.
"Our boy is 7 V2 now and we are expecting
another in July. Sorry about the delay in getting
out the dollar, but better late than never."
From GEORGE SIPEL: "I apologize for being
too late in getting my class dues to you. Your
timer is right though. We welcome letters have finally
stirred me to take time to write a short note as
well as pay my dues. Congratulations, Al, on the
fine job you are doing. We are well informed and
organized. I intend to be at our
reunion in 1955.

"As for my present status, I am a Senior Experimental
Mentalist at the Allison Division of
GMC at Indianapolis, where I have worked for the
past 8 years. As you know, our main activity is the
production of turbojet and turboprop engines
for the military services. I have been married for
7 years and have a 4-year-old son, Greg, and a 2-
year-old daughter, Suzanne Lynn, bom September 27, weighing almost
5 pounds prematurely. Mother, daughter, and
father are all doing well now—though it was a
little questionable there for a while as far as the
father is concerned. Best regards to all the class.
Hope to see you at the reunion in June." (Dear Jim: Congratulations from myself and from the
class. Give little Suzanne Lynn a big collective kiss from all of us. Best regards until June. Al.)

AN INVITATION
If you are not officially in the class of '45, or
if you have your doubts, and you would like to attend the '45 reunion—or know of someone who
should be there—send the address to me, and I'll
keep you or your class member informed. We have
a little questionable there for a while as far as the
father is concerned. Best regards to all the class.
Hope to see you at the reunion in June." (Dear Jim: Congratulations from myself and from the
class. Give little Suzanne Lynn a big collective kiss from all of us. Best regards until June. Al.)

Well it won't be long now before the boss will be dragging out the 1955 vacation schedule or you lucky boys who are your own masters will be looking at the travel folders. What I am leading up to is that comes June 10, 11, and 12 I hope you'll all be in South Bend for a real weekend. Now is the time to plan so that if you have to travel you can work it in. I give my personal guarantee that no finer time could be had anywhere else.

On June 19, 1954, BOB TEISCHER married Mary Lois Demergy of Plainfield, N. J. Since graduating Bob has attended Georgetown University School of Law, and is a sales representative for the Ruberoid Co. in Columbus, Ohio. After the wedding trip to Miami and Cuba, Bob and Mary have set up house in Columbus, Ohio, address unknown.

RAY "BRADY" SULLIVAN writes as follows:

"After graduating in 1950 I worked as assistant Sales Order Manager for the Oliver Corporation Sales Branch in South Bend. It was a trouble-shooting job and I liked it much. Uncle Sam's Navy then caught me up with me for a two-year hitch as storekeeper on a Great Lakes training craft with a home port of Sheboygan, Wis. I liked the town so well that I married a pretty little gal a year ago last April. February we were blessed with our first named Maureen in honor of the Marian Year. I now have a job with the JPR company here in Sheboygan. We have a bulk-ready-mix concrete plant, the largest in Eastern Wisconsin. Not long ago, the boss handed the advertising chores over to me, and this along with being in the local chapter of the S.P.E.B.S.Q.A. —Barbershoppers—and handling their publicity, have kept me busy. I am also a member of the Sheboygan Catholic Male Chorus and on the Board of Directors.

"My little brother (He'll love that) graduated with honors from Moreau and ND a year ago and has been studying in Rome since December, 1956.

"I am anxious to get down to Milwaukee and see Jim BRENNAN and over to Appleton to find Dick STACK. Hank FINK and family recently returned to LaCrosse from Texas and Joe BECKER and GILES HACKNER are also working in LaCrosse.

"Wonderful state, this Wisconsin: land of the Packers and home of the Braves. And wonderful people. Will welcome and answer any correspondence from anyone who remembers me, whether from the Glee Club, Journalism gang, Marching Band, Stockbroker Gang or LaFortune's. My address, 2805 North 12th St., Sheboygan, Wis."

JOE SHANNON writes that he left the Indiana Supreme Court early this year to become a deputy Securities Commissioner and has just recently been appointed Commissioner by Crawford E. Parker, Indiana Secretary of State.

ALE SCHLOCH phoned me the other day and brought me up to date on his activities; since school he has married and has been blessed with a son Albert 3/2, and Mary 1/2 with the third arrival due in the near future. Regardless of the amount you give . . . be a giver.
Dear Notre Dame Men:

In his sermon commemorating the beginning of this academic year, Notre Dame's 113th, Father Hesburgh called attention to the growing distrust of our intellectual leadership at this unfortunate time when the world should be looking to great minds for leadership. Having in mind the reverence for a return to the knowledge of the belief in and the practice of Christian principles under the inspiration of Christian educators, he expressed the prime factor of Notre Dame's aggressive and forward-looking educational program by stating, “The time is ripe,” to make Notre Dame “a new center of Christian culture.” We, the Alumni, are confident of Notre Dame’s ultimate success in this mission. What is now being done to achieve this goal, some of you have asked. I will briefly note some recent and pertinent facts. You, who questioned, may then judge for yourselves.

Notre Dame’s Second Annual Institute of Spirituality was held on the campus during the summer months and was attended by 650 nuns and Sister Superiors, representing virtually every women’s religious order in the United States. The Institute was addressed by His Eminence Valerio Cardinal Valeri, Prefect of the Sacred Congregation of the Religious. The 16th Annual Convention of the Catholic Students Mission Crusade was held on the campus, the keynote address was made by Archbishop Carl J. Altier of Cincinnati. A three-day meeting of the Mission Sending Societies, attended by 250 representatives of religious orders, was held on the campus and was addressed by the Most Reverend Fulton J. Sheen, National Director of the Society for the Propagation of the Faith.

Father Hesburgh has been appointed a member of the National Science Board of the United States. He has received the Brotherhood Award of the South Bend-Mishawaka Round Table Conference of Christians and Jews. He has toured Europe to further the objectives of the Faculty Development Program. The University has been host at ceremonies on the campus welcoming a new economic force to the South Bend community, the new Studebaker-Packard Corporation.

The Notre Dame College of Law has inaugurated a Journal of Natural Law Studies in the publication of which Notre Dame educators will be joined by educators representing many other of the nation’s leading universities and law schools. LOUBUND has been selected as the recipient of a $40,000 color-translating ultra-violet microscope, a gift of the Damon Runyon Memorial Fund for Cancer Research. This microscope is the first of its kind to be made available commercially to any college, university or research center. Many Notre Dame educators have been the recipients of honors from their colleagues in professional associations. A goodly number of recent graduates have received fellowships for graduate study awarded by organizations such as the National Council of Religion in Higher Education and by the National Science Foundation.

These are only a few of the actual accomplishments which justify our confidence in the University’s ultimate success in its goal to become “a new center of Christian culture.” In your behalf, I offer our prayers and most earnest desire that this goal be accomplished by a return to the knowledge of the belief in and the practice of Christian principles under the inspiration of Christian educators. You, who questioned, may then judge for yourselves.

Very truly yours,

James G. McGoldrick
President
