MEMORIAL DAY ARRANGEMENTS & MADE BY VETS

Father Irving Address V. F. W. Meeting; Program is Announced

Memorial Day plans were made at a meeting of veterans in Washington Hall yesterday morning. Rev. Thomas Irving, vice-president of the University, addressed the gathering.

Definite arrangements for formal observance in accordance with the conditions of the University, and details for aids, color guard, and flag folding details, were made. By special contract, uniforms will be furnished through the Quarter-Master Blishoff to all members of the parade who plan to take part in it.

Strong Alumni Wanted in City

For the purpose of establishing a strong alumni association in Michigan and the neighboring states, Notre Dame home clubs have begun a campaign in the College for the soliciting of young alumni.

Fifteen alumni members were present and plans were discussed concerning the movement.

Judge Farahbaugh, '04, was appointed chairman of the organizing committee with the following staff: Frank Her- n, '10, Rev. John Riley, S. J., and Albert Riley. Jim Egan's Orchestra and Archibald Egan's Orchestra of the Gle Club, furnished the entertainment during the evening.

Gallagher Speaker
On Legion Program
Ray Gallagher, Notre Dame's winning representative in the intercollegiate debate competition, will be the speaker at the LaFort Memorial Lecture Series, which is to be presented today.

H. A. Murdock, Chair, of the American Legion, invited Mr. Gallagher, through Commander C. C. Walsh. The speech will be delivered at 11:30 of Memorial Day morning.

The Gallagher family is well known to Notre Dame, having been active in support of its activities.

The meeting of the title we need must explain, there being several kinds of bits, here's bits, the life, obits, and bits of thought. The ambrosia are interchangeable in this humble banking. At times when you reach the refectional bits have bitten off new bits of thought, we accent the words, these bits of bits of bits of bits, and mean by that meaning which is plainly meaning, the bits other than the ones stated when we distinctly distinguish bits of bits from the other bits of bits, we accustom to read "obits obits", again mean what is plainly meaning. If we have failed to make clear, we are sorry. As the dearmament boys say, we must needs on the need of needing the missing of the sea.

The following poem, for which we are worn subdued, donate "Old Famous contributor of COLUMB O' BIT S, House Hounstoun.

An association of cosmopolitans, banded together for the prevention of the crime of murder, has made as the object of their investigations the murder of Mr. Hone, of the Dead Sea. Personally we've heard of men who could kill a quart, but never of men who could kill more than one.

Court grants judgment of only $50,000 for the killing of three persons entire." I'll make no further remarks. Perhaps next time we will get the rates.

In these days of excess disposition it behooves none of the most to take sides with any one. However, a couple of guys who are well informed, dont't "Obits Obits," have written to us, one trying to tell us nothing exists outside the newspaper, and the other trying to tell us that bits with bits.

Letters were received by seniors yesterday calling them to a special meeting this afternoon at 3:30. Rev. Dr. Matthew J. Walsh will talk.

IRISH TO PLAY
KNOX AND IOWA
Sheehan Injured; Enright or Vergara on Third. Announce Games
The Notre Dame football team leaves Thursday morning for a short Western trip without the services of Bill Sheehan, hard hitting left end.
Sheehan, who has been playing good ball, broke a finger on his left hand in practice at Northwestern. He played the game through and it was not discovered that his finger was broken until after the game. Coach Halas has been working the past week to fill his position for the hard games with Knox and Iowa. Sheehan's absence may be made third to shortstop and either Ver-

gara or Enright will be at the hot corner. It is likely that Enright, who has been playing fast interball all week, will play the position.

Curtin, who has been out of the game with an injured finger is now in shape to play and it is possible that he will take one of the games. Coach Halas announces that there may be some changes in the out-

field unless there is a decided improvement in hitting. Archie Kellay, who has been showing up well in practice and is giving the present regulars a hard time in practice, conditions.

The Irish will play Knox College on Friday in Galena, III. Knox has a good team and is at present leading the Central conference with a clean record. Mageveray will probably be picked against Knox, although Knox has a good team it is expected that Notre Dame will beat them Friday. The Halasmen will play St. Louis Saturday, the Knox game for Iowa City is to be played at Iowa City.

Tom Dumas looks for a tough battle with Sam Barry's diving crew. Even if the game with Iowa comes some day ago when they were playing in Lafayette, Dumas, playing the first base position, 1-3, in twelve innings. The Halasmen hope to get it even in 10 or 12 innings this week, and if the game goes to extra innings.

Next week Notre Dame plays two hard games at Purdue. Purdue plays here on Tuesday, May 26, and Michi-

gan on Thursday, May 28 for the Ma-

monial Day. The Boilermakers have been travelling at a fast clip and we expect the Irish a tough battle. Notre Dame played Purdue one game at Purdue earlier in the season when Purdue sent a battery of six and batted them out. Michigan is nothing but a small town and this series will go over 11-10 in ten innings, to its credit, the Irish are determined to even the score on Decoration Day.

Patience our advertisement.
