NOTRE DAME IN SOUTH BEND'S CENTENNIAL

Shehan Elected Captain of 1924 Baseball Team

Bill Shehan, '25, was elected captain of the 1924 baseball team yesterday, Shehan, who has played for three years on Notre Dame's roster, is a star Notre Dame's crack infield, and has been a hard and reliable batsman. Shehan has been at Notre Dame for two and a half years, and he will graduate at the mid-term of 1925.

DOME GILDING TO FINISH SOON

Powerful Reflectors to Coat Light on Statue of Our Lady Gilding is going to be complete by the end of this semester, according to President Mullen.

The work of gilding the dome, which began on September 9, 1923, is in its final stages, and a noteworthy feature of this work is the illumination which will be cast on the statue of Our Lady, thus adding to the effect of the lights, aided by powerful reflectors.

The lights which will be placed on the dome will throw their beams on a set of reflectors, and within the new aluminum hub, flooding the entire statue with light.

In the refilling job, the statue of Our Lady will be brought down, and then coated with a medium.

Adding to this three weeks of time will be required for the Haas leaf, which will cover the dome and statue of Our Lady.

The value of the gold leaf used in the dome is close to one hundred dollars, the contract, which was awarded to Joseph P. Tatlock, Jr., of South Bend, cost the university $8,000.

The dome was gilded in the methods employed by the northeast winds which drive the waves against the shores. The gold from chimney directly across the street, which defines the dome, would not have to be replenished from the street.

In 1974 the construction of the dome was begun and it was not finished until after the dome of the Invalids in Paris.

Towering 200 feet in the air, the dome can be seen for miles around, and it is always the subject of conversation among the tourists on the highways that radiate from South Bend.

But the wish of Rev. Edward Leary, the founder of the University and the man who conceived the idea of the dome, that Our Lady should look over the whole of South Bend, may have come true, for the dome is now a part of the institution.

The most characteristic thing at the University, the sons of the men who have built it, is the Student body. It is a group of men, from the time they entered school to the time they graduated, a group of men, men and women, that have been the backbone of the University and the University has been the backbone of the community.

Two thousand Notre Dame men and women met together Wednesday night in the most enthusiastic Pep meeting held in years in Alumni Hall, a snake dance across the campus, the singing of the Fighting Irish March, and the final form of the Notre Dame fans in Michigan.

Reverend Walsh closed the Notre Dame football story, fought the Irish, and the one-man team with the Irish, and the one-man team with the Notre Dame man of today with that.

George Keegan, the new assistant manager of Notre Dame, Harvey Brown and Gene May, captain of the Irish football team, told the students what the Notre Dame fans are today and why they are so important.

IRISH BATTLE KAZOO TODAY

Rockmen Open Stiff Schedule; Fresco Meet West Normal; Prize in Doubts; Bows Today.

The hardest schedule in the history of Notre Dame football will be opened today, when the Fighting Irish take the field against the Carnegie Tech at Kalamazoo.

The team from the Calvary City of Western Michigan is considered one of the Fighting Irish for many years.

The game will be played in the natural light of Notre Dame and "Cheer" Wyne, at calm and relaxed tension, on his own turf, on his own yard-line, and with a hallowed atmosphere.

The first touchdown of the day was scored by the Fighting Irish, less than a minute after the opening whistle had blown. From then on the Fighting Irish were never off the score, and finally had the score at 8-0. Last year, a year ago, the Fighting Irish were down at "the whistle won.

Out of Rock's crew of scrappy linemen, Captain Brown and Robertson, at guard's and Stope and the line, with Adam Walsh at center, and probably start the game. Bob Regan, who is suffering from a sprained ankle, is expected to play, but his part will be unwilling to get into the game.

The little general," Harry Kehoe, Notre Dame's quarterback, is a speedy trip behind him composed of merchandise, Carey and Willie Mahler.

Just as Rockey told the students at the last meeting that the "game will be fought and won in the back of the line," so he will be verified any afternoon on Carter Field.

The game will be played by the Irish, the coin Irish emphasizes the skill practice. The great success of the Notre Dame team in the past, has gone a long way toward proving that beholds and not bravery holds the final score.

Notre Dame will have several teams around the country over the weekend. The Fraternity of Glee Club, Beauty, Berkeley, and the University of Notre Dame, will be accompanied by the University of Notre Dame, who will do the defense usually has a snappy bunch, with both the Irish and the Irish.

This year, Orlender will be about the services of "Tiny" Redmond, 1926, who is another.

Ruck will send a section of his squad to the University of Notre Dame, this afternoon. Ricks, Cooke, Reilly, Runkle, and King will take the field. The University will be composed of the Notre Dame of the University. He placed for a reasonable attitude on the part of the Fighting Irish, and the Fighting Irish, who declared that he was declared not necessary.

In five points, Father O'Connell of the University has announced that he would be required. He asked the Fighting Irish to show a spirit of good will and co-operation between the men and those who are not members of the team. He also stressed the importance of punctual- ity in the direction of duty.

Early this week the same report indicated that Hood has written an economics paper on "The Living Wage". The report said that if "the W" were lost on his typewriter, and so if it were lost on the page, then the paper was for the course. It was turned in to the professor in precisely three minutes to be found and get the conclusion of the paper. The professor returned it the next day; there were no words on the paper but beer, with the results that we had to look for it. A sharpened pencil was used, and then it was found and the professor moved on to the next page. He had been overjoyed.

Frank Sidney and Co. open the bill at the Palace for this half. Sid- ney is a clever tumbler who does unusual stunts in a graceful style. Following Sidney came Kennedy and Darvis, two girls, whose act had little merit and best taste.

Mrs. Rudolph Valentino, the headliner, appears in a playlet written on a theme by no means new, but she seemed to get away with the audience. Whether it was because of the play, or because she is the soap's former wife, is hard to say.

George A. Marx, whose activities in the past have been confined to musical comedy, sang a few songs and told a few stories, much to the satisfaction of all concerned, including himself.

Clark Mann and His Orchestra finished the performance. Mr. Mann's orchestra displayed tal- ent of an unusual order. Mann himself plays both the violin and saxophone with more than a fair degree of proficiency, but he has the good sense to let his men share the honors.

A playlet, "Tipped Off," one of Paul Terry's fables, and a news- reel were also shown.

The Oriole Orchestra to appear at the Palace Royale on the nights of October 1 and 2, is considered one of the leading dance orchestras in America. They are on their way from the Edgewater Beach Hotel, Chi- cago, to make new records in New York. All the members of the orchestra are nationally known either for their compositions or musical talent.

Between Covers

"The Altar Steps" is a bit of a disappointment. Though it is a good book it does not measure up to the Mackenzie standard set when "Carmine," "Sister Street," and "Flashers Mead" were written. It contains no passenger that one reads over again and again because of their thought or beauty, and it does not seem to be as life-like, or worth while, as the other books written by him.

Then again, it is a disappointment in another way. When one finishes "Sister Street" one is interested in knowing whether Michael Pater, the hero of the book, will become a priest of the Roman Catholic church—that is, one wonders that if one happens to be a Catholic Michael would have been tending that way all through his colorful years at Oxford, and the book leaves him at his way, but not yet definitely set toward Catholicism. When "The Altar Steps" appeared it was nat- ural to assume that Michael's story was to be continued. But Michael's name is not even in the book.

Mackenzie has the admirable habit of continuing the stories of his characters in his other books. Like Barris, he does not kill his characters with a book, but one meets them again and again in the later books. To accept the old ad- ages is pleasant—it's like meeting old friends.

Mark Lidderdale, the hero of "The Altar Steps," met some of Mackenzie's characters, but only cursorily. That is regrettable.

Mark is the son of a minister of the English church, a man who him- self tends towards Rome, and a sudden awakening to Mark a curiousity regard- ing religion. The story is of Mark's internal fight, and ends with him seemingly reconciled to the English church, though not far from Roman Catholicism.

To a Catholic the story seems at first, to be unconvincing. The argument that Mark has met seems to be sufficient to change his belief, but a reconsideration of them makes it evident that they were not quite enough.

In a later book, possibly, Michael Flynn and Mark Lidderdale will fol- low the path already trod by Mack- enzie.—H. F.

WILL ORGANIZE.
To organize for the year, the La Salle Country club will meet on the mezzanine floor of the Oliver hotel on Sunday morning at 10:30. Of- ficers will be elected and plans will be made for the year. A dance is probable for the Christmas holidays.

FIRST PEN MADE FOUR STUDENTS ONLY
Designed by Geo. S. Parker
and made by Dunford craftsmen—
yet offered at only $3

JUST as the Parker Dunford and Lady Dunford are recognized as the standard of pens priced at $5 and higher; so this new Parker D. Q. is the blue-blood of pens in the medium-priced class. Indeed the same crafts-guild that produces Parker Dunford makes this Parker D. Q. that we announce at only $3.

Parker designed this pen based on a study of the student's requirements and desires. Hence it's a pen that is practically made for the student. Not only is there no other with this special ring to link to note-book, and no other this size under $5 with a special metal shield to reinforce the cap. Yet no extra charge is made for these features, or for the super-smooth point of 14c gold tipped with Native Iridium.

Insist on seeing this new creation. Any good pen counter can supply you, but look carefully for the stamp of the genuine, "Geo. S. Parker—Lucky Curve."
