FR. FOIK TALKS TO FRESHMEN

"The library is the most useful tool of education," the Rev. P. J. Walsh, who is a member of the Freshman class in their weekly lecture, given at 12:10 o’clock every Tuesday in the University Hall. "When one has mastered the methods of finding the information he wants in books," he continued, "he can be the possessor of a key that will unlock doors to unlimited knowledge." The benefits of the University Library were enumerated by Father Walsh in his lecture on "How to Use the Library." The manner in which one may get books containing the information for which he is looking, was described in detail.

"There is no single subject of a man’s learning: only to the text book and the class room. The books are his libraries and the professor his guide. He must remain aw-

PALMER STADIUM, Princeton, N. J., Oct. 29. — The game came out of the west for the second time this season to show off the Notre Dame gridiron teams who are playing the game of football.

At no-stage of the contest did the Tigers have the slightest chance of winning. Following by one scant week the 11-0 triumph which the Notre Dame eleven achieved over Princeton today's victory convinced the football world that Notre Dame has a team with championship possibilities.

NEBRASKANS TALK ON GAME

Daily Nebraska Full of Stories on Coming Game; Urge Students to Get Behind Team.

Indications of the importance Nebraska is attaching to the game with Notre Dame's football team on Saturday is furnished by the many articles on the coming game in The Daily Nebraskan. One of the stories follows.

(Plain Nebraska)

Freshmen, would you like to help Nebraska's 'fighting Cornhuskers' defeat the 'fighting Irish' from Notre Dame in the important stadium game a week from Saturday? Certainly you would. Furthermore, you have an opportunity to help the Irishmen of the Fighting Bulldogs, because "game of games," at which you will see the greatest display of traditional Husker football ever exhibited at the Cornhusker school.

Basket Ball Work Begins
Coach Keegan Has Good Material for Team; Practice of the Y. M. C. A. Gym.

The basketball season at Notre Dame has started, with the call of Coach Steebley to his men. The first meeting of the year was attended by 80 prospective court performers, who were scheduled to be held at the Y. M. C. A. gym, where the Nebraskan will facilitate the quick development of a winning team.

Prospects for a good team are better than ever, and the team will be better than ever, since the glory sport team will be represented by such as the following: Captain May, Klier, Don Miller, and Ed Center. A second team will form the football squad, which were among the best lightweights in the country.

Added to this number will be several men from last year's freshman and junior squads, along with Carl, Cresco, basketball player, and Seabrook, Mahoney and O'Boyle of the 1922 aggregation.

NEBRASKA MEN GETTING READY

Rockman Practice for Game Saturday; Nebras Points All Efforts toward Victory.

The Nebraska team present a fine-smashing and end-running game and will probably have a few aces. At fullback the Nebraskans will have the veteran Lionel Rockman, who has performed with the Rockmen for the past two years. He is weighty and speedy and a player that any team will be at quarter back. He is an ingenuous strategist.

Rockman will take three teams to Lincoln to insure the team against any possible dilemma in case of injuries, as well as to take ample care of the problem of inserting fresh men into the game to relieve the tired players.

The Cornhuskers' varsity eleven scrimmaged with the freshman team during the early part of the week, and according to the reports, the young guns were able to gain through the varsity's defense. The veterans have no end of ends that have made a respectable reputation in the Missouri Valley conference football ranks and were prominent factors in the scrimmage in anthering the Nebraska plans.

The Nebraska team are working on offensive tactics hoping that if they can prepare a stout defense for their ball teams, they will be capable of taking the W.V. Conference on the road. With unswerving and unerring loyalty, the student body of the University of Nebraska are molding themselves into a unit that for its interest and growth will see that Nebraska's victory will be seen in the real sport of the Cornhuskers,—*Best Notre Dame*.

Campus, class rooms and frat houses are under the shadow of the approaching gridiron battle between Nebraska and Notre Dame. Eds and coeds alike have but one thought to eat, sleep, and live on—Student leaders in the Nebraska university life are depletion fighting among the national attention to stirring up that fire of devotion that has sent football on the nation's heart against overwhelming odds. They are striving to see the Cornhuskers' dream that will show the surface of defeat against the embers of victory.
