JUNIOR MEET

TUESDAY NOON

Prom Committee Will Be Announced; Report on Stag Dinner Will Be Made

Committee for the Junior Prom will be announced at a meeting of the class to be held in the Library Thursday; a complete report regarding the stag dinner, which will be given at a North Side hotel on December 13, will be made. The committee on Junior plans will also give a report.

Action has been secured on the circus to be given by the juniors immediately after the Christmas holidays. According to John Moran, president of the class, only numbers standing the meeting will be eligible for the Prom committees. Every member is urged to be present, as no business will be transacted unless a majority of the juniors are there.

HOLY CROSS SEMINARY

The new HOLY CROSS SEMINARY, as designed by Vincent F. Pugh, of the Architectural Department faculty of the University.

(Courtesy The Alumnus)
Within the Quad, Monday noon on the quadrangle there was an exhibition of spirit, loyalty, and sportsmanship of the equal of which was, perhaps, never seen on any university campus. Anyone can come, smile and reign over a victory; on Monday over a thousand cheered and smiled in defeat. The fondest hopes of any university body—the national football championship—were blunted at Nebraska last Saturday. Notre Dame was to the opponents what an inferior team shot the circus of victory. Raising their victory song every member of the team, and pledging their loyalty to "Rock" and his Fighting Irish, Notre Dame students demonstrated that in defeat the Notre Dame spirit is as great at victory.

ON TO PITTSBURG

In Notre Dame's recent game against Pittsburg the question, and Saturday after next, Notre Dame may answer.

The Pittsburg Faculty has consented to allow the student body to take the lengthy trip, to the Carnegie Tech game. The S. A. C. has gone to great pains in preparing a suitable schedule. The Pittsburgh Alumni Association is to make payment for the trip which would enable a very few not to be present, the trip is a wonder. The public of Pittsburg are anxiously looking forward to Notre Dame.

Pittsburg is looking for you—you ought to be loyal. Buy your ticket to the game and show Pittsburg some of the spirit you showed on the quadrange Friday.

Spirit

We read in a news dispatch the other day that the majority of students at Purdue were disgusted with the showing their team made against MIT. The reasons so disgusted that the editors of their daily paper left a blank column to be filled by a student who would have appeared. Not only that, but they refused to comment on the matters that concern the students. That action must have indeed attracted a lot of encouragement into their ranks. The Purdue students are to be warmly welcome when they returned home. Purdue has a football team that can be responsible and average of the average of their teams in the past, but it seems that the students have their talents and are going to find and expect to find an apple tree over wherever a potato seed was planted.

THE WELL ROUNDED EDUCATION

The dean of the various colleges on the bill have expressed themselves to be in favor of student participation in outside activities. They have stated that participation serves to develop the student in a well rounded college education. Colleges that have added, is of primary importance and should receive first consideration is the truth that the student is the one who shows more and more to be interested in extra-curricular activities. The student who has a particular interest in these activities is supposed to consist of a major and a minor. For some this is the case and for others it consists of own and other. The interest is the most involved in the development in the academic year, and social and psychological development to be obtained from extra-curricular activities.

Within the activities are to be found activities of the definite aim in life, those who represent a more than ambiguous of the duties of the body. They are not content with the mere absorption of other men's ideas but are anxious to learn them in their activities. The value of their own ideas and theories are not willing to be a slave to the ideas of others. It is the easiest way of spending time. They learn to know the advantages to develop their own personality, and become avenues to discharge responsibilities. They assume duties as the most from their college life and they are the students who will be engaged in a later life.—The Daily Cardinal.

The Yale Rebellion

Yale has been the scene of a rebellion among various of its college traditions. It is having a rebellion among various of its college traditions. A student of one of its colleges has charged that there are several rules in the college that should not be the last night of any time—the ideal of a well-rounded development of the individual. They include more than the development to be obtained in the classroom, more than the education be obtained from books. General education is supposed to consist of a major and a minor. For some this is the case and for others it consists of own and other. The interest is the most involved in the development in the academic year, and social and psychological development to be obtained from extra-curricular activities.

The title of the current attraction at the Blackstone is "Three Pop," and after seeing it you will probably conclude that it does not offer the benefit of those who are not familiar with the plot. We will not attempt to produce the undertone of the program it is a divorce.

Hope Hampton is starred, although why she should be is not clear. What honors there were in the picture went to the family lawyer whose name we unfortunately do not remember. He resembled the photos of Mr. Roebuck al her age, and his work was the most intelligent of the production.

Mr. T. D. Beedle is in the role of the husband who divorced his wife to turn the bond of bless in the bond of love, and upon a tender rendering of his duty to the sponsor that he had its complete nervous breakdown.

At Hanover, White Way Oratory, is on one of the best organizations of his kind that has been presented in the South Bend for some time past. The specialties of the feminine mind seem to be easily the feature of the turn.

Here and There

"An endowment for needy football and basketball boys, begun by Student-Life, is the Student-Life Athletic Endowment Fund," said Mr. W. D. Smith, president of the Student-Life, Utah Agricultural College, Logan, Utah, has been placed at the disposal of that university. The endowment, the Student-Life says, accounts for the millions in cash and securities, and it would seem that such endowment may be applied to the betterment of young men who are entering Universities and colleges; it will be a benefit to the universities and colleges. It is not made available to the universities and colleges.

In the United States there are

by that of any other foreign language, ancient or modern, according to reports received by the Bureau of Education for 1921-1922 from public high schools in cities having a population of 100,000 or more. French and Spanish ranked next in Latin in popularity.

"The Impressario," written by Mozart, was presented three days at Indiana University recently. It was played at Notre Dame two years ago, and it was one of the best productions presented there.

MICHIGAN CLUB.

The following compose the Michigan Club council at the University: John Blanks, Walter Norvick, Francis Donavan, Jay Fleming, Warren Talham, William Horsley, Martin Smith, Harman Bitner, Ed- die Lyons, Clinton Glancey, James Armstrong, Gerald Left, George Ludwig, Bruno Cook and Fred Osl.

HARDING'S CRED

An examination of the late Pres- ident Harding's creed, of journalism, in which he put forward when he was editor of the Marion Star gives us a character insight into our former leader and shows to what high aims this rapidly rising profession can point.

Remember there are two sides to every question. Get them both. Be truthful. Get the facts. MISTAKES ARE INEVITABLE, BUT .

The Alum

Every day the newspapers are filled with stories of the latest developments in the world. They are not as you would like to have it. Give the facts. Tell the story as it is, not as you would like to have it. This is your duty to the public. This is your contribution to the news that moves the world.

Treat all religious matters reverently.

If it can be done never bring ignominy to an innocent man or child in telling of the misdeeds of others.

Don't wait to be asked, but do it without asking, and above all be clean and moral, do a dirty work or be a clever oratory. Start playing it in our editorial columns. Treat all religious matters reverently.

SPECIAL HERE ON SATURDAY

Pennsylvania to Run Special Train Here for Butler Game! Arrives at 11 A. M.

The Pennsylvania railroad announces through its division office in Indianapolis, that owing to the great demand, a special train would be run between South Bend and Indianapolis for the accommodation of the gridiron fans who plan to attend the Butler game at Carrier field Saturday. The special will leave the Union station at 7 o'clock Saturday morning, and will reach South Bend shortly after 11 o'clock. It will leave on the return trip at 7 p.m.

The Fighting Irish have played in Washington Park on many occasions. This is the first time in several years that Notre Dame has missed its annual game in Indianapolis. As Notre Dame's opponents are from same city, the game Saturday will have a double interest. It is probable that the Butler rudder will take advantage of the special train and accompany the Notre Dame followers.

SCHOLARSHIP DANCE

Arrangements for a Scholarship club dance to be held at the Palace Royale on the night of November 26, were completed last night.
