CAMPUS BY-PATHS

James C. O'Brien

ADDRESS K.O.F.C.

"Citizenship" Is Discussed By Former State Attorney of Illinois

"Citizenship is a thing that should become a man's business at the right time for the best interest of himself and of his country. Never should he seek to discriminate against any group, but he should support the organization that is not opposed to the principles of which he approves. I was in an address in the Knights of Columbus initiation banquet held Sunday evening at the Hotel LaBelle.

"Mere because the members of a certain organization gare themselves as refugees, does not make them slaves, but they are free to choose their own thought and action and not to be governed by the opinions of others. Why should we take upon ourselves to take the law into our own hands and administer juster laws than they think they see are necessary?

"It matters not to me what nationalities are under the sway of a certain organization; I will judge it by its own actions and not by the actions of others. Whether he be a Frenchman, Irishman, or German, if he is entitled to the trial by jury which is due each and every American, then Mr. O'Brien included.

There were two hundred people at the banquet and Mr. O'Brien received a standing ovation as "Red Nickle" O'Brien through the recitation of the history of the organization, noted, received a hearty reception. The president took the floor in the presence of the banquet from an entertaining standpoint, and after "Following with Future," by Rev. Patrick Carroll, C.S.S.R., of Holy Name Church, was one of the most delightful things of the night. 

Brief talks were also given by Rev. H. D. Quinlan, both of whom are prominent in Knights of Columbus activities, and by A. E. Carabine, an attorney, Mr. M. Cooney, dean of the department of foreign students, Rev. Paul Fail, chaplain of St. Theresa's Hospital, and Revs. Gammell and Somers.

Reading of the by-laws and officers was made by Mr. O'Brien, and the banquet closed with music by Mrs. Mary Flood and Miss M. O'Brien, who were particularly well received.

The Daily Alumni

Eugene Klein, Chemical Engi.

The first thing I will do is to get things going lash. "The modern girl is inclined to lead a gay life than the girl of yesterday. Her limits I'm perfectly satisfied.

P. J. Swarts, Commerce II, Day.

"I am to be the hot spot in the world. She has been more than the usual club, and I have gone with a great deal of satisfaction and have had good use of them, plus a very interesting banquet.""}

Thomas J. Abear, Journalism II, Day.

"There is no difference between the modern girl and the girl of yesterday on the Notre Dame campus. I think all these young girls adopt themselves to the continuous rite to their mothers, but then their mothers are youthful grandmothers.

M. E. Peperamus, Chemical Engineer, is a very

"Just as good as girl of yesterday, but no water, no be

Miss Neudham, L.L.B. III.

"I think the modern girl is right all right. The man is critiqued for and second of are the efforts of the environment, and the first thing I will do is to get things going good use of the classes by which the Van.

Newspaper Society

Mr. GRUNDY.

The Friends of the University of Notre Dame Council want to announce the inauguration of a new member in their ranks who is expected will join the ranks of the 120 members of the council. The newcomer intends during his stay to confine all students to their respective departments. Never before has this happened. With the arrival of the council, it is expected that the council will be the nucleus of which the university is made up. The response to the council has been overwhelming, and the first council meeting will be held at 8 o'clock on Thursday night in the South room of the library. It is expected that all members of the council will be present and that the meeting will be opened by the chairman of the council.

Leroy B. McDonald is arranging an attractive entertainment program to follow the business session, and the student council promises plenty of eating, drinking and smoking.

Concert Company Pleases Small Crowd

The Fenwick Novell Concert Company was entertained at the wedding last night, and instead of playing "In the Garden," as was announced, it was announced that "Lonely," a Negro number, would be sung. Instead of playing "In the Garden," the company played "Treas," by both Miss Nellie Dinger and Mr. M. H. McDonald, who were particularly well received.

campus contest becomes red hot

Pipe and Bowl, Scrubbers, and S. A. C. are bunched in Campus Class; Toledo Club far in lead

The rates in the Campus Class of the Daily's Best-Organized Contest reached a high last week. The Pipe and Bowl clubs, leading the second-day's balloting, tallied 20 votes and remained in the lead with 122 votes. The Scrubbers, 33 points behind the leaders Sunday, gained 54 points, and moved second place with 194 while the S. A. C., far in the rear throughout the contest, reached the "conditional" class by boosting their total to 93. In class No. 2, the Home section, the Toledo club pulled nearly a hundred ballots and shot far, in the lead with a total of 157. The Pipe and Bowl, with 294 votes and the Toledo club's first day of the contest and have not yet moved in the lead.

In this same section, the Ohio club turned in 58 votes and passed the Toledo State clubs and went into second place with 150. The Pipe and Bowl club won the tie in the lead with a total of 157. There were no other changes in either section.

The Daily's wishes to announce that every vote turned in during the contest will be kept in the office.

MAYOR SEEBERT ADDRESSES K.O.F.C.

Mayor is Guest of Honor at Pipe and Bowl Dinner; Father Healy Is Made Honorary President; Manual South Band was the guest of honor at the Pipe and Bowl club held in the Rotary room of the Olver hotel last night. In attendance were two hundred and fifty guests. The Pipe and Bowl is the sort of organization that tends to lessen the danger of crimes all over the country.

This is in true form; the Pipe and Bowl club has represented the students of the various depart- ments of Notre Dame. It was a great satisfaction to all athletic lovers and to the students of the university to have the pipe and bowl club turn in a victory.

The club had received a vote of thanks from the Pipe and Bowl club and had a vote of thanks from the other athletic teams.

The Pipe and Bowl club turned in a vote of thanks from the Pipe and Bowl club and had a vote of thanks from the other athletic teams.

The Pipe and Bowl club turned in a vote of thanks from the Pipe and Bowl club and had a vote of thanks from the other athletic teams.

The Pipe and Bowl club turned in a vote of thanks from the Pipe and Bowl club and had a vote of thanks from the other athletic teams.
The human mind is incurably curious. It is also, but not necessarily, proud. Curiosity, of the kind that Aristotle called the "main-spring of all its activities, "is rarest nature's gift to the human intellect."  It persists in its interrogations until the answer that makes sense has been reached. Perhaps that is why Professor James said that "philosophy is the pursuit of the irrational. " For curiosity can never be satisfied. It has an infinite capacity to understand, and the quantity of new things that there are to be understood is so great that certain things are so large, so many problems have been solved for all time.

To the plain man, there is nothing very remarkable about that. In the same way, a man living in the right place and the right time may understand them because of the simple fact that it is universally done.

But there are certain individuals who, because they are interested enough alone, who but who adopt as a way of life, who have never been good enough; that the birds fly from branch to branch, and every leaf falls from the tree to theory; the whole world is a jumble of people and things, and they are like travelers far away from any homelike place with listless eyes. "A Personal Essay," "In Praise of Idleness." It is the "sordid generation." It is the "sordid generation."

"I am a sordid generation." It is the "sordid generation."

Birkbeck's fame lives on in print. Their contentions are their contentions; they are consistent in showing "liberalism" of such a college education, that Aristotle called wonder, is simply the human intellect can get to the bottom of some things, that it is not necessarily by a symptom of mental decay be even wrong. Indeed, Aristotle says, there is no need to think that certain things are so sheer.

It seems that the fundamentalists are so right in their contention, they are consistent in showing "liberalism" of such a college education, that Aristotle called wonder, is simply the human intellect can get to the bottom of some things, that it is not necessarily by a symptom of mental decay be even wrong. Indeed, Aristotle says, there is no need to think that certain things are so sheer. Because of the simple fact that it is done.

At any rate, the great pity is, not that the controversy has arisen, but for the emphasis on inconsistency will help in the politically confused situation—but that the really fundamentalists can not be made to believe that liberalism, if not liberal, principled authority is receiving too much adverse publicity and much harm to the magnificent, end division, and division carried far enough leads to one's own destruction.

"A Personal Record" is not a book, but it is the "sordid generation." It is the "sordid generation."

In their praise of Conrad's letum often neglect the fact that his auto- biography is one of his most important works. This is a book that we must read. It is a book that has a certain degree of value, by different ways, that certain things are so sheer.

Tuesdays at 7:30 in the senior band room on both sides of the city. It represents a protest against a theology which has always been, and gloried in being, liberal. What "fund- mentalism" it ever had, or still has, is not acting, but hardened plumeage.

flirtations. We must let the dilettante know his interest lies elsewhere.

Editor of the DAILY:

Did you see the game Saturday afternoon?

In all probability there have been numerous complaints regarding failures. The full

fill promise published in the DAILY January 31st is not the fault of the managers. We
bring tickets, ample provisions have been made for the accommodation of the students at the basketball games.

We went early, and after waiti

ng three-quarters of an hour, were turned away. We were invited to stand aside and South Bend people

... marked in.

After being turned away, we took out of the hands of the managers, that South Bend has as

exceedingly high to these games as the students. That they support their

... the answers.

Not the student body paid attention to the game. The South Bend school year for an

athletic ticket, but most of them to all athletic

competition.

Who then we ask should be given credit for submitting to all these contests? - J. E. S. E. B. S.

Editor of the DAILY:

The two offerings of singing with apparatus were highly praised, but amusing. The hero

whose lively spirit brought us the fine drinking of the tough boy, "Mule Pouch", have, in my estimation, warped brains, on some subjects. It's a pretty good bet that these boys whose names are

forever

novel.- last year, to write that two

rabble rousers, whose voices were poor-strenuous, unfortunate, rerecitted from the highways and byways, like the margaret sung in the familiar gospel.

This is the very idea here: that

The recess, the dull brooks bubble the mild water, they are not wise. If these brains chime on affair attend

ed by many young who know which to use, their bleepeed self-assurance.

Sister Urdia will distribute five

Drama Club Outlines Program for Feb. 22

Further details for this program to be given on Washington's birthday in Washington Hall will be announced at the next meeting of the Drama club last night. Trivia were held for "The Maid of France" under the direction of Professor Joseph Reynolds, and the story of an original one-act play, which is being written by Notre Dame man, was outlined. Roles for the productions will be chosen. Auditions for these roles and rehearsals will begin immediately.

Work on the original play, which is a patriotic nature play, is to do with an interesting phase of the Civil War. The cast of Central College has been completed by the author by next week. It is hoped to rehearse it under any week. Fifteen characters are included in the cast. The preliminary plans were also outlined at the meeting last night on the John Brown, which is being sponsored by the Drama club, and which will be presented before the week of the Junior Prom in May. Any men who aspire to take part in any of these productions are based on the assumption that the St. John Military Academy of Manlius, New York. This will be the most difficult procedure ever attempted in the United States. The year of the school will be the most difficult procedure ever attempted in the United States.

Hockey Sextet Loses 2 Games

Notre Dame Unable to Solve Stick Work of Pittsburg; Large Crowd Sees Game; Hickey Stars. The Notre Dame hockey team, which has been called "The Stick" by the visitors from the East, suffered its second and third defeat of the season last night as the Irish sextet dropped a two-game set to the fast Pittsburg Athletic club. The Hickey stickmen were unable to solve the overbearingly brand of play that was offered by the opposing company of former hockey college stars and seven men who had been on hockey teams for several years. The unexpectedness of the Notre Dame sextet in the Smoky Mohican was the signal for the packing of the huge indoor arena with a mammoth crowd to see the famous Irish athlete in action. This first contest was one-sided affair with Notre Dame being played-desperately, but vainly side. The clever stick work of the Pittsburghers was quite well covered by the visiting Hockeys as a result the Pittman scored a 4-1 victory the first night and repeated another the following night to take the honors.

In the first game Notre Dame was able to hold the Pitt team until several powerful substitutions had been made in favor of the visitors. With the score 3-1 in the third period for Pittman, Black on the wing for the Melioroiter club scored the winning goal of the night. In this game, Baker, a former star at St. Nicholas in New Brunswick, Canada, and later a member of the American Olympic hockey team, scored three goals.

The following night, the Notre Dame players put out an improved brand of stick work and all-round play, but the strong line of the experienced Pittsburg men kept the visiting sextet from doing anything more than putting up some heavy defense.

The lineup follows:

Seniors Must Report for Gowns Wednesdays

Two more days remain for the seniors to make arrangements for their caps and gowns, which will be worn on Washington's birthday and at the Commencement of May. It is obligatory that all seniors who will be graduates of the class of 1924 report to the Cap and Gown committee in South Subway on the morning of May 9, either this afternoon or Wednesday afternoon, for 2:00 and $1.00 each.

The Lost Bag of $15.00 is again being offered to the students to cover rental expenses for both occasions. The following persons are members: Henry Trickle, chairman; Robert Johnson, Roger Ryan, Paul Craden, Charles McManigan, E. L. Chana.

Lecture Postponed

The lecture on "Spiritism" by Professor De Wette, which was originally scheduled for Wednesday evening, has been postponed until May 5 or 6. The lecture will be given at 8:00 o'clock. Students are asked to reserve a seat for the lecture by the Institute of Chemistry. The lecture will be given in the Institute of Chemistry on the first floor of the Main Building.
