SECOND SEMESTER CLASSES

Courses Offered by the Various Departments with the Beginning Second Semester

**COLLEGE OF LAW**

**Subjects**

- Torts
- Property

**Professor**

- Mr. Heilman
- Mr. Winnington

**Legal Liability**

- Agency
- Contracts

**Professor**

- Mr. Heineman
- Mr. Waterman

**Federal Procedure**

- International Law
- Federal Evidence

**Professor**

- Mr. Kuhl
- Mr. O'Shaughnessy

**Bankruptcy and Carriers**

- Bankruptcy
- Carriers

**Professor**

- Mr. Heineman
- Mr. Waterman

**Sovereignty**

- Federal Procedure

**Professor**

- Mr. O'Shaughnessy
- Mr. Heineman

**College of Engineering**

**Subject**

- Assaying
- Engineering Chemistry

**Professor**

- Mr. Smith
- Mr. Kuhl

**Chemistry 7**

- Physical Chemistry
- Chemistry of Engineering

**Professor**

- Mr. Kuhl
- Mr. O'Shaughnessy

**Civil Engineering**

- Municipal Corporations
- Municipal Law

**Professor**

- Mr. Kuhl
- Mr. O'Shaughnessy

**Mechanics**

- Engineering Mechanics
- Mechanics of Materials

**Professor**

- Mr. Smith
- Mr. Kuhl

**Hydraulics 12**

- Water Power
- Fluid Mechanics

**Professor**

- Mr. Kuhl
- Mr. O'Shaughnessy

**Mechanical Engineering**

- Mechanical Engineering
- Machine Design

**Professor**

- Mr. Smith
- Mr. Kuhl

**Aerospace Engineering**

- Airplane Design
- Rocketry

**Professor**

- Mr. Smith
- Mr. Kuhl

**Mining Engineering**

- Mining Engineering
- Mine Safety

**Professor**

- Mr. Smith
- Mr. Kuhl

**MINERALOGY**

- Introduction to Mineralogy
- Petrology

**Professor**

- Mr. Kuhl
- Mr. O'Shaughnessy

**Geology**

- Geology
- Paleontology

**Professor**

- Mr. Smith
- Mr. Kuhl

**College of Business Administration**

**Subject**

- Management
- Accounting

**Professor**

- Mr. Smith
- Mr. Kuhl

**Business Law**

- Business Law
- Labor Law

**Professor**

- Mr. Smith
- Mr. Kuhl

**Economics**

- Principles of Economics
- Economic Development

**Professor**

- Mr. Smith
- Mr. Kuhl

**Management Science**

- Management Science
- Operations Research

**Professor**

- Mr. Smith
- Mr. Kuhl

**Charley Grimes: Visit on Campus**

Charley Grimes, a senior reporter for the Associated Press, is visiting the Notre Dame campus this week. He is researching the university's history and preparing a feature story on the university's early years. Grimes is expected to interview several faculty members and students to gain a comprehensive understanding of the university's past. His visit is scheduled to begin tomorrow morning, and he is expected to depart on Friday afternoon. Grimes will be accompanied by a photographer and a videographer, and he is expected to conduct several interviews and gather footage for his story. His visit is expected to be a significant event for the university and its students, and it is anticipated that it will generate a lot of interest and excitement among the Notre Dame community. The visit is expected to last for two days, and Grimes is expected to work closely with the university's communications office to ensure that the visit is a success. The university is excited to have Charley Grimes visit and is looking forward to working with him to create a story that will showcase the university's rich history and traditions.
THE BALL

The Senior Ball Advisory committee established a price of twenty dollars for the ball this year. The price of the ball during the last few years has ranged around twenty-five dollars, and the actual present amount seems to be the highest price of the ball during the entertainment during Ball Week often exceeded over that figure. The Senior class this year has set a precedent, and called a ball to the damask curtains of the "Brilliant" in the Hall of the "Brilliant" the night of the Senior Ball. The Senior Ball Advisory committee has planned a grand entertainment of the Senior Class of 1924 to be held in the auditorium. The primary purpose of a Senior Ball is to provide the members of the Senior Class with some partaking entertainment, to offer them a function which will occur for all present during four years. It is in the nature of a ball for the Senior Class to bring together the trials and enjoyed the joys of the life at Notre Dame. Unless the proper arrangements have been made, the Senior Ball is a failure. The ball is not to be judged by one's wonderful music, its novel fashions, or its beautiful women, though all these combinations are necessary. It is the ball by the spirit with which the seniors attend that function is a failure.

Congratulations to the Class of 1924, the Ball committee, and to Dan Gallashaw who is responsible for the sensible social era on Notre Dame. May other classes follow their lead.

After several weeks of order deliberation Congress has accomplished nothing. This is regarded as significant.

The Alumni College President who was instructed out of his school he hasn't told everyone he knows. That's probably the reason why the students wanted him removed.

University Kitchen Has Baked Enough Loaves of Bread to Reach to Pittsburgh

"Bread is the staff of life" in the most literal sense. Dr. William B. Biddle, professor of bacteriology at the University, and a fellow dean said that bread is the most important food. And definitely so, for during the 20 years that Dr. Biddle has been on the faculty, he has contributed 3,500,000 loaves of bread to the wants of the human race.

These loaves, which are 18 inches in length, if placed end to end would reach from South Bend to Pittsburgh a distance of approximately 600 miles. Moreover this "Bread Line" would be six inches in thickness and seven inches in width.

The presence of 45,000,000 buses and cookies, would provide "stop, shop, and drop" service to a population of 450,000 in the city of New York. If the "Bread Line" would be 25 feet long it would stretch from the East Coast to the West Coast of the United States.

Since the Kitchen was established in 1902, 200 loaves of bread with 3,000 buses of both loaves have been baked and have been given away at various times. Often the bread is given away at 2 a.m. in the morning when the sun is not up, cold, due to distribution.

Two ovens are used each day, the bread is baked in 150 or 160 loaves of bread. The problem of baking consists of storing heat in such a way as to have "bake" at the time of loading. Flour is kept for 12 hours preceding the time set for baking. The fire is kept on Saturday in preparation for the baking to be done on Monday. The last way, however, it is said, necessitates a lot of work.

From this bakery the University, Notre Dame Hospital, the St. Joseph's Hospital, the Novitiate, and the various homes for the deaf and bread to the laity. Of the total of 3,500,000 loaves sent to St. Mary's, the bakery consists of two Peter-Ivanov type loaves, each weighing a ton of bread mix placed by motor, and provided with a scale hopper. The machine is used at times in Minnesota and is obtained in some of the best bakeries. Flour of the spring type and winter type are used for various purposes. According to Brother O'Brien, the flour is the proportions of 4 to 1 respective.

In the light of what Brother O'Brien says, the bread should be to say that the "bread line" would seem to be a project too well intended even to Russian.
At the Odeon

If you are interested in the history of motion pictures, or if you are interested in recent Italian films, you are invited to attend a lecture at the Odeon tonight. A presentation of early films and an introduction to modern films are forthcoming. The lecture will last from 8 to 10 p.m. and it will be followed by a showing of a recent Italian film. The admission is free.

Lake Walsh Back Again Cinder Pail

The manager of the Hotel Nevada, which is now under the management of the Nevada Theatre Building, is planning to reopen the theatre tonight. The theatre has been closed for several weeks due to the weather and the manager believes that it is now time to reopen. The theatre will show a new film every day, and the manager expects a good turnout.

What Others Say

Taking Precautions

Mayor Henry Cavanaugh's latest bulletin states that there will be no dance or social event this week. The mayor has taken this precautionary measure because of the recent increase in the number of influenza cases in the city. He has asked all citizens to be careful and to take necessary precautions to prevent the spread of the disease.

ST. TOM COMAN

Gene Sarren best actor Harvey, L-4, in a Thal' movie at Los Angeles Saturday afternoon. The winning star of the unusual world's professional championship.

A gallery of 2,000 watched the play despite a drizzling rain.

Washington and Jefferson college has chosen Charles Wayt, their slot line colored athlete, to captain the 1934 track and field team. Wayt was one of the greatest athletes ever turned out at an eastern school and won the pentathlon championship at the University of Pennsylvania, sectional last spring. West was chosen in an expression of the loyalty by which the students at W. and J. support the colored murt., who is also a varsity football player.

Speaking of captains who have received their offices as a mark of the players' appreciation of their work, we might cite the case of Claypool of Purdue and Kopp of Columbus. Claypool was elected football captain for the second consecutive time. Koppisch was elected football captain for the third consecutive time.

Freshman hall once more conies to the front. This time it is in the form of a battle being waged on the first floor. The north section against the south. How the probable outcome, 50-0, seems able more serious than that has occurred so far, but that was reason enough to say.

The "Roundhead" of Crownell's class has nothing on the students receiving the north end of the first floor. There is a tempest of ardent amongst their midst who has kindly consented to bob their hair, in order that they will not be confounded with their opponents. He has done a neat job of it, clipping their hair closely around their heads a few inches above their ears.

The effect is astounding.

The battle raged hot but if nothing more serious than bobbing the hair results there will be no bad effects, other than the freshness catching a bad cold.

News has just leaked out that Flups trailed for his fight with Dempsey by breaking all the furniture in the house which he leased during his stay in New York. The chances is now suing him for $500 and the doposters are wondering whose furniture he will break next time. They also admit that he broke the hearts of the non who said huge wagers that his miss would bring home the bacon.

MAYLIMEN PREPARE FOR WASHAB FIVE

Sorority Showed Team in Good Form Mahoney and Entwell Shoot Well.

Coach Keoghan's Notre Dame quintet, preparing for the Washab encounter next Tuesday night, ran through a fast ten-minute sorority show the "Y" aggregation last night, and gave an impressive exhibition of basketball. The team work was executed in good form and the shooting of Mahoney and Entwell was the feature of the little work-out.

The "Y" team, which has stacked up against some of the best opposition in this part of the country, found the going rather tough against the Irish and were only able to account for three baskets during the ten-minute encounter. Mahoney gained four corners, while Entwell registered twelve, and Xiner made the loop for an additional two points.

Special stress will be placed on the offensive tactics in preparation to penetrate the highly tested defense of the Crawfordsvllle school.
