OUR DAME UNIVERSITY

Emerson once said that the only way to have a friend is to be one. Such philosophy is as staunch as Garrison, because he realized that the essence of true friendship was friendliness.

At Notre Dame there always is a spirit of friendliness. It is fostered by many departments, in and out of the college, and is a part of our social life. Loyal Badin and Father Sorin first began their associations with the shut-ins and brown-skims in this vicinity, and up to the present day the influence of their example has persisted.

But Notre Dame is now in a period of transition, and she has been keeping pace with the rapid progress of the times. The economic factors which have fostered the advancement of the various departments are making themselves felt, and we are reaching upon those forces which, in the past, have been responsible for the splendid spirit of friendship that exists at Notre Dame. Do not let life and the daily bumping of shoulders in the pool rooms, bowling alleys, a swimming pool with locker accommodations, a large dance hall, and rooms especially suited for club gatherings be the last word.

The Union, as now visualized in the architect's mind, would be modeled closely after those Unions in the larger universities, and it would provide for spacious lounges, study halls, pool rooms, bowling alleys, a swimming pool with locker accommodations, a large dance hall, and rooms especially suited for club gatherings. In short, it would be constructed as to be attractive to and utilized by all types of Notre Dame students, with the hope of keeping alive on the campus the traditional Notre Dame spirit.

It would enable the students to obtain, from association with their friends, what Emerson desired to obtain. It is for this reason I urge that we put away from us our fears, and for the sake of our college, and for the sake of the present and future students of this college, try to provide what is necessary for the development of true spirit of friendship.

KIZER NAMED ON WESTERN QUINTET

IRISH CAPTAIN-ELECT PRIZED FOR WIN-THE-FRANKSTON STAR AT FORWARD

Noble Kizer, captain-elect of the 1924-25 Notre Dame basketball team, was selected by Fred Young for guard honors on the mythical All-Western basketball team. Kizer served two years on the Irish team at guard and his work has been of such a sterling brand that the basketball critics of the middle west have marked him as one of the outstanding players of the year.

The unlimited supply of high grade basketball men in the middle west last year has just closed and this year's heroes made the work of choosing a truly representative team as more than ordinary labor. Material for the squad was in abundance, which fact more than compensated the success of the 1925 season.

Kizer was for his consecration the inimitable Spike of Michigan, whose brilliant career in college athletics earned him a place in the nation's best. Kizer performed in elegant fashion for Michigan all year and gave a clever display of basketball when the Wolverines appeared in South Bend.

Rutgers, also, had its share of recognition to Ackerman of Kansas, while the forward berth goes to Minor of Ohio State and Vandiver of Franklin. The Baptist college star was the object of jurisprudence all winter by the country by discriminating sport critics, and it is my unanimous opinion that any honors that accrued to his name for his week in the Franklin quintet were well deserved.

Baseball Men May Get Outdoors This Week

Captain Billie Sheahan and his squad of baseball cardinals will probably be able to start outdoor practices this week if the weather continues to improve.

The warm weather has dried up Carrier field to a great extent. Coach Keogan stated yesterday that the complete baseball schedule will be announced at 9 o'clock today.

ENTERS DRAKE GAMES

Charley Paddock will make his first track appearance of the year when he competes in a special weekend race at the Drake relay, April 25 and 26. Paddock, having completed his college course, is not eligible for intercolligate competition, but intends to devote all his efforts between now and June to getting himself into shape to compete on the American team. Paddock hopes to make $9,240 in the century dash this year.

**At Other Colleges**

“The Mark of a Man” Honesty, decency, chivalry, self-respect and industry were pronounced the “Marks of a Man” by President Burton, of the University of Michigan, speaking at a convocation there recently.

President Burton’s enumeration of these five fundamental qualities was prompted by a recent conference with certain things in the life of the University which he regards as well and by recent occurrences which he characterized as being “about as low as anything I have encountered in fifteen years of administrative experience.”

He exhorts the students to a sense of their responsibility to the University and described the prevalence of business, vulgarity, lack of self-restraint and individuality amusing students. He made it clear that he welcomes intelligent criticism of University policies and conditions, but he feels most of it “frivol if not absurd.” He deplored “the general facilities for self-expression by certain unrepresentative minorities.”

President Burton is a great educator, and we greatly respect his opinions. The principles he sets forth are worthy of the thought of all—Daily Nebraskans.

**UNIVERSITY OF ILLINOIS—** Students of Illinois university are taking part in intercollegiate debating and now are advocating intramural debating, because of the benefit which the students derive from these meets. A debate between the College of Engineers and Arts recently was well attended and a considerable amount of interest and spirit was displayed. In doing this the college debating team would benefit.

Fifty-six gridders answered the initial call for spring football practices at Indiana. Coach “Navy” Bill Ingram has decided to remain as football coach at the Hoosier school, although he recently received several flattering offers from other colleges.

Two bicyclists, alternating with each other at intervals, rode 1,440 miles around Madison Square Garden, New York, to win the International Six-Day Bicycle race. The winning pair, who rode continuously for six days, were Maurice Brocco and Marcel Bayusec. One of them, who together with A. Depuy, set a record of 3,650 miles in 1925, was a member of the pair which came second in the race.

**Don’t give a cap “too much rope”**

Just when you’re hurrying the most—sizp and away goes that shaving cream cap. The new cap on Williams ends the nuisance forever. It’s hinged on and can’t get lost.

In shaving too, Williams has just as noticeable improvements: Williams lather is heavier and more closely woven. It holds the water in against the bristles. Result: quicker softening. Williams lather lubricates—no irritating friction. Last, Williams is decidedly helpful to the skin. It keeps your face comfortable no matter how heavy your beard and how tender your skin. There’s no coloring matter in Williams—it is a natural white, absolutely pure. Say “Williams Hinge-Cap” to your dealer.
