Rockne signs for term of 10 years with Notre Dame

Coach makes statement, will celebrate Rockne Day, April 24.

The persistent rumors that have been circling around for the past two weeks, intimating that Knute Rockne's regime as coach of Notre Dame would terminate in the spring, have been dispelled by the announcement of Rev. Mathews, the President of the University, that the illustrious Irish coach and the University's athletic director has signed a ten-year contract as athletic director at Notre Dame.

The announcement was received on the campus with a spirit of relief and jubilation from the widespread rumors and apprehensions that a change of the inestimable Rockne would be a loss to Notre Dame. The University was quick to dispel the doubts of the faithful band of Fighting Irish fans by the announcement of Rockne's new position.

S. A. C. presents resolution in regards to the impending decision of the Board of Education, which is currently examining the question of free tuition for students at Notre Dame. The decision of the Board will be a factor in determining the future of the University's athletic program.

The S. A. C. resolution expresses the opinion that free tuition would be a definite advantage to the University and its athletic teams.

ORATORICAL MEET HERE IN APRIL

Initial Appearance of Intra-State Contest at University

Notre Dame will be host to the inaugural Intra-State contest. The contest will be held at Northwestern University on April 19 and will be attended by representatives from both institutions.

NEW NAME CHOSEN

The S. A. C. has approved the new name of the University as "Notre Dame College of Notre Dame." This change was made to reflect the University's growing status and its commitment to academic excellence.

The new name will be effective immediately, with all future publications and correspondence reflecting the change.

The S. A. C. also announced that a new athletic facility will be constructed in the near future to accommodate the growing athletic department.

The move is in response to the increasing demands for athletic facilities and the need to provide adequate space for future growth.

The new facility will include state-of-the-art training and conditioning facilities, as well as a modern multipurpose arena for athletic competitions.

The S. A. C. has already begun the process of fundraising to secure the necessary funds for the construction of the new facility.

The University community is encouraged to support this important project through donations and contributions.

What Others Say

At the Top of the Ladder

The reason why successful men are sure that there is a great demand for them is that they... Bank.

On GROWING OLD

To think of age is youth is only to ponder on a vague and immaterial tomorrow. For the young man there are the dim horrors of senility, on the day when he will not be able to be a hero. Age will come, as will the remembrance and youth will persistently put aside coldly the supposition until the hair is thin and gray.

In the Bible, the old man is made to have only perpetual youth, they never pass thirty-five; they die at sixty only thirty-five. As we are, long before that time, until Death smiles and turns a peaceful face of gray.

Perhaps these are both. It is regrettable that men cannot die and the child of thirty-five who can not enjoy success; that he can not founder in his delirium of success. Would it not be so much more appropriate that one taste the sweetness of reward when best able to appreciate it?

Some do, but it is not the ordinary method of life. They seem to say with Chaucer: "Men grow too old for love, my love, Men grow too old for wine, But I shall not grow too old to see Unutterably daylight shine, Until my number is to snow"

Till I doubt if it be mine.

It is the joy of youth to know our youth as a trust from God, to avoid the shadow of the grave until it yawns before us. We reserve the last of that precious gift until Death smiles and turns a serene face of gray.

To the CHURCH IN AMERICA

"Wherefore we decided to elevate to the sacred purple two dignitaries of the church in the United States, who, by their personal qualities, the ability and character of the two men and the full support of their past pastoral ministry, already had shed the luster of the hierarchy on the body of the faithful, in the exercise of the moment which inspires it also is extraordinary and unexcelled."

These were the words of Pope Pius IX in his allocution on the recent occasion of the elevation of Patrick J. O'Sullivan, Bishop of New York, and Charles W. Mundelein to the college of cardinals in Rome. To every American Catholic Catholic a name of such importance is a personal encouragement and a blessing.

New Offerings on Stage and Screen

At The Orpheum

Forbids "Black Dawn" layed out by us to a high spot of admiration for Corinne Griffith productions. As at the "Lilies of the Field" falls short of the previous release. The result is done by a clever and interesting, and quite gray-haired feet. Is one of the best of the series. A very nice piece of acting. Not the best of the audi. But the ending is a bit different.

Miss Griffith does the best she can with this moody, but does help it to no mean extent. Does help it to no mean extent.

Two prominent titles of Notre Dame, William Draper, '06, and Fred Shears, '11, were visitors on the campus yesterday. Both men have spent much of their lives in service to their Alma Mater.

Mr. Draper was captain of the track team in 1922, 1923, 1924, and 1925, and played on the football team in 1920 and 1921. When he graduated, he was留下 for two years, and during that time he was manager of all the coaches of the track team.

Fred Shears was also a monarch track man from 1908 until 1911, being captain of the track squad in his last year. He is now an esteemed athlete and is classed by the Central A. C. U. Both men have been keeping football practice with interest.

Tennis Tournament
Slated for April 10

At the second meeting of the Tournament association yesterday, it was decided to close the tournament entries April 10. The matches will play April 13, and the tournament will be opened immediately thereafter. In the season there will be a class B tournament from which all players will of course be barred. The opens double tournament will be held immediately after the close of the singles.

The tournament committee is composed of Centuris, Wald, Van, Linder, and Edwards. The following have been appointed in each to receive entries for the tournament: Linder, John Edwards, Adrian, Bobbin; Lute, Sorti, Yertzel, Brown; O'Brien, Carew, Carney, Whitther; Freshman, Hugman, Sophomores, and Center. It has been decided by the Notre Dame Tennis association to become affiliated with the National Intercollegiate Tennis association.

Illinois Track Team
Strong in Field Events

Coach Harry Gill's nationally known Illinois track team has given a great deal of thought in favor of the outdoor track. The distance men have a better team than ever and the weightmen are limbering up on the field.

From all indications, the Gillmen have a much better chance of winning stars in the field events. With long jump star who is almost a second Illinois legatee in the javelin and several of his teammates within a few strides of a title, the Fighting Illini will give the championship team of Walter Christie at California a nip and tick for honors. The Southern 400-pounder is another of the men who are expected to do well and to be a front runner in the field. The Illinois mile log will stand at 903 feet 5 inches.

ON THE LEVEL

It is quite evident that the soldiers are receiving sums beyond all values of services rendered. Numerous gate receipts are working greater damage to the game than anything else now on the surface. Yet a soldier is entitled to a fair present: of what is attributed to the box office and promoters are also enti
tled to a fair percentage. It is not fair that the fighter who makes the large receipts possible be given only one-fourth the amount the promoter receives.

It is suggested that a law be passed cutting the prices of admissions, making the highest price some- where between $4 and $5. This would reduce the receipts into the arena and raise the prices which have been falling into the hands of champions. The adoption of such a plan will work to the benefit of the fan of the fighter is entitled to a fair present: of what is attributed to the box office and promoters are also enti

Editor for 20 Years

"The Ave Maria, which is a magazine devoted to the Blessed Virgin, was founded 65 years ago by Father Edward Barry," said Father Healy. "He was assisted in his work by Father Angela, and was supported by Father Gillenr who edited the magazine until 1774. As the present editor, Rev. D. E. Hudson took charge. Father Hudson this month celebrates the 50th anniversary of his editorship, during which time the magazine has never missed an issue."

The staff now includes Father Hudson as editor, Rev. Barry O'Neill and myself as assistants, and Prof. George Shuster as critic of poetry. Its circulation of 41,000 includes practically every country in the world, including India and China. Many of the articles which have appeared in the numbers have been printed in book form. Broth­ers of the congregation are building up its circulation, while no effort is made to secure advertising.

Many Contributions

"One of the most interesting departments of the magazine is the 'Contributors' Box' through which, and I believe Father Hudson has verified this, hundreds of thousands of dollars have been secured for various charitable causes."

Father Healy's talk was the feature of the meeting which included the reading of papers by James Wley and Joseph Ryan, and a short talk by Corbin Patrick, newly elected member.

CAMPUS CARNIVAL (Continued from Page 1.)

A spirit of intense rivalry is rapidly making its appearance among clubs on the campus to secure the feature act of the evening. Very little definite information has been advanced by club officials, but many hints have been given as to the surprises that will make their appearance in the course of the evening's entertainment.

Mr. Richardson, the stage man­ager of the Palace theater, and a former Notre Dame student, has offered his services to the S. A. C. He will assist the various club com­mittees in staging their acts.
