BRUNIS TASTE DEFEAT

California's long string of track victories which included the national intercollegiate championships for three consecutive years came to an abrupt and dishonorable and fast-ladder meet. The Brunis have not attended the University for the last two years, and the Brunis have not attended the University for the last two years.

IN YOUR EYES EASILY REMEMBERED. YOU ALWAYS REMEMBER SATISFACTION.

The Illinois track team will invade Notre Dame this week to meet for the first time with the Irish in the event of the national meet to be held in South Bend. The Irish will meet Indiana at Bloomington tomorrow and Walsh at Crawfordville on Saturday.

The strength of the down-state schools in the event of the three schools has not been tested. Notre Dame is expected to meet Indiana at Bloomington tomorrow and Walsh at Crawfordville on Saturday.

The Notre Dame relay, consisting of one and one-half mile run, will leave little to be desired for in the way of speed, with such men as B. G. and Laspade of Indiana and Evans of Illinois performing in the century and 220 yards. The Irish relay of Walsh and McGown in the quarter with Lake Williams and McGown of Notre Dame for competition should register some fast time and possibly set a new record in the half-mile relay.

The half-mile run will call out another slate of stars with Brownell and Wright of Illinois, while Walsh and McGown of Notre Dame for competition should register some fast time and possibly set a new record in the half-mile relay.

Alumnus Issued To Senior Classman

Every member of the graduating class of 1924 was mailed a copy of the University’s official yearbook, “Alumnus,” on July 1, 1924. In each copy, editor A. G. Ryan resented a note of introduction to the men now to be listed among the alumni.

This number contains a variety of interesting articles by many of the faculty, alumni, student leaders, and university officers. E. G. Miller, G. F. Shimer, the department of letters; Prof. R. E. MacGregor, the department of administration; Prof. W. E. Farwell, the department of history; and Dr. Carl Swanson, the department of classical languages.

Moreover, Rockne has an interesting article on the 1924 football team, “Football of Today” in which he condemns the attacks upon the greatest of all college sports more than once for the publication. Rockne, an authority on the subject, has written this article to take the positions of a famous eastern educator who said: “Football is not the greatest game, as it is often considered. It is, in fact, an unhealthy game, if not properly handled and regulated.”

An interesting feature of the November issue is the appearance of the last of the 1924 issue and the last of the 1925 issue. This last article was written by F. L. Shimer, the editor of the “Alumnus.”

The “Universal Notre Dame News” will continue to appear monthly throughout the pages of the magazine.
