THE DAILY'S STAND FOR NOTRE DAME

A union building to be built as soon as possible
of well-organized student body, resuming on the campus.
True recognition of good scholarship and a better appreciation for the efforts of men in campus activities.

YESTERDAY'S BULLETIN.

Because it is in the nature of an editorial, the bulletin issued yesterday morning by Father Matthew Walsh, president of the University, was very much in the forefront of this edition. It begins:

"It has been rumored that the Ku Klux Klan is to hold some sort of gathering in the vicinity of South Bend, this evening. There is no such gathering planned, and the Klan should be ignored.

"I am interested in the proposed meeting of the Klan, but not to the extent of wishing to interfere with whatever plans may have been made for a demonstration. Similar attempts of the Klan to found their strength have resulted in various situations, sometimes in the loss of life.

"However aggravating the appearance of the Klan may be, remember the advantages it has. Young and thoughtlessness may consider it a duty to show what a real American thinks of the Klan. There is only one duty that presents itself to Notre Dame men, under the circumstances, and that is to ignore whatever demonstration may take place today. This suggestion should be taken in the spirit in which it is given.

"As far as travel, which is the question, these activities will not affect travel to South Bend. Let the South Bend authorities take care of the situation. The place for Notre Dame men, this afternoon and tonight, is on the campus, in our study, in our book, for those who collect several during their years at Notre Dame.

STANDARDBING.

The costs of producing the Dome increase every year. As long as improvements are made in the book, this is inevitable. Part of the increased cost is not by increased returns from advertising and circulation of the Dome, which may be saved.

One of these is standardization of the cover.

The cover design of the 1924 Dome is simple, tasteful, and attractive. Some such a design, possibly in the ornate blue and gold, and including—as seems desirable because of the name—of Notre Dame, is being contemplated for this issue. This is being done by other schools, among them Illinois. It will effect a greater saving of time and money, and it will provide a uniformity in cover design, for those who collect several during their years at Notre Dame.

The Dome is a part of the S. A. C. and to the new editors of the Dome, now a good time to decide.

BEVILLE.

Nothing is more pleasant than to awake in the early hours of the morning, to see the gold sun streaming through your window, and in your mind play the happy notes of any pleasant journey you have made or are about to make. It is this that makes the dawn so beautiful, so light, so sweet, to daze off again, and be正式启动 awakened later when the glory of the early morning is passed.

The Doughboys begin when we make the effort needed to get out of bed, and wander aimlessly out onto the campus to make our always pleasant walk in the green of the morning. It is the pulse beats temporarily. The odors are fresh and inspiring. Our day begins well with an exhilarating some of both physical and mental joy.

** Illinois Romps Over Michigan; 106 to 26 **

The fates smiled with little favor on Illinois Friday; the Fighting Illini track team, when the Indians triumphed over Northwestern. The final count stood 106 to 26, and the victory practically decided the Western conference outdoor championship for the Urbana school. The running of the regular conference meet will do little more than emphasize the Gillermans' right to the title.

Michigan took three of the first fifteen start, but in the second three places were being recorded in the track events. Broder defeated Brownell in the pole vault, which did not come at all as a surprise for the Illinois champion is still suffering from the effects of a broken shoulder. The all-comer, however, did not detract from the performance of Broder who is rated at a par with Brownell.

Don Fleming stopped the low hurdles for a new mark in 24.2-5 and Evans was elected in the 220-yard dash in 23.5-5. Schildhauer put the 45 feet, 2-5-3 inches. All are new Illinois track records.

**Criminal News**

In a recent confession, a notorious young female criminal referred to in an officer's manner, "to her initiation into the habit of taking other people's purses and belongings" and said in part "she had been reading details of such things in the papers, and while doing so had conceived the notion that it was feasible to get a considerable sum that way in a short time."

It is not putting it too strongly to state that the stories of crime printed in the daily newspapers teach no worth-while lessons. They do, on the other hand, give instruction in countless details of criminal practice. Some phases of crime is true ought to be aired. But this is not the explanation of the motive underlying the publication of the crime news in the ordinary papers. With the average daily newspaper the motive for the printing of crime news is nothing more or less than a willingness to panders to the instinct of morbid curiosity.

The responsibility which the newspapers owe to the public is far greater than it is ordinarily recognized. When one considers the influence which mental suggestions exercises upon the ordinary, receptive mind of the average individual it is easy to see that the common practice of recording, in all horrible detail, a great amount of crime news is conducive to no good for individual, community or nation.—The Indianapolis News.
