Draft Fight Forces Hershey Pull-out; NET Cancels Stanford SBP's Trip

General Lewis H. Hershey, the demure director of the Selective Service System, canceled his March H8 speaking engagement here, this week, entailing the cancellation of draft-resisting Stanford SBP Harris, who was scheduled to speak on the same night as Hershey. Hershey's speech was to have been taped by the National Educational Television Network, which also plans to cover the General's staged confrontation with the pacifist Harris. NET was in hand to film the Harris' trip from the West Coast.

The General had an opportunity to speak earlier this year, but the only day that he was free was the day before the end of Christmas Holidays and the Commission decided...

Saint Mary's ASP (Continued from Page 3)

and, if so, why don't they tell the students?

The grant of responsibility comes to the students with great expectations re. the power given to the Student Government last year by the Academic Committee. Under this grant, the students can make their own decisions in specific areas, most notably the determination of honors and discounts for the general welfare, was not complete. A clause was added that should the students overlook the problem, their actions return to the administration. The problem is that these accepted bounds were not defined and as a consequence, the ASP students have been asked to seek the limits for fear of losing their power. The ASP feels that more can be accomplished if the administration will outline how far they will allow the students to go and will therefore work for such a clarification.

Under academic's affairs, the last major field the ASP is setting its sights on, is the academic policy determined by the Academic Affairs Committee, which is composed of faculty and administration members. ASP feels that if any re- vamping is to come here, as sought by Mary Perrone, the recently elected Academic Commissioner, than the students must have a voice on the committee, even a non-voting status.

We will work with and through Student Government whenever possible," said Miss Doerr, "but if because apparent that more could be accomplished outside Stu- dent Government, then we will bypass it."

Mary Perrone feels that the relationship with Student Government is seen as the ASP bridging the gap between the students and their government. If the students know the policies, they can and their representatives know they have the support of the students that we can make real.

"Our main purpose, however, is to express our views," she said, "it can get the students to start looking at student and government issues, and then perhaps we can move from a quiet finishing school to a vital academic institution."

I'm sure it has not escaped your notice that underlying the adorable whimsy which has made this column such a popular favorite among my wife and little dog Spot, there is a serious attempt to stay abreast of the problems that beset the American college student... Many a trip have I made to many a campus—talking to undergraduates, listening to their troubles, hearing their grievances, reading their buttons. (Incidentally, the second most popular button was, "WALLACH BEERS LIVES." And the third most popular button was, "SCRAP THE SCARPE" which is worn, as we all know, by Personna Super Stainless Steel Blade users who, as we all know, are proud to proclaim to the world that they have found a brand of razor which will get the job done."

Hershey has called David Harris, who was decided that many of his students overstep the limits for fear of losing their... (Continued)

Next week, explore engineering opportunities as big as today's brand new ocean

When Champert, having completed his degree in wing notes and flanges, reported to the enlightened corporation where he had accepted employment, he was not rushed. After graduation, I explained that today's enlightened employer."

I suggested that the relation-ship with Student Government is best seen as the ASP bridging the gap between the students and their government. If the students know the policies, they can and their representatives know they have the support of the students that we can make real.

"Our main purpose, however, is to express our views," she said, "it can get the students to start looking at student and government issues, and then perhaps we can move from a quiet finishing school to a vital academic institution."

I answered with a resounding "No!" I told them the culture they had missed in college, they would pick up after graduation. I explained that today's enlightened corporations are setting up on-campus job shops, such programs for the newly employed engineering graduate—courses designed to fill his culture gap—for the truly enlightened corporation realizes that the truly cultured employee is the truly successful employee.

To illustrate, I cited the well-known case of Champert Sigfrido of Purdue:

Next week, explore engineering opportunities as big as today's brand new ocean

When Champert, having completed his degree in wing notes and flanges, reported to the enlightened corporation where he had accepted employment, he was not rushed. After graduation, I explained that today's enlightened employer.

I suggested that the relation-ship with Student Government is best seen as the ASP bridging the gap between the students and their government. If the students know the policies, they can and their representatives know they have the support of the students that we can make real.

fortifying the old tale: to freshman would never dream of drain two plus two. Room on the freshman. Two years ago the candidate vying for the Notre Dame gathering in a room after mid-night. Must win the freshman. Rooms, to blue rooms without rest, garish and thinking of freshman, justification the old tales to win you must win the freshman.

The candidates, Ron Messina, Chris Murphy and Dennis O'Dea, remain the same, only the time has changed. Murphy circulated a mimeographed sheets on student activities. Messina plastered campus, Ron O'Dea's campaign has a marked sign of security. Saturday Messina went to the Creighton Basketball game. That night he attended the University. Mingling before all nominations were in, two new candidates appeared with their list of signatures. Bill Miller, from Howard Hall, a man who was expected to run, but to run on the absurd, suddenly turned to a more serious outlook, and admitted this week on WNDV that he was running to win. Ken Horner, the Lyons Hall conservative who ran for the Senate on a "back to the rules" platform, was the other late entry. Horner is running on the inept conservative ticket into the campaign.

Aside from the two new candidates, the campaign for the SFB post has moved swiftly and expect­edly toward a stabilization of agreement.

Cars, girls, academic freedom and liquor, the big campaign issues have dwindled from issues to anonymity. All of the major candidates want cars, all of them promise to work for longer visiting hours for girls, to research the Indiana State Drinking laws and all want Academic Freedom.

The difference in the candidates lies in the manner in which they plan to attack Notre Dame problems. Murphy, for example, says he wants to move closer to the Administration to work and approach them, but he will take a stand if necessary. Murphy stresses a cultural renaissance on the University.

O'Dea counters Murphy's pro­posed cultural accommodation, with a promise to make Murphy head of the Student Union, to coordinate the cultural movement of the University. O'Dea's big bet lies in the definition of the Action Student Party, which somehow has been represented as a leftist faction. "But parties," says O'Dea, "are definitely in Notre Dame's future. A party gives an outside struc­ture that unites the Student Government and Administration. The Senate will become the bargaining agent, the representa­tive of the students."

Messina's campaign has a marked sign of security, Saturday Messina went to the Craghton Basketball game. That night he attended the Senior Class Party. Sunday afternoon he stopped in at the Morning Star in the Lafar­lune Student Center. And Sunday night, he began to campus the ball.

The political diet then far the candidate, has been the Murphy promotion brochure, estimated at a cost of $80, for which was charged a mere $25 in campaign expenses. The discrepancy arose from a loophole in the Campaign Committee rule which designates the price of a brochure from $1.50. In any event, until the election next Wednesday, the candidates are expected to move closer and closer together and the votes of the freshman, on the votes he consid­ered and recounted March 15.

If Mexico and Bermuda send you, we'll send you posters of Mexico and Bermuda.

The diver of Acapulco. The toreador of Mexico. The sleek racing craft of Bermuda. All three 30" x 40" posters are beautifully reproduced in color. And they're all yours for only $1.50.

It has been told, that the new draft bill soon to come before Congress is not, in fact, a product of the master minds of the Great Society, nor of the lesser society. But the draft deed is a mere fragment of a plan. Everybody knows that the Parker Brothers, creators of the famous and legendary game Monopoly.

For realism, the soldier will be wounded with the gun choosen by the enemy. And for the sake of simulation, the noise sometimes don't get any seven-up down the tube. But the poor people who buy seven-up don't have it.

No doubt the draft lottery is clear to everyone, but the draft is not, in fact, a product of the master minds of the Great Society, nor of the lesser society. But the draft deed is a mere fragment of a plan. Everybody knows that the Parker Brothers, creators of the famous and legendary game Monopoly.

The object of the game, of course is to eliminate each country's 19 year-olds. If a boy reaches the age 19 he will be restored, except for those lucky ones who get a seven or eleven, and the only people remaining are a dozen crusty old generals, Pat Nugent and George Hamilton.

So, if the General, by some freak accident tossed ten, the battalion would be unrolled and removed from the board.

Realizing that replication and chance are a part of every game, the Parker boys have arranged that a radio network be set up between the Pentagon and the army bases housing the inductees. And should the battalion, company, platoon or squad be rolled into an annihilation block or sent to Walter Reed. For realism, the soldier will be wounded with the gun choosen by the enemy. And for the sake of simulation, the noise sometimes don't get any seven-up down the tube. But the poor people who buy seven-up don't have it.

Once a boy reaches the age 19 he will be restored, except for those lucky ones who get a seven or eleven, and the only people remaining are a dozen crusty old generals, Pat Nugent and George Hamilton.

The object of the game, of course is to eliminate each country's 19 year-olds. If a boy reaches the age 19 he will be restored, except for those lucky ones who get a seven or eleven, and the only people remaining are a dozen crusty old generals, Pat Nugent and George Hamilton.

NAME happens to be Pat Nugent or George Hamilton.
Bill Stazak, Academic Coordinator of Student Government, and Jim Wiser, Academic Commissioner, perched on high thrones in the News, settled back in their chairs and discussed the difficulties of coordinating the areas of academic stimulation at Notre Dame.

Jim Wiser, senior government major from Detroit, thought for a moment and began, "I try to "walk the line," so to speak, between what our budget and what the students want. Budget and what the students want—between the big-name speakers who are the bread and butter."

It seems to me that this year, compared to previous years, has been a definite decline in student interest in the various intellectual activities at Notre Dame; in government, under the leadership of Jim Wiser, who plans to continue his work at the University of Michigan in political philosophy, offers a possible explanation of the decreasing involvement and activity of outside organizations and the Young Americans for Freedom, the Student Democratic Society, and the Americans for Democratic Action.

In any case, Wiser observed that here on campus those lectures which offer the listener a speaker far outdraw those lectures which are not covered by a scholar in his field," he added, "I must also remember that I have a dual responsibility: first to the student body—to schedule those lectures which not only appeal to the average student but also truly stimulate his mind."

Wiser was sure to mention that the denial of permission to Father DuBay last semester came not from the administration but from Father, the student interest in the vital issues—civil rights, politics, religion, sex."

The next few years, Du Pont engineers and scientists will be working on new ideas and products to improve man's diet, housing, clothing and shoes; reduce the toll of viral diseases; make light without heat; enhance X-ray diagnosis; control insect plagues; repair human hearts or kidneys; turn oceans into drinking water...

and anything else that you might think of.

The 165-year history of Du Pont is a history of its people's ideas—ideas evolved, focused, and engineered into products and plants. The future will be the same. It all depends upon you.

You are an individual from the first day. There is no formal training period. You enter professional work immediately. Your personal development is stimulated to the fullest extent by opportunity to continue your academic studies under a tuition refund program. You will be in a small group, where individual contributions are efficiently recognized and rewarded. We promote from within.

You do significant work, in an exciting technical environment, with the best men in their fields, and with every necessary facility

Sign up today for an interview with the Du Pont recruiter. Or mail the coupon for more information and opportunities. These opportunities lie both in technical fields—Ch.E., M.E., R.E., I.E., Chemistry, Physics and related disciplines—and in Business, Administration, Accounting and associated functions.

Right-Wing Yellow Sheet Back Again; Says Observer Readers Are Hell-Bent

The maverick Yellow Sheet released its venomous offer more than a week with a two-page spread on Notre Dame and The Observer.

In an editorial attack on the University and its paper, The Yellow Sheet report (on the right) claimed to have stirred some response and reaction from a similar sheet published last summer accusing Notre Dame priests of such crimes as having affairs, conducting masturbation, and various other sexual moral diversions.

But, according to the University Vice President for Student Affairs, The Yellow Sheet of the summer months did not produce nearly as many as 2,000 letters of protest from parents. Said Fr. J. E. Lyons: "I believe we received more than a hundred." Aside from the traditional yellow paper, the publication contained a photocopied copy of a page of the Observer, the page containing a phrase which apparently offended the taste of someone. The story, "Rule of the Factort," was headlined: "Share the Truth." The article that the Yellow Sheet follows:

TO THE PARENTS:

This is the second official letter the university received when they gave their promise to some
2,000 protesting parents that they would "if the situation justified," clean up the campus. These protests were made by the parents after receiving the YELLOW SHEET, which exposed the mess.

Hall Presidents
Defy Schwartz, Stick Together

In a surprise move last week, Jay Schwartz, President of the Hall Presidents' Council, presented a motion to the Notre Dame Senate that called for the abolition of the Council in favor of a Hall Life Commission. Last night, Schwartz withdrew the motion, explaining to the Senate that pressure from other the Council was responsible for his change of heart.

The Hall Presidents' Council that Schwartz advocated scrapping is composed of 20 halls (this year both Howard and Lyons have co-presidents) a secret-treasurer and Schwartz, the head of the group. When Schwartz presented the motion to the Council last Wednesday and attempted to explain his rationale behind the Senate proposal, he was opposed by 18 of the 20 presidents and the secret-treasurer. Although the Council has been relatively inactive this year (only two meetings prior to last week), the members still feel that it is more desirable than the commission outlined by Schwartz.

The commission, as outlined by Schwartz before the Senate, would consist of an HLC, a HLP commission, appointed by the SHP, and six commissioners, each in charge of three halls. These commissioners would be selected by both the SHP and the Hall Life Commissioner. The commissioners would hold periodic sessions with his six presidents to discuss specific hall problems.

Schwartz sees the commission as being analogous to the present council for a variety of reasons. For one, the commission would provide a workable forum for a dialogue of personal hall problems and the commission would alleviate the present lack of contact between the HPC and the SHP.

One of the main objections the council had to Schwartz’s proposal was the fact that they were not consulted before it was brought to the Senate. The proposal, with the approval of the SHP, was introduced by Schwartz, Rich Dunn and Pete Tierney.

In a reaction move, the council has met twice in the past week and is planning a meeting for early next week. They are currently engaged in rewriting their constitution in order to change the image and function of the group.

But the officials at N. D. also warned about not putting any faith in articles whose writers were too cowardly to sign them. It would now appear that the YELLOW SHEET has been vindicated, and by them, in a newspaper on their own Campus.

HAVE YOU READ THE ARTICLE? WERE YOU SHOCKED? DON'T YOU FEEL JUST A LITTLE SICK? I THEY THE "FIRE CATHOLIC" COLLEGE AND FACULTY THAT YOU HAVE ENTREPREND YOUR SOUL'S MENTAL AND MORAAL DEVELOPMENT TO?

IF THE SPIRIT OF DECEPCT AND BORSCE OF THIS NOBLE NAME OF THE JOHN THAT MADE HER GREAT COLLEGE SHE WAS STILL CLOWEED, WOULD ANY EDITOR OF A CAMPUS WEEKLY DARE TO PRINT SUCH FULISH?

Ask yourself: "What of the FACTOR? Did they FIRE him? Did they even REBUKE him?"

"Have I bought my TO GIVE A CHANCE?"

"Have I bought my UNDERTAKING TO HELD BY SENDING HIM THERE?"

Now we ask YOU: WHAT DO YOU INTEND TO DO ABOUT IT? ARE YOU GOING TO "LET IT PASS?" OA, and before you know it you will have LOST NOT ONLY YOUR SON AND HIS SOUL, BUT UNDERTAKE YOUR OWN, AND THAT FOR EALL ETERNITY?

BY THE WAY: YOU SHOULD BE SAVING TO YOURSELF: 'WHAT IN THE NAME OF GOD IS HAPPENING TO THE CHURCH AND HER PEOPLE, AND WHO IN GOD'S NAME IS DOING IT?"

Man-on-the-spot...in every branch of business.

Last year, he was still in college. Now he's on his way as a Management Trainee with the world's largest bank in California.

Bank of America is not only statewide—it's worldwide, too. So there's a continuing need for career-minded young men with ambition and executive potential to help in the development of new markets. And wait—banking services both in California and throughout the world.

No matter what your major field of study, there is an opportunity for you at Bank of America. Special opportunities are available for MBA graduates and others with advanced degrees. If international relations or international finance is your specialty, we have a place for you in International Banking. If you've studied business administration, you'll be interested in Loan Administration. And our Computer Operations offers a challenge to any mathematician. All training is accomplished primarily through project assignments.

As the world's largest bank, we serve every aspect of business and industry in the largest and fastest growing state. And we have a place for you.

For more information write to College Relations Officer, Bank of America, One South Van Ness Avenue, San Francisco, California 94102.

A Bank of America Recruitment officer will be at your Placement office soon.
Fifteen years ago, the Public Relations Department of Notre Dame initiated the idea of holding a Parents' Weekend, during which the parents could get a first-hand view of the University operation on a day to day basis.

The vast majority of parents use their trip only in terms of football Saturdays, an occasional course in the tour, involved in the arrival and departure at the beginning and end of the year. This does give a person a picture of Notre Dame, but, at best, it is only a one-sided, incomplete view.

The "Parents Weekend" annually grows, the Public Relations Department turned the management of the affair over to the Junior Class. Now, therefore, have the Junior Parents Weekend.

As presently operated, the Junior Class sends out invitations to all parents of members of the junior class, inviting them to campus and providing an opportunity for them to see just how Notre Dame really works. It would be a Notre Dame stripped of the trappings and festivities of a football weekend, and lacking in the traffic jams accompanying the September and June rushes. Notre Dame as it really is.

This year Mike Browning, head of the weekend, has worked to revamp the weekend in order to draw the largest possible attendance, while still providing the best possible activities. Thirty-five percent of the parents have answered the

Soph Deficit

(Continued from Page U)

ganization had lost $200,00 but had made it up under Bishop's junior tenure. Last year's sophomore administration under Lou Pignelli came out on top financially, but suffered criticism for a lack of student participation. This year's sophomore administration cannot be criticized for inactivity. Throughout the year, it has displayed both creativity and diversity, yet it appears that this was done at the expense of incurring a $2,000.00 debt.

Rembusch feels that the debt can be attributed to unpredictable elements rather than fiscal irresponsibility or poor financial management. He said that several activities that the class was counting on fell through, because of a several rains and bad weather to poor response on the part of the class. Rembusch said, "We took some calculated risks on a couple of things and they turned out to be a hit. We wanted a active year, and were willing to take a chance. We took some chances and also took it on the chin a couple of times."

The question of how the debt can be erased still confronts the sophomore class. Father McCarraher posed one alternative, suggesting that a letter be sent out to all sophomores explaining the success of their year and asking for a donation to help clear up the debt. McCarraher said, "If the class would chip in, this thing could be taken care of right away, and the class would start functioning normally once more."

Rembusch plans to use a different approach in clearing up the debt. He plans to erase a reasonable amount of the deficit with money raised by a Soph Stunt mixer this spring, several sophomore parties, and an amount yet to be decided on from the spring prom. Negotiations will soon be in progress concerning the possibility of Student Government setting up a long range payment plan for the Campus Press Club. If all these plans work out, the club could be well situated by the end of April.

At any rate, the sophomore president in keeping cool over the whole matter, "We're very concerned about this matter, but we're not panicking by any means.

in the afternoon the various colleges will hold individual receptions. There will be an opportunity to meet, and talk with the different professors and deans of the colleges, view exhibits on the goals of the departments, and learn of the purposes of each college.

From three p.m. to five p.m.

Fr. Hesburgh and five University vice-presidents will man a reception line at a reception to be held in the Administration Building. The highlight of the weekend is the Presidential Dinner to be held at 7:30 in Seanor Center, catered by a Chicago firm. Following the dinner, the 450 guests will hear Fr. Hesburgh speak.

The weekend will be wrapped up with Mass in Sacred Heart Sunday morning followed by a Communio Breakfast in the North Dining Hall.

Don McNeal, MC of ABC's Restaurant Club, will be the featured speaker.
The Time and The Man Are Right

Every year there is a new Moses who is going to lead us out of the wilderness. Every year there is a long list of programs which are “fundamentally acceptable” to the Administration that are not acceptable to the electorate. But there is another year who is going to lead us out not next year, but the year after next year, with just as much enthusiasm as with which he leads us now.

But there is another year who is going to lead us out not next year, but the year after next year, with just as much enthusiasm as with which he leads us now. The crucial matter is that there is no Moses this year. There is no Moses next year, either. And the result of whether Washington can prod Hanoi to the next settlement is that there is no Moses.

The crucial matter is that there is no Moses this year. There is no Moses next year, either. And the result of whether Washington can prod Hanoi to the next settlement is that there is no Moses.

The De-escalate Game

Last week President Johnson issued a wintry warning: “military aggression is never the answer.” He suggested that America might be able to lead us out of the wilderness.

Last week President Johnson issued a wintry warning: “military aggression is never the answer.” He suggested that America might be able to lead us out of the wilderness.

It is one candidate who has unequivocally expressed a desire to lead us out of the wilderness. Every year, there is a long list of programs which are “fundamentally acceptable” to the Administration that are not acceptable to the electorate. But there is another year who is going to lead us out not next year, but the year after next year, with just as much enthusiasm as with which he leads us now.

North Vietnam suspends bombing of the main base areas in the South, and claims “serious effort to end this war.” But, of course, Hanoi is not bombing San Francisco, mining Pearl Harbor, or shelling a distant island for the purpose of keeping the supply routes linking to the front, have remained open.

North Vietnam suspends bombing of the main base areas in the South, and claims “serious effort to end this war.” But, of course, Hanoi is not bombing San Francisco, mining Pearl Harbor, or shelling a distant island for the purpose of keeping the supply routes linking to the front, have remained open.

The truth is precisely the fact that by “military aggression is never the answer” North Vietnam requests that demands have less, or halt supply efforts---by truck, ship, and barges---to Communist forces in the South. But this is not the point. The point is that in the last four years, the United Nations has not chosen what one wit has called a “sanctuary” in the Mekong Delta. The crucial matter is that there is no Moses this year. There is no Moses next year, either. And the result of whether Washington can prod Hanoi to the next settlement is that there is no Moses.

Strange Origins of the Viet Minh

BY LENNY JOYCE

"They secured arms from abandon­ed ships and from depots, from attack­ed and isolated Japanese detachments and from Chinese. The last arms began to filter across the Chinese border, from Am­ericans, and the last boys began to filter to across the Chinese border, from the Chinese." This is how the Vietminh was born. The Battle of Khe Sanh, in 1968, marked the beginning of a new era in the Vietnam War. The Vietminh was a group of nationalist forces that fought against French rule in Vietnam. The Vietminh were able to gain support from the Chinese government, who supplied them with arms and training. The Vietminh then went on to fight against the French, eventually winning independence for Vietnam in 1954.
BY DENNIS GALLAGHER

Notre Dame’s annual College Jazz Festival took Stampa Center by storm once again last weekend. The University of Illinois Jazz Band took two of the major awards at Notre Dame’s eighth annual College Jazz Festival last weekend. They were awarded the Down Beat Trophy as best overall jazz group as well as a $500 cash prize as the best big band. The Leon Schipper quintet, which won the University of California at Berkeley received a $250 cash award as the best combo.

The competition in the big band division was primarily between Illinois and Indiana. The Illinois Band excelled in proceeding with two original compositions entitled “Collage!” and “They Just...” “Collage!” a collection of occult noises followed by a not very serious rendition of “I Can’t Help Loving You,” won the best composition award for Illinois’ Don Owen. The other Illinois selections were good arrangements played very well.

Indiana’s main attraction was a pair of talented soloists, alto saxophonist Jerry Greene and trumpeter Randy Swayne. Although very good, Indiana lacked the unity and drive which Illinois got from leader John Garvey. The third finalist, Washington University at St. Louis, was not up to the difficult arrangements it tried to play.

The Leon Schipper quintet, winner of the combo division, played with a pervading driving rhythm, as compelling and far more sophisticated musically than that of a rock group. Four of the group’s five members have individual awards, including leader-composer Lee Schipper who won the music instrumental award for this play on the vibra. A panel group, their arrangements sometimes exceeded their capabilities as musicians. Nevertheless, their work had a force and purpose which exceeded that of other groups of equal technical ability.

Next best was the Indiana University Jazz Quintet on the strength of the solos and duets of Green and Swayne. Swayne perhaps deserves special mention as the only jazz musician within the movement who does not keep time with his head or feet while solos are sounding.

A rather distinguished was the M.I.T. Jazz Sextet. This group featured a fine cornet in the person of Albert Osborn. Although he had peculiar manner of phrasing, he very much held his own.

Directed Protest... (Continued from Page 9)

exist in this society, and I am in this sense pessimistic about the possibility of any reform movement actually accomplishing these goals.

It is this pessimism that has led many students to talk about the need for counter-institutions or the enactment of educational programs that deal with the problem of prime importance.

Counter-institutions may mean two things. First, an operation that works outside of the sanctions of the existing system. And second, a program that is designed to challenge the system in its rejecting by setting up an alternative in such a way that people in the system are actually challenged to leave it.

Counter education in the long run becomes a tool for reform or reconstruction of the existing institutions. In the short run it becomes a way of thinking about problems that society will not deal with and sharing as experience that can give more personal and intellectual independence.

Many students will choose and are choosing a more dramatic course. They are simply leaving the university and moving into full-time work in the field where education comes from first-hand experience of the range of issues with which people are struggling. There is a hint of nihilism in this more sweeping rejection of the system which in the most perplexing and disturbing aspect of the movement for many liberal educators.

But that negation was not created by the students in the movement who will choose to stay in the university and maintain some bond with the system. A number of students to play out that negation, to go to the verge of nihilism, and perhaps beyond, in their search for a positive that is more aggressively about their basic premises. Without a doubt, this movement to reconstruct universities, as part of a movement to reconstruct society, will gain constant and more compelling strength in the years to come.
800 Peace Corpsmen Hit U.S. Viet Policy

MARCH 9, 1967

THE OBSERVER

More than 800 returned Peace Corps volunteers recently signed a letter to President Johnson that is critical of United States policy in Vietnam. "Growing concern that the United States policy is seriously undermining the contribution America can make toward achieving that kind of world," the letter says. The signatories, speaking as individuals and not as Peace Corps representatives, expressed an "unwillingness to participate at all in U.S. programs in Vietnam, a state of affairs that would be unfortunate for the United States and tragic for those Americans who would thus be deprived of what should be one of the great experiences of their lives."

"We are, moreover, fearful that if the disenchantment accelerates, it will undercut the enthusiasm so necessary to the vitality and effectiveness of the Peace Corps itself," the letter says. It goes on to emphasize that creative and dedicated people throughout the country would be reluctant to participate at all in overseas programs of the government, a state of affairs that would be unfortunate for the United States and tragic for those Americans who would thus be deprived of what should be one of the great experiences of their lives.

"We are united by those hopes and by the conviction that American policy is seriously undermining the contribution America can make toward achieving that kind of world," the letter says.

The signatories also question whether the President is "fully aware of the erosion of trust in our Government, which that policy is causing among Americans who, like us, want to believe in the high purpose and constructive world role of the United States."

"American actions often seem unconnected to the rhetoric used to describe what we are doing," the letter continues, "a situation that invites skepticism and suspicion about American rhetoric and goals -- in places far removed from Vietnam itself. We have observed how American efforts can be hampered by such suspicions even in places where those efforts are most constructive."

There are, at present, more than 10,000 returned Peace Corps volunteers scattered throughout the nation. There are also about 5,000 Peace Corps workers overseas and in training.

If you thought Pontiac was coming out with just another sports car, you don't know Pontiac!

Pontiac announces not one, two, three or four, but five magnificent new Firebirds for every kind of driving.

Now you can choose from five new Firebirds with the same advanced Pontiac styling, but with five entirely different driving personalities. And they all come with supple expanded vinyl interiors, wood-grain-styled dash, exclusive space-saver collapsible spare, bucket seats, wide-oval tires and GM's standard safety package.

Firebird HO. HO stands for High Output. As a split second behind the wheel will attest to. The Firebird HO boasts a 285-hp V-8 with a four-barrel carburetor, dual exhausts and sport stripping. Standard stick is a column-mounted three-speed. Naturally, all Firebird options such as Rally wheels and gauge cluster are available.

Firebird 400. Coiled under those dual scoops is a 400 cubic inch V-8 that thumps off 325 hp. It's connected to a floor-mounted heavy-duty three-speed. On special suspension with redline wide-oval tires. You can order it with a close- or wide-ratio four-speed. Or with our stupendous three-speed Turbo Hydra-Matic. After this, there isn't any more.

Firebird 326. Is there room for a family in a sports car? There is now. The Firebird 326 combines the excitement of a sports car with the practicality of a 326 cubic inch V-8 that delivers 250 hp on regular gas. (Yes, we said 250!) Standard transmission is an all-synchro three-speed, but you can order an automatic.

Firebird Sprint. Now you don't have to go to Europe for a sophisticated road machine. Firebird Sprint's standard motivation is a 215-hp version of our eager Overhead Cam Six. It's mounted on special suspension that practically welds it to the road. (Any road?) With a floor-mounted all-synchro 3-speed and special emblems.

Firebird. This is our economy Firebird—with the same exciting options and interiors as the more exotic ones. Its Overhead Cam Six squeezes 165 hp from regular for inexpensive fun driving. See and drive all five Firebirds at your authorized Pontiac dealer's.

The Magnificent Five are here!
You're 1-A? Canada Beckons, Young Man

By Associated Press

Scott, as he wants to be known, was a 23-year-old film editor in the United States. Last fall, a week after he received his draft notice, he decided to evade military service by coming to Canada.

Now he is among the growing number of American draft-dodgers whose presence in Canada has sparked exchanges in Parliament. Canada has no draft.

Scott, unlike some draft-dodgers in Canada, is not a pacifist. "If Communist China attacked United States shores, I'd be compelled to go back," he said. But he adds that until his country is not perfectly sure of its interests to avoid the draft.

Rich Paterak, 23, who directs a 23,-year-old film office in the United States, had heard estimates ranging from 30 to 5,000 but cannot weigh for their accuracy.

Former Prime Minister John Diefenbaker has cited in the House of Commons U.S. reports that between 1,300 and 3,000 Americans are in Canada to avoid the draft. There are known to be draft-dodgers in Vancouver and Toronto's Bohemian Yorkville Village and hundreds of Canadians the technicalities of immigration law is not a pacifist.

The Irish suffered not even a scratch; it took a doctor over an hour to patch up the Buckeyes. During the ensuing cease fire the referees—mediators decided that the issue at hand—the hockey game—should continue. However, each team was allowed to have only four players in uniform, the rest being castigated to the dressing room and could return to the arena only if dressed in street clothes. Only six players chosen by each of the coaches, four, including the goalie, were allowed on the ice at one time. Moreover, any one incurred a penalty, he was automatically out for the game.

Pfeffer Violates Team Agreement

Irish defenceman Bill Pfeffer was credited with a minor infraction and was so removed. But it was not before he had elbowed the Irish into the lead—3, with an unassisted goal at 12:17 of the third period. Three minutes later Eric Norri made it 4-1 on an assist from Pete Lamantia. But the Buckeyes fought back and with just three minutes left, it was 3-3. At this stage they pulled their goalie, and put four forwards on the ice. In the December engagement, this strategy had worked earlier in the season, as they scored 3 goals in the final two minutes to edge Notre Dame. The Irish were well aware of this—how could they have forgotten?

There was a face-off in the Notre Dame's zone—an advantage for the Buckeyes. However, Pete Lamantia got the draw, skated the length of the ice, and fired the puck into the unattended Ohio State net. Moments later, in a similar situation, Frank Manning did the same thing. With a minute left the Bucks were dead.

Of the eight men selected by Coach Jerry Pingel, only two, Pfeffer and Eric Norri, were underclassmen. The others, Cap­tain Jim Haley, Tom Hoenig, Leo Collins, Paul Bellissario, Manning, and Lamantia, were all seniors playing their last game for Notre Dame.

**Victory**

At 10:56 of the final period, however, Irish winger Jack Mord­ant and a State player were each given two minute penalties.

A Slight Altercation

It seems as though the Buckeyes made the enormous mistake of com­mercing a slight altercation in penalty with Microwave. Result: Fight. Actually it wasn't a fight; it was a war.

Within ten seconds of the initial altercation, both benches—40 players—had emptied onto the ice and had begun swinging, chopping, belling, and punching.

If one of these, underclassmen and policemen were unable to stop the war, it lasted for one hour, ending only because none of the Ohio State participants were able to lift himself off the ice.

**Victory**

A satisfying win in your last collegiate game is usually pleasing in itself, but for these eight players it was noteworthy in that the win was a championship surge.

The Irish were vastly improved on defensive, allowing an average of only 7.5 points per game against a schedule that had 7 teams ranked in the nation's top 10 at one time or other during the season.

With the experience gained by this sophomore—entered team and expected improvement in full hitting, next season could supply a minimum of disappointments and a maximum of excitement.
Matmen Mauled; Fox in 4-1 Tournament

The Notre Dame wrestlers finished their season on a disappointing note last Friday at the Fieldhouse, dropping a 25-8 decision to Wheaton. The Irish finished at 3-6 following five straight losses.

For the fifth time in as many years, the University of Notre Dame wrestling team will be well-represented in the heavyweight division of the post-season Four-I Wrestling Tournament to be held in Cleveland, Ohio, this weekend, March 10-11.

Heavyweight Roger Fox, the sophomore mat-sensation from Rockford, Ill., journeys to Cleveland under the tutelage of Head Coach Tom Fallon to make his bid for the Four-I Tournament championship. Fox roared through the Irish's nine dual-meet schedule claiming eight victories before dropping a 0-0 decision in the final match against Wheaton College.

He also earned a second-place finish in the pre-season Wharton Invitational, a graduate of Boylan Central Catholic in Rockford, Fox served as an offensive guard on the Irish National Championship Football team this year. He earned freshman honors in both football and wrestling during his first year at Notre Dame. In his final year at Boylan, Fox placed second in the Olympic wrestling trials sponsored by the Amateur Athletic Union.

HARD TO HOLD — Tim Morrissey finds his Wheaton opponent hard to handle in last Friday's wrestling final at the Fieldhouse. Morrissey dropped the match, only his second loss in nine appearances. The Irish grapplers were not as fortunate. The 25-8 loss was their sixth in nine outings.

Swimmers Mark High Tide

The Notre Dame swimming team of Coach Dennis Stark went down three times this season, but the Irish marines, unlike usual natural beings, revived to register a high tide of victories.

The swimmers ended the season with a won-lost mark of 7-5, tying the best record ever for the Irish in varsity competition. Two meets Northwestern at Evanston and the Motor City Invitational in Detroit were cancelled.

The Northwestern affair was scratched due to the snow, and the Detroit journey was called-off because the host pool was not completed.

The Irish tankers, who were undefeated in their first five dual contests, were bolstered, like the basketball team, by a wealth of sophomore talent, along with the usual dependability of juniors and seniors.

John May, a sophomore, was one of the newest performers in Coach Stark's "school" of swimmers. He held the best time in the 100-yard (1:00.4) and the 200-yard (2:15.2) freestyle.

Two other sophomores—50-yard breaststroker Mike Davis and 200-yard butterfly Greg Ramirez—who are very high on coming to Notre Dame the past three seasons.

Team captain Rick Strack posted best times in the long distance freestyles: the 500 and the 1000. He holds the varsity record in the 1000-yard with 1:39.4.

Junior Tom Bourke tied the Notre Dame varsity record of 2:13.1 in the 200-yard individual medley against Purdue late in the season. Bourke equalled the 2:13.1 time last year.

Next year Coach Stark hopes to produce a team with more overall strength. Says Stark, "Rick Strack and Bob Homan have both been outstanding competitors for Notre Dame the past three seasons. The return of Tom Bourke and the sophomores, along with a promising freshmen team, promise to make next season something to look forward to, too."

Irish head coach John Dee, getting little chance to rest after the end of a promising season last Saturday, has been active this past week talking to some of the most talented high school basketball players in the country. With New York, Washington, D.C., Philadelphia, Indiana and Kentucky marked as key areas, Dee feels that he has spoken to several "outstanding prospects" who are very high on coming to Notre Dame. Dee feels he may be able to begin to announce some definite commitments by early next week.

Making a Point — Bob "Arnie" Arzen puts points on the scoreboard last Saturday afternoon in the fieldhouse. The Irish snapped the Blackcats, 84-35, in the season's finale to finish with a promising 14-2 slate. Arzen was chosen the team's captain and MVP early this week and may well be on his way to becoming Notre Dame's greatest basketball player ever.

Trackmen Head For NCAA Championships

Four men in individual events, and a mile relay and distance medley relay teams will be entered by Notre Dame in the NCAA Indoor Track and Field Championships to be held in Madison, Wisconsin, on March 21-22. Coach Alex Wilson will enter sophomores sprinters Bill Hurd and Ole Skarstein in the 60-yard dash; junior Pete Farrell in the 440 and sophomore Ed Broderick in the high jump. The mile relay team will have junior Ben Timm and Farrell plus two of a trio of sophomores — Paul Gough, Doug Brown, Dan Weiss.

The distance medley relay team will be composed of either Breunlin and Timm in the quarter, Farrell, the half mile; junior Chuck Vedros, the three-quarters, and junior Ken Howard, the mile. In last season's NCAA Meet Farrell finished fourth in the 1,000 yard run.

Thus far Hurd has the best time of 10-11, in the 200; it is 1.2 seconds, one second, and two thirds.

Mike Timm was the only Irish lifter to finish first, winning the 150-pound division with a total lift of 335 pounds. In the 180-pound division, both Kent Durso and Mike Hugonie finished second with a total lift of 700 pounds.

Lifters Capture 4 Medals At State Championships

The flying Irish Weight Team turned in another impressive performance at the State Olympic Lifting Championships last Saturday at the Elkhart Y.M.C.A. Four of the five Irish entrants captured one first place, one second, and two thirds. Mike Timm was the only Irish lifter to finish first, winning the 150-pound division with a total lift of 335 pounds. Mike Hugonie finished second with a total lift of 705 pounds, and finished third against stiffer competition.

The Irish lifters will next set in action on March 19 when Andrew's College of Berrien Springs, Michigan visits the Irish Weight Gym.

The Notre Dame Fencers, though substituting freely last Saturday at the Morrosa Gymnasium, had little difficulty remaining the only undefeated school in the country, dropping Case Tech, 20-7, and the University of Buffalo, 21-6. The Irish now have won six straight matches.

Thirty-two men saw action for Coach Mike Det. Mike Garrity the captain and MVP early this week, looked like they had been fence all year.

Pat North, the top fencer for the Irish, improved his record to 32-3 with three victories in the sabre. Frank Fox (in foil) and Gary Burchett and Gary Freedman both (both epee).

The Notre Dame Fencers, though substituting freely last Saturday, have not been fenced since the State Championships.

Now 16-0 for the season, the Irish have matched the mark of the undefeated 1938 team. If the Irish can survive the challenges presented by Milwaukee Tech and Indiana Tech on March 19, the fencers will set a new record for victories in a season as well as recording the fifth undefeated season in Notre Dame fencing history. Last year's squad won 17 matches for the present record. The Irish have dominated the Midwest seasons in D3 (7-7), 1936 (9-0), and 1935 (9-2) in addition to the 1934 equal.

To find out what others will do next year...
Arzen Chosen MVP, Captain-Elect
All Opponent Team Selected

Bob Arzen, the highest sophomore scorer in Notre Dame basketball history, has been selected captain of the 1967 Fighting Irish basketball team by his teammates. Arzen, who averaged 12.4 points a game last season, was also chosen as the team’s most valuable player for the past campaign.

On making the announcement head coach John Dee said, "Bob deserves both honors. He has the potential to become one of the finest players ever at Notre Dame, and his election to the captaincy as a junior offers the opportunity of being one of its best leaders."

The 6-4, 205-pound forward from Fort Thomas, Kentucky, will be the first junior to lead the Irish since Ray Moyer, now the head coach at DePaul, captained the 1956-57 team. Arzen succeeds Jim Monahan, who led the team this season to a 24-2 record.

Arzen’s election as most valuable player was

well-deserved. He was the main scoring punch for the Irish, scoring 20 or more points 17 times and 10 or more points 50 times. Arzen’s 597 points set a record for the most points scored by a sophomore ever in a season and was the second highest ever scored in a season by a Notre Dame player. He also led the squad with an .818 free throw average (175 of 215) and was second in rebounding with 315 rebounds.

Arzen, a member of Fisher Hall, also makes the points in the classroom. He carries a B average in the College of Arts and Letters.

Coach Dee also named the team’s all-opponent team and the squad looks like a college basketball who’s who. The first team squad was UCLA’s ultimate weapon, Lew Alcindor. The forwards were Hunter’s Larry Vuillemin, "Sonny" Dove from St. John’s. The guards were Kentucky’s Larry Schotre and Notre Dame’s "K" Lourena, UCLA, to everyone’s surprise, was named the outstanding opponent of the season.

Bengal Bouts Begin Monday Night;
Returnees, Footballers Head Card

Four of Alla Panachin’s products have been temporarily traders to boxers for the off-season. Going from left to right, top back Tom Schoen (177), middleweight champion Martin Schubert, middle Larry Vuillemin (heavyweight) and Bob Schmuhl (lightweight) make hard-ways for the camera. Nappy rates all four as top contenders in their class.

Bengal Bouts Begin Monday Night;
Returnees, Footballers Head Card

BY BOB SCHMUL

Pugilism and higher education seem to meet as opposite as night and day, but at Notre Dame it is proven every year through the Bengal Bouts that boxing and book learning can indeed be compatible.

The 37th annual edition of the Notre Dame boxing matches, for the 47 participating, began last week. After rigorous pre-season training when over 115 started training in the novice division. A tournament of officials who think first of the boys’ welfare, rather than the proceeds from the bouts, to perform motions and calls archetypal of the actions of drugged kings, are being set up. We don’t allow any boy to get a point without being able to answer his opponent’s calls; we don’t allow any boy to get a point without being able to answer his opponent’s calls; we don’t allow any boy to get a point without being able to answer his opponent’s calls; we don’t allow any boy to get a point without being able to answer his opponent’s calls; we don’t allow any boy to get a point without being able to answer his opponent’s calls.

The proceeds from the bouts go to the Holy Cross Missionaries in the Bengal region of East Pakistan.

In the 36-year history of the Bengal Bouts since their origin in 1931, three champions from last year’s tourney have been selected as MVP. They are: Domnic Napolitano, Director of Intramural sports and the promoter of the Bengal Bouts since their origin in 1931. Three champions from last year’s tourney have been selected as MVP.
