THE WORLD TODAY
Black Students Protest Welfare Cuts

SWAN QUARTER, N.C. (UPI) - About 20 chanting Negro students marched into a room of the Hyde County Courthouse Monday afternoon and demanded a cut in welfare payments. Policehardt smoke grenades inside and slammed the door shut.

A 17 year old girl leaped from a window of the second floor room but, other onlookers had heard the demand and allowed the high school students to join a crowd of 130 other Negro students screaming and chanting in front of the building.

Four persons were arrested before the demonstration broke up after dark.

The protestors, most of them high school students, said they were lashes at the county courthouse this morning. Charlie Cahoon said more Highway Patrolmen were being brought in to join a dozen who rushed into this town of 400 during yesterday's demonstration.

The 150 Negroes arrived at the courthouse late in the afternoon for a demonstration aimed, they said, at a County Welfare Department decision to cut payments to families participating in black boycott of schools. The school boycott began several weeks ago when Negroes demanded that integration be achieved by sending white to Negro schools as well as sending Negroes to formerly all white schools.

Pope Sends Stern Warning to Catholics

VATICAN CITY (UPI) Pope Paul VI yesterday issued a strong new warning to Roman Catholic liberals against trying to change "indispensable structures" of the church to suit their own ideals.

"We are demanding of you total and genuine faithfulness to the church - not, certainly, to an imaginary church which each would construct according to his own ideas, but to the Catholic Church as it is," the Pope said during an audience for 400 monks and friars.

The Pope warned against the background of increasing ferment in both the Catholic clergy and laity.

In Washington, Sunday, Sen. Eugene J. McCarthy, D-Minn., a Catholic, led more than 4,000 singing, chanting Catholics in a demonstration of support for 40 Catholic priests who had been disciplined for objecting to the Pope's ban on artificial birth control.

Last week, the Roman Catholic Bishop of France eased the birth control ban he had said and the sale of artificial contraceptives was "not always guilty.

The Pope's speech yesterday coincided with a meeting of more than 300 U.S. cardinals, archbishops and bishops in Washington.

The Pope said Catholics must be loyal to the Church "as Christ wanted and established it, with its aims, its laws, its means of salvation, its indispensable structures."

Communists Attack Marines From DMZ

PAIHS (UPI) - North Vietnam's chief diplomat in Paris, Xuan Thuy, said last night the United States should negotiate alone with Communists accused the United States of reneging on an agreement with North Vietnam.

The 150 Negroes arrived at the courthouse late in the afternoon for a demonstration aimed, they said, at a County Welfare Department decision to cut payments to families participating in black boycott of schools. The school boycott began several weeks ago when Negroes demanded that integration be achieved by sending white to Negro schools as well as sending Negroes to formerly all white schools.

Biafran Petition Circulated

A petition soliciting world-wide corporations and governments and the U.S. Government in particular for additional help for the nation of Biafra is being circulated by Notre Dame students and faculty in conjunction with the Student Government. Students will be asked to sign and if possible to contribute "early this week" in the dining halls, according to Escobales. Contributions will go to the Catholic Aid arm of the Committee of International Church Relief.

The Statement on Biafra, endorsed by Father Hesburgh and the Student Senate is as follows:

We, members of the University of Notre Dame community...
"A computer has no mind of its own. Its 'brainpower' comes from the people who create the programs," says Rod Campney.

Rod earned a B.S. in Math in 1966. Today, he's an IBM Systems Programmer working on a portion of Operating System/360, a hierarchy of programs that allows a computer to schedule and control most of its own operations.

A mixture of science and art

"Programming" means writing the instructions that enable a computer to do its job. Says Rod, "It's a mixture of science and art. You're a scientist in the sense that you have to analyze problems in a completely logical way.

"But you don't necessarily hunt for an ultimate right answer. There can be as many solutions to a programming problem as there are programmers. That's where the art comes in. Any given program may work, but how well it works depends entirely on the ingenuity of the programmer."

Programmers hold a key position in the country's fastest growing major industry - information processing. Business Week reports that the computer market is expanding about 20 percent a year.

You don't need a technical degree

If you can think logically and like to solve problems, you could become an IBM programmer no matter what your major. We'll start you off with up to twenty-six weeks of classroom and practical training.

Check with your placement office

If you're interested in marketing at IBM, ask your placement office for more information.

Or send a resume or letter to Irv Pfeiffer, IBM Corp., Dept. C, 100 S. Wacker Dr., Chicago, Ill. 60606. We'd like to hear from you even if you're headed for graduate school or military service.

Hanratty's College Career Finished

SOUTH BEND, Ind. (UPI)—Quarterback Terry Hanratty of Notre Dame will undergo knee surgery at 12:45 p.m. today at St. Joseph Hospital in South Bend and will miss the Irish' two remaining football games this season, Coach Ara Parseghian announced yesterday.

Hanratty’s left knee was injured in practice last Wednesday.

"The nature of the injury was difficult to diagnose and we have had three separate medical opinions. The consensus was that it was a marginal case; that the extent of the injury could not be determined exactly, and that there was a possibility that nature could heal the injury."

"But in the best interest of Terry, who has such a promising career ahead of him, we felt that to insure a hundred per cent correction, that he should undergo surgery," Parseghian said.

Hanratty will miss Saturday’s clash with Georgia Tech and the Nov. 30 meeting with top-ranked Southern California.

Gladieux Ranks Second

INDIANAPOLIS (UPI)—One touchdown in his last outing was enough to give Anderson's Mike Wood the undisputed lead for the 1968 Indiana college football scoring championship.

Tied with Purdue's celebrated Leroy Keyes going into last weekend's program, Wood scored once in a losing cause at Defiance, Ohio, giving him 12 touchdowns for the season and 72 points while the injury-hampered Keyes failed to score in a Big Ten loss at Minnesota.

Wood gets only one more chance to strengthen his hold on first place, in the Ravens' season finale against Taylor Saturday.

His closest rivals, with two games left, were Keyes and Notre Dame's Bob Gladieux, who scored once in the rout of Pittsburgh, giving both 66 points on 11 touchdowns, and Bob Brumfield of Indiana State, who moved up from a tie for fifth place with three touchdowns against DePauw. But Brumfield also has only one game left, at Western Illinois.

Irish 11th

NEW YORK (UPI)—Purdue, beaten Saturday for the second time this season, dropped out of the "Top 10" ratings for the first time this campaign and was given 15th place in the UPI board of coaches survey announced yesterday.

Notre Dame, which smashed Pittsburgh 56-7 Saturday, was given 11th place this week. Southern California retained the top ranking in the latest ratings with 340 points.

Notre Dame received 36 points in the ratings, while Purdue garnered only 10.
