Gunfire Responsible for Attica Dead

by Bill Davidow

Gunfire during the first football weekend of the year was calm and uneventful compared with the last few seasons, according to a general consensus of Haverhill police.

The majority of the 10 presidents who were questioned regarding the parties knew about the attacks.

State police were no reports of either parietal violations or blackjackets. However, the presidents noted that many students were leaving the campus on the weekend night, which is off-campus activities.

Most of the leaders responded to the new situation favorably. The president of the Board of Trustees, Mr. Walter Dunbar, said that the students have taken it upon themselves to keep order.

"We don't have any so far where obviously someone held a gun up against somebody's head," Baden said. The other type of bullet found during the autopsy was a .270-caliber, Remington clip, which is still in the pilot stage.

Baden said that he didn't know whether it was used by the forces that assaulted and retook the prison last Monday, four days after inmates had seized control.

One hostage, William Quinn, died two days before the assault when a bullet of an unknown type allegedly suffered during the inmates' takeover. The second hostage, a man who had been shot dead during the night, and no one died afterward, had been shot in the leg.

Your average reading speed probably ranges between 150 and 300 words per minute. Graduates of the Reading Dynamics course read and study at least 3 to 6 times faster than that. And the average graduate of our course actually improves comprehension over 10 per cent.

Thousands of college students are Reading Dynamics graduates, including over 1,000 at Notre Dame, Indiana University, and Purdue. This is the same basic course that first received national recognition when President John F. Kennedy invited Evelyn Wood to the White House to teach her system to top level staff personnel. Recently, President Nixon's staff took the Reading Dynamics course.

The best way to find out about the remarkable Reading Dynamics course is to come to a free MINI-LESSON. At this you'll learn what it's like to be able to read and study 3 to 6 times faster. You will see a short, enjoyable movie and have all your questions answered.

BLACK POLITICIANS
will discuss '72

WASHINGTON--Black political and civil rights leaders from across the country will meet in Chicago next weekend to map final plans and strategy to enter black candidates in several democratic presidential primaries next year.

In what was planned as a secret session, about 60 prominent leaders have been invited to what is considered to be a major meeting.

Their over-all strategy is to solidify the black vote, which would pose a serious threat to traditional democratic party strength in black communities.

Four basic considerations will be before the gathering: formation of a black political party, which several have already dismissed as unfeasible, running blacks in democratic primaries in such states as Florida, Illinois, Pennsylvania, North Carolina, Tennessee and California, as well as other states with sizable black populations; the relationship of blacks to any fourth party movement; and the possibility of a black vice presidential candidate.

Consisting mainly of singles, Fischer Hall provides little opportunity for any kind of "private" gathering. The quad set-up or fairly large rooms in other halls somewhat relieves the pressure, but this is not so in Fischer.

Macariello pointed out that any work or effort that has been put forth in the last two years to achieve hall unity has been severely hampered by the inability of the residents to organize a party.

Also with the drinking age in Michigan being lowered to 18 as of Jan. 1, he feels the present enforcement of rules is extremely unfortunate.

Along with most of the other presidents, he expressed great confidence, with or without the present restrictions, in the students ability to maintain the good order desired by the community as a whole.

Defense shines-7 interceptions ties ND mark

Perhaps two quarterbacks are better than one.

The big question during the week preceding Saturday's game was whether Bill Etter or Pat Steenberge would run the Irish offense. As things turned out, both Etter and Steenberge, with plenty of help from the Irish defense, led Notre Dame to a season opening 30-7 romp past Northwestern.

The Irish defense scored two of Notre Dame's seven touchdowns and consistently gave the offense possession of the ball in good field position. Etter and Steenberge took over from there, engineering scoring drives of 32, 46, and 40 yards. Sophomore Cliff Brown directed the final N.D. touchdown march, kicking the Irish 22 yards for the final score of the game.

The big Irish front four of Walt Patulski, Greg Marx, Mike Kolud and Fred Swenson stopped Northwestern's ground game cold and forced the Wildcats to take to the air. And when 'Cat quarterback Maurie McGann's pass was intercepted, the alert play was set in 1943 against Wisconsin.

Junior Ken Schlezes took over from there, engineering scoring drives of 32, 46, and 40 yards. Sophomore Cliff Brown directed the final N.D. touchdown march, kicking the Irish 22 yards for the final score of the game.

The seven interceptions by the Irish tied a single game record set in the 1933 game by Notre Dame against Wisconsin. Junior Ken Schlezes had three passes intercepted during that meeting to become the third all-time leader in Irish interception total. Sophomore Cliff Brown had two passes intercepted.

United Nations, N.Y. - United Nations Secretary General U Thant issued his last annual report in which he spoke bluntly and made judgments that are likely to displease some members. Thant asked that the U.N. be given more power under his successor and said that the institution must be made to work. Thant also spoke out on the Middle East, Vietnam, Germany and China.

Bonn - After 16 hours of talks with Soviet leaders, West German Chancellor Willy Brandt said that his most vivid impression was a new and positive realism on the part of Leonid Brezhnev toward the problems of Europe and relations with the West. Brandt said that the Soviet leadership realized that he was talking to them with the approval and the cooperation of the United States.

London - The extensive Soviet presence in Egypt has raised two fundamental questions. If fighting resumes along the Suez Canal, can the Soviet Union stay out of an active role and, if it cannot can the United States? Talks with the leaders of several nations have brought forth the appraisal that the Soviet Union does not want to get involved, but few were willing to say that it would not.

Washington - Both the Israelis and the Egyptians have reassured the United States that they both intend to honor the cease-fire along the Suez Canal, despite the recent outbreak of fighting. Based on these assurances, American officials said that they doubted that the cease-fire was in any danger of collapse.
