Nixon tabs Powell, Renhquist

(c) 1971 New York Times
Washington—President Nixon nominated Lewis F. Powell, Jr., a former president of the American Bar Association, and William H. Rehnquist, an assistant attorney general, to the Supreme Court tonight.

The President told a nationwide television and radio audience he had selected Powell, a 64-year-old lawyer from Richmond, Va., and Rehnquist, a 47-year-old constitutional expert from the Justice Department, in the belief that they epitomize his own conservative attitude toward legal justice.

The nominations represented abandonment by Nixon of his intention to be the first president to name a woman to the nation's highest court.

Nixon said that it would be desirable for all segments of the populations to be represented on the Supreme Court, but that with only nine seats, this would be impossible.

In addition, Nixon passes over the two candidates he had asked a committee of the American Bar Association to evaluate.

The White House issued a statement tonight from Attorney General John Mitchell terminating the year-old arrangement under which the Bar Association screened prospective nominees in advance. The Attorney General complained of violations of "confidentiality" by the Bar Association.

The President appealed to the Senate to confirm both nominees quickly. He said there was no doubt in his own mind that Powell and Rehnquist would be "guardians of our Constitution and would dedicate themselves to law, order and justice.

Parietals experiment needs
Student Affairs Council OK

Jeans Seymour, a member of the SAC, stated, "The LeMans experiment has been worked out well and is very concrete. It has a very good chance of passing."

Miss Seymour thinks the faculty and administration members are seriously considering the bill before the vote.

She mentioned that the LeMans Hall Council and staff are organized and the mechanics of the proposal are quite clear.

As to the general parietal proposal, this is due to be presented to the SAC on Nov. 1. Miss Seymour called this

Story on page 8
Ballot boxes stolen, missing

Electoral elections delayed

Theft of the Dillori Hall ballot box has caused a delay of the release of freshman class officers election results, announced Sophomore Class President Mike Sherrod.

A missing boxful of ballots in Badin Hall also contributed to the delay, he added, mentioning that winners in the four races will be announced through WSND early this afternoon.

Ballots will be held during the lunch hour in both Dillon and Badin today, and tallying of the ballots will be made as soon after that as possible.

Commenting on the election in general, Sherrod noted that the freshman turnout was very good. "We've had about 850 to 900 votes counted and we haven't gotten to two other boxes, in addition to the Dillon and Badin boxes," he said.

He expressed hopes of counting over 50 per cent of the freshman class and praised the sophomore class government members for their work in publicizing the election.

He also urged the freshmen in Dillon and Badin halls to vote in tomorrow's ballot.

DEADLINE MONDAY NOV. 1
**World Briefs**

Washington - United States officials said Thursday in Washington that both the U.S. and the Soviet Union have been pressing India to restrain herself in any action that could lead to a war with Pakistan. Although there was guarded optimism that India was heeding the international appeals, the Soviet Union was said to have warned that Pakistan might move against India.

United Nations, N.Y. - Britain, speaking in the United Nations debate on China, said it would oppose the American resolution making the expulsion of Nationalist China an important question requiring a two-thirds majority because it would cause further delay in the admission of Communist China.

Stockholm - Pablo Neruda was awarded the 1971 Nobel Prize for Literature, the 77-year-old Chilean poet, diplomat and Communist leader had his first poems published when he was 13. He is currently Chile's ambassador to France.

Pheeney - Cambodia's government denied that it was abandoning democracy and would rule by dictatorship but did not deny that the functions formerly exercised by the Parliament had been conferred on Premier Lon Nol's government. The denial was prompted by foreign news stories describing the new government powers.

**The Nominees**

WASHINGTON - Early this week, William Hubbs Rehnquist, assistant attorney general, sent a memorandum to the American Bar Association defending Judge Mildred L. Lillie, who had been proposed to the Association by President Nixon as a possible Supreme Court justice. Tonight, Rehnquist, a conservative Arizonian, was himself nominated by Nixon for a seat on the Court.

It was only the afternoon that Rehnquist's name was even mentioned in speculation about the President's choice. But, in retrospect, observers here realize that he fits perfectly the President's job description.

He is described by his colleagues in the Justice Department as a brilliant lawyer who, having once been a clerk to the late Justice Robert H. Jackson, is completely versed in the President's job description.

NEW YORK - If confirmed, Lewis Franklin Powell Jr. will bring to the Supreme Court the southern voice that President Nixon is looking for - but it will be a soft and reasoning influence that traces back to his native tidewater Virginia.

In manners and polish, Powell fits comfortably into the image of the ante-bellum South. While serving a nine-year term on the Board of Richmond, Va., he quietly admired Negroes to white schools in 1959; while the issue raged in other Virginia towns no more to what has been called.

**No judicial experience**

Nixon chooses unexpected candidates

(Continued from page 1)

The President said he did not expect those he named to the Supreme Court to agree with his own views on every issue. They must not, he said, be "puppets on a string pulled by the President who appointed them."

Nixon named Powell and Rehnquist barely 24 hours after the Judicial Affairs Committee of the American Bar Association decided to endorse the President's reported choices for the two vacancies.

The Committee reportedly voted 11 to 1 to reject Mrs. Mildred L' Lillie, a justice of the California Court of Appeals in Los Angeles, as unqualified for the Supreme Court. The Scan­ning Committee was said to be divided 6 to 4 on a motion to designate "no opposition" to Hubbs. Friday, a little Rock, Ark., attorney. Under the Committee's procedural rules, that meant Friday also was given a rating of "not qualified.

Even so, there had been speculation today that the President would name one or both of them to the Court tonight.

Ronald L. Ziegler, the White House press secretary, told reporters this morning that "you all know the Senate has responsibility under the Constitution to give its advice and consent" to Supreme Court candidates.

"The constitution does not require the consent of the A.B.A." Ziegler went on. He said the Bar Association's advice was welcome, but "the A.B.A. does not have veto power."

Thus Nixon's efforts to reshape the Court into an instrument of his own judicial philosophy of "strict constructionism" conservatism, which had spawned a series of ideological clashes and led to two defeats in the Senate, have become enmeshed in a dispute with the Bar Association as well.

Attorney General John N. Mitchell pledged in July, 1970, that he would consult with the Association before recom­mending nominees to the President. That decision reflected White House hopes of establishing broad professional support for nominees and a desire to overcome unhappiness within the legal establishment over the Association's after-the-fact endorsements of Clement F. Hayworth, Jr., and G. Harrold Craswell, both of whom were rejected by the Senate.

But White House officials made it clear, however, that the President was principally interested in ratings on Friday and Mrs. Lillie and one White House official said that he had the impression that they were "locked in" two weeks ago as the President's choices.

The decision to announce the nominees on nationwide television in a prime evening hour appeared to reflect a desire to solicit public support for the candidates, lacking enthusiastic endorsements from the Bar.

**The Importance of the Guaranteed Insurability Clause in your College Insurance Program**

The purchase of a college insurance program today is important, but studies show that you will make from FIVE to SEVEN additional purchases of life insurance during your lifetime!

Make sure that you get the most for your money -- TODAY and TOMORROW! You'll do this through the C. L. P. (College Insurance Program) and the wide range of competitive plans offered through American General!!

Give us a chance to prove it!

Okay. We made a mistake.

When we said "Le Mans to have parietal hours on Friday," we were wrong. Unless the proposal goes through the Board of Trustees, LeMans won't have parietal hours for a while. We got it messed up. It happens sometimes. The poor headline needed a slug of Scotch after he added the proposal. (No tears intended; we only wanted us to feel our mistake.

It's the only way we can keep our credibility with the student body.

We hope that when the St. Mary's Board of Trustees meet, they can do the same. For it was surely a mistake to lock up Le Mans - and all the other St. Mary's halls - against the will of the people who live there. After all, the students in those halls will have to pay the consequences for whatever hours are set up. They ought to be able to determine what they are.

If the St. Mary's Board of Trustees sits down and considers the situation, honestly and in the light of the fact that most St. Mary's women are legal adults, they should have no problem passing the Le Mans companion bill, which would give all St. Mary's halls the right to pass their own parietal hours. After all, anybody can make a mistake. It takes a certain dignity to admit the mistake. It takes a certain courage to correct the mistake.

But it takes nothing, and credits nobody, to persist in the mistake.

---

**Letters**

**Thaxn, Publications**

Editor: Several letters last week pointed out that the activities of some at the Michigan State game were quite discourteous and even dangerous to the Band on the field and to St. Mary's students in the stands. The point was well taken; I believe, and the response of the student body has been excellent. I think a word of sincere thanks and appreciation is due to THE OBSERVER and SCHOLASTIC, who had a part in this decision.

**Thomas E. Blants**

Vice President

**Thaxn, POCO**

Editor: This letter is intended as a public thank you to POCO.

I am a Pre-Med taking Embryology. If you don't know that means, stop by the library some Friday night and ask the staff.

Embryo test this Tuesday and all week I was pretty up-tight about it. I spent all of Friday night (my birthday), cramming for it and intended to make Saturday a repeat performance. (No tears please).

At about 8 pm Saturday I found myself in such a stupor that I slammed shut my books and took out a POCO and just got the therapy that I needed. POCO wanted us to feel loose and that we surely did.

From approximately 10-12:15 POCO helped me forget all my worries. In fact a friend who saw me at the concert asked if I was stoned. I was stoned all night on good music.

I'm sure I'm speaking for everyone who was able to "get loose" Saturday night, in saying: Thanks POCO for letting me be myself in the midst of all this intellectual frustration.

Well Time to get back to work.

Mail Rape

Editor: When mail rates were increased to 8 cents, the Postmaster General promised two-day mail service between any cities in the United States. Notre Dame did not follow suit, leaving the cost of on-campus letters at aTHON and promising nothing.

Today I received a letter from St. Mary's on October 4th via campus mail. Fourteen days is not bad, but the condition of the envelope indicated that it had been repeatedly raped and beaten between here and there.

It's gratifying to know that ND mail service offers one of the few genuine bargains available today.

In rain and dark of night,

Greg Perczak

Nursing school suggested

Michele Arrick

The Observer

Academic Affairs has asked both Presidents of SMC and ND to appoint a committee to look into the possibility of establishing a School of Nursing and related programs in the academic areas. Paramedical services conducted in a hospital such as physical therapy and x-ray technician work.

Four reasons for initiating such a program were given:
1. There is an enormous need for workers in all of these areas.
2. The Carnegie Report on Higher Education for the Nation's Health states that there is a need for around 300,000 more nurses and almost 45,000 technicians in the health field.
3. This type of program gives an additional thrust to the women-oriented educational opportunities in the University. It is a natural area of interest for those at SMC because it combines two of the mission areas of the Sisters of the Holy Cross. That is, the Sisters have made major efforts in the fields of higher education and nursing.
4. Committee members are Jack Detler, chairman, and Grace security.

Grace security

- Pr. James Burtchell, Provost of the University refused comment on a letter sent to Grace residents printed in the Observer last week. The letter concerned important security precautions and the committee referring to the Oct. 4 armed holdup in Grace.
- In this week's hall hall, Mr. Arthur Pears, Director of ND Security, presented the ND security's arrival at the scene to the fact that less security was available in Grace, and that security was "fired up by the other cases."
- Pears pointed out the difficulties in security enforcement in the halls, because they are always open and "anyone can walk in."
- The ND security force present consists of patrol cars and walking patrolmen, but Pears added that the degree of security within a hall is determined by the hall director.
- If "the party that committed the act are "outsiders" as it was assumed in the Grace incident, the security Director said that SMC and SJC police are called in.

Mr. Rosemary Doberty, both from SMC, Dean Richard Thompson and Father Joseph Walter from ND, Sister Blanche who works at St. Joseph Hospital, Sister Anne Josephine who is administrator of Holy Cross Hospital in Salt Lake City, and Sister Rose Bernard, who is a nurse and Professor of Sociology at Dubunton College in Washington D.C. They have met once and plan to meet again on October 26.

The Committee is gathering information as to curriculum, financial implications of such a school, and government support available, and are making contacts with state and national nursing officials to those ends.

When this information is gathered, it will be presented to the college committees and boards for consideration. Until all the questions are resolved, it is not clear just how early the program can be initiated.

It is anticipated that the school will admit 60 students each year who are interested in nursing and paramedical fields.

Scholarship grants

The University of Notre Dame has received $3,500 from the Upper Division Scholarship Program (UDSP) to assist students from minority populations transferring from two-year colleges. Inagurated by the Ford Foundation, the UDSP is administered by the College Entrance Examination Board and will provide $97,000 for 150 students this semester at 61 Midwestern institutions.

Frosh debut in Mexico

by Vic Daar '74

Tom Gatewood said it at the first pep rally of the 1971 season: "There's one thing that makes a football team successful, and that's enthusiasm."

Gatewood's words though they were meant for the Irish varsity, can also be applied to the Notre Dame freshman team. For even at this early date, the first-year men have created plenty of interest and enthusiasm in the frosh program. And if Gatewood's words can be taken at face value, then the freshmen are assured, in this way, at least of a successful year.

The enthusiasm surrounding this year's frosh squad is evenly distributed between the players and their schedule, and with good reason. The '71 freshman roster appears to be loaded, and the team could very well better the 1-2 mark which Cliff Brown, Greg Hill and Co. posted last season.

"I'm very enthused about them," said freshman coach Denny Murphy, "and so are the rest of the coaches. I think they've progressed very well. They've been practicing only since the beginning of school, and we've given them a lot in a short span of time. The kids have done very well in picking up the knowledge and the technique."

Murphy, though he declined to single out any individual standout, is happy with the overall progress. "Defensively, we'll be using the same 4-4-5 that the varsity goes with," said Murphy. "This will be our basic defense, and everything that we do will revolve out of that one basic set."

Though not as physically awesome as their varsity counterparts, the freshman defenders aren't too far behind. The yearling front "four" will be essentially a five-man unit. Ends Bob Sneeden (6-3, 235) and Mike Panning (6-4, 250) will start along with tackles Bill Arment (6-5, 240) and Kevin Nosehush (6-4, 250) and tackle John Rinosee also figures to see plenty of playing time.

Behind the front four will be linebackers John Freethan (6-0, 225), John 'Dowell' (6-2, 225), Greg Collins (6-3, 235), and John Murphy, (6-4, 240). The Irish deep three will consist of defensive backs (Reggie Barnett (5-11, 185) and Jim Chancy (6-0, 190), and safety Al Samuel (6-1, 175).

This is the team that Coach Murphy will field tomorrow night. This is the time when the frosh freshman through a bit of weird scheduling—go against an all-star team from the National University of Mexico in the season opener.

The Irish yardlings will meet the Mexicans in an 8:00 p.m. game (10:00 p.m. South Bend time) in Mexico City's Aztec Stadium, and the teams will be playing in front of a crowd that may range anywhere from 75,000 to 90,000.

"The game is being played primarily to give impetus to American football in Mexico," said Murphy, "and most of the arrangements were made during our practices last spring."

"About all the only thing we know about the game," he said half-jokingly, "is that we're going and that we're playing. Other than that, we're prepared for anything. We've shown our kids every possible offensive and defensive formation that might get thrown at them, so now we'll just have to see what happens."

The partisan crowd in the huge Aztec stadium (capacity there is 90,000) will be the last of the team's worries, according to Murphy.

"I think it'll excite the kids," he said, "not scare them. And besides, it might be a good idea to get them broken in in front of a good-sized crowd. After all, 0,000 Mexicans will probably sound a lot like the north end zone in our home stadium."

After the season opener, the Irish frosh will settle into a more regular schedule. They will meet Michigan State at East Lansing on October 30, and then will come home for a November 6 matchup against Michigan. The freshmen will close their '71 campaign on November at Knoxville, with a game against Tennessee's Baby Volunteers.

Rovers open
A spectator bus for anyone interested in attending the crew team's race against Morehead College Sunday will leave the Notre Dame circle at 12:30 p.m. The race will begin shortly after 1 o'clock.

Definitely the Frosh frosh program. And if Gatewood's words can be taken at face value, then the freshmen team could very well better the 1-2 mark which Cliff Brown, Greg Hill and Co. posted last season.

The Trojans have had their revenge. They're unbeaten this year, too, but the Crimson could change that.

The Trojans began this season with high hopes but, right from the start, things have gone wrong for them. They dropped their season opener, 17-10 to Alabama and then suffered losses to Houston 28-26 and Southern Cal 56-28. Southern Cal scored on three straight, beating Oklahoma 35-26, Oregon 28-21 and Stanford 38-18.

The Trojans defense has been ineffective in their last three outings and the offense has failed to perform as expected.

Commenting on his Trojans performance, McKay had remarked that, "Our defense is definitely rested. "So said."

And when one considers Southern Cal's unfavorable schedule, they had produced 341 points in 11 games, the school's highest scoring total in 40 years, that's a pretty frightening statement. But the Trojans just haven't been able to put the points on the board the way they had expected.

According to Southern Cal's John Grant, middle linebacker, the Trojans attack has been held to 21-21 and 14-14 deadlocks the last two seasons. And the Trojans didn't look any better in their opener, the 49-0 loss to Notre Dame.

Junior signal caller Mike Rae also has seen plenty of action this fall. He boasts a 25 per cent accuracy mark and has thrown five interceptions to date.

 Tight end Charlie Young has been favored target over过去的 and Rae, grabbing 12 aerials for 156 yards. Flanker Lynn Swann and fullback Sam (Sam) Cunningham are right behind Young, with 11 receptions apiece, and wide receiver Eddie Garrison (Eddie) had 10.

Garrison, described as "a true, all-American football" by McKay, possesses blazing speed and he has thrown the ball 100 and good hands. McKay rates Garrison highly: "Edell has developed into our best receiver, the Trojan mentor said."

The Trojans, the Irish also have some good runners to complement their aerial attack. Cunningham has developed into a force and the ball carrying this fall, toting the defense back for 515 times for 896 yards, a 5.4 average, and four touchdowns.

Tailbacks Lou Harris, 332yards and a 5.2 average, and Charles Hinton, 287 yards, 4.8 average, do their fair share of work, too.

Cunningham and company generally get ample blocking from a veteran offensive line, one of the best in the nation.

The Trojan defense isn't so imposing, despite the presence of end Willie Davis, who played an outstanding game against the Irish. Joe Thiemann for losses seven times and linebacker Cliff Young.

End John Grant, middle linebacker John Papadakis and cornerback Bruce Cooke have done the best of the backfield on the Trojan defense.

Commenting on the difficulties his Trojans will face against the unbeaten Irish, McKay said, "Notre Dame's defensive line will present problems greater than anything we have seen this year. It will be a question of whether we can move the ball at all against a very, very good defense.

"I think if we can prevent the pass we may have some success on Notre Dame," McKay continued. "For us to hope to run on them only would be foolishly.

The Irish defensive unit has posed problems for every team they've faced this year, throwing a big, mobile front, quick, strong in the middle, with plenty of turnover and the Irish will have plenty of talent.

The defensive line is a wonderful weapon, But the Irish have not been as effective as expected.

Northern Illinois ranks second nationally in rushing defense, Virginia Tech is third, and they are among the top five

Always dangerous, Jimmy Jones will be making his third start against the Irish Saturday.

In scoring defense, allowing only 13.2 points per game, the Irish defense has been an asset to the team.

The Irish offense has not been so promising, however. Since the Irish dropped their 50-point outburst in the season opener against Northwestern, the offense has been unable to score more than two touchdowns in a game.

But now that sophomore Cliff Brown has taken over at quarterback, the Irish have shown signs of increased point production.

The young signal caller, making the first start of his career against Carolina, combined with a couple of long aerials with his All-American split end, Tom Gatewood, giving an inkling of things to come.

Pariseghian was pleased with Brown's play against the Tar Heels. "Cliff did a good job last Saturday. He made some mistakes and he knows what they were, but he's normal for a sophomore to make errors in his first starting assignment."

The Irish have moved the ball better on the ground than in the air thus far this season, according to an offensive line has consistently been open for Notre Dame's bootlegged pass of running backs. Bobby Minnis and Andy Hall have been the top ball carriers for the Irish this fall but John (Trezvany) and Darryl Dewan, Greg Hill, Bill Gallagher, Larry Parker and Gary Dimnick have been plenty of action also.

Despite their lack of an overpowering offensive attack, the Irish need many points with the type of defense they have.

Pariseghian is wary of the Trojans, despite their 2-4 record.

We know that Southern Cal is one of the finest teams in the country. We've had some super games over the years with Southern Cal and I'm sure it will remain the same this year."

This is the 43rd meeting between the two schools and Notre Dame holds the edge in the series, 28-14. Neither Pariseghian nor McKay has a winning record in the series. Pariseghian is 2-4-1 as head coach and McKay has a 4-5 mark versus Notre Dame. Kickoff Saturday is at 1:30 p.m.

Always dangerous, Jimmy Jones will be making his third start against the Irish Saturday.

Some selections for all five games taking place in that conference are included in this week's choices.

All but one of the games last week on the Big Ten, however, There's a pretty fair ball game tomorrow here at Notre Dame, as the Fighting Irish will travel to visit California to chime in.

The Irish are sky-high for the encounter, seeking revenge for the 38-28 ponents and have not allowed anyone to cross their goal line in scoring defense, allowing only 13.2 points per game, the Irish defense has been an asset to the team.

But now that sophomore Cliff Brown has taken over at quarterback, the Irish have shown signs of increased point production.

The young signal caller, making the first start of his career against Carolina, combined with a couple of long aerials with his All-American split end, Tom Gatewood, giving an inkling of things to come. Pariseghian was pleased with Brown's play against the Tar Heels. "Cliff did a good job last Saturday. He made some mistakes and he knows what they were, but he's normal for a sophomore to make errors in his first starting assignment."

The Irish have moved the ball better on the ground than in the air thus far this season, according to an offensive line has consistently been open for Notre Dame's bootlegged pass of running backs. Bobby Minnis and Andy Hall have been the top ball carriers for the Irish this fall but John (Trezvany) and Darryl Dewan, Greg Hill, Bill Gallagher, Larry Parker and Gary Dimnick have been plenty of action also.

Despite their lack of an overpowering offensive attack, the Irish need many points with the type of defense they have.

Pariseghian is wary of the Trojans, despite their 2-4 record.

We know that Southern Cal is one of the finest teams in the country. We've had some super games over the years with Southern Cal and I'm sure it will remain the same this year."

This is the 43rd meeting between the two schools and Notre Dame holds the edge in the series, 28-14. Neither Pariseghian nor McKay has a winning record in the series. Pariseghian is 2-4-1 as head coach and McKay has a 4-5 mark versus Notre Dame. Kickoff Saturday is at 1:30 p.m. Tou Gatewood,ショウNLing being hailed in a TD pass from Cliff Brown against North Carolina, is now the leading receiving leader in Irish history. Mike Trezvany is in the foreground.
Wants ten million

Geoffrey sues ND, Hesburgh

Former SMC art professor, Syed J. Jafree Geoffrey, claims he has suffered damages and humiliation in excess of $10 million, at the hands of Notre Dame and Father Hesburgh, because of their racist hiring policies.

Geoffrey, also known as Jafree, has taken action against the University by filing a complaint with the South Bend Human Relations and Fair Practices Commission.

He charges that he has not been considered for an administrative job at Notre Dame because of his race, color, religion, national origin, and ancestry. He also charges that Notre Dame has never considered any Black man as worthy of an administrative position. He further charges that he was denied a teaching position and was refused consideration for the position of President, both on the grounds of race and creed.

Geoffrey, in his statement to the Fair Practices Commission, said he was a Semite, Black, Muslim, Pakistani, and a direct descendent from the Prophet Muhammad.

Among his qualifications he claims to be a highly qualified accountant, author, art historian, published poet and author, economist, management consultant and administrator. He also says he holds the equivalent of three doctoral degrees and is listed in major Who's Whos of the World, internationally.

Geoffrey, who last year planned to sue SMC because he was denied a teaching position and was refused consideration for the position of President, both on the grounds of race and creed, stated that the action of this University can be considered to be "repulsive."

The Fair Practices Commission said they have taken no action as yet.

Parietals need OK

(Continued from page 1)

proposal, "so open and general; such a blanket statement that it would be hard to work out quickly and completely."

Miss Underman, Student Body VP, cited the possibility that the LeMans group will be asked to withdraw their proposal. This would allow the general parietal policy the Council's entire attention and if it passed, LeMans would have authorization for its experiment.

"Since they have already passed the hall referendum and set up the system," said Miss Underman, "LeMans would be one step ahead of the other halls in any case."

The reason both proposals need the approval of the Trustees' Executive Committee is that they are not considered extensions of any existing policies, but an entirely new policy in themselves.
