Riehle answers frosh overcrowding questions

by Pete McHugh
Observer Staff Reporter

Questions about the overcrowded situation of freshmen were hurled at Fr. James Riehle, director of Student Housing, last night at an informal rep session in Sorin Hall. He opened the floor immediately for questions, and the barrage did not halt until two hours later.

In response to the present housing situation he stated that as of September 12 there were 28 beds available and a problem of some overcrowded freshmen who are reluctant to leave halls and or-room because they already have friends and settled down.

He stated emphatically that he would resort to forcing overcrowded freshmen out of rooms if necessary, and he added that transfer students living off campus would gladly take advantage of the open rooms, but he wished to alleviate the overcrowding as soon as possible.

As to future housing plans he said that, in spring, many will be forced off campus. He left open the means of deciding who stays or leaves, but expressed a strong opinion.

More to go off campus

As to future housing plans he said that, in spring, many will be forced off campus. He left open the means of deciding who stays or leaves, but expressed a strong opinion against academic dorms or common points of placement. Fr. Riehle mentioned the strong possibility of the acquisition of another dorm next year for women, and foresaw no new dorms in Notre Dame listening to en-

Vol.
McGovern presidential campaign before a roaring, overflow crowd in Minneapolis, Minn. Sept. 10, available for whatever help Nixon administration.

Kennedy confident

Kennedy called the campaign a choice between the comfortable and the concerned; between a presidential campaign to end the war and didn't and a candidate who would end it, between an administration that permits the rich to make $10 million people to be unemployed and one that put everybody to work, a choice between "special interests and the people."

Kennedy invoked the names of his slain brothers, President John F. Kennedy and Sen. Robert F. Kennedy, and said McGovern is going to elect a president whose interests do not lie with Wall Street, but with Main Street, U.S.A."

Sorin Hall

McGovern, bit hard on the Vietnam War, a subject he has tended to subordinate to economic issues in his attempt to rally traditional democratic elements.

Scholarly economic relief

"I make you two solemn pledges," he said. "Within 90 days of inauguration, we will bring home every American soldier and every prisoner of war. And never again will we send the precious young blood of this country to prop up a corrupt military dictatorship 10,000 miles away."

On the economy he adds another pledge: "We will guarantee a decent job opportunity for every man and woman who is able to work." McGovern is trying to shed the image of a party maverick, a person who seeks to make the poor amenable to his party by a promise of welfare reform and income maintenance, and the extension of perquisites.

Kennedy: A contest between the comfortable and concerned

Kennedy told the audience not to listen to the Republican cry of four more years for Nixon. He said it would mean four more years of American sons and children dying in Vietnam; hungry children, and young G.I.'s hopelessly hooked on heroin, and mothers who can't pay their grocery bills; wiretappers, war mongers, and the purveyors of racial fear; lonely old people living in poverty, strong young men and women forced into idleness because of the mistaken economic policies of this administration which seeks to decentralize the welfare system, and demeaning to those who seek to and those who pay its costs.

Bugsy: McGovern bit hard on the Vietnam War, a subject he has tended to subordinate to economic issues in his attempt to rally traditional democratic elements.

Thieves Nabbed

Many students expressed great interest in the rash of bicycle thefts, which has plagued the campus. Fr. Riehle said that over $10,000 in bikes were stolen last year. He went on to say that the theft ring of teenagers was broken during the summer, and that this should greatly diminish the stealing.

He informed the group of an imprinting device available to the halls, which can insert one's social security number or enabling easy identification if lost or stolen. Other items recommended included locks, choosing of renters, and hall autonomy. The discussion was then opened up to a mutual concern by both the students and Fr. Riehle to resolve any communication gap between administration and student.

Scandal.

McGovern invoked the names of his slain brothers, President John F. Kennedy and Sen. Robert F. Kennedy, and said McGovern is going to elect a president whose interests do not lie with Wall Street, but with Main Street, U.S.A.," he said.

SLC and coed dorms

On the subject of Student Government and the Student Life Council, he expressed an opinion that greater communication between the administration and the student body is essential for productive achievement from these organizations. Fr. Riehle did not view the student body as apathetic and spoke of the Student Life Council as a vital facet of the University and he called for the council to look into the long range questions as to who would move off campus, the possibility of coed dorms, and the extension of perquisites.

Washington - The New York State Commission on Attica concluded in its recent report submitted to the White House that Hanoi can sustain the fighting in South Vietnam "At the present rate" for the next two years despite massive American bombings of the North. Reports from the Central Intelligence Agency and the Defense Intelligence Agency concurred that the bombing has failed to slow down meaningfully the flow of men and equipment to South Vietnam.

Washington - To finance about half of his campaign costs during July and August, Sen. George McGovern borrowed more than $15 million from supporters, including $5 million from the National Action Funds of the United Auto Workers Union ($5,000) and from the Communications Workers of America ($8,000) and the Machinist Non-Partisan Political League ($1,000).

New York - The New York State Commission on Attica concluded in its final report that Gov. Nelson A. Rockefeller should have given to the upstate poor before he committed armed forces. The report noted the spontaneous nature of the uprising and criticized lack of planning in the negotiations, lack of coordination in the assault and unsuccessful weaponry, among other things.

Freshmen displeased with cramped room situation

by Ed Ellis
Observer Associate Editor

Over 300 freshmen are living in overcrowded rooms, study lounges and hall basements this year, a situation for the time being at least, most say, they can get used to it.

The overcrowding resulted from a take-over in the University Housing office this summer, and forced the conversion of study lounges, hall basements, and even the Old College into dormitory rooms for freshmen. According to Acting Vice-President for Student Affairs Philip Faccenda no up-grades were cramped by the emergency measures taken in August, despite the fact that about one thousand offered to share their own room space.

agony

Some fresh seem rather disgruntled by the whole thing, despite promises from the University that the situation is only temporary. One of their gripes is that they are not provided with enough desks or lockers.

"I think the university is doing a terrible job," said R. Zirr, from Morrisey, complaining. "You pay all this money to come here and then you don't even get what you need." He added that it's a fault that his dormitory was converted to house six. His roommate, Dave Hennessey commented, "The maids can't even get in our room to clean it."

Hennessey concludes, "It seems that a University with an academic rating like this one would find something better than sticking six people in three rooms.

In Flanner and Grace Towers, where the study lounges in each floor house six students, only three tables and three chests of drawers are provided in each room. Nothing more will fit. Frequent complaints concern elevator noise, curtains that don't shut out hall light, and noise coming from the elevator lobbies on each floor.

I feel like I'm not getting my money's worth," says Joe Zmolek. His roommate, Pete Rukovina, adds, "you just can't move around." Tom Geodle, in Grace, calls it "a pretty inconvenient situation," and complains about lack of drawer space, towel racks, and mirrors.

Many students in the Towers are upset about the room rates for the forced sixpacks. One student noted that the rate was twenty dollars less than the regular double rate for the towers, and said he thought it should be lower.

The consensus Anthony Ponzio, Resident Assistant, who reports success so far, but who holds some reservations. "It's a bit too tight in the five-man suites," he says. "The four-man suites ought to be leveled down and separated into singles." Ponzio also said he regretted that all the "Brothers" are freshmen and agreed that this is bad, especially since they are separated from the rest of the hall.

Acceptance

Despite the problems, most of the crowded students, as well as their RA's seem to be making the best of things as they are. Pete Reid, a resident of Morrisey, sums up the feelings of most freshmen, "I don't like it, but we get along alright and I think I can get used to it."

Tom Long, a Morrissey R.A., says there has been "minimal difficulty" so far.

Even in the Towers, the most prominent reaction seems to be a sort of wry humor. "You're never lonely" says one sign, "Come on in. Everybody else lives here, "invites another.

One Flanner resident says, "When I first was signed up I was really messed up. But it's the environment and you got to live with it. There's worse to complain and make the situation worse."

Compatibility of roommates will be the key to how long the crowded conditions can endure. Most freshmen reported that roommates get along. Some even prefer things as they are. But most would just like a place to hang their jeans.

Student Trip reservations being taken in LaFortune

Reservations for the ND-SMC Student Trip to Denver Nov. 16-18 can be made this week and next at the off campus office in the basement of the LaFortune between 8:30 a.m. and 2:30 p.m. Those who make advance reservations this summer should pay the balance at this time.

The trip is being planned in conjunction with the Notre Dame Denver Alumni Club. Highlights include the round trip flight from Chicago to Denver on Continental DC-10, two nights in the New Albany Hotel, and a short tour of the Air Force Academy Saturday morning.

The Alumni Club has also scheduled a pep rally Friday and 2 pm Sunday leaves Denver around 4:30 pm Friday and the return flight on Monday, September 22.

For reservations, contact Trip Director Jim Shanahan by mail, send check of $140. All times are local time.

Wilson gives short talk

by Jim Early

Observer Staff Reporter

Ted Wilson, Indiana Democratic Candidate for the Attorney General, visited the campus here yesterday and made a short talk on the role of an Attorney General in the state government. Wilson arrived at the Wonningkirch building at 1:30 p.m. and shook hands with the group. After a few minutes of idle talk he began the talk. He first stated that the Attorney General is to help the courts. He also stated that the Attorney General is to help the courts. He also stated that the Attorney General is to help the courts. He also stated that the Attorney General is to help the courts.

One of the most interesting parts of the Wilson's talk was the role of the Attorney General in the state government. Wilson stated that the Attorney General is to help the courts. He also stated that the Attorney General is to help the courts. He also stated that the Attorney General is to help the courts.

S.B. area groups push voting drive

by Kim Kittrell

There is an extensive voter registration drive being conducted for Notre Dame-Saint Mary's students to prepare for the November election. There are several organizations participating in this drive, including the League of Women Voters of South Bend, the McGovern- Shriver Ticket and the Young Voters for the President. The Voter Registration Office of Saint Joseph County is also very active, though it concentrates more on the city than the campus.

All of these groups will be concentrating their drives on campus, until September 22. After this date, students who wish to register to vote will have to do so at the Voter Registration Office on the fourth floor of the County-City Building in South Bend. Registration will continue till October 16.

The process of registering is very simple. A student must sign an affidavit giving his name and present address and proof of his age. The residency requirement in the South Bend township is 60 days.

Students may register in either their home state or in Indiana. Whether a student registers in Indiana or not is a matter of personal preference. If a student wishes to register in his home state he may do so by mail through the Voter Registration Office downtown.

Also if a student is already registered in his home state but would rather vote in Indiana, he can register in Indiana if he tells the registrar about it. The registrar will then send a cancellation of the earlier registration.

Students who register in their home state must vote by using an absentee ballot. Each state has a different process for absentee voting. Therefore each student registered in another state should know the procedure for absentee voting in that state.

Most states require requests for absentee ballots from 30 to 90 days to at least 4 days prior to the election and the ballots themselves no later than the day of the election.

If a student is uncertain about the ruling for his state he should either check with the Registration Office or contact Mrs. Dennis Dugan of the League of Women Voters.

The League of Women Voters has been very active in registration. It set up a table to register voters on the days students registered for school. On the next two Saturdays, the League will have booths at the twelve city fire stations for the purpose of aiding people who want to register to vote. The addresses of the two fire stations closest to the ND-SMC campus are: 118 East Marion (on North Michigan) by the McDonald's and 118 McKinley.

Another activity sponsored by the League is a Candidate's Reception to be held this Saturday, September 16. All state, local and congressional candidates were invited to attend this open house. It will be held at Tippicanoe Place on Washington. All students are invited to attend this event, which will provide them with an excellent opportunity to meet the candidates.

Both the ND-SMC Committee for the Support of the McGovern- Shriver Ticket and the Young Voters for the President will be sponsoring booths at the Student Government Activity Night which is being held tonight in the LaFortune Student Center. This is to help students get registered.

Also the organizations have representatives in the city who are able to students who want to register to vote. Also students may register in the afternoons at the Dome office in the LaFortune Student Center.

Volunteers needed for Headstart

by Michael Charles Observer Staff Reporter

The Headstart program which has 31 centers in the South Bend area is recruiting volunteers to help serve approximately 600 four year old children. The program will have a recruiting booth tonight in LaFortune Center at Activity Night.

Initiated in 1966 under the guidance of Lyndon Johnson, Headstart's primary purpose was to aid underprivileged four year olds before their entry into kindergarten. This aid was to be distributed on all levels: educational, social, health. Parents were also encouraged to get involved in the program.

Headstart offers this help to socially and financially deprived children. Students who are attending school on loans are also eligible under Headstart. Children in this program receive kindergarten type courses to help them adjust to school. They receive medical attention in the form of shots, and if the children have any physical, speech, hearing, or seeing impairments help is available. During school days hot lunches are served.
Permission granted for Viet
strikes, Lavelle tells Senate

by Seymour M. Hersh

WASHINGTON, Sept. 12-ED.

John D. Lavelle has told the Senate
Armed Services Committee that he
received permission from Adm.
Thomas H. Moorer and Gen.
Creighton W. Abrams before or
dering a series of attacks on North
Vietnamese airfields in November,
1971, well-placed sources said today.

Moorer is chairman of the Joint
Chiefs of Staff and Abrams, whose
confirmation by the Senate as
Army Chief of Staff is being held
up by the Lavelle hearings, was
then the Commander of U.S. forces
in South Vietnam.

The missions, later reported as
"protective reaction" strikes—that is, raids against targets posing an
immediate threat to pilots—were
the first of at least 26 strikes
against North Vietnam by Lavelle's Seventh Air Force at a
time before renewed heavy
bombing of the North was authorized.

The seriousness of Lavelle's
accusations was underscored by
Sen. John C. Stennis, Chairman of
the Armed Services Committee,
which heard more than four hours
of testimony from Lavelle today,
that he had summoned Abrams to
appear before another closed
session of the committee
tomorrow.

Stennis said the committee,
which heard more than four hours
of testimony from Lavelle today,
would not proceed with
confirmation hearings on his
nomination of Abrams as Army Chief of Staff
until the Lavelle matter was
cleared up. He refused to say how
long that would take.

In response to a question, Stennis
acknowledged that the closed
hearings had raised an issue of:
"What was Abram's duty and what
should be done?"

Lavelle was relieved of his
command and demoted from full
general last March after an Air
Force Sergeant wrote a letter of
complaint about the raids. The
unauthorized raids ended on
March 8, less than a month before
President Nixon ordered the
sustained bombing of North
Vietnam.

Abrams could not be reached for
response today, but an aide said
none was likely in view of the
Senate hearings. An aide to
Moorer confirmed that the Ad-
miral was in Saigon on Nov. 8, the
day of the first raid, and also
acknowledged that he had been
briefed by Lavelle.

But the aide quoted Moorer as
saying that "there was no indi-
cation of anything that did not
conform" with the rules of
engagement during the Lavelle
briefing.

Earlier this summer, during
confirmation hearings on his
reappointment as Chairman of the
Joint Chiefs, Moorer testified that
his staff had noticed an Air Force
attack on an unauthorized radar
site sometime in December, and
had ordered Lavelle to stop such
raids.

According to Congressional
sources, Moorer "told the Senate
Armed Services Committee that
after a review by Secretary of
Defense Melvin R. Laird, it was
decided to place radar sites on the
list of approved targets. The radar
controlled North Vietnamese
aircraft.

Lavelle returned to the Capitol
today for another closed session
with the committee.

At one point during the af-
ternoon, Sen. Stuart Symington,
D. Mo., stepped out of the hearing
room briefly and told reporters:
"I am convinced that a lot of people
below him and a lot of people above
him knew of the attacks."

Symington added, in response to
a question, that higher com-
mmanders "knew of the nature of
the raids" and "knew what he was
doing." He declined to elaborate.

Congressional sources said that
Lavelle, in his testimony before the
Senate committee, contended that
he had received permission for the
strikes from Abrams and Moorer
at a meeting in Saigon.

One target—Guanglang Airfield,
some 180 miles north of the
demilitarized zone—was in an area
of North Vietnam usually attacked
by navy planes stationed on air-
craft carriers in the Gulf of Tonkin.

Congressional sources said
Lavelle told the Senate Committee
that Moorer had personally
assured him that he would get
permission for the Air Force to
stage the raids.

Lavelle was quoted by
Congressional sources as
testing that on the next morning
as the Admiral was preparing to
board a flight at Tannonhut
Airfield in Saigon he presented
Moorer with a series of poststrike
reconnaissance photographs.

Lavelle is known to have told
officers a force close to the
General said today, that during a
visit in mid-November to Honolulu
he also discussed the mission with
Adm. John S. McCain, who was
then commander-in-chief of the
Pacific forces. McCain retired this
month.

"There wasn't great to have all the guys
back on campus at Notre Dame?"

"Yeah Walker, sure is."

Frosh Beds Again

If you've been thinking about moving off campus, it wouldn't be a bad idea to think a little harder, because you may have to move next year, like it or not. The freshmen overcrowding problem is approaching the permanent situation that many have feared would develop, and the only apparent solution, short of constructing a new dormitory, is to move off campus.

Although 28 beds have become available already, there are still more than 300 freshmen stuffed into lounges, basements, and room intended for one or two thirds their present occupancy. Many freshmen feel they are not already occupied by religious activities.

Money's Worth?

Many freshmen feel they are getting a raw deal for the $2,450 tuition and average $100 room and board fee. Morrissey resident Bob Zierk says, "You pay all this money to come here, and then you don't even get what you need."

His roommate, Dave Hennessey adds, "The maid can't even get in our room to clean it." And Joe Zmolek from the Towers sums it all up with, "I feel like I'm not getting my money's worth."

And they're not. The freshmen that are packed tighter than sardines must endure "temporary" impromptu study such lobby noises, clanking elevator cables, and roommates who must climb over them to get to the wide open spaces of the hallway.

Everybody Suffers

Upperclassmen also suffer. Former study lounges, which many found convenient, and private rooms, have been occupied, thus eliminating places where hall spirit can be encouraged in anyway from simple discussions to social activities.

The University has tried to solve the problem, but has come up empty handed. Rooms in Moreau Seminary are too few and removed from campus, if they are not already occupied by religious members of the seminary faculty. St. Joseph's Hall is likewise filled. The other alternative, besides the present situation, was to place freshmen in the rooms of the 1,000 upperclassmen who said they were willing to accept a freshman on temporary basis.

If it appears the upperclassmen would house the freshman for the entire year, it certainly would be better than the present condition, because there would be no need to put more than one extra person in a room, to not mention the influence of an upperclassman.

This University should investigate moving the overcrowded freshmen into these rooms by the end of this semester, or in time for the start of the spring semester, if upperclassmen are still willing to accept them.

Waiting useless

It is not feasible for the University to wait for more beds to become available. Student attrition will drop off as the semester grows old, and other bed sources such as sickness and overstated simply will not meet the demand. It is unlikely that the number of students moving off campus between semesters will be large due to the shortage of good housing in the area. It is also unlikely the January graduates will empty enough beds either.

In the meantime, freshmen and upperclassmen will have to endure reduced quality and quantity in hall study and recreational areas. The sting of overcrowding is still felt more by the freshmen because he is paying for something he is not receiving. The only good thing to come of all this are the strong bonds of friendship that some overcrowded freshmen have managed to form.

Paulius Pakauskas

In practical, day-to-day affairs Americans have unconditionally guaranteed democratic rights which intellectually and emotionally have little meaning for them. In the midst of our campaign propaganda, terms such as freedom of speech, justice and moral values sound hollow and bland. Such is not the case in the U.S.S.R., where no one has had enough freedom to sully these moral and civil ideals; they are spoken of with much more intellectual conviction and fervor when they are so rarely lacking in practical affairs. It befoles us to listen to the protests of the Soviet dissidents, since they are expressedly to leave the country. The Soviet "civil rights" movement of democratic minded Russian intellectuals has also reached much attention. Although the dissidents were advocating an expression within the legal restrictions of the Soviet Union, Pyotr Yakir, Vadim Benkovsky, Andrei Amalrik, Mas. Gen. Pyotr Grigorenko, Pavel Litvinov and more than 200 others have been sent to prisons, a Siberian exile or to mental hospitals. However, the peoples' determined to be informed has developed an incredible underground press system circulating materials from hand to hand across the whole continent. The Communist newspaper of Saratov reports: "To fill their reserves, the samizdatichi seek ties with other cities. They arrive with copies of the originals, which have been given abroad. Immediately, blank sheets of paper go into the typewriters. They don't sleep night...copying literary manuscripts...one copy for oneself, the rest for distribution." The samizdat have a depth of struggles less familiar to the West. The Crimean Tatars request to return to their old homeland, the letter by the "17 Latvian Communists" denouncing Krenstien policies of Russification in Latvia, and the spectacular petition of last spring demanding rights for the Russian Catholic Church in Lithuania-17,000 signatures, followed by the self-immolation of a Romanian student, riots in Kaunas and the death of eight paratroopers. Lithuanian protest movement may well be the most useful with which Breshekevich and his colleagues have yet had to deal...Since Lithuania is a key element in the peoples struggles for more freedom against the Party government, the Baltic Center will focus on this country in depth. This will be an informal studies center. All interested "samizdatichi" please contact the Center during the Students Activity Night.

Nader Raiders use ND as HQ

Father Meehan is now co-ordinator of the Office of Urban Affairs in his archdiocese as well as archdiocesan technician for Interfaith Housing. Sister Jacqueline is coordinator of field research for the Nader group.

The survey, which is part of the program of the National Catholic Committee on Urban Ministry (CCUM), will be supervised by Msgr. John J. Egan, a fellow in pastoral theology and urban ministry at Notre Dame. Funding for the program has come chiefly from the Raskob Foundation of Delaware and the Schubert Foundation of Cleveland.

"The survey is part of an overall CCUM program to mobilize and train religious personnel for effective ministry and to assist in the development of a sound theology for pastoral ministry in seminaries and novitiates," Msgr. Egan said.

Father Meehan has been active in urban ministry and social action for more than 10 years. He participated in the civil rights march in Washington in 1963 and 1968, and in the Selma, Ala. March in 1965. He was formerly chairman of the board of commissioners of the New Haven Housing Authority, and a member of the board of directors of Community Progress Incorporated of the New Haven. In 1968 he was selected by the New Haven Junior Chamber of Commerce as the "Young Man of the Year", and in that year received the state Jaycees' "Outstanding Young Man Award."

Sister Jacqueline Jelley, originally stationed in California, was for 15 years a teacher and an administrator in both elementary and secondary schools. She served as an educational consultant to the international consulting firm of Arthur D. Little, Inc. of Cambridge, Mass. Later, she became the special assistant to New York City Council President Sanford Garelick, acting as liaison to various community groups and institutional boards of directors. She has been on the Nader staff since 1971.

Hecht to speak tonight in Library

Anthony Hecht, Dean Professor of Rhetoric and Poetry at Columbia University, will lecture tonight at 8:00 in the Library Auditorium.

Hecht will speak on the "Little-known facts in the sex life of Harriet Beecher Stowe."

A reading of selected poems will follow on Thursday at 1:30 again in the Library Auditorium.

Hecht received the 1969 Pulitzer Prize for his third book of poetry, "The Flood Hours." He recently was named a Fellow of the American Academy of Poets, and in March, 1979, was elected to the National Institute of Arts and Letters, the congressionally chartered honor society for the arts.

Sophomore Literary Festival

Positions are now open for committee chairman and staff of the Sophomore Literary Festival Council. Any Notre Dame or St. Mary's sophomores interested in helping, should pick up applications by Friday, Sept. 15th in 317 Morrissey or 414 Keenan.

For Information and return schedule

SPECIAL NOTICE TO ALL STUDENTS

All Clubs, Service Organizations, Political Groups, Societies, and Activities including all forms of student media are requested to forward to the Ombudsman in care of Student Government an updated listing of the names and local phone numbers of those in charge, as well as any business phone number that such a group might have. This request applies in particular to large organizations such as Student Union and the Hall Presidents' Council. The information must be in to Student Government by Friday September 15, if your respective group is to be registered in the official listing. If it is easier to phone in the information, please do so, but only between 3 PM-5PM Monday thru Friday at 7638. Your cooperation in compiling the requested information will be greatly appreciated, and hopefully, will better enable the Office of the Ombudsman to assist interested parties in finding that which they seek. If there are any questions about what information is being sought or why it is being gathered, please call 7638. Finally, if anyone is interested in joining the Ombudsman Staff, they are asked to apply at the Student Government Office which is located on the 3rd floor of the LaFortune Student Center.

New director invites prospective students

**SMC writing program open**

by Maria Gallagher

The writing program at St. Mary's is definitely alive and kicking, according to Dominick Boscoe, new director.

Since the latest date to add an SMC course has been extended to September 15, Boscoe invites all Notre Dame and St. Mary's students to register for any of the three writing courses being offered this semester: fiction writing, verse writing, and expository writing.

Boscoe, who comes to St. Mary's this year from the writer's workshop of the University of Iowa, plans to "invigorate" the program this year by keeping its form flexible and emphasizing creativity in the product of every student.

"A writing course enables a student to gain expertise and confidence in his work," Boscoe said. "It teaches the student how to make his writing "come alive"—to do this, he must write with determination and conviction."

Boscoe also stressed the power "written word has over our students, and asserted that its power is not dead, as some claim."

"There are ideas which can be conveyed by the written word which cannot be as effectively expressed through the media, and vice versa," he asserted.

The expository course's goal, Boscoe said, is to "cultivate good writing of any kind, on any subject." Two classes will be used: a writer's anthology, and a test dealing with the writer's problems.

In the verse and fiction writing courses, Boscoe noted the importance of workshop format. He also called attention to reading ability as one of a writer's most valuable assets. Not only will this expose him to a variety of styles, but give him some background from which to draw.

"I assigned Sterne's Tristram Shandy to show the students what they could get away with, and give them an idea of 'how modern' is," Boscoe said.

The verse and fiction courses will be studying material from all periods. Sylvia Plath's autobiographical work The Bell Jar will be required for both.

"Plath was chosen for two reasons: not only is her work an example of good literature, but her contribution as a woman will be of particular interest to the class," Boscoe added that he hoped to cover several other women writers as well.

At the present time, twenty-five are enrolled in the expository course, eight in fiction writing, and five in verse writing. Boscoe called classes of this size "too good to be true," but admitted "we could use a few more."

Boscoe estimates that "about a dozen" students have formally declared a writing major at St. Mary's. This major requires 12 credit hours in upper-division English literature, and 12 hours of writing courses.

At the present time, the literature courses which must be taken are specified and encompass a wide range of subject areas including Shakespeare, Chaucer, and the Neoclassical and Romantic movements. However, Boscoe said that these would have to be reviewed to better serve the students' needs.

Boscoe concluded that the writing major, or some writing courses, would be a helpful prerequisite to careers in journalism, law, teaching, and, of course, freelance writing.

"A skilled student can write his way into any major grad school," he feels.

The Labor Day weekend meant a return to Du Lac for most Notre Dame students, but it meant a real opener for the Irish rugby team. The Irish ruggers participated in the Windsor Borderers' Tournament in Windsor, Canada. The team was invited to the tournament over the summer, and was able to work in only a few regular practices before travelling to Canada.

Even with this little preparation, though, the Irish posted a respectable 5-1 record in the tournament and finished in a tie for fourth place.

The tournament consisted of 15 teams. Each squad played three games on Saturday and then a fourth on Sunday morning. The four teams with the best records advanced to the finals on Sunday afternoon.

Central Indiana set the pace for the tourney by posting a perfect 4-0 record, while the Chicago Lions and Cleveland Blues tied for second with 3-1 marks. In fourth place were the Irish and the University of Michigan with 3-2 slates.

A tournament ruling advanced Michigan to the finals because they scored one more try than the Irish. Notre Dame's first opponent on Saturday was a team from Blackrock, Canada and the Irish overwhelmed the Canadians, 25-3. Dave Simpson opened the scoring for the Irish with a try and Ed O'Connell converted. O'Connell then gave ND a 6-0 lead. A try by Doug Amegia and conversion and a penalty kick by O'Connell gave the Irish a 13-0 halftime lead and it was downhill from there.

Second half tries by Jim Carr and Pat Krueger and a third try conversion by O'Connell sealed the victory.

In the second game Notre Dame faced the Windsor Borderers and had to come from behind to win 6-3. The game was played in a steady downpour and the wet ball hindered the small but faster Irish squad.

Behind 2-0 at the half, Notre Dame rallied on a long run by Dave Simpson. The conversion insured the Irish victory.

ND met Central Indiana in Saturday's third game. The Hoosiers were composed of students, but it meant a road tourney and finished in a tie for fourth place.

The Irish kept their hopes for the finals alive on Sunday when they defeated a much larger team from Milwaukee, 14-6. Playing before a hostile crowd, the Irish were slow at the start but scored on a try by Tom Masenga. After missing two earlier penalty kicks and a conversion, O'Connell found the range with a penalty kick and gave ND a 7-0 halftime lead.

A second half try by Greive and another boot by O'Connell led the victory for Notre Dame.

The showing in the tournament and a core of experienced returnees leave the Irish ruggers with bright hopes for the upcoming season. Last spring's serum returns intact and is led by captain Joe Halter. Seniors Doug Amegia, Jim Carr, and Lee Pallardy return, as do juniors Ed O'Connell, Bob Olson, Dan Lee, Tom Masenga, and Henry Clarke.

The backs are improved over last year and will be led by back captianHerb Giorgio. The return of John Greiving and the shift of Don Greive to outside center will add more scoring punch to the Irish attack.

Jeff Wernimont is holding down the fullback position, but most of the other spots are still open. Joe DeLezio, Ed Flahumme, and Dave Simpson are trying for the scrum half slots, while Pat Krueger, Mike Reagan, and Fred Masley are competing for the fly half position.

The ruggers begin their regular season this Saturday against the Cleveland Blues in Cleveland with "A", "B", and "G" games. The schedule is highlighted by games with traditional foes Palmer, Michigan, John Carroll, and the Chicago Lions. Newcomers will include Kentucky and Evansville.

Southern Cal and Oklahoma moved into the number one spot in the wire service polls this week, following Nebraska's loss to UCLA, while Notre Dame was ranked 16th.

The Associated Press gave the Trojans 779 points and 13 first place votes, just ahead of Colorado, which picked up 769 points and 12 first place ballots. Oklahoma also received 12 votes for the top spot but only totaled 869 points, is 13 points behind third place Ohio State.

Ohio State was ranked first by the United Press International, however, garnering 11 first place votes and 759 points. Eleven selectors also tabbed Southern Cal as number one but the Trojans only came up with 364 points.

The Irish, who will open their season against Colorado on Saturday, were ranked third and Ohio State fourth.

Callner brothers appointed to ND YVP

St. Joseph County Chairman of Young Voters for the President (YVP) and a member of the Indiana Advisory Committee of YVP, Andrew Nickle, announced today the appointment of Bruce and Jan Callner as Co-Chairmen of the newly formed Notre Dame-St. Mary's Division of YVP. Nickle expressed the reason for the formation of the Notre Dame-St. Mary's Division stating, "we have a potential of over 8,000 voters on the two campuses. A local or regional division of YVP will ensure that these students have the opportunity to work for the President and that all students obtain the information necessary to make an effective and meaningful decision this fall.

Bruce Callner outlined the programs of the Notre Dame-St. Mary's YVP which will contain voter registration drives, fund raising activities, rallies and "with cooperation, there is the possibility of a series of debates on the major issues of this campaign."

Jan Callner added, "Every registered student voter becomes an important participant in the election of the President. In order to make a meaningful choice between candidates, each voter should know the candidates' objects, beliefs, and the consequences of their plans. Our job will be to present the President's stand on the issues that concern young voters." 

In this year's campaign, Nickle, in addition to his present positions, is a member of President Nixon's White House staff. Young Voters for the President is a division of the Committee to re-elect the President and operates outside the auspices of the Republican Party. Anyone, independent, Democrat, or Republican could apply for the position of member of the President's Executive Committee. The sole purpose of the organization is to re-elect President Nixon for a second successful term.

The Notre Dame-St. Mary's Division of YVP will hold their first organizational meeting in the Newsweald Science Hall on the Notre Dame Campus at 7:30 p.m. in room 123 on Thursday, September 14, 1972. All interested persons are invited to attend.

For further information contact either

Bruce or Jan Callner at 307-4021 after 6 p.m. any evening.
