Famous UFO sightings discussed

by Maria Utey
Senior Staff Reporter

"I thoroughly believe that in God's great universe we're not the only intelligent beings that exist," Clark McClelland, former director of the Mid-American Inter-

nasional Affairs Committee at their Oct. 21

meeting. James E. Murphy, assistant vice-president for Public Relations and Student Services, agreed. A. LaFortune family has agreed to provide a "substantial amount of money" for the remodeling. At this point, the exact dollar figure of the contribution is uncertain, according to McClelland. Murphy stated it "probably will be more than $100,000.

The proposal stems from a proposal which former Student Government president Mike Gassman presented to Paczesny and McClelland. The Student Government committee met to submit their ideas to the Trustees' committee last April. Archi-

tect Richard Ballene, a Notre Dame graduate, drew up the plans for the summer.

Engineers must now finalize plans based on the many estimates which meet the approval of the Board of Trustees and the LaFortune family. Paczesny expressed that "all plans will be completed" by the proposed dead-

line next summer. The idea is "to make LaFortune more of a natural place for students to come to," Paczesny stated. By converting some of the large open spaces which would be more conducive to recreation, McClelland thought the cafe could attract a larger percentage of the student body.

The plans call for renovation on each floor. Outlined for the ground floor is a small glass-enclosed cafe with a fireplace as well as a pub/restaur-

ant. Two separate entrances to the pub would permit the differentia-
tion between visiting non-students and aged customers. Alcoholic bever-

ages would be served. Wine and beer were included among the food the- most likely to be served. The dinner menu would be somewhat de-

tailed, McClelland said. McClelland is presently an invest-

igator for the government's National Aeronautics and Space Administration.

The couple that they would not be harmed. At this point, the grants would go toward educational experience, McClelland stated. After an unexplained period of time without contact, the Hills and McClelland believed that the couple were dead. The Hills returned to the craft. They asked if they could be returned to the earth. McClelland said the hills were wanted by the government in order to get back to the earth. McClelland had been ordered not to tell anyone about the sighting.

Two French skiers suffered deteriorating physical stamina after en-

tering a hovering disc's light rays in a forest. A motorist in New Hampshire had the experience of seeing a number of stars on the ground while McClelland displayed a reconstructed model of such a vehicle's head, created from the Hill's description.

After her examination, Mrs. Hill was taken into the UFO's captain's quarters. McClelland stated that the Hills described, "the craft was very small and the posture of the people was strange thing that, until now, we had never heard of..." McClelland explained. "In addition, three stars Betty Hill included in her map weren't dis-

covered by astronomers until 1973. McClelland emphasized."

A replica of the star map under hypnosis, showing a series of stars on "exploration routes" and a double star system, supposedly the craft's "home base." After computer analysis, the double star system was later identified as the Zeta and Zeta 2 Reticon stars, about 250 million miles from earth. McClelland stated that the couple were returned to the earth without incident by the aliens who had been looking for the hills to get back to the earth. McClelland had been ordered not to tell anyone about the sighting.

Supervisory program begins

The 26th annual Supervisory Development Program of the College of Business Administration opens today. Fifteen weekly sessions, scheduled for 7 to 9 p.m. Tuesdays in the Center for Continuing Education, will be directed by Dr. Salvatore J. Bella, the Jesse Jones Professor of Management at Notre Dame.

The program is designed for current foremen and supervisors, newly appointed supervisors, persons being considered for promotion, office and clerical supervisors, personnel and owners and managers of small businesses; it is intended to develop skills for effective supervision, to create awareness of the human element in the work situation, to promote healthy organizational relationships, to achieve an understanding of the forces affecting the supervisor's job and to sharpen the supervisor's sense of responsibility toward his superiors, his fellow supervisors and his subordinates.

The course will utilize audiovisual aids, including slides, film and video tape. There will be case analysis and role-playing by members of the class, with lecturers serving as moderators to guide discussions for maximum learning.

Class notes, reading material and cases will be given to each participant.

Diplomas certifying graduation will be awarded to all participants of the course at a graduation dinner, attended by executives of participating companies. More than 1,800 men and women from 370 companies have received certificates in the program since it was organized.

Katz to direct minicourse

A minicourse, "Introduction to Questionnaire Design," taught by Bonnie Katz, will be held today from 1:15-2:15 p.m. in Memorial Library Room 500.

The objective of the course is to introduce the student to questionnaire involvement in developmental design and to provide insights into the total survey research process.

Hedges also urged SAC Re­ presentatives to re-schedule the Col­ lege's Day Essay Contest, because of an insignificant student body response. "It is not an extensive research project, and students can obtain rules and information from their department chairman," she said.

Sitting alumni will present personal job experiences, as well as any additional topics of interest to students.

The possibility of the Speaker Series working in conjunction with the Career Development Center's National Women's Week was thrown out to the Committee. No conclusion was reached, however, and the subject will be re-opened at the next meeting.

Senior Comprehensive Exams were briefly discussed. "It seems incongruous," noted Hedges, "that some students receive credit for comps, while others do not." She reported that the Curriculum Committee is in the process of reviewing the entire college curricular and that department chairmen will be urged to consider such exams as possibly update, the comprehensive exams.

Tyson to visit St. Mary's

Cicely Tyson, renowned as the most prominent black actress of our time, will appear at St. Mary's Oct. 15. Her O'Laughlin Auditorium tonight at 7:30; she will stay one day and present a seminar for Mary's Student Government, she will present two hours of dramatic readings and discussion.

Star of Sounder, Roots and The Autobiography of Miss Jane Pitt­ man, Tyson combines readings and commentaries on her appearances, during which she use no props, makeup or costumes.

A native of Harlem, she has risen from welfare to stardom. Her talent is such that she is able to pick and choose roles. Only those roles which she deems to compro­ mise her integrity as an actress or her pride as a black woman are accepted, Tyson claims.

Sounder won her an Academy Award and she, the television drama, The Autobiography of Miss Jane Pittman, which traced the life of a slave from youth to the age of 110, was hailed by critics nationwide.

The tutorial service discussed

The Observer is published Mon­ day through Friday by the St. Mary's College, Indiana, 46556.

The tutorial service was created for the purpose of providing scholarship opportunities to all students of St. Mary's. The Observer is a member of the Associated Collegiate Press. Re­production rights are reserved.

OPEN STAGE RETURNS

COMING TOMORROW NIGHT WEDNESDAY

"JAZZ IN THE NAZZ"

The Notre Dame Jazz Band

by Chris Simony

Establishment of a tutorial service was the pri­mary topic of the Mary's Student Academic Council (SAC) Tuesday. Student representatives reported on the initial responses they received from the students. Sentiments about the tutorial ser­ vice ranged from a desire for further clarification of the pro­ gram's format to an unfavorable attitude attributable to the large number of depart­ ments already offering some form of academic assistance to their students.

Student Vice President of Aca­ demic Affairs Cathy Hodges con­ cluded that the council has "initi­ated a good idea, but has not developed it fully." The tutorial service will be a necessity for the job and to sharpen the supervisor's skills. The format for an Alumnae Speaker Series has never been con­ sidered. A discussion, instead of a lecture format, was decided upon.

Tyson will soon appear in "The Color Purple," currently being filmed in the Atlanta area by Steven Spielberg. She has agreed to donate $10,000 to the Mary's College fund. Subscriptions may be pur­ chased at the vice-president's office. The format for an Alumnae Speaker Series has never been considered. A discussion, instead of a lecture format, was decided upon.

The 'official' Notre Dame rock is now being sold in the bookstore in the form of pen holders and paperweights. (Photo by Julie Paul)

The Notre Dame seal has appeared on some unlikely items in an advertisement says the Hammes Bookstore, but never diploma which describes the logical pedigree of what is billed as the last you millions of tantly related to the Murphy marble rocks are entitled to a Connemara marble straight from the quarries of County Galway, Connemara green marble is 'official' Notre Dame rock is now being Generically an "Notre For anyone For anybar. Foy said police made other arrests for drinking code violations on Tuesday and any bar. Foy said police made police officers cited the tavern's management for drinking code violations, according to Zappala. Zappala called the citation "incredible" since police made no arrests during that particular raid. SMC to receive 'Yellow Pages' St. Mary's students can now let their fingers do the walking, whether seeking help with anxiety or getting a refund from a broken washing machine. SMC Division of Student Affairs, will be distributing copies of "The Yellow Pages," an alphabetical student services directory, to all dorms this week. One fifteen-page edition will be given to each room. "It answers some of the most common concerns students ask," commented Mary Laverty, director of Student Activities. "It's all about St. Mary's, and contains an introduction from the dean, a directory of emergency procedures, counseling services, and liturgical-religious opportunities." Off-campus students may pick up their copy of "The Yellow Pages" and phone directories this week in the Student Activities office.

Smoker planned for Gov't majors There will be a smoker for Government majors and faculty tomorrow night at 8:30 at the Knights of Columbus hall. All Government students are welcome.

Four arrested at Corby's

by Bob Vaznetian Staff Reporter

Uniformed police arrested four people, including at least one St. Mary's and one Notre Dame student, during a raid at Corby's tavern last Thursday night, according to Tony Zappala, Corby's manager. In another raid last Tuesday, no arrests were made. Donald Foy, uniform division chief, said the four will appear in Superior court on Thursday to face charges stemming from underage drinking. Foy said he had no intention of dropping the charges. However, he added, "I can't speak for the prosecuting attorney."

Patty Gibbons, a 21 year old Notre Dame student, was present one of the student arrests. Gibbons said police handcuffed one student, who was then taken to the police station in a police car and fingerprinted. Police took mug shots, she added, and later released the student after a $50 bond was posted.

"There was absolutely nothing unusual about these arrests," Foy explained. "Students were warned when school started that we would be making periodic checks of local bars. Foy added, "We have made fifteen periodic checks will continue."

After the raid on Corby's Tuesday night, police officers cited the tavern's management for drinking code violations, according to Zappala. Zappala added that these "incredible" since police made no arrests during that particular raid.

"It's been bad for business," Zappala said. "No other bars have been getting raided around here like Corby's. There out to get Corby's."

Foy denied that the raids have been concentrated in any area or on any bar. Foy said police made other arrests for drinking code violations on Tuesday and Thursday nights. He pointed out one area made on Ironwood Ave., saying, you can't get any further away from campus than that.

Still, Zappala claimed he heard one vice squad officer talking to a girl with a fake ID on Tuesday night. The officer reportedly asked the girl to cooperate, saying "I don't want to bust you. I just want to bust this bar.

Zappala also objected to the way the police conducted the raids. He said that during the raids, one police officer stationed himself at every door. The officers didn't let anyone out of the bar without a proper ID, but they also did not let anyone into the bar, even with an ID.

Zappala said this hurt his business. Police officers explained to him that this was normal procedure to prevent people from the outside from "running" ID's into the building.

Students asked to donate blood Residents of Cavanaugh and Farley halls are reminded to give blood today, tomorrow and Thursday. Students in Lewis and Montesery halls are asked to sign up to give blood next Tuesday, Wednesday, and Thursday. For further information check with your section leaders this week.

Courses dealing with Social Justice

The study of social justice issues at Notre Dame and Saint Mary's is scattered throughout various departments at both schools. There is no question to the fact that numerous courses exploring social issues are available, however, because of their diverse and interdisciplinary nature, they are often overlooked. The Notre Dame-St. Mary's World Hunger Coalition has attempted to organize these courses and their descriptions:

**At Notre Dame**

**HISTORY**

History 483 - U.S. Urban History - Delan - 11 MWF
Introduction to the study of the city in the U.S. Coverage of themes such as the social and economic structures of cities, education, the family, and the church.

**SOCIOCOLOGY AND ANTHROPOLOGY**

Soc. 217 - Poverty in America - Lamanna - 9TT11
A description of the poor with emphasis on causes and consequences of poverty and society's response to these problems.

Soc. 417 - City Planning Urban - Lamanna - 2 MWF
Introduction to urban society with a historical, demographic, and ecological analysis of the origins, nature and problems of urban community.

**PHILOSOPHY**

Phil 276 - Political Philosophy - MacCarthy - 1TT3
Discusses the traditional, liberal and socialist approaches to political theory. Treats topics such as freedom, democracy, equality, justice and the nature of the state.

Phil 277 - Philosophy of Law - Foley - 11MWF
This course will concern itself with the nature of legal systems and their proper aims and limits and the criteria for a just system. For example, the relationship between law, morality, and systems of etiquette will be explored.

**DEPARTMENT OF ECONOMICS**

Econ 316/Phil 316 - Education for Justice - O'Leary/ Burrell - 10TT12
The "place" of justice in political economy, especially in the light of rival principles of contribution, effort, need. Its relation to notions of community, state, equality, efficiency, profit, externalities.

**GOVERNMENT AND INTERNATIONAL STUDIES**

Govt 341 - International Relations - Schmidt - 10TT12
Lecture course with discussions of assigned readings and, if appropriate, of contemporary developments in international relations. The requirements include a midterm and final examination, and two brief papers on some current problem in internation politics.

Govt 428 - International Organization - Schmidt - 11Th
Prerequisite: Govt 341 (International Relations) Background in the history of the organization (the UN, the Specialized Agencies, and non-governmental organizations), and discussion of the theories and concepts of those organizations.

Govt 433/PNV 448/Theo 437 - Politics and Theory of Liberation - Pomerleau/ Yoder - 4TT6
Examination of the roles of the Third World Churches in relationship to dependence and liberation in Latin America.

Govt 451 - Politics of Tropical Africa - Walshe - 21TT4
An introduction to traditional political thought in the colonial inheritance and rise of African colonialism. Concentration on political organization, ideologies and government institutions within the newly independent countries of tropical Africa.

Govt 455/Econ 404N - Economic Development - Walshe - 9TT11
After drawing on economic and political history to clarify the present predicament of Third World countries, the course focuses on major issues in the interaction of economics and politics in the process of development. Prerequisite: Economics 22S or permission.

**THEOLOGY**

For Business Majors only.
Analysis of the impact of personalism upon current theological ethics in the discussion of conscience, value, and situation, with an application to selected personal moral issues.

Theo 341 - Ethics & Social Policy - Hauerwas - 9TT11
This course is designed to demonstrate the close interrelation between political theory and social policy. In particular we will critically analyze the alternatives for social policy correlative of the liberal political theory dominant in our society.

Theo 349/PNV 349 - Food, Population and Energy - O'Leary - 2TT4
Course examines "structural violence" in the use and distribution of food and energy in relation to population growth. From the standpoint of the biological and social sciences the current world situation is assessed and then reflected upon theologically and philosophically.

Theo 373 - Theology & Community Service - McNeill/Whitehead - 31TT6
Aim: To explore questions about the relationship of theology and community service in contemporary society in the context of a search for insight and understanding into personal experiences while visiting older adults.

Theo 376A - The Church & Social Action - McNeill
Aim of this one-credit hour course (Urban Plunge) is to learn about social action involvement of the Church (with others) in problems of justice, poverty, etc. (Registration for the course was closed on Wednesday, October 5).

Theo 378/Econ 428/ Govt 377 - The Unseen City - McNeill/Rous/Schwarz - 2TT4
Development of a critical understanding of relationships in cities and analysis of the value and justice dimensions to respond to problems of the " unseen" city.

Theo 380/Mgt 492 - Modern Decision Making in the Christian Tradition - Hoss - 9MWF, 10MWF
The purpose of this course is to increase understanding of the Christian faith and the way it informs thought and action in a life setting. Examination of actual stories of leading people in the business world, to see how they are integrating the two worlds of business and Christianity. Case studies that focus on issues likely to confront a modern business person.

Theo 385/BLST 385 - Black Theology and Catholic Social Thought - Braxton - 9TT11

This list was compiled by the ND-SMC World Hunger Coalition.

**At St. Mary's**

**BIOLOGY**

Bio 104 - Biology and Human Values - Stewart/Foster 9MWF, 12MWF
Examination of man's relationship to nature and society, with focus of class-on-food, its distribution and production and the effects of hunger.

**BUSINESS AND ECONOMICS**

BUEC 346 - Business and Society - Horning - 10MWF, Soc 305
A systematic analysis and evaluation of the cultural and social factors which shape the role of business in our society. Materials drawn form other societies are used as a basis for comparison.

BUEC 355 - Contemporary Economic Issues - Borrengasser - 1 MWF
Investigation of current economic issues such as poverty, medical care, consumer protection, energy, tax proposals, crime, higher education, and some proposed and present policies to combat these problems.

**ENGLISH**

ENLT 380 - Literature of Justice in the Third World - Stewart - 6AM
Introduction to sociology and literature of Third World, literature of primitive justice and integrity, and the violation of justice.

**GOVERNMENT**

Govt 304 - Latin American Government - Jenks - 1TT3
The class will attempt to focus on what problems exist in Latin American government, with concentration on the public policies of these governments.

**HISTORY**

HIST 351 - The ABC States and Mexico - Cassidy 2TT4
Focuses on current political and social issues and international relations in the framework of historical evolution in Argentina, Brazil, Chile and Mexico.

**PHILOSOPHY**

Phil 243 - Conceptions of Justice - Starba - 10TT12
Discussion of three major theories of social and political justice: Marxism, Libertarianism, and Social Contract Theory. Aim of course is to provide a critical conception of the comparison of justice.

**RELIGIOUS STUDIES**

RLST 331 - Contemporary Moral Issues - Krause - 1TT3
A survey of current social ethical problems from a Christian perspective: Sexual responsibility, the economy and distribution of wealth, the racial problem, revolutionary change and democratic process will be among the issues treated.

RLST 351 - Religion and Service Careers - Jancowski - 2AM and 10TT12
Introduction to the ideas and skills which enable students to understand and perform their service as Christian ministry.

**SOCIOLGY**

Sec 329 - Sociological and Anthropological Study of Religion - Tarleton - 1TT3
Focus on religion in different societies and cultures and includes coverage of comparative approaches. An area of concentration will be the sociology of liberation.
by Bryan Gruley

That the evening was so beautifully warm and had been for months had gone unnoticed by the ConcertGoer as he walked into the ACC. It was as if no one had noticed that extraordinary happenings, and consequently, expectations had somehow not prepared him for the evening. He had come to see Crosby, Stills, and Nash play, and he had no idea what was coming.

After a lecture by the one-time political activist, the audience had been let in on the history of the band. The audience, as a whole, had been seen as the most important piece of the show, and the band had been asked to perform for them. The audience had been invited to sing along, to cheer, to dance, and to enjoy the music. The band had been asked to treat the audience with respect, and they had done so.

Crosby, Stills, and Nash had been known for their political activism and their love of the people. They had been known for their music, and they had been known for their friendship. The audience had been asked to participate, and they had done so. The band had been asked to entertain, and they had done so.

The evening had been a celebration of love, and it had been a celebration of the people. The band had been known for their love of the people, and they had been known for their love of music. They had been known for their friendship, and they had been known for their dedication.

The evening had been a celebration of love, and it had been a celebration of the people. The band had been known for their love of the people, and they had been known for their love of music. They had been known for their friendship, and they had been known for their dedication.
Theo, Philo related courses to be offered

by Maureen Eynes

The Committee on Business Philosophy-Theology is offering three courses to Notre Dame students designed to fill the philosophy and theology course requirements of the University for graduation. THEO 350 or MGMT 271 Tuesdays and Thursdays 4:30 or Bill at 3-5 p.m. A workshop designed to fill the philosophy and theology course requirements of the University for graduation. Bus to Cleveland to be offered for Turkey Day

The Notre Dame-St. Mary's Cleveland Club will be running a bus to Cleveland for Thanksgiving break. The bus will leave from the Center for Continuing Education parking lot at Notre Dame at 1:30 p.m., and will pick up students from St. Mary's at the LeMans Hall parking lot at 1:45 p.m. Wednesday, Nov. 23. The bus will return Sunday evening.

Money obtained from paper drive
donated

Yesterday St. Judit Ann Beattie, director of Volunteer Services, accepted a check from student government for the Volunteer Services Fund in the amount of $217. The check was the first of several that are being given this year by student government from the money obtained from the newspaper recycling drive. Volunteers collect the newspapers early Sunday mornings in most of the dormitories. On Monday morning, they take the papers to South Bend Wastepaper where they receive $2 per 100 lbs. of paper.

The project is "doing quite well" according to John Ryan, co-ordinator of the collection. Ryan said that several St. Mary's halls were really "putting out" but that everyone could do better. Anyone wishing to assist the collection in their halls should contact his hall president. Anyone wishing to help in the campus wide collection call John Ryan at 642-3218.

If you can't fly Continental, you may have to stay after school.

It doesn't take a course in economics to know that Continental is the way to go for the holidays. Because we're pioneers in the area of discount fares. Like our Night Coach prices! Fly at night and save a full 20% off the cost of a regular Day Coach ticket. Even if you cut a trip in half, like Los Angeles, you'll save a bundle with our Super Coach fare—just $99 one way—and no restrictions! And only Continental has Economy Fares everywhere we fly—save 10% just by skipping a meal.

The committee Mertensotto reported that while Decision Making and the Christian Tradition and Ethics and Business were open to all students, his course, Corporate Conscience, would be open only to students in the College of Business. The course is designed to introduce students to the Christian tradition and the way it informs thought and action in a life setting. The course will enable students to read and understand the central issues in relation to the Christian faith and form judgments. Assignments will include 4-page "philosophical briefs" then midterm and a final. Ethics and Business will involve a critical inquiry into the concept of corporate social and moral responsibility with emphasis on environmental and energy issues. The relationship between the profit motive and corporate conscience will be compared to ethical conflicts in non-business contexts. Assignments will include one short paper, midterms and final, and an optional class presentation.

Money obtained from paper drive

Yesterday St. Judit Ann Beattie, director of Volunteer Services, accepted a check from student government for the Volunteer Services Fund in the amount of $217. The check was the first of several that are being given this year by student government from the money obtained from the newspaper recycling drive. Volunteers collect the newspapers early Sunday mornings in most of the dormitories. On Monday morning, they take the papers to South Bend Wastepaper where they receive $2 per 100 lbs. of paper.

The project is "doing quite well" according to John Ryan, co-ordinator of the collection. Ryan said that several St. Mary's halls were really "putting out" but that everyone could do better. Anyone wishing to assist the collection in their halls should contact his hall president. Anyone wishing to help in the campus wide collection call John Ryan at 642-3218.

If you can't fly Continental, you may have to stay after school.

It doesn't take a course in economics to know that Continental is the way to go for the holidays. Because we're pioneers in the area of discount fares. Like our Night Coach prices! Fly at night and save a full 20% off the cost of a regular Day Coach ticket. Even if you cut a trip in half, like Los Angeles, you'll save a bundle with our Super Coach fare—just $99 one way—and no restrictions! And only Continental has Economy Fares everywhere we fly—save 10% just by skipping a meal.

Flood destroys Bible college, death toll at 38

TUCOCA, Ga. (AP) - Searchers peeled through debris littered with red mud in search of more bodies yesterday in the wreckage of a low-lying campus area where at least 38 persons died after a torrent of water burst from an earth dam and smashed through the pastoral setting of a small Bible college.

Twenty children were among the 36 known dead in the flood. All the victims were relatives of students at the college or members of their families.

One man remained missing and was probably swept away yesterday. About 45 persons were injured, 12 of them seriously enough to be hospitalized.

Some of the students who died were attending classes in a dormitory, which had 40 residents. The dormitory was described as about 2 1/2 miles long and 1,500 feet wide, most of it near the area where a creek, fed by a reservoir, makes a sharp turn at the foot of two hills in the campus community called Tococoa Falls.

Two trailer parks sat at the foot of the hills, primary housing areas for married stu- dents.

Eldon Ebelbry, a volunteer fire- man, said he and another fireman saw the water cascade down Tococoa Creek and move toward the dormitory, which was about 30 feet away.

"I look up and saw red water that was swelling, " he said. "We want to get in to turn the sirens on and wake people up."

He said the Jeep was swamped as he tried to cross a bridge near a trailer park. Ebelbry got hold of a rope. "I was two trees but his pants were wet.

I woke up last night and heard a noise and the lights went out, " said one survivor who recognized the disaster in memorial services Sun- day. "I grabbed my wife and kids. I knew God had us on his hands."

First Lady Rosalynn Carter, who flew from Washington, was among those who inspected the disaster scene yesterday. She later said the scene was "indescribable."

She told a news conference, "It's a terrible tragedy. She visited sur- vivors at a hospital, touching their hands and offering a quiet represen- tation."

She told Tococoa's 900 resi- dents and the college students that President Carter had promised federal assistance.

Gov. George Busbee, who also inspected the site, said the dam that broke above Tococoa Falls was declared a high-hazard by the U.S. Army Corps of Engineers. The hazard designation does not mean such dam is structurally unsafe but that if they break, damage would be significant, a corps spokesman said.

Meatless meals for the week

Tuesday: Lunch-Omelet with A La Carte Fried Rice. Or Pasta with Fresh Herbs.

Wednesday: Lunch-Greek Salad. Or Fresh Veggie Platter.

Thursday: Meatballs or Pasta. Or Sandwiches.

Friday: Meatballs or Pork Tenderloin. Or Sandwiches.

It’s the same old story with the Notre Dame soccer team. In this case, a good-looking story, one that keeps on winning with the latest, wackiest twist written this past Saturday. This time the final score was 2-1, but the conquering team was Indiana-Purdue University of Indianapolis; one can’t really call it an evenly matched contest as the Irish outshot the Boilermakers 14-3, with a 5-1 edge in corners and a 3-2 margin. At least 11 of Notre Dame’s goals were directly linked to the goalposts or the crossbar.

It took 15 shots before the Irish were able to score the first of two goals in the first half. One such shot, from Ted Carnavele, looked down the right side from his outside right position, until after 30 yards out, he let loose with a shot that caught the goalposts and crossbar, like a pitchball before finally bouncing out. That is what it was. For sure, Jim (Junior) Moeller must have had a share of Ted’s feeling of futility.

Moments earlier, Moeller had had a shot turned aside in a first-rate range. It was rolling in toward the left side of the goal as a Renning's. holy goalie could do was an imitation of an imitation. But it was the host that was about the hit the goalpost straight from on bounching back to him.

But when you’re applying offensive pressure as a goalie, it is inevitable that you’re going to score, whether you intend to or not. The 13th goal by the Fighting Irish in last Friday night’s game against the Ohio State Buckeyes.

The Irish will close out their regular season this Saturday when they face their Hopefully. In the 14 game winning streak show to Valparaiso on Wednesday afternoo another aerial burst by John Kazimer to give the Irish a chance to make it a 14-1-1 season. An NCAA Division I playoff berth would be a just reward.

The Notre Dame Varsity Soccer team rolled in its 14th straight victory by defeating USPPL 2-1.

North Quad regular season ends

by Paul Stauber
Sports Writer

Keenan defeated Zahn Sunday to win their third consecutive North Quad regular season title 10-2. In other action on Carter field Sunday, Stanford and Holy Cross-Carroll tied 6-6, while short-handed Cavanaugh had to cancel. So, who needs a Round Robin? Keenan awaits the South Quad final on Wednesday. The Komets will meet the campus champions.

To win their third straight title, the Komets used a 37 yard field goal to defeat Zahn in the first quarter. Defen- sive dominated on both sides as Zahn’s monster back, Mike Steger, made eight unaassisted tackles. The Komets defense led by defensive end Dave Smith and linebacker Jeff Smith, limited Zahn to 26 ya in total effective.

Zahn could manage only 158 yards in total offense, 46 of them coming on a fourth quarter serial pass play. Now, Holy Cross-Carroll blocked one of Kolin Miller’s game for the only key.

Zahn got not without its opportuni- ties on offense, as twice in the fourth period it penetrated Keenan’s ten yard line. Once Zahn was thwarted by a goal line stand on a Danilo and he had another time they failed to score a touchdown. Zahn would manage on a safety when Keenan snapped the ball over its punter’s head and out of the end zone.

Keenan’s 40-2 record tops that of second-place Planner, which finished at 3-1-1.

In the other game played Sun- day the Visitors tied it at one at the half, but Holy Cross-Carroll’s Bob Cannon to Matt Zahn at three yards out by Steve Kazimer to give the men from across the lake a 6-0 lead in the second quarter, but the conversion pass failed.

Zahn used a drive late in the second to cut the lead 6-2, but Holy Cross-Carroll finished 2-3-1 on the season, while Stanford was 1-3-2.

Bowl tickets to be distributed

Distribution of basketball tickets for the 1977-78 season will take place Tuesday, Nov. 8th, at the ACC Ticket Office in the North Quad from 8:30 a.m. to noon. The tickets will be distributed by the ACC Ticket Office.

The tickets will follow as follows:

Seniors: Tuesday, Nov. 8; Juniors, graduate and law students: Wednesday, Nov. 9; Sophomores: Thursday, Nov. 10; Freshmen: Friday, Nov. 11.

No seat locations have been assigned. Therefore, students desiring to sit together must pre- purchase individual cards at the same time.

Each student may present only one additional ID card. Married students may present the cards to their wives in the student year will be notified by the Ticket Manager. No tickets are available for sale.

Tickets for the November 18 game against the 5-5-5. National team are not included in the student package because the game was not scheduled at the time of the ticket sale. Students desiring tickets for the game, or for the 12-11 game, may pre- purchase tickets along with their classes. This distribution is only for students that were purchased dur- ing the summer. Students who purchased tickets earlier in the year will be notified by the Ticket Manager. No tickets are available for sale.

Tickets for the November 18 game against the U.S. National team are not included in the student package because the game was not scheduled at the time of the ticket sale. Students desiring tickets for the game, or for the Mississippi or St. Joseph games, which are scheduled during Thanksgiving and Christmas break, should report to the 11 game office beginning Wedneday, November 9 at 9 a.m. The cost for each game will be $2 for lower arena seats, and $1.00 for bleacher seats. Only one ticket per ID card per game will be issued.

Tickets are now on sale for the Nov. 13 intramural championship games. All proceeds of the game, which starts at 7:30 p.m., will be donated to the neighborhood Study and Special Olympic programs. Cost is 50 cents, and tickets are available at Gate 10. Information concerning tickets for individual game home games and away games will be forthcoming in the next few weeks.

Bowl One Man’s View

Bowl Kuhn looks like your best friend’s grandfather. In fact, you can picture your friend running to him and telling him about his new workout schedule. Bowl Kuhn is like a wise old man, sitting in the corner of the room, smoking a cigar while thinking about Father’s Day. However, in the baseball world, Bowl Kuhn is regarded as one of the most respected figures in the sport, much to the surprise of his fans. He is still in office, and he is still a powerhouse. In the past, Bowl Kuhn has been accused of acting like one of Jim Henson’s Muppets. However, Bowl Kuhn has the right to be proud of his achievements. After all, he has spent his entire career as a baseball player, and he has been successful in all aspects of the game.

But Bowl Kuhn is more than just a powerful man. He’s starting to throw his weight around. A Pete Rose-style action plan, but Bowl Kuhn has no longer has to look out for the “best interests” of Bowl Kuhn. He knows that the pressure is on him to perform, and he is ready to take on the challenge. Bowl Kuhn is a powerful man, and he is ready to prove himself.
