Carter hopes for energy solution, tax cuts in address to nation

WASHINGTON (AP) - President Carter held out the promise of income tax cuts for 96 percent of the nation's taxpayers and paid the State of the Union message that chief Congress for an energy 'curtain raising session of the 1978 administration. Carter said he had said he would not overload legislated 95th Congress. The president did not explain what community and their relations with, and some of the Trustees had administrated. He said for increased faculty salaries would be the endowed chairs sought by the Campaign for Dade No. Funds freed by establishing each of the 40 chairs were car-marked for faculty salaries, he said.

Pres. Irwin Press presented a three-year comparison of median faculty salaries at Notre Dame with median salaries at the Big Ten schools and a group of lean "peer institutions" chosen by former President O'Neil, St. Joseph's, in his column. He said there are, offers of similar settlements at other institutions.

Furthermore, Press said, if endowed funds are used to bring in additional faculty from outside the University, they will not free the same facilities. Press asked Carter to urge the Trustees "to apply pressure in the University to fill a proper number of the positions within the University. Otherwise, we have gained nothing," he said.

Press said that "we could not consider for a moment" applying that kind of pressure, calling such a move "dangerous." He said there are "other ways the money could be gotten." Carter said he had said he would not overload legislated the 95th Congress. The president did not explain what community and their relations with, and some of the Trustees had administrated. He said for increased faculty salaries would be the endowed chairs sought by the Campaign for Dade No. Funds freed by establishing each of the 40 chairs were car-marked for faculty salaries, he said.

"We know how the same problem of insolent turnover, of getting young people into top jobs," Carter said, "in college, we have an intolerable situation with the addition of tenure."

Carter also took the Senate that he favors compulsory retirement at the age of 65. He bases his views on his experience in industry, he said.

Archbishop begins tour

VATICAN CITY - Catholic Archbishop Hilary Capuzzi, convicted by a Vatican court of embezzlement, resigned his post this month. Next Tuesday, he starts a Latin American tour tomorrow, Vatican sources said yesterday. Brother of the late Pope John Paul II, Capuzzi, 65, was accused of tax fraud and job bidding corruption for his administrative duties in the papal state of Vatican City.

National

Moral aren’t all gone!

CHICAGO – On the basis of surveys over the past five years, sociologist William McCready says the much-publicized "collapse of moral standards" of Americans is largely non-existent. Mr. McCready, director of the National Opinion Research Center at the University of Chicago, reports in "Overview: A Continuing Study of Changing Attitudes" that most indicators show a low level of change regarding moral choices and standards.

Weather

Light snow continuing today. High in the mid 20s. Mostly cloudy with snow flurries tonight. Lows ranging from 10 to 15. Cloudy with a few snow flurries tomorrow. Highs in the 20s.

On Campus Today

4 pm swimming, nd vs Bowling Green, at home
5:15 pm mass at the bulla shed, dinner too
7,9,11 pm film, "silent movie", sponsored by student union, eng., auditorium
7:30 pm hockey, nd vs colorado at home
8 lions club travelogue, "hawaii", by dennis cooper, saul laughlin auditorium
9:15 pm smc basketball, smc vs ind. tech., angelia athletic facility
7,9,11 pm film, "silent movie", eng. aud. 1
7:30 pm hockey, nd vs colorado at home
Sunday
4 pm basketball, nd vs ucla, at home

German produces last ‘Beetle’

EMDEN, WEST GERMANY [AP] The last Volkswagen Beetle, the car that inspired/mitigated the flight of 1930's art, an inexpensive auto that most German families could afford. With a few snow flurries tomorrow. Highs in the 20s.

Carter gives address to nation
(continued from page 1)

day, he said, "This slows our economic growth, lowers the value of the dollar overseas, and aggravates unemployment and inflation at home.

Without elaboration, Carter repeated a statement that Americans must face hard decisions and support "the common good over special interest." While asserting that government "cannot be the managers of everything and everybody," the President said crisis management should give way to progress in partnership to achieve national goals.

Taking a generally sanguine view of the economy, Carter cited a decline in inflation and unemployment last year and declared, "We reached our major economic goals for 1977." But he said more must be done because "our trade deficit is too large, inflation is still too high, and too many Americans still do not have a job."

Carter said he is proposing "a new program to encourage businesses to hire young and disadvantaged Americans who need skills and opportunity." In addition, he said he is asking for a "substantial increase in funds in public service employment programs.

The President and the book exchange for these activities, nor did he say much about his forthcoming federal budget.

Registration for this semester's Free University will be held on Jan. 30 and 31 from 8:30 a.m. until 4:30 p.m., in the LaFortune Ballroom. The courses are filled on a first-come-first-serve basis and all students, faculty, University employees and South Bend residents are welcome.

There are 46 courses to choose from and course description booklets are available to all students next week. Off-campus students can pick up their booklets in the LaFortune Lounge. There is no registration fee, but some courses have a fee for materials.

Most of the more popular Free University courses will be held again this semester. "Mixology", "Auto Mechanics", "Beverage Making", "Insurance" and "Counseling" courses are a few of the returning favorites.

Some new courses are "Presbyterians in America," taught by Marit Hogan, editor of The Presbyterian Outlook; "The Billiards," and "Advanced Gambling." Unfortunately, the popular photography course will not be held this semester, because a dark room in no longer available.

Dan McCormick who has worked hard to organize these courses, hopes that some of the interesting courses are offered, and he hopes everyone will take advantage of the Free University.

EDUCATORS TO GET GRANTS

Three American educators will receive travel grants for research during 1978 from the recently established Center for the Study of American Catholicism at Notre Dame.

The recipients are: Patrick W. Canny, of Gustavus Adolphus College, who will use his grant for research in the study of trusteeship; Samuel J. Thomas, of Michigan State University, who will travel to Ireland and the American Press; and Albert J. Raboteau, of the University of Pennsylvania, who will tour the South in the study of Afro-American Catholics.

The study will be February 18. Addi-

tional information on the research grants may be obtained by writing Center for the Study of American Catholicism, Memorial Library, Notre Dame, IN 46556.

K of C sponsors 'March for Life'

The South Bend Knights of Columbus is sponsoring a "March for Life" on Sunday, Jan. 22, the fifth anniversary of the Supreme Court decision legalizing abortion.

The march will begin at 2:30 p.m. at the council headquarters, located at 695 N. St. Joseph, and terminate at St. Patrick's Church, at Taylor and Jefferson, where a devotional prayer service will be held.
Mideast talks still delayed

JERUSALEM (AP) Prime Minister Menahem Begin lashed out at Egypt yesterday for "chutzpah" - brazenness - in its peace demands and he rejected for the moment Egyptian President Anwar Sadat's proposal to resume military negotiations in Cairo this weekend.

Israel stands ready to reopen peace talks, Begin said, but not the next move "up to Egypt."

Secretary of State Cyrus Vance said he met with Begin in an effort to revive Egyptian negotiations, which were suspended abruptly by the Egyptian leader Wednesday.

After meeting with Vance, Begin told reporters Israel was declining Egypt's invitation for a defense, intelligence and commerce council. President Ezer Weizman was to return to Cairo Saturday for renewed talks on military aspects of peace.

He said the Israeli cabinet would wait Vance's report on his Cairo visit and Sadat's scheduled speech tomorrow to the Egyptian parliament at which he is to deliver an address.

Pollard named to join Council

Dr. Morris Pollard, director of Lobund Laboratory and chairman of the National Cancer Institute, was named a member of the Scientific Advisory Council of the National Institutes of Health.

Cancers of the breast, colon and prostate are being studied at Lobund, the University of Chicago's facility near Chicago.

He recently examined virus research programs in Brazil and persuaded several top congressional leaders to visit and Sadat's scheduled public statement, of course on the basis of reciprocity.

The Prime Minister, speaking to a group of French Jews earlier in the day said it was "inevitable" that the United States would pressure him into making concessions to Egypt.

In Cairo, meanwhile, Sadat has directed since 1961. He is a member of the Academy of Science.

Carter gives address to nation

There will be a reception for Moira Marti Geoffrion on Sunday from 2 to 5 p.m. in the Notre Dame Art Gallery. Geoffrion is the artist featured in a current exhibition of sculpture at the gallery. Refreshments will be served. The public is cordially invited to attend.

Carter's Washington visit idles

With Vance back in Washington on Thursday and Sadat scheduled to deliver his address to Parliament tomorrow,Begin told a joint news conference after the meeting with Vance that the Americans "would try to convince President Sadat that the negotiations... should be renewed... we wish him Godspeed and good success."

U.S. officials said Vance was trying both Begin and Sadat to end their war of words and get down to hard negotiating. The secretary himself declined to comment on Begin's allegations, but Begin said that what Sadat's mission was successful, "we shall then be prepared to refrain from public statements, of course on the basis of reciprocity."

Begin told a joint news conference that Sadat and Begin rejected preponderance of the Jerusalem talks and it was up to Egypt, "We is up to Egypt, it is up to Sadat."

After addressing for inflation, he said, the new budget will show an increase of less than 2 percent from current levels, "the smallest increase in the federal budget in four years."

Before addressing Congress, Carter met at the White House with several top congressional leaders to spell out his priorities for the economy.

Sen. Russell Long (D-La.), a key figure in the congressional battle over the president's economy blueprint, which was submitted nine months ago, was one of Carter's visitors yesterday.

Long later told reporters that differences between Senate and House energy bills are so great "it will take some genius on someone's part to put this thing together."

He said Carter was wise to try and first resolve legislation on natural gas pricing.

The House Republican leader told reporters that Carter's administration would be more "congenial" to Republicans than those submitted last year. Carter was a guest at a reception for information.

Rhodes spoke favorably about Carter's forthcoming tax cut plan but said he'd prefer a COF alternative that would cut taxes 10 percent a year for the next three years.

In the nearly two weeks since Carter returned from an 18,000-mile world tour, he has conferred with dozens of Congress members, individually or in groups, and has seen spokesmen for business, labor, blacks and consumers.

The president told reporters that he had offered to meet with representatives of the major business groups this week, but they had not appeared. Going Not Gentle
Reverend Robert Griffin

If I could call a completely burned-out, blue-collar, hard-drinking, lonely, phantasial attack of football fans a trip to the Cotton Bowl, would you still let your mother and father in the same room as an illegal as an alien? Excuse me, friends — that’s not a fair question to ask. What I meant to say was you should have been here at the Hilton when we decided to alleviate want of a good time anywhere, wherever you were.

Obviously, it would be impossible to adequately describe a football fan trip, for that matter, even if you knew what you were talking about. You have to all have in mind. Bits and snatches, a few recollections, a f-deck, a f-deck qualities, a f-deck qualities. The Hilton could not have built the bridge between us that they did.

The Beggar" on Sunday night I decided to go to a place with the name of "Copper Cow". There we were, young people, from the University of Texas. I reckon I just made a big mistake. I got completely wasted, and it was a really good sportsmanship. The N.D. fans sang along with, very well-accustomed to Dallas. Drinking! Yes, the bone flowed freely! Most everyone knew that the ‘Copper Cow’ was well-accommodated in Dallas. Drinking! What I meant to say was you should have been here at the Hilton when we decided to alleviate want of a good time anywhere, wherever you were.

Futurty thing about downtown Dallas, though, almost none of the bars were open on New Year’s Eve. Having arrived late that afternoon, my buddies and I decided to catch the evening action in the downtown area. We walked around for a couple of hours and saw several bars, but only one of them was open. Some of the locals said this was normal, that downtown Dallas closed down every weekend night. The bar we went to was open, but them, they shook hands, and acted as though they knew me. The clerical order could not have built the bridge between us that they did.

On subsequent nights we found a lot more action in some good bars and discos in the north-east fringe of the city. The Beggar" on Sunday night I decided to go to a place with the name of "Copper Cow". There we were, young people, from the University of Texas. I reckon I just made a big mistake. I got completely wasted, and it was a really good sportsmanship. The N.D. fans sang along with, very well-accustomed to Dallas. Drinking! Yes, the bone flowed freely! School at any level means reading ... lots of it. Keeping up with thousands of pages can take a heavy toll in time and energy, and grades. If you’re typical, you read 150 to 350 words a minute. But how do you get ahead of the rest?

**Evelyn Wood can triple your reading rate and improve your comprehension and study skills.**

Hundreds of thousands of students use the Reading Dynamics Method. They find reading less of a chore. Concentration and retention improve, which can lead to better grades. A competitive edge is important ... too important for you to delay.

**Prove it to yourself today!**

Whether you’re thinking of grad school or the job market, or if you want to keep up with course reading today, let Evelyn Wood Reading Dynamics give you a competitive edge.

In fact Evelyn Wood guarantees that you will triple your reading rate if you follow the course correctly, or your full tuition refunded. That’s our competitive edge.

**Welcome Back!**

Attend a free Evelyn Wood Mini-Lesson at:

**THE NOTRE DAME A.C.C.**

4pm. and 7:30pm.

Friday, Saturday, Sunday only  enter gate 2

Final quarter of '77 shows decline of GNP

WASHINGTON (AP) - The nation's economy grew at its slowest rate of the year in the fourth quarter, the government reported yesterday, but Commerce Department officials said the full-year pace was strong and likely to continue so.

Gross National Product (GNP) expanded by 4.2 percent in the final quarter brought the year's average down to 4.9 percent, or slightly below the Administration's target of 5.1 percent.

Economic growth of at least four percent is considered necessary to keep unemployment from getting worse. Anything above that is considered a lead to a job in the joblessness.

Nevertheless, the decline in the rate of expansion, if continued, portends a situation the Carter administration believes necessi-

tates a tax cut in order to avert a downturn late in this year or in 1979.

The GNP report was said by Commerce Department officials to indicate a still healthy economy, especially in view of a final quarter decline in unemployment to 6.4 percent and a 0.6 percent rise in final sales.

The chief reason for the expand-
sion slowdown, they said, was the selling of accumulated inventories, or goods warehoused in anticipa-
tion of future sales.

Commerce Secretary Juanita Kreps said the inventory decline restored balance to supplies, and that the need to replenish them now "paves the way for the recovery, which should be satisfactory growth."

A Commerce Department chief economist, said the results suggest "we can look for healthy growth," partly be- cause of several factors seldom mentioned before.

Among these, she said, were widespread income tax refunds because of overwithholding in 1977, and a continued boost to the public works programs.

The fourth quarter expansion rate nevertheless continued a cyclical year-long decline from 7.5 percent in the January-March period. The second quarter grew by 6.2 percent, and the third by 5.1.

Total growth of the nation's GNP, which measures the value of goods and services produced, fell 0.6 percent in December to a total of $7,546,282.

1977, the University accepted a total of $7,546,282.

Awards for research totaled $904,969 from the National Insti-
tutes of Health for study of the intermediary metabolism of parasit-

ic worms by Dr. Howard J. Szol, professor of biology.

$16,000 from the National Aeronautics and Space Administra-
tion for study of the mechanism of
coll damage by Dr. Garabed J. Gabriel, associate professor of electrical engineering.

$10,000 from the F. Joseph Forbush, professor of chemistry.

$5,000

Awards for research totaled $24,000 from the Lilly Endowment, Inc., $10,000 from the Rome Air Development Center, $83,906 from NIH for studies of intermediary metabolism of parasitic worms by Dr. Howard J. Szol, professor of biology.

Cagers edge Villanova, await UCLA

by Frank LaGrotta

Sports Writer

All the cliffs apply.

"It was every man for himself during our game...yep, closer than a gnat's ear."

Whatever the case, last night's 70-44 massacre (1 point per second) over Villanova was frightening. Oh, it wasn't that the Irish didn't have a good game; the Wildcats played well, and while the Irish defense was not one of their top ten, some of the 11,345 fans who showed up for the game were not "warm up" for UCLA. Digger Phelps wasn't the least bit sure.

"Villanova is a very good team," the Irish coach pointed out. "They came in here sky high after beating us last year and you could tell it. We had to do it again. Has to be a lesson in concentrating and reading the situation. Of course, a lot of credit has to go to UCLA. Their defensive performance was outstanding."

The Irish (13-2) picked up their seventh straight victory to move into a share of the Big East championship with Georgetown. Although the Bluejays had a great game, the win is what counts, and the Irish were able to defeat the number-one team in the country, the University of Kentucky. But, Notre Dame tasted defeat number two, this time in Pauley Pavilion.

"We're not as committed as we have been in the first half," he continued. "We were a little impatient," Phelps continued.

"We weren't concentrating, reading the situation and then going into it and getting the job done. But, when you don't play well and still win you can't feel negative about it." Yes, how can one be pessimistic about the latest going on in Notre Dame basketball. Regardless of the score, the Irish have morphed into a solid team. What is most important is that the crucial test is only three days away. The UCLA Bruins will enter the ACC this Sunday, their fourth straight away victory in 13 starts this season.

Dave Batten paced the Notre Dame attack with 14 points. The Irish Col also hauled in a game high-13 rebounds. (Photo by Doug Campos)

"We have to be on our game," Phelps commented. "Every game is going to be a big test." The game will be a lot easier for the Irish if they can keep the West Coast Bruins on the bench.

But then, December 14 arrived and the Irish basketball team suffered their first loss of the season in Bloomington to a fired-up Hoosier squad. Notre Dame was able to defeat St. Joseph nine days later, but the next two battles were going to be rough.

On New Year's Eve, the Irish were ready to face the number-one team in the country, the University of Kentucky. But, Notre Dame tasted defeat number two, this time by five points.

From Louisville, the Irish travelled to San Francisco. But, the contest with the Dons did not take place for ten days. When time had elapsed in that conversation, the Irish had lost just 78-70.

Next week, Notre Dame was competing in the Rochester War Memorial against St. Bonaventure. Although the Irish had falttered in three of their last four games, this contest was to be their's. Even though the victory was by a mere point, the win is what counts. Following the game, the Irish will travel to the West Coast to face the University of California at Berkeley.

After a long and tiring road trip, the Irish resumed their home schedule against Manhattan on January 17. Nota Dame started off sluggishly, but in the end they began to control the game and started to feel at home in an arena they hadn't seen for a long time.

The last night, the Irish were trying to average a 16-6 two-point lead. But when Villanova came back, the Irish noticed that Villanova had succeeded in their task, but with a great deal of difficulty. To a suprised capacity crowd in the Notre Dame started off sluggishly, but in the end they began to control the game and started to feel at home in an arena they hadn't seen for a long time. But, the contest with the Dons did not take place for ten days. When time had elapsed in that conversation, the Irish had lost just 78-70.

"Villanova is a good team," Irish mentor Digger Phelps commented. "They came in here sky high after beating us last year. We were not looking ahead to UCLA. UCLA can't afford to make 18 turnovers in the first half."

"We were a little impatient," Phelps continued.

"We were probably one of the best five teams in the country," Massimino commented. "We were so close tonight; we could have been there had we been on target tonight." "Notre Dame hung in well and came within a point. They're so big it's incredible," Notre Dame fans were saying as they prepared to cheer on the Bruins on Sunday. When asked if he had any thoughts about the contest with the Irish, "They're going to be tough. I've never met a team that has never gone through some situations." But, the Irish are slated to get underway at 4 p.m. It will be televised nationally.

The Irish Eye

UCLA, Round Two

Remember this past fall when the September 5 issue of Sports Illustrated predicted the Fighting Irish would be the top collegiate football team of 1977? Do you also recall when that dream looked like a nightmare after a game in Jackson, Minnesota. Well, everything turned out well. With some loyal backers in Dallas, the Irish defeated the California Longhorns and received the news of their reward the following evening.

"It wasn't that the Irish played poorly, the fact is that they demonstrated that they are in a top ten class," Notre Dame head coach Joe Viamo pointed out. But, Notre Dame tasted defeat number two, this time by five points.

Whatever the case, last night's 70-44 massacre (1 point per second) over Villanova was frightening. Oh, it wasn't that the Irish didn't have a good game; the Wildcats played well, and while the Irish defense was not one of their top ten, some of the 11,345 fans who showed up for the game were not "warm up" for UCLA. Digger Phelps wasn't the least bit sure.

"Villanova is a very good team," the Irish coach pointed out. "They came in here sky high after beating us last year and you could tell it. We had to do it again. Has to be a lesson in concentrating and reading the situation. Of course, a lot of credit has to go to UCLA. Their defensive performance was outstanding."

The Irish (13-2) picked up their seventh straight victory to move into a share of the Big East championship with Georgetown. Although the Bluejays had a great game, the win is what counts, and the Irish were able to defeat the number-one team in the country, the University of Kentucky. But, Notre Dame tasted defeat number two, this time in Pauley Pavilion.

"We're not as committed as we have been in the first half," he continued. "We were a little impatient," Phelps continued.

"We weren't concentrating, reading the situation and then going into it and getting the job done. But, when you don't play well and still win you can't feel negative about it.

Yes, how can one be pessimistic about the latest going on in Notre Dame basketball. Regardless of the score, the Irish have morphed into a solid team. What is most important is that the crucial test is only three days away. The UCLA Bruins will enter the ACC this Sunday, their fourth straight away victory in 13 starts this season.

UCLA has vastly improved since the Irish saw them last month. Notre Dame will be another challenge, the Bruins will be an ultimate test; they have the best defense the Irish have shown on the clock. Rich Branning made good on two free throws late in the game to give the Irish a 79-77 lead. The Bruins came back to tie the game at 86-86 with 7.8 seconds left. Phelps was able to secure the victory for his squad on the free throw line with 11.9 seconds left. Rich Branning made good on two free throws late in the game to give the Irish a 79-77 lead. "It was glad to see him play well," Phelps commented. "He gave us some time setting."

"But, the contest with the Dons did not take place for ten days. When time had elapsed in that conversation, the Irish had lost just 78-70.

Next week, Notre Dame was competing in the Rochester War Memorial against St. Bonaventure. Although the Irish had falttered in three of their last four games, this contest was to be their's. Even though the victory was by a mere point, the win is what counts. Following the game, the Irish will travel to the West Coast to face the University of California at Berkeley.
