Notre Dame, Teamsters await Labor Board ruling

by Mike Ridonour
Staff Reporter

Notre Dame and Teamsters Local 364 are waiting for a decision from the National Labor Relations Board (NLRB) concerning the size of the bargaining unit that will vote on the issue of unionization.

The decision, according to Mike Lawrence, assistant business represen-tative of Teamsters Local 364, is expected to be made at any time. Philip Facenda, general counsel for Notre Dame, stated, "We want all the employees to vote on unionization if there is an election, while the Teamsters want to have a certain unit vote. This is the decision that the NLRB will make."

Wolvlear, Facenda continued, "does not want the Teamsters on campus." He added "if the workers are unionized there is no question that it would affect students tuition."

Lawrence countered "The lowest past employees should not be forced to subsidize the cost of tuition of students at Notre Dame." The labor dispute, now a year old, had several developments over the summer including a second unfair labor practice charge against the university less than a week after the first was settled.

A settlement was reached bet-ween the university and the NLRB in which Notre Dame was forced to post 20 notices near to employer time clocks. The notices state that Notre Dame will not interfere in the workers' rights to unionize. These notices were a result of a settle-ment in an unfair labor practice complaint filed last October.

The second unfair labor practice charge occurred when the Team-sters became upset with a letter sent to food service employees from Thomas Bull, director of personnel. The letter dated July 3, the Teamsters' appeal of delaying the posting of the notices until school reopened "is an addi-tional roadblock by the Teamsters and is causing problems. These problems could hurt you."

The NLRB refused to issue a complaint and the Teamsters have till Sept. 5 to decide if they will appeal.

New student affairs VP

Wolvlear replaces Paczescny

by Mark Perry
Staff Reporter

Fr. John L. Van Wolvlear, recently appointed vice-president for student affairs at Notre Dame, said yesterday that he is still trying to familiarize himself with the Uni-versity before he can assess his role with the students at Notre Dame.

Van Wolvlear, who was named to replace Bro. Just Paczescny over the summer, said, "I have been im pressed by the students that I have met so far. They have put you in a re cade instead of on the defensive. Support and cooperation have been excellent."

His main concern, Van Wolvlear added, would be "for the growth and development of the students. Discipline will be used as a way of learning, adjusting to being an adult." He also said that he plans to spend time around campus to "learn a lot about what students' needs are."

A 1945 alumus of Notre Dame, Van Wolvlear was born in Escanaba, Michigan and grew up in Grand Rapids. He joined the Holy Cross Preparatory Seminary in 1953, and three years later entered the Holy Cross novitiate.

He took final vows in 1947 and was ordained in Sacred Heart Church in Niles, Illinois. In 1959 he received his M.A. in school administration from Notre Dame, and that is not a factor in the overcrowding problem. We accept students based on We accept students based on enrollment," he said.

He says he cannot predict when rooms will open. Some of the freshmen are living in R.A. rooms this year, and most of the sixteen women who are living in lounges need the lounges for study space," said Price.

Some of the freshmen are complainging because they aren't getting straight answers from the housing office. Maria Carbon, a freshmen living in a Lewis lounge, hasn't unpacked her clothes in boxes, because "sometimes they tell us we're moving in a week, sometimes we hear we'll live here for the year."

Price is unwilling to make a definite commitment to students seeking on campus housing. He says he cannot predict which rooms will open. Some of the freshmen are living in R.A. rooms this year, and most of the sixteen women who were assigned to live in the "Fleaty Hotel" will live there for the year.

The overcrowding problem resulted from more upperclassmen enrolling on campus, and the university mandate that freshmen live in dormitories. Price calls attention to the Student Union proposal which eliminated housing for thirty men in five dormitories.
HACKENSACK, N.J. (AP) - New York Times reporter Myron Farber was released from jail yesterday after the State Supreme Court stayed his indefinite jail sentence following an appeal of his contempt conviction.

"I'm really looking forward to being out," Farber said. "It's enormously gratifying of the Supreme Court of New Jersey to take up the matter."

The court stayed all civil and criminal penalties against Farber and the Times pending an appeal of their contempt citations. As a result of the ruling, Farber was ordered released and a $5,000 bond was set if he would not show for the trial.

Farber, accompanied by executive editors for the Times, said he believes he will be vindicated of contempt of court for not turning over his notes on a widely published murder case.

Bland explains new fire regulations

by Mark Bust
Staff Reporter

It appears as though students are following the newly defined fire regulations, according to Fire Chief Jack Bland. "I doubt at this time that we'll have an inspection," he stated yesterday, noting that most campus room construction will be finished this weekend.

"I've been around to several halls so far," said Bland, "and they all seem to understand what the regulations are..."

The regulations -- primarily newly defined terms in DuLac for room design and appearance -- had been a source of confusion for a number of students as the school term began.

"What can be hard to understand," Bland asked, "is what the rules are spelled out in DuLac. It's all there and very clearly on page 40 -- as clear as we could get it."

Many students have not yet received their copies of DuLac, though, according to Bland, they should by next week. For students who have not read their copy yet, Bland offered a sampler of regulations:

"Elevated beds are allowed, as long as they are at least 36 inches from the ceiling and not connected to the wall," he said. "Leaves, defined as a ceiling or room within a room, are illegal as are parachutes or fishnets draped from the ceiling."

Bland was also rather specific on panelling -- it is not allowed -- but was less strong in his interpretation on the application of the rules to the use of combustibles in rooms, especially that which is used to hide lockers that divide a room.

"Look, we don't want to get real technical," he concluded, "we just want to provide maximum protection while allowing students maximum freedom. We hope everyone will use their head in complying with the rules. We want to create an atmosphere of trust and cooperation."

Bland pointed out that last year's Providence University Fire -- in which seven co-eds were killed -- was a "surface" fire.

"And that," Bland observed, "is what these regulations are protecting against; surface fire. It is the most common type of fire in our institutions."

The fire department plans to publish and distribute among students an additional "Fire Safety" sheet to provide them with added information on fire prevention.

Senior Bar remodels

by Joe Slovinec

According to Senior Bar manager Pat Jordan, the Senior Bar is "trying to appeal to as many people as possible by having a different atmosphere," with the addition of two bars and a disco dance floor upstairs, a dining area, and a game room in the basement.

The Senior Bar, which opened this evening, has made many changes in its facilities for its members and guests this year.

In addition to the new disco dance floor, complete with disco-jacketed stand, the Senior Bar staff placed new curtains, wallpaper, plumbing fixtures, and a vanity in the girls' washroom. "We are adding a new dining area with a hamburger grill," Jordan said.

Plaques of Notre Dame football teams from the past forty years will decorate the walls of the dining area. The basement, which previously contained only pipes and furnaces, has been converted into a game room, complete with wall stucco paint and paneling. Patrons can now enjoy bowling, pool, a juke box, and a pool table in the game room.

The exterior bar has been converted into a beer garden filled with sand. The beer garden has benches and railroad ties around the bushes and trees to "beautify it," and make it possible for people to "relax out there," Jordan said.

The remodeling cost $25,000. "We had 35 people here ten days early to fix up the whole place," Jordan said. "The bar opened on registration day, which is the earliest the Senior Bar has ever opened."

The Senior Bar staff wants to try and make it a quality place rather than just a drinking hall, Jordan said. As a result, 1300 bar cards have been sold thus far, which is 450 ahead of last year, and it is expected that more will be sold.

"Expectations have been met" in the success of the Senior Bar, Jordan said. He concluded, "We have got more than the South Bend bars and we appeal to a better cross-section, despite the fact that Fat Wallys has reopened. We honestly feel that we have put a great place together. We feel that we have put in the work and it is going to pay off. We are looking forward to another great year."

New rectors, assistants join staffs

by Ann Gallo
News Editor

Seven new rectors -- in Alumni, Carroll, Flannan, Grace, Lewis, Morrissey and Sorin Halls -- and 15 new assistants have joined the residence hall head staff this semester.

Only the head staffs of Brein Phillips, Darley, Fischer, Howard Lyons, Stanford and Walsh -- seven of Notre Dame's 22 dorms -- remain unchanged. According to Father Greg Green, assistant vice president for Student Affairs, this represents "an unusually high 25 percent change in the hall staff since last year."

Green attributed the high turn- over rate mainly to former staff completing their studies at Notre Dame and leaving. He termed this year's high turnover "unfortunate," stating "for the most part we have a desire to maintain continuity in the hall staffs as much as possible."

Green added, however, that he is fortunate in finding highly qualified persons to fill the positions vacated by the resigning rectors and assistant rectors.

In Alumni, Fr. George Rouen, assistant rector of Holy Cross last year, replaced Bro. John Bengal as rector. Bengesh, who also served as the director of student activities, left Notre Dame to return to high school teaching.

Bro. Frank Bray, former assis- tant rector of Pangborn and one of the librarians at the Memorial Library, has replaced Brother Paschal Pesce as rector of Carroll Hall. Pesce left his post at Notre Dame to study in Rome.

In Flannan, Bro. Peter Mahoney has replaced John Mulvihidy, who also served as director of Student Housing. Mahoney, from Harvard, is pursuing a graduate degree at Notre Dame. Mulvihidy is presently teaching at Notre Dame High School in Niles.

Replacing Fr. Thomas Splatin, who has returned to the University of San Francisco, as rector of Grace Hall is Bro. Charles Burke. Burke has worked for several different Notre Dame offices, including the Notre Dame Counseling Center and the Human Resources Department.

Moira Baker, who is working towards a doctoral degree, has replaced Ann Payne as rector of Lewis Hall. Payne left Notre Dame to pursue placement in the field of Art Gallery work.

In Morrissey, Bro. Edward O'Leary is replacing Fr. Raymond Holz as rector. Holz has taken a position in campus ministry at Catholic University in Washington D.C.

Luther served as house manager at Moreau Seminary for several years. David Porterfield, who will be ordained a priest this spring, has replaced Fr. Kevin Kearney as rector of Sorin. Kearney will pursue a doctoral degree in Chemistry at Yale University.

The 15 new assistant rectors include: Sheila Murphy, Badin; Fr. John Reedy, Carroll; Fr. David Fedor, Cavanaugh; Father Michael McCaffrey, Dillon; Peter Green and Fr. Oliver Williams, Flannan; Robert Gabriele, Grace; Bro. David Wantke, Holy Cross; Jaime Saavedra, Krenan; Mary St. Ville, Lewis; Daniel Baker, Morrissey; Bro. John Doran, Pangborn; Bro. Mary Cavanaugh, St. Ed's; Fr. Donald Kemper, Sorin; and Phillip McKiernan, Zahn.

ND receives grant for new gallery

Notre Dame has received a gift of $250,000 from Walter R. Beardsley to endow a new gallery of Twentieth Century art.

The Walter R. Beardsley Endow- ment for Modern Art will enable the University to display many of its Twentieth Century treasures that long have been relegated to the University to display many of its Twentieth Century treasures that long have been relegated to storing the gallery scheduled to open next year.

In accepting the benefaction, University President Fr. Theodore Hesburgh said, "The Beardsley endowment is a splendid vehicle for fine arts education and will bring great pleasure not only to our students but also to the art public served by our museums. The endowment will enable us to achieve a degree of professionalism and distinction in our galleries that is consistent with the goals of the University.

Beardsley served as Chairman of the Board of Miles Laboratories, Elkhart, Ind., from 1964 to 1973.

In 1968, Beardsley became a member of the Art Gallery's Advisory Council. That year, the Art Gallery exhibited numerous works from his private collections, including paintings and sculptures by Rodin, O'Keeffe and Chassé. For the last decade Beardsley had been a frequent benefactor of the Art Gallery's modern art programs.

Miller named as library head

Robert C. Miller, director of Libraries at the University of Missouri-St. Louis, has been named director of University Library at Notre Dame. His appointment is effective Oct. 1.

Miller earned the bachelor's degree in history and philosophy from Marquette University and an M.A. in library science from the University of Wisconsin-Madison before receiving an M.A. in library science from the University of Chicago in 1966. His career has included a year at the Library of Congress and librarian positions at Marquette University and Parsons College in Fairfield, Iowa. He held three administrative positions in eight years with the University of Wisconsin, Madison and was associate general director for general services when he left for Missouri in 1975.

He also had special respon- sibility for development of automa- ted circulation systems and has published articles on that work. At the University of Missouri, Miller is responsible for all planning, development and collection building, and he is his partner in the School of Library Service.

Chemist donates chair

Notre Dame, Ind. -- An endowed chair in organic chemistry memo- rializing a noted Indiana chimist and his wife was announced by the University of Notre Dame.

The Kleiderer/Peck chair will be named in honor of Dr. Ervin C. Kleiderer, former executive direc- tor of research, development and control at Eli Lilly & Co., who died in 1976, and his wife, Margaret Peck Kleiderer, who died a year later.

"The Kleiderer/Peck chair is a fitting memorial to a devoted couple who exhibited not only high professional standards but also contributed much to civic improvement."

Roche explains ticket confusion

by John McGrath

Some of the gripes concerning the mid-summer ticket sale for the upcoming concerts at the ACC have been addressed by Student Union (SU) Director Bill Roche.

The controversy centers around the fact that some of the students ion involving the Rita Coolidge sing-along program were not able to obtain tickets for the events.

Roche explained that the situation received application forms too late to respond to the offer before the July 31 deadline. Although tickets are still on sale at the ACC for the shows, some argue that all the good seats have already been taken.

Roche explained that the situation was worsened because there was no opportunity for students to purchase tickets while on campus. Although the concerts are not being sponsored by SU, the group undertook the task of informing the students and giving them the opportunity to “get first shot at the good seats, during the summer.”

The applications were placed in envelopes along with information on Welcome Week activities.

According to Roche, the difficulty arose when the SU decided to send the materials via bulk rate mail. “We found that the post office sends out the bulk mail rate when it ‘is like it’, explained Roche. He noted that the letters were mailed timely in mid-July and that students received them in time to respond to the offer before the deadline.

It appears, however, that those who received the letters late tended to be bunched in several areas, indicating varying times of delay received at certain regional postal centers handling bulk mail.

According to Roche, the overall response to the effort was “great”, and he indicated a willingness on the part of SU to repeat the offer should a similar situation arise.

Kris Kristofferson and Bruce Springsteen concerts were different in that there was a need for students to purchase tickets while on campus. Although the concerts are not being sponsored by SU, the group undertook the task of informing the students and giving them the opportunity to “get first shot at the good seats, during the summer.”

According to Roche, the overall response to the effort was “great”, and he indicated a willingness on the part of SU to repeat the offer should a similar situation arise.

“Peeping Tom” disturbs Lyons veteran victim

by Michael Lewis

A Lyons veteran was the victim of a “peeping tom” incident last Saturday at 8:30 a.m. on Deans’ Row. James A. Roemer said yesterday. He said the student was taking a shower when a male intruder “pulled aside the shower curtain and peeked at her.”

Mr. Roemer, caret of Lyons, said the door of the hall would ordinarily be locked at all hours.

Prep program registration to be held Saturday

Registration for Notre Dame’s Preparatory Program will take place Saturday, September 2, from 9 a.m. to 1 p.m., in Room 124, Crowley Hall of Music. Former participants may register by telephone during the first week of classes by calling 878.

The program offers private instruction, in weekly half hour lessons, on all orchestral, band, and keyboard instruments.

McDonald’s sponsors contest

McDonald’s and the Association of Student Chapters of the American Institute of Architecture will cosponsor a Fall 1978 student architectural design competition for the “Most Innovative ‘McDonald’s of the Future.’” Prizes totaling $9,500 will be awarded to the 12 most innovative designs.

The competition is open to students enrolled full time in architectural schools with ASC/AIA student chapters in good standing. The jury for awards includes: Aldo Giurgola, FAIA; Stanley Tigerman, FAIA and William Turnbull, FAIA.

Official registration forms and programs are available through the ASC/AIA office. The jury for awards will meet at the McDonald’s Corporation, Oak Brook, Ill. on December 19, 1978. The winners will be awarded at a McDonald’s banquet, December 19, 1978.

The competition proposal will be exhibited at the National AIA Convention in Kansas City, Missouri, June 1-7, 1978. Information may be obtained by writing: ASC/AIA 1735 New York Avenue, N.W. Washington, D.C., 20006.
The Bears have had a poor 68-48-0 record over the past few seasons, but they might be able to turn around the season gets started. Walter Payton is in the franchise, as he goes so goes the team. Hopefully, Payton’s shoulder problems will not affect his ball-carrying ability to the point that he is able to close to last year’s standards, the Bears may be in trouble. As for the offensive line, Bob Avellini has yet to prove that he is a major league quarterback. If he can prove to the league that he is quite up to snuff, James Scott is just the best Bear up front and the heart of the offense last season and it should remain so this year. Center Dan Pfeiffer will be missed. Doug Jackson, Revis Sorey, Tony Thurman and Ryan Lack are all strong. Barrington, they should be able to work as a unit for a long time.

The Bears defense has some question marks. LeRoy Neiman of the Machine has broken down, a battered heap of old parts and unfulfilled hopes. A great team in the making, after five division titles in seven years, four divisional playoff appearances and two world championships.

Three weeks after moving into their new stadium, the Bears are set to play their first two games. They are far from being a great team. The defense has a lot to prove. It should remain so this year. Center Dan Pfeiffer will be missed. Doug Jackson, Revis Sorey, Tony Thurman and Ryan Lack are all strong. Barrington, they should be able to work as a unit for a long time.

Red seat requests to season slump

CINCINNATI (AP) - They were heralded The Team of the 70s. And with the Cincinnati Bearcats the best eight players in baseball, the Cincinnati Reds' surefire dynasty ted that Anderson is reluctant to have broken down, a battered heap Anderson said he refuses to push after five division titles in seven tough, start badmouthing.

This season's Bears are like having five cream of the crop players in one line. Ted Albrecht, and Dennis Lick are all young and have been an average NFL team for the past few years, last season and it should remain so this year. Center Dan Pfeiffer will be missed. Doug Jackson, Revis Sorey, Tony Thurman and Ryan Lack are all strong. Barrington, they should be able to work as a unit for a long time.

TOMORROW/THE WESTERN DIVISIONS

Ticket distribution continues

Juniors, Graduate, Law and all students in ninth semester or higher may pick up tickets today from 9 a.m. to 5 p.m. Tickets may be picked up on the second floor of the Office (center Gate 2). Tickets will be exchanged for athletic certificates. No student may present more than four certificates and ID's for adjacent seating.

Sophomore tickets will be distributed Monday, 6 a.m. to noon. Freshman tickets being issued on Tuesday, 6 a.m. to 5 p.m.

The graduation at the top of the athletic certification regarding Gate 2, the student IDs and ID's for adjacent seating.

The Lions offensive line is average. The Bears offense has been improved with James Hunter and former Notre Dame All-American Luther Blaske moving in. Larry Hand is the steadier performer on the defensive line.

Clark's first year should be one of getting accustomed in Detroit with the Lions finishing with six or seven wins. The Lions finished with six or seven wins. The Lions finished with six or seven wins. The Lions finished with six or seven wins. The Lions finished with six or seven wins. The Lions finished with six or seven wins. The Lions finished with six or seven wins. The Lions finished with six or seven wins. The Lions finished with six or seven wins. The Lions finished with six or seven wins. The Lions finished with six or seven wins.

The Packers defense has some holes. The most notable is at linebacker where Fred Wilkerson was replaced. Youngsters Mike Butler and Erra Johnson will fill in until Fred Wilkerson is back. Guy Williams, Willie Buchanon, Steve Lake, Johnnie Gray and M.C. McCoy are the best area of the Packers defense.

The Packers have been a dismal team in recent years and this year should be no different.

Tampa Bay has been playing well. They might be able to turn around the season starts. Walter Payton is in the franchise, as he goes so goes the team. Hopefully, Payton’s shoulder problems will not affect his ball-carrying ability to the point that he is able to close to last year’s standards, the Bears may be in trouble. Freshmen survive pre-season drills

by Ray O'Brien
Sports Editor

The first few weeks in a new environment are not always easy for a freshman football player. Coming down from the exuberance of high school, many players are courses to worry about. But imagine the traumatic adjustment of playing against the best athletes in the world. The National Football League's first-round draft picks are among the most experienced and talented players in the game. It is a bit of an uphill battle for most players, especially considering the added stress of trying to make the team.

Well, the Cleveland Browns have continued their third glorious week at Duke. While the team is still conditioning to get into football mode, the freshmen have not been left out of the mix. The practice squad has been busily perfecting their plays and techniques and bonding with one another. They have been working hard to prepare for the upcoming season, and the freshmen seem to be getting along well with their new teammates.

The Browns have arrived at the training camp with a young and talented roster. The freshmen are expected to contribute to the team's success, and they have a lot to prove. The Browns are one of the best teams in the league, and the freshmen are determined to prove themselves.

TonyPACE

Are Oilers play-off bound?

The AFC Central is one of the most competitive divisions in the NFL, and the Oilers are one of the top teams in the league. With the addition of Bo Jackson to the roster, the Oilers are expected to be a strong contender for the division title. The veterans on the team are excited to see what Jackson can bring to the team, and the freshmen are looking forward to learning from him.

The Oilers may seem like long shots, but the additions of Campbell and Carter will make their defense score points. Their defense is above average and will hold most Houston opponents in check. Look for the Oilers to make the AFC playoffs for the first time since 1986.

PITTSBURGH STEELERS-Although the Steelers have some new faces in the lineup, they are expected to be one of the better teams in the league. Terry Bradshaw is once again the Pittsburgh quarterback.

The team has traded a few of their offensive stars, but they still have enough game to be effective. The backup QB, Tommy Kramer, will be ready in case there are any problems. Chuck Foreman is a complete running back who will complement Foreman well. Wide receivers like John Stallworth and John Stallworth will be a deep threat. The offensive line is also strong, with All-Pro guard Ed White having returned from injury.

Chuck Foreman is a complete running back who will complement Foreman well. Wide receivers like John Stallworth and John Stallworth will be a deep threat. The offensive line is also strong, with All-Pro guard Ed White having returned from injury.

CINCINNATI BENGALS-One of the most often asked questions around football circles is "Who are these Bengals who have fallen from grace?" The team is expected to be in the thick of things in the AFC Central and should be able to pull a few upsets. The number of upsets they pull this season will depend on the play of their defense.

The Bengals have a strong defense, with All-Pro tackle Tony Yancey and All-Pro linebacker Pete Johnson leading the way. The secondary is also strong, with All-Pro cornerbacks背面 and All-Pro safety Walt McFarland.

The Bengals should have a good chance of making the playoffs, and even if they come back the Bengals may not be able to catch up.
