Ex-WSND-FM disc-jockeys to discuss charges

by Ray McGraith

Former WSND-FM disc-jockeys Ted Twardzik and Scott Coughlin will meet today with Dean of Students James Roemer to discuss charges brought against them by WSND station management.

According to Tony Wesley, director of FM programming at WSND, the station management has filed a report with Roemer which states that the two students "were consuming alcohol at the station, and using vulgar sexual references over the air," early Saturday morning.

Drinking at the station is in violation of station, Federal Communications Commission (FCC), and University regulations, and loudness on the air is forbidden by FCC and station policy.

The report to Roemer was filed as a supplement to a report made by Notre Dame Security. Security aides removed in the two disc-jockeys and a group of friends from the broadcasting booth of the station around 3 a.m. Saturday.

In addition to the report to Roemer, a report has also been filed with the FCC, informing them of the violations. The action was a protective measure called for by law.

The report will probably have no effect on the status of WSND's broadcasting license. Wesley said, but it will almost certainly result in Twardzik and Coughlin losing their individual licenses.

Other penalties for the disc-jockeys, including fines and imprison upon conviction, are possi- ble, but not probable, he added. F. Edmund Joye, executive vice-president of the University and legal holder of the station's license, will also receive a copy of the FCC report.

Twardzik and Coughlin both said last night that they regard the charge of drinking as a matter to be discussed with Roemer before they make any statement concerning their actions. But both disputed the allegations that they made vulgar sexual references over the air.

Coughlin asserts that statements "were not made, not intended to have sexual references. Twardzik, who has worked for the station for three years, remarked, "I have been doing 'Nocturnal Night Flights' longer than anyone else on the staff, and I know better than he (Wesley) what can and cannot go over the air. That program was entirely legal."

He also noted that no one other than Wesley called to complain about the "Flagrant Obscenities."

Both disc-jockeys also wanted to point out that, opposed to a claim attributed to John Foster, production manager of the station, they did not attempt to conduct a picnic on the roof of the station after having their show shut off. They merely went to the roof to collect their belongings which were there, and they promptly prepared to leave.

Both students wanted to stress that they had no desire to do anything "rowdy or perverted."

Commenting on today's meeting with the two students, Roemer stressed that the students had "every right to come in and tell their side," and he felt no pressures concerning the incident, or the possible results of the meeting.

In clarifying the stand of the WSND management, Wesley stated that the two had been fired, but that the station management "wasn't out for any further retribution. But we are under legal obligation to report the incident to the FCC, and under obligation as managers to report it to the administration."
Postal strike fades
WASHINGTON - Big-city union leaders backed down from earlier threats to strike if a 14-day legal mail strike is allowed to continue, after a labor-saving move yesterday to settle the deadlocked postal contract dispute on its own.
Sources said the chances of a strike appear to be fading because union leaders are reluctant to jeopardize their careers and risk going to jail.

15 states hold primaries
NEW YORK - Gov. Hugh Carey of New York and Ella Grasso of Connecticut overcame challenges from their lieutenant governors yesterday, as did a recommission on the year's busiest primary day. The 15 primaries held yesterday represented a quarter of the nation's population.

Speedway bombings end
INDIANAPOLIS - Still wary after a week's pause in a series of mysterious bombings, the Speedway area of Indianapolis is slowly relaxing again. School attendance has returned to normal, and police, however, are still working 10-hour shifts, checking any reports of suspicious packages. The sudden halt in bombings after eight explosions in six days is just as baffling as the attacks were to begin with.

Weather
Periods of showers and thunderstorms today through tomorrow.

On Campus Today
6 p.m. lecture, "student interviews," by Lester Shanto, of price waterhouse, beta alpha psi, cee au at.

ND women's dorms plan slumber party
by Lynne Daly
In an effort to diminish the competitive nature existing among the women students, the Student Union, along with Philip Keenan of Lewis Halls, will sponsor a slumber party for all Notre Dame women at 11:30 p.m. this Saturday in St. Patrick's Center.
The evening is planned to provide an opportunity for girls to meet and socialize in an atmosphere free from interhall or classroom rivalries.

Campus briefs
Semiformal tix on sale
Notre Dame seniors who wish to purchase tickets for this Sunday's semiformal at Cinnabar's may do so today and tomorrow. On-campus students should contact their respective hall representatives, and off-campus students may purchase tickets in the senior class office in the basement of LaFortune Student Center from 11:30 a.m. to 1 p.m. today and from 11:30 a.m. to 2 p.m. today and 2:30 p.m. to 5 p.m. tomorrow. Tickets are $15 each, and the dance will begin at 7 p.m. and last until midnight.

Photo Club will meet
The Photo Club will conduct its first meeting tonight at 7 p.m. in room 115 O'Shaughnessy. Information about use of a darkroom will be provided. Dues also will be collected. Former members and any students interested in photography are invited to attend.

Correction
The tugger that was reported to have been sponsored by Keenan Hall in Monday's Observer was actually sponsored by some students in Keenan. The hall staff was not involved in the tugger.

Frosh colloquium will meet
Froshmen Theology & Life Colloquium will meet tonight at 7 p.m. in the Library Auditorium.

ERRATUM
The Notre Dame Historical Society will hold its first organizational meeting tonight at 7:30 in the Library Lounge. The society has plans this year to send newsletters to history majors, as well as freshmen and sophomores, and history professors. There is no cost to join.
The society, which sponsors monthly meetings for professors and students, is also planning a mini-lecture series. The first mini-lecture, professors will offer short presentations with audio-visual aids.
Integration in L.A. schools meets with resistance

LOS ANGELES (AP) - Thousands of white parents kept their children away from the city schools yesterday, as the first day of a massive integration program got rolling in the nation's second largest school district.

Early attendance reports showed many students assigned to travel from the predominantly white San Fernando Valley to inner-city schools avoided classes.

Leaders of an anti-busing boycott, who staged a rally attended by 4,000 persons Monday night hope to force cancellation of mandatory parts of the plan by stripping the success.

Pupils scheduled for busing went to first fast will take place tonight.

in traffic for four hours. Today is the last day to submit 4,000...
ND security 'steals' bikes to protect student owners

by Sue Westrich
Staff Reporter

Notre Dame Security has been confiscating unlocked bicycles to prevent them from being stolen. "We steal them before someone else does," Arthur N. Pears, director of Security, stated, adding, "All reported stolen bicycles are checked against those we have on hand. The owners are notified immediately." He said that if students would lock their bicycles then Security would have no reason to take them.

Pears commented that the bicycles located in the basement of Holy Cross Hall are those that were unclaimed at the end of the school year. "I would think that if a student's bicycle was stolen he would think enough to report it," Pears said.

He noted that having bicycles registered with Security makes it much easier to recover them in the event that they are stolen or claimed by Security. Pears said that he could see no reason for students failing to do this. "The office remains open until 8 p.m. to accommodate students," he said, adding, "Registration costs only one dollar and is good for four years."

Pears stated that Security is trying to alert students to take precautions with their property. All on-campus bicycles are tagged two or three times a year as a reminder for the owners to register them. Ads are run in The Observer encouraging students to register and mark their property. There are also programs in every hall designed to inform students on how to protect their property.

Swim team organizes

Any students who missed the Swimming Team Organizational Meeting last week are urged to contact Coach Dennis J. Stark at the Rockne Memorial Building (2nd Floor), 217 or 219 (Tel. 6222). According to Brian Ward, vice-president of public relations for the Paddlefish, the purpose of the club is to "promote social activity in the Notre Dame-Saint Mary's community, organize human interest events and create an awareness of an endangered species."

Tom Pfeifer, chairman of the board for the Paddlefish, related the meeting of the club to new members at the meeting. "It all began last summer," Pfeifer stated, "when I discovered the Paddlefish in Tank 89 at the Shedd Aquarium in Chicago." Enthusiasm to start a club named after the "elusive" fish "blossomed into something we never expected," the chairman stated.

The club boasts a membership of 197 ND-SMC students. Michael Gorin, executive vice-president, explained, "Purchasing an official Paddlefish T-shirt makes one a life-time member of the club and entitles the owner to attend all Paddlefish functions."

The club hosted three happy hours last year which were judged "a great success" by Club President Bruce Flowers. The organization also sponsored a "Little Miss Paddlefish Contest." The penny-a-vote competition earned $135 which the club donated to the Bengal Mission Charities.

Plans for this year's activities include a kick-off happy hour, a semi-formal, a blood drive, the second annual "Little Miss Paddlefish Contest" and a field trip to Chicago.
Astronaut speaks on space

(Continued from page 1)
proper exercise, diet, and the knowledge that he will return to earth," Lind noted.

Seven telescopes were used to study solar physics in the Skylab program. Information from these observational telescopes revolutionized the knowledge of solar corona and solar flares, Lind said. He added that over 218,000 miles of film was used to photograph the sun for every two weeks that the Skylab was in operation.

Some of the earth resource experiments carried out on the Skylab missions were designed by high school students. These studies investigated the effect of weightlessness on animals and tested the usefulness of searching for fuel deposits on earth from the vantage point of space. Lind explained.

He showed slides of the newly developed Space Shuttle which already has been taken for low-speed test flights and landing patterns. The reusable shuttle handles like a fighter plane, takes off like a rocket from an upright position and lands on a regular commercial runway, Lind said. It will be used to deploy satellites as well as carry cargo.

Lind's concluding slides depicted the projected Spacecraft, a scientific lab which will operate in outer space for long time periods. The generation of solar energy is under consideration as a Spacelab project. According to Lind, the plan is technologically feasible, but its implementation depends on whether Congress will allocate the funds to carry it out.

A question and answer session followed Lind's presentation.

**REQUIRED READING**

FOR SCIENCE, ENGINEERING, AND BUSINESS.

**The Logical Choice...**

**The Professional's Choice...**

**The Student's Choice...**

**What You Should Know BEFORE YOU BUY.**

Your college work habits will surely influence your professional work habits. If you're in science, engineering or business, a hand-held calculator will be an essential element in molding those habits. That's why it's so important to make the correct choice of a calculator now.

Which is why we prepared a brochure entitled, "The Student's Choice... The Professional's Choice... The Logical Choice." In it, you'll read about everything you should consider before buying your college calculator. Things like calculator construction, ease-of-use, logic systems and more. Pick up a free copy at your bookstore or nearest Hewlett-Packard dealer. For the address, CALL TOLL-FREE 800-648-4711 except from Hawaii or Alaska. In Nevada call 800-992-5710. And do it soon. Because we think buying a calculator should be one of your most carefully calculated decisions.

HEWLETT PACKARD
New allocation of graduation tickets

University administrators have released the projected allocation of ACC seating for commencement next May.

Anticipated degree recipients:

- Bachelor's: 1,600
- Postbaccalaureate: 460

Chairs on arena floor:

- Degree recipients: 2,060
- Faculty advisors: 50
- N.D. Band: 65

Space available for guests of graduates:

- Lower arena seats: 4,997
- Reserved for faculty: -300
- Reserved for official guests: -100
- Upper arena seats: 5,754
- Total: 10,351

Reserved seats will be allotted as follows:

- Lower arena (4,597): 2,060 x 2 = 4,120
- Upper arena (5,754): 2,060 x 2 = 4,120
- Postbaccalaureate: 4,800
- Total: 9,840

Available seating (Lower and Upper Arena): 10,351

Minimum unassigned and available for lottery: 511

Any additional seats not needed by individual graduates will be available to the observer for commencement.

Nicaraguan militians attempt to overthrow Somoza's regime

OUTSIDE MASAYA, Nicaragua (AP) - This week, the military buildup continued at a rate of one gun per hour for ground inch by inch against rebels trying to overthrow Presi­ dent Anastasio Somoza.

The bitter conflict threatened to involve Costa Rica to the south and Honduras in the north.

In San Jose, Costa Rica, the civil guard director said a Nicaraguan plane strafed a village yesterday morning, about a Costa Rican road two miles from the border town of Paquivilca.

Ramón Umans said he had no information about casualties, but the attack sparked panic among Penas Blancas' 6,000 residents.

A soldier at a roadblock on the outskirts of Masaya, 18 miles southeast of the capital of Managua, said: "They are fighting all over the city. We have been told there are many dead and wounded."

Rebels led by militians of the left-wing Sandinista Liberation Front also were reportedly locked in battle with government units in Estelí, 96 miles north of Managua, and in Leon, 45 miles northwest of the capital. Reports were sketchy.

Movies showing at N.D.

Movies planned to be shown this semester in the Engineering Auditorium include "Julia," "Catch-22," "Butch Cassidy and the Sundance Kid," and "The French Connection," also will be featured this month. Scheduled for October are "Mary Poppins," "The Paper Chase," and "Julia." "The Way We Were" and One Flew Over the Cuckoo's Nest in November.

"Dirty Harry," "Papillon," and "Catch-22" will be shown this month when leftists Sandinista guerrillas stormed the national capital building.
