Vance pressures Hussein to join Mideast peace plan

AMMAN* Jordan [AP] - Secretary of State Cyrus R. Vance met with King Hussein yesterday, opening a diplomatic drive aimed at making the Camp David accords more palatable to wayward Jordan and Saudi Arabia and keeping hardline Syria from derailing the agreement.

Vance met with Hussein shortly after arriving here and was understood to have applied strong pressure, telling him that opposition to the plan could damage U.S.- Jordanian relations. Hussein relies heavily on U.S. military and economic assistance.

State Department spokesman Hodding Carter described the talks as "friendly" and "cordial" but said that Jordan "would become another ally on the list of countries" if it supported withdrawal from occupied territories, including East Jerusalem.

Vance also reportedly told the Jordanian ruler that it was in his best interest to participate in the negotiations called for in the accords, since Jordan will be neighbor to whatever Palestinian entity emerges from the talks on the West Bank of the Jordan River.

The secretary is also scheduled to meet with three other Arab leaders - King Khalid and Crown Prince Fahd of Saudi Arabia in Riyadh today and tomorrow, and President Hafez Assad of Syria in Damascus on Saturday.

Vance said earlier that his mission was to explain to the "key Arab governments not represented at Camp David... the contents, purpose and philosophy of the understandings reached... so they can make their own decisions on how to respond to the invitations to them contained in the basic document."

The framework for peace in the Middle East was drawn up by Egyptian President Anwar Sadat and Israeli Prime Minister Menachem Begin under the sponsorship of President Carter during a two-week conference at Camp David in Maryland.

The talks call for, among other things, a five-year transition period in the West Bank and Gaza, leading to full autonomy for the people there who are predominantly Palestinian Arabs. Israel has agreed not to establish new settlements during the negotiations and has committed itself to elect representatives to participate in the peace process.

Left unsettled are the ultimate boundaries of Israel, the nature of the autonomous Palestinian entity, the future of Jerusalem and the security arrangements for Israel.

In the U.S. view, Jordan could have a strong influence on the makeup of the Palestinian presence in the West Bank if it accepts the invitation to join the peace talks. If Hussein boycotts, he runs the risk of seeing an independent Palestinian entity emerge, which could be antagonistic to the Jordanian monarchy.

Jordan has said it would not be bound by the agreements and Saudi Arabia has said it would not consider an acceptable final formula for peace.

Power struggle expected

Vorster announces resignation

PRETORIA* South Africa [AP] - Prime Minister John Vorster announced yesterday he was resigning for health reasons after 12 years as South Africa's unchallenged political leader.

His departure was likely to trigger a power struggle over who will direct this racially divided nation.

He also announced South Africa will go ahead with elections this year leading to independence for the disputed, territory of South West Africa, also known as Namibia.

The 63-year-old leader told a news conference that he could no longer fulfill the "Serenious duties" of office but he said he would be available for the largely ceremonial job of president.

A caucus of Vorster's National Party, dominated by conservative Afrikaners, is to meet Sept. 28 in Cape Town to pick a new president and prime minister.

The new prime minister likely will face a flurry of international censure for its "go it alone" decision of Namibia.

Among top contenders to replace Vorster are the hawkish Defense Minister Pieter W. Botha; the staunchly conservative Minister of Plural Relations, or racial affairs, Connie Mulder; Labor Minister Fanie Botha and Foreign Minister Roelf F. Botha.

The Bothas are not related. The name is common here among Afrikaners, descendants of the original European settlers.

The potential fight for the top job has led to warnings in the Afrikaans press to keep party unity as "a crucial time in South Africa's history."

Reading from a prepared statement, Vorster said "The South African government does not wish to close doors" to further negotiations on the Namibia question with the United Nations or the Western powers.

But he said his government found the United Nation's proposal for a peace-keeping force of 7,500 "totally unacceptable" and was not prepared to accept a year-long transition period.

The government "cannot allow this to be constrained in any way," he declared, and so would proceed with constituent elections in the disputed territory.

SU committee announces Homecoming plans

by Leslie Brinkley

This year's Homecoming events will include the selection of a King and Queen from the Notre Dame-Saint Mary's student body. Finals in the competition will be presented during half-time of the ND-Pittsburgh game on Oct. 14.

"Jungle Safari" at Camp David will be the theme for this year's Homecoming activities, which will begin Monday, Oct. 9 with dorm related events and will culminate with the Homecoming Dance Saturday night.

The Student Union Homecoming Committee met in LaFortune last night to establish specific rules to determine the Homecoming King and Queen and their court. All ten finalists will be presented during half-time at the game and at the dance.

Criteria for potential candidates includes personality and poise (40%), personal interest (20%), extra-curricular activities (20%), good grooming and appearance (10%), and academic standing (10%). In addition, all four contestants must have a faculty character witness.

Homecoming chairman, Joe Guckert, noted that the King and Queen contest became a part of homecoming plans this year as a result of student suggestions. "It's another way to get students involved in the week's activities," Guckert added.

Farm hearings begin
WASHINGTON - A House subcommittee headed by Indiana Congressman Dave Evans has opened hearings into foreign ownership of American farmland. The inquiry is designed to determine the extent and consequences of foreign investment in American real estate. Evans' office released figures showing that foreign direct investment in the United States rose by 11 percent last year to $34.1 billion. "The fact that the amount of farmland is not going to increase and that the number of acres under cultivation is rapidly increasing is of concern to many and farmers," Evans said.

He barely got caught
CHICAGO - A 22-year-old Wright College student was arrested sitting naked on his motorcycle at a trafficlight. Jeff Pietrecha told Detroit Police were trying to figure out how much money they lost. Each sack contained $600 in quarters, said AI Young, Pietrecha's assistant operations manager.

Cash 'rolls' on freeway
DETOUR - It was a freeway free-for-all on the road to riches. Dozens of people stopped their cars Tuesday afternoon to scramble along the concrete.

Weather
Cooler with occasional periods of showers likely Thursday. High near 70. Clearing and cool Thursday night. Low in the low 50s. Sunny and cool Friday. High in the upper 60s.

Nicaraguan government reports rebels smashed

MANAGUA, Nicaragua (AP) - The Government claimed yesterday it has smashed a 12-day uprising against President Anastasio Somoza in which the Red Cross said at least 1,000 persons were killed.

Opposition sources outside the country said the rebels would fight again to end 41 years of authoritarian rule by the Somoza family.

Carlos Tunnerman, a Nicaraguan lawyer in exile in Costa Rica mentioned as a possible coalition president if Somoza leaves office, predicted he would fall before the month ends.

The government said it had cleaned up remaining rebels from Esteli, a city of about 30,000 on the Pan American highway north of Managua. The city was retaken by national guard forces Tuesday after heavy bombardment.

Ismael Reyes, president of the Nicaraguan Red Cross, said his estimate of more than 1,000 dead did not include reports from Esteli. He said many more Nicaraguans were wounded. Other Red Cross officials said the toll was high in Esteli, especially among civilians.

"It's all over up there," said Maximiliano Kelly, Somoza's personal secretary, said of the uprising during which rebels controlled most of northwestern Nicaragua.

"We've got it all cleaned up in Esteli," he said.

There were no reliable casualty reports from the national guard or from the rebels, who are led by the Sandinista National Liberation Front.

In Washington yesterday the United States expressed concern over reports of atrocities against civilians by national guard troops, and urged Somoza, who controls the national guard, to conduct an investigation.

The uprising, the latest and bloodiest in nine months of violence in Nicaragua, began Sept. 9 with rebel attacks on cities throughout the country.

Somoza has vowed not to step down until his six-year term ends in 1981.

Baker calls taxes major issue

NEW YORK [AP] - Senate Minority Leader Howard Baker said yesterday that taxes are still in the number one political issue in the 1980 presidential campaign, one in which Carter apparently has made a bid himself. "President Carter apparently has a very significant victory at Camp David and I applaud him for it," Baker said. "But there are other issues." Baker also said a surging tax number one political issue in the 1980 congressional elections, "Baker said in a news conference.

He said economic stimulus through a massive tax cut is "the clearest statement of Republican principle in 1978 and I believe it will be in 1980 for whoever our presidential candidate might be." Earlier, as the flying caravan of GOP dignitaries boarded a charter jet in Washington, Baker also called taxes "the No. 1, premier issue of the year and predicted "1978 will mark the beginning of the resurgence of republicanism in this country." Baker said, "I don't think there is any issue more important to the people of the United States than how to get government off their backs and out of their hair, and I think the way to do that is lighten the tax burden on the average American." Baker denied that the Egyptian-Israeli agreements mediated by Carter at Camp David Sunday had forced Republicans into a single-issue strategy based on taxes.

O'Connor to speak at Howard forum

The Howard Religious Commission will present a forum on the charismatic movement in the Catholic Church to night at 7 p.m. in Howard Hall. The principal speaker will be Fr. Edward O'Connor, professor of Theology at Notre Dame.

A Notre Dame student found a ladies' wrist watch in his food while eating lunch in the North Dining Hall recently.

Senior Chris Ahearn, a resident of Stanford Hall, said he saw something in his casserole which looked metallic. He tapped it with his fork and uncovered enough of it to determine that the metallic object really was. "I thought it might have been a ring at first," Ahearn said.

Figuring that few people would believe he actually found an entire wrist watch in his lunch, Ahearn immediately left the dining hall and found in the casserole before it was served was a ladies' wrist watch in his food while to Athey, the pan from which the object really was.

Ahearn said, "I'm lucky that the watch wasn't something in his casserole which Hedge has since counseled might have been a ring at first."

He then took his plate to Ron Athey, manager of the North Dining Hall and examined. No other portions of the watch were found. "Hedge has since counseled every cook about the incident." Athey was upset over his discovery.

"I thought it might have been a ring at first," Ahearn said. Lucky that the watch wasn't fragmented and undetectable.

Both Ahearn and Hedge were amazed that the timepiece was not broken up the dining hall and examined. No other portions of the watch were found. "Hedge has since counseled every cook about the incident." Athey was upset over his discovery.

Snakes infest motel; owners sue

AUGUSTA, Maine (AP) — Berton and Mary Grant spent their life savings to buy the Winthrop Motel and expected to earn a nice retirement income hosting an "invasion" of snakes instead.

"They were everywhere. In the living, in the hallway, in a restaurant coffee shop and in the rooms," Grant told the jury.

The Grants are suing the previous owners for $175,000 in damages, saying they weren't warned about the unwelcome guests. Grant took the stand Tuesday and other testimony continued yesterday.

The case is expected to go to the jury this week.

The snakes are not poisonous, and the previous owners say the Grants are magnifying the problem out of proportion.

Mrs. Grant, on the other hand, summed up her feelings this way for the jury: "How would you like snakes in your home? I don't like to pick up a shoe to see if there are any snakes inside."

Martin Hunt, the young man hired to run the motel desk when the Grants moved to an apartment in nearby Augusta, said he's seen at least seven brown snakes in the month he's been there. His desk duties include snake-catching — for which he wears gloves.

The previous owners, Maynard Babkirk of York and his wife Anne, said they did not think to tell the Grants about the snakes, which apparently slip through holes and cracks which the Babkirks tried to patch with steel wool and caulkling compound.

"They didn't ask and I didn't tell them," said Babkirk. But he added that he felt the Grants magnified the problem in their minds.

"The Grants tried to look for problems," he testified. "There were snakes in the area but there was not a parade of hundreds climbing on the chandeliers and popping out of shoes."

Hunt, however, said one vacating family packed up and left after finding a foot-long snake in their bathroom. And Mrs. Grant said she is terrified of the snakes and won't set foot in the place any more.

Grant told the Kennebec Superior Court jury he tried to get rid of the snakes with moth balls, snake traps, ammonia and chlorine bleach.

Hunt said estimates indicate it would cost a few thousand dollars to patch the remaining cracks and holes and spray with pesticides. He put some of the snakes in a jar for evidence, but they weren't admitted.

The judge didn't want snakes in his courtroom.

Last chance to register to vote

Notre Dame students will have their last chance to register to vote in the November election on campus on Saturday, Sept. 23. Students who wish to register should contact one of the deputy registrars: Paul Falduto at (362) 6; Tricia Brennan (288-9049); Sam Willis and Jay Gendron (828-3). Students wishing to register after Sept. 23 must go in person to the St. Joseph County Building at Lafayette and Jackson before Oct.

**PO Box Q**

P.O. Box Q
Notre Dame, In.

**An Imposition**

The Messiah nor were his miracles intended to give us knowledge of Christ. He answered: "34. It is impossible for a critical sage to attribute unlimited knowledge to Christ, unless he makes a supposition that in communicably and cognizably, the Lord is a true prophet. This would be a true prophet of Christ is the Son of God." Simon Peter answered and said, "Thou art the Christ, the Son of the living God." Then Jesus answered and said to him, "Blessed art thou, Simon Bar-Jona, for flesh and blood has not revealed this to thee, but my Father in heaven." The Freshman orientation was well conducted this year. The opening Mass of the ACC was moved to the third floor of LaFortune Student Center. All letters submitted for publication must be typed and include the name, address and phone number of the author. The Observer reserves the right to edit all submissions for grammatical error, length, and libelous statements. Names cannot be withheld on letters unless sufficient reasons are presented for doing so.

**The Plan of Action Strengthening the CLC**

Since Dean Roeser’s directive released over two weeks ago, Student Government has come to realize the need for students to have a more active role in the formulation of rules and regulations which directly affect their lives. Therefore, Student Government has instituted a plan of action designed to bring about necessary changes to enhance and empower the Campus Life Council. The goal of this plan will be total student support to impress the importance of these changes upon the Board of Trustees. The proposed changes would strengthen the CLC such that it would have the power to pass proposals which review, amend, and rescind all University regulations. The proposals passed by the CLC would go to the vice president for Student Affairs who in turn would have the power to accept or reject them. If any proposal is rejected, the original negative decision. The proposal may then be appealed to the provost, and, if necessary, to the president. This process must be acted upon or vetoed. In the event of a veto, the provost or president must explain his reasoning.

In order to make a good presentation at the October 12 Board of Trustees Meeting, Student Government will need ample evidence of student support for the issues. This plan is designed for maximum student involvement. This plan can be broken down into four major steps:

1. The first step is student education through the Observer. Beginning with this commentary and continuing until September 27, a series of articles, columns, and editorials will be published to stimulate student interest. It is hoped that this process will enable students to better understand student rights and achieve their goals.

2. The event will be a half-ball campaign. This campaign would take the issue directly to the students and allow for maximum student involvement. This comprehensive effort is sponsored by Student Body President, Student Body Vice President, and Judicial Coordinator.

3. The second event will be a hall to hall campaign. This campaign would take the issue directly to the students and allow for maximum student involvement. This comprehensive effort is sponsored by Student Body President, Student Body Vice President, and Judicial Coordinator.

4. The second event will be an open forum on the Student Rights Forum. A forum concerning student rights is to be held Thursday, September 28, in Washington Hall. The moderators for this forum will be Facenda, General Counsel. Dean Roemer and Father Van Winkle, Vice-President for Student Affairs will entertain questions. The format for the forum allows for the HPC and Observer to question students at first half of the forum. The second half will be open to all students.

Student support in these events is necessary to emphasize the need for these changes to the trustees. Lack of student support will kill the proposal before it is presented. Therefore, it is imperative that this responsibility lies with you, the student body. Student Government has done and will continue to do everything possible to bring about these changes, but we need your help.
Editor's Note: MIDPOINT is a newcomer to the OBSERVER F-PAGE. A photo essay appearing every Thursday, it attempts to capture in photo and word some parts of the Notre Dame experience. Subjects will range from controversial ones (like today's) to more fun and familiar ones (like next week's on the Yes concert) to more mundane, interesting ones (like a future MIDPOINT on the ND Flying Club). We hope you enjoy it.

No matter which way they turn, it stares them in the face. Wherever they go to escape from it, they have to come home to it and live in it.

Such is the plight of the many on-campus students who live in overcrowded rooms and dormitories lacking adequate social space. The issues of overcrowding and lack of social space have been topics of discussion, complaint, controversy, and debate for the last two years. So much has been written about these issues that the typical Observer reader is tired of seeing the words "overcrowding" and "social space" in the headlines. But no amount of apathy or sympathy will make these problems disappear.

And the ramifications go beyond just the dormitories where they exist. More people on campus means more crowded showers, classrooms, dining hall lines, and bookstore lines, to mention a few. The University houses 5604 students on campus, about 100 of which are currently occupying new areas such as kitchens and study lounges. This past summer, money and labor were spent on renovation or creation of new lounges and game rooms, which is a beginning toward providing leisure space, but which one takes priority, leisure space or general living space?

The restrictions on lofts affect students' living space also. Lofts alleviate the crowding that excess furniture causes, but the fire regulations state they are a hazard.

Fire regulations are an entity in themselves and are not to be discussed here; however, they take away one feasible and immediate solution to cramped rooms.

These photos hopefully convey some of the inconveniences of living in cramped quarters, along with having access to beautiful new lounge areas. The reader can speculate on what it's like to live among this paradox—but only those who actually live there know for sure.

The ideal room for a deserving student.

**A typical, packed Dillon residence.**

Formerly one room of a three-room quad, this double is cramped for Lyons freshmen.
A not-too-shabby Flanner 24-hour lounge.

Views of Farley basement.

Study room or residence room!

Hopefully this won’t ever be necessary.

Many mouths to feed....

Committee announces Homecoming plans

continued from page 1

The King and Queen will receive an award package that will include a dinner at Captain Alexander's Moonraker. Tentatively, the winning candidates' residence halls will also be granted a $50 prize. The Homecoming Queen may have the opportunity to travel to the Orange Bowl in Miami, Florida to represent Notre Dame in a national presentation of college Homecoming Queens.

Nine students and three faculty members from both Saint Mary's and Notre Dame will serve on a panel of judges for the Homecoming competition. Seniors with good academic standing wishing to judge are urged to pick up an application at the Student Union office or at the Saint Mary's Student Affairs office tomorrow and to return them no later than Tuesday. Homecoming week, which will run from Oct. 14, will include individual dorm events, numerous happy hours, movies, the Neil Young concert, a dorm decoration contest, and a pep rally, perhaps followed by a fireworks display. Homecoming mum packages will be sold and delivered to rooms with special greeting cards.

The annual Student-Alumni Homecoming Dance will take place Saturday night. Repeating last year's format, a "swing-type" band will provide the music to the affair in the ACC. Admission to the semi-formal dance will be $6 per couple.

Homecoming packages will be sold again this year. The package includes general admission Pittsburgh football tickets, two padded seats at the Neil Young concert, and a pass to the Homecoming Dance.

Referring to the Pittsburgh Panthers, a "Find the Hidden Pan- ther" contest will be staged, with the winner receiving a homecoming package.

If there are any questions concerning the 1978 Homecoming Week, call Rick Mamo at 288-5543 or Sue Turcotte at 41-4407.

Judge forbids two lawyers to represent Indy schools

INDIANAPOLIS (AP) Two nationally prominent desegregation lawyers will not be allowed to represent Indianapolis Public Schools in their ongoing suit against the U.S. District Judge S. Hugh Dillin ruled yesterday.

After denying the system's petition to become a plaintiff, a defendant, in the case, the judge set a Nov. 6 hearing to consider alternative to the one-way busing of 9,555 black pupils from inner city schools to suburban districts.

Earlier this year the school district hired Louis R. Lucas, a Memphis attorney who has been involved in several desegregation cases around the country. His job was to pursue a two-way busing plan instead of the one-way re-assignment ordered by Dillin.

Toward that end, Lucas brought in Paul Domond, an Ann Arbor, Mich., attorney who has written several briefs in the Indianapolis case.

But Dillin refused to allow Lucas or Domond or anyone from their firms to participate in the case. He noted that in 1971, each man made an appearance in the case on behalf of intervening plaintiffs. Then each asked to withdraw because of differences of opinion with attorneys for the intervening plaintiffs.

The judge also denied the system's request to switch sides, pointing to the still-prevailing differences of opinion between the school district and the intervening plaintiffs.

The hearing, which Dillin scheduled, was ordered by the 7th U.S. Circuit Court of Appeals at the request of IPS, which has submitted two separate desegregation plans to Dillin.

Both of the district's proposals call for two-way busing of black and white pupils between the city and the Marion County suburbs.

One calls for 9,555 black pupils to be bused to the suburban districts, while an equal number of white pupils are bused into the city district. The other calls for the desegregation of all schools within Marion County.

Yes, America, Taco John's has gone soft.

What a Tacorific change — a Softshell Taco! Made fresh, wholesome, cheesy and meaty as our regular taco, but wrapped in a soft flour tortilla instead. Now you can crunch or munch — at Taco John's.

.soft flour tortilla instead. Yes... you can crunch or munch — at Taco John's.

Epileptic Wilson to receive award

Patty Wilson, a 16-year-old Californian, will be honored today at 4 p.m. at the Administration Building, Wilson, who is suffering from epilepsy, is in the middle of a 2,000 mile run.

Carter soon to announce new anti-inflation measures

Atlantic City, N.J. (AP) - President Carter told a steelworkers convention yesterday that he'll soon announce stronger anti-inflation measures that will require sacrifices, but will be tough and fair.

Carter gave no details of the new measures, which would be added to the voluntary efforts he asked of the public last April, and which his advisers now concede have been inadequate.

"In the near future, I will announce a strengthening of our limited arsenal of weapons against inflation," Carter said.

Carter addressed the convention of the AFL-CIO United Steelworkers of America, received a rousing applause for his remarks from his top legislators, but was met with strained applause for his remarks from law revision his top legislators, but was met with strained applause from members of Congress and officials of business firms from many parts of Indiana are also expected to attend.

Wilson began her run in Minneapolis on Sept. 10. Since then, she has run to Milwaukee and Chicago.

After leaving South Bend, she will run to Indianapolis headquarters for the Indiana Epilepsy Foundation, Cleveland, Boston, New York, Philadelphia, and finally to Washington, D.C. She will finish the run sometime in November (National Epilepsy Month.)

Jim Gorman, a spokesman for the Epilepsy Foundation for America (EFA), stated, "Patty is running to make people aware of epilepsy. The 2,000 mile run was her own idea. The EFA then united goals with her on behalf of the 2 million Americans who suffer from epilepsy. She wants to raise $1,000 per day so that she will total $1 for each epilepsy victim." Carter attended a Democratic fund-raising lunch at which he predicted Congress will approve $25 billion tax cut this year and attacked the Republican Kemp-Roth plan that would slash income taxes by one-third.

Carter said such a cut in income taxes would mean "the local taxpayers, the property taxpayers, will have enormous increases. We do not want to see property taxes raised, we want to see property taxes reduced."

In his address to the steelworkers, Carter blamed defeat of labor law revision this year on "a massive, expensive, distorted propaganda effort." He said he was especially irked at accusations that the defeated measure had been "a grab for power by the unions," saying this was the only bill offered by his administration in which "I personally helped draft every single paragraph."

The measure would have made it easier to enforce labor law violations against businesses.

Carter also promised to renew fighting next year for his hospital cost controls measure, saying "the medical lobby and the hospital industry lobby" for defeat of that plan this year.

He said one reason hospital costs have risen 1,000 percent since 1950 is that many hospitals are owned by the doctors who decide whether or not to admit patients, how long they will remain what treatment they receive and what they'll have to pay.

Concerning inflation, Carter gave no indication that he has dropped his strong opposition to mandatory federal wage and price controls. His advisers have discussed a system of voluntary wage and price guidelines, but this idea was attacked earlier this week by AFL-CIO President George Meany, who addressed the same steelworkers convention.

DORMITORY
You forgot to pack most of your clothes. But you remembered the essentials.

Now comes Miller time.
by Brian McFeeten

Saint Mary's will sponsor two study programs next summer in London and Rome.

Travel and study will be combined in the trips, according to Anthony Black, SMC coordinator for both programs.

Before arriving in Rome, students will visit Paris, parts of Switzerland, and Germany. The London group will travel to Ireland and Scotland, and will cross the Channel to visit France.

**Course offered relate to the country visited, and to Europe as a whole. Art, literature, and history courses will make use of museums and monuments in each country. In London an economics class will visit Common Market offices as well as major banks. In Rome, special Italian classes will be offered. The London program is scheduled for May 22 through June 22, while the Rome program will last from June 20 to July 19. The cost of the programs, including air fare, other travel expenses, lodging and meals, is $1295 for the London trip and $1475 for Rome. Students from over twenty universities throughout the United States, as well as from ND and SMC, participated in the programs over the past six years.**

To avoid larger clerks' strike

**Railroads ask Burger for injunction**

**Tickets available for Yes**

Tickets are still available for the Yes concert tomorrow night at the ACC. Reserved seats will be available at the Gate 10 box office today from 9 a.m.-5 p.m. and tomorrow from 9 a.m. until intermission.

_Come out and cheer for the Michigan team tonight as they play against the Notre Dame Fighting Irish._

**LOVEJOY LEADS IRISH TO 21ST STRAIGHT**

by Mark Perry

_Sports Writer_

Taking advantage of numerous scoring opportunities, the Notre Dame soccer team swept a 2-1 victory over Valparaiso University yesterday at the County Center Field. The win upped Notre Dame's record to 5-0 for the season, and increased their winning streak to 21 straight games in the nation.

The Irish began their scoring bosses in the first half. Kevin Lovejoy, who sits all the way to the right side, then crossed to Terry Pennrose in front of the net, who kicked the ball past the goalie, and Finneegan drove the ball past the outstretched goalie.

In the second half, as he scored the next four goals for the Irish, Ted Carnevale assisted with two assists, crossing the ball from the right side, where Lovejoy had started the goal and drove it into the open net. Tim Nagle added two more goals on Lovejoy's assist, and Roman Klos added assists.

Mike Mao closed out the first half scoring, as Bill Murphy looped a Murphy pass over the defense and Mao swept over the helpless goalie.

The defense relaxed a little at the beginning of the second half, as Bob Cerfion of Valparaiso scored only the second goal of the season for an Irish opponent.

The Irish continued on with a flurry of goals, beginning with Bill Ralph, who completed his hack trick on the Notre Dame Goals, assisted by Murphy and Ralph. Mao continued to push on a penalty kick, followed by goals assisted by Steve Miller, assisted by Steve. Ralph and Roman Klos, assisted by Bill Weetter and Ralph.

Commenting on yesterday's win, Mike Mao, the starting goalkeeper for the Irish, said, "I think that the Irish could have played much better against Valpo. We need more intensity," he pleaded. "We need competition to help make the team more alert." The Irish are looking forward to getting some competition Friday night, as they face San Francisco on the line against the University of Washington in the first game of the program scheduled to start at 8 p.m. at Carrier Field.

Fullback Tom Lanketkas was injured in this half when he collided with a Valparaiso player. He will be back on top of his head, but is expected to play in Friday's game.

**Tomorrow: Football Special**

Sabitus key to Irish soccer success

by Frank LaCorte

Sports Writer

If you haven’t seen one, you probably haven’t been in South Bend this year. You know, those fancy colored t-shirts saying embossed across the chest, "high school soccer". Particular short reads:

"A kick out of soccer." Everyone’s wearing them.

According to one South Bend merchant, "They’re selling like crazy."

Someone ought to give one to Jim Sabitus. A fullback on the Fighting Irish squad, Sabitus doesn’t play for recognition, appreciation, or even for his own school. Sabitus is a "just love to play soccer" type of guy.

Sabis, a standout player his sophomore year, was in South Bend Saturday night, making the trip from Vespas, N.Y., to play his football freshman year. Sabitus’ school was in Vespas, N.Y., and it wasn’t really big enough and I didn’t enjoy playing. Sophomore year I went out for soccer and I played all three years.

You won’t hear the soccer coach at Vespas High School complaining. A couple of Sabitus Burr football players and junior year (even though he missed the second half of his junior season with a torn ankle), Sabitus led the team to a 19-6-1 record his senior year. The team was good enough to be ranked number four in the nation and Sabitus was good enough to be named first team All-American.

Why, then, come to Notre Dame, a school where soccer was still at the club-sport level?

"I talked to a couple of coaches from different schools about playing soccer, but I wasn’t what you would call heavily recruited," Sabitus narrowed my choices down to Notre Dame or Colgate University and I guess I decided on Notre Dame because my brother had gone there and it was not the place.

With an accounting career in mind, the academics of the school also interested Sabitus.

"I know Notre Dame was a good school and think the coaches in my decision," he points out. "I’m definitely happy I came here. The school, the coaches, my teammates, it’s a pretty good place to be."

Even for a soccer player? "I don’t really play at the professional level yet," says Sabitus. "I don’t really think of it as a question of response. It would be nice if the program was more developed, but then it’s really satisfying to watch it grow. And of course, I didn’t have the desire just to play soccer."

What’s that? "That’s right," he smiles. "As a freshman, it was all fun. I was a freshman, I didn’t even decide to go out for the team until the night before"

"Sort of an eleventh hour decision."

Nevertheless, to try it out became the first step to starting for the Notre Dame Soccer Club. He struggled a bit in the first year, but he was happier when soccer achieved varsity status at the beginning of the 1969-1970 season.

"When it was a club, it was fun," Sabitus says. "If you didn’t want to show up for practice that day, you could be busy and couldn’t make it to a game."

It was ok, too.

"I didn’t like that at all. I think if you commit yourself to something you probably will become a varsity sport, we narrowed the list down to the dedicated players. I think that’s been the secret of our success."

In 1977, Sabitus shared the team’s Most Improved Player award with Jim Rice, Randy Witten and Oliver Franklin. In 1978, head soccer coach, Rich Hunter calls Sabitus, "the key to our team’s success."

"Jimmy plays the most critical position on the field," says Sabitus. "Whether or not we win depends on how well we can be the middle of the field and from his back-up position, Jimmy just does that. He can trap, kick, pass and he gets the offense going.

"He’s got the chance to play professional soccer. He’s got all the necessary tools."

Sabis, who serves as co-captain of the team with Ted Cartelle, Terry Finnegan and Jim Rice, is3 a realistically complimentary coach of his.

"Rich is a very special person," he says. "He’s got a lot of useful tools."

Sabis, who serves as co-captain of the team with Ted Cartelle, Terry Finnegan and Jim Rice, is3 a realistically complimentary coach of his.

"I guess he’s learning," says Sabitus. "We all are learning."

The Irish will have a chance to test their knowledge this Friday night as they take on the University of Utah in the 1978-1979 Pac-10 conference meet. Saturday night the Irish will play Michigan Wolverines soccer team.

"It’s going to be a tight game, but I think we’ve got a chance," Sabitus says. "I’ve got a lot of confidence in my teammates."
