HPC votes to draft proposal on parietals

by Ruth Kolcun

The Hall Presidents Council (HPC) last night voted unanimously to draft a proposal to redefine parietals as a hall offense, in a manner similar to marijuana and alcohol use. Jayne Rizzo, judicial coordinator, told the HPC in its semiannual meeting that "viewed in its proper perspective, parietals should be, by definition, a hall offense."

The proposals on parietals will be presented to both the Campus Life Council on Monday and the Board of Trustees at their Oct. 12 meeting, according to Andy McKenna, student body president. Rizzo described the proposal as one that calls for a change in the jurisdiction of parietals, rather than a change in the rule itself.

"We simply want to share jurisdiction with the University over the present system of parietals," Rizzo said. The proposal calls for categorizing parietal violations as "hall" offenses rather than "university" offenses.

"There already exists an informal policy on campus of keeping first- and second-year students off the hall level at the discretion of the rector. We would like to have that policy formalized and have the responsibility shared by the J-Boards and the rectors," Rizzo said.

Rizzo's observations on the nature of the "informal" enforcement was a reference to a statement made by Dean of Students James Roemer at the Student Rights Forum last week. Roemer said that parietals were a "privacy and quiet hours kind of thing," and their enforcement is "frequently kept on the hall level anyway."

In other business, Chuck DeGraade, HPC chairman, told the council that the United Way Campaign ends Thursday, and Joan Jacobsen, Student Union representative, announced that homecoming packages—consisting of tickets to the Pittsburgh game, Neil Young concert, and the homecoming dance—are still available.

SMC faculty discusses mandatory retirement

by Margie Brasill

Members of the Saint Mary's Faculty Assembly discussed a resolution on compulsory retirement yesterday afternoon in Carroll Hall with Prof. Anthony Black, chairman, presiding.

According to the new law passed by Congress, no one can be made to retire, despite the new mandatory age of 70.

Bob Borengasser, Business/Economics instructor, Prof. Smith of the Department of Mathematics, and Dr. Savola of the Department of English and Prof. Sylvia Dvorak of the Department of Modern Languages proposed that the assembly implement a resolution that would give professors the same rights as all employees to retain employment until age 70.

The proposal states that this policy would be equal and just to professors who otherwise are being discriminated against by the new law.

Prof. Charles Poinsette, Department of History, proposed that an ad hoc committee be appointed to look at the number of professors affected by the retirement law, the cost factor of their lengthened teaching careers to the College and the effect that situation would have on tenure.

There was some concern among the assembly members as to whether the committee would look at the long-range retirement picture or just this three-year period.

It finally was resolved that an ad hoc committee should deal only with the three-year issue. Long-range matters concerning faculty and administration will be explored by the standing Faculty Affairs Committee.

Assembly members also discussed English Department Prof. Tom Selsor's proposal for revision of the Bank and Tenure Committee which gives final recommendations to the president on faculty promotions and dismissals. According to Selsor, the idea behind this proposal was to give the faculty a more independent voice from the administration.

Selsor favors an all-faculty membership of this committee which is composed of three faculty members and two administrative representatives under his proposal. Committee membership would be presidential and three faculty members chosen by the Faculty Assembly.

Smith raised a recommendation that an ad hoc committee be appointed to study the proposal and report back to the assembly before the end of the year. This recommendation was approved, but Poinsette moved that a reporting date for the committee be set for Feb. 1, 1979. This was also approved.

Carter prepares veto on works bill

WASHINGTON (AP) — President Carter prepared yesterday to veto a $10.2 billion public works bill, rejecting calls for compromise and ensuring an uphill, potentially bitter clash with fellow Democrats in Congress.

Carter summoned his Cabinet to the White House on only a few hours notice for an unusual afternoon session to discuss the coming veto fight and his plans for new anti-inflation measures.

A White House official, declining to be identified publicly, said all negotiations had broken down with congressional Democrats who were seeking a compromise on the public works bill. "They could not come up with anything that was acceptable," the official said.

Carter rejected compromise offers because they would have been inconsistent with the president's veto.

Carter's veto would come after Congress had already rejected calls for compromise and just this three-year period. The measure was passed last week but congressional leaders held onto it while compromise talks were under way.

Department of Housing and Urban Development Secretaryj Rex Garamon said the bill, which contains 53 new projects including 27 Carter didn't request, arrived at the White House late Monday.

One White House source said Carter has until midnight Oct. 13 to actually sign the bill, which becomes law without his signature.

Despite Democratic opposition

SMC faculty discusses mandatory retirement

by Margie Brasill

Members of the Saint Mary's Faculty Assembly discussed a resolution on compulsory retirement yesterday afternoon in Carroll Hall with Prof. Anthony Black, chairman, presiding.

According to the new law passed by Congress, no one can be made to retire, despite the new mandatory age of 70. However, there is an exception to this law which excludes college professors until June 30, 1982. This would mean that all professors reaching age 65 between Jan. 1, 1979, and June 30, 1982, could be made to retire, despite the new mandatory age of 70.

Bob Borengasser, Business/Economics instructor, Prof. Smith of the Department of Mathematics, and Dr. Savola of the Department of English and Prof. Sylvia Dvorak of the Department of Modern Languages proposed that the assembly implement a resolution that would give professors the same rights as all employees to retain employment until age 70.

The proposal states that this policy would be equal and just to professors who otherwise are being discriminated against by the new law.

Prof. Charles Poinsette, Department of History, proposed that an ad hoc committee be appointed to look at the number of professors affected by the retirement law, the cost factor of their lengthened teaching careers to the College and the effect that situation would have on tenure.

There was some concern among the assembly members as to whether the committee would look at the long-range retirement picture or just this three-year period. Finally it was resolved that an ad hoc committee should deal only with the three-year issue. Long-range matters concerning faculty and administration will be explored by the standing Faculty Affairs Committee.

Assembly members also discussed English Department Prof. Tom Selsor's proposal for revision of the Bank and Tenure Committee which gives final recommendations to the president on faculty promotions and dismissals. Youths imitate guerrillas

MANAGUA, Nicaragua (AP) - Gun-toting Sandinista guerrillas—not the international cowboy or cop—are the new heroes of Nicaraguan youths. During the most recent violence in Nicaragua, the majority of the fighting on both sides was done by teen-agers—both male and female. "Los Muchachos," the children, manned the barricades and were the backbone of the anti-Somoza resistance in Managua, Leon, Chinandega and Esteli. At one roadblock outside of Esteli, some soldiers were 16 years old. One claimed he joined the guard when he was 11.

Post ratifies contract

NEW YORK, (AP) - Striking pressmen overwhelmingly ratified a new contract with the New York Post on Tuesday, ending their seven-week walkout at the afternoon daily, an union official said. The Post's action put the publishers of the Times and the News under pressure to come to quick terms with pressmen and other unions.

Court sentences Harrises

OAKLAND (AP) - William and Emily Harris, who a month ago said they were proud they kidnapped Patricia Hearst, were sentenced yesterday to 10 years to life in prison for the crime. They had plea-bargained against Aug. 31, and officials said they could probably be released from prison in five years. The Harrises were sentenced on four counts of kidnapping, false imprisonment and armed robbery in connection with the Hearst abduction.

Weather

Partial clearing and cool Wednesday. High in the low to mid 60s. Clear and cool Wednesday night. Low in the upper 40s. Partly sunny Thursday with a slight chance for showers. High near 70.

Gallery exhibits painting

by Diane Carey

The Notre Dame Art Gallery's painting by the master of San Miniato, "Madonna and Child," will be on exhibition at the National Gallery in Washington, D.C. during January, according to Professor Dean Porter, director of the Notre Dame Art Gallery.

Porter noted the 15th century masterpiece is worth a quarter of a million dollars, and will be "handsome" to Washington to prevent damage in shipping. For security reasons, Porter declined to comment further on how the piece will be carried.

Porter called the masterpiece "one of the most important pieces in the collection." A recent purchase from Bernard Berenson, one of the top authorities on Italian painting, received the piece as a wedding gift to his son, the director of the National Gallery. The piece has been on loan to the gallery for several years.

Notre Dame's College of Arts and Letters Advisory Council and a Walker is also a former member of Notre Dame's College of Arts and Letters Advisory Council. He received the piece as a wedding gift from Bernard Berenson, one of the top authorities on Italian painting.

The masterpiece will be on loan to the National Gallery through the University's inter-gallery loan program. The Notre Dame Gallery also operates an intra-university loan program to outfit various campus offices with works of art. Porter said he is currently over-loaded with requests from offices for paintings, photographs, and graphics.

"We've got over 1,000 works of art on file right now," Porter said, "and we've got so many requests we don't know what to do. We've given pieces to probably every office on campus, some maybe two or three different times." Porter added that the demand for works is particularly high in the fall, when the bulk of requests are made for new offices.

"When someone moves into a new office, he wants to put his "signature" on the office," Porter said. "In a sense an office is like the clothes he wears--it's a reflection of him."

Porter said he could not always immediately fill the large number of requests due to the limited number of paintings available, and the money needed to frame the pieces. Porter noted that a frame about costs him $70 to $130.

If the gallery can fill a request for a work, the borrower must sign a loan form and assume full responsibility for the protection of the piece. The borrower must also agree to display the piece in a public room, and return it upon the request of the director.

According to Porter, the paintings must be protected from fluctuations in temperature and humidity. Inconsistency in either could destroy a painting instantly. "In a way, paintings are more sensitive than human beings," Porter said. "We can adapt to the weather in the environment, but they can't."

According to Porter, when a painting in the attic of the Administration Building was moved to the Art Gallery in O'Shaughnessy Hall, it "fell to pieces" within two weeks.

X-rated film closes

by Sue Wuesteh	Senior Staff Reporter

The Forum II Cinema in South Bend has discontinued the showing of the X-rated cartoon "Shame of the Jungle" because it was in violation of a local zoning ordinance.

St. Joseph County Commissioner Richard Larson said that the theatre was in violation of Zoning Amendment #6, which states that a theatre when the screen is exposed to the public room, and return it upon the request of the director. According to Porter, the paintings must be protected from fluctuations in temperature and humidity. Inconsistency in either could destroy a painting instantly. Rugby is always a game of grunts and bruises and becomes even more so when a pair of Interstate rivals like Notre Dame and Purdue knock heads on a rainy fall morning. Purdue won the "A" game, played Saturday morning, 16-10 in a closely fought battle.

Members of the Irish "A" squad (in solid shirts) are left to right: Kevin Corcoran, Mike Raich, Pat Giorgio, Bob Huguelet, Mike McGlynn, Tim Martin, and Kevin Elpers.

Despite the roughness of the "play" ruggers take pride in the friendships they make with their opponents. Here Irish ruggers, Billy "K" Koval chats with a Boilermaker during break in the action.

Irish rugby captain Mike Roohan battles for the ball with an unidentified Boilermaker during a "line-out." Irish ruggers Kevin Elpers Mike McGlynn and Billy Koval look on while Jim Bowers gives his man a shove. A line-out is called whenever the ball goes out of bounds. Rules like the line-out, which causes the ball to turn over frequently, make the sport fast-paced and unpredictable.

Photos by
David Rumbach

Comradery (and beer) are as important to a rugby game as the contest itself. In this picture a senior rugger Kevin Corcoran discusses the game with a Purdue player as they help themselves to the mandatory keg. Custom dictates that the home throw a party after the game. Custom also dictates that ruggers party with as much gusto as they play their sport. Notre Dame ruggers, as anyone who has attended one of their parties will testify, are not ones to ignore custom.

Referee Pat Keough keeps his eye on the action as a host of Boilermakers tackle Irish rigger Billy Koval. While the Boilermakers took the "A" game 16-10 the Irish "B" and "C" squads prevailed 11-9 and 16-6 respectively.
Toohey speaks on alcohol

by Rick Travers

"Freshmen often get caught in a vicious stereotype of the macho ND student, and there is much concern here about it," was Campus Ministry Director Rev. William Toohey's comment on the recent uproar over alcohol abuses on the Notre Dame campus.

At a small, informal gathering in the basement of Flanner Hall last night, Toohey stressed Notre Dame's dedication to the total educational experience as the reason for the University's interest in combating this problem which he indicated as "surprisingly bad."

According to Toohey, the influences and expectations put on students here to drink are a violation of their integrity and freedom. He stated that the attitude toward drinking must change if the University is to continue to provide a fine educational experience.

"There must be enough imagination and ingenuity on this campus for students to socialize without having to pack 100 people into a small room with the music so loud you can't even talk to the person next to you," Toohey added.

He reiterated his belief that students should have a say in University regulations that involve them, including alcohol consumption on campus. Students must take it upon themselves to insure responsible drinking, according to Toohey, and thereby eliminate the present friction between themselves and the University on this issue.

However, the Campus Ministry director seemed to show little faith that the students could accomplish this task. Referring to recent editorials in the Observer which stressed the maturity of college students in handling alcohol consumption, Toohey stated that he could not believe in these generalizations. He claimed that many Notre Dame students need guidance to improve their maturity.

"We want Notre Dame to be different from other universities," Toohey explained, adding, "We are trying to get students here to develop meaningful relationships and Christian ideals with their education so that their college careers can be based on something more than getting drunk on weekends."

Hurricane Party

set for Saturday

The date for the Hurricane Party will be Friday, Oct. 6, not Saturday, as it was listed incorrectly in an Observer ad.

Big Brothers, Sisters to Organize

Big Brothers and Big Sisters of the Notre Dame-Saint Mary's community will sponsor an orientation-training program tonight at 7 p.m. in Keenan Hall Conference Room.

The program is designed to prepare Big Brother/Big Sister volunteers for their services with training exercises, films and discussions. For further information, contact Dan Monroe (1109).

"I see they finally got Stroh's on tap."
SMC sophomores hold meeting

by Margie Dressell

Leading the agenda for the Saint Mary's Sophomore Class meeting last night was the First Annual George Benson Masquerade Party which will take at Kubik's on Oct. 31.

The ticket price of $4 per couple includes a free pitcher of beer. Since Kubik's can only accommodate 290 people, a maximum of 125 tickets will be sold. Available Oct. 16-18, tickets will not be sold at the door.

In other business, the officers voted to have a mandatory class meeting Oct. 9 at 6:30 p.m. The focus of this meeting, besides discussing this year's class events, will be the Sophomore Class Parents Weekend in the spring.

Committees to help plan the weekend will be organized at the meeting. The class officers hope to make the annual event bigger and better this year.

Also announced were the names of three additional representatives to the Sophomore Class Forum who have been elected from Holy Cross Hall: Susan Eckelkamp, Dorothy Spollen and Nancy Giraiers.

#### The Boys from Brazil

**By Beth Huffman**

Sports Writer

Angela Athletic Facility was the scene of a double victory Saturday morning for the Saint Mary’s volleyball team. The Belles dominated the tri-match by defeating Notre Dame 15-9 and 15-3; then SMC topped Huntington 15-15 and 15-13. In the consolation match Huntington was victorious over ND 15-5 and 15-10. Top Sinker of the tri-match for the Belles was Amy Terry, a freshman from South Bend. Kathy Monahan and Amy Morris pro- vided the leadership for the trio while J-Jae at Illinois supplanted the leadership.

The tri-match win boosted Saint Mary’s record to 4-0-5 for the season. The Belles will compete every Wednesday in another tri-match with the Cardinals of Francis and Illinois Benedictine. The tri-match will begin at 6:00 p.m. at the College of St. Francis.

**The Boys from Brazil**

If they survive... will we?

**Irish golfers lose**

(Continued from page 8)

We showed what we could do, but now we know that we can’t just walk out there and expect to win every match. As long as the weather holds out, the Irish will practice informally before O’Sheill picks his varsity squad for the spring season, which will kick-off with a trip to Florida in March.
Irish soccer streak snapped at 26

by Lou Severno
Sports Writer

The Notre Dame Soccer team said goodbye to an incredible streak, the longest in the nation, to come in at a tie Tuesday night after they dropped a 2-1 decision to Goshen College at the home field. The streak was caused by a poor 1st half of play in which the Irish stumbled in their most critical goals.

The Notre Dame attack was also weakened by the loss of center half Scott, who sat out the game with a leg injury. N.D. took the game into the second half with a four-man backfield applying constant pressure in the (Goshen) box, but the Irish were unable to score until the 70th minute. N.D. coach Ken Carper sent a perfect crossing pass to Ken Dutt, who sent the ball into the net. Although Notre Dame applied pressure until the final whistle, they could not crack the Goshen defense. They have now scored 10 goals in the penalty area for most of the second half. The Irish outshot Goshen 22-8.

A disappointed coach Rich Hutor attributed the team's loss to a poor start.

"This was the second straight game we've lost and we've never won before," said Hutor. "I was rather pleased to see a ball go in the face of the grinder in the second half. Maybe it's my fault for not having the team mentally prepared," added Hutor.

In addition to ending the team's winning streak, the loss will cost the Irish a shot at an NCAA tournament bid. "Our game with Indiana is now almost a must game for us," noted Hutor. "We need to win the rest of our games in order to have a good shot at the bid in football." Although Goshen is not a large school with an excellent soccer reputation, advancing to the NAIA tournament is a 8 straight years.

The Irish whose record drops to 10-5-2-1-1 may attempt to rebound Saturday against Michigan State. Hutor predicted that the N.D. boosters will bounce back because his club never quite after falling behind 0-2. "Our guys hung tough throughout the 2nd half and never let up even though we were facing a 10 man defense. Early Wynn, 1929-63, 28 Gene Searson won a double hole in the 1st hole over a short 180 yard mountain golf course. The efforts of Notre Dame's Roman Klos were in vain last night as the Irish winning streak ended. [Photo by Cate Magonnic]

Purdue tops Irish in ND Invitational

Purdue University's golf squad avenged a two-stroke loss to Notre Dame in the Indiana College Championships by posting an identical two-stroke win over the Irish in the Notre Dame Invitational Monday night.

"This was the quiet, sturdy Indian, Bucky Dent, whose fly ball up the middle in the 7th inning tied the game with a leg injury. N.D. coach Ken Carper sent a perfect crossing pass to Ken Dutt, who sent the ball into the net. Although Notre Dame applied pressure until the final whistle, they could not crack the Goshen defense. They have now scored 10 goals in the penalty area for most of the second half. The Irish outshot Goshen 22-8.
