ND releases sports proposal to comply with Title IX

by Michael Lewis
Executive News Editor

Notre Dame released its long-awaited proposal to comply with Title IX, the federal law that requires colleges and universities to provide equal opportunities in athletics. The proposal includes numerous changes to comply with the law's requirements.

Shah leaves Panama for Egypt

PANAMA CITY, Panama (AP) - The deposed Shah of Iran left Panama for Egypt yesterday in this tiny country where he faces extradition and possible trial for his role in the 1978 U.S. embassy hostage crisis.

The Shah flew out of Tocumen International Airport here at about 9:10 p.m. EST, apparently to arrange for a refueling stop in the Azores Islands in the Atlantic Ocean before landing at Alexandria International Airport in Egypt.

The Panamanian government had filed a flight plan for the Shah's departure.

A Panamanian ambassador to the United States, Gabriel Lewis, visibly said the Shah was on his way to Egypt.

A Panamanian air force officer who asked not to be identified said White House advisor Hamilton Jordan also left Panama for Washington aboard a U.S. government plane. Jordan arrived here Friday, apparently to indirectly threaten the Shah's departure.

The Shah's increase in football scholarship aid programs will probably have a negative effect on the NCAA's football ticket prices, according to Joseph Russo, Director of Financial Aid.

The three student aid programs that will probably not be affected by the proposed budget situation are the Supplementary Educational Opportunity Grant (SEOG), the Academic Work-Study program, and the Guaranteed Student Loan program.

"These programs have been campus-based, and will probably remain the same as this year," Russo said.

"There are two problems facing possible budget cutbacks, the extra price to football spectators and the reduced cost of hockey by decreasing the ticket prices," Russo said.

President Carter's budget cuts will probably have a negative effect on the NCAA's football ticket prices, according to Joseph Russo, Director of Financial Aid.

The three student aid programs that will probably not be affected by the proposed budget situation are the Supplementary Educational Opportunity Grant (SEOG), the Academic Work-Study program, and the Guaranteed Student Loan program.

"These programs have been campus-based, and will probably remain the same as this year," Russo said.

Director of Security, Terry wishes to handle recent complaint by ND student personally

by Margie Brassil
SMC News Editor

Director of Security, Glenn Terry has decided to personally handle the complaint brought against three ND security guards by a student last Tuesday. The complaint was filed by Sophomore Gordon Geraci against Ray Garcia, Tom Costa, and Ken Wilbur, charging them with verbal abuse and harassment.

The incident between Geraci and the guards occurred last Saturday night when Geraci tried to get his ID in return for a $15 dinner pass. According to Geraci, he went twice to the Main Gate for his ID. The second time, he made a wise-crack to the guards. Garcia reportedly then flared up at Geraci.

"He threw down his badge and said he was resigning. He then began cussing at me and came forward as if to hit me and had to be restrained by Costa," claimed Geraci. Geraci alleged that Costa then began to indirectly threaten him.

Geraci spoke with Terry when he filed his complaint on Tuesday. Terry had then said he would try and get a hearing set up with Geraci, the guards, and a University representative. According to Terry, he had referred the matter to Dean Storner, who then referred it back to him.

"It is better for me to handle it than in the department," said Terry. "I don't have the necessary mechanism to get a serious mechanism to get a serious
News in brief

Grain embargo costs taxpayers eight billion dollars

NASHVILLE, Ind. (AP) - The U.S. embargo on grain sales to Russia is costing American taxpayers $8 billion and farmers another $1 billion in lost grain sales, the president of the world's largest agricultural organization says. Speaking to a group of Indiana Farm Bureau leaders, David L. Browne, president of the American Farm Bureau, noted that some of the lost sales can be recouped through sales to Mexico, the People's Republic of China and some African countries. But so far, no sales have been completed, he said.

Economist Arthur Okun dies of heart attack at 51

WASHINGTON (AP) - Arthur M. Okun, one of the nation's most highly respected economists and consultant to presidents, died Sunday, a spokesman at the Brookings Institution reported. Okun was 51. James Viana, a spokesman for the non-profit research institution where Okun was a senior fellow, said Okun died of a massive heart attack at his Washington home. A liberal and a Democrat, Okun was the key economic adviser to President Johnson during a period of rapid expansion of government programs to aid the nation's disadvantaged.

Japanese-American senator proposes internment

LOS ANGELES (AP) - Sen. S. I. Hayakawa says it's "time to translate" the Japanese-American don't like his plan for internment for interning citizens "the way we did with the Japanese in World War II." In an exchange with Rep. Norman Moritsa and Rep. Robert Matsui, the senator told his fellow Japanese-Americans, "I want to make it perfectly clear - this is not a plan for Japanese-Americans." Hayakawa says his proposal would define U.S. embassies as "mutiny area" and provide an embassy subject to arrest, detention or deportation.

Periods of rain with a high in the upper 40s. Rain ending at night with overnight lows in the mid 30s. Considerable coolness and thin cloud cover. High in the low 40s.

Israel's Cabinet allows Jews to settle in Arab city for first time

JERUSALEM (AP) - In a decision today that complicates already stalled Palestinian autonomy negotiations, the Israeli Cabinet voted for the first time to let Jews settle in an Arab city. The Cabinet approved by an 8-6 vote a proposal to establish two schools in which Jewish students would attend full time in the Arab city of Hebron on the West Bank near Jordan River. The last Jewish residents of Hebron left the city after Arab refugees from Israel returned.

Weather

Considerable coolness and thin cloud cover. Tuesday.

Samaritan Center to hold seminar

The Couple Communication Seminar will be held on four consecutive Mondays, March 31, April 7, 14, and 21 from 7 p.m. to 10 p.m. The fee for the course is $100 per couple which includes the books used. The program centers on teaching specific communication skills and frameworks for dealing with day to day issues.

Available institutional funds offset recent increase in SMC tuition

By Katie Gilligan

Due to the recent rise in the tuition fees at Saint Mary's for the 80-81 school year, many students have expressed concern in regards to meeting this increased financial demand. However, according to Director of Financial Aid, Kathleen Jeffries, a substantial rise in available institutional funds should permit a broad range of distribution assistance.

These funds, which include grants, scholarships and endowments, are awarded on the basis of need. Although 53 percent of the Saint Mary's student body is on some type of financial aid, the rise in tuition will only affect the institutional scholarship funds. As Jeffries points out, there will be more funds, and consequently more scholarships. In this way, either more lower-flying awards can be given, or perhaps, fewer, but more expensive ones, can be distributed.

During this school year, $350,095 was available, yet due to the new tuition increase, there will be approximately $556,310 available to the students. Currently, 185 students are using these funds, and next year's expected enrollment will increase this number.

Students are put down, the availability of loans for students, controls and limits are put down, the availability of loans will be reduced. Fewer lenders will be willing to put up with the red tape and possible additional costs.

"The Guaranteed Student Loan program is the most commonly used loan program at Notre Dame," Russo said. "The costs of the program are spiraling." 

"Many students attending private schools have a kind choice between public and private institutions," Russo added. "The effects of Carter's budget cut could make it more difficult for these students to attend private institutions.

Russo added that because of the elections, the significant changes in federal aid will probably not take place until the 81-82 school year.

"Public pressure in an election year from middle families who benefit from these programs will greatly offset a major change for the 80-81 (school) year," Russo said.

To increase the participation in the Guaranteed problem. At present, the percentage of students using these funds, 730,000 over the 78-79 school year, is hoping for equal assistance. Last year, the program received only $46,260 as opposed to this year's originally slated $75,000 which rose to $114,723. Next year's figures are undeterminable at this time, but Jeffries promises a "comparable student work program." The funds received from the... Title IX

Title IX team will compete in the WCHA next season, but the University will "explore other options, including membership in a geographically more compact league," according to the statement.

Student fees for football tickets, a first for Notre Dame, is part of the attempt to increase athletic revenues. With the ticket price increase and the student fee, next season will probably bring record gate receipts for ND football.

University President Fr. Theodore Hesburgh said the time had come to charge students for football tickets.

"I think we were the only school in the world that gave free football tickets to its students," he said. "Now we can." Krause said he believes the student fee will not affect student attendance. "Students pay for hockey and basketball, why not football," he said.

The proposal also calls for the establishment of an athletic endowment to help meet the costs of the University's varsity, club and intramural sports, but neither the statement nor Krause could offer specifics on this endowment.

Hockey coach Charles "Lefty" Smith called the endowment "a great move."

"It has to be done in this day and age," he said.

Title IX

three percent, and interest on a Guaranteed loan is seven percent.

"In the Higher Education Amendments pending legislation, an increase from three to seven percent is proposed for the NSL," Russo said. "The Guaranteed Student Loan faces a possible increase from seven to nine percent. These increases from seven to nine percent are likely to affect the 1981-82 term."

"It is not impossible that the budget cutbacks will create problems for students this fall, but they will not probably affect students this time next year," Russo said. Lender participation in the Guaranteed Student Loan program is a probability. Presently, the government pays lenders up to 15 percent on student loans. This is done to increase the availability of loans for students, and next year's expected enrollment does not show a marked increase in those wanting financial assistance.

Like all types of loans, money from Saint Mary's institutional funds is distributed on the basis of need. "Need" is defined by the family's income, assets, current debts, medical or unusual expenses, the number of dependents, and the number of dependents enrolled at the post-secondary level. The family is expected to pay a calculated sum, which will then be accompanied by the aid. Although this calculation is federally mandated, there is no clear cut-off point when determining the eligibility of a family.

Another financial aid division at Saint Mary's, the Work/Study Program, which received a $60,000 increase in funds over the 78-79 school year, is hoping for equal assistance. Last year, the program received only $46,260 as opposed to this year's originally slated $75,000 which rose to $114,723. Next year's figures are undeterminable at this time, but Jeffries promises a "comparable student work program."

Sr. Maureen Feedler lectures on Catholic viewpoint of ERA

by Mary Ellen Woods

Sr. Maureen Feedler, representing Catholics for ERA, addressed a small crowd in the Library Auditorium Lounge last night. In her lecture, Feedler presented a Catholic perspective on the Equal Rights Amendment, drawing from "a distinctive Catholic, religious and scriptural tradition," Sr. Feedler examined the text of the ERA. She pointed out that the proposed amendment consisted of only 52 words.

"Equality for men and women is an integral part of the Judeo-Christian tradition," noted Feedler. Vatican II, formulated Church doctrine, states that any form of discrimination is contrary to God's intent. Sr. Feedler sees ERA as an implementation of the teachings of Vatican II. She also pointed to the gospel as a norm for equal rights, citing Jesus' treatment of the women of his day.

Sr. Feedler emphasized the judicial situation today for the women of America. "Women earn $59 for every $1 that men earn," explained Sr. Feedler, citing a U.S. Government report. This situation is not getting better. "In fact the difference is now broadening," she said. In the last decade, women earned $65 for every $1 earned by men.

This discriminatory situation can only be corrected by ERA, according to Feedler. The ERA will guarantee equal rights for both men and women. Sr. Feedler proposed to end her often dramatic presentation with a discussion of the myths and distortions surrounding the ERA and the proposed amendment.

"The ERA is guilty by association in regards to the question of its relation to abortion," demonstrated Sr. Feedler. ERA has no legal connection with abortion, according to Feedler. It proports to deal with the protection of those rights that are of concern to both men and women. As Sr. Feedler pointed out, once amendment is prohibited, it does not force any action, nor is there any connection with abortion or the use of lavatory facilities.

Kennedy campaigns to overcome underdog image while Reagan relaxes

(AP) - Sen. Edward M. Kennedy worked yesterday to overcome his underdog image in New York's delegate-rich presidential primary this week, while a relaxed, confident Ronald Reagan again all but rejected his Republican rivals as possible vice presidential running mates.

And in an incident that could cause him trouble in the agricultural heartland, Reagan told a farm audience in Wichita, Kan., he was not familiar with full parity - a federally subsidizable price level for farm products that is a major political issue in the Middle West.

"I'm going to stay in the race," Kennedy on a national television interview before he toured a poor black neighborhood in New York City and met with Orthodox Jews.

The Massachusetts senator, who so far has won only two primary and caucus contests compared with President Carter's 18 election triumphs, again attacked Carter's handling of economic, energy and foreign issues.

Kennedy said he would not withdraw from the race even if Democratic Party members asked him to.

Meanwhile, a Gallup poll done for Newsweek magazine said Carter and Reagan were running about neck and neck in photo finish.

"I think we have a very good chance," Reagan said in Wichita.

The poll said Democrats favored Carter over Kennedy by 34 percent to 18 percent. Among Republicans who had made up their minds, the survey showed, Reagan had about 24 percent, Bush 17 percent and Anderson 12 percent.

Reagan meanwhile made his first campaign visit to Kansas, where he appears to be an easy front runner in the state's first presidential primary April 1. "We're well organized here," Reagan said in Wichita.

The former California governor was asked as a news conference whether either of the two primary candidates would play a major role in the White House.

"I don't think so," Reagan said.

The poll showed Carter leading Reagan by a 41 to 30 percent margin in New York; 40 to 39 percent in California; and 44 to 37 percent in Illinois.

Among Republicans who had made up their minds, the survey showed, Reagan had about 24 percent, Bush 17 percent and Anderson 12 percent.

Ford proves crime can pay

Pat Tooney

WASHINGTON-As a dark horse turned into a blood horse, the galloping John Anderson Illinois has seen a change of fortunes equal to his change of opinion.

In his early years in Congress, 1962 and 1963, his conservative voting record earned him two zeros from the American for Democracy and Socialism, the watchers of the left. Then he went wild and scored 8 and 11. But in 1966, as though the 8 and 11 were numbers on a timetable and he was holding a through ticket to reckless liberalism, he jumped off the train and went back again to zero (his latest rating was 35).

After Massachusetts and Vermont of 1969, the Anderson gets now are from the right. Headlines call him liberal, and he presents himself as a maverick moderate. It is a new public perception, though Anderson himself saw it coming as far back as 1970 when he told an interviewer that except for the "real right-wingers" back in the House, there was a drift toward the center of the positions I held originally, I'm sort of Benedict Arnold.

Although the banging of parties of the right won't be stringing headlines call him a conservative voting record of the positions I held originally, I'm sort of Benedict Arnold. But the country's news is no longer the free expression of views, as it can be among the rote and the dull--the Reagans, Bushes and liberals, is whether Anderson is a politician among the right won't be stringing headlines call him a conservative voting record of the positions I held originally, I'm sort of Benedict Arnold. But the country's news is no longer the free expression of views, as it can be among the rote and the dull--the Reagans, Bushes and liberals, is whether Anderson is a politician among the right won't be stringing headlines call him a conservative voting record of the positions I held originally, I'm sort of Benedict Arnold. Apocalypse, When?

Francis Ford Coppola is right. It is "Apocalypse Now." What was true for the people of the last days is applicable today. They were given a frightening projection of the terrifying events of the Last Days. But the apocalyptic strategy was to draw from such future projections lessons and pointed exhortations for the present moment. People were to realize that, in a real sense, the future was already happening.

In a recent interview, Francis Ford Coppola stated that he doesn't have to go past our morning headlines to get a glimpse of the catastrophe biblical visions describe. As in numerous examples, Amnesty International's annual report, which documents executions, arbitrary arrests and imprisonment and staged disappearance trials, where all is presently a global pattern of human rights abuses.

With such data, plus the additional cataclysmic vision of world starvation and impending nuclear war, there is the sense of fulfillment of what William B. Yount anticipated in his famous poem, "The Second Coming..."

Things fall apart; the center cannot hold
More anarchy is loosed upon the world,
The blood-dimmed tide is loosed,
And every reasonable man (who is not absent) must take sides...

The ceremony of innocence is drowned;
The best lack all conviction, while the worst
Are full of passionate intensity.

But there is another purpose of apocalyptic writing beyond admonition, warning, and foretelling. In the serene sense, these writers had as their purpose the intention to comfort a people distress ed and anxious about the future by showing that it is God who in final control of the world. There is the promise that God will not be absent: "Blessed are they that wait for God, for the God of Jacob will come to their aid in the last days." (Lam. 3:28) In the midst of bad news, there is good news: "The Lord will be present in His power to sustain the people."

Easier said than done. It's a challenge to us to believe this, to believe that, in a world obviously out of control, God is in control. It's a crazy and absurd...like every Christian gamble. We are, for example, part of such a world in such a way that we would make no sense unless God created it, unless God cares. In a world going crazy, we crazy Christians are called to affirm joyfully our faith in God.

And all we have to go on to do this in is our faith in God. Does Jesus' own experience bear out the truth of what He said?

The veins are bathed in liquor of such... When in the heat of the noonday sun, the pregnant earth is bathed in the liquor of such... We are part of it, dedicated to Mars, the agricultural rite recorded in the assyth or Feast of Unleavened Bread, of which began as the full moon nearest to the vernal equinox at which time the pharaoh became the dispenser of bounty who filled and rejuvenation, and andent celebrations. God of the mysteries, (Him whom one may not name), and then the pharaoh became the dispenser of bounty who filled Upper and Lower Egypt with excesses.

The Hebrew spring festival was known as the Pesach or Passover which began as the full moon near the vernal equinox. The firstlings of the lambing season were offered. There were sacrifices to the fertility gods.

The Pesach was combined with the feast of Assur of Unleavened Bread, an agricultural rite recorded in Exodus and Deuteronomy as the annual commemoration of release from the Egyptian yoke. The various traditions connected with the Hebrew spring festival were interpreted in terms of these biblical events.

Greece offers us Dionysus, god of Wine. Ceremonies began on Feb. 11 where the second fermentation of wine came to an end and was ready for drinking. According to Robert Van Camp, in The Greek and Classical Languages, the Greeks were "very uninhibited" in their methods of celebration. Heavy drinking followed with lads jumping on wine skins and girls being swung in swings to promote fertility.

Greater Dionysia lasted from March 9-11 and was the last of the Dionysian festivals to be instituted in Athens. Vacca explained that for these five days, everyone from the lowliest to the highest was equalized in the spirit of celebration.

When the Greeks held their Dionysian festival, the state even paid for the romans to be buried in addition to the welfare of the farmer and his household.

Statements made by St. Augustine in De Catechese Dei, yield information on these festivals and gain us an insight into the Roman's sacred cows to Telllus Mater (Earth Mother). Ewes and cows were fumigated in order to propagate freely and provide a plentiful supply of milk. The Romans believed that if the animals ran through fire, they would be more fertile.

The Rogaliana was a ceremony to avert red mildew from the wheat. It involved a prayer to Roligus, the placing of license and wine into a fire on an altar, together with the flesh of sheep and the entrails of a dog.

The Floralia celebrated the god­ dea of flowering plants. It involved licentious games coupled with excess­ive drinking. In 173 B.C., the event became an annual festival by Senate decree. The obscene features of these rites were rites of an earlier fertility cult performed to ensure the earth's fruitfulness.

The Lernoria was an expansion ritual practiced in order to drive evil spirits who were believed to be excessively rampant in the spring.

The Lupercalia which originated as a rustic picnic festival for boys and herds in addition to the welfare of the farmer and his household.

Committee plans Senior Trip to Carribean for October break

by Budgett Berry

Staff Reporter

The Senior Trip will definitely be held over October Break next year, Coordinator Mike Geis said yesterday. "We won't be certain until tomorrow, but it looks like we'll be going to the Bahamas," he added. Geis said that a meeting is scheduled for 5 p.m., at which time Father Mario, as­sistant director of student act­ivities, will report on the costs of a trip to Nassau. Then a final decision should be made.

Although the Nassau trip was not included as a possibility on the survey distributed on the 26th, Geis said that he expects everyone to be satisfied. "It meets the two main criter­ia," he explained, "San and an island. It should be consider­ably cheaper than other alter­natives," Geis said. "There is a lot to do and it will be less of a problem politically," he added. October Break runs from the 19th through the 26th.

In Case You've Missed Us... We've Missed You!

Over the past decade, Michael & Co. has been pleased to serve all of our valued Notre Dame and St. Mary’s clients. Recently, we moved from our old Edison Rd. at Ind. 23 location which was just ¼ mile away. Now we’re only 2½ miles away! Still on Edison Rd. Still convenient. Still the one. We welcome you to visit us soon at our all new salon.

A career in law—without law school.

After just three months of study at The Institute for Paralegal Training in exciting Philadelphia, you can have a stimulating and rewarding career in law or business—without law school.

As a lawyer’s assistant you will be performing many of the duties traditionally handled only by attorneys. And at The Institute for Paralegal Training, you can pick one of seven different areas of law to study. Upon completion of your course, The Institute’s unique Placement Service will find you a responsible and challenging job in a law firm, bank or corporation in the city of your choice.

The Institute for Paralegal Training is the nation’s first and most respected school for paralegal training. Since 1970, we’ve placed over 3,000 graduates in over 45 states nationwide.

If you’re a senior of high academic standing and looking for an above average career, contact your Placement Office for an interview with one of our representatives.

We will visit your campus on:

MONDAY, APRIL 14

his main competitors for the GOP presidential nomination— George Bush or John B. Anderson—would be the team player. Reagan says he would want in the vice presidential running mate.

Reagan dodged a reply about Bush, without endorsing him in any way. About Anderson, he said: "If you can choose a fellow as vice president who says he doesn’t want you as president and couldn’t support you? It’s a case of his turning me down."

Later, at an "agriculture day" event, Reagan was asked whether he favored 100 percent of parity—a subsidized farm price level intended to give farmers the same purchasing power they had before World War II. "I am not as familiar with some things like that," he replied as a murmur of sur­prise swept his audience of farmers. Bush scoffed at the Connec­ticut poll results and proclaimed himself "the new me" who talks only about issues and not public opinion. He also challenged the Carter ad­ministration to explain why the deposed Shah of Iran left exile in Panama, and said he hopes the United States is trying to see that the shah gets the medical treatment he needs.

Two versions

Senate debates balancing the budget

WASHINGTON (AP) — Repub­licans and Democrats are squaring off in the Senate to see which side can come up with a more appealing plan for bal­ancing next year’s federal bud­get. The Senate has set aside the separate approaches, both of which would reduce the balance between spending and income in the 12 months that begin Oct. 1.

The Republican version go a step further and cut spending during that period to a fixed percentage of national income in order to make sure there are few economic costs. While the Senate prepares instructions for its Budget Com­mittee, the House will consider the spending plan already rec­ommended by its budget­writers. That plan would cut $1.5 billion from the budget submitted by President Carter in January and would result in a 21 percent level preferred by Roth.

Rep. Robert Giamo, D-Conn., chairman of the House Budget Committee, anticipates problems in getting that budget passed. The leaders of the liberal Democrats insist the budget­cutting from the spending and social programs they’ve been urging will be too large.

With inflation running at an annual rate of 18 percent, the drive to reduce government spending and balance the bud­get has taken on new life this year. The Carter administration and congressional leaders say a balanced budget will be a major signal to workers and to finan­cial markets that the govern­ment means business in the anti-inflation battle.

Nine Democrats and 37 Re­publicans have signed the GOP plan, which is sponsored principal­ly by Sen. Bill Roth, R-Del. That resolution simply directs the Senate Budget Committee to ensure that the next budget does not exceed 21 percent of the Gross National Product, a measure of all goods the nation produces.

That would limit spending to either $90 billion as Roth says, or $84 billion, according to Democratic opponents.

Sen. Edmund S. Muskie, chairman of the Budget Com­mittee, insisted such limitations would make it more difficult for Congress to deal with the ups-and-downs of the economy and would force unrealistic cuts in spending.

In an effort to sidetrack the Roth resolution, Muskie won endorsement by the Democratic Caucus of a substitute that would require a balanced bud­get and earmark any surplus for tax cuts. And to give the Senate a clear choice, it would show where additional cuts could be made in order to reach the 21 percent level preferred by Roth.

The Senate will continue talking this week about Carter’s proposed “windfall” tax on the oil industry, which also is a major part of the way out of inflation.

Republican-led opponents of the bill, which would cost oil producers and royalty owners an estimated $227.7 billion in the 1980s, are drawing out the debate in an effort to force the convening of a new Senate­House conference committee that would write a more accept­able version.

[continued from page 2]
Brown's 'toughest' decision brings success to UCLA

INDIANAPOLIS (AP) - The Bruins are back. UCLA once again is competing for the NCAA basketball title. Tradition is being served, largely because first-year coach Larry Brown had the guns in mid-season to fly in the face of tradition.

"It was the toughest decision I've ever had to make," reflected Brown on the eve of the Bruins' matchup against Louisville-Monday night for the NCAA championship. But I had read on the team up pretty good in the beginning of the year. I knew UCLA had the potential to get this program where it belongs.

With the Bruins struggling at 8-6, Brown told his players he was making some lineup changes. Seniors Darrell Allums and Gig Sims, as well as sophomores Tyren Naulls and Michael Holton in the starting lineup, and also gave increased responsibility to his "four young whackos" - freshmen Rod Foster, Michael Holton, Darren Daye and Cliff Pruitt.

"I've never seen a group as talented as these kids," said Brown. "They have no fear. They feel they are better than anybody - and sometimes they are right.

Since Brown altered his lineup and simplified his offensive and defensive schemes, the Bruins have won 14 of 17 games. They made it into the expanded 48-team NCAA tournament, where they knocked off top-ranked Duke, among others, on their way to the final.

It was Brown's decision to work with youngsters like the "four whackos" at a place like UCLA that made this so attractive for Brown. After 6½ years of college in the pros, he was a nervous wreck when he left the Denver Nuggets under fire on Feb. 1, 1979.

Leaving the Nuggets to coach at UCLA might be like going from the frying pan to the fire, and while he got burned early, Brown says he's never been happier.

"I've never had a relationship with players like I have with these kids at UCLA," said the 39-year-old native of Brooklyn. "The nature of the college game leads to unselliness, which is not the case in the pros. There you read about super players instead of super teams.

"I wanted to be a teacher and have a real relationship with my players, and I wasn't getting that satisfaction in the pros."

Brown almost took the Memphis State coaching job, but turned it down. The UCLA obligation post, however, he could not refuse.

...Era

Bruno and while he got burned early, coaching in the pro ranks, he had about 1,000 fans that he was dedicating the tournament to a friend he had lost to cancer. That friend is Jerry Stringer.

"They go back to grade school," Houston said.

Stringer was the basketball team's assistant at Male High School, a team Houston coached and Griffith guided to the 1975 Kentucky high school basketball title. Houston explained that Stringer's disease was diagnosed about six months ago as bone cancer, and the resulting medical battle has proved upsetting to Griffith.

"Darrell saw Jerry right before we left Louisville," Houston said. "It made him sad. So he dedicated the game to Jerry on the bus."

In Saturday's game, Griffith exploded for 16 of Louisville's first 18 points and finished with a game high 34 points. "All we could do was go to the boards and watch Darrell," said sophomore forward Derek Smith.

"Iowa took us out of our fastbreak offense and played tough defense, so we had to play their game," said forward Wiley Brown. "We had to go to Darrell, and he came through for us."

There was no stopping the 6-foot-3 Griffith. Besides hitting 14 of 21 field goal attempts, he also led both teams with six assists and pulled down five rebounds.

"Griffith is a great player," said Iowa Coach Lute Olson. "The tighter we played him, the better he shot the ball. He played as well against us as any player ever."

Iowa's hopes were hurt when guard Ronnie Lester, who scored the first 10 Hawkeye points left the game with his club trailing 22-17 after receiving what Olson said was a bruse.

"It wasn't a re-injury," explained Olson. "The doctor was concerned that if we didn't keep it iced, he'd have swelling. We expect him to play Monday."

Lester, Iowa's all-time scorer, who missed about half his team's games this season due to two operations on his right knee, never returned.

"It hurt us in terms of leadership," said Olson about the loss. "We were suddenly forced to go with six players, instead of seven."

opposite Griffith.

"I'm sure they'll press us as soon as we leave the dressing room," said Brown. "If we get into a schoolyard game with their type of game, we'll be in deep trouble."

"We'll have to play team defense and try to stay away from one-and-one situations."

The Bruins have assumed the unofficial title of this year's "Cinderella Team" - a tribute to their late-season resurgence into a schoolyard game with the better they shot the ball. He played as well against us as any player ever."

Mark Hoyer battled to a hard-fought victory over Chuck Nor­
tuck in the number four singles match 7-5, 7-6 (3-4). Sopho­
more Mark McMahon and Tom Robinson wrested little time in
beating Gaines Scott and Steve Huda at the number five and
six singles respectively, 6-1, 6-0, and 6-3, 6-1. Robinson
improved his singles record 3-1, 1-0, on the team.

The two Irish losses came at the
number two and three singles. But after the disap­
pointing losses, Harris and
Hopwood joined forces to take
the number one doubles com­
petition, 6-2, 2-6, 6-4. You
could tell things were going well
for Notre Dame when
Carlton Harris lost control
of his racquet after a serve. As
the defenseless Harris watched
his racquet slide all the way
to the net, Hopwood
screamed, "We're about to
expect to be beat at this point," said Fallon. "Things are
looking very good for the rest
of the season, and that goal of
20 wins still isn't out of the
question. We can only afford
one more loss, but with the
great attitude on this team, we
may not lose any. The leader­
ship this year has been great
with Carlson (singles, senior
captain), and they have a
real winning attitude. They
take defeat hard, but they
seem to everyday it's somebody differ­
ently winning a 'win'...picking up for somebody who
might be a little down."

Fallon is especially pleased
with the progress of freshman
McMahon. "His San Diego
Challenger performance is a
record thus far with three of the four
losses coming against NCAA
number one players. I think
Mark is gaining more confidence with every match," said
Fallon. "I think his determination and performance
against Capulong and ex­
pecially Van Liezhoit this
weekend shows potential."

Fallon will take the team
to sunny Mexico and Acapu­
co, Mexico, on Thursday
afternoon for a ten-day, ten-match
workout/vacation. The team
will be the guest of a group of
former Irish players under
Fallon. "The major objective of
a trip of this nature is conditioning," says Fallon.

"Playing a match a day on
tennis courts in Mexico's
high altitude would get any­
body into top shape."

The Irish will need to be in
top form upon their return as
they will play 15 matches in a
21-day span starting with Bel­
larne on Friday, April 11 in
the first match of the Notre
Dame Quadrangular Tourna­
mament. 'I'm looking for the
team to be playing its best
tennis right after we get back.
With Hawaii, Ohio State, Indi­
ana, Kalamazoo and Western
Michigan coming up in a
hurry, they're going to need to
be prepared.

"We're about to expect to be beat at this point," said Fallon. "Things are looking very good for the rest of the season, and that goal of 20 wins still isn't out of the question. We can only afford one more loss, but with the great attitude on this team, we may not lose any. The leadership this year has been great with Carlson (singles, senior captain), and they have a real winning attitude. They take defeat hard, but they seem to everyday it's somebody differently winning a 'win'...picking up for somebody who might be a little down."

Men grab bookstore slots...

The 120 available spaces in this year's Bookstore Basketball tournaments were entirely filled yesterday afternoon. Sign-ups were held in the LaFortune Ballroom and assistant director of students' recreation, Darrell Young, announced that the roster was completed in "a little over an hour."

"When we filled the 120 spaces, we started a waiting list," Young pointed out Sterling, acting in place of retiring tournament coordinator, Bob King, who was out of town at the time. It is unfortunate that we cannot accommodate everyone who wants to play, but it looks like we will be able to expand the field this month."

Last year's tournament roster was enlarged from 256 to the present 300. An unexpected number of students re-registered for the tournament, thereby leading to the opening of an additional 36 spaces. Young announced that a new commissioner will be named sometime this week and participating teams will be able to pick up their tournament schedules and brochures before the finals of the tournament will be played on Sunday, April 27.

...women's spots remain available

Ellen Donney, commissioner of the Women's Bookstore Basketball Tournament, has announced that there are still spots available in this year's tournament after yesterday's sign-ups. Teams of five who still want to enter should call Donney at 947-8209.

Lacrosse teams open season, defeat Ball State, 7-4

The Notre Dame lacrosse team began its season yesterday with a 7-4 whipping of Ball State University. The Irish were led by Mike Norton who scored a hat trick. Dick Gargiulo added two goals and three assists, while Mike Lynch, Carl Lundblad, and Jay Ortiz each added a pair of goals in the c-rall team effort by Notre Dame.

The Irish home opener will be April 12 against Western Michigan University.

**Scholarship reduction clouds WCHA's future**

by Brian Beglane

Northeastern University’s proposal to reduce grants-in-aid and travel costs for the University’s hockey program could have a significant impact on the Western Collegiate Hockey Association, to the extent of possibly determining the future of the league.

In an announcement made Saturday morning, the University stated “efforts will be made to reduce the substantial subsidy to ice hockey by a gradual reduction in the number of grants-in-aid and by an attempt to reduce travel costs.” The hockey team is the only sport which will receive a curtailment in scholarship, as a result of Northeastern’s plan to upgrade women’s intercollegiate athletics.

University president Dr. Theodore Herdshug, C.S.C., confirmed earlier reports that the hockey team will lose two of its scholarships this year, bringing the total number down to 18. Future cutbacks, however, were implied in the statement:

“...the team will continue as a member of the Western Collegiate Hockey Association next season while exploring future options, including membership in a geographically more comprehensive league,” the statement said.

The 10-team WCHA group includes schools surrounding Colorado Springs and as far east as Amherst, Mass. That spans approximately 1,000 miles. The desire of Northeastern and other schools to cut back on the travel involved with league costs will have a significant impact on the WCHA’s future. The league’s future could very well be decided by this issue of travel.

Lafayette third set because of limited depth, but we will have a solid team can compete. Also, the league meetings last spring, the member schools voted overwhelmingly to use a 10-team, 10-7, the proposed divisional idea.

The notion of the WCHA and the Central Collegiate Hockey Association merging into one league was proposed last spring by CCHA commissioner Frank Jacoby. “We favored the idea,” said Jacoby, “but the (WCHA) rebuffed us.”

The CCHA currently has 22 members, and that number will probably expand to seven next year.

The proposal to form a new league with seven schools from the state of Michigan and Northern Michigan University, has also been aired over the last year. If that would happen, the WCHA would lose Notre Dame, Michigan, Michigan State and Michigan Tech. The CCHA would lose Western Michigan, Northern Michigan, Lake Superior State, and Ferris State.

The options remain to be discussed, but as for next year in the WCHA, Smith feels his team is prepared.

“We won’t have much depth, but we will have a solid base for the season,” he explained. “We have got a lot of post players coming back and if we succeed in getting the recruits we want for next year, we should be okay.”

Notre Dame hockey team’s attempt to cut traveling expenses may cause trouble for the WCHA. [Photo by John Macor]

**Title game reflects Wooden era**

INDIANAPOLIS (AP) — For the teams involved, the NCAA basketball championship game tonight will be just like looking in the mirror.

“It’s going to be a classic matchup of two quick teams,” underscored Louisville coach Denny Crum Sunday in the ceremonial pre-game press conference, prior to the game against UCLA.

There’s more to it than that, though. Along with the similar attributes of quickness, the finalists also have relatively short lineups and are similarly studded with young players. Louisville has three sophomores and a freshman among its top five players and UCLA starts an all-freshman backcourt.

The comparisons continue down to the type of offense the teams run - the hup-post. Both coaches got the idea from former UCLA Coach John Wooden.

There’s a reason for that in Crum’s case, of course. He played at UCLA and coached there under the ultra-successful Wooden, who won 10 NCAA championships with the Bruins.

“I had the opportunity to learn from the best coach I’ve ever had,” Crum said about Wooden.

Crum also had the opportunity to learn from his own experience in these NCAA championships. He coached in the 1972 and 1975 championship round, ironically losing both times to UCLA in the semifinals.

He holds no animosity against UCLA as a result of those losses, however.

"I wouldn’t be here today without them," said Crum. "I learned everything I know from UCLA."?

One of the crucial things that Crum learned was the importance of the pressing defense - a tactic that has carried the tough Cardinals through the Midwest Regionals and past Iowa into the national final with a scoreless 3-3 tie record.

"A lot of people look at us as a run-and-gun team," said Crum, "But our strong point is our defense. You don’t get this far without it."

Most everyone in Market Square Arena, though, no doubt will be more cognizant of Louisville’s offense - peculiarly Darrell Griffith’s offense. The Louisville "skywalker," who scored 34 points in the Cardinals’ 70-62 victory over Iowa in Saturday’s semifinals, gained a berth in the final by sweeping past UCLA’s 6-4 Bar of Lansing Michigan, in a best of three match during the season. Meanwhile, Notre Dame won its pool and defeated a team, the Bel Air Ducks of Indianapolis, in a best of three contests.

For Mel Goralski, not only the coach for Notre Dame, but also a player-coach for defending East Coast, complemented Barry Enright, a former player from Lancaster, N.Y., on his outstanding tournament play for the Irish. Smith joins two... [continued on page 11]

**East Coast, Windy City win tourney**

by Beth Hoffman

East Coast, a men’s volleyball team from South Bend, thwarted Notre Dame’s hopes to win its own tournament by toppling the Irish 15-10, 15-10 in the finals of the 26-team SMC-N Dow Invitational held over the weekend. Notre Dame’s division was the Windy City club, while the West, a club of Bel Air, Md.

The East Coast club, in its first year of existence, gained a berth in the final with its sweep of the Midwest Regionals. The Irish lost a tie to the West, 2-3.
