Solidarity rebels in hour strike

WARSAW - Poland (AP) — Solidarity defiantly went ahead with plans for a 24-hour, nationwide strike today over food shortages and other problems. The Polish Communist Party's Central Committee and the Soviet-led Warsaw Pact were reported preparing separate meetings.

Lech Walesa, leader of the independent labor movement, had been expected to hold talks with government officials last night, apparently in hopes of heading off the walkout. But union sources said he had not met any officials, and that the nationwide protest would go ahead as planned at noon.

The government information agency Interpress said Polish troops were taking up positions in villages and towns and their initial reception

more struck heavy industrial plants, and in far western Zielona Gora where some 150,000 workers were on strike.

Walesa met with about 5,000 people in Gdansk, where textile workers were on strike for the 15th day over food shortages. "The strength of the union lies in unity of action, but this strike was unavoidable," he told the rally.

In a surprisingly open report, Interpress cited sources as counting "ponderance," "incoherence and license of bureaucrats," and hailing "the schematic planning and total precision.

Interpress said the soldiers who were ordered into villages and towns Monday were beginning to study causes of a drop in meat supplies, the number of parked cars and to supervise procurement of supplies of fuel.

The Polish protest is expected to involve millions of workers, and has been condemned by the government and party as threatening Poland's "political, economic and defensive" foundations. It has also sparked protests from state-run press and radio workers.

Wildcat strikes have been simmering for weeks and continued Tuesday in Zyrardow, 20 miles west of Warsaw, where 12,000 workers occupied textile mills, in southeastern Tarnobrzeg, where 120,000

After a campaign on increasingly racial lines in Atlanta, Ga., a "city too busy to hate," voters went to the polls yesterday for a mayoral runoff between former U.N. Ambassador Andrew Young and former state Rep. Sidney M. Marcus. With temperatures in the 50s under drizzly skies, voter turnout was described as middling as light as on Oct. 6, when a 49-year-old black man and Marcus, 55 and white, led a field of seven candidates seeking to succeed Mayor Maynard Jackson. Jackson was elected in 1973 as Atlanta's first black mayor and was re-elected in 1977. He cannot seek a third consecutive term and endorsed Young. — AP

Eli Lilly & Co., the Indianapolis-based pharmaceutical giant, announced plans yesterday for a $60 million biomedical laboratory for research ranging from the common cold to cancer. Earl H. Hinshaw, president of the research division, offered Sen. William Proxmire, D-Wisc., the Senate also agreed to dispense with an administration request to defer funding for the project. The administration will certainly agree to this. Mrs. Cronin estimates that 30 percent of the Notre Dame population has or will have alcohol-related problems during their stay here. The ability to do this looken will have his or her life adversely affected be- cause of continued alcohol abuse. It was conceded that the present University alco- hol policies are effective in preventing alcoholism. Treating student drinking at the ultimate source of student drinking is a highly simplified approach to a complex problem. The sources of student drinking are many-fald, and the availability of alcoholic beverages is but one small part. Drinking problems here at Notre Dame stem from so many different dimensions that it is unrealistic to think that the University can solve all of these problems. It is in this area of helping students adopt a responsible attitude towards alcohol that the University is probably the most effective.

The Indians Court of Appeals ruled yesterday that the Public Service Commission doesn't have the legal authority to regulate any aspect of the cable television industry. The ruling came in a suit by Illinois-Indiana Cable Television Association, Inc. challenging the PSC's 1979 decision assuming control over cable television pole attachment rates and charges. Those are the rates that electric and telephone utilities charge cable TV companies to use their poles to piggy-back their lines on the utility pigeons. The effect of the ruling means new owners of cable television companies can set their own rates for pole attachment. The agreements are subject to guidelines in federal law. PSC chairman Robert Murphey said yesterday that the decision will mean that he or she will have no problem with alcohol abuseזכות in this school such as strained male/female relationships, the necessity to approach the alcohol abuse situation from a different, more University-oriented point of view. To do this, I went to Psychological Services and Peggy Cronin, the University's alcohol abuse counselor, to dis- cuss with her this threatening situation of alco- holism. There is no question that there are numerous, serious alcohol problems at this school. Both students and administrators certainly agree to this. Israel denies AWACS association

JERUSALEM (AP) — Israel remains opposed to U.S. sale of AWACS radar planes to Saudi Arabia, but has softened its criticism and taken steps to disclaim responsibility if the sale, blocked by the U.S. Congress, is later approved.

With a slim majority apparently lining up on the Senate floor, the Senate is to vote today on whether to approve the $15 billion package, the largest arms deal in history.

Israel believes the AWACS radar planes and offensive equipment for the F-15 fighter planes, though intended to defend the Persian Gulf, ultimately will benefit the United States against Israel.

With President Reagan's prestige at stake, Israel has taken steps to disclaim responsibility if the Senate votes "in favor of the package.

— Instructions went out to the Israeli Embassy in Washington to stay out of Reagan's battle with Congress.

— Prime Minister Menachem Begin scrapped an idea to send a bipartisan parliamentary delegation to lobby against the package.

— Begin rarely ventured public comment on the deal in recent weeks, but he has recently reaffirmed his opposition when asked.

Last week Begin issued a mildly worded statement in response to reports attributed to Reagan that Begin was less opposed in private talks than in public to the arms package. Begin said he always stressed the dangers to Israel in all his meetings.

Begin spokesman Uri Porat said Thursday that Begin had not given any minor consideration for Senate opponents and could not be blamed for a congressional veto.

Israel also was concerned that disapproval of the sale might trigger a wave of anti-Semitism in the United States.

The White House has dropped its threat of a veto if the Senate approval, but Reagan's stand remains firm.

Description of the administration as being "within a very few votes" of winning Senate approval, David R. Gergen said: "We definitely can win. The gap is closing. We're within a handful of votes.

Gergen said the president was spending much of the day "in what we call quiet persuasion," meeting separately with at least nine senators in the study in his living quarters. "It's an intense setting," Gergen said. "It's a test of nerve.

In addition, Reagan telephoned a handful of senators and plans to continue his meetings Wednesday.

Despite his success with others, the president failed to sway at least five opponents - Sens. Paula Hawkins, R-Fla., and David F. Durenberger, R-Minn. - as he continued his efforts to win over other senators.

The latest Associated Press count had 52 senators declared against the sale; 46 announced in favor, and two undecided.

Switching in favor of the sale were Sen. Roger J. Troester, R-Iowa, who had been a declared opponent, and Sens. Charles E. Grassley, R-Iowa, and J. James Exon, D-Neb., both of whom had been leaning against it.

Five senators who had been committed came out in favor of the sale yesterday. They were: Robert Dole, R-Kan., Harrison Schmitt, R-Colo., James Abourezk, D-S.D., and Ted Kennedy, D-Mass.

Despite his success with others, the president failed to sway at least three voters - Sens. Paula Hawkins, R-Fla., and David F. Durenberger, R-Minn. - as he continued his one-on-one lobbying blitz at the White House.

Reagan plans to send Senate Majority Leader Howard Baker, R-Tenn., a letter Wednesday outlining the arrangements between Saudi Arabia and the United States for the sale, Gergen said. The letter will not be classified, he added.

Gergen said the arguments Reagan was using in his talks with senators were "along the lines that this sale is in the best interest of peace and the national security of the United States." 

Boren said the Senate "cannot in conscience accept even a part of the responsibility for the consequences of a rejection of this sale. The potential damage to our country is too grave. The risk is too great."

Reagan nears vote needed for AWACS

WASHINGTON (AP) — President Reagan switched three opponents and picked up five other votes from among uncommitted senators yesterday in a major gain for his fight to rescue an $85 billion Saudi arms sale from Senate defeat.

The gains put the president within four votes of a come-from-behind victory for the sale of AWACS planes and F-15 jet fighter weaponry.

The latest Associated Press count had 52 senators declared against the sale; 46 announced in favor, and two undecided.

Switching in favor of the sale were Sen. Roger J. Troester, R-Iowa, who had been a declared opponent, and Sens. Charles E. Grassley, R-Iowa, and J. James Exon, D-Neb., both of whom had been leaning against it. Five senators who had been committed came out in favor of the sale yesterday. They were: Robert Dole, R-Kan., Harrison Schmitt, R-Colo., James Abourezk, D-S.D., and Ted Kennedy, D-Mass.

The gap is closing. We're within a handful of votes.

Gergen said the president was spending much of the day "in what we call quiet persuasion," meeting separately with at least nine senators in the study in his living quarters. "It's an intense setting," Gergen said. "It's a test of nerve.

In addition, Reagan telephoned a handful of senators and plans to continue his meetings Wednesday. Despite his success with others, the president failed to sway at least five opponents - Sens. Gergen said the arguments Reagan was using in his talks with senators were "along the lines that this sale is in the best interest of peace and the national security of the United States." 

Boren said the Senate "cannot in conscience accept even a part of the responsibility for the consequences of a rejection of this sale. The potential damage to our country is too grave. The risk is too great."

ND ‘enforcing policy’ in campus driving

By MARK BOENINGHAUSEN News Staff

Saint Mary's students are encountering difficulty driving onto the Notre Dame campus due to Notre Dame Security's enforcement of a long-standing policy that only allows a limited number of people to drive on campus.

Notre Dame security director Glen Terry explained that Saint Mary's students are given "cons of driving phony" and "not to drive" reasons in order to drive on campus. To control the problem, Terry stated that the gate guards were given instructions not to let Saint Mary's students drive on campus. When asked to specify what problems, if any, the Saint Mary's students were causing, Terry replied, "just problems."

Saint Mary's students are allowed ample parking space in most parking lots on campus, space that has been expanded since 1980 according to Terry. The only space not open to Saint Mary's students, noted Terry, is the lot behind the ROTC building.

Terry contended that the action is only a reinforcement of a long-standing policy. Notre Dame students are restricted in their access to the Saint Mary's campus, Terry stated. Notre Dame students are also not allowed to drive on campus except in "special cases." Terry students should park in the lots, he explained, as Notre Dame is a "pedestrian campus."

sions counselor at the university for three years and served as assistant rector of Dillon Hall. He was awarded his doctorate in higher education administration from Indiana University in 1980, the same year he joined the College of Business Administration Faculty. He is a member of the committee currently studying the University’s priorities.

E. William Beauchamp, C.S.C., has been named administrative assistant to Fr. Edmund P. Joyce, C.S.C., executive vice president of the university.

Beauchamp, 40, is completing study for the Holy Cross priesthood after receiving his M.T. degree from Notre Dame last May. He also has an undergraduate degree in accounting (1964) and an M.B.A. in finance (1966) from the University of Detroit. He was graduated with honors from the Notre Dame Law School in 1975. He taught and was associate director of admissions at Alma College in Alma, Michigan, for six years and practiced law for two years. Ordained to the diaconate last September, he is scheduled to be ordained to the priesthood this spring.

Fr. Ernest J. Bartell, C.S.C., a fellow, trustee and former faculty member of the university, has been appointed executive director of the Helen Kellogg Institute for International Studies at Notre Dame, effective immediately.

Bartell, 49, received his undergraduate degree in 1953 from Notre Dame and earned master’s degrees in economics from the University of Chicago (1954) and in theology from Holy Cross College, Washington, D.C. (1961), and a

reports from ISIS. The inventory report shows the current holdings of a zoo, aiding in the institution's own record-keeping. The acquisition-release report summarizes changes in a zoo's inventory.

The twice-yearly species distribution report shows all known individuals of every mammal or bird. It is 2,520 pages long. Reptiles and amphibians were added to the inventory this year.

ISIS runs offices at the Minnesota Zoological Garden for a one-quarter time from the University of Minnesota. Its annual budget of $160,000 comes from member institutions, the American Association of Zoological Parks and Aquariums, the American Association of Zoo Veterinarians and various federal agencies and private foundations.

Flesness, a University of Minnesota chemistry graduate and a Ph.D. candidate in evolutionary biology, heads a staff of five.

ISIS was started in 1973 by Drs. U.S. Seal and Dale Makey, two physicians who used laboratory animals for research at the Minneapolis Veterans Administration Hospital, but discovered there was little physiological data available on animal norms.

Unlike medical doctors who treat only humans, veterinarians care for frogs and snakes, camels and lions and hundreds of other animals. Flesness said zoo veterinarians are great general practitioners but, in detecting illness, can't know the degree of deviation from normal if they don't know what's normal.

The physiological data goal was sidetracked by the inventory project, but this year, ISIS began collecting blood chemistry and hematological data on healthy animals. Some 10,000 blood samples have been collected so far.

Another ISIS function is to help monitor the breeding of chimpanzees in the United States. In Flesness' opinion, chimpanzees have become a "vital national resource" as hepatitis vaccine can be tested only on humans and chimpanzees, and chimps are barred from import.

Because it takes lots of attention and about $20,000 to raise a chimp to age 2, Flesness said few animal breeders were interested in going into the business. Now 70 to 80 percent of the nation's chimps are bred and owned by federal agencies.

The Interagency Primates Study Committee of the National Institutes of Health contracts with ISIS to monitor the U.S. population of chimpanzees. To assure research chimps are always available, ISIS has a plenty of male and female chimps are available for breeding.

A little night music and "Irish Mocha Mint..."
NEW YORK (AP) — The hundred law officers seeking suspects in a bloody $1.6 million Brink’s holdup raided a Mississippi farmhouse yes­
terday and arrested a woman alleged to have links with a terrorist or­
ganization, officials said.

Meanwhile, a federal complaint disclosed here yesterday identified two officers applying in the investiga­
tion of the Oct. 20 robbery that claimed the lives of two police of­
ficers and a Brink’s guard.

U.S. Attorney John Martin of New York said he will empanel a grand jury to investigate a possible racketeering conspiracy by mem­
bers of the Weather Underground, Black Liberation Army, the Black Panthers and other radical groups.

Cynthia Priscilla Boston, 35, was arrested in Gallman, Miss., on a change of venue, transfer to federal court and armed bank robbery specifically the Brink’s holdup according to author­
ities in Mississippi, New York and Washington.

John Kelly, special agent in charge of the FBI office in Jackson, Miss, said Miss Boston was arrested with one other officer and was arraigned before a federal judge and held on $750,000 bond pending a Nov. 5 bond hearing at Jackson federal court. It is expected that the case will be moved here.

The federal complaint, obtained here the day after the robbery on Oct. 20, unsealed and released, alleged that Miss Boston “is the minister of infor­
matin for the Republic of New Africa, a terrorist organization.”

In addition to Miss Boston, the complaint named for the first time two women seated in connection with the investigation. They were identified as William Johnson, also known as Baldwin Sani-Sadiq, and to be Miss Boston’s common law hus­
band, Donald Wecen, an es­
capte from a New Jersey prison. Both were suspected of being BLA members.

Assistant U.S. Attorney Stacey Meritz of New York said Miss Boston uses a variety of African names, had links to the Black Liberation Army and Republic of New Africa and that her common law husband is a mem­
ber of the New Africa group.

The Irish volleyball team hopes to improve its 13-18 record this evening when Notre Dame plays host to Goshen College. The match is scheduled for 7 p.m. in the ACC Pit. — The Observer

The season is over for Notre Dame's field hockey teams, as both lost to Ohio State, 7-1 last night on Cartier Field. The loss moves the team from the top 10 national ranking by year with an 11-10-1 record. Clare Henry tallied the only goal for the Irish. — The Observer

Onward to Valparaiso
Notre Dame's soccer team will go on to face the Crusaders today. The Irish record stands at 10-8-10 and a convincing win at Tri-State. The Beeks knocked off their hosts in straight sets 15-10, 15-13, 15-2. Coach Erin Murphy was quite pleased with the performance on freshman Ann Boutron who led the Bees with 60 percent kills on spiking. Sopho­more Lori Maryne turned in a fine performance at the net while captain Terri Walters helped out in her out-of-town liaisonship. After fall break, the Bees competed in the Illinois Benedictine Invitational and finished third among six teams. Saints Mary's defeated Thoman Communite College, Illinois College and Clarke College. The Saints are using their record to eventual championship Illinois Benedictine and runner-up Elmhurst. Tonight the team will be at Purdue Calumet to face the same team that defeated the Bees earlier this season at the Angel of the Lake facility. Tonight's match carries added importance since it will be a district game, crucial for Saint Mary's to advance to the state tournament. — The Observer

Notre Dame's scuba diving club will hold a meeting for all interested at 8:00 tonight in the Lafortune Little Theater. — The Observer

The Observer will accept classifieds Monday through Friday, 10 a.m. to 4:30 p.m. However, standbys to appear in the next issue must be received by 3 p.m. the business day prior to mention. All classifications must be prepaid, either in person or through the mail.

'The Mighty Warrior' and Champion Bob Ross may be interested to know you can now purchase the book you've always wanted - the book you've always known was yours. It is in the hands on three of the world's greatest artists, the Persian War and the Hungarian Army. Have you ever wondered what the world would be like if you were at Wellness when you came girt away? — The Observer

Sophomore designs string-art mascot

By MARC RAMIREZ
Sports Writer

If you never thought that you would see string art in the Athletic and Convocation Center, look again. Along with the trophies, plaques and memorabilia that adorn the second floor walls of the ACC, there is one Notre Dame student's creation on display as well. It is a five-by-six foot string-art design of the Notre Dame Leprechaun in full color valued at $400.

The string-art design was created by ND sophomore Ivan Rivas, a chemical engineering major and a resident of Fisher Hall. Rivas has been involved with this art form since he was in seventh grade, and had a simple motive for selecting the Fighting Irish symbol as one of his designs. "I made it because I came to Notre Dame," Rivas says. "I decided that whatever college I went to, I would make a string-art design of the school mascot." Rivas became interested in string art on his own "because it was different. I can design anything," he says. "I only need a picture, but it takes a long time because there's a lot of planning involved."

He has made over 60 string art designs, including a similar representation of the mascot of his high school in Hempstead, N. Y. The leprechaun design took three weeks to make, and Rivas used his Christmas vacation freshman year to work on it. "It was murder," Rivas jokes. "Rivas jokes."

Rivas is allowing the design to be put on display "for the student body. I wanted people to see and enjoy it."

by game."  

"I'm not sure I have an answer. Maybe I've got a little bit of a feeble mind, but you have to believe that over the long term the kids are going to get better. We're not going to win them all. It's a part of modern living," says Rodgers. "The kids are growing up. The boys are the same. They're a part of modern living."  

The Observer - Sports  

Kansas City surprises everyone but coach  

KANSAS CITY, Mo. (AP) - It was not four years ago that the Kansas City Chiefs were 2-12, had a one-game lead on last place in the American Football Conference West.  

Now those same Chiefs, to the surprise of many observers, are atop the AFC West and making a bid for their first National Football League playoff berth in a decade.  

Don't count Coach Marvin Lewis, however, among those amazed at the resurgence of the Chiefs, who will take the AFC's best record, 6-2, into a key clash this weekend at San Diego.  

"I'm not surprised - but that's because I didn't try to speculate before the season where we'd be," says Lewis. "I wouldn't have written off anybody."  

The Chiefs, 88 in 1980 and thought to be another year away from contention, took over the top spot with a 28-17 victory Sunday over Oakland, the defending Super Bowl champion.  

Kansas City wiped out the Raiders' 17-0 halftime lead with three touchdowns directed by relief quarterback Steve Fuller, who short-circuited Oakland's own comeback when linebacker Gary Stays recovered a fumble and returned it 91 yards for a touchdown in the final seconds.  

"We've had some good wins in the past," said Stays, whose touchdown was the Chiefs' third on a fumble return. "It's one of the greatest comebacks we've ever had."
For 1982

Bobby Unser slows down racing

NEW YORK (AP) - Auto racing entrepreneur Roger Penske Tuesday announced that Rick Mears and newcomer Kevin Cogan will drive the full Indy car schedule for his team in 1982, but that Bobby Unser will be back only for the Indianapolis 500 and possibly "other selected races.

Penske said during a news conference in New York that Unser, the disputed winner of the 1981 Indy race, will become team manager for young Mexican driver Josele Garza and is expected to concentrate on those duties during the upcoming year.

There have been rumors and unsubstantiated reports to that effect for several months, but Unser apparently did not make his final decision until after a special U.S. Auto Club appeal panel gave him back his third Indy victory several weeks ago.

Unser, who was not at the news conference, won the race on the track last May 24, but hours later was penalized a lap for illegal passing under a caution flag.

That put him in second place and gave the triumph to his former Penske teammate Mario Andretti. But Penske and Unser appealed the USAC decision, and two members of the special three-man panel found for Unser, restoring the victory to him.

"I think Bobby's decision (to cut down on his racing) had a lot to do with what happened at Indianapolis," Penske said. "I know the whole thing made him really sick."

"I agree with him. That's what you do. You take a step back and think about the things that go on in your life."

The Indy car season is scheduled to end this Saturday in Phoenix, Ariz., but Mears, who already has clinched the PPG Indy car World Series driving championship for this year, is set to spend next week testing Penske's new PC-10 race car at Phoenix International Raceway.

Mears, who will be 36 Dec. 3, has won six races this season and is expected to concentrate on oval racing for the next five years as a virtual unknown.

Cogan, 25, will replace Unser as the second full-time driver on the team, although Mears obviously supplements the 47-year-old Unser as the team's No. 1 driver.

The younger, a Indy car rookie in 1981 after two years as a top competitor in Formula Atlantic racing, started six races, finishing an impressive fourth last at Indy and second at Milwaukee.

"Cogan comes to us as a 25-year-old with experience at most tracks and, particularly, a lot of road racing experience," Penske said. "And that's what you really need today."

"I'll let him to Rick the way that Rick is a tough, fast and he should do a great job for us.

"Cogan, a slim, handsome blond, said he realized that all young drivers would like to get the opportunity to drive for a team like Penske's.

"The first thing that goes through your head is 'I guess I've got no excuses now,' Cogan said. 'I think this is just a great chance and I'm really looking forward to it.'"

Asked if there is going to be pressure on him to produce immediately, Cogan grinned easily, looked at Penske and asked, "I don't know. Rick is there?"

Penske just laughed.

Bill Alspaugh, who drove a third team car for Penske in part of the 1981-82 schedule and his own car the rest of the season, will not be back next year.

But Penske said details are being worked out for his team to provide Alspaugh with an updated PC-9B car, and that the veteran driver apparently will take along his major sponsor, A.B. Dick.

Penske's top two cars will again be sponsored by the Gould Inc. and Norton Co., along with Goodyear, CAM2 Motor Oil and Champion.

Penske, who has been involved in virtually every kind of racing, either as a driver or car owner, said there is a deal in the works that could see his team also campaigning a turbocharged Mustang, in conjunction with the Ford Motor Co., in International Motor Sports Action endurance races next season.

Mears and Cogan would co-drive that effort.

One other announcement yesterday was that the Penske team will test a stock black Chevrolet engine in a PC-10 chassis for possible use in road races next season.

The Penske PC Indy cars all have been powered by turbocharged Cosworth engines and, according to this is just a great chance and I'm really looking forward to it."

**Fans speak out on Faust, Irish football**

**Irish fans ignored warnings**

**Dear Editor:**

Last May, Tom Lichtenberg was on a recruiting trip in Pennsylvania. The athletic director of Bishop Guin­re­ ssey High School in Alhoca, Pa., ar­ ranged for Tom to show the 1980 Highlight Film and have a question and answer session with the public in the high school gym.

Lichtenberg told the ND fans that Gerry Faust's goal this year was to make a major bowl game. He said that the National Championship would be very unlikely for the following reasons:

- While they were putting in a new offense it would make it more possible to lose against quality oppo­ nents.
- The Notre Dame lineup was not great at­ letes as compared with the freshmen of the coming year.
- The linemen were not very strong.
- The Notre Dame fans are concerned.

Gerry Faust is the best thing to happen to Notre Dame and its fans. Give him this winter. He has talent goes. but not great athletes. He said Notre Dame fans are concerned.

**Barry Shevack**

Carlsburg, Pa.

**Replace quarterback and coach**

**Dear Editor:**

Blair Kiel is NOT a good quarter­ back. He's not even a good pun­ ner. Is this player supposed to lead the Irish? He serious there is not one? I'm not blaming the player. I am blaming his coach, Pat Haire, Pat Haire and the coach. Is this player supposed to lead the Irish? He's giving his best.

EDITOR'S NOTE:

Although his name bears a familiar one in Notre Dame sports circles, Kiel is very much a part of Fighting Irish athletics. One who is a part of the Notre Dame football family. I feel that these are being remarked by those football fans who are interested in the score, and not seeing any deeper than that.

 Someone doesn't have to or need to want to speak cut along with sharing a little insight on this overall football team for the simple reason that this is the last spring Notre Dame has a National Championship to Notre Dame.

**Dear Notre Dame Family:**

"JUST FAUST" and "BURY GER­ tonts are human beings too**

**Dear Editor:**

I seem to recall a coach named Parkegnan installing a new system in one year. (Ara, it's bad you had you to retire.)

What is the head coach doing shuffling quarterbacks in and out? This isn't a high school football where you can substitute freely and dominate just because a fresh player comes in. This is big time college football and no one dominates anymore.

I thought Notre Dame was to have an imaginative offense? Heck, it is worse that Divine, and no matter what you may think or say about Divine, he did win, and he did bring a National Championship to Notre Dame.

As for me and many of my fellow Notre Dame fans, concerned are those first few games have proved me any confidence in this squad and coaching staff.

For so many who are representing Notre Dame.

Irish seaworthy?
Navy lurking on ND horizon

CLOSE ONLY COUNTS IN...— Despite Notre Dame's disappointing 2-4 record, the Irish have not played as poorly as that mark would indicate. Had the Irish only lost two games in each of their games this season, they would be 1-1, losing only to Michigan. With the exception of their losing streak in Ann Arbor, the Irish have only been 17 points away from a 1-0 ledger, losing by one to Purdue, six to Florida State and seven to Purdue.

SKID ROW — The Fighting Irish entered Navy on Saturday with a two-game and four-game of losing skid. The last time the Irish lost four straight games during a season was back in 1965, when the Hugh Devore-coached Irish posted a 2-7 season ledger. That was also the last year that the Irish lost three games in a row.

Notre Dame is also0 obsessed with a two-game home losing streak. The Irish dropped two straight home contests to Missouri and Michigan at the start of this season and have not lost there in one game in Notre Dame Stadium since 1960 when the 2-8 Irish dropped home decisions to Purdue, Michigan State, Pittsburgh and Iowa.

TAKING ON WATER — The Irish have managed to sink Navy's ship in their last 17 meetings. Notre Dame enjoys a 50 percent advantage heading into the meeting between the two schools on Saturday in a series which began in 1927 and has been contested continuously since 1911. The Irish decided over the Irish was in 1963, when Navy's Heisman Trophy quarterback Roger Staubach downed the Irish 35-14 in Notre Dame Stadium.

The Irish have won 15 of 16 games vs. Navy in Notre Dame Stadium.

ON THE DEFENSIVE — Notre Dame's defensive efforts against the Irish have been years away.

The Irish defense has not surrendered a first-quarter point this season, and has only given up 17 points to the second. After their halftime embrace, however, the Irish still has

Bill Rodgers talks about aspects of running life

By Brian Reimer
Sports Writer

As the majority of Notre Dame and St. Mary's students fled South Bend two weekends ago, Bill Rodgers and other world-class runners arrived in the city for a ten kilometer road race. The Sports Medicine Clinic of St. Joseph's Medical Center sponsored the event, which coincided with the Center's opening. A total of 1,600 runners participated. To kick-off the weekend, Rodgers met with the press on a varied topic....

The four-time Boston Marathon champion was on hand to have a personal interest in the rapidly expanding field of sports medicine.

Sixth game of series postponed

New York (AP) - The sixth game of the 1981 World Series was postponed by rain yesterday with the Los Angeles Dodgers leading the New York Yankees, 5-2 in the best of seven set.

Game Six will be played tonight at Yankee Stadium with a seventh game necessary tomorrow night.

The baseball commissioner's office announced the postponement at 3:45 p.m. EST yesterday. The game had been scheduled to be played at 8:20 p.m. but with intermittent rain during the day and the threat of heavy rain at night, the game was postponed.

The last World Series game postponed by rain was Game One of the 1979 classic between the Baltimore Orioles and Pittsburgh Pirates. That series opened in Baltimore.

Basketball ticket distribution plan

Notre Dame Students
Basketball ticket sales and distribution for Notre Dame students will begin on Monday (Nov. 2).

The student basketball season ticket will be split into two eight-game packages or just one six-game slate.

Here is a breakdown of the ticket packages:

Packaged A

Sat., Nov. 28 - St. Joseph's (10th)
Mon., Dec. 7 - Murray State
Sat., Jan. 15 - Davidson
Sat., Jan. 26 - Maryland
Wed., Jan. 27 - Maine
Tues., Feb. 2 - San Francisco
Sat., Feb. 27 - DePaul
Tues., Mar. 2 - Northern Iowa

Packaged B

Fri., Nov. 20 - Yugoslavia Team
Sat., Dec. 5 - ECLA
Sat., Dec. 12 - Northern Illinois Team
Tues., Jan. 19 - Villanova
Mon., Jan. 25 - Idaho
Sat., Jan. 30 - Marquette
Sat., Feb. 13 - N.C. State
Tues., Feb. 23 - Fordham

Seniors and juniors only will have the opportunity to purchase Package A. Package B or both packages at the designated times listed below based upon the demand from the seniors and juniors, both packages or just one package with the Package A seniors or Package B seniors.

Associate/Graduate/Students will at least be guaranteed one package, if necessary, tomorrow night.

Basketball ticket sales and distribution will be open at 7:30 a.m. on the second floor of the student basketball box office. All student basketball season ticket accounts will at least be guaranteed one package, if necessary, tomorrow night.

FOR MORE INFORMATION, see the Student Affairs Office.

OSU outphysicals the Irish, says Faust

By Kelly Sullivan
Sports Writer

A lot of hard hitting goes on in a typical Notre Dame-Southern Cal game, and if Gerry Faust didn't know it, he found out first hand on Saturday.

"I got a real taste of the hitting," he laughed, referring to the hit-up ball on the sidelines when USC linebackers Dan Hauer and Chris Fehr have made all of his last nine attempts and has missed only four attempts this season, all from outside the 40-yard line.

Fehr, who plays high school basketball in North Carolina, had one ball bobbled right up after the knockdown, something he said he has done after their latest.

"I was really amazed at Monday's practice," he told sports editor Dan Hauer earlier in the week.

But technicalities like those shouldn't have affected the Irish offense much Saturday night, in fact, with the exception of their trouncing in Ann Arbor, the Irish have managed to shut out Navy since the last quarter of the 1978 classic between the two schools on Saturday in a 35-14 win in Notre Dame Stadium.

The Irish have managed to shut Navy since the last quarter of the 1978 classic between the two schools on Saturday in a 35-14 win in Notre Dame Stadium.

The Irish offense has striking early this season as well. The teams of their top four receivers. Masztak, who tore his shoulder during the second frames of his Irish career.

With the exception of their trouncing in Ann Arbor, the Irish have enjoyed a 44-9-1 advantage heading into the 55th meeting between the two schools on Saturday.
