Missile reduction
Reagan readies arms speech

WASHINGTON (AP) — President Reagan is ready to propose to the Soviet Union that both superpowers virtually eliminate nuclear missiles from the European theater, State Department sources said today.

The president, it was said, will use a foreign policy speech today at the National Press Club to embrace the so-called "zero-option" approach as the goal for Soviet-American negotiations on restraining nuclear forces in Europe. Those talks open Nov. 30 in Geneva.

The option consists of an expected U.S. offer not to undertake the planned deployment of new U.S. medium-range missiles in Europe if the Soviet Union agrees to disassemble medium-range missiles in western Europe, aimed at European targets.

However, there is deep skepticism in U.S. arms control circles that such an approach will prove acceptable to the Soviet Union, which is believed highly resistant to destroy new weapons such as the SS-20, capable of carrying three nuclear warheads.

A more limited, full-barton position is said to include an attempt to win Soviet acceptance of the planned deployment of 572 American nuclear warheads on Pershing II missiles in exchange for the removal of more than 900 Soviet warheads now in place on SS-20, SS-5 and SS-4 missiles. That would be a shift in force levels aimed at producing a relative nuclear balance in Europe.

On a related subject, State Department spokesman Dean Fischer said the United States remains interested in a possible summit meeting between Reagan and Soviet President Leonid I. Brezhnev if the "necessary ground work is laid" and there are indications that a summit would prove "fruitful and productive and yield results."

The announcement Reagan will make tonight, despite statements from West German Chancellor Helmut Schmidt that he hopes to get the two leaders together to clear the air on arms control and nuclear issues.

Brezhnev and Schmidt meet in Bonn for a series of meetings beginning Friday. U.S. officials have said they expect a summit would take place sometime in 1982.

Soviet economy falls short of 1981 goals

MOSCOW (AP) — Production fell short of expectations this year in agriculture, coal, iron and steel, the Soviet Union's chief economic planner today said.

The national economic council, headed by Brezhnev, told delegates to the Soviet Parliament that "it was not possible to achieve (the 1981) plan" in those areas, but did specify that the gap was in any of the four areas.

President Leonid I. Brezhnev told the Supreme Soviet Monday that the economic planners were to blame for the shortfall, and food remained the nation's central problem.

Of particular note in Brezhnev's speech, Western experts said, was the announcement that capital food remained the nation's central problem.

In particular note in Brezhnev's speech, Western experts said, was the announcement that capital food remained the nation's central problem.

The Soviet Union already has deployed substantial numbers of SS-20 missiles. The United States is not supposed to deploy its medium-range missiles in Europe until late 1983. The Soviets contend that other European-based U.S. weapons, including those on aircraft and submarines, should be subject to negotiations.

The zero-option basis is increasingly advocated in Europe, especially in Germany, where there is mounting official concern over the scope and impact of the European peace movement.

Soviet economy falls short of 1981 goals

Panel discusses alcohol problem at ND tonight

By RANDALL GOSKOWICZ

There will be an open forum on the question of alcohol use at Notre Dame at Flanner Hall from 7 to 9 p.m. tonight. This forum, which will feature a number of speakers, has been founded in response to questions that have been raised by the Notre Dame President's Council, PACE, students, faculty, the administration, and The Observer regarding alcohol use on campus.

Some have considered whether there is an alcohol problem at Notre Dame, whether Notre Dame can be described as a "sober campus," and whether Notre Dame students and faculty with the information necessary to deal with alcoholism in society.

Members of the panel at tonight's forum include David Link, Dean of the Law School, and member of PACE; Prof. Walter Davis, of the English department; U. G. Comal, of ND LIFE; Michael Sansbury, a former ND student; and Thomas MacRae, Professor at the University of Michigan, who is an expert on the medical aspects of alcoholism.

Flanner Hall President Lloyd A. Burke Jr.; and Peggy Colman, executive director of the National Center for Education.

The program has been organized to include a 5 to 10 minute speech by each speaker except Dr. Alice, who will be on hand to address questions of medical concern.

After the speeches the floor will be opened to the audience for open discussion.

Reagan arranges sale of satellites to Arabs

WASHINGTON (AP) — After one retreat, the Reagan administration is forging ahead with the proposed sale of communications satellite gear to an Arab consortium that includes Libya and the Palestine Liberation Organization.

Businessman Richard A. Melloh, shareholder of the Associated Press that the proposal, which could stir congressional concern about potential military application.

The subcontract deal for the Ford Aerospace and Communications Corp. was sidetracked two weeks ago when the State Department conceded it was not prepared to answer congressional concerns about potential military application.

Reagan's visit — on the eve of the Iran hostage crisis — was a major diplomatic victory for the administration.

The sale of two working satellites to Arabs, whose membership includes Libya and the Palestine Liberation Organization, was described as a logical next step in the administration's efforts to strengthen its Arab allies.

The sale of the satellites, which will involve two working satellites launched by the National Aeronautics and Space Administration in the mid 1980s, is part of the administration's efforts to strengthen its Arab allies.

In informal discussions set at a secret session with key senators, the administration's move could be met with a hostile reaction from some in the administration's efforts to strengthen its Arab allies.

The subcontract deal for the Ford Aerospace and Communications Corp. was sidetracked two weeks ago when the State Department conceded it was not prepared to answer congressional concerns about potential military application.

The subcontract deal for the Ford Aerospace and Communications Corp. was sidetracked two weeks ago when the State Department conceded it was not prepared to answer congressional concerns about potential military application.

The meeting finished with a discussion on the failure of the present escort service. Student Body Vice-President Tara Kenney asked for the support of hall presidents regarding the service. She also stated that crime is presently on the rise at Notre Dame and Saint Mary's.

President tours war rooms in Pentagon

WASHINGTON (AP) — Two days after flying on the military's "Doomsday" President Reagan toured yesterday the Pentagon's top-secret war rooms where defense officials direct U.S. forces worldwide during crises.

Reagan's visit — on the eve of making a major policy speech on medium-range nuclear missiles in Europe — was described as a logical followup to his flight Sunday on the massive Air Force 747 jet that would serve as a flying command post for the president during nuclear war.

Reagan conferred over lunch at the top-secret war rooms, briefing the Joint Chiefs of Staff, the secretaries of the military services and Defense Secretary Caspar Weinberger.

Then, Gen. David C. Jones, chairman of the Joint Chiefs of Staff, gave the president a tour of the war room where the facility is operated 24 hours a day.

The tour was a part of the president's visit to the Pentagon to discuss matters of national security.

TWO HEAVY HITTERS
TOUCH BASES ON BATS,
BALLS, AND BEER.

BOOG POWELL (Former American Baseball Great): Koichi here has been giving me a new angle on baseball. It seems the game's a little different in Japan.

KOICHI NUMAZAWA (Former Japanese Baseball Great): つまり、ショートで小さな日本人の体格に合わせたんです。

BOOG: That's right. The field is smaller over there.

KOICHI: 通りの違うんです。日本の方がチームに入りませんか。

BOOG: Me? I'm too big to play on a Japanese team.

KOICHI: そんなことはないですよ、ショートに登席ですよ。

BOOG: Shortstop? Very funny.

KOICHI: それは大きな違いです。

BOOG: Tastes great? That's why I drink Lite Beer! Cause it's less filling?

KOICHI: それは理由です。日本のチームに入りますか。

BOOG: Well, now that you mentioned it, I guess you guys are kinda smaller. Does that mean you drink Lite Beer? Cause it's less filling?

KOICHI: おいしい、おいしいから飲むんですよ。

BOOG: Yes! I guess we have a lot more in common than I thought.

KOICHI: それは通りでしょう、日本の方がチームに入りますか。

BOOG: So, the field is smaller, the ball is bigger, and we drink Lite Beer. That's the American way.

KOICHI: もちろん、私たちはアメリカンです。

BOOG: Yes, we're American. But at the same time, both sides were equally agreed that Reagan had the strength to sustain a veto.

WASHINGTON (AP) — The Senate Appropriations Committee, working under a very strong veto threat from the White House, began yesterday to redraft a massive, House-passed money bill to keep the federal government in business after midnight Friday.

Even before the panel began its work, sources said the White House relented word that President Reagan was likely to veto the measure unless it contained a 5 percent across-the-board spending cut. There appeared little chance Congress would meet those terms, officials agreed.

But at the same time, both sides were equally agreed that Reagan had the strength to sustain a veto. Chairman Mark Hatfield, R-Ore., of the Senate panel said if that occurs, Congress "will have to stay in session around the clock" rather than taking its scheduled Thanksgiving recess late this week.

The White House said the disagreement was over budget cuts, largely stalled since Reagan unveiled a new austerity plan in September.

But Republican and Democratic alike in Congress said Reagan also hoped to use the situation to regain the initiative in fighting for his embattled economic program.

"It makes him look like a macho man," said House Democratic Leader James Wright, D-Texas.

"They just want to veto a bill," said one Republican official, asking not to be quoted by name.

The measure is necessary because Congress has not yet completed action on any of the 12 regular appropriations bills that fund the executive branch departments and the judiciary. An existing interim measure expires Friday at midnight.

The House rejected a proposed 5 percent cut when it passed its own $440-billion version of the bill on Monday.

Officials said the 5 percent cut wasn't likely to succeed in the GOP-controlled Senate, either.

At the Central Park East School, meals are served family style. Fifth and sixth grade students feed younger children, setting up tables, serving the food and cleaning up afterward, saving untouched milk and fruit for snacks in the afternoon.

"It works out well," said Mark Hernandez, assistant director of the CPE lunch program. "It gives them a sense of responsibility — you don't get nothing for nothing, and if you want to eat you have to help clean up."

"Instead of crowding up and pushing and shoving, it's nice to sit down and be served," said Danielle Hernandez, 12, a sixth grader, as she munched on a barley and cheese hero sandwich during a recent lunch hour.

The school newspaper, the CPE news, devoted much of its first fall issue to a look at the school lunch program, and to criticism of Reagan budget cuts in that area. One student, Monifa Edmondson, wrote that the lunchroom "has very few problems and there are some good things about it, too."

But she's not sold on the cooks.

"They just don't care. I imagine all sorts of things happening to the food," she said. "They sometimes are mean and even growchy. Those are my opinions."

The innocence of little children

In this hustle and bustle of academe, I recently pondered the thought of how little children view the world. Their sense of innocence and wonderments surpasses the level of ours, I believe.

Schmidt repeats as MVP

NEW YORK (AP) — Slugger Mike Schmidt of the Philadelphia Phillies was elected yesterday as the National League's Most Valuable Player for the second straight year by the Baseball Writers Association of America.

Schmidt, an overwhelming choice in the balloting, became only the third National League player to win consecutive MVP awards.

A unanimous winner of the award last year when he also was named the World Series MVP, Schmidt received 21 of a possible 24 first-place votes and 221 points from the BBWAA panel, consisting of two writers from each NL city.

Like Schmidt, runner-up Andre Dawson of Montreal was named on all 24 ballots, receiving two first-place votes and 219 points. The only other player to get a first-place vote was rookie pitcher Fernando Valenzuela of the Los Angeles Dodgers, who was named the NL Cy Young Award winner by the BBWAA last week.

The only other consecutive winners of the NL MVP award were Ernie Banks of the Chicago Cubs in 1958-59 and Joe Morgan of the Cincinnati Reds in 1975-76.

Roger Maris (1960-61), Mickey Mantle (1956-57), Yogi Berra (1954-55), Hal Newhouser (1944-45) and Jimmy Foxx (1933-34) won consecutive MVP awards in the American League.

Although seven weeks of play were lost in the strike-shortened 1981 season, Schmidt accumulated impressive statistics. Playing in 102 games, he slugged 31 home runs and drove in 91 runs, leading the major leagues in both categories, while batting .316, the highest average of his career.

It marked the fifth time in eight years that Schmidt has led the majors in home runs.

The 32-year-old third baseman had 19 doubles and two triples among his 112 hits and scored 78 runs. He also stole 12 bases and led the NL in seven offensive categories.

The 31 homers gave Schmidt 295 for his career and drove in 91 runs, leading the majors in both categories, while batting .316, the highest average of his career.

SHOW STARTS AFTER THE BASKETBALL GAME
Faust feels ready for Penn State contest

BY KELLY SULLIVAN

While the Nittany Lions have clinched their 43rd consecutive winning season and are in line for a shot at the national championship, the Notre Dame Fighting Irish are simply looking forward to their next game.

"I don't care what you play Penn State — if you're Notre Dame, they're going to be ready after seven losses or seven victories," coach Pat Haden said.

Faust feels ready for Penn State contest

Some coaches might feel frustration at the thought of playing a ranked opponent for the fifth time in nine outings, but not Jerry Faust.

"You can play easy teams, finish 11-0 and be sitting on top of the world, or you can go out and play tough teams, which is what I'd rather do," instead the Notre Dame coach.

Maybe that's the reason Faust was wearing a smile yesterday at his weekly press conference, despite the fact that the Irish must face Penn State and Miami (Fla.) on the road the next two Saturdays.

"I consider it a privilege to be able to stand across the field from Joe Paterno," he said referring to the Nittany Lions head coach. "Anytime you get to coach against one of the mainstays of college football, like a Penn State coach, it's a real thrill.

But preparing for Penn State isn't such a thrill. Faust was asked to list some of the problems Paterno's club.

"What the Fiesta Bowl is planning to do is match 10th-ranked Southern California and No. 15 Penn State, two of college football's more glamorous names. But it all depends on whether the Cotton Bowl takes Alabama over Southern Cal."

And the Notre Dame offense will be ready for it's first big test since the coaches made major improvements on it following the USC loss. Though the Irish have rolled up some big scores lately, Faust acknowledged that's it's hard to gauge his team's improvement against competition like Navy, Georgia Tech and Air Force.

"It'll be a real challenge to get back to a tough schedule again," he admitted. "We've played some capable teams the past few weeks, but now we'll see how much we've progressed.
