Williams apologizes to Senate colleagues

WASHINGTON (AP) — While virtu­
ally conceding failed judgment, Sen. Harrison A. Williams Jr. told his col­
leagues yesterday he made a mistake by the FBI in its Abscam inves­
tigation, and that he was not guilty of such activities, if any, despite "this turmoil, this torture and this ordeal." He offered a
lengthy apology, but did not provide a reason for his change of heart.

Williams, who has served in the Senate for 25 years, said if there had ever been a situation in which he could have made money from public office, it was when he served as chairman of Senate subcommittees on securities, housing and urban af­

dairs. He said those positions put him in "touch with the highest pinnacle of finance," but he did nothing wrong.

He said the Abscam investigators were "grant mentors of deceit" who "took every career trait that I consider a personal and political advantage and used it to make me run" and tortoise, it making it appear as a voice on hidden camera.

He said he was "deeply saddened" that he went into situations that "would be used that way" and that he had a feeling of "sorrow, sadness," and that the law of the land went and the things I did could bring you members of the Senate this problem.

Relive history as Grace Hall and the Grace Hall Plaza Komatsunii Fund present a showing of the January 19, 1974 game against UCLA. Notre Dame, undefeated and ranked No. 2, upset the Pac-12 University of Southern California (USC) in a 49-0 victory. The scoring will be in St. Patrick's Center tomorrow at 8 p.m. Admission is one dollar, and all proceeds will go to the Notre Dame Komatsunii fund. Donations will be gratefully accepted.

The Observer

Student Body President Don Murray, in yesterday's student Senate meeting, laid plans for his five-day trip overbreaks to seven universities comparable to Notre Dame. Murray intends to make comparisons of Notre Dame's quality of student body life by examining dorms, cafeterias, student centers, and various student facilities on other campuses. The study is part of a survey project authorized by the Legislative Chair of the Student Senate. The objective of this study is to convince the Board of the need and desire for more student social space. Murray noted that the normal univer-

The Supreme Court said yesterday it will decide whether police can demand identification if they think you're suspicious — and whether it can be a crime not to comply. The court will decide whether a California law, struck down as unconstitutional by a federal appeals court, the scope of police authority and extent of an individual's rights in such confrontations remain hazy at best. In 1979, the same court ruled that you cannot be required to tell Fido your name if the police officer who asks does not reasonably suspect you of criminal activity. Bill Mowbray's lawyer, John Mastro, said yesterday his client began the process after a 1981GM catastrophe in Bill Mowbray Motors. „Help. It's a dodge to read one sign. „Jerry Roberts sold this Dodge and gave Bill Mowbray Motors. Help. It's a dodge to read the other sign. Mastro went to court and got a temporary restraining order to force Hajek to repaint the same limestone as the architecture Building, but budget cuts back in 1979 made the difference between mediocrity and disaster.

The government yesterday approved the first drug that can be implanted inside the human body. The device, which consists of a small semiconductor chip, can be worn outside the body. It resembles a hockey puck in size and is the first one which need not be removed by surgeons. It is the first on-campus experiment in that field.

Passive resistance

Solidarity meets in secret

WARSAW, Poland (AP) — Solidarity leaders who have eluded the martial law regime's dragnet met in secret outside Warsaw last week and issued a call for talks between authorities and the union's salespeople, sources said yesterday.

The sources, whose previous reports have proved accurate, would not disclose the site of the meeting or a roster of participants, beyond saying these members of the independent union's 107-member national commission who are still at large attended.

Most Solidarity activists have been arrested since the Warsaw regime imposed martial law and suspended the union on Dec. 15.

Justice Minister Stefan Zawazlinski told a news conference yesterday that 3,553 people are being held at 25 martial law detention centers.

He also said 245 Poles have been drawn prison sentences for organizing or leading strikes since the military crackdown.

Zawazlinski refused to confirm that Solidarity leader Lech Walesa would be allowed to attend his daughter's baptism in Gdansk this month.

Walesa's wife Danuta said last week that the interfied union leader would be allowed to attend the ceremony March 21.

At the underground meeting last week, Solidarity leaders called for talks with authorities, on the condition that Walesa and other internal leaders and advisers be allowed to attend, the sources said.

The leaders also recommended "passive resistance" to martial law, saying open conflict should be avoided, the sources said, speaking on condition that they not be identified.

The Warsaw newspaper Zycie Warszawy published a commentary yesterday castigating three Solidarity leaders as "political liars, wrongdoers and madmen."

"We are convinced," the editorial said, "that the movement had "no shortage of young enthusiasts and top-flight specialists."

Crucial were Jan Ruszkiewicz, Stefan Jurczyk and Andrzej Slowik, all of whom have been detained or imprisoned under martial law.

About 100 Warsaw university students said flowers yesterday at a plaque commemorating the student disturbances of March 1968. The disorders were ignited by the closure of a play by Adam Mickiewicz, a 19th century poet, because students had cheered anti-Russian scenes. The brief ceremony provoked no incidents.

.. Scandal

commercial air time. Under that system, called broker sanctioning, the agency recruits its investment when it sells that air time to clients through the broker. That's where the $301 million sales last year made it the industry leader.

At JWT, the bank of commercial air time acquired by these syndications is not sold to individual turners or growing.

Phony revenue figures may be a piece of the puzzle in the world's largest advertising company.

"But that's a matter for investigation," said JWT's general counsel, "but the brokers evidently were trying to cover up a poor selling job."

All the departments at JWT have profits and revenue projections. Promotions and bonuses are given to executives based on each unit's performance. Asked if there was too much pressure on department heads to deliver on their projected profits, John said that 99 out of 100 "run a profit at a profit and do it right.

Meanwhile, JWT hasn't made a three-year decision on legal. It has been doing consulting work and Pinter says he expects her "to land on her feet." But not, he adds, at J. Walter Thompson.

was handed a part interest. The "Arab businessmen" he met with was an undercover FBI agent, and the meetings were videotaped.

The senator said he considered the skit as a warning to the mining companies "worthless" and that the Attorney General has had to "chase me down" to give it to him.

Asked if he would resign if it appeared his legislative pay seemed certain to hamish with their votes, Weicker said, "Oh, I don't think so.

"I just can't conceive of it coming to that point if I am successful in making the matters known what was on my mind, what I did and what I thought.

The senator was not censured last year to three years in prison and fined.

Williams' accesses say he is not involved in the FBL, and not the FBL, in the expulsions of the other senators, who can demonstrate he, the FBL overturned its bounds, particularly by allowing its chief executive, coss man Mel Weinberg, virtually free run in the attempt to draw him into the case.

No senator has been expelled since 1962, and Williams supports the government's aim to be considered as a mitigating factor against the severest penalty.

Mandatory copy editors' meeting tonight at 6:30 in the Observer office.

Antostal Innertube Waterpolo Signups

Wed., March 10, 6 pm at 1st floor LaFortune $5 registration fee.

10-15 players per team, max. of 2 waterpolo players, varsity athletes, or ND-SMC swimmers.

Student credit

Ever wish that while traveling, vacationing, or maybe just for emergencies, you could have a national credit card? Well, now — YOU CAN — obtain a Master Card or Visa while still in school, no co-signer required.

We have established a division to exclusively handle the credit needs of college students... freshmen, sophomores, juniors, and seniors... so you can enjoy the conveniences of credit NOW, and have your credit established for your professional life after graduation.

On a 3 x 5 card, print your name and complete address. (Enclose $2.00 for postage and handling.) Send to:

GM, Toyota discuss joint venture

General Motors Corp. and Toyota Motor Corp. are considering a joint effort to build small cars in the United States, company officials said yesterday. The idea of a cooperative production venture was raised at a March 1 meeting in New York between GM chairman Roger S. Smith and Toyota President Eiji Toyoda, statements released by both companies said.

Japan's leading business newspaper, Nikkei Keizai, said plans under consideration can include a joint-venture company in the United States to produce about 500,000 Toyota cars a year at idle GM plants.

GMRA reports video disc losses

NEW YORK (AP) - RCA Corp. said in its 1981 annual report to stockholders that it lost $106.8 million last year on its SelectaVision videodisc system.

The company said it lost $55.5 million in the system in 1980 and $21.4 million in 1979, for a three-year total of $114.7 million. In its 1980 annual report to shareholders, RCA said the increased losses in 1980 and 1981 reflected costs for preparation and introduction of the system which became available last March, but whose sales fell short of RCA's original forecast.

RCA had expected to sell 200,000 units at the retail level in 1981, but sold only about 50,000, even after a substantial advertising campaign during the holiday season.

In an effort to boost sales, RCA last month cut the price of its 1982 players to $349.95 from $499.95.

The SelectaVision system includes a grooved disc that slips into a player. It then "reads" by a diamond stylus similar to a phonograph record. The system transmits images to a television screen.

RCA, which owns the NBC television network, earlier had reported net income for 1980 of $45.2 million on sales of $8 billion compared with 1980 earnings of $19.3 million on sales of $8 billion.

In the report to shareholders, RCA chairman Thornton Hanzlik attributed the lower profit to "abnormally high interest rates, continuing inflation and a weak economy."
Non-varsity deadlines coming up include both men’s and women’s 12-inch softball. The rosters are due Wednesday and must include 12-16 players, all from the same class. The deadline for men’s is also Wednesday. Women’s must have dates for intramural and all players from the same department. The baseball league rosters must also be submitted by Wednesday. A $15 entry fee for each roster. A women’s soccer tryout is being offered, with a $20 fee for entry and proof of insurance is required.

Mud Volleyball registration for Anotel will be held tonight and tomorrow (Wednesday), from 6 to 8 p.m. in first floor Lafortune. Rosters are to be composed of six to eight players, with a maximum of two per team from the varsity lineup. The team must include names of players, and the captain’s name and phone number. You are only permitted to play on one team. Registration for these teams, so early registration is advised. A $1.00 entry fee will be charged per team. — The Observer

Four awards

Mitchell, Paxson highlight banquet

By SKIP DESJARDIN

Mike Mitchell collected four awards, as did John Paxson, as the Notre Dame basketball team held its annual season-ending banquet at the ACC last night.

A crowd of roughly 750 people attended the event, and were thanked by almost every player for their support, not just at the dinner, but throughout a tough season.

"These men held their heads high, though they suffered through a less-than-medioocre season," said Rev. Edmond Joyce in his keynote address. "They exemplify the true spirit of Notre Dame."

Paxson was named the team's most valuable player, along with receiving awards for the top student-athlete, consistent shooting, assists, and clutch player.

"When I was being recruited by Notre Dame, I listed the things I wanted out of college," Paxson said. "Academics was at the top of that list. I could not have made a better choice than Notre Dame."

It was a night with high-lights. Digger Phelps's children, Karen, Rick and Jen, presented an award on behalf of the entire Notre Dame family to Keith Penrod, "Notre Dame's No. 1 Fan."

"When you get down," Penrod told the crowd, which had just greeted him with a standing ovation, "look back on this season — and these young men, who showed what Notre Dame is all about."

BOOKS

Registration will be held this Wednesday, March 10, from 6-8 p.m. in the LaFortune Ballroom.

Entry fee is $3 per team. At least one person from each team must be present at registration.

OFF-CAMPUS BASKETBALL XI

Continued from page 5

The Tip-off Club, a booster organization, presented Sr. Joyce with two checks for $1,000 each. One was in the name of the late Ed Snook, a long-time Notre Dame fan. The other was in the name of Gilbert Salinas Sr., the father of the former Irish basketball player, who was killed in an automobile accident following last year's graduation ceremonies here. Both checks were earmarked for the University's Athletic Endowment Fund.

Mitchell spoke with a great deal of emotion about his four years here in South Bend. He marked the most important we just as easily and many in the crowd killed in an automobile accident response when Mazzone was named to Keith Penrod, labelled sion could have gone the other way

**Boxers advance to tonight's semi-finals**

By Dave Irvin

Bleed, gore, mouthpieces strewn about the ring, hope giving way to hate. This is one man’s violence in another man’s sport, and to the 1,780 paid (plus season ticket holders) in attendance Sunday afternoon under the ACC’s South Dome, they saw something of the 32nd edition of the Bentley Boxing League get underway.

In all, 20 matches were contested, although none of the defending champions will see action tonight until 7:30. There were four technical knockouts, six split decisions and several matches that brought both the tonight’s applause and/or boos from the audience, the outcome of one’s own interpretation of the fight.

And although the provisions are quite prevalent across the country and we can’t have too much more of it, one ringside observer was overheard to say:

"One of Doyen’s corner masters solved the problem by challenging the opponents, with boos, and the fight continued with Doyen being declared the winner on a split decision."

Unfortunately, Doyen had to withdraw from the second technical knockout, defeated champion senior John Donovan because of emergency surgery last night at St. Joseph’s Hospital.

The day’s first technical knockout came in the 145-pound weight class as freshman Matt Latt used a right-left combination on Anthony Scordo to the canvas at the 1:05 mark in the second round. Scordo didn’t take long for the TKO to be recorded as junior Paul Derba took up topleft sophomore Tom Shaughn at the 1:20 mark on the second round on a right combination.

The third TKO was recorded in the 150-pound weight class when senior Dennis Crook defeated junior Jonathan Moore at the 1:35 mark on a right combination that sent Crook’s mouthpiece into the stands, causing him to miss a couple of punches. Junior Doug Maile then gave his last TKO at 1:54 of the first round over freshman Mike Sullivan. He will face defending champion Mike Burke, a senior.

In one of the day’s better fights, freshman Dan Walter gained an unanimous decision over sophomore Mike Cray in the 150-pound weight class. Both fighters closed the fight out with punches in the final few rounds.

Sophomore Angelo Perna gained an unanimous decision over junior Mike Buck in the 165-pound weight class. Buck then knocked out a past runner-up, who was unable to box last year because of injury. Sophomore Tim Mower, the other novice champ, defeated junior Joe Meagher in the 185-pound class.

"We have the finest training department in the country and we can’t have too much more of it," said one ringside observer to have heard.

But one of Doyen’s corner masters solved the problem by challenging the opponents, and the fight continued with Doyen being declared the winner on a split decision.

**Swimmers place third in Midwest**

By Bob Castello

Backed by several record-breaking performances, the Notre Dame men’s swimming team placed third in the Midwest Invitational this past weekend, held at the University of Illinois at Chicago Circle.

Western Kentucky captured first place in the 11 school event, with 1,666 points. Eastern Illinois was second with 466 points and Notre Dame third with 390.

"It’ll be another exciting season," said Head Coach Dennis Stark, "because that’s what we’ve done." Said Anthony Scordo, "We’re going to have a great season because we’re working on our fundamentals." Said John Rice, "It’s going to be a great year."

**Bell sets new record as Irish finish 12th**

By Earl Rix

Greg Bell won the long jump with a school-record 24-6 jump in pacing the Notre Dame track team to an impressive 12th-place finish in the prestigious NCAA championships at University of Michigan on Saturday. The Irish club captured 680 points in the meet, which was accomplished by qualifying standards just to be able to compete.

Notre Dame was the only school to qualify all three of its relay teams for the finals and the Irish placed in five individual events as well.

"We definitely surprised some people with the overall meet," said Head Coach Jay Scott. "Our team is capable of running a lot faster." It was Dillon’s first competitive mile of the year.

The Irish track team placed seventh in the 600-yard dash, in addition to his successful performance in the 200-yard dash. He broke the school record in the 500-yard freestyle with his time of 4:46.5. Bolohan also set the record in the 100-yard backstroke (54.9).

Other individual records were broken by seniors Don Casey (4:17.8 in the 400-yard individual medley) and John Williamson (2:16.1 in the breaststroke), junior Glenn Battle (1:59.1 in the 200-yard individual medley) and sophomore Don Flynn (1:59.1 in the 200-yard butterfly). Both the 400 (Harding, Senior Mike Shepardson, and juniors Greg Bolohan and Gary Severy - 3:05.7) and 800-yard (Harding, Bolohan, senior John Gibbons, and sophomore Tim Jacobo-657.1) freestyle relay teams also erased the previous marks.

**At Wisconsin**

**ND netters post 1-2 weekend slate**

By Rachel Blount

The Notre Dame men’s tennis team returned home Sunday from the grueling weekend at the Wisconsin Quadrangular held at Madison.

The Irish team had one day off and suffered two defeats as they played their matches in a span of 22 hours. Notre Dame opened the meet against Southern Illinois University on Friday evening and dropped a close 5-4 decision, losing the doubles point.

"We didn’t take long for the TKO to be recorded as junior Paul Derba took up topleft sophomore Tom Shaughn at the 1:20 mark on the second round on a right combination."

"The decision came down to the Irish 4-4 with the Satkows. The deciding match was the No. 5 singles, which ended with Mike Gideon dropping a 7-5 tiebreaker in the third set to Defeat the Irish in the win."

The Irish had no time to dwell on their heartbreakers as they faced a tough Wisconsin team later that evening. Friday evening, the Irish were able to defeat the doubles team of McMahan and Thanksgiving a close contest in the third set, the second and third doubles teams losing in straight sets.

The Irish remained unbeaten in straight sets on Sunday morning but only No. 1 McMahan, No. 4 Hartnett and No. 5 Gall had the Irish victorious as the Bulldogs defeated the Irish, 6-3. Sophomore Dave Tritt and Jimmy Daub of the Irish added another point to the Irish 6-2-1. The Irish then dominated the singles matches, winning five of six as No. 1 V. Mawson and No. 4 Tom Robinson earned their victories in straight sets.

"Irish Coach Tom Fallon was pleased with his team’s weekend performance, despite the two defeats. "Our boys played very well," said Fallon. "They were three good close matches. It was also advantageous to us, because all three of our freshmen got good experience, and we’ll help us in the season."

The Irish now embark on their annual trip to Florida. With a break, where they will play 10 matches in 10 days. "It’ll be pretty much a marathon," Fallon said: "We’ll play some very good teams like Florida, Jackson State, and South Florida, and then some lesser junior colleges and community colleges.

"But, again, everybody is good down in Florida. They’ll have the advantage of hitting outdoors for a couple of months, and it should be a good test for us."

**Dillon ran his part of the race, the anchor-mile leg, in a time of 4:10, prancing in at a record pace. "He ran real strong and I’m sure that’s his capability of running a low forty," it was Dillon’s first competitive mile of the year.

The Notre Dame two-mile relay team also placed seventh. The crew of Jim Moyar, Tom Macaulay, Jim Tyler and Tim Cannon ran the event in 7:43.

The Irish mile relay team also took seventh place in the Irish East Coast. Captain James Eady, sophomore Mitch Yackern, senior Bill Riba and junior Steve Dabias combined for a 3:20 mile.

John McCroghan made it to the semi-finals in the high hurdles. Greg Bell made it to the semi-finals of the 60-yard dash, in addition to his record breaking long jump. Only Jim Moyar, Steve Dabias and Paul Doyle will compete next weekend. They will be running in the NCAA Indoor Championships at the Pontic Silverdome in Michigan.**
