Runoff tomorrow

Callaghan to face Connolly

By PATRICK MULLEN
News Staff

Brian Callaghan and Peggy Prevoznik will be running against Tom Connolly and Jim Leous in tomorrow's Student Body President/VP run-off elections. Callaghan and Connolly, who received 46.7 and 29.6 percent of the vote respectively, will participate in the run-off because neither of the two candidates received 50 percent of the vote. The other Student Body President/VP Presidential ticket of Liza Salvador and Mike Carlin received 23.7 percent of the vote.

The results of the vote, which was counted by officials of the Omnibus, were posted in LaFortune at 12 o'clock last night. The results showed the Callaghan/Prevoznik ticket with a solid lead going into the run-off with 2,028 votes to Connolly and Leous's 1,641 and to Salvador and Carlin's 1,031.

In what John Quinn, Omnibus's Election Coordinator, termed "an incredible turnout," 65 percent of the Notre Dame student body cast votes for the three tickets. Quinn said this turnout is considered when compared to last year's 49 percent turnout. Both Callaghan and Connolly expressed pleasure in this turnout and said they hoped for a similar if not better turnout in tomorrow's run-off.

Tim Connolly said he was pleased with the results of the election, but said that he and Prevoznik would have to do a bit of last minute campaigning to get the votes in halls in which they did not do well.

Both Connolly and Callaghan urged students to cast their votes tomorrow. The results of the elections will be held in the same manner as the general election. Balloting will be held from 11:30 a.m. to 4:15 p.m. in LaFortune.

Future bilateral vote possible

Freeze referendum defeated 2 to 1

By CATHY PAX
Campaign Campus Reporter

The unilateral freeze referendum was defeated by almost a two-to-one margin in voting held across the campus yesterday. The final tally had 2,855 votes, or 63.4 percent, voting against versus 1,463 votes, or 36.6 percent, for.

The Two-Campus Nuclear Freeze Coalition expressed disappointment in the results of the unilateral freeze referendum, but still believe they were successful in changing student opinion. College Republicans would support a bilateral freeze,入园 Mark Lynch, stated that they would continue to run a vigorous campaign for the freeze, despite the loss.

The referendum passed in the Old Campus district by the largest margin, with 100 voting for the freeze and 74 against it. The freeze also won in Badin by three votes and in the Old College by two. The freeze was defeated by narrow margins in Pasquerilla East, where the referendum failed by three votes — and in Lyons, where it lost by two.

In all other dorms the referendum failed by considerable margins. The most resounding defeat was in Hes­ter, where 225 students voted against it.

The referendum continued on the Two-Campus Freeze Coalition supported boycotted of Campbell's products on campus was passed yesterday by a narrow margin of 1,201 to 1,031. The boycott is part of a nationwide effort by the Farm Labor Organizing Committee to obtain collective bargaining for migrant workers with the major tomato processors. For the last three years, Notre Dame has honored that boycott and not allowed the sale of any Campbell products on campus. The results of yesterday's vote will continue that boycott.

Tom Merriman, Running for the head of the FLOC support group on campus was pleased with the outcome of the vote.

"I want to thank the student body for giving us the opportunity to share with them our commitment to the farm workers. We believe this victory is very important because it is indicative of the farm workers' conviction that they will not be silenced," said Merriman. "Although Callaghan refuses to listen to the farm workers needs, they will not give up. They will continue their struggle until victory. As concerned students, we will continue our support of the farm workers. This is only the beginning."

The vote was close, with FLOC's greatest support coming from the women's dorms on campus, Farley, Breen-Phillips, Walsh, Lewis, Badin, Lyons, P.W. and P.E. Together registred 742 votes for the continuation of the boycott, and only 290 against.

The men's dorms, on the other hand, generally voted against the referendum. Holy Cross, Keenan, Alumni, Old College, Howard, Mor­rey, Furer, and the Off-Campus students voted for the boycott, while Carroll, St. Ed's, Sorin, Cavanaugh, Dillon, Grace, Pangborn, Hes­ter, and Zimmer voted against it. The vote in Stanford resulted in a tie.

The referendum passed in the Old Campus district by the largest margin, with 100 voting for the freeze and 74 against it. The freeze also won in Badin by three votes and in the Old College by two. The freeze was defeated by narrow margins in Pasquerilla East, where the referendum failed by three votes — and in Lyons, where it lost by two.

In all other dorms the referendum failed by considerable margins. The most resounding defeat was in Hes­ter, where 225 students voted against it and 75 for the unilateral freeze.

"We knew from the beginning that it would be a long battle," said Chris Beem, chairman of the freeze coalition. "We still feel our organiza­tion's role in the campaign was suc­cessful. Our goals were outside of winning and losing, we wanted to provide a forum for education and discussion."

Students are more aware of the realities of nuclear war now, Beem believes. They are beginning to realize that the Americans share responsibility for the arms race. "We just can't point a finger at the Rus­sians," Beem feels. (The coal­ition) "were incredibly successful in this aspect."

Coalition workers found that most students did not even question the concept of a bilateral freeze. Through the unilateral campaign, the freeze coalition "made the bilateral freeze a conservative posi­tion," Beem said.

"When the College Republicans support a bilateral freeze, well, that's something," said Beem. Several freeze coalition members expressed a hope that the College Republicans will sponsor a bilateral freeze referendum on the next ballot.

Mark Lynch, president of the Col­lege Republicans refused to com­ment on this possibility. Many members of the College Republicans would support a bilateral freeze however, according to Lynch.

Lynch commended the organiza­tion on the "good job" they did in informing the student body. Students "knew all along how they would vote on a unilateral freeze," said Lynch. The College Republicans only "admonished the stu­dents, we did not convince them," Beem explained.

Beem believes that Saint Mary's has a chance to do what the Notre Dame community did not.
The Observer

AP was personally responsible for insurance attendance at their weekly meetings. The meeting was one of the most important of the year. The new set of student leaders will emerge. Once again, the campaigns were nearly equal. For the most part, candidates discussed the same issues and space social space, cooperation with the administration, laundry, etc.

While the issue is important and should be of top priority to the new leaders, they have been addressed by every student leader, with few, if any, results.

Therefore, I am pointing out some problems that many students have already. These are problems that could be easily alleviated if the student government were more effective. Little, if any, attention was given to these problems during the recent campaign.

Most of the other buildings on campus are either too hot or too cold in the winter. The steam-heating system is inadequate.

The problem is especially pronounced as the weather gets colder. To open windows in the middle of the night is not a solution. The temperature. Most heating systems, those in the newer dorms, however, can withstand the temperature. Sometimes, those in older dorms, however, are unpredictable. They seem to start and stop on their own whim.

The situation makes sleeping somewhat of a hazard. Residents are never sure where the temperature is. In the Mojave Desert of the American Southwest. Therefore, heavy blankets must be handy to prevent frostbite and/or pneumonia. The consequence could be fatal.

Pocket blankets must be provided by Grandma because the University of Washington (lightweight blankets.)

Residents of two-room suites are often caught in the middle. When the system contains a hyperactive radiator, the other contains anemic one. The result is obvious.

Overactive radiators can murder on the skin. An adequate supply of Vaseline Intensive Care or other moisturizing treatments must be on hand to prevent severe chapping.

Perhaps these radiators should be marketed as alarm clocks. Many students complain that they are awakened at 6 a.m. daily by loud clanging.

2. If the Surgeon General says that cigarette smoking is hazardous to one’s health, the student should try parking on lot D. Located behind the ROTC Building, D is the only convenient parking lot for South Quad residents.

Little Sisters’ Weekend at Saint Mary’s is being planned for the weekend of April 15-17. The event will coincide with the Little Sisters’ Weekend. Committees have been formed to plan activities for the Saint Mary’s weekend. Interested students should contact chairperson Michele Manion at 284-5533.

A Cap’n Crunch sit-in was staged in South Dining Hall at last night’s dinner. After waiting in line to fill their bowls with the reverse image of the Cap’n Crunch box, the protesters held a sit-in. One protester said that the Cap’n Crunch bin was empty. Refusing to accept this, more than a dozen students filled the Cap’n Crunch box in bowls, blocking the cereal rack until their demands were met. Ten minutes later, the harried ND foodservice employees produced four large bags of Cap’n Crunch.

The supply was exhausted in a matter of minutes. “Now in the winter of our discontent,” said long-time Cap’n Crunch supporter Donald G., “I have just don’t cut it. Give me the Cap’n or give me death.”—The Observer

Rep. Morris K. Udall of Arizona has decided not to seek the Democratic presidential nomination. Knowledgeable sources said late yesterday, Udall was to announce his decision at a news conference in Washington today, the sources said. A member of the House since 1961, Udall ran an unsuccessful campaign against Jimmy Carter and other Democrats in 1976, narrowly losing to the current president.

The sources said that Udall had traveled through 22 states testing the political waters for potential interest for a 1984 campaign. One drawback has been that Udall, 59, suffers from a gradually debilitating ailment. But a panel of doctors told Udall, a former pro basketball player, that he would be physically capable of running or intending to.

Hitachi Ltd., one of Japan’s largest industrial companies, pleaded guilty yesterday in San Francisco along with two employees to a scheme to send computer chips stolen from IBM to Japan. In exchange for the company’s plea and payment of $25,000 to the federal government, the company was said there will be no further criminal charges against Hitachi, its officers or employees stemming from the highly controversial industrial espionage case. Hitachi’s board of directors authorized the guilty plea, company lawyer Peter Fleming II. While Hitachi’s top management will maintain that “it had no knowledge” of a conspiracy, Fleming said the company was determined to show the “great respect for this court... and nation which it represents.”

Hitachi, with 8.5 billion yen in sales and 11 billion yen in employees was caught last summer in an FBI undercover operation aimed at the electronics industry. On the Silicon Valley, named for the silicon chips that are the basis of integrated electronic circuits, used for such things as computer memories.—AP

The Reagan administration said yesterday it hopes the report by a special Israeli commission into the Beirut massacre will not aggravate the serious deadlock over withdrawal of Israeli forces in Lebanon. “We don’t see why the impact of the report, whatever it may be, should effect the Lebanon negotiations,” said a spokesman for the State Department. Lebanon, the issues are urgent and should be addressed in the interests of Lebanese stability and sovereignty and in Israel’s interests as well.”

Reagan admin officials would not speculate publicly on what effect the report would have on Prime Minister Menachem Begin’s government — and thus in the negotiations. But one official said the resignation of Israeli Defense Minister Ariel Sharon would probably not be enough to alter Israel’s stand in the talks. The report said Sharon — a close ally of Begin — was personally responsible for the slayings of Palestinian refugee camps last September and should resign. The White House was refusing to quit, and questions were being raised in Israel about whether Begin’s government would fall.—AP

Truckers in some areas went back on the road wearing black armbands yesterday as a violent strike by independent owner-operators continued to wind down with now occasional roadblocks. Truckers’ union chief Mike Parkhurst, leader of the independent Truckers Association, hinted during a meeting with three congressmen yesterday that the shutdown of the strike has made a “goodwill commitment” to address the truckers’ grievances, the lawmakers said. Since the strike began Feb. 1, there have been more than 100 police actions at violence in 18 states, with one driver shot to death, 63 people injured and 93 arrested. Parkhurst and Bill Schaffer, the organization’s vice president, met for two hours with Reps. Peter H. Kostmayer, D-Pa., Douglas Applegate, D-Ohio, and Ed Jenkins, D-Ga.—AP

Inside Wednesday...

The problem does not end in the Spring, however, because D-6 is located at the southeast end of a swamp. A 4x4 four-wheeler cannot be seen sinking in mud.

It wouldn’t take much for the University to solve this problem. Paving the lot wouldn’t solve the swamp problem, but would be a major improvement.

The campus radio station, WSNM-AM, plays good music. The station does a decent job of updating the weather forecast and carrying special programming to the Notre Dame community. However, many students couldn’t even show up there when the station is on the radio dial.

These are only three of many small problems or inconveniences facing Notre Dame students. I suggest that the new students body leaders direct their attention toward these areas and prove that student government can make a positive contribution to our community.

Senior Bar will hire a part-time administrator to oversee daily operations and to provide continuity from one year to the next in a plan proposed by the current managers of Senior Bar and James Roemer, dean of students.

This plan will need the approval of Father James Von Wolfsee, vice president for student affairs, and Thomas Mason, vice president for business affairs.

"From a business standpoint, it makes sense to get a person in there to run it from year to year. This person would know about warranties and who to call if something breaks," said Ken."

The position would be reached Monday afternoon in a meeting of Roemer, Woods, the three other managers and Ken Milan, an associate professor of accounting who has assisted Senior Bar for the past seven years.

"The idea is that some sort of manager or administrator has survived many times in the past few years, especially after arts events were announced to build a new facility," said Woods. Roemer that last year the thought of hiring a full-time professional manager was considered, but the thought faded away after seeing the good job of this person would have. This new post would "take care of that kind of continuity problem," said Roemer.

The decision to recommend the hiring of a part-time administrator was reached Monday afternoon in a meeting of Roemer, Woods, the three other managers and Ken Milan, an associate professor of accounting who has assisted Senior Bar for the past seven years.

Three elected to Senate, two await run-off tomorrow

By TOM MOWLE
Campus Campaign Reporter

Bob Riley, Richard Quinn, and Rick Anderson were elected to the Senior Student Senate in Districts 2, 4, and 5 yesterday.

Bob Bertino and Brandon Breiner in District 1 and Dave McAvoy and Alison Ybarra in District 5 will meet in a run-off election tomorrow.

Riley, a Keenan junior, swept the North Quad. Bertino, a Senior in District 1, margin Al Hak, his opponent, only won Cavanaugh, his home dorm, with 55 percent of the vote. Riley won Keenan 225-19.

Quinn received 56.4 percent of the votes in the Tower Quad. While Mark Boone won the Passageways by slim margins, Quinn took both his dorm and Grace.

Spelzino won in the Off-Campus voting with 55.8 percent of the 129 votes.

Bertino edged Brisson, 367-310, in District 1, but as neither can win the 50 percent of the votes, they will compete in a run off election tomorrow. Their opponents in the four-candidate race, Bridger Giffin and Bill Smith, won in Keenan.

Editor's note: The following is the last of a three part series describing the candidates for Saint Mary's Class Officers. Today's segment profiles candidates for Sophomore Class Officers.

BY ANNE MONASTYSKI
Campus Campaign Reporter

Informing students about campus activities and better organizing class events figure in the platforms of the three tickets campaigning for Sophomore Class Officers.

The ticket of Anne Marie Kollman, president, Sheila Flood, vice president; Gretchen Wroblewski, treasurer, and Katii Hartweier, secretary are campaigning with the slogan, "Catch that Sophomore Spirit!"

Kollman said they want to "keep in close contact with students going abroad." Sending newsletters to students abroad will keep them informed of campus activities, Kollman said.

Kollman's ticket intends to "keep the unity" of the class by distributing a newsletter to sophomores on campus. Kollman is vice chairperson of the Freshman Council, a member of the Housing Committee, Campus Ministry and is involved in the Ad a s-a-Nan program.

Hill is social commissioner of the Freshman Council. Wroblewskf is treasurer of the Freshman Council, and is involved in Campus Ministry. Hartweier is the Notre Dame sophomore and is the representative for the Freshman Council.

Campaigning with the slogan, "Shoot for the Stars" is the ticket consisting of Amy Bertucci, president, Anne Karnatz, vice president; Sandy Kozenzies, treasurer, and Deborah Knezevich, secretary. Bertucci's ticket stresses "better planning" for dances. "We want to make it more of a class dance and have everyone involved in every stage of the activity," said Bertucci.

Bertucci said her ticket wants to "bridge the gap" between freshman and sophomore year by sponsoring many class activities with Notre Dame and Saint Mary's students. Ideas include a ski trip and class mass.

Bertucci plays clarinet for the Notre Dame Marching Band. Kozenzies is a member of the Regina Hall Council and assistant to a compressor on the Council. Buchan is a member of the Student Admissions Council and a student assistant to the Religion Department.

On the third ticket are Julie Har, president; Mary Sauer, vice president, Theresa Hardy, treasurer, and Janet Bieg, secretary. Hardy plans to highlight service to the class through activities. Harmony and participation is the key. "We want to work for the class. We feel we can do this from experience," Hardy said.

"Don't look us over, we're the ticket that stands for the Sophomore class," the ticket promotes fundraising events to donate to local charities. Said Har: "We'd like to give our ideas toward class involvement."

Campus picnics, shopping trips, and holiday dances are some ideas.

Harmon is secretary of Regina Hall Council and a member of the Student Admissions Council. Both Sauer and Bieg are members of the Student Admissions Council. Hardy is a member of the Judicial Board.

continued from page 3

their home dorms, Lewis and Holy Cross, but fared poorly in other dorms. Bertin's leading margin was boosted by his victory in Alumni, where both the other candidates lost. Bertino won in Carroll and Sorin, while the vote in St. Edward's and Walsh was narrowly in Bertino's favor.

Yurko enters her run-off with McAvoy by a 10-vote margin over fellow Lyons sophomore Susan Hohschie. McAvoy received 45.6 percent of the vote, mainly because of strong home support in Dillon, where he took 80 percent of the ballots.

McAvoy easily defeated Yurko in Lyons, but Yurko's support in the other South Quad dorms led to her second place finish.

Riley thanked "all the guys in the student body" and the girls dorms, and Stanford for not letting the rivalry interfere. He vowed to "the Senate back on its feet and make it a voice students are proud of.

Quinn also thanked "everyone who supported me." He hopes to communicate with the Quad in the future to find out what they want.

Spolinsky was "glad to have won," and said he believes he "can do a lot to help make the Senate a work body." He commented, "I will try my best to work with the President and the Senate to accomplish real goals this year."

Bertino was "happy to make the run-off and pleased with the results, especially in Alumni, but obviously I have a lot more work to do."

ON THE THIRD TICKET are Julie Har, president; Mary Sauer, vice president, Theresa Hardy, treasurer, and Janet Bieg, secretary. Hardy plans to highlight service to the class through activities. Harmony and participation is the key. "We want to work for the class. We feel we can do this from experience," Hardy said.

Show off new facilities

Counseling Center announces open house

By KATHLEEN DOYLE
Senior Staff Editor

Improved facilities and reports of new and expanded services are two subjects which will highlight conversation at an open house for the recently restructured Counseling and Psychological Services Center.

The event is scheduled for Friday from 1 to 5 p.m. in the center’s offices on the third floor of the Student Health Center. “The purpose of the open house is to show off our facilities which are now complete,” said Michael Mond, acting director of C&PSC. “The open house is open to everyone—students, faculty, administration, and staff. We want to give everyone the opportunity to see our office, to get to know them. We hope they will also share their views of how the C&PSC can better serve them.”

The comprehensive mental health agency, which offers professional services to all Notre Dame students and their families, is the result of a merger between the university’s Counseling Center and the Student Psychological Services Center. The merger, planned during the 1982 spring semester, was implemented this summer and made effective with the start of the 1982-83 academic year.

The C&PSC has a staff of six full-time professionals, a consulting psychiatrist, and eleven advanced doctoral students in the counseling psychology program. “The merger is running smoothly,” Mond said. “The two services have integrated fairly well, and by combining both efforts we have gathered and centered more resources.”

Last Monday, Mond met with the Student Senate to inform them of the Open House and the changes in C&PSC. He also met with the Student Health Advisory Council last Wednesday and the Hall Presidents Council last night. “We are hoping to spread the word through the student leadership,” Mond said. “We have easier access to the administration and faculty, but we feel the students must be informed as well.”

A new wing of offices and therapy rooms has been added to the center as a result of the merger. A library and an audio-visual room also have been added and the waiting room has been enlarged.

In addition, the old infirmary chapel has been renovated for use by C&PSC for workshops, films, and lectures. The C&PSC previously did not have a room large enough for such functions.

The C&PSC offers both confidential individual therapy and group counseling. A number of outreach programs are currently underway. These include assertive training, stress management, life and career planning, and a social skills/dyness workshop. Students wishing to enroll in these programs should call the Center at 239-7336 between 9 a.m. and 5 p.m.

Also, he said, “We can offer help to students who are hoping to spread the word through the student leadership.”

Counseling Center offers both confidential individual therapy and group counseling. A number of outreach programs are currently underway. Students wishing to enroll in these programs should call the Center at 239-7336 between 9 a.m. and 5 p.m.

Seniors! Help make the SENIOR ARTS FESTIVAL a reality. If you wish to help organize the festival, if you have ideas about the planning of events, or if you want to publicize a recital, reading, concert, acting or directing piece, exhibit or other art happening involving members of Notre Dame’s Class of ’83, please call Theresa at 6773 or the Student Union Cultural Arts Commission at 239-5283.

Seniors, We Need You!
**Western Europe and nuclear public relations**

Never underestimate the power of public relations. Every corporate executive knows that sometimes a company can make or break its position in a competitive market. Mobil Oil, for example, in its attempts to win the hearts and minds of the American public, has made a successful effort in improving its public image through strategic public relations efforts. By deploying a new generation of professionals with expertise in public relations, Mobil Oil has been able to successfully market its products and services, while also addressing concerns and criticisms raised by its stakeholders.

**P.O. Box Q**

Dear Editor:

I was glad to read the letter from the Mobil Oil executive, who emphasized the importance of public relations in today’s world. The letter was a reminder of how effective public relations can be in shaping public perception and influencing public opinion. Mobil Oil’s success in marketing its products is a testament to the power of public relations.

Sincerely,

[Your Name]

**Notso Super TRAMP**

Supertramp is one of the last published bands to achieve success. They are known for their soaring vocals and memorable tunes. The band's music has a timeless quality that continues to be enjoyed by fans around the world.

**The album, Breakfast in America, was released in 1979.** The band had been active since the early 1970s, with albums like **"Crime of the Century,"** which was released in 1975. **By the early 1980s, the band had gained a reputation for their unique sound and powerful melodies.**

**Recall review**

**First of all, this album does not showcase any song as compelling as "The Logical Song." "Goodbye Stranger," or any of their earlier hits, and this is disappointing. The reason for this feeling is that their latest single, "It's Raining Again," though it has all the hallmarks of recent supertramp, can not compare favorably to those previous songs because of the silliness of the lyrics and emptiness of the music itself. Granted, it is at the very least, still a fairly good pop song, but Supertramp has never played trivial pop music. "Put on Your Old Brown Shoes," a song that is in a relatively similar vein of musical emptiness as "It's Raining Again," also exposes the quality difference between these songs and their past triumphs.

Another problem with this album is that it is entirely dominated by keyboards and saxophones, and although this normally would not matter, it does here because the playing is not altogether memorable. This does not mean that the musicianship is bad — because it isn't — just that it is not a highlight of the album. Supertramp can achieve. This dominance also means that the electric guitar that worked so well in "Bloody Well Right," a song from Crime of the Century, is all but forgotten until one of the last songs on the album, "Waiting to Long." Even the few power chords that were added didn't quite save this song. On Breakfast in America, they proved they could survive without the electric guitar too.

**Seems like "Know Who You Are," an acoustic song that never got off the ground.**

---

**SHOWCASE notes**

- **Picture This (the song from the new show)" and "Lady," and "My Kind of Lady.** First of all, most of these songs are entertaining but cause Supertramp, at its very worst, is still a competent band that knows how to make entertaining music. Secondly, there is a distinct, punchy rhythm to several of these songs and on "Cred Le Bon." Rick Davies directly states and supports it when he sings, "I had won this music! A-coming to me! And all that I have is this rhythm! A running through me!" The important aspect of this example is that the band actually delivers what it promises which is rare in their new album. What this positive side of the album means, is that even though these songs are, for the most part mediocre, there are not overly weak or offensive; many of the songs hint at what the group is capable of achieving. In other words, although this album can hardly qualify as being any famous last warning, there still could be brighter things in the future coming from Supertramp.

Inthroughball is beginning. The entry deadline is February 15 at 5:30. Because there is a 1/2 team limit, early signups are encouraged. All the tournament is open to students, faculty, and staff. In fact, it is open to any 3-panel game per round. The roster minimum is nine players. Entries can be submitted to the SVA office in the A.C.C. — The Observer

Any remaining participants in the men's undercard and men's grad single racquetball tournaments should call the SVA office at 239-6100 to report results and keep the tournament moving. — The Observer

Cross country ski clinic will be held Saturday on the Lake County campus from 11 a.m. This clinic is designed to meet with skis. Chill can be skis at the ski shop in the Rock from 3 - 5 p.m. on Friday, and from 10 - 5 p.m. Saturday. — The Observer

The Men's Swimming team will play host to the Boilermakers of Purdue University tonight in the Rock pool. Action is scheduled to begin at 7. — The Observer

Marathon Oil has bought all of the remaining tickets to this Saturday's hockey game supposedly Bowden Green. The company distributed most of the tickets to its dealers. These tickets are sold out. However, there are still remaining tickets for the Band. The tickets can be bought at Gate 16 of the ACC from 9 to 5 every day this week. Game time is 7:00. — The Observer

Bookstore Basketball organizer Dave Driedzic is considering the possibility of a bookstore basketball tournament. Only one NCAA Division I basketball player, past, or present, will be allowed per team. Registration for bookstore XII will be Sunday, March 6, not March 10 as previously reported — The Observer

Irish take initial MCC meet

By DEAN SULLIVAN
Sports Writer

The Midwestern City Conference will never be the same. Participating in its first MCC conference meet, the Notre Dame track team destroyed the competition, racking up 215 points - twice the total of second-place Oral Roberts.

The Irish had nine individual first place finishers, and the mile relay team of John McNelis, Dean McFarlane, Co-captain Steve Dziabas, and Robert Nobles capped off the evening with a big victory.

McNelis and Dziabas were also individual champions. McNelis beat the field in the 800-yard dash, and Dziabas was virtually uncontested in the 600-yard run, winning by almost four seconds.

Other winners included graduate student John McIoughlin, who continued his dominance in the high hurdles, winning a decisive victory.

Jan Kania and Jim Tyler in the 500-yard and 1000 yard runs, respectively, and Ed Juba took the three-mile run in a sparkling 13:59.9.

Juba, Mark Wozniak, and Ralph Caron ran in procession and made their move together before Juba broke away from the pack for the win.

In the field events, freshman Gary Lekander posted his first victory, winning impressively in the triple jump, while classmate Todd Lexon won the shot put. Sophomore James Patterson had yet one more victory in the long jump, leaping over the 23-foot mark.

The Irish hope to continue dominating, as they travel to Indiana University Friday to compete in the State Championships.

"We're looking to have a very good meet," says coach Joe Piane. "We've been running extremely well and hopefully our injury situation will have improved by Friday."

The injuries that most concern Piane belong to co-captain Jim Moyar, bothered by a leg problem, and sprinter Van Peacey. Both missed the conference meet.

Knight has IU Hoosiers in race

BLOOMINGTON, Ind. (AP) — Indiana University's basketball practice session was over. But something was bothering Bobby Knight.

"I don't think he's ever talked to the media about this," Knight said of his team's defense.

The game against Minnesota wasKnight's fourth-ranked Hoosiers will get back to practice on Monday, Knight said. They will use their NCAA playoff berth to get ready for the NBA draft, which is expected to be held in April.

The Hoosiers have been stepping up their effort to get past the first round of the NCAA tournament, which begins on Friday and Saturday. Knight said his team has been working hard to improve its defense, and he expects them to be more competitive than in past years.

"We're not overpowering," Knight said.

"The players who make the team will find it the most rewarding time of their lives," said Knight.

"We're not overpowering," Knight said.

By DAVE IRWIN
Sports Writer

Today is the first day that colleges can sign high school seniors to national letters-of-intent, which is the only way they can bind them to their programs. Although the NCAA has not yet published the names of the leading recruits to be announced, it is expected that many will be named this week.

For the third straight year it looks like Notre Dame is going to have one of the best recruiting classes in the country. The Fighting Irish have come to be known as one of the nation's premier programs, and it is a program that has been successful at attracting students from all over the country.

Trena Keys' presence proving a valuable asset

There is no question that Trena Keys is one of the most highly-touted female basketball players in the country. She is a 7-foot, 235-pound center who has been highly recruited by many of the nation's top programs.

Keys' task is not an easy one, but she has proven that she can be a valuable addition to any team. She is a versatile player who can score inside or outside, and she has a good jump shot.

She is scoring 20 points a game and has scored over 1,000 points in her career. She is also a good passer and can set up her teammates for easy shots.

Keys was recruited by Notre Dame last year while earning the title of "Most Basketbkal of the Year" in Ohio. She is the most highly-recruited female athlete ever to enter the Notre Dame basketball program. She is expected to be a valuable addition to the team's lineup.

By MIKE SULLIVAN
Sports Writer

EDITOR'S NOTE: In yesterday's paper, we profiled Shari Mathey, the player most responsible for bringing the women's basketball team to the brink of national recognition. Today, we profile Trena Keys, in whose hands the team's future lies.

Trena Keys came to Notre Dame with some high expectations. She was selected as a first team All-American last year while earning the title of "Moss Basketball" of the Year. She is the most highly-recruited female athlete ever to enter the University. She is expected to be a valuable addition to the team's lineup.

Last year, Keys led the Irish to the NCAA tournament, where they were upset in the second round by the University of Kentucky.

In yesterday's game, Keys had 25 points and 10 rebounds in a 75-69 loss to Kentucky. She was named the Most Valuable Player of the tournament.

According to Brian Boulac, Notre Dame's assistant head coach and director of operations, Keys is one of the most talented players in the country.

"She is a very hard-working player who can shoot the ball from anywhere on the court," Boulac said. "She has a quick release and can score inside or outside."
