Healy and Lawrence ticket victorious in election

By MARY CAROL CREADON
Senior Staff Reporter

Bill Healy and Duane Lawrence carried all but three dorms in yesterday's race for student body president and vice president, handily defeating the controversial ticket of Pat Browne and Joanie Cahill.

Healy and Lawrence received 1,796 votes, 55 percent of the votes cast. Browne and Cahill tallied 1,015 votes or 31 percent. The other 13 percent of the vote included write-ins and abstentions.

Voter turnout was the lowest at least five years, totaling 44 percent, compared to a turnout of 55.1 percent last year. Browne and Cahill received a total of 51 percent of the vote, carrying their home dorms of Stanford and Lyons in addition to Keenan Hall.

Healy and Lawrence generated overwhelming support from their own dorms, Dillon (194-5) and St. Edward's (190-18), respectively. They were also well represented in Bannan, Grace, and Pasquerilla East.

Healy was extremely happy with the results, saying he wasn't really sure which way the vote would go. Lawrence said he was "relieved" after hearing they had won. Healy said he was "thrilled to death about the success" the winners would achieve, and is confident that they will add much credibility to student government as well as being great for their districts.

In light of the recent controversy concerning ORUC's withdrawal and Student Senate's subsequent reinstatement of the Browne-Cahill candidacy, Healy said he would like "to leave it all behind now. The winners are decided to throw it to the students and the students made their decision." Healy also said this will be the "last word I will say about anything that happened." Healy and Lawrence agreed it will take some time to regain the students' confidence in the credibility of student government. They said this will require the help of all involved, including Browne and Cahill. "We want and need their help," Healy said.

Browne phoned Healy at the student government office and "made a very polite concession speech," said Healy. Both tickets met late last night.

Healy and Lawrence said, as they stated in their platform, they plan to place "much more stress on the HPC." Healy feels "the HPC deserves more credit than the Student Senate." Healy and Lawrence agreed it will take some time to regain the students' confidence in the credibility of student government. They said this will require the help of all involved, including Browne and Cahill. "We want and need their help," Healy said.

Bill Healy and Duane Lawrence celebrate their victory yesterday. Story at left.

Landslide wins dominate in races for five positions in Student Senate

By MIRIAM HILL
Senior Staff Reporter

Landslide victories occurred in all five of yesterday's Student Senate races.

In District One (Alumni, Carroll, Holy Cross, Lewis, St. Ed's, Sorin, Walsh, Colin, Alumni), Healy defeated opponent K.M. Burke with a 70.6 percent share of the vote. "I'm happy about the victory. I'm looking forward to working with Bill (Healy) and Duane (Lawrence)," said Burke.

In District Two (Cavanaugh, Breen-Phillips, Keenan, Stanford, Zahm, Farley), Jim Hagan won the race against Tom Browne, 76.3 percent to 23.7 percent.

In District Three (Badin, Dillon, Fisher, Howard, Lyons, Morrissey, Pangborn), John Ginty won the race against Tom Browne. Ginty said the new senators must "assez and decide what to do about the image of the Student Senate."

In District Four (Flanner, Grace, Pasquerilla East, Pasquerilla West) was the only race with more than two candidates, and Flanner resident Steve Tayeverts defeated both Tom Browne and Michael Jaeger. "I'm really glad we were able to avoid a runoff. I'm grateful to everyone that helped me; I couldn't have done it without them," Ginty said.

Jin Hagan won the off-campus race against Race Thomas by garnering a 61.6 percent share of the vote. "I'm grateful that the students had confidence in my ability," Hagan said. In response to questions about the recent problems in the Student Senate, Hagan said, "It's unfortunate that we have to inherit the legacy of their mistakes. I plan to work within the Senate as well as outside of it as an advocate for off-campus students."

El Salvador's Duarte chosen as Commencement speaker

By KAREN MC CLOSKY
News Staff

Jose Napoleon Duarte, president of the Republic of El Salvador, has been chosen to address the graduates of Notre Dame at this year's commencement exercises.

Duarte will receive an honorary doctor of law degree when he graduates of Notre Dame at this year's commencement exercises in the Athletic and Convocation Center May 19.

A 1948 graduate of the University with a bachelor's degree in civil engineering, Duarte is the first El Salvadoran to become a head of state. Duarte was invited to address the graduates by University President Theodore Hesburgh. After Duarte confirmed the invitation, the selection was presented to the Board of Trustees at its meeting this past weekend.

According to Hesburgh, "The board was very happy about it." Asked why Duarte was chosen, Hesburgh remarked, "He was rec-

ommended by a wide variety of people at the University. He is the first Notre Dame alumnus to be named head of state.

 Officials at the University have planned to present Duarte with an honorary degree since his election in 1982. Although the topic of Duarte's address has not been announced, Hesburgh commented, "Being a graduate, he knows what he will say to graduates." Hesburgh added he may offer a few suggestions for the theme of the address.

José Napoleón Duarte

El Salvadorans, he said, "are the people who are the victims of the policies of the United States and other countries." He added: "It is not the role of dictatorship to destroy the dignity of the people. It is the role of the people to destroy the dictatorship."

Hesburgh added he may offer a few suggestions for the theme of the address. Hesburgh added he may offer a few suggestions for the theme of the address.

In Brief

National campus alcohol guidelines were adopted by the National Association of College and University Residence Halls Inc. at its January conference. NACURH, which represents students from 320 institutions, is the first student group to endorse the guidelines proposed by BACCHUS, a national college alcohol awareness group. - The Observer

Sorry, Saint Mary's, no snowday. WNDU-TV reported last night that Saint Mary's College had cancelled class, but the announcement turned out to be false, and WNDU-TV retracted the report. The last time classes were cancelled at Saint Mary's or Notre Dame was during the winter of 1978. - The Observer

Of Interest

The NBC television network will carry the Palm Sunday liturgy live from Notre Dame's Sacred Heart Church on March 31. The hour-long program, presented in association with the U.S. Catholic Conference, will begin at 11 a.m. Father Theodore Hesburgh, president of Notre Dame, will be the celebrant of the Mass, the first ever to be broadcast nationally from Sacred Heart. Father Daniel Lundy, rector of Sacred Heart Church, said it will be necessary to have reserved seating in the congregation for students and other members of the Notre Dame community. Locally, Channel 16 WNDU-TV will carry the program live. - The Observer

A benefit lunch at the Center for Social Concerns will be hosted tomorrow from 11:30 until 1:30. The menu will include Brazilian soup, salad, hot bread, coffee and dessert. All proceeds will benefit the work of a South Bend native working in a school for the poor in Lima, Peru. - The Observer

The fast starts today. Students who pledged to take part in the Wednesday lunch fast are reminded the fast begins today and continues throughout the semester. Also during this time, from 12-15 until 1 every Wednesday, a prayer/reflection group will meet in the center for Social Concerns, sponsored by the World Hunger Coalition. - The Observer

Father Robert Taft, professor of literature at the Oratory Institute in Rome and consultant to the Vatican's Congregation for Propaganda, will give a lecture entitled "The Divine Office: Reflections on the Recent Reform of the Roman Breviary" tonight at Notre Dame's Memorial Library auditorium. The lecture is sponsored by the University's Department of Theology. - The Observer

A senior ski trip meeting will be tonight from 6 until 8 in the library. Room assignments will be selected and the remainder of the balance is due. Spots are still open, call Gary at 283-1701. - The Observer

Weather

A 40 percent chance of more sunny, warm weather today with variable cloudiness. It will be breezy with a high in the middle to upper 20s. Tonight, there is a 40 percent of light snow developing toward morning and a low of 10 to 15. For tomorrow, there is a 60 percent of light snow with a high in the middle 20s. - AP

Student Senate's elimination would be a service to ND

Congratulations to Chris Tayback, chairman of the Hall Presidents' Council, as well as to Junior Class President Rick Buchhann. Both of these have given their writing resigned from the Student Senate and this report has been drafted that more effort will follow. These two became aware that the Student Senate is a pretentious force, a force which should be eliminated now, while its true character has been freshly revealed to the student body. The fact that the past few days have not cost Notre Dame student government any credibility. It had none before they happened, at most, the latent "scandal," if they deserve such a word, only proved to the remaining doubters that student government is, as it currently raises, a force.

Some good may yet come of this, however. Perhaps the events of the last few days will provide the spark needed to begin a long overdue restructuring of student government.

One of the main problems with student government is that it is not墙体 effective. There are five organizations which profess to represent students: the Student Senate, Hall Presidents' Council, Campus Life Council, Student Union Activities Board, and class officers. Of these, only the CLC can pretend to have any power, since members of the administration are counted in its number. The HPC coordinates activities, the SUAB, campus-wide events; and elections are sponsored in activities for each graduating class.

The Student Senate over-laps these functions, it serves no useful purpose. It should be abolished.

Sure, the senate sets budgets for the Student Union, the Judicial Council, Ombudsmen, and other organizations. Another body could do this as well, or the administration could set the budgets. After all, no budget of which the administration disapproves will ever be allowed to pass that barrier. The senate also sometimes plan morale raising functions, such as picnics, in their districts. Additional student union commissioners responsible for each quad would carry out this function quite capably.

The only other purpose for the Student Senate is to perpetuate the myth that students have a voice in university policy. It looks good for the University to have student government, to be cynical about the whole thing, it allows them to dupe the students for a few years, until the students realize that the senate is permitted to have effect only when and how the administration wishes them to.

Since there is another campus-wide elected body in existence, there is no point to having the Student Senate. The Hall Presidents' Council could do the same job, and do it better.

Hall presidents usually provide an appropriate representation of a dorm because most presidents know the candidates and vote, not on popularity, but on how good a job they think he or she will do. A group of hall presidents is representative of the student body.

A district senator on the other hand, is not very representative of a district. Dorm unity will pull for the candidate from a given dorm, the majority of the candidates nearly wins in the neutral dorms. Rarely can ability be taken into account in the campaigning period.

The chairman of the HPC is the best representative for the students of Notre Dame. If a figurehead student body president is wanted as a coordinator between the dorms, the student government would not be necessary.

In any case, the elimination of the Student Senate would be a great service to the students of Notre Dame.

The Observer publishes its official opinion in the form of an unsigned, large-print, wide-column article on the Viewpoint page. From Ashes To Easter

You are invited to participate in "From Ashes To Easter," a four week program of prayer and reflection on the Sunday readings of Lent. Small groups will be sponsored in different halls, facilitated by head staff members. This is the first year of the program at Notre Dame. The program will start on February 24th. If you have any questions, please call Sr. MJ Griffin at 239-5242 (Badin-University Ministry Office) or 239-7072 (107 Farley Hall). Registration deadline is February 15th.

Snow emergency declared

The security department personnel will attempt to contact registered student owners between 11 p.m. and midnight to avoid towing. Parking lots for faculty/staff must be cleared so the workers can begin plowing. Students may park in the lot south of the stadium to allow the plows more access to the other student lots. The emergency will be in effect until the lots are returned to their normal access.

Huskers help with ND response

Healy, continued from page 1

He also added his seat as Hall Presidents' Council Chairman will be filled by Dillon Hall President Bernie Pellegrino. Tayback resigned from his position on Monday.

Concerning OBUD, Healy says: “as we made very clear in our platform, we plan to work very closely with OBUD” to ensure the continual success as an organization. To avoid the problems which the Student Senate and OBUD encountered in this year’s election, Healy says, “it will be necessary to start from scratch in establishing election rules.”

Student Body Vice President and Co-Chairman of the Ad Hoc Committee Cathy David said the elections ran smoothly despite OBUD’s refusal to run the elections.

Snowy obstacles

Saint Mary’s sophomore Lisa Hagan continues on her way after making it under one of the many weighted-down trees on campus, as another student tries to make it through. The recent weather has been strange to man and nature alike.

Council votes to keep senate seats, pushes for reconstruction instead

By DAN MCCULLOUGH
News Editor

The three representatives to the Student Senate from the Hall Presidents’ Council are staying.

HPC Chairman Chris Tayback’s proposal to remove the HPC’s representatives and to “take steps to encourage (the senate’s) immediate disbandment and reorganization,” was rejected by the council by a 6 to 15 vote, with one abstention and three abstentions.

The proposal would have removed the three remaining HPC representatives Kevin Howard (Keanan), Diane Lawrence (St. Ed- ward’s) and Joanie Cahill (Cross) from the senate at least until the senate can be restructured.

Tayback resigned his position from the senate Monday.

The HPC decided instead to ask the senate for an explanation of its actions, and to attempt to work with the senate in reorganizing the sen- ate’s structure.

Tayback’s proposal called the Stu- dent Senate’s weekend decision to reiterate the student body presiden- tial trio of Pat Browne and Cahill, “irresponsible and unrepresentative of student sentiment.” It continued that the HPC’s representatives in the senate “legitimizes that body as rep- resentative.”

The proposal said, “The recent ac- tions of the senate have shown to us, beyond doubt, that this senate is not an effective student voice, and lead us to question whether a senate so comprised can ever be effective or representative.”

In the discussion preceding the vote, Tayback said, “To interhall govern- ment we do a lot, we have a lot to say, and we have a lot of close, I think we ought to take a stand oh this right now.”

But Scott Hardek, Planner Hall president, disagreed. “I didn’t become a hall president to get in- volved with campus politics altogether. It’s a real lack of fault in Rob (Bertino, student body president) and Cathy (David, student body vice president) who have done a pretty good job. I don’t think it’s our place to decide the structure.”

Hesburgh says the motives behind the bishops’ statements, and Father Olafsson, the economics department, will address the theological aspects of the draft. Charles Craypo, chairman of the economics department, will dis- cuss the problems of unemployment, and Professors James Rakowski and Ed Prober also will participate. Management Professor John Houck will moderate.

commission which observed the elections.
"We walked into the boardroom," Hesburgh said "Duarte (turned to some associates) and said, 'There's the fellow who is responsible for all the trouble I'm in. He taught me about social justice and I took him seriously.'" Hesburgh recalls a time, in 1972, when Duarte's life was jeopardized by his political activities. Duarte was running for the presidency of El Salvador on a coalition ticket. The incumbent opponent was Colonel Arturo Armando Molina. When early election returns showed Duarte leading, the military government imposed a news blackout. After the blackout was lifted, Molina was declared the winner of the election.

A few weeks later, some of Duarte's military supporters tried unsuccessfully to overthrow the Molina government. Duarte was arrested, thrown in jail, and, according to Hesburgh, "was promised a fair trial and to be shot in the morning."

As that situation was unfolding, Roldano Duarte telephoned Hesburgh with news of his brother's plight. "I pulled out all the stops," Hesburgh said. "I'm out, state, everything." The intervention of international officials and the government of Venezuela saved Duarte's life. Even though he was tortured before being delivered over the Venezuelan border, Hesburgh said, "Look at his face," Hesburgh said. "You'd see where he was pistol whipped."

"Duarte is a gutsy guy," Hesburgh remarked. "He went to talk to the guerrillas with no bodyguards. There were only six scouts and two boys scouting on the streets. It was a long way from the capital."

Hesburgh is confident about the selection for the 1985 candidate.

"He's an ND guy who made good and is doing a good job."

Corrections

Because of a reporting error in yesterday's paper, The Observer incorrectly reported by Anne Marie Kollman, student body presidential candidate at South Bend, you eliminate your debt.

"There is not a lack of minorities. There is a lack of minority applicants."

Also in yesterday's paper, because of an editing error, The Observer incorrectly reported the evidence that candidates for President Saint Mary's Julie Harmon is running for vice president of academic affairs and Jeanne Heller is running for vice president of student affairs.

Also, Dorothy Murray is the student government judicial commissioner.

Chernenko illness real,

Soviet officials admit

Associated Press

MOSCOW - Soviet officials confirmed yesterday that President Konstantin Chernenko is ill and said he canceled a scheduled meeting with Greek Premier Andreas Papandreou , a Greek government spokesman said. Chernenko has not made a public appearance in nearly seven weeks.

A Soviet Foreign Ministry official said Chernenko, who came to power in September 1984, including reports that he has previous breathing difficulties when speaking in public.

The official Soviet news media were silent yesterday about Chernenko's condition. The lead item on the national evening news program "Verena," (Time) was an announcement that a new book by Chernenko has been published in the Soviet Union.

The book "On the Way to Completing Developed Socialism," is a compilation of speeches and writings by the Soviet leader in 1984. A still picture of Chernenko sitting behind a desk was shown during the announcement.

Chernenko kept a busy public schedule until his last appearance with Greek Prime Minister Andreas Papandreou, a Soviet Foreign Ministry official said Chernenko, who came to power a year ago today after the death of Yuri Andropov, was out of town "on vacation" and that there would be no meeting.

Greek government spokesman Dimitrios Maroudas later told a news conference that a planned meeting yesterday between Papandreou and the 73-year-old Soviet leader had been canceled by Soviet officials who said Chernenko was sick.

"The planned meeting of the premier of Greece with the general secretary of the Soviet Communist Party could not take place due to the illness of Mr. Chernenko," Maroudas said.

He declined to say how much advance notice was given. Asked if the delegation was given any details about Chernenko, Maroudas said: "we have no such curiosity."

Earlier, the Foreign Ministry official told The Associated Press: "Mr. Chernenko is not in Moscow. He is in the country. He is in vacation."

Maroudas said, "These two things do not necessarily contradict each other. He could be ill out of town at the same time."

Chernenko's health has been the subject of persistent speculation since he took office on Feb. 13, 1984, including reports that he has emphysema. He has displayed obvious breathing difficulties when speaking in public.

What should you know about MS?

**What should you know about MS?**

Multiple sclerosis is a neurologic disease that affects the way that the central nervous system (brain and spinal cord) works. It is not a hereditary disease. There are two groups of factors which influence whether or not a person develops MS: environmental factors (such as a virus) and internal or predisposing factors. Unfortunately, medical science is not yet able to explain how and why the course of the disease progresses and how and why it fluctuates. Often medication is used in trying to control the symptoms or curtailing a flare-up. Physical therapy is used to improve circulation or, after an acute episode, to help a patient overcome residual motor disability.

**Idea for activities and fund raising:**

Gioffre said of Saturday’s afternoon Millions Against MS Campaign is off to a rousing start. Karen McCloskey writes:

In the Domer channel, the film could have been a better one. I get Doner 2: Don't know. Turn stereotypes and sensationalism. This, in itself, missed an extraordinary educational program; but worse, they made for worthwhile viewing.

It would be interesting to know how many viewers at Notre Dame and across the United States were participants in a similar conversation when AMC aired "Consenting Adult" on Monday, Feb. 4. Those who switched channels missed an eloquent, sensitive, moving, and masterfully acted program; but worse, they missed an extraordinary educational opportunity.

The Gay Society of Notre Dame & Saint Mary's guest column

It may come as a surprise to some, but even gay anyhow. It is a fear of put-downs or in one's dreams. It is a fear of having a gay son, his parents painfully disengaged themselves of their dis- and moral condemnation, realizing that their son merited none of these.

Jeff's roommate and parents were entirely unprepared to deal with his homosexuality in any manner other than one fed by ignorance, fear, and hatred.

This fear, almost tangible at times, seems to be a result of the 1967 invasion/occupation, whatever remained of the Palestine problem. For this reason, Jeff Lynn realized that he had always been gay. It wasn't just a phase he was passing through or some "disease" he caught at college that could be cured.

The Gay Society of Notre Dame and Saint Mary's encourages members of the Notre Dame community to learn more about sexuality. Those interested may contact Column Monday through Friday between 4 p.m. and 6 p.m. in the gymnasium for further information.

For students who didn't switch to another channel, the film could have been a healthy experience as it brought to the surface the subject which is on the minds of many, but which remains hidden under layers of fear and anxiety. This fear, almost tangible at times, seems especially evident at Notre Dame with its strong residential traditions. It was the fear which usually only gains release in crude jokes and put-downs or in one's dreams. It is a fear of being suspected of being gay and, for some, it is a fear of actually being gay.

Jeff Lynn realized that he had always been gay. It wasn't just a phase he was passing through or some "disease" he caught at college that could be cured.

He remained the same person that his parents had always loved - honest, bright, compassionate, moral - and the revelation of his gayness didn't change who he was. Yet his parents, and especially his father, were so burdened with the stereotypes and prejudices that they initially shut out their own son. Faced with a real, live, homosexual and not a mere obfuscation, but the reality of having a gay son, his parents painfully disengaged themselves of their dis- and moral condemnation, realizing that their son merited none of these.

Jeff's roommate and parents were entirely unprepared to deal with his homosexuality in any manner other than one fed by ignorance, fear, and hatred. And this is where the educational value of the film lies: it vividly portrays the agony that results from ignorance and we can learn from this.

Imagine what you would do if you discovered your own child was homosexual. Would you cut off your source of support and love your child to hate him/herself? Or would you help your child to accept himself/herself as a great individual and to realize his/her human potential to the fullest? If you answered the first question affirmatively, perhaps you ought to consider celibacy. If you answered yes to the second question, you are not far from the Kingdom.

As a result of the 1967 invasion/occupation, whatever remained of Palestine fell to the strengthened and developed Zionist entity. The State of Israel.

This entity aimed at reducing the lower classes of Palestine - those living in the pre-1967 Israel and in the newly occupied territories to a dispossessed mass of uprooted people. It is a mass of homelessness and fear. And this is where the educational value of the film lies: it vividly portrays the agony that results from ignorance and we can learn from this.

The history of the Palestinian problem

Despite the fact that many books, thick and thin, have been written and published on the title subject during the last 60 years or so and that many divergent views have been pre- sented, I shall try by logical links, within my modest abilities, my treatise to the very essential and I hope to understand them.

My parents are both from Nazareth, which is situated to the north of Palestine, and I was born in Bethlehem, which is a little south of Jerusalem. I lived for nineteen years in Jerusalem before coming to the United States two and a half years ago.

Clergy have responsibility on speech issues

Some in government will still do their work

Dear Editor:
In their zeal to do the right thing, several student government members have resigned in protest of the activities of Student Government President, Marc Deshaies. This noble protest over the Brown/Cahill religious issue should not be considered as the end of the matter.

Some religious leaders, even within the range of man's 'feeble power,' will try to make a case for faithfulness as well. Material conditions will often pose issues that some may consider beyond their religious authority. While this may seem a drive to the spiritual well-being of their followers, the clergy is a prominent one, receiving much attention. In response to the charge that the students' attempt to practice politics in this small polity is a distraction, I will continue to work on the recommendations of their faith. For their part, the clergy must not beset another to preach the dictates of their consciences, because it will be to refrain from making political considerations also a political choice. In this way, religious leaders can try to prevent suffering and injustice, instead of treating only the symptoms.

People should give even without a return

Dear Editor:
In "Letters to a Lonely God" (2/8/85), Father Griffin has missed one of the fundamental messages of Christianity. One is not to be tolerant, considerate, kind, and loving to those who are in need. For example, consider, kindness, and love, rather, one must give oneself regardless of whether one receives similar treatment in return. One does not even have to be a Christian to see the value in what Father Griffin suggests. If you love those who love you, what reward have you? Do not even the tax collectors do that?" 1

I would like to thank Father Hesburgh for his efforts at such a great person to speak with the young underprivileged. I hope he chooses someone as suitable as Loret Ruppe for the commencement of 1985.

The real message was 'go Notre Dame'

Dear Editor:
Do you know what I hate? I hate it when people mad at students for booping opposing teams. Just when you think you are helping your own team, someone has to go and ruin your point. That is what we are "rebelling against" they say. I hate it when that happens.

Teri Marenta, who found the behavior of the students nothing short of praiseworthy. I believe that the uproot which lasted from the pre-game warm-ups to the final buzzer not only helped to raise the level of competition in the ACC, but also the level of play.

In response to the charge that the students' behaviors, reprehensible because the "brownies were bood, I say, lighten upper Stier. I am positive they are not. I attend the Notre Dame Mass every Sunday and love anything personal against any of the DePaul players. Simply it comes down to the fact that students, as fans, have a responsibility to do anything, within limits, that might cause an opposing player to be nervous, to miss a shot or to throw an errant pass. In short, to inform other teams that it will be no easy task to win a basketball game in the ACC.

Once again, I think the student body should be commended for a job well done during the DePaul game. They were loud, they were rowdy and they were within the limits of acceptable fan behavior. Keep it up, everybody. And GO IRISH!

Robert's ridicule of Ruppe was wrong

Dear Editor:
I disagree with Theron Robert's description of the incident in which he rebukes, and disapprovingly quotes Loret Ruppe. I find fault with Robert's criticism of Ruppe in that he refused to consider the context.

Controversy is not adversity related to personal gain. I can easily re- member the controversy and student protest surrounding Ronald Reagan's selection in 1981. If Ronald Reagan can be considered a great speaker, then Loret Ruppe can be an effective one.

St. John's beats Lions Associated Press

NEW YORK - Chris Mullin and Walt Bellamy scored 17 and 14, respectively. The Lions each top-ranked St. John's broke loose in the second half and extended its winning streak to 15 games with a 68-49 college basketball victory over Catholic University of New York. The Redmen, with the longest winning streak in Division I, raised their record to 20-1, while the Lions fell to 7-11. Mike Moses added 10 points and center Bill Wennington nine for the Redmen, while Mark Murphy and Mark Settles each scored 12 for the Lions, who suffered their third straight loss.
Wales Conference beats Campbell
Conference in NHL All-Star Game

Associated Press

CALGARY, Alberta - Pittsburgh's Mario Lemieux, the National Hockey League's top draft pick last summer and leading rookie scorer, collected two goals and an assist Tuesday night to lead the Prince of Wales Conference to a 6-4 victory over the Clarence Campbell Conference in the 37th All-Star Game.

Lemieux, the most touted rookie to enter the league in more than a decade, was named the game's most valuable player.

He had given the Wales a 2-4 lead at 17:45 of the second period after taking a pretty pass from fellow rookie Kirk Muller of the New Jersey Devils and slipping a wrist shot past goalie Grant Fuhr.

Just four minutes before Lemieux's first goal, Anders Hedberg of the New York Rangers had broken a 2-2 tie.

Hedberg, at 53 the oldest player in the game and in his final NHL season, took a pass from Lemieux and sent a wrist shot from the slot that Fuhr couldn't find. It was Hedberg's first NHL All-Star game.

The Wales Conference got off to a quick start, scoring twice in the first 5:51.

Harold's Ron Francis put in a 10-foot backhander from the slot just 1:40 into the contest. Philadelphia's Tim Kerr, who set up Francis' goal, made it 2-0.

But the Campbells, who have won just two of 10 games under the present format, rallied on goals by Marcel Dionne and Miro Frycer.

Dionne, the Los Angeles Kings' center appearing in his eighth All-Star game, had his 35-foot wrist shot deflect off the glove of Wales defender Mike Ramsey and into the net just 62 seconds after Kerr's goal.

Frycer, a Czechoslovakian native who plays for Toronto, tipped a 25-foot shot past goalie Tom Barsaso after taking the puck off Lemieux's stick at 16:55.

For the Wales, it was the No. 1 player's second straight game of 2-10.

The 2-3-2, 2-10 record, which is the best for a single game since the Wales' 2-10-4 record in 1981.

The Wales have proven costly.

But whether or not the team will be up to the task, the outcome of the game is of secondary importance to the Irish.

For the Campbell's fourth goal with 2:40 remaining, the Toronto All-Star Scotty Bowman of the New York Rangers scored his second goal of the game on a breakaway.

The All-Stars led 3-2 and outshot the Wales 24-13 when Bowman scored.

But the Wales rallied with two goals in the final period.

Lemieux's stick at 16:55.

Frycer, a Czechoslovakian native who plays for Toronto, tipped a 25-foot shot past goalie Tom Barsaso after taking the puck off Lemieux's stick at 16:55.

The Wales have proven costly.

But whether or not the team will be up to the task, the outcome of the game is of secondary importance to the Irish.

For the Campbell's fourth goal with 2:40 remaining, the Toronto All-Star Scotty Bowman of the New York Rangers scored his second goal of the game on a breakaway.

The All-Stars led 3-2 and outshot the Wales 24-13 when Bowman scored.

Lemieux's stick at 16:55.

Frycer, a Czechoslovakian native who plays for Toronto, tipped a 25-foot shot past goalie Tom Barsaso after taking the puck off Lemieux's stick at 16:55.

NHL scoring king Wayne Gretzky, who won the Campbell's game with 4-5 with his seventh All-Star goal at 10:09 of the third period. Edmonton's Mike Krushelnyski stole the puck from defenceman Scott Stevens and fed Gretzky in the slot, where the Islanders' center put a wrist shot past goalie Pelle Lindbergh.

Exactly one minute later, Lemieux skated around Winnipeg's Paul MacLean and had a short wrist shot off Fuhr and into the net.

Boston's Mike Gartner picked up his third assist of the game on Lemieux's clinching goal. Bourque added a fourth assist later in the game.

Krushelnyski, who had three assists, set up Randy Carlyle in the slot for the Campbell's fourth goal with 2:51 remaining.

With just nine seconds to go, Washington's Mike Garner scored on a empty net from a feed by Bourque.

Alabama

continued from page 12

impressive is her .60 percent field goal percentage. Forward Pam Timmerman and backup center Derer Davis also will see a good amount of playing time.

As a team, the Tide has taken advantage of its good 48.2 percent shooting to outscore its opponents by an average of 1.1 points per game. However, the Tide has been less impressive in recent weeks and in close games, the latter figures for the 11th straight game.

Though, that we're going down there, we're going to throw a lot of players at us," said DiStasio.

"They like the up-tempo, so they'll play tough perimeter defense and look to push the ball up the floor on offense."

"The keys for us will be stopping their transition game and controlling the boards, but it's going to take some intelligent defense. We're going to have to get good position and take advantage of it," said the Irish, though, that we're going down there in good shape to win the game. They might be a little quicker, but we can match up pretty well with them."

As usual, the Irish will be looking for forward Teresa Keys to carry a large share of the offense. The 6-0 junior set a school record Saturday in Notre Dame's 107-61 rout of Xavier when she scored in double figures for the 10th straight game.

Her 53 points in two North Star games last week earned her a share of the conference's player of the week award.

Maybe even more important for the Irish, though, will be the play of center Sandy Botham, who will have the unenviable task of trying to stop Smith. The 6-2 freshman has been very impressive in recent weeks and DiStasio is confident that she will be up to the task.

But whether or not the team will be up to the task, the outcome of the game is of secondary importance to the Irish. Notre Dame finds itself in a good position in the conference, a half game behind leader Dayton. The Irish season will be made or broken by the remaining conference games, the next of which will be Sunday when Detroit visits the ACC at 8 p.m.
Men's interhall basketball season ends; Sorin finishes up undefeated

By JERRY MELIA
Sports Writer

The men's interhall basketball ACC league wrapped up its regular season Monday night when Flanner beat Zahm 48-40 in the ACC division. This was the first ACC game ever to be played at Zahm, and it was also the first ACC game between the two schools. The win gave Flanner a 1-0 record against the Bulldogs, who had never before been defeated by Flanner. The loss brought Zahm's record to 0-1 in ACC games.

This loss came at the hands of Sorin, who defeated Zahm 65-58 in the ACC division. The win gave Sorin a 2-0 record against Zahm, who had never before been defeated by Sorin. The loss brought Zahm's record to 1-1 in ACC games.

The ACC division will now move on to the final divisional playoffs. The top two teams from each division advance to the playoffs, and the winner of the ACC championship will be decided by a single game.

The ACC championship playoff bracket will be announced later this week. The winner of the ACC championship will then represent Britain in international competitions.

Will be done at random

British will implement drug testing

LONDON - The British Amateur Athletic Board will implement one of the world's strictest anti-drug policies: random tests for track and field athletes. This policy was developed in response to a recent increase in drug use among British athletes.

The British Amateur Athletic Board has been criticized for its lenient drug testing policy. The board has been accused of not doing enough to prevent drug use among its athletes. The new policy is designed to address these concerns.

The policy requires that any British athlete who trains outside of Britain must submit to random drug testing.

The policy also requires that any British athlete who trains outside of Britain and then returns to Britain must submit to random drug testing within 48 hours of returning.

The policy was announced by the British Amateur Athletic Board on Tuesday.

The policy will be enforced immediately.
Irish hope for strong performance tonight against visiting Privateers

By ERIC SCHRUEMANN
Sports Editor

There has been a great deal of talk this week about the upcoming Notre Dame men's basketball game against Duke University, but before the Irish can concentrate on the Blue Devils, they must face the Privateers of the University of New Orleans in a game tonight at 7:00 at the ACC.

Since New Orleans owns a record of just 6-10 after Monday's 93-76 victory over Pan American, there is a great tendency to take tonight's game for granted and simply add another victory to the year's total.

But this Privateer squad is something the Irish cannot afford to overlook.

Heading the list is 6-8 center Barlow (15.7 points per game), team leader in both categories. Harris possesses a strong inside presence, which is the toughest conference the Irish cannot overlook. 

There has been a great deal of talk over the last month about the upcoming Notre Dame game against Duke University, but before the Irish can concentrate on the Blue Devils, they must face the Privateers of the University of New Orleans in a game tonight at 7:00 at the ACC.
