Man in the News

The Man Who Makes Notre Dame Move

BY STEVE FELDHAUS

Charles Ignatius McCarragher's name will never appear as a director of a board, a consultant to the President of the United States -- and never as President of the University of Notre Dame. Nonetheless, it is he, Charles Ignatius McCarragher, priest of the Congregation of the Holy Cross and Vice President for Student Affairs, who runs Notre Dame.

As far as the students are concerned, Father McCarragher is the man to see to get anything done at Notre Dame. From the planning of campus publications to student government, Father Mack, as he is perhaps better known, in the man who has the final say.

One of McCarragher's many duties came into the news this week. His policy of reviewing the background of all speakers slated to appear at Notre Dame was attacked in two motions presented to the student Senate.

One, hinging on the basic issue of anyone's right to determine which speakers should be allowed to use Notre Dame as a forum for their opinions, was sent to committee for further work. Senate observers forecast that a "Basic Policy, Declaration on Speaker Policy" will be the result of the Senate's work and will be passed by the Senate.

The Action Student Party (otherwise known as ASP) introduced a motion to invite two men to speak at the University. Fathers DePauw and DuBay, since both men were refused speaking privileges at Notre Dame last year by Father McCarragher, the action was tantamount to a motion of censure of McCarragher.

However, the Student Senate, displaying some of its newly found responsibility, defeated the proposal by the surprising vote of 56-15.

At issue was the correctness of Father's judgment in refusing to allow these two outspoken priests to address the student body.

Father McCarragher's decision, however, was supported by the Senate. In what was seen as a major tactical error by the Action Student Party, the senators were forced to agree with McCarragher, who said last year, "I doubt whether there's a bishop in the country who'd give this man (Father DePauw) a platform to speak. His actions are in clear disregard of religious superiors and under the circumstances, I cannot allow him Notre Dame as a platform."

In the past Mr. McCarragher has emphasized that his review of speakers is not dictatorially aimed at university domination of Notre Dame's academic life, but rather serves as a prudent review of the motives behind a speaker's coming here.

But for those times when they don't, Father Charles McCarragher, Vice-President of Student Affairs, retains the holy-ordained power to turn a speaker down.

SOKOL SOLD ON NOTRE DAME

Elmer Sokol, Notre Dame security chief, will end his service to the University when he assumes his new post at St. Joseph County Sheriff on the first of January in last week's election.

Sokol, a Republican, defeated Ed Jamieson, handing the annual Democratic sweep in the County. Sokol has no gripes about the University, says he. "It has been on easy. The administration has been very patient with me. As far as I am concerned the improvement the student Senate, in the past I have seen the relationship between the University and the Sheriff's office, and it has not been the best."

Speaking of the overall job of running the office, Sokol said, "I will raise the standards of the department and restore full cooperation between the various law enforcement agencies in the county. I also will initiate a merit system under which applicants will take an exam similar to the civil service test and will be selected on the basis of their ability and experience. This will alleviate the problem of political influence and promotion."

At present, Sokol is not sure of the status of his relationship with the University. He continued working until the election and "would like to continue on a part time basis until January 1st, but I don't know how much time I will have available since much work must be done to insure a smooth transition into the sheriff's post."

Volmi Still Kicking in Del.

Gilbert Volmi, former director of food service at Notre Dame and new director of food service at the University of Delaware, is alive and kicking. His workers off his staff, that is, a feeling that some of Volmi's employees required time off to attend Mass. The request was denied, and Mrs. Janet McNeill proceeded to walk off her job, followed by her co-workers.

Volmi contends that Mrs. McNeill's comments have gone to a labor lawyer, and Mrs. McNellis argues that she could not assert her children to attend the evening Mass.

The problem will require a course medical file of which has not been set.

Freedom Forum Set

Can there be free speech at Notre Dame? The Open Forum, a student-sponsored organization, will attempt to find out.

Organized to answer criticisms that the ND student body is disinterested and apathetic, the Open Forum hopes to get students involved in the issues confronting us as students and as citizens. It will provide a place where students can discuss—openly—the issues they are interested in.

The first meeting considered the possibilities and limits of free speech at Notre Dame. According to Tom McLoughlin, one of the organizers of the Forum, the argument about free speech centers on the definition of ND as a Catholic University. The Catholic part of the definition, he says, is that we must maintain the issue of ND, relying on the helping hand of another Bishop. The existing regulation of ND must be maintained, "yet," said McLoughlin, the students were told in a series of guidelines that this be a place of tolerance, a place where ideas are widely exchanged.

The Open Forum hopes to define the limits of free speech in terms of the topics for discussion will be decided upon after the student response to the first meeting has been gathered. Future topics might be Viet Nam, the effect of student colleges on the university, and some topics that will be suggested by the students themselves.

Will Claims Settled and University Is Millions Richer

Physiological Service Center Under Study

A Notre Dame Psychological Services Center, also somewhat in other centers at major American universities, is now under serious study, according to Dr. John Santos, associate professor of psychology.

Establishment of such a center would require the assistance -- and admittedly cumbersome -- procedures in handling psychological problems, known to student personnel as "hang-ups."

Currently, students desiring psychological guidance are first referred to the University Mental Health Director, Dr. George Culp, B. C. Uphill, a medical doctor without advanced competence in psychiatry or clinical psychology,

But, the chief said that his docket is not as full as people believe. On the average, he has only a few cases a year, "which is not too bad."

Hampson feels that there is no hostility in South Bend toward Notre Dame students. Foul-out incidents are met with a friendly and cordial spirit. On the whole, he noted that there never was any more problems than the usual run of pranks.

He explained that the justification of the South Bend Police Force on Notre Dame Avenue, which includes cooperation with the city police and the Notre Dame campus police, and even the students, "Those young men I have found to be quite open for discussion, meetings, for a favorable attitude," he said.

Hampson indicated that the role of officers depends on the conditions that exist at the time. Whether or not they are called out is determined by a police officer, at least a captain, in rank, who is present at the scene of a riot or other occurrence, that can mean that something more involved than the permanent originally involved. It up to this officer to change the temper of the crowd and act accordingly.

He also noted that the finish of the problem existed briefly last year have improved considerably. "No complaints are made," he related, if the people breaking up, staying on the earth, and don't act otherwise.

But, the chief said that his job is "public in a certain sense. The city newspaper are us for example. Since the bulletin is no separate list is needed."
Peace Corps Recruits as Ever

Once again, the Peace Corps has come to Notre Dame. Not, though, to recruit for its bonds of social and economic poverty, but to seek and accept candidates for the program. Four Peace Corps representatives have returned from their overseas' duties to give a talk in the Lecture Hall, February 6. The announcement was made by one of the Peace Corps representatives. "We have come to Notre Dame to discuss the Peace Corps with students," he said. "We are here to answer any questions you may have regarding the program." The Peace Corps representatives were very enthusiastic about their experience overseas, and they were eager to share their stories with the students. They talked about the challenges they faced, the people they met, and the lessons they learned. The representatives concluded their talk by encouraging students to consider joining the Peace Corps. They stressed the importance of giving back to the community and making a difference in the world. The representatives were very impressed with the students' interest in the Peace Corps and their dedication to social and economic issues. They concluded their talk by thanking the students for their attention and offering their services to any student who may have further questions or concerns about the Peace Corps. 

You had a pretty good reason for going on for your Master's.

For putting it to work with IBM, Reasons such as:

IBM is the leader in the major growth industry: information handling and control. Doesn't it stand to reason you can grow fastest with an exciting, continually growing company?

You'll be advanced as far and as fast as your talents and ambitions allow. That's why you went on for your advanced degree, isn't it? To make the most of your potential?

You can choose from six major career areas with IBM: Computer Applications, Programming, Finance and Administration, Research and Development, Manufacturing or Marketing.

Yes, we would like to talk with you. Please feel free to call us at 509-1234. We would be delighted to talk to you about your future with IBM.
Linting Labors Long
To Lighten the Budget

Every year the student is requested to give six dollars to the student activities fee. This sum, included in the tuition, is used to support the many Student Government committees and other campus organizations which depend on it for operation. But the question continually arises "Where is the money spent and who decides how much each project is to receive?"

A brief view of the 1966-1967 Student Government Budget Committee will indicate how this is done.

The budget committee, composed of the stay senators and the Student Body officers, requires that everyone requesting funds submit a detailed account of finances needed for the individual projects well in advance of the formal opening of the Student Senate. This gives the committee enough time to perform the arduous task of investigating each budget. It is up to the area committee chairmen and the project chairman to keep a tight control on Student Government funds.

For those who wish to know more, Rich's office is open in the afternoon during the week. And for those who want to know how much each committee receives, just drop by the Student Government office and ask someone to look at the copy of the "Student Government Report of the University of Notre Dame Budget Statement and Appropriation Balance Sheet for the Fiscal Year of 1966-1967."

Jim Seymour, split end, Universi- 

ty, has been quoted as telling you he is 6-4, 205 pound running back. However, if you haven't read it in a dictionary, you might want to refer to the statistics sheet tells you he has caught 37 plays in the five-games plus that he's played in for 132 yards and two points. Even more numbers and numbers can't be more certain of the presence in the Notre Dame lineup. The Fighting Irish last Saturday were no better than his Pittsburgh浦 in this season. Either Reggie Cauthen has been play- 

ing like he's been in there for the whole season. In his last two games he's rushed for 116 yards and four touchdowns.

At the beginning of the season, sports experts tabbed Jimmie Hyde as a good run-out pass quarter- 

back. He hasn't disappointed them on the first count, as his 361 yards rushing and 14 touchdowns have proven more than adequate. Washington, the Big Ten champions, has a back and running receptions

in the winning side is the "money" game, throughout his years on the Cleveland Cathedral Latin squad and last year's Notre Dame team. He has put Fullback Bob Apisa in doubt for the game, but Reggie Cauthen has been play- 

ing the straight ahead football for the entire season. He's been there in for the whole season.

belying the winning side in the "money" game, throughout his years on the Cleveland Cathedral Latin squad and last year's Notre Dame team. He has put Fullback Bob Apisa in doubt for the game, but Reggie Cauthen has been play- 

ing the straight ahead football for the entire season.

The outcome of the game de- 

pends, as it has in the past, on the ability of Jimmy Raye to stop the Michigan State offense. The Spartans downfield for the winning 

conversion. At the beginning of the season, sports experts tabbed Jimmie Hyde as a good run-out pass quarter-

back. He hasn't disappointed them on the first count, as his 361 yards rushing and 14 touchdowns have proven more than adequate. Washington, the Big Ten champions, has a back and running receptions

IRISH RETURN

12301 7:00 Saturday Night
Places to Go After the Game

by PAT COLLINS

There are two types of people at Michigan State University: the straights and the hippies. The straights hang out in bars, drink straights drinks, and dance straights dances. The hippies are different. They prefer to drink hippy drinks, hang out in hippy bars, do hippy dances, and drink hippy drinks. The straights and the hippies are polar opposites, but they must coexist. The straights and the hippies are both essential to the Michigan State University experience.

One exception to this is the Notre Dame student. The Notre Dame student must make a decision: to be straight or to be hippy. Because a phony hippy is not accepted by the legitimate straight. Because a phony straight is not accepted by the legitimate hippy. The Notre Dame student must make a decision: straight or hippy. Because in Michigan State, the hippies and straights are not allowed to coexist. The decision for the Notre Dame student is not just a simple choice of straight or hippy. The decision for the Notre Dame student is more complex than that. The decision for the Notre Dame student is a decision that affects his entire life. The decision for the Notre Dame student is a decision that affects his future.

BY SAE ANSON

The much-touted "confronta­tion" between four Michigan State student leaders and their counterparts from Notre Dame came off Wednesday night as something less than a free-for-all. Both sides emerged from the meeting with the assurance that things were working out better than expected.

"It was a very good meeting," said a Michigan State student leader. "We talked about student problems and how we can work together to solve them."

The meeting was held in a closed room at the Michigan State campus. Both sides agreed that the meeting was a success. Both sides agreed that they had made progress in their relationship.

"I think we can make a lot of progress in the future," said a Notre Dame student leader. "We have a lot of common goals, and I think we can work together to achieve them."

The meeting was held in a closed room at the Michigan State campus. Both sides agreed that the meeting was a success. Both sides agreed that they had made progress in their relationship.

NOTRE DAME UNIVERSITY
NOTRE DAME, INDIANA

NO TIME IN RECENT YEARS HAVE SO MANY EYES OF THE NATION BEEN DIRECTED AT THE MEETING OF TWO GREAT COLLEGE FOOTBALL POWERS. THIS SATURDAY WHEN YOU TAKE THE FIELD YOU CAN BE SURE THAT EACH AND EVERY MEMBER OF THE NOTRE DAME FAMILY WILL BE WITH YOU IN THE QUEST FOR THE NATIONAL CHAMPIONSHIP. YOU HAVE SHOWN TO US THAT YOU ARE GREAT, THAT YOUR PHYSICAL AND MENTAL ATTITUDE ARE THAT OF NATIONAL CHAMPIONS. WE ARE SURE THAT COME SATURDAY THE SPORTS WORLD, TOO, WILL ALSO KNOW AND GIVE YOU AND NOTRE DAME THAT RECOGNITION.

The Little Big Game

BY JOHN CORRIGAN

Not to be overlooked on this big weekend of the "big game" between Notre Dame and Michigan State is another battle between these two great midwestern gridiron teams. It's not a fight for the National Championship. It is not even being billed as a possible future classic. But, for a group of Notre Dame fans across the globe, this is the long awaited day. This is the return of Notre Dame football to Spartan Stadium.

Admittedly, some are foolish. But for literally millions of Notre Dame fans in other places: Notre Dame is number one, Notre Dame is the best -- that never really changed but for a short time appeared to be forgotten. The dreamer may change, the dream does not. The Irish have won, the pride is back. And the Notre Dame student is dreaming too -- in the classroom, on the gridiron. It isn't a fight for the national supremacy, it isn't a fight for the American Athletic Conference, but it is a two-game schedule and it is a battle for the national championship.

There will be many dreams at stake in Spartan Stadium Saturday. The players, the coaches, the Notre Dame student body; the alumni; the Notre Dame booster clubs. They will offer their own. But more importantly, there are dreams that will never be realized. Dreams are not as big as the Irish, dreams are not as big as the Irish, dreams are not as big as the Irish.

There will be many dreams at stake in Spartan Stadium Saturday. The players, the coaches, the Notre Dame student body; the alumni; the Notre Dame booster clubs. They will offer their own. But more importantly, there are dreams that will never be realized. Dreams are not as big as the Irish, dreams are not as big as the Irish, dreams are not as big as the Irish.

IRISH EYE

(Continued from Page 9)

No longer will be the mention of "bowl". The stadium will be filled for the first time in 20 years, the Notre Dame band will be heard. The Fighting Irish will be seen. The Notre Dame student will be introduced to the Notre Dame football spirit.

No longer will they hear of the "good old days" and the great playmakers of Notre Dame's past. Notre Dame will be back on the field and fighting for the present and the future. Notre Dame will be fighting for its place in the national gridiron. It isn't a fight for the national supremacy, it isn't a fight for the American Athletic Conference, but it is a two-game schedule and it is a battle for the national championship.

There will be many dreams at stake in Spartan Stadium Saturday. The players, the coaches, the Notre Dame student body; the alumni; the Notre Dame booster clubs. They will offer their own. But more importantly, there are dreams that will never be realized. Dreams are not as big as the Irish, dreams are not as big as the Irish, dreams are not as big as the Irish.

**OBSERVED:** Ann

Don't expect normality from Ann Van Huysse. "People ask, 'Why are you eating alone in that dark corner?"' Ann says. "I'm often in a very choice manifestation of the 'world consciousness' of small, rather sheltered community fosterers," she says. "It is often superficial — he'll just USE other people to keep him company." Take for example, the subject of eating alone. Ann feels that people who are surrounded by people. "I feel that people who are surrounded by people are more likely to be unhappy. I feel that beingdependent on always having other people around is a person's opportunities - possibilities -- for unique personal experiences." Ann found it difficult to explain exactly what she meant. "...the thrill of following an impulse as the spirit moves you to sometimes something impossible that it can't be done. The point of view of anyone else..."

"...the subject of Ann, is important for a person's individuality, "It is honestly important for her. She believes; the fact that you are able to have a room of your own, to have a room that you can tell. Her room resembles a chain. Her idol, is Vincent Van Gogh, "Ann becomes wrathful. "This is the idea that you MUST be constantly surrounded by people. "I feel that people that think that they can't be alone."

Ann is not a snob; she does not resent and reacts against the idea that you are free from stifling formalism, is a man of this age, cognizant of your origins. "Not by experience, I know I couldn't give. But I think that much more than this, it's the INTEREST, and consequently hard work, that makes an artist." She admires Van Gogh because he "Devoted his whole life to an ideal, even if it meant being an outcast from society. I know I couldn't ever have as much talent or devotion as Van Gogh, but I've chosen art as my major because there's so much beauty in the world that I think I'd have fun."

**THE SPREAD-EAGLE OF TECHNOLOGY AT GRUMMAN**

Grumman has special interest for the graduating engineer and scientist seeking the widest spread of technology for his skills. At Grumman, engineers are involved in deep ocean technology...engineers see their advanced aircraft designs propel to new heights of success, as soon...in outer space, the Grumman LM (Lunar Module) will land the astronauts on the lunar surface. Grumman, situated in Bethpage, L.I. (30 miles from N.Y.C.), is in the cultural center of Nassau County. Universities are close at hand for those who wish to continue their studies. C.C.N.Y., Manhattan College, New York University, Pratt Institute, Columbia University, State University at Stony Brook, Polytechnic Institute of Brooklyn, Hofstra University and Adelphi College are all within easy distance. The surroundings are not hard to take. Five beautiful public golf courses are in Bethpage—two minutes from the plant. White sand beaches stretch for miles along the Atlantic (12 minutes drive). The fastest sailing reaches of Long Island Sound are only eleven miles away. The informal atmosphere is a Grumman tradition, matched by an equally hard-nosed one of turning out some of the proven daily in the air over Vietnam, and soon... in outer space, the Grumman LM will land the astronauts on the lunar surface.

Takings their place in a long line of Grumman aircraft that have contributed to the national defense, the aircraft shown below are performing yeoman service in Vietnam. Currently, Grumman engineers, putting the smile of the arts and sciences together, are进攻ing to still more advanced aircraft and space vehicles. These include:

- **E-1B Tracer** - Line and cargo transport aircraft in Vietnam, first model to be developed with an all-metal fuselage and wings. The E-1B Tracer is capable of carrying a maximum of 12,000 pounds of military cargo. Within the Tracer's cargo space, the E-2C can carry up to 12 cots of supplies and equipment.

- **E-2C Tracer** - Line and cargo transport aircraft in Vietnam, first model to be developed with an all-metal fuselage and wings. The E-2C Tracer is capable of carrying a maximum of 12,000 pounds of military cargo. Within the Tracer's cargo space, the E-2C can carry up to 12 cots of supplies and equipment.

To Peggy - she probably will want to know, "squaw", but they bother me."

...into such "topics" as war and atomic destruction that do happen into such "topics" as war and atomic destruction that do happen...
By clay le Roux

After trudging through swamps and hacking through dense undergrowth, I came upon a vast clearing. About five hundred yards away, in the heart of the jungle, instead of the usual birdsong, I heard the grunting of an elephant. The air was hot and humid, the humidity so thick that it seemed to form a layer between the earth and the sky. I continued my journey, hoping to find some sign of civilization.

As I walked, I noticed a small, wooden hut. It was the only structure for miles around. I approached it cautiously, my heart pounding in my chest. I pushed open the door and stepped inside. The room was dark and musty, with a single lamp hanging from the ceiling. I switched on the light and was surprised to see a figure sitting at a small table with one leg propped up on a chair. The figure turned to face me.

"What are you doing here?" I asked, my voice shaking.

"I am a hermit," replied the figure. "I have been living here for many years, far from the prying eyes of the outside world."

"But... why?" I stumbled over my words. "What about your family?"

"I have no family," the hermit said. "I am a man of the forest, a hermit of the jungle."

I was shocked by this revelation. I had always thought that the hermit was a man of the forest, but I never imagined that he was a hermit of the jungle.

"But you live alone," I said. "How do you survive?"

"I hunt and gather," the hermit replied. "I live off the land, just like the animals."

I was amazed by this. I had always thought that the hermit was a man of the forest, but I never imagined that he was a hermit of the jungle.

"But... how do you know the world?" I asked. "How do you know what is happening?"

"I know it all," the hermit said. "I am a man of the forest, a hermit of the jungle."

I was stunned by this. I had always thought that the hermit was a man of the forest, but I never imagined that he was a hermit of the jungle.

"But... how do you know the future?" I asked. "How do you know what will happen?"

"I know it all," the hermit said. "I am a man of the forest, a hermit of the jungle."

I was amazed by this. I had always thought that the hermit was a man of the forest, but I never imagined that he was a hermit of the jungle.

"But... how do you know the past?" I asked. "How do you know what happened?"

"I know it all," the hermit said. "I am a man of the forest, a hermit of the jungle."

I was stunned by this. I had always thought that the hermit was a man of the forest, but I never imagined that he was a hermit of the jungle.

"But... how do you know the present?" I asked. "How do you know what is happening right now?"

"I know it all," the hermit said. "I am a man of the forest, a hermit of the jungle."

I was amazed by this. I had always thought that the hermit was a man of the forest, but I never imagined that he was a hermit of the jungle.

"But... how do you know the future? How do you know what will happen next?"

"I know it all," the hermit said. "I am a man of the forest, a hermit of the jungle."

I was stunned by this. I had always thought that the hermit was a man of the forest, but I never imagined that he was a hermit of the jungle.
Bookmarks... The Olive in the Manhattan

BY TOM DONNELLY

"THE SPICOLI OF NEW YORK CITY" by Edward Ruff Ellis (Howard McCullough). Mr. Ellis' narrative history of New York City, when Manhattan was a happy hunting ground of Dutch traders, English squatters, two Englishmen who shared a house in Wall Street, etc., to the present. (Mr. Ellis doesn't aim at anything but the most doting inhumanity to the Man from Montrose.)

The author has a lot of spare-fire stuff to offer, naturally: the wonder is that he keeps so much of it from seeming old hat. Among the many familiar, and obligatory, episodes included in this chronicle are The Peter Zenger Trial (Zenger's acquittal was "the world's first great victory for freedom of the press"), the Alexander Hamilton...Aaron Burr duel. The Astor Place Riot. The Draft Riots of 1863. The Booz Twist scandals. The Red, Orange, Purple Ribbons war against Vice. The Triangle fire. The Jimmy Cagney movies. The Lindbergh case. The days of LaGuardia, etc.

These are OK chapters that aren't so familiar. The witch-hunting craze that swept New England neither took hold in New York (only two minor trials for witchcraft and in both cases the accusers were set free) but an equivalent horror developed in 1741. Mr. Ellis' narrative history takes us from 1524, the many familiar, and obligatory, episodes included in this chronicle are The Peter Zenger Trial (Zenger's acquittal was "the world's first great victory for freedom of the press"), the Alexander Hamilton...Aaron Burr duel. The Astor Place Riot. The Draft Riots of 1863. The Booz Twist scandals. The Red, Orange, Purple Ribbons war against Vice. The Triangle fire. The Jimmy Cagney movies. The Lindbergh case. The days of LaGuardia, etc.

We asked Westinghouse to send us study aids for serious students.

So what did they send us?

**Portable phonographs!**

**Pint sized tape recorders!**

**Clock radios that wake you up to frug music!**

**Study aids?**

1. This is a 10 pound battery operated or plug in portable phonograph. It’s the new Westinghouse Solid State, 4-speed automatic. Plays anything, anywhere. Language records at jam sessions. Or the Frug at cram sessions. Some study aid! Model 135AC $59.95.

2. For the student who has nothing: a high intensity lamp, a clock and a radio all in one. The alarm gizmo works with a buzzer or the radio. The lamp is dandy for needlepoint And the clock keeps time. Its name is Lumina. Model 974XL $49.95.

3. You too can be a secret agent with this battery powered, highly portable tape recorder. It has an uncammy stay away mike that makes it indispensable for those eight o’clocks when note taking is a physical and mental impossibility. Model 27R1 $29.95.

4. The Westinghouse Space Maker Clock Radio was designed for the average enormous college room. It’s only 7 inches wide, fits on a cluttered night table and gets you up to music, or a heartbreaking buzzer. Model 2761 $29.95.

5. This is a tiny travel alarm clock radio that folds up flat and fits in an over stuffed suitcase. And just so you’ll never miss it, it has a metal plate for your initials or name. If the ideal study aid to take home for the holidays. Model 968PL $29.95.
Irish Make Life Hell for Blue Devils

BY BOB SCHIER

Most people call the Notre Dame Stadium, but for the Blue Devils it is simply Hell.

"This area of athletic excellence has been nicknamed the house that Rockne built, but even the Rockne of Notre Dame was defeated by a wall last Saturday. In the mass of superlative surrounding this holy place, the Blue Devils, led by Tom Teiliede for three, were outmatched by the Irish, as Notre Dame gaused 64-0, before 90,075 fans.

The point output for 64 was the second highest ever recorded by the Blue Devils. Ten times this season, many saw action for the Irish as a coach, and on Saturday, many saw the Irish as a team.
