McKenna makes two new posts

by Chuck Jackson

Announcements made last night and today by SBVP Phil McKenna and Fred Dedrick included appointments for student government offices as well as the establishment of new groups.

Stated to be the three most important posts in the new student administration are those of Executive Coordinator, Research and Development, and Oversight. Students that are appointed to these offices are, respectively, John Zimmerman, John Frank and James Smith.

Other appointments include John Zimmerman as Human Affairs Commissioner, Judicial Coordinator and to the position of Public Relations coordinator.

Larry Landry, filling the post of Executive Coordinator will act to conform to the position made by the SBVP and SBVP. According to Dedrick, Landry was chosen because "of his comprehensive knowledge of student government and because he works well with people."

The new Research and Development post, which is occupied by John Zimmerman is specifically designed for the maintenance of long term research on university topics, including coordination and the University Senate.

As Oversight director, John Frank will be responsible for students receiving complaints and at the same time acting on them as much as possible.

Black Student Dave Kashna, newly appointed as Human Affairs Commissioner, was chosen for his hard work in the recent NSA Conference White Racism and because he is "hard-working and very personable."

SBVP Fred Dedrick revealed last night that he had been choosing Mckenna for Judicial Coordinator because "he has a clear grasp of the legal system at Notre Dame."

New "PR" man Ed Davey was chosen because "...it became evident that his previous hard-working, person who'd do a more than adequate job as Public Relations man."

Additional policies announced by Marty Graham

The Student Life Council met yesterday afternoon at 3:00 in the Center for Continuing Education to discuss off campus housing and a report from the Demonstration Committee that was set up last December to investigate the last SLC meeting at Student Body President's residence. Following the resolution on off campus housing.

"Students authorized to live off campus shall be permitted to live off campus only as a result of their own choosing. Students under 21 shall be required to have parental permission for all off campus apartments or other housing which requires the signing of a lease or other legal documents. The University shall be in no way responsible for the financial agreement entered into between a Notre Dame student and a resident student. This recommendation should take effect immediately."

It was made clear that the opening phrase of the resolution, "Students authorized to live off campus..." meant just that. It applies only to those students who wish to change their status or academic standing, are required by the University to live off campus or have their approval to do so.

The resolution was then voted upon and unanimously passed by the Council. A subcommittee was set up by the SLC to meet next week to discuss the Dean of Student's directive. The members of the committee are SBVP Phil McKenna, Fred Dedrick (who replaces today), Rev. Ernest Bartell, C.S.C., and Dean of Students Rev. James Richle, C.S.C. McKenna said last night that he will be pressing at today's meeting for a new directive that will require freshmen to live off campus.

A report from the Demonstration Committee was submitted today which stated that all the members present agreed to go to the Council and to read the report. It was submitted by Rev. James Richle, C.S.C.

The report described demonstrations as "...a public show of grievance against some authority felt to be abusive; it is an appeal to public sense of equity, with the hope that publicity will cause embarrassment sufficient to bring redress."

When a demonstration becomes violent, however, "...it has changed entirely; it is no longer a demonstration." Describing the situation that exists at Notre Dame, the report says:

"If Notre Dame is really a 'place where all the great questions are asked,' and if the University is really a place where all the great questions are discussed, then the administration must try to understand and avoid the interests of both groups to each other. In so doing, it cannot afford any overly sensitive and protective concern for the Notre Dame image. It must attempt to speak out of both sides. It is happening to the University on the demonstration as a bold and venturesome place in which to speak for the truth, and on the other as a boy's finishing school."

The report complains that administrators are "...deceptive and agreeable to their problems..." and that major reform in student affairs have been "...gradually accomplished because of the threat of adverse publicity."

The report states that demonstrators... have too often acted as if they alone had any moral integrity. Others in the University understand responsibly the democratic impulse in this righteousness."

The Senate also approved a recommendation to the Leary and the Council to continue discussion of the report at their next meeting on Mon.

April 14, at which time which resolutions will probably be drafted.

Four abroad, they waited an average of 45 minutes to enter the rotunda where the flag draped coffin lay on the black catafalque which once credited the body of Abraham Lincoln. Middle aged G's who had served under Eisenhower's command in World War II were represented. At one point, a blind man was led by an escort describing the scene. Through the hours, hundreds of high school students in town for the Easter period tours passed by in groups.

No official count was kept but by noon newsmen estimated that as many as 40,000 had filed through the rotunda. Interpreted in the steady process of people were the visits of the dignitaries that began Sunday evening when French President Charles DeGaulle saluted a World War II parade in arm.

Shortly before noon, South Vietnamese Vice President Nguyen Cao Ky paid his respects, placing a wreath at the casket. Later Italian Prime Min­­ister Mariano Rumor, Australian Prime Minister John Gorton and Canadian Prime Minister Pierre Elliott Trudeau made ceremonial mourning appearances.

Former President Johnson re­t­urned to Washington to meet with new President Nixon who was inaugurated Jan. 20. By coincidence, it was one year to the day since he startled the na­tion by announcing he would not seek re-election. He and Mrs. Johnson paid a condolence call on Mrs. Eisenhower that lasted half an hour at midnight.

The only other surviving former President, Harry S. Truman, who was Mrs. Eisenhower's guest at her home, was called by phone by President Nixon. The 84 year old Truman, a military spokesman reported, sent word he was "saddened by the death of those who could not come to Washington."
A Radical Studies Program has now been set up as a new course of the Free University. The program includes the Ideology, Independent Study, and Tactics of Radicalism and has been introduced to the Free University by Junior Tim McCarty. Marxism and Christian Radicalism will be studied as part of the Ideology of radicalism. The Course on Marxism will be a survey of classical Marxian political thought, with consideration of neo-Marxian, revisionist, and Maoist ideology and will be taught by a South Bend member of the Communist Party. Christian Radicalism will include a study of Christian radical thought and action in the twentieth century.

The University in Society and a course on South Bend, Indiana will be taught under the heading of Independent Study. The University in Society is a coordinated program into research of social, political, and economic interests and connections of Notre Dame and its administrative elite. Students will work individually for the most part, in areas of particular interest to themselves. The course on South Bend will involve individual and small group investigations into the social and economic structure and relationships of St. Joseph county and its city.

A study of the Tactical Group will be the main interaction under the Tactics of radicalism. This program will survey the physical and tactical aspects of both non-violent and violent direct action. It will include the keeping of order and defense against hecklers and police harassment, and self-protection in physical civil disobedience situations.

The program will hold an open house every Friday at 8:00 PM at the St. Francis House. On many occasions a significant Catholic radical will speak. This Friday will be the first meeting of the Christian Radical Course. One of the more important

Breen-Philips vandals captured

A group of disorderly students who rammed the basement lounge of Breen Philips Hall early Sunday morning were apprehended yesterday.

Both the Hall President and the Hall Judicial Board Chairman refused to disclose the names of the students. "We expect reparations to be made for the damage," stated John Koer, Chairman of the Hall Judicial Board. Payment to the respective companies for the new equipment will be made either by the students involved or through Hall funds, he added.

A juke box ten days old was battered by a pool cue. Many records were destroyed and fragments of glass fouled up the machine. A pool table, purchased three days ago was also damaged. The pool cues were broken, the felt was torn and one of the brackets was cracked. Several hall lounge chairs also failed to escape vandalism.

Both carpets and litter were scattered all over the basement floor. Some were also found outside on the ground by the north side of the building.

It is not known whether the students who were caught will be tried by the Hall Judicial Board or the Campus Judicial Board.

Vietnam Peace Vigil April 12

On April 12 there will be a twenty-four hour, nationwide peaceful vigil to express American student opposition to the war in Vietnam. The vigil is scheduled to start on each college campus at nine o'clock in the morning.

When contacted by the Observer, a representative of the coordinating committee said that he realized that Notre Dame and several other colleges would be on spring break. April 12 urged Notre Dame students to contact colleges near to where they will be and to participate in their vigils.

He also said that it was important that each person who opposed the war make an individual effort to participate in the vigil, in order to give it the desired national impact.

Applications for:

Student Body Secretary
Student Body Treasurer
Student Services Director will be open April 14-20 Contact Beth Driscoll Box 376, SMC

Now it can be told. Besides myself, University President Rev. Theodore Hesburgh, the famous Anti-Guerrilla Group, and half the Nixon administration, everyone else has been left completely in the dark. But following the international code of journalism ("If you dig deep enough you'll hit some dirt") I have daringly decided to break the story to the rest of you uninformed intellectuals.

Actually the whole thing is rather amazing. It involves a plot, intrigued by a subversive threat, scheming along the same lines. And the YCS wanted to upstage the YR's and finally hop into the political arena. They were trying to pull off you-know-what, and they simply hoped to cause a stir and further this line of "Blackness," that will lead their followers into the creation of a "Dome of Gold" speech; concluding breathlessly with "You shall activate Spiro T."). Now all they can do is wait. They think they know the whole story, but they don't. Only I do.

For the Chi Club's bid for glory was because they picked up a rumor that the Young Christian Activists were in fact, themselves pondering how to bring down the downfall of the Administration Building. But what everyone else is unaware of, falling somewhere within the credibility gap is why.

The real reason for the Chi Club's bid for glory was because they knew that the Young Republicans' way of scheming always involves a dramatic display of power. And since the Administration Building, with its capitalistic and bourgeois Gold Dome, represented, more than anything else around here, the thought that counts. Sincerely,

Thomas J. Scozza

God Bless Rick

Editor:

Rick Ames' letter in the Friday, March 28th edition of THE OBSERVER left me. And one of the many things that reminded me of Maulana Ron Karenga refusing to eat at the Morris Inn last year because they didn't serve South Africa lobster tail--real "black food." Someone else forgot to tell Maulana Ron who owns what and whom in South Africa, but it's the thought that counts.

Rick tells us howards that we are "pseudo-puedos" and, in doing so, not only mouth friends George Wallace but outdoes him one (thus gracing us with a thought that counts). The most horrifying thought of all is that it would all be with girls. Oh well, at least I can always be sure of my roommate. Love all else.

BIG HOMO & FRIENDS

Student taken in parking lot

A Notre Dame student was arrested Friday night, for ramming a car in parking lot 1-D. Pears said it would provide "a lot of publicity for the Students for a Democratic Society." Pears said it would provide "a lot of publicity for the Students for a Democratic Society."

"A student was arrested and incarcerated last Friday night, for ramming a car, in parking lot 1-D," Pears said.

When asked to elaborate, or confirm further on the arrest, Pears said he was "unable to give any further information." Pears said he was "unable to give any further information.

The South Bend Police were also contacted, but they flatly refused to give out any information at all.

Remember: Girls cheerleading tryouts will begin first week after Easter. Watch for posters.

Farley takes the title

Farley Hall, finishing fifth during the regular season, dumped Moriarty for the Interall Conference championship. The Collegians swept the 2-0 match to send the Mays into a fifth place spot.

Moriarty won the regular season, setting the stage for Cavanaugh to reach the finals. Farley Hall swept Whitman by run-up runner, but won the deciding game 2-1 in overtime to clinch the final spot. In the semi-finals, Farley Hall stole an early lead but lost to the eventual champs 4-3, making Farley Hall the runner-up for the season.

The sports parade

By Mitl Richman, UPI sports columnist

Ah. Another Oklahoma

TAMPA, Fla. (UPI) - Base- ball is back and at the Coliseum, Oklahoma is in a season of excitement. The Sooners swept the weekend series with Rice University, defeating the Owls 6-2 and 8-2. The Owls had led through the first three innings, but Oklahoma seized control in the fourth and never looked back. Oklahoma's outing was led by star pitcher Jake Kline, who struck out 10 batters in his 7 innings of work, allowing just 2 runs on 7 hits. Oklahoma's offense was powered by a three-run home run by veteran catcher John Morrissey, who finished the series with a .423 batting average.

As for Rice, they had a tough weekend, but they could take solace in the fact that they played a couple of good games against a tough team. Overall, it was a good weekend for Oklahoma, who are looking for their third straight championship.

Lacrosse

The Notre Dame Lacrosse Club plays an eight game schedule that is as demanding as any in the country. The team is led by senior goalie Todd Dunne, who has been a key player for the team for the past four years. Dunne's presence on the field has been invaluable to the team's success, as he has consistently made key saves and led the team defensively.

The team faced a tough challenge in their first game against the Zahm squad, which had previously been undefeated. Despite the pressure, the team rose to the occasion and emerged victorious with a 14-10 win. The team's star performer was sophomore midfielder Bob Trost, who scored four goals and added three assists in the game.

The team's next game was against the Ohio State on the Irish schedule. As in Mantle's case also, it was a battle of two great coaches, with Notre Dame's Tommy Hinkle coaching against Ohio State's Woody Hayes. The game ended in a 1-1 tie, with both teams showing great determination and skill.

The team's schedule continues with a game against the University of Tampa, where they hope to continue their winning streak. The team's next game is against the University of Florida, a tough challenge that the team is looking forward to.

Easter sports card

For Notre Dame sports teams Easter means a chance to leave the Turf, a few days to think about the real world is like. This vacation, the football team and Notre Dame lacrosse will see action in various parts of the country.

You ask him what if he doesn't make the team and stay right there by telling you straight out: "It'll make sense." The team has never produced a Presidential United States but baseball people don't like to hold their cards.

What other state has come up with fellows like Catholic, the two Wanzer brothers, Dizzy Dean, Mickey Mantle...and now Johnny Bench?

Besides, as the Reds' catcher's says, "This is better than being President, anyway."
