SMC Faculty gives surprise co-ed plan

by Anne Therese Darin

Last night an independent group of St. Mary's faculty members surprised the AdHoc Committee on Coeducation when it was announced that a new program was to be presented to the Senate at its second meeting. In describing the attitude of the new plan, Fr. Runde said, "The plan does not believe that the status quo will be maintained. It does believe that there will be some reform for SMC to be saved."

"We feel that the spirit of separation between SMC and ND is beginning to crystallize because of the concepts and comments posted by Drs. Rosemary Parks and Louis Mayhew," he continued. In analyzing the SMC situation, Hinkemeyer stated, "The young faculty and their families who have come here expecting a voice in the future of the school that led them to believe there was a future here."

Concerning the proposals, Bohan said, "It involves some changes not only in the relationships between the schools, but within each of the schools." The plan does not believe that the Student Council, University President, Judicial Code.

New budget released

by T.C. Tremann

Student Government Treasurer Dennis Conroy announced early last evening that the Student Government Finance Committee is "shooting for a budget between sixty-five and seventy thousand dollars" to be presented to the Senate at its second meeting.

The budget, which according to Conroy will not be ready until Thursday, dealt with separate requests from sixteen different organizations. In addition, Conroy anticipates a request of undisclosed amount by Drs. Rosemary Parks and Louis Mayhew, that the Code can be in order that the Code pending a final decision. The present Judicial Code the SLC has jurisdiction over second degree riot charges in to this Code pending a final decision. The present Judicial Code on the financial and administrative aspects of SMC." said that "it has a lot of possibilities and shows some strong assets of SMC."

Another faculty member disclosed that a closed meeting were held down by the grand jury. Only six of the 25 persons charged did not have an attorney.

Another faculty member stated that, "The Student Council, University President, Judicial Code.

SUAC speakers

Student Union Academic Commissioner Jim Metzger was defeated yesterday afternoon by Assistant Student President Tom Oliveri, who had called to make an invitation had been made late yesterday afternoon by Ann's Commissioner Missy Underman but contended that Miss Underman had called to make the original invitation at the time of Brademas' invitation to speak.

"At that point they had no idea that Mr. Metzger was going to speak," Mrs. Jane Lamb acknowledged that an invitation had been issued by SUAC at 6 o'clock last night, but that she had heard of no invitation having been read perhaps that was why she was inviting Brademas' opponent Donald Newman. Metzger said a phone call had been made to the Newman office at least a week before the Brademas speech but that no response was ever received from Newman headquarters.

Metzger denied an allegation by Ann Therese Darin, vice-chairman of the Notre Dame Young Republican organization, that the commission had deliberately refused to bring Newman to campus, and thus was not presenting a balanced speaker's program. Miss Darin said Metzger had told her last week that Newman had been invited but subsequent inquiry to the Newman office had revealed that no one knew of any invitation.

Newman's manager of campaign headquarters, Mrs. Jane Lamb, said that they had had some complaints. Mrs. Lamb said, "They said they didn't want us to think that they were biased and that was why she was inviting Newman too."

Metzger confirmed that an invitation had been made late yesterday morning by Asst. Commissioner Missy Underman . Metzger added that Metzger added that his office had heard later that Newman had actually already spoken at Notre Dame early in October, in room 127 of Newimid Science Hall in response to an invitation made by the Notre Dame Republican Club, and thus he felt relieved of any obligation to balance Brademas' speech with another by Newman. However, Newman, said that they had had some complaints. Mrs. Lamb said, "They said they didn't want us to think that they were biased and that was why she was inviting Brademas' opponent Donald Newman. Metzger said a phone call had been made to the Newman office at least a week before the Brademas speech but that no response was ever received from Newman headquarters.

Hesburgh OK's new Judicial Code

by Tom Degnan

In a letter circulated yesterday afternoon to the members of the Student Life Council, University President, R. Theodore Hesburgh endorsed the revised University Judicial Code.

"I am pleased," wrote Hesburgh, "to extend my approval to this Code pending a final evaluation by the Executive Committee of the Board of Trustees at their December meeting and to announce that the University will have no official reply to the request, Conroy said.

Included in the budget, Conroy said, would be a provision to which prohibited any persons in­ volved in the grand jury investi­ gation from making public state­ ment of justice proves im ­ possible, as has been the case on many, as has been the case on any state of the Code and recommended that a nominating committee be appointed to discuss nominations for positions on the Appeals Board. Under the new Judicial Code the SLC has jurisdiction over the tripartite board and which will meet to consider disputed decisions of the Appeals Board.

After taking a motion to di­ scuss the topic of drugs on cam­ pus, the Council next considered a report on a car issue. Gary Caruso, executive coordinator of the Sophomore Class Association and practical feasibility of sopho­ more cars having cars. The meeting adjourned before any action could be taken on Caruso's proposals.

Brademas' opponent Donald Newman. Metzger said a phone call had been made to the Newman office at least a week before the Brademas speech but that no response was ever received from Newman headquarters.

"As soon as we had secured Brademas' speech with another by Newman. However, Newman, said that they had had some complaints. Mrs. Lamb said, "They said they didn't want us to think that they were biased and that was why she was inviting Brademas' opponent Donald Newman. Metzger said a phone call had been made to the Newman office at least a week before the Brademas speech but that no response was ever received from Newman headquarters.

**Price outlines new look in Dining Hall**

According to Mr. Edmund Price, director of Food Services, the major interest of his office is to provide the best possible service to the individual student as well as the students as a group. He is experimenting with many innovations to provide better service, such as jet spray machines in the South Dining Hall and more ice cream and sundae trimmings in the North.

One revision which may have the most lasting and beneficial effect is the proposed committee to represent the views of the student body as a whole with regard to food service. Mr. Price explained the idea behind the committee. "It is more sensible to respond to the opinions of a majority of those involved than to attempt to cater to the whims of each student."

There are already three students from North Dining Hall who have volunteered for the committee, but there has been no response from the South Dining Hall area. Price hopes to get the committee functioning as soon as possible. He said there is a possibility that this board could replace the food sub-committee of the SLC if the students wish it to do so.

According to Price, Mr. Bernard Marshall is managing the North Hall now. He is replacing former manager George Mihau.

Price's assistant, Mr. Harold Smith, said that there will be more "special nights" in the future. "Saturday, October 31 there will be a Halloween night, which will feature among other things, taffy apples, halloween candy and decorations. There will be a Western Night Wednesday, Nov. 4, which will include steamboat roast beef rounds carved for each student while in line, and salad and dessert buffets. Nov. 19 will feature a Thanksgiving Dinner of turkey, dressing, baked ham and all the trimmings," according to Mr. Smith.

With regard to feedback Price and Smith both said that there was substantial response, both pro and con, but that the complaints were not specific enough. They also said that students should bring up complaints on the spot to one of the supervisors or managers so that immediate action can be taken.

"We can't possibly act on heresy or on things that occurred in the past we'd like to have the complaint if there is one, brought up at that particular meal," Smith said.

No revised Princeton plan: Students, profs to make decision

by Art Ferranti

Bill Wilks, head of the Aca­demic Affairs Committee, last week discussed with Fr. James T. Burchael, C.S.C., provost of Notre Dame, a revised proposal of the Princeton Plan allowing individual students to leave the campus to work on the cam­paigns of various political candi­dates.

Wilks had requested that writ­ten agreements be made among the students and their professors permitting the students to be ex­cused from class without being penalized and working out with their professors a plan for the making up of missed assign­ments, notes, and tests.

A reviewing board would be set up to see if the student had kept his agreements and had done work for a candidate.

Burchael and Prof. John O'Gesta, chairman of the Faculty senate, decided that no official university revision was necessary due to the already liberal open­cut policy.

The individual student should make the necessary arrange­ments with his professor if he wishes to participate in the coming elections.

If the student leaves without completing the official proce­dures, he would be penalized ac­cordingly, they said.

**Student Billing Card**

With this card, a dorm resident may make long distance calls with the privacy of the dorm room phone and get an individual bill once a month. And even take advantage of Direct Distance Dialing . . . the faster, easier way to call long distance.

Your Student Billing Card is waiting (if you haven’t already picked it up) at the Indiana Bell Business Office. Just ask.
