Howl resigns from O-C position, cites possible interest conflicts

by John DeCoursey
Staff Reporter

Bob Howl, chairman of the Hall President's Council, resigned from his post as Off-Campus Commissioner. Howl succeeded Pat McLaughlin after the death of student body president. He is replaced by Paul McEvily who has served as Student Body Provost. Commenting on his resignation, Howl said, "I talked to Pat McLaughlin, and we agreed that the situation wouldn't be fair if some conflict arose between the two offices."

In a joint statement issued yesterday by the Student Council and the office of the Dean of Students, an alternative plan was announced. In place of serving beer a buffet supper will be served. The buffet supper will include over 300 pounds of various meats as well as soft drink refreshments.

"Although this is a disappointment to all those involved in the planning of the Irish Wake, it is hoped that the evening can still be one of the highlights of the weekend," read the joint statement.

Dean of Students John Macheca expressed disappointment over the change in Irish Wake plans last night at the meeting of the An Tostal committee. He emphasized that his office and the An Tostal committee had no choice but to bar serving of beer at the Wake.

New court ruling

With the new court ruling, Macheca explained, "you get into the whole area of providing or having reasonable knowledge of alcohol being served to minors. This is where the University comes in."

Right now we haven't got some place to put our feet down on solid ground with respect to serving alcohol to minors," Macheca explained. An Tostal organizers are confident the event will still be a success.

"We hope this will be a classy event," said Gasior. Despite the decision not to serve beer, Irish Wake organizers are confident the event will still be a success.

Stephen reaction

Despite the decision not to serve beer, Irish Wake organizers are confident the event will still be a success.

"Our main concern is that people get out of the beer syndrome they are in," Gasior explained, "and consider all the time and effort that went into this." Gasior is quick to point out that the decision not to serve beer at the Wake was made jointly by the An Tostal Committee and the Dean of Students.

"Student Affairs is just as disappointed this feel through as we are," argued Gasior.

Paja agreed: "People are making the wrong connection between the decision and the University. Dr. Fasconda was really upset about it after all the work he'd done this year."

Other party plans

Macheca announced that along with the Irish Wake, all other campus parties at which alcohol is served will not be approved by his office at the present time. He pointed out that there will be no parties until the SLC can draw up a party policy for the university which meets the new Indiana state law.

The SLC meets this afternoon to begin action on such a new policy.

Prohibition hits Irish Wake

Alcoholic beverages will not be served at the Irish Wake Saturday night in compliance with the last Friday's Indiana Court of Appeals ruling which extended legal liability to any persons serving intoxicating beverage to minors.

In a joint statement issued yesterday by the An Tostal Committee and the office of the Dean of Students, an alternative plan was announced. In place of serving beer a buffet supper will be served. The buffet supper will include over 300 pounds of various meats as well as soft drink refreshments.

"Although this is a disappointment to all those involved in the planning of the Irish Wake, it is hoped that the evening can still be one of the highlights of the weekend," read the joint statement.

Dean of Students John Macheca (above) and Wally Gasior (below) announced a buffet dinner is to be served instead of alcoholic beverages.

Faculty Senate votes for new pay policy

by Sue Nash
Staff Reporter

Meeting under the chairmanship of Professor Norman Haaser of the department of mathematics, the Faculty Senate, by a 19-3 margin, approved a Statement on Faculty Salaries and Retirement to be issued to all faculty members for their reaction.

After a four-hour debate, the Faculty Senate agreed last night to circulate the proposition calling for improved retirement benefits and higher faculty salaries at the expense of the University endowment fund and of endowed professorships.

The statement was an outgrowth of a meeting between the Faculty Senate Delegation on the Retirement Plan and representatives of the Administration.

On February 24, Dr. Haaser, James Cuthing (physics), Paul McLean (language), and Joseph Tihen (biology) had consulted with Fathers Theodore Henshurgh (president), Jerome Wilson (vice president for business affairs), James Burchwell (provost), and Ferdinand Brown (associate provost and Dr. Robert Gordon (vice president for academic affairs) on the need for emergency studies to discuss the plan.

Faculty dissatisfaction with retirement benefits stems from the fact that due to a step-rate retirement plan, money set aside for retirement has decreased in the past several years. Under this system, the University contributes less money towards retirement on that part of a professor's salary which is taxed by social security.

In the last seven years, the social security base has risen from $6600 to $13,200, significantly curtailing retirement funds. Intensifying the problem is the failure of salary increases to meet rises in the cost of living.

Discussion of the statement was protracted due to several ambiguities. Principal among these was how the survey was to be conducted. It was unclear whether the primary concern was to poll opinion or to gather support for the proposal. Agreement was finally reached that the statement would be used as substantiation of the senate's position.

A special meeting has been called to deal with these problems Tuesday night, April 23.
Saxbe believes Hearst is guilty

SAN FRANCISCO (UPI) — U.S. Attorney James Browning said Wednesday a grand jury will have to decide whether Patricia Hearst was a willing participant in a bank robbery. U.S. Attorney General William B. Saxbe said he thought she was and called her a “common criminal.”

Browning said a grand jury was looking into the robbery Monday of the Hibernia Bank by the Symbionese Liberation Army, kidnappers of the Hearst heiress.

“The voluntariness of the actions is a question of fact the grand jury will have to decide,” U.S. Attorney James Browning said.

Browning, who had said Patricia may have been co­erced by her Symbionese Liberation Army kidnappers into taking part in the bank robbery, issued a statement saying:

“I have consistently maintained that evidence may show all participants in that robbery were acting freely and volun­tarily. After the grand jury has heard all available evidence I will abide by their decision.”

Browning said the grand jury would investigate both the bank robbery and the kidnapping of Patricia, who was abducted from her Berkeley apartment Feb. 4.

In Washington, Saxbe said he had concluded Patricia “was not a reluctant participant” in the holding. His opinion, he told newsmen, was based on “the way she behaved, the number of people in the bank who observed her behavior, the testimony of witnesses, and the actions in the bank.”

At his home in suburban Hillsborough, Randolph A. Hearst, Patricia’s father, called Saxbe’s remarks “speech­making.”

“Saxbe has the right to think what he thinks, and I also have that right,” Hearst said. “As far as I’m concerned, it’s speculation at this point.”

Although Patricia was one of four women and a man who entered the bank carrying semi-automatic rifles, she was named by Browning and by the FBI only as a material witness. The others, including the SLA leader who calls himself “Cinque,” were charged with bank robbery.

FBI Agent-in-Charge Charles Bates and Browning said there was evidence that Patricia was coerced into taking part in the robbery because photographs showed SLA members pointing guns at her.

In another attempt to break up the small band of terrorists known as the SLA, California Attorney General Evelle J. Younger announced the issuance of warrants for the arrest of four persons he identified as associates of the kidnappers. The four are Angela Atwood, Emily Harris, William Harris and William Wolfe.

They were charged with perjury in giving false names when applying for California driver’s licenses but all have been identified as having SLA ties.

Angela Atwood is suspected of being the blonde woman who knocked at the door of Patricia’s apartment the night of Feb. 4 and asked to use the phone, opening the way for the SLA kidnappers to burst in and seize the girl.

Emily Harris and her husband, Bill, are known friends of Russell Little, an SLA member who is being held on charges of murdering Oakland School Super­intendent Marcus Foster last Nov. 6. In the Harrises’ apartment police found SLA literature.

William Wolfe has been identified as a suspect in a bungled attempt last January to burn down a house allegedly being used as an SLA head­quarters in an effort to destroy evidence.

All four named in warrants announced by Younger vanished immediately after the house was burned in Concord, across the bay east of San Francisco.

Dear Steven,

As you know, your mother and I have made great sacrifices to send you through college. The very idea of you asking us if we can send you to Europe this summer is outrageous to me. Your mother and I haven’t had a vacation in the last 5 years.

But knowing you, you’ll get yourself a Europe or other. Well to show you we do want you to enjoy yourself like the other kids, we sent this STUDENT-RAILPASS for your mom to clip out.

Because you’re a student under 26, you can get unlimited second-class rail travel in 13 countries for up to 2 months for only $165. The trains are clean, modern, punctual, fast, and comfortable. So once you get over there you can see Europe as cheaply as possible.

By the way, get your STUDENT-RAILPASS here; you can’t buy it in Europe. It’s a great deal Steve—tax free and one beautiful way to beat currency fluctuations.

Now there are two things I suggest you do. First, send in the coupon so you can buy the ticket. Second, start saving your money.

Love,

Dad
The death of beauty

Survey Indicative

With its first appearance in today's Observer, the survey of area food prices conducted by Student Government must be applauded. The survey reflects not only a campaign promise made good but also serves to indicate a sizeable amount of energy from an administration not yet three weeks old.

Should this prove to be indicative of the new Student Government, then it will mark the arrival of a long awaited and sorely needed student leadership.

The published survey is designed to offer the off-campus student as well as administrators, faculty, and staff weekly price comparisons of more commonly used foodstuffs at area food marts in order to help keep food expenditures down.

Continued success of the survey could serve as a definite aid to that portion of the Notre Dame community living off the campus. With the proper response it could serve as a springboard for future coordinated government efforts.

Let McLaughlin and crew know how they are doing for it will serve to ours as well as their benefit.

Sucker's Punch

In a barroom brawl, it's known as a sucker's punch. Again, the students are the ones that have been clobbered; only this time it is the State of Indiana, not the university that has thrown the punch. And it's a stinger.

The ruling by the Indiana Court of Appeals, besides damaging plans for the new Irish Wake, now threatens its refusal to lower the drinking age and guidelines on alcohol. The first reaction - a ruling stating that not only those who sell but also those who serve minors are liable, the Student Affairs office was couldn't be further from the truth. It is not that the administration of Indiana college campuses, the formation of a coalition of student lobby representatives from all the universities in Indiana should become a top priority and the direct responsibility of our student government.

The Student Life Council will hold the balance in any decision changing the present party guidelines. The common realization among the SLC members - student, faculty, and administration alike, must be that the entire Notre Dame community is dependent upon their decision to continue the value oriented use of alcohol on campus.

We may be down but we are certainly not out. A swift and combined effort between student and administration must first be sought and then applied. With a solid one-two combination we'll be ready to fight.

Cyclist ride for retarded

by Jane Thornton

An estimated 500 cyclists from the Notre Dame-St. Mary's community are expected to turn out for the annual fund-raising event, "Ride-a-Bike for the Retarded" set for April 28 in St. Joseph's County. The ride, which was started by Notre Dame alumnus John Jay Niederman, is sponsored by the Indiana State Congressm an John Bradem as who initiated the nation-wide development project next year. Niederm an says the ride "gives students a chance to do something for someone less fortunate than themselves who is not given the responsibility or the independence he is capable of having."

Another advantage he sees in the event is the meeting diversified, interesting people in the South Bend community.

So far, many are endorsing the event, including University President Theodore M. Reshburgh, Governor Otis Bowen, and Congressm an John Bradem as who will cut the ceremonial ribbon.

For information, instructions, etc., contact St. Mary's representative Sue Maude at 5224 or Niederman at 7819.

ND students suspected

Two SMC sign-out books stolen

by Mary Janca

Two unidentified disguised men, believed to be Notre Dame students, removed the sign-out books from LeMans and McCandless Halls around 10:00 Sunday night.

According to St. Mary's Security Director Anthony Kovatch, the two men first took the books in McCandless and then later, stole those in LeMans.

During the theft a mild skirmish broke out in LeMans, said Kovatch. When the two men began to take the books, Brenda Lardy, LeMans Hall director, asked them to stop but was pushed aside.

Another ND student who had been talking with her boyfriend in the lobby, then came over and also tried to prevent the theft, knocking off the sunglasses and hat of one of the assailants. He was subsequently "roughed up" and was scratched by the student's ring.

The two then took the books, joined a third man, and left the campus on foot, continued Kovatch.

"We (security) checked all the cars leaving the campus within minutes after it happened," he said.

The identity of those involved are not known, but an investigation is underway, he added. Descriptions of the three have been obtained, and both Lardy and the other student who attempted to halt the theft can positively identify them, Kovatch stated.

Apparantly, those involved in the theft wish to remain anonymous.

Dear Editor,

The Sting has come to St. Mary's College. Last Easter Sunday night at 9-40 LeMans and McCandless halls found their sign-out books missing.

This childish, immature, and ridiculous action could only be perpetrated by immature, ridiculous, and immature men.

Mary Janca

Attention arts and letters

Present Freshman, Sophomores, and Juniors.

Applications for the '74-'75 A & I STUDENT ADVISORY COUNCIL are now being accepted. Each applicant must write a brief statement—no more than a paragraph—on why the person would be interested and qualified. Please include present school year, address, and phone number, along with application. Faculty will judge the applications and notify the winners.

DEAN'S OFFICE, ROOM 137 O'SHAUGHNESSEY, NO LATER THAN THURSDAY, APRIL 25 AT 4 P.M. (Interviews will then be arranged)
Post-Vietnam directions explored by symposium

“American Foreign Policy in the Post-Vietnam Era” is the topic of a symposium sponsored by the Department of Government and International Studies beginning Thursday, April 20. Participants will explore the effects of the Vietnam War on American foreign policy and discuss the implications of the war for future international relations.

The symposium will feature six sessions, each with a different focus. The sessions will be held in the Loretto Heights Room, beginning at 9:00 a.m. on Thursday, April 20.

Session 1: "The Status and Future of U.S. Relations with the Soviet Union." This session will be chaired by Professor John B. Wiseman, a specialist in Soviet studies.

Session 2: "The Topic of the Future." This session will feature a roundtable discussion with participants from various disciplines.

Session 3: "Vietnam and the Third World." This session will explore the impact of the Vietnam War on the Third World and its implications for global politics.

Session 4: "American Foreign Policy in the Post-Vietnam Era." This session will feature a panel discussion with experts from government and academic institutions.

Session 5: "The Comparative Politics of Post-Vietnam Politics." This session will compare the political outcomes of the Vietnam War in different countries.

Session 6: "The Impact of the Vietnam War on American Society." This session will focus on the social and cultural changes that occurred as a result of the Vietnam War.

The symposium is free and open to the public. Refreshments will be provided. For more information, please contact the Department of Government and International Studies at 312-670-3012.
Announcing a new service in town to help import car owners. Now, you can get replacement parts for imports from us. We're headquartered for Worldparts—a comprehensive line of import car parts, covering the 16 most popular imports...or 92% of the imports on America's highways.

Worldparts are quality-made products including engine parts, fuel and oil system parts, electrical parts, clutch components, suspension parts, heating and cooling systems, steering and suspension parts, brake and wheel parts, and exhaust systems.

Let Worldparts open a new world of import car parts and service for you.
Offensive fireworks provided by the first unit, and stingy defense throughout the rest of the team "D" highlighted Wednesday afternoon's scrimmage session. Notre Dame's second of the spring football season.

Tom Clements and Frank Allbaugh's dinners, first half, illustrate to points on the afternoon all against the second unit defense. The number ones were never forced to give up the first unit ball against the second unit, and stingy defense on both units was highlighted Wednesday afternoon's first unit, and stingy defense on both units was a large part against the second unit defense.

It was the passing game which accounted for the first score of the afternoon. Clements, who, on the day, was 3 for 4 for 70 yards, drove the first unit 35 yards in five plays by virtue of the air route. Starting on the Blue 46, the junior quarterback split end Pete Demmerle for 23 yards, and three plays later hit tight end Robin Weber for 27 and a touchdown.

Jack Stephen added the extra point.

The second six-pointer of the day came as a result of some fancy ball-handling by Allocco and some even fancier running by freshman Al Hunter. Moving from his own 40, Allocco hit Demmerle for a 2, and after fullback Wayne Bullock picked up 12 more in three carries, slid off tackle himself for seven more.

Two more dives by Bullock and a sweep by Al Samuel got the number ones in the White 40 where Hunter, after an inside handoff on the reverse, went unimpeded all the way for the touch down.

"Al Hunter is really playing well," noted Paraspiangh. "He knows where the holes are and he's hitting them. He's got a good sense of the offense and he's coming along real fine."

The first unit defense allowed the second team "O" a net total of two yards on their ensuing possession, and after a Tom Lopianski punt, Clements was again at the helm.

From the White 46 Clements hit Weber for 26, Hunter got 12 and the one-two punch of Bullock and Samuel moved the ball down to the two. Hunter again moved into the spotlight taking the pitch from Clements and gliding in for his second second-six points of the afternoon.

Junior Pat McLaughlin added the extra point and that closed out the day's scoring.

The number one defense allowed drives of 26, six, and two yards by the second unit "O" with Luther Bradley, picking off a Fred Trusko pass early in the workout.

The rest of the time was devoted to scrimmage between the third and fourth team offense and the third and fourth unit defense.

Again there were no real serious injuries. Art Best is still nursing a sprained shoulder suffered during last weekend's scrimmage, and guard Cal Balliet had to leave early. The rest of the take downs were routine.

The Irish will continue workouts the remainder of the week with another scrimmage scheduled for Saturday.

The Irish nine come up short: drop a pair to Wisconsin by John Higgins

The pleasant spring weather brought out the best in the Irish yesterday at Cartier Field as the Irish and visiting Wisconsin sprayed hits all over the turf at the expense of the Irish pitching staff. Unfortunately for Notre Dame's invite the Badgers 20-17 in a game which even an error free defense, the scoreboards showed the Irish on the wrong end of the twinnings scores, 6-3, and 7-6.

In the first game, Wisconsin came out swinging against a struggling Paul Popovics, who relied almost exclusively on his blazing fastball, and they hit the sophomore pitcher hard in the early going. Peaky leadoff hitter Scotty Dott, who hit a triple, two singles, and missed assignments were concerned, and the penalties held his minimum. Still we need a lot of work.

This aspect of the team's performance was particularly en-

In the bottom half, the Irish finally got untracked again, working against Sautz, who relied almost exclusively on his blazing fastball, and they hit the sophomore pitcher hard in the early going. Peaky leadoff hitter Scotty Dott, who hit a triple, two singles, and missed assignments were concerned, and the penalties held his minimum. Still we need a lot of work.

This aspect of the team's performance was particularly en-
couraging since the first unit offense worked on a wide open attack.

"We're finally getting some good weather," added Ara, "and we're getting a chance to work on our passing game."

It was the passing game which accounted for the first score of the afternoon. Clements, who, on the day, was 3 for 4 for 70 yards, drove the first unit 35 yards in five plays by virtue of the air route.
