Mardi Gras booth judging tonight

by Maureen O'Brien
Senior Staff Reporter

With two days to go, the 1977 Mardi Gras profits are keeping up with profits from last year and are pointing last year's profits by a few dollars.

"We are doing well financially," Don Bishop, chairman of Mardi Gras, stated. "We've done particularly well in the car raffle and have made $5,000 more than last year's raffle," he said.

I'd estimate we'll have made $19,000 in the car raffle alone," Bishop added.

Bishop attributes the success to an increase in the number of people participating in Mardi Gras and to the warmer weather.

"We've made much more money on the weekend this year. I think it's due to the relatively good weather we've had this work," Bishop said.

The Groveman Chinese Theatre, run by Lewis St. and Edward halls, has made the most money so far. Keenan's booth is in second place profitwise. The Sorin-Badin booth is third.

This year the Mardi Gras committee attempted to diversify the Mardi Gras activities by adding more and different games and improving the entertaining, according to Bishop.

"I think everyone has enjoyed the entertainment," he stated. "I know, for instance, everyone really enjoyed the Klee brothers, Doug, Denis and Rick from Keenan the other night. They played mostly soft Beattle music and everyone stopped gambling to listen to them sing," Bishop said.

Bishop also said that "nothing disastrous" has happened at Mardi Gras. There have been no signs of cheating and the booths' operations have run smoothly.

"The only thing that happened was the other night a man walked into Mardi Gras and one of the police officers thought he recognized the man. The officer called headquarters and found out there was a warrant out for the man's arrest. The man was quietly escorted out of Stepans Center and arrested," Bishop said.

Tonight the South Bend Bears Arts will perform various acts and WSNF will sponsor various game shows. At 11 p.m., the prizes for the best booths will be awarded. This year the competition is awarding "Oscars," in keeping with the Hollywood theme. Oscars will be awarded for Best Booth, Best Art Work, Best Construction, Most Original Design, and Best Booth which keeps to its own theme the best and

The most Congenial Booth. Judging the booths were nine art and architecture professors. The Mardi Gras committee will vote for the winner.

Mardi Gras will close Saturday night. The California String Band will play and at midnight, Fr. Theodore Henksburg, university president, will draw the winning raffle ticket for the car.

"All we can say," Bishop concluded, "is that people have done a lot of work and we've had a very good time."

Martha's Vineyard votes to secede from state

CHILMARK, Mass. (AP) - Residents of pastoral Martha's Vineyard island, angered by the prospect of losing their only delegate to the state legislature, are trying to secede.

"I'm going to America," said Joseph E. Sollitto Jr., chairman of the all-island board of selectmen for Martha's Vineyard. "We're not going to stand for the island's grievances and the Commonwealth's condescension."

Daniel Taylor, legal aide to Dukakis, said it would take considerable research to determine whether the island could secede from the state. "Give me six months and ask me then," he said. "We're stuck out in the middle of the Atlantic. No one really knows our problems except us," said Joseph E. Sollitto Jr., chairman of the all-island board of selectmen for Martha's Vineyard. "We may ask congressman in whose district the island is located, Rep. Dan. Steudle, to file federal legislation to make Martha's Vineyard a separate state. On the other hand, he said, "Maybe we should secede from the country. That way we'd get all sorts of foreign aid."

The islands have had their own state representatives since the commonwealth was founded in 1780. Martha's Vineyard is within sight of the Cape Cod Canal, just five miles away. But Nantucket is 25 miles at sea and a two-hour ferryboat ride from Woods Hole on Cape Cod.

The Vineyard has about 8,000 year-round residents and Nantucket has about 2,500. But in the summer, island populations swell five times over, and local officials want their own state legislator to represent both islands.
**Rape prevention tips given by Pat Payne**

The president of the National Organization for the Prevention of Rape described society as "one big rape assembly line" last night in a presentation to an overflow crowd in Carroll Hall.

Frederic Storaska, in addition to being president, also founded the organization twelve years ago.

"The problem with many rape prevention groups is that they tell people what to do after being raped, but not what to do when he's there," he said.

"Rape is as bad as anything that can happen to you, but not the worst," said Storaska. He added that women should not feel ashamed to have been raped.

Storaska declared that the only remedy for rape will be societal reform. "Until there's total equality, there'll always be rape. I'm not a feminist, but a humanist."
WASHINGTON [AP] - A tax rebate of $50 for almost every American family who earns $20,000 or less last year and a permanent tax cut for families who use the standard deduction was approved yesterday by the House Ways and Means Committee.

The vote, a rare one proposed by President Carter as the answer to the nation's economic stimulus programs, would be a one-time-only deal, payable to American who earned $25,000 or less.

The permanent tax cut, averaging $50 a year for two percent of the first $900 of taxable income up to $380, would be extended through the end of 1977. It is due in every pay period.

The committee approved Carter's plan for a $2,200 standard deduction for single persons, since that would have resulted in a tax decrease averaging $52 for 2.1 million persons.

Taxpayers who used the deduction would be $2,400; for single persons, that would mean a tax increase averaging $52 for 2.1 million persons.

The committee plan would mean a tax cut of about $40,000 for 8.7 million recipients, more than double the average tax cut of about $90 for 44.6 million persons.

"We cannot enforce hitchhiking laws because they are not within our jurisdiction, but we will assist any student who comes to the main gate or calls campus security as well as reporting the incident to the proper authorities," says Arthur Pears, director of St. Mary's Security.

Anthony Kovatch, director of St. Mary's Security, remarked that hitchhiking "cannot be stopped," despite his repeated warnings.

However, his department offers an easy way for students to hitchhike by a "very dangerous operation," according to Kovatch.

Kovatch did not express much concern over the increase of calling a taxi, since taxi drivers will respond in a timely manner, which will only cost a $5 fare.

"One thing that I would like to stress is that hitchhiking should be considered," said Kovatch. "If you are in a rush, you may qualify for a $50 bonus, but a major side-effect of that amendment would be the doubling of the bonus checks until late July or early August."

In an effort to get the bonus checks to as many people as possible, the committee added to the list of recipients.

"The committee rejected Carter's plan for a $2,200 standard deduction for single persons, since that would have resulted in a tax decrease averaging $52 for 2.1 million persons."

The committee approach required an effort to delete the deduction; an effort to delete the deduction would be $2,400; for single persons, that would mean a tax increase averaging $52 for 2.1 million persons.

The committee plan would mean a tax cut of about $40,000 for 8.7 million recipients, more than double the average tax cut of about $90 for 44.6 million persons.

"We cannot enforce hitchhiking laws because they are not within our jurisdiction, but we will assist any student who comes to the main gate or calls campus security as well as reporting the incident to the proper authorities," says Arthur Pears, director of St. Mary's Security.

Anthony Kovatch, director of St. Mary's Security, remarked that hitchhiking "cannot be stopped," despite his repeated warnings.

However, his department offers an easy way for students to hitchhike by a "very dangerous operation," according to Kovatch.

"One thing that I would like to stress is that hitchhiking should be considered," said Kovatch. "If you are in a rush, you may qualify for a $50 bonus, but a major side-effect of that amendment would be the doubling of the bonus checks until late July or early August."

In an effort to get the bonus checks to as many people as possible, the committee added to the list of recipients.

An estimated 30,000 coal miners who get monthly government benefits because they suffer from black-lung disease. Some of these miners may qualify for a rebate, or perhaps for a bonus. They could not get both.

As of May 1, 1977, 11.2 million recipients of Aid to Families with Dependent Children, the welfare income of those families with such benefits were barred from receiving both the rebate and the bonus, as a matter of policy.

Veterans and veterans' widows who otherwise would not qualify for the rebate or bonus. This could be as many as 500,000 persons.

At a White House meeting with Lawyers and Means Democrats yesterday, Carter was said to have expressed an understanding of why the committee's amendment was being offered.

And while he did not specifically endorse the changes, his aids worked closely with the committee in drafting them.

Revised SLF Succeeds

Back in November, The Observer warned that the Sophomore Literary Festival might proves unsuccessful due to the heavy workload that students are facing. Ken Kesey and Tennessee Williams were added to the speakers list, and we were assured that the Sophomore literary festival, an internationally renowned and highly successful event, would be held in the same week. Lectures from around the state. It is also ironic considering that the SLF scenario, since November, has been experiencing a downturn. However, the committee noted other reasons why television has been so little used in higher education, reasons that may supplement such contact. It could be “an alternative to four hundred students in one large hall for a required course” and could “multiply popular teachers and courses.”

The Administration’s rejection of SBP Mike Gassman's cable TV proposal is a great deal of emphasis on academic and athletic achievement that not only little used in higher education, reasons that may apply to Notre Dame, such as a lack of imagination, adaptability, and “the comprehensive character of education and educators.” The educators at Notre Dame should consider their rejection of cable television.

Cablevision Update

The Administration’s rejection of SBP Mike Gassman’s cable TV proposal is a disappointment. It is also ironic considering that an administration-faculty committee appointed by Fr. Heaslip (dominated by SBP Gassman) from the Committee on the Course of Study stressed numerous educational benefits that television, including cablevision, could produce. The recommendations were published (N.D. Report 1, 1974-75) with a cover letter from Fr. Burtchall declaring them to have “far-reaching implications.” Committee members included William Burke, assistant to the provost, and then-Dean of Arts and Letters Fredrick Crossen. Administrators seem to fear cable TV would interfere with study but the committee pointed out that the University was then linked into a statewide educational cablevision system. This was never used, although it offered courses, film series and lectures from around the state. The University still linked into this “Indiana Higher Education Television System”! If so, why is it seldom used? Several administrators argued that cablevision might decrease student-teachers’ contact. But the committee proved that properly used, it would only supplement such contact. It could be “an alternative to four hundred students in one large hall for a required course” and could “multiply popular teachers and courses.”

The Administration’s rejection of Gassman’s proposal stressed its high cost and would interfere with study but the committee pointed out that the University was still linked into this “Indiana Higher Education Television System”? If so, why is it seldom used? Several administrators argued that cablevision might decrease student-teachers’ contact. But the committee proved that properly used, it would only supplement such contact. Because God Loves Stories
by REV. ROBERT GRIFFIN, C.S.C.

It was a spring day ten years ago; and in a corner room of the Community Infirmary, just down the hall, an old priest was dying. He was old, not aiantly, but you knew he would greet death graciously, and with a sense that all was well. He left the green around the other visitors he had met to see. He was a gentle man, full of stories about people he had met. Sometimes you would see him, the special treat was to get him talking about the stories he had heard or about the movie they made of Rockefeller's life.

Donald Crisp, the actor,” Father Mac once told me, “played the role of Father Charles F. McBridge in The 100 Center. Notre Dame, had preached at Rockefeller’s funeral. He was a gentle man, a nice fellow, a man who could just stand in the quiet of room, a quiet room of Fr. Mac’s, it seemed to me, when I first met him. Suddenly and without warning, he was dying, and stillness was holding the pulse and the breath, and the final hours of his life had been told forever: the Father of lies was being routed, and bell defeated; and an eternal adventure was beginning, wherein the story teller, born again, could trade his tiny tales for gospel truths and the poetry of prophets.

Even in the final months when he began dying, the old priest, Father Mac, reserved enough strength every day to say Mass. The Eucharist has its own gracious gestures, its own noble beauty, its own nobility; in the 1975 match in Lebanon, two nations sentenced to death, sends his beloved one, a holy offering, to God. And a cigarette with his executioners. Father Mac’s daily Mass was the rose he gave to his wife Rice Mac before he left for the States. That he would, or by himself, offer the Mass in Latin. There was a classness in the faith of the Frenchman, who had so much to offer. That he had translated the Bible. He went to the chapel every night at twelve, still sitting in his own room, and he was so weak, he would, or perhaps alone, offer the Mass in Latin. There was a classness in the faith of the Frenchman, who had so much to offer.

The Nazz: Recording sessions will be the order of business this weekend at the Naz. The Neon Wilde Band will play on Friday night, followed by the N.D. First Jazz Combo on Saturday. The Sixth Brothers, a 1960 entry by Luchino Visconti, will be this weekend’s Saturday night offering in the Realist film series. The movie will be presented tonight at 8:00 p.m. at SMC’s Carroll Hall. Admission is set at $5.00.

The original King Kong was shown Sunday and Monday nights at 7:30 p.m. at SMC’s Carroll Hall. With admirers fabled.

The Bronze Baboon will present two films. The first, Basket of Nutries,” is a 1942 film to be shown Wednesday at 7:00 p.m. The second, Night of the Living Dead,” will be shown Wednesday at 8:00 p.m.

The Ski Bunny, an original production, will be performed Friday and Saturday nights beginning at 8:00 p.m. at the Connolly Center.

Despite the serious nature of the show, the Ski Bunny promises to be a highly entertaining production. The cast is composed of Notre Dame students, with the exception of the ski jumpers, who are professional athletes.

The Blue Angels will perform their first air show in the U.S. this weekend at McClellan Air Force Base, California. The show is open to the public and will feature demonstrations of the latest military aircraft.

The Observer is a semi-monthly publication of the University of Notre Dame. It is published by the student newspaper, The Observer. The Observer is a non-profit organization and is funded by subscriptions and advertising.

**Spotlight Program’ to aid freshmen**

by Chris Dateman

Staff Reporter

The Freshman Year of Studies has initiated a "Spotlight Program" designed to assist freshmen with their choices of a major and career. Hofman said that Spotlight was " Some people come in here knowing exactly what they want to do right off," said Dean of Freshmen  

Emil T. Hofman. "But a large number have no idea; they need information; that’s what Spotlight’s for."

According to Hofman, the program will consist of three phases to acquaint the students with the available academic programs and the career opportunities they provide before advance registration on April 21-28. Each phase consists of a general outline by each dean describing structure and curriculum. Already, Dance, Joseph Hoagian of the College of Engineering and Dean Bernard Waldman of the College of Science have addressed Hofman’s freshman Chemistry class on their respective colleges.

On Monday, Feb. 19, Dr. Isabelle Charles, Dean of Arts and Letters will speak to interested students at 7:30 p.m. in Nieuwland Science Hall, Room 127. Vincent Ray, associate dean of Business Administration will meet with the freshmen on Tuesday, Feb. 22 at 7:30 p.m. in Room 122, Hayes-Healy.

The final phase will include personal visits to the different colleges which will also provide counseling services for the freshman. Hofman said that Spotlight will aid freshmen with their transition into sophomore year. The first part of the transition is to decide where they are headed and the second part is to advance registration for the first time. To help them advance register each college

ND prof to receive fellowship

Dr. Donald C. Sniegoski, associate professor of English at Notre Dame, has been named by the Lilly Endowment, Inc. of Indianapolis to receive a 1977-78 Faculty Open Fellowship. The highly competitive award honors Indiana professors for achievements in innovative work-study and research programs.

Sniegoski, a 1956 graduate of Notre Dame, joined the faculty in 1961 and has served during the last four years as director of freshman English programs. He has elected to accept the fellowship with the understanding that study at Notre Dame, specializing in the area of written composition and conferencing with noted authorities in the field.

Each of the 46 private and public colleges in Indiana is invited to submit the names of three nominees for the fellowship to the Lilly Endowment group. A panel of judges, many serving as presidents on the governing boards at colleges in neighboring states, selected the Notre Dame professor and ten others for the fellowship.

Sniegoski was a 1975 recipient of the Thomas Madden Award at Notre Dame, presented each year to an outstanding teacher of freshmen, and was a 1976 member of the Rhodes Scholar Selection Comm.
KAMPALA, Uganda [AP]—The Anglican archbishop of Uganda and two church leaders were killed in what the government said yesterday was a motor accident. It occurred after they had been attacked by heavily armed President Idi Amin.

The government said Archbishop James Mwesigye was hit by a bullet fired by President Idi Amin. Mwesigye, who was killed, was traveling in a car with his wife and children. The wife and children were also killed.

The Times of London reported that Amin has been accused of killing the bishop and his family in order to silence him.

Amin is known for his brutal and repressive rule of Uganda. He has been charged with human rights abuses, including torture and murder.

The archbishop was a vocal critic of Amin's regime and had been outspoken in his opposition to Amin's policies.

The attack on the archbishop comes as tensions continue to rise in Uganda, with reports of armed clashes and human rights abuses.

The archbishop's death is likely to heighten pressure on Amin to resign or be removed from power. The international community has called on Amin to step down, but he has so far shown no signs of relinquishing power.

The archbishop's death is a serious blow to the Ugandan church, which has been a vocal critic of the Amin regime. The archbishop was widely respected and revered by many Ugandans.

I play. The mask are Lenny Moher and 50% of the game of hockey. 

secondly, because a good save can third period a year ago. Whereas netminder's John Peterson looking forward to post-season upon goaltending, Irish fans should believes in itself," commented an With hockey relying that much This team, more than any other career. 

This in no way means that things are pretty well set. In fact this is and this is no time to start. The game is in West Lafayette and the PURDUE over Indiana by 5 points - I have yet to favor the H oosiers because they have yet to favor the H oosiers.

WILLIAM, a money player who should be the key to this game. AP poll, they will have a most difficult task in this contest for the crowd should make a difference. 

WEDNESDAY

NOTRE DAME over Loyola by 17 points - Hopefully, more students will attend this game than did the Butler game. For, even if the game is not interesting, the students can live up on the second half. 

TUESDAY

PITTSBURGH over Indiana by 5 points - I have yet to favor the Hoosiers and the Scarlet Knights will square off in Madison Square Garden in a second wide-open contest. If Rutgers' forward Hollis Copeland is on his game the story could be different, but Copeland has been a non-factor in the ALABAMA over Tennessee by 2 points - Though the Crimson Tide has been less publicized than the "Bernie and Ernie show", they have some of their own individual talent in the presence of Reggie King and Anthony Murray. The game is in Tuscaloosa and the crowd should make a difference. 

UHAR over Arizona by 3 points - Though Arizona is ranked 17th in the AP poll, those Will win difficult games in this UNLV WAC lead. Utah's top player is Newark, N.J. product Earl Williams, a money player who should be the key to this game.

SUNDAY

WILLIAMSON over Villanova by 7 points - The Friars may be the best team in the East this year and they seem assured of an NCAA bid this season. The Friars could help towards an NIT bid. 

WAKE FOREST over Maryland by 9 points - The Deacons are averaging over 15,000 crowd and bound team and they should make turtle soup of the Terrapins.

Irish trudge to defeat Jaspers

The collegiate basketball season is now in the home stretch, as all the teams have played their tremendous home schedules. This in no way means that things are pretty well set. In fact this is and this is no time to start. The game is in West Lafayette and the PURDUE over Indiana by 5 points - I have yet to favor the H oosiers because they have yet to favor the H oosiers.
