Student Body President Andy McKenna announced his cabinet yesterday. Seated, left to right, are Bruce Boivin, Mary Schmidtlein, Andy Harring, Andy McKenna, Mickey O'Connell, Nina Burrell and Tom Seifert. Standing, left to right, are Paul Faldotto, John Simari, Jay Gendron, Tim Krausse, John Dziminski, John Fitzpatrick, Phil Johnson, Manny Grace, Kathy Rosenthal and Beau Mason. Missing are Helen Marks, Rick Remnick, Jayne Rizzo, Mike Roohan and Richard Gobble. [Photo by Sue Coliton]
SOMALIAN REVOLT CRUSHED

NAIROBI, Kenya [AP] - Young Somalian rebels overthrew the government of President Mohammed Siad Barre yesterday but were quickly crushed by loyal troops, Siad Barre announced.

The coup attempt came one month after Somalia's defeat in the Ogaden war against Ethiopian troops backed by the Soviet Union and Cuba. The Somalians recently have used the term "new imperialism" to describe the Cubans and Russians.

Diplomatic observers had also predicted, however, that Somalian troops embittered by the retreat might strike out at Siad Barre.

Western diplomatic sources also reported the coup attempt.

Chairman Needed for Class Trip

Final applications for chairman for next year's senior trip to Southern California must be submitted to the Office of Student Activities in LaPorte by 5 p.m. Tuesday. Interviews will be held Wednesday and Thursday and the chairman will be announced on Friday.

Weather

Mostly cloudy today with a 60 percent chance of showers and thunderstorms. Highs in the low 70s. There is a 70 percent chance of scattered showers today and tomorrow. Cloudy tomorrow with showers ending and highs in the mid 50s.

On Campus Today

12:30 p.m. film, "juvenile justice system," sponsored by women's rights association, law school rm. 106

3:15 p.m. career workshop, "information gathering and job search," sponsored by career development ctr. speaker, kerry kennedy, tisch school, 170 lemnas.

3:25 p.m. seminar, "the effect of wettability on oil displacement by micellar flooding," by prof. victor j kremens, jr., u. of illinois, 269 chem. engr. bldg.

4 p.m. seminar, "plo atom formation in gamma irradiated aqueous bromate-cyclonenthanesulfones," by edward a. harrison, argonne nat'l lab conl. on by professor maccallum, jackson hall.

4:30-6 p.m. movie, "drink, drunk, drunk," science dining hall.

ENDING OF COMBAT

News Briefs

ADA opposes arms sale

[AP] - Americans for Democratic Action said it opposes President Carter's plan to sell $3 billion in arms to Israel and Jordan.

In a meeting Saturday, ADA's national board urged Carter to provide "Israel with the military assistance and equipment necessary to give it the confidence it needs to make the territorial concessions West Bank and Sinai settlements which are required for peace."

Miners health and safety

[AP] - The government is extending until May 3 a deadline for comments on proposed safety regulations in the nation's mining industry. The proposed regulations were issued by the Labor Department's Mine Safety and Health Administration, include procedures for handling miners' complaints of hazardous conditions and petitions for modifying application of a safety standard.

New standards for EOE

[AP] - The government has issued new regulations, effective May 7, to establish equal opportunity employment standards on federal and federally assisted construction work. The new regulations, issued Friday by Labor Secretary Ray Marshall, set the first time goals and timetables which contractors receiving more than $10,000 in federal money must observe in hiring and promoting minorities and women.

President University Fr. Theodore Hesburgh celebrated the inaugural mass for "One Earth" last night at 7 p.m. in the Sacred Heart Church. Hesburgh spoke on the theme of justice, noting that "all who live in a world which is anything but just and peaceful, there will be no peace unless we are willing to work for justice.

The basic injustice which must be overcome, Hesburgh said, is that "one-fifth of the world's population has 80 percent of the world's resources" and that therefore "we're willing to use our power and our wealth to undermine those who are working for the rights of the poor and the outcasts of this world.

"One Earth Week," a week-long free festival sponsored by the Notre Dame Student Union, began yesterday and will continue through Saturday.

The purpose of "One Earth Week" is to promote international understanding and to improve the social life of the Notre Dame community. Members of the International Student Organization (ISO) of Notre Dame will participate in the events, and all members of Notre Dame and South Bend communities are invited to attend.

Events begin tomorrow evening with a mass celebrated by University President Fr. Theodore Hesburgh in the Chapel of Sacred Heart Church. Following the mass, Alzheimer, assistant professor of Modern Languages at Notre Dame, will present a lecture on "East-West Relations After the League of the Democratic Community."

The schedule for the week includes lectures by two ambassadors of the United States as well as by professors from Notre Dame and Indiana University of South Bend. Pahlavan, Indian ambassador to the U.S., will give a lecture on "Indian Democracy in India" tonight at 7:30 in the Hayes-Healy Auditorium. Pahlavan, who is president of the Eastern Democratic Association, will speak on "East-West Relations After the League of the Democratic Community in the United States." The seven-day auditorium, which will be held in the Hayes-Healy Auditorium, is at 8 p.m. Thursday morning. The University Library, 320, Winer, professor of Government and international studies at Notre Dame, will give a lecture on "Southern Africa in Crisis." The week includes lectures by two ambassadors of the United States as well as by professors from Notre Dame and Indiana University of South Bend. Pahlavan, Indian ambassador to the U.S., will give a lecture on "Indian Democracy in India" tonight at 7:30 in the Hayes-Healy Auditorium. Pahlavan, who is president of the Eastern Democratic Association, will speak on "East-West Relations After the League of the Democratic Community." The week begins May 2 in the Hayes-Healy Auditorium, and all members of Notre Dame and South Bend communities are invited to attend.

Collegiate Jazz Festival XX
by frank laurino

It was getting past one-thirty in the morning, and even the faithful were beginning to get a bit edgy. It had been two long days of music: two night sessions that went into the wee hours, plus an afternoon band competition. A lot of practicing. Setting up and tearing down. Sound checks. And a lot of worry. Worry that the sound system would cut out during a solo. Worry that a bass string would break. Worry that the number you used to be so good at doing would let you down, it lifts you up.

Both had put on extraordinary performances. The Massey Meatball, as the judges called it, was a lot of fun. It was a very, very popular band. It was a lot of fun. A lot of people were there to see them.

The Jazz festivals seem illogical to me, for one's so good-they have to be to be as good as that one. But in the dressing room behind the stage, the decisions on the most outstanding saxophone player and the best band award were far from being made. The thing about the CJF, howver is that it's too hard to pick one winner, "It's too hard to pick one winner," said the Paton Saint of Jazz, still excited from performing at this festival. The talent in the universities all over the country is simply astounding.

Gary Acock, a professional photographer who travelled with Maurice Mannon's band, echoed Bellson's remarks. "Each band, each band, you say to yourself, 'Man, I'd hate to be in the next group. How are they gonna top that? But they do, man, they do!"

By two o'clock most of the people had filed out of the competition, and the best band awards were far from definite. Reedman Lew Tabackin and his performance was technically and aesthetically adept.

Speaking of adept, there's this guy named John Lewis who's doing a lot of good work these days. He's a real treat. John Lewis was mostly quiet. The Medium Rare night's bands from Loyola University and the University of Iowa. The Medium Rare night, I'm up to four and five stars.

Mike hit that magic level Saturday afternoon, and many who heard him will not easily forget his haunting sounds. Gerald Lawon, too, was incredible on alto. His solos were too few for many. Soups were brought back from the scene, and the dynamic bass of Cedric Williams. Cedric wasn't given much of a solo shot during the set, but
gut his notes for the hundred thousand, four and five stars.

One of the most significant observations I made at the CJF was the incredible amount of talent on stage. This is a tribute to the many fine jazz programs at major universities.

McKenna appoints fire panel

by Brigid Rafferty

A temporary committee for the study of fire-related problems on campus has been established by Student Body President Andy McKenna, and includes Mike Roohan, John Simari, Mike Gilroy, and John Ryan.

One of the committee's goals, according to McKenna, is to acquire a more practical loft policy. The group hopes to get in touch with Notre Dame administrators and Fire officials to discover the reasoning behind the recent change in the University loft policy, which entails stricter enforcement of the DuLac rule against constructing lofts, partitions, and putting up paneling in student dormitory rooms.

"We are trying to find out just why this is a fire threat," explained McKenna, "and to develop a more practical proposal to submit to the CLC."

"Along these lines, we also plan to devote equal time to seeing how safe this campus is from the threat of fire, and to see what University officials should do about the situation.," McKenna continued. The committee will also look at state and Federal fire codes for information.

McKenna noted that the committee's work will probably progress more quickly in the next month, with the goal of obtaining a practical loft policy before next fall, when students begin work on their rooms.

Election rules to be discussed

Anyone interested in making suggestions for or discussing SBP-SBVP election rules, revisions, or additions, please contact Marc Woodward, Ombudsman Election Committee Chairman, at 3338. An appointment will be set up for the Discussion or presentation with the interested person and the election committee. The deadline for contacting Woodward is Thursday, April 13.

STUDENT UNION ACADEMIC COMMISSION PRESENTS

Would you sign up for a lifetime course in applied Christianity?

Our course will take you deep into the Third World, to some of the most depressed and oppressed places on earth.

To God's Country.

As a Maryknoll Missioner, you can share the love of God with these, His people. You can bring them hope and peace and dignity.

You will practice some very practical Christianity, too. You might set up adult education classes, show a starving farmer how to improve his crop, or a struggling worker how to improve his lot. Most of all, you will share the Gospel of Jesus Christ.

You will learn and keep on learning the rest of your life. You will learn and share their language, of course. But also their culture, traditions and, yes, their religion. You will earn the quality of joy that can only come from doing unto others, because all the while you give yourself to their lives, they give meaning to yours. Send us the coupon or call toll free (800) 431-2008.

Please tell me more about a lifetime career as a Maryknoll Missioner.

Molly Sullivan, Phoenix House director, "Double Standards and Alcohol, The Case in Point." According to these activities, the students will enable students to clarify their values and realize the serious consequences of alcohol abuse. "We're hoping that students will understand the harmful and physical effects of drinking," states Nash. "Perhaps a permanent club or committee could be formed to be of service to the students at all times.

Support for the various activities was given by the Student Administration and faculty, local bar owners, and such organizations as the Student Organization for Alcohol Prevention (SOAP), AA, an organization for alcoholics' families. Students are encouraged to attend the events during this week. Partial consideration has been given to those under the age of 21.

For St. Mary's fund

Phon-a-thon begins

by Pat Payne

Saint Mary's third annual phon-a-thon, one component of the college's annual fund raising activities, will take place for three days. This year a major portion of the LeMans rectangle. Terry Hickey, Director of the Student Multi-Fund, and Development Commissioner Julie Pelletier are coordinating the project, which has a set goal of $200,000, 30 percent higher than last year's goal.

The purpose of the phon-a-thon, a long distance project, is to bridge the $1,000 gap between what students of the actual cost of attending school here.

According to committee member

"The total national goal of this year's fund raising project is $500,000, and $120,000 of that has already been donated.

The funds are earmarked for specific purposes, they are placed in a restricted fund and are used where needed.

The money can be used for school supplies, faculty salaries or even utensils in the dining hall," Pella-

tier added.

The phon-a-thon will run from 7-9 p.m. Tuesday through Thursday, and again from April 17 to April 24, 1978. In addition, on April 19 and 20 the hours will be extended to 11 p.m. specifically for calls for the west coast.

Kathleen Rice, SMC dean of Stu-
deralized Alcohol Awareness Week is a problem which cannot be ended by Patten.

According to Andy McKenna, professor, "Morning After"; and Hickey, "Success and Alcohol"; and Kellee Nash, these activities will tend the events during this week.

As an added incentive, students will be allowed to make one free long distance call to anywhere in the United States to anyone they please.

Pelletier stressed that students majoring in religious studies in the phon-a-thon, because the amount of money raised will direct it. Students may be a little more enthusiastic if they are aware of this fact," she added.

Pelletier observed, "This is an excellent way to keep in direct contact with the alumnae to remind them of their appreciation for the four years they spent here. Students who have not volun-

teeered already are urged to turn in their forms indicating the night or nights they wish to participate in the phon-a-thon.

Forms may be submitted to Green at room 104 LeMans or dropped in an annual Alcohol Awareness Week.

Robert A. volunteers and stu-

dents are encouraged to take advantage of these extended hours.

The Center for residents will be open from 7-10 p.m. tonight and all Monday nights through the end of the semester.

The Center will be staffed by

Bike storage pickup planned

Students who store bicycles for the winter may pick them up today from 3 to 6 p.m. at Gate 14 of the football stadiums. Students are requested to bring their claim slips with them if possible.
Notre Dame nine take two, lose one

by Frank LaGrega Sports Writer

The Notre Dame Track Team traveled to Charleston, Illinois on Monday, April 10, 1978, with neither team on the score board when Mark Simendinger got on first. He had that little putt, just about the line. "We can always depend on Pete to get a shot at standing out in a crowd," explained Devine. "We do not have many of the seniors on the defense as many young guys are in the position. However, Devine added, "Overall it seemed that the seniors have been around awhile and those younger players have had more experience during the season."
