Candidates respond during open forum

by John McGrath
Senior Staff Reporter

Candidates for Student Body President and Vice-President fielded a wide range of questions from students last night in the Flanner put. Issues that were discussed included parietals, the off-campus housing situation, plans for increased student involvement, and corporate justice concerns.

In a major pitch for the nearly full house on the second floor of LaFortune. Heaney also stressed the need for increased co-operation with students. "If you hit two hall council meetings each week, during the course of the semester, you could make yourself available to the students," Heaney said. "It isn't that difficult making yourself available-but you can't do it by locking yourself in the second floor of LaFortune." Heaney blamed SBP Andy McKenna's response to University President Dr. Theodore Hesburgh's recent decision to reject parietals revisions, by remarking, "He should have chucked the Administration for its continually unjustified view of parietals.

PUSHES SALT TALKS

ATLANTA [AP] - President Carter declared yesterday that the United Nations and Southeast Asia demonstrates dramatically the need for a new U.S. arms limitation treaty and vowed he will not let peripheral issues stand in the way of agreement on the pact.

In a major pitch for the nearly complete conference on arms limitation treaty, Carter again cautioned the Russians against meddling in Iran's internal strife or taking actions that would widen the conflict between China and Vietnam. However, the president indicated he will not push for agreement on the new arms pact - SALT II - despite these trouble spots.

"It is in our national interest to pursue it even in a continuing competition with the Soviet Union elsewhere in the world," Carter told a friendly audience at the Georgia Institute of Technology in his home state.

In a speech billed in advance by presidential aides as a major foreign policy address, Carter repeatedly and strongly rejected demands by conservatives for a "military policy that would link progress on arms negotiations with the Soviet Union's conduct around the world.

And he told the audience of some 7,000 persons that the emerging SALT II accord "will make the world safer and more secure.

Carter said disturbances and disruptions in Sudan, Iran, Vietnam, Southeast Asia and elsewhere increase rather than diminish the need for an arms agreement. At the same time, he said, direct of indirect Russian interference in Iran "will have serious consequences and will affect our broader relationship with them."

Vietnamese border town falls to Chinese attackers

BANGKOK, Thailand (AP) - Striking behind a heavy barrage, Chinese troops yesterday captured the big Vietnamese border town of Lao Cai. The Vietnamese defenders rouded some Chinese elsewhere in the border country according to reports in Bangkok and Hanoi.

Soviet news agency Tass in a new dispatch from Hanoi reported the fall of Lao Cai. It cited the border country according to reports in Bangkok and Hanoi.

The representatives stressed the need for increased co-operation with students. "If you hit two hall council meetings each week, during the course of the semester, you could make yourself available to the students," Heaney said. "It isn't that difficult making yourself available-but you can't do it by locking yourself in the second floor of LaFortune." Heaney blamed SBP Andy McKenna's response to University President Dr. Theodore Hesburgh's recent decision to reject parietals revisions, by remarking, "He should have chucked the Administration for its continually unjustified view of parietals.

News in brief

Police strike cancels Mardi Gras festivities

NEW ORLEANS [AP]—Strikers canceled all remaining Mardi Gras and Carnival parades today citing a four-day police strike that has already dulled the traditional midwinter festival. Captains of the private social "krewe" or crews that sponsor the parades said: "We are not going to let Mardi Gras be held hostage by the Teamsters." The police are members of Teamsters Local 253. Mardi Gras is a $50 million industry in New Orleans. Police union spokesmen have called the festival "four aces" in seeking to win concessions from the city.

Utah House votes to allow media to witness executions

SALT LAKE CITY [AP]—The Utah House has voted to allow up to nine reporters to witness criminal executions. State law currently bars the media from watching a death sentence carried out. The measure, which passed the House 40-29 Monday, now goes to the Senate. It would ban cameras and recording equipment until after an execution has been completed and the body has been removed. Backers said allowing the media to witness an execution would increase the chances for accuracy and fairness. They also argued the deterrent value of capital punishment could not be effective without some news coverage of an execution.

Meany refuses to quit; plans corporate price watch

BAL HARBOR, Fla. [AP]—AFL-CIO President George Meany brushed aside suggestions that he retire and announced yesterday that he is mobilizing federation members to blow the whistle on companies that exceed President Carter's anti-inflation guidelines. Meany also vowed to continue to criticize Carter's policies when organized labor disagrees with them. He denied his attacks signal a break with the president and said an interview he had a pleasant conversation Monday. "I think he (Carter) makes some mistakes and, frankly, I will continue to comment on those mistakes," Meany said, adding, "The president doesn't seem to be upset about it." Meany said he wants to hire the best engineers and computer scientists we can find. If you qualify, and you're interested in a field where you can make a difference, you should apply to Magnavox Research Laboratories. Detailed information about our opportunities is available at any Magnavox careers office or at our website, www.magnavox.com. Magnavox is an equal opportunity employer.

Weather

Rain today, diminishing and ending during the afternoon. Highs in the upper 30s. Partly cloudy tonight with lows about 20. Cloudy with a chance of rain again tomorrow. Highs in the upper 30s to about 40. Chance of rain 70 percent today.

SMC announces elections

SMC ELECTIONS
by Pam Degnan

The Saint Mary's Board of Governance announced last night that elections for Student Body President, Vice-President of Student Affairs, and Vice-President of Academic Affairs will be held on Monday, March 12. All candidates must run on a ticket. Nominations will open on Monday, Feb. 26 and close March 4. Campaign platforms are due Sunday, March 4, by 12 midnight. Three copies must be submitted to Noreen Bracken at 221 Regina South or Cari Trousdale at 421 Regina North. The actual campaign period begins March 4 at 12 midnight and closes Sunday, March 11 at 12 midnight.

Mardi Gras gambling receipts top previous revenue records

by John Calcutt
Executive Editor

The 1979 Mardi Gras celebration closed Saturday night, and Chairman John McAustin reported that this year's gambling revenues totalled approximately $3,968 for the week. Holy Cross (ND) and Alumni-LeMans tied second and third respectively; both booths raised over $3,000. Other booths receiving awards were as follows:

Best Booths: Morrissey-Holy Cross (SMC), Street Scene from Pygmalion, Theme—Grace Lewis, Dante's Inferno, Structure—Alumna-Event, Pirate Ship from Peter Pan, Design—Fisher-Angler, Windmill from Don Quixote, Artwork—Stanford Biren Phillips, Wizard of Oz, Special Effects—Holy Cross (ND), Mark Twain Riverboat, Originality—Keenan, Treasure Chest from Treasure Island, Committee Award—Zahm, Walsh, Papillon.

Dillon and McCandless received a $50 award for the booth which raised the most money as their income totalled $306 for the week. Holy Cross (ND) and Alumni-LeMans tied second and third respectively; both booths raised over $3,000. Other booths receiving awards were as follows:

Best Booths: Morrissey-Holy Cross (SMC), Street Scene from Pygmalion, Theme—Grace Lewis, Dante’s Inferno, Structure—Alumna-Event, Pirate Ship from Peter Pan, Design—Fisher-Angler, Windmill from Don Quixote, Artwork—Stanford Biren Phillips, Wizard of Oz, Special Effects—Holy Cross (ND), Mark Twain Riverboat, Originality—Keenan, Treasure Chest from Treasure Island, Committee Award—Zahm, Walsh, Papillon.

M.A. IN PUBLIC POLICY STUDIES at
the UNIVERSITY OF CHICAGO

The Committee on Public Policy Studies is a formal academic unit of The University of Chicago, offering a graduate master's degree program which focuses on preparation for a wide variety of careers. The Committee does not automatically assure that government solutions are the preferred solutions to public policy problems. Its program promotes a role for the private sector as well as the public sector, in solving public policy problems, and assumes that public policy leadership requires an understanding of both areas and of the complex economic and social framework within which public policy operates.

The Committee on Public Policy Studies offers a new two year program leading to the Master of Arts degree in Public Policy Studies. Major components of the program include Analytic Courses in Economics, Political Analysis, Statistics, and Decision Analysis; a range of Application Courses offered by the Committee and the other departments and professional schools of the University; a series of Policy and Research Seminars devoted to the scholarly, interdisciplinary investigation of specific public policy issues; and internships in the public and private sectors.

For additional information and applications:

Dr. Robert Z. Aliber, Chairman
Committee on Public Policy Studies
The University of Chicago
Wright Hall Room 200
1155 East 59th Street
Chicago, Illinois 60637

Applications for Fall Quarter 1979 will be accepted until August 15.

Come find your place in the sun!

...Candidates

All three candidates endorsed a constitutional amendment that would place a voting representative for off-campus students on the student government Board of Commissioners. Heaney stressed that the representative should have full voting privileges while Portman emphasized that the present off-campus committee is "insufficient to meet the needs of 1500 off-campus students." Roche, meanwhile advocated the hiring of a full-time Off-Campus Director to handle O-C affairs.

The candidates expressed support for a boycott of Nestle's products in protest against alleged improper pricing and distribution policies of the company in Third World countries.

Roche also responded to questions about the apparent excessive of records at the bookstore, commenting, "Records aren't the only thing overpriced at the bookstore. Everyday items are incredibly overpriced."

He cited some examples of excessive pricing, pointing to a bottle of 50 Bayer aspirin that sells for $1.14 in the bookstore.

"At Ayr-Way, that same bottle costs 47 cents—that's a difference of 142 percent," Roche ex-
SMC Board of Regents increases tuition, salaries

by Ellen Buddy
Saint Mary's Editor

John Duggan, Saint Mary's president, reported to a special faculty meeting yesterday afternoon results of this past week's Board of Regents meeting. The Board made decisions concerning faculty salaries, tuition, and room and board. According to Duggan, "the increased estimated income for the school is 69 percent for next year.\n
Evan Wolten, an Indianapolis architect, was appointed at the meeting to design the new library. The Board interviewed five architects and their work before reaching the final decision this weekend. His approach is a very democratic one," Duggan said. Wolten intends to spend time on campus to observe the traffic pattern and hold open meetings with students, faculty and administration to hear their ideas about the library's location and the structural design. At this time a definite location has not been designated. He is much more interested in building a library that is compatible to its surroundings, not a high tech building," Duggan said. "It's his job to study our campus and talk to our people and then decide." Wolten has designed other buildings and halls for various universities in Indiana. Duggan discussed the formation of a new position in the administration—vice-president for college relations. The main objective of such a position would be to coordinate fund raising. "We have a lot more to do in fund raising if we are going to build a library and convert the old one," Duggan said. The candidate for this position was approved by the Board. His identity cannot be released at this time because he has not been relieved of his duties at another college, Duggan said.

Automotive Operations Rockwell International

Rockwell International Automotive Operations has long been the world's largest independent supplier of components to the transportation industry. Our innovative engineering, precision manufacturing, and aggressive marketing all combine throughout our manufacturing plants to produce diversified equipment for heavy-duty trucks, cars, and commercial vehicles. Products range from precision clips and fasteners to rugged, high performance axles and brakes. As the transportation industry continues to grow, so does its need for our highly-sought products. To meet these mounting demands, we have created many additional career opportunities for talented individuals.

REQUIREMENTS: Master's or Bachelor's Degree in Finance or Accounting

POSITIONS: Financial Analysts

These positions will be of a high-level analytical nature and will provide direct involvement, exposure and learning on a plant as well as a staff basis in the areas of:

• Profit Planning & Forecasting
• Cost Estimating & Pricing
• Cost and General Accounting
• Investment Analysis
• Systems
• Performance Analysis

We provide top financial remuneration for top performance, and a benefits portfolio comparable to any.

[Yesterday's Answers]
DiSabato realizes that a repeat of last season's NCAA performance will be difficult. "I wonder if we are 126 or 134 the competition will be very tough," concudes DiSabato. "The quality and talent are the same at both weights - you're never going to have an easy match. It will take two strong wins to make it to the regional finals, and needless to say it will be even tougher after that."

DiSabato's biggest competition will probably come from Nevada-Las Vegas' Tyrone Rose, a senior who finished seventh at last year's NCAA finals. Big Four gibbons, a Cal-Poly senior who was third in last year's Western Regional, and Paul Fellr, an Air Force junior who was third in the Midwest Regional in 1978, could also figure at 134.

DiSabato is seeded himself as seeded probably second or third in the tournament. They takeprobably six or seven more ranking, and individual records into account, and assuming, so I get a fairly good seed. If I'm seeded probably I won't have to face another seed until the second round, so that will give me time to get prepared."

If the preparation DiSabato has had already this season is any indication, then he should be more than ready for this year's NCAA tournament.

Sports

DiSabato and wrestling: synonomous in Ohio

by Bill Marguardt
Sports Writer

In Ohio, the name DiSabato is synonomous with wrestling, which is quite an accomplishment when you consider the number of wrestlers in that state.

Ten DiSabato's have graced the high school and collegiate mats of the Buckeye state. Yet, thanks to Dave, Notre Dame's 134-pound co-captain, the DiSabato name is gaining the prominence nationally that it has enjoyed in Ohio for quite a while.

As a sophomore last year, DiSabato finished second in the NCAA Western Regional and advanced to the Nationals, where he placed in the elite top 16 at 134 pounds.

This year DiSabato is looking for another trip to the Nationals and an improvement over last year's illustrious performance. He will have his chance this weekend when Notre Dame hosts the NCAA Western Regional at the ACC on Saturday and Sunday.

"Although I'm moving up a weight class this year, the experience I've had last year's tournament should more than compensate for the slight difference in weight," explains the junior DiSabato.

"I think I should probably have an extra advantage at 134 because I won't be cutting weight like alot of the other wrestlers.

Hesburgh, Ryan, Hanson, lobby for Title IX revision

The presidents of the Universities of Indiana and Notre Dame and their athletic directors have called for an exemption of revenue-producing sports in the application of the federal government's Title IX provisions for equal expenditures for men and women's athletics.

In a joint statement, John W. Ryan, President of Indiana University, Arthur G. Hamas of Purdue, and Theodore M. Hesburgh, C.S.C., of Notre Dame said that unless this exemption is granted, they feel that their institutions' support for the goal of equal opportunity for men and women in intercollegiate athletics.

The full text of the statement is as follows:

We jointly and publicly affirm our support of Title IX as the law of the land and as its objectives to provide equal opportunity for boys and girls in intercollegiate athletics. To that purpose our institutional programs for both men's and women's athletics will be "jeopardized" by the erosion of their financial support now coming from football and basketball.

These sports, at the present time, have sustained their institutions' support for the goal of equal opportunity for men and women in intercollegiate athletics.

Irish tracksters lose, 64-62

In a triangular meet held last night at the ACC, the Notre Dame tracksters lost a close decision to Indiana State, 64-62, but defeated Bradley, who scored 56 points.

"We competed well," Irish coach Joe Piane commented.

"But we had too many people who were sick or injured. With a little luck, we could have beaten them."

"We had a lot of good performances," he added.

"We run with ISU twice more this season, so we should be beating them both times with everyone healthy."

Notre Dame led 57-56 going into the last two events, but ISU edged the team of Chuck Aragon, Rick Rodgers, John McLooughlin, and Jacques Eady in the mile relay. Then the Sycamores took second in the triple jump, with Notre Dame's Ahmad Kansim taking third, to give them the meet.

Pete Burger started the meet off for the Irish with a time of 4:13 in the mile run. Chris Lang took third for the Irish, and 56 points.

Arnie Gough turned in one of the better performances of the evening, as he won the high hurdles in 7.36 seconds. Freshman John McLooughlin took fourth in the event.

Along the way, DiSabato has battled two ties in 134 last season and has moved into second possession for the best place on Notre Dame's career win list. With 68 career wins, DiSabato trails only McKeen and Rob Deger, who both graduated last year, on the all-time victory list. McKeen won 79 and Deger 72 wins.

DiSabato is only six wins short of the record 29 he had last year. So he is well within reach of the record 29 he had last year, while his 31 near falls easily surpass the record 19 he had last season.

Tourney ready to roll

In a triangular meet held last night at the ACC, the Notre Dame tracksters lost a close decision to Indiana State, 64-62, but defeated Bradley, who scored 56 points.

"We competed well," Irish coach Joe Piane commented.

"But we had too many people who were sick or injured. With a little luck, we could have beaten them."

DiSabato is only six wins short of the record 29 he had last year. So he is well within reach of the record 29 he had last year, while his 31 near falls easily surpass the record 19 he had last season.

Tourney ready to roll

This year DiSabato is looking forward to this weekend, the first time he has faced the AAC, and the first time he has faced a top 15 team. He is a glad hand, a wink, a characteristic cordiality.

Digger Phelps is not your traditional Irish trackster. He has a flair for the dramatic, a flair for the unconventional, a flair for the unexpected. And he has a flair for the unexpected.

"I thrive in a situation like this," DiSabato said recently. "I thrive in a situation where I'm either in the middle of a contract."

But he shrugs it off with a smile.

"It thrives in a situation like this," DiSabato said recently. "I thrive in a situation where I'm either in the middle of a contract."

He is a hand glider, a wind sail, a sail, and as he himself might tell you - sometimes a bit of the Irish prankster.

Best he can do is call on some luck and slip on the tie Irish image.

Politics breaks records in Irish state

Modern-day Rockne plays clean

For a school with the highest profile in American college athletic traditions, Notre Dame creates little terror in pressure-proof Digger Phelps.

"I thrive in a situation like this," he says, the basketball coach of the Fighting Irish. "I thrive in a situation like this, such as my job in the world."

If every two parties were made for each other in sports, it's Phelps against the All-Americans with the fabulous Kneur Rockne days. For a guy who grew up in South Bend, he has been "marketed" with elan, and Phelps has worked - tactfully hard at personifying the true Irish image.

On other Notre Dame visits to New York in the past, Garden fans have flashed signs with "undied, disastuous references to Phelps" fiber, who is an underdog in the New York."

But he shrugs it off with characteristic cordiality.

"I love coming back to New York, and I don't even have a problem," he adds. "I'm happy to be here, allaying to the "Big Apple" short.stop.

Digger Phelps is not your average big-time basketball coach, which perhaps in the reason that he has managed to remain so bruised and bleyly all (continued on page 7)
