students cite false arrest, brutality

By Kelli Flint
Senior Staff Reporter

A group of Notre Dame students plans to press charges of false arrest, false incarceration, and negligence against the South Bend Police Department following an incident that took place after the Notre Dame-Air Force football game.

The incident involves a dispute between seven students and a group of middle-aged men who allegedly stole the wallet of one of the students. The men reportedly requested that their names be withheld from this article. The students eventually became involved in fights with the group as they attempted to get their money back. When police intervened, four of the students but none of the men, were arrested.

Police Sergeant William, who made the arrest, does not interpret the incident the same way as the students. "The students instigated the fight as far as I know," he said. "I know that we told them to disperse and they wouldn't.

"They were arrested for disorderly conduct. They were fighting the older men back. We were not negligent in any way, shape, or form. They were warned to leave the area. We arrested the students to clear the area, but we did not press charges against them."

Originally, there were three students walking on the road between Edison and Juniper, near a group of motor homes, according to the students whose wallet was taken. "We were approached from a motor home by two men, but they took the wallet of age," he said.

"The men began playfully wrestling with us. They then shook hands with us, and we parted. About fifteen minutes later, we were returning by the same path. When we reached the motor home, the same men approached us again."

"This time they threw us over the wire along the roadside, down an embankment. We again parted until this time not as cordially as the first time. I noticed afterwards that my pant pocket had been ripped, and my wallet was gone."

"I just think that it would be safe to return for the wallet alone. We ran into some friends near Green Field, and decided to return for the wallet," the student said.

"When we arrived at the motor home, there were two men standing in front of the house. One of them had my wallet. One of the other two men took the lost wallet. The man waved it in front of his face, and my friend took it."

This means of transportation is fast becoming obsolete as the cold winter moves inside the campus. (Photo by Rachel Blount)

Military scare
Soviets alert troops in Polish border

BERLIN (AP) - A flurry of fresh reports of Soviet military moves on Poland's eastern and western borders erupted yesterday as Poland's Communist Party Central Committee met in Warsaw to deal with the labor turmoil that has alarmed the country's Warsaw Pact allies.

Moscow "categorically" denied reports that Red Army troops on Poland's eastern border have been put on the highest state of alert or that there had been any mobilization of Soviet forces in Poland.

The reports renewed concern that the Soviet Union might be considering military action in Poland to quell unrest and halt moves that the Kremlin sees as undermining Communist Party rule.

The Central Committee meeting in Warsaw opened with a warning from Communist Party leader Stanislav Kania that Poland's independent labor leaders must "sober up," cooperate with the party. There were reports that the party leadership was divided on how to cope with militant union leaders and the Polish economic crisis.

In Washington, U.S. defense officials said they were notified that the Soviet Union planned to move 30,000 to 50,000 Red Army troops along the Polish border and disarmed the action as routine.

Mr. Jerry Curry, a Pentagon spokesman, side-stepped comments on the Soviet/Polish situation. "There's nothing new here," he said.

A group of Berlin in reported that the Soviet Union had declared East German state a long the Polish border off limits to staff from the American, British and French military missions in Potsdam, East Berlin.

The British Broadcasting Corp. reported from West Berlin that Red troops on Poland's eastern border have had their alert status raised by four points to level six, the highest in the Soviet army.

"We heard about the reports," the Soviet Foreign Ministry in Moscow said: "We categorically deny all these rumors. These rumors are living in the trans-Carpathian area as well as in other areas living in a normal life. There is no urgent or non-urgent mobilization or draft of reserves. All assertions about this are on the conscience of those who circulate them."

The Carpathian region stretches along southern Poland to Romania and contains major Soviet units with headquarters in the Lvov. Units from that area participated in the Soviet-led Warsaw Pact invasion of Czechoslovakia in 1968.

According to Western estimates, the Soviet Union has about 30,000 Red Army troops in Poland, some 80,000 in Czechoslovakia and about 400,000 in East Germany.

The closure of East German border crossings has been occasioned by large numbers of refugees from Eastern Europe fleeing to the West. The closure of East German border crossings has been occasioned by large numbers of refugees from Eastern Europe fleeing to the West. The closure of East German border crossings has been occasioned by large numbers of refugees from Eastern Europe fleeing to the West.

Senate woes

Pam Degnan
News Editor

A flurry of fresh reports of Soviet military moves on Poland's eastern and western borders sparked yesterday as Poland's Communist Party Central Committee met in Warsaw to discuss efforts that have stymied the country's Warsaw Pact allies.

However, the government categorically denied that Red Army troops on Poland's eastern border had been put on the highest state of alert or that there had been any mobilization of Soviet forces.

The question of whether the Soviet Union might be considering military action in Poland to quell unrest and halt efforts that the Kremlin sees as undermining Communist Party rule.

Variable cloudsiness with the high near 30. Clear and not so cold at night. Low 25 to 30. Sunny and much warmer tomorrow. High in the mid 40s. — AP

Alexander M. Haig Jr. is a likely choice for secretary of state and New York banker Walter W. Wriston with the greatest seniority, and Thurmond's election must be ratified by the full Senate in January.

Presidency. The post goes to the member of the majority party of Senate majority whip. Sen. Strom Thurmond of South Carolina was selected pro tempore, or presiding officer of the Senate in the absence of the vice president. The post goes to the member of the majority party with the greatest seniority, and Thurmond's election must be ratified by the full Senate in January. — AP

Sen. Howard H. Baker Jr. of Tennessee was elected yesterday to lead the new Republican majority in next year's Senate. He immediately pledged to help shepherd President-elect Ronald Reagan's programs through Congress. "I intend to try to help Ronald Reagan perform on the commitments he made during his campaign," the 55-year-old Baker said shortly after his colleagues unanimously voted him as Senate Republican leader for the next two years. Baker expressed hope the Senate would pass fewer laws than has been its custom in recent years. "We pass too many laws," said Baker, who has a reputation as a moderate in what is expected to be the most conservative Senate in recent years. The senator, who ran unsuccessfully for the GOP presidential nomination this year, has served as Senate minority leader for the past four years, when Democrats controlled the Senate. His party's 53-47 majority position in the Senate, which covers in January, will make Baker the senator with the final say on which bills are moved to the floor for debate, a position of great influence over Congress. Behind closed doors, GOP senators elected Sen. Ted Stevens of Alaska without opposition to the No. 2 job of Senate majority whip. Sen. Strom Thurmond of South Carolina was selected pro tempore, or presiding officer of the Senate in the absence of the vice president. The post goes to the member of the majority party with the greatest seniority, and Thurmond's election must be ratified by the full Senate in January. — AP

**Focus**

the Federation of Americans for Immigration Reform, whose executive director, Roger Connor, argues for severe re-
ductions in the number of immi-
grant workers.

"In every other industrialized
town on Earth, it is illegal to hire a foreigner who does not have the legal right to work in that country," said Connor. U.S. law does prohibit undocu-
mented aliens from taking jobs in this country but does not penalize employers who hire them.

The commission seems likely to recommend employee san-
dictions. The difficulty with such sanctions is that they place the burden of identifying undocumented workers on the employee. And Hispanic groups object to sanctions, claiming that em-

ployees worried about complying with the law will discriminate against all persons of Hispanic descent, including U.S. citizens.

The commission is also con-
sidering several identification systems, including identification cards for every legal worker, citizen and non-citizens alike, perhaps in the form of a social security card that would be diffi-
cult to forge.

Civil libertarians object to this, however, saying it would make it easier for the government to in-
vade a worker's privacy.

Fuchs said the commission's recommendations will probably also include the following:

New rules on which and how
many newcomers are granted en-
try.

A revamped foreign aid pro-
gram aimed at eliminating the factors which cause people to immigrate in the first place, mainly poverty and repression.

Tighter controls on illegal immigration. These efforts are likely to be linked to an amnesty program for undocumented ali-
ens already here. A government Accounting Office report esti-
mates their numbers to be around 5 million.

Experts differ on the econom-
ic impact of illegal aliens, but Fuchs said there is little disagree-
ment among commissioners that amnesty is a wise, necessary and humane step.

"We have people in the United States without documents, many of whom are productive working-

members of society," he said.

"They are here already. They live in fear of apprehension.

"In some cases, they are so anxious they don't seek proper medical attention. They are afraid to send their children to school or get involved in the interest of the United States?"

**SMC lights LeMans tower as bright symbol**

By Linda Weeks

LeMans Tower was recently electrically renovated and will now be illuminated every evening, according to a decision made by President John M. Duggan.

Duggan said he believes that LeMans Tower is a symbol of Saint Mary's in the same way that the Dome is a symbol of Notre Dame. The lighted tower can be seen from downtown South Bend and from the highway, and "it lets them know we are here," Duggan said.

The tower was lit in previous years, but the electrical fixtures had been worn out for some time. A light illuminates the inside of the bell tower, and two spotlights illuminate the cross. Both these light sources are con-
trolled by a timer which turns the lights on from approximately 6 p.m. to 12 p.m. at a cost of $1162 per hour.

---

**SU needs free teachers**

Anyone interested in teaching a Free University course next semester is requested to send a description of his course to the Free University offices by Friday. The description should include name, telephone number and times that he may be reached, the title and a few to four sentence description of the course; the day and time that the course will be taught, any fees and/or books which will be required or recommended for students.

Past courses have dealt with photography, urban ecology, comic books and bridge, to name a few. Courses will begin Feb. 2 and will meet for a maximum of twelve weeks, once or twice a week, depending upon the in-
tructor's preference.

Courses on any subject may be taught, but past trends have indicated the need for an auto mechanics teacher and many microbiology teachers.

"We did not feel that they were any more in violation (of liquor law) than the other two or three bars in the immediate area," Commission member Austin Barker said. "It's my job to weigh the virtues and vices of the situation and make a decision accordingly. We listened to both sides and that was it." 

Chairman James Sims, the lone dissentor, disagreed. "I felt the local government lacks either the will or the ability to respond," Powell declined to speculate on what steps the United States might take if the Soviet Union moved against Poland.

He said Carter has discussed the situation by telephone with several key European leaders over the past few days.

"It's a situation that's being viewed closely and with con-
cern," he said.

The lighted tower can be seen from downtown South Bend and from the highway, and "it lets them know we are here," Duggan said.

The tower was lit in previous years, but the electrical fixtures had been worn out for some time. A light illuminates the inside of the bell tower, and two spotlights illuminate the cross. Both these light sources are con-
trolled by a timer which turns the lights on from approximately 6 p.m. to 12 p.m. at a cost of $1162 per hour.
the man grabbed his jacket and began pushing him. A student stepped in to break it up. At this point eight or nine men jumped out of the motor home and began punching us. "We were getting pummeled. We weren't really trying to fight back. We were just trying to keep them from hitting us." South Bend police were gathered at the corner of Edson and Juniper Road, according to another student who was involved in the incident. "When they saw what was going on, they came over," he said. "While the fighting was going on, a friend of William Williams. "We want to show that we do have sympathy as far as students are concerned who are trying to obtain an education. We would also like to have the same respect returned." One student responded to Williams' claim that the students were guilty of disorderly conduct, pointing out that the police had not even seen the fight begin because their view was obstructed by the number of recreational vehicles parked in the area. "It was two or three minutes after the beginning of the fighting that the fights spread to the road, in view of the police," the student emphasized that "at no time did any of us throw any punches." The students who were arrested intended to press charges of false arrest and incarceration, according to one of the students. "The police department was negligent," he said. "I would like for anyone who witnessed the incident to contact The Observer." **Chaplin film tonight** The Charlie Chaplin film festival will continue tonight with a showing of "City Lights." Lights at 7 p.m. in the new Seile Gallery's Annenburg Auditorium. The festival will conclude Sunday and Monday at 7 p.m. with showings of "Monsieur Verdoux."
Dear Editor,

The Observer's coverage (or lack thereof) of the St. Edward's victory over Grace in the interhall championship was, at best, deplorable. The coverage consisted of a hasty grapevine summary on Tuesday and an apology and picture (but still no story) on Wednesday. Granted, this is not front page news, but surely it warrants coverage equal to that given the Breen Phillips-Farley game.

The story (if not) might have mentioned that a hall without a hall won the championship, that the smallest hall defeated the largest, and that this team was not scored upon all year until the third quarter of the championship game (22 quarters) when St. Ed's held a 24-0 lead.

It's unfortunate that The Observer staff felt that this story was too insignificant to report because the hall and team deserve more recognition for this outstanding effort.

Jim Daily
President, St. Ed's Hall

God makes all bodies

Dear Editor,

You certainly did Thomas Seasly no service when you added a tongue-in-cheek heading to his letter in Nov. 21's Observer about the selling of "pornographic" materials in hall food sales. Unless Mr. Seasly intended the piece as a tongue-in-cheek ticking-off of the major Christian platitude on sexuality and the body-soul dichotomy—if so such satire eludes me—you should have let the article stand on its own, it is perfectly well-qualified to condemn itself.

You will not find here a defense of the "higher values" of all those titillating magazines, the names of which Mr. Seasly will not even deign to mention. I am pretty well reconciled to the idea that people will do whatever they damn well please—even Catholics—and if they want to do a thing badly enough they can be sure it will be properly rationalized into a moral framework. Or they will simply ignore the discrepancy between what they claim to believe and what they want to do; I don't hear anyone bewailing their own hypocrisy.

Let's face it: the "hard" and "soft" versions of vicarious sexual stimulation in magazines, we need hardly even address those lower budget rags, in which the photography is handled with all the grace of an anatomical or plumbing manual. Take it in the "pornography" shockingly accessible to Mr. Seasly is along the lines of Playboy, Penthouse, etc., which are nothing but blatantly exploitative of women, but which try to convince us of their pseudo-aesthetic sensibility with misty photographs and occasional "poetical" marginalia. These products are fully capable of manifesting their own banality. It is not that the female body isn't simply a great deal of fun to look at, especially when treated with some sensibility—it's just that we get offended when the editors of Playboy seem to insist that there are really people out in the world living like this, and that we're missing out on it all. This is all a bit of malarky. But those photos are still there. We're going to want to look at them.

The problem here is not that we have any trouble recognizing how stupid these magazines can be, the problem is in Mr. Seasly's fear that they seem to be invading his world. In appealing to Christianity and the university environment to support pornography—and we can suspect that Mr. Seasly might include the "nasty" passages from James Joyce or Alfred Stieglitz's nude photos—he speaks in both the language of both Christianity and this university in order to protect himself from threats to his own vulnerable beliefs. In doing so he means that pornography destroys the connection we have with God by exalting the fleshly side of our nature. This is utter drivel. On the one hand, pornography does no such thing. It is hardly an "exalting" of our physical nature but is rather a falsification of it in the patronizing attitudes of the editors. As for the photographs, they're only photographs if they're treated with some sensibility and not with that moronic prurience of magazines like Hustler or High Society. I don't see why we shouldn't look at them. Of course, in Playboy we can't get one without the other.

More importantly, if a person is a Christian he had better believe that God made the body, not just as some trick or challenge so that we have to struggle to liberate our "timeless spirits," but as something that deserves a certain degree of exaltation. If, why would you want to make a moral choice of any significance? Does he want to make a moral choice of any significance? Turned out the D'Ambrosio is white out of the D'Ambrosio.

More significantly, if a person is a Christian he had better believe that God made the body, not just as some trick or challenge so that we have to struggle to liberate our "timeless spirits," but as something that deserves a certain degree of exaltation. If, why would you want to make a moral choice of any significance? Does he want to make a moral choice of any significance? Turned out the D'Ambrosio is white out of the D'Ambrosio.

The ultimate crime

Dear Editor,

After reading about the student "vandalism" after the Alabama game, I fail to see where the students really did any wholesale destruction. All they were doing was celebrating a victory in the biggest college game of the year. What were they supposed to do after the game, go back inside and watch Love Boat reruns?

The most amazing thing about the "crime" is the speed with which the mayor's office reacted. The Observer's article, printed only two days later, already mentioned a possible meeting between Mayor Parent and Notre Dame to "remedy the situation." It's comforting to know that the mayor finally realizes we exist.

Notre Dame students are robbed, raped, beaten and shot, but Mayor Parent decides that he has better things to do than confront with the students. But as soon as students celebrate in the streets and throw some toilet paper (the ultimate crime), this mayor springs into instant action. We should all be grateful to have such a responsive government.

ND wrestlers host Valpo in opener

By Bill Marquard
Sports Writer

With valuable experience under his belt, the Irish wrestling team plays host to Valparaiso on Wednesday, December 3 at 7:30 p.m. in a dual meet to stress control and the psychology of athletics. While doing his doctoral work, Bruno revitalized the Cardinal Stanford program that had lost its varsity status," Bruno says. "The sky's the limit here at Notre Dame," says Bruno. "I see no reason why Notre Dame cannot develop into a national wrestling power; maybe even THE national power." Bruno, who joined the Irish staff in August, currently is completing a four-year program toward a doctorate degree at Stanford. He is researching pertinent implications for interdisciplinary-humanistic studies and specific applications to stress control and the psychology of athletics. While doing his doctoral work, Bruno revitalized the Cardinal Stanford program that had lost its varsity status." Bruno believes.

Brother Joseph Bruno is in his first year at the helm of the Notre Dame wrestling squad. Bruno boasts 13 years of coaching experience.

Bruno guides grapplers as Irish head coach

By Bill Marquard
Sports Writer

First-year wrestling coach Bro. Joseph Bruno, may be new to Notre Dame but he is certainly no stranger to wrestling. A veteran of 16 years of coaching (12 at the high school level), Bruno boasts an impressive 101-31-2 record as a head coach.

"The sky's the limit here at Notre Dame," says Bruno. "I see no reason why Notre Dame cannot develop into a national wrestling power; maybe even THE national power."

Bruno, who joined the Irish staff in August, currently is completing a four-year program toward a doctorate degree at Stanford University of California. For the Trojan Fighting Irish football game. Tomorrow Roger O. Valdivierris will be the guest speaker at the monthly meeting of the Club. Valdivierris, who is the assistant athletic director and sports information director at Notre Dame, will speak at a luncheon to be held at Little Joe's Restaurant, 500 N. Broadway in Chit.engton. Cocktails will begin at 12:30 and the cost of the luncheon is $9 per person. Those interested should note that the activity has limited reservations and attendance will be based on a first-come-first-serve basis.

Friday there will be a Victory Rally on the second floor of the Los Angeles Convention Center, 1201 S. Figueroa. The rally will begin at 5:30 p.m. with a hospitality bar and the evening will include dancing and entertainment. At 7:30 p.m. John Iglar is scheduled to speak at the rally. Also expected to attend the rally at the Irish Student Union, will be a post game party at the Museum. Admission is free for the party.

Following the game the Club will host a post game party at the Museum. Admission is free and the party will begin immediately following the game.

Sunday morning there will be a Communion Breakfast at the Sheraton Universal Hotel in the main ballroom. Mass will begin at 9 a.m. and breakfast will follow the Celebration. Breakfast will cost $5.50 per person. Coaches and players of the Notre Dame football team, will be seated at each table during the meal.
Irish open season with ND Invitational

By Michael Ortman

Associate Sports Editor

Sporting a roster that boasts 16 varsity winners, including 11 who own all or part of a varsity record, Notre Dame will take his Irish swimmers into their 23rd season Friday night for the annual Notre Dame Invitational Relays. The six-team, all-relay meet is slated for 7 p.m. in the Rockne-Musial Pool.

Among the five visiting schools will be four of last year's contestants — John Carroll, Toledo, Wisconsin-Stevens Point and Wisconsin-Milwaukee. Illinois-Chicagoland is the newest entry. The four Irish took last year's title handily with 96 points to Stevens Point's 76. John Carroll tied Toledo for third with 80 points and Milwaukee finished fifth with 75.

The Irish will have four days to rest before the regular season gets underway under way Wednesday (Dec. 10) when they play host to Western Michigan at 4 p.m.

Notre Dame lost to the Broncos in a heartbreaker last winter, 38-35, when Dave Campbell finished just 0.02 out of second place in the 300-yard freestyle, just inches from a team victory.

Last year's Notre Dame Invitational was held in the 1980-81 edition is laced with talent and experience, but the veteran touch is always laury of being too optimistic before he sees his team perform.

"Our meets aren't contested on paper," he points out. "It's always a pool." That's where we'll see if our potential materializes.

This year's team is led by a pair of seasoned Irish veterans, co-captains John Komora (South Bend, Ind.) and Dave Campbell (North Brunswick, N.J.). Komora is a three-time most valuable swimmer for Stark and owner of three school records, is perhaps the most versatile and talented member of the team. The Adams High School graduate staged a sensational comeback last year, returning to action some six weeks before doctors had anticipated after suffering broken ribs and a punctured lung prior to the season.

Campbell was honored by his teammates at the end of last season as the recipient of the Charles W. Blanchard Award, presented to the team member who, by his or her performance, inspiration and leadership contributed the most to the team. He also was recognized as one of the team's most improved performers.

The Irish strength this year will most likely be in the style events, both the sprints and the longer distances. Komora was the top sprinter last season, but Stark may be forced to move the multi-talented senior to the individual medley and/or the breaststroke because of a lack of depth in those areas. Komora owns the school mark in the 400-yard IF (4:18.5).

If Komora doesn't swim the 50, 100, 200-yard freestyle, there are several quality sprintsers ready to score points. Senior Tom Krutsch (Bryan, Ohio) has been dependable in the short distance events, and junior Mike Shephardson (Cooper City, Fla.), who owns a 2 of the 400-yard freestyle relay record (3:13.5) along with Komora, Krutsch and sophomore Glen Battle (Lexington, Ky.), is another top-notch competitor.

Over the longer distances, junior Michael Hilger hopes to continue his assault of the record books this season. In the last two campaigns, Hilger has established varsity standards in the 500 (5:12.9), 1000 (10:67.1) and 1650-yard (16:54.5) freestyle events. Campbell, who owns Notre Dame's best-ever time in the 1650-yard freestyle for less than 20 minutes (Hilger shattered Campbell's time in the second heat of last spring's Midwestern Invitational) with a time of 17:10.9, will most certainly help the Irish cause in 1980-81. Sophomore Greg Boldman (Lakes Charles, La.) joined Hilger, Campbell and John Gibbons (East Meadow, N.Y.) on the record-setting 800-yard freestyle relay team (7.13.7).

Notre Dame also will be strong in the breaststroke this season. Junior Pat LaPlatney (St. Petersburg, Fl.) returns after a year off, hoping to chip away at the still-standing varsity records he set two seasons ago in the 100 (1:55.1) and 200-yard (2:09.8) breaststroke. Sophomore Louis Bowerson (Springfield, Va.) and Battle rank neck-and-neck for last season's best times in the backstroke events and look to do the same this year.

Junior Don Casey returns with his sights set on shaving more time off the varsity record in the 200-yard butterfly. During the first two seasons with the Irish, Casey has sliced almost five seconds from the previous standard, cutting it to its current level, 1:57.8. Yet for the first time, Casey may bear footsteps this season as the team's top butterfly man. Shepardson seems to have shaken off the injuries which plagued his first two seasons at Notre Dame, and is in top condition. After setting a school mark in the 100-yard fly (50.62) last late spring, Shepardson worked all summer and radically crept into the national top 30 in the butterfly.

It is in the breaststroke that Stark will be looking for pleasant surprises from his crop of some freshmen, only two of which excel in the breaststroke. Junior John Willamowski (Mishawaka, Ind.) is the top returnee. The two-time monogram recipient posted the best Irish times last season in both the 100(1:04.7) and the 200-yard (2:01.2) breaststroke.

Komora, Battle and possibly Shepardson could be the top men in the individual medley.

Notre Dame's diving corp remains completely intact from last spring. Sophomore Paul McGowan (Dix Hills, N.Y.) and senior Betsy Shadley (Cincinnati, Ohio) were the top divers a year ago, excelling from the one and three-meter boards, respectively. Senior Chris Lenard (Springfield, Va.) also will score points in the diving events.

Irish boast many backs

By Kelly Sullivan
Women's Sports Editor

Outstanding running backs are synonymous with Southern Cal football. The Trojan coaching staff seems to have no problem coming up with a Heisman candidate every year to power their backfield oriented offense.

The Notre Dame football staff, however, has had a problem in the backfield department. But they're not nearly as bothered by it as Irish opponents are.

Notre Dame enjoys the more talented running backs than they know what to do with. Head coach Dan Devine can only play two at a time. And that leaves him with impressive depth in a position where there is one senior among the top eight halfbacks.

Of course, everyone knows the exploits of starters Phil Carter and John Sweeney, both nearlty sophomores. And substitutes Jim Stone and Pete Buchanan, who have seen almost as much action this season as the starters, have turned in superb performances as well.

But how about their underclassmen?

There's junior Bernie Adell, another heralded athlete, junior Ty Barber, has been a dependable force for the Irish at either fullback or halfback. A prep All-American, he was the 1977 recipient of the Washington D.C. area's high school player of the year award. Barber, a regular kickoff returner for Notre Dame, started only one game last season and finished second on the team in rushing with 172 yards in 40 attempts.

The Class of '83 has yielded its share of talented ballcarriers. Alabam native Rodney Morris, a Nebraska native who played for nearby Culver Military. Both are highly touted players coming out of outstanding senior seasons in high school. Bell has already scored his first collegiate touchdown, off a 27 yard run versus Army, and Mosley has averaged 3.5 yards in his 12 carries.

Running back coach Jim Gruden must certainly sleep easy at night when he looks at that kind of depth chart. "They're all really good football players, there's no question about that," he says. "Some haven't had the experience that other players have had, but we have confidence that all of them can get the job done."

When these cream of the crop runners come to Notre Dame they quickly find out that freshness seldom make a splash -- the Irish have thoroughbreds at every position and usually from every class. Did it come as a surprise to them?

"I expected it to be competitive," says Adell. "When I was recruited here I knew they had Vagus Ferguson and Jerome Heaven and Jim Stone, but I thought I was going to have to compete at any school I went to."

"Being the type of program we are here, you expect good competition," adds Morris, "but the better the competition, the better player you become."

It's safe to say that most of these players would be starters at a lot of schools, so you could see why their lack of playing time might discourage the capable athletes. But they simply don't give up.

"That's the great thing about these guys," relates Gruden. "They always come back trying. They always realize next year's another year, and you never know what's going to happen."

Adell holds to that philosophy too. "Sure, transferring crosses your mind when you're not playing as much as you'd like to. But at a school like this where there's so much talent, you just have to wait your turn -- it's like a pecking order. I just have to practice hard and be ready all the time."

"I don't mind being on the press team," explains Morris. "My thinking is that any time the defense goes out and does great, I helped prepare them, so that's my contribution to the team."

"The coaches are fair. When they have a chance, they'll play everyone but the main objective is to win and we all understand that."

Bell, too, has made the transition from standout to press squad. "It's something he had foreseen."

"I know it would be real competitive, but I just have to stick it out," he adds. "I contribute by just making any mistakes when I'm called upon, and by just doing my job."
Uncertainty worthwhile

Gruden tutors backfield

By T.J. Pratt
Sports Editor

Coaching football does not carry any guarantees. One doesn't know where his next assignment will be let alone when an opportunity will arise. Yet for running back coach Jim Gruden, the uncertainty is trivial if one is an assistant at the University of Notre Dame.

"I've had the great fortune of being associated with Notre Dame," says Gruden. "It's a tremendous institution and the people are fantastic. Coaching Notre Dame is a thrill not only because the players are gifted athletically but they are more than just athletes. They're great people.

"As for what the future holds, I'm not certain. The only thing that matters to us coaches is Southern California and Georgia. I'm worried about what happens tomorrow. It's the present that counts."

Gruden made several stops before arriving on the Irish scene in 1978. Upon graduation at Galion (Ohio) High School, Gruden accepted a position as assistant at Ross High School in Fremont, Ohio. Following his six year stint at Ross, he became head coach at Galion (Ohio) High School, serving two years. Gruden attended Ohio State University, where he was a three-year starter at quarterback, and coached four more years at the University of Dayton. But Gruden chose to attend the major college scene when he accepted a position on the Indiana University coaching staff, under the sometimes unorthodox coaching style of Lee Corso, "Coach Corso is an egotistic type of coach," says Gruden. "Everyone has their own idiosyncrasies which don't necessarily reflect their coaching abilities. He's done a fine job at Indiana."

Gruden spent five years in Hoosier country before being persuaded by Notre Dame defensive back coach Jim Johnson to apply for the Irish staff. After he was named to the Irish staff, he recalls, "I applied for an assistant's position," he says.

"Since his arrival, Gruden has had the distinction of tutoring outstanding running backs such as Vagas Ferguson, Phil Carter and Jim Stone to name a few. "Coaching running backs such as these make my job worthwhile," says Coach Gruden. "As far as technique is concerned, there's really very little teaching involved when you have a back as great as Vagas. One thing I learned early was when you have an extremely talented athlete it's his best not to over coach. You're better off just letting him run."

"Of course, with someone who lacks the great tools, you better coach like hell," he adds jokingly.

However, there's more to being a successful running back than just running ability. "Our toughest job is to make our backfield aware of the defenses," says Gruden. "We have to make them realize exactly how our lineman will block and know where the running lanes are. After that, 95 percent of the battle is conquered and the rest depends on our backs' strength and quickness."

Gruden claims that the fullbacks have the largest responsibility because they are unaccustomed to their role as blocking backs.

"The full backs have to learn how to be proficient blockers. In high school, they were used almost exclusively as runners, not blockers and that's a tremendous adjustment. They have to learn how to adjust to blocking guys who are on the run while still maintaining their balance.

"The fullback's responsibility is compounded because they have to be quick enough to lead the sweep and strong enough to lead on the off tackle plays too, adds Gruden."

"Whether coach Gruden will continue to draw X's and O's for the Irish backfield in the future is at present not determined. "I was introduced to Coach (Gerry) Faust last week but he gave no hints as to who he would retain from the current coaching staff. The players haven't been exposed to the coaches their opinion but I found him to be a very congenial person."

Uncertainty will always be associated with coaching football. Yet, Jim Gruden's association with Notre Dame makes that uncertainty seem worthwhile.

A weightlifting clinic will be conducted by Dr. Joseph Mourinho, the coordinating supervisor and coach of varsity and non-varsity weight training, on December 11. The clinic begins at 7:30 p.m. in the ACC, Auditorium. This clinic is open to the entire Notre Dame community. Club and varsity athletes are particularly encouraged to attend.

Students for the January 1 Sugar Bowl will be distributed on the third floor Convention Offices of the New Orleans Hilton, Pryor’s at the Mississippi River, New Orleans, La. 70140. Times for pickup are as follows: Monday, December 29, 10-12 a.m. to 2-5 p.m.; Tuesday, December 30, 10-12 a.m. to 2-5 p.m.; Wednesday, December 31, 10-12 a.m. to 2-5 p.m.; Thursday, January 1, 10-12 a.m. to 2-5 p.m. Students are reminded that to sit with another individual they must show up together and present their respective ID cards. Also, each student who ordered a ticket is responsible for picking up his or her own ticket. No exception to this procedure will be permitted. All sales are final and there will be no refunds.

Last Bombs won the Co-Rec basketball tournament, beating Huffie Heads in two straight games last week. The first championship game was played in the morning before the buzzer. Last Bombs scored 56-35. Thirty-two teams competed in the tournament.

Interhall football equipment should be returned tomorrow from 7-8 p.m. at Gate 9 of the campus. Individuals not turning in their equipment tomorrow will be charged a late fee.

The Sailing Club is sponsoring The Donalub Cup this Saturday, December 6. To be held on St. Joseph’s Bay. Following the event, there will be a skipper’s meeting at 10 a.m. in the Sailing Office prior to the race. For more information call Greg at 277-7740.

Sugar Bowl ticket allocation for Notre Dame 3rd Saint Mary’s students for the January 1 game between the Irish and Georgia Bulldogs. A maximum of sixteen (1600) tickets remain of the Notre Dame allocation. Students desiring to attend the game should report to the second floor ticket windows of the ACC according to the following schedule: Juniors and graduate/law students, today; sophomores, tomorrow; and freshmen, Friday, December 5. The ticket window will be open from 9 a.m. to 4 p.m. When reporting to the window you will complete an application with your name, identification number and class year. The cost of the ticket is $17 and checks should be made payable to the Notre Dame Trust. A maximum of two (2) identification cards and applications. The tickets will be sold on a seniority basis or until the supply is exhausted. Since the tickets allocated to the student body are intended for their personal use, students will receive the actual ticket upon presentation of the student ID card upon pickup at the window. The times and places where tickets can be picked up will be published in The Observer prior to Christmas break.
