Hostages out... Reagan in

WARM WELCOME:

President pledges strength, austerity

WASHINGTON (AP) — Ronald Reagan became President of the United States yesterday, promising "a new era of national unity at home and restraint but never surrender abroad."

At a inauguration, the President's father, Henry, said: "It is my duty at this moment to deliver your fellow citizens to your home and safely in our hands," President Reagan responded.

The President spoke in a traditional inauguration ceremony, and the audience rose in applause.

"Some 30 minutes ago, the planes carrying the hostages were flown out the best possible solution to the hostage situation. Both Mary and Michael said they objected to occurred last Christmas when some media people decided to mediate the risks were far greater than the possible rewards."

In anticipation of the release of the American hostages, students decorated trees with yellow ribbons as a gesture to welcome the hostages back. (Photo by Rachel Blount)

ND's Ahern heads home

Now that the American hostages have been released, the Notre Dame community awaits news of Thomas Ahern, class of 1954.

According to a New York Times article of Dec. 7, 1979, Ahern's involvement in Iran began on June 22, 1979, when he arrived at the U.S. Embassy in Tehran. By that time, the crisis had been going on for six months.

Thomas Ahern is the uncle of Michael and Mary Ahern, two Notre Dame students.

When asked about the ending of the ordeal, Michael replied that this period is a time of relief since "the family stayed pretty quiet" during the crisis, and Mary added that the past few days had been very frustrating.

Both Mary and Michael said they believed that the incident brought the family closer together. Michael had no objection to the U.S. government's handling of the situation, but Mary questioned the aborted rescue attempt of last April. She expressed her gratitude to the men who lost their lives in the attempt and to their families, but indicated that the risks were far greater than the possible rewards.

To Mary, the negotiations carried out the best possible solution to the situation.

Both of the students criticized the press. They said that after the aborted helicopter rescue attempt of last April, members of the press called Thomas Ahern's home at 4 a.m. Another incident they objected to occurred last Christmas when some media people decided to mediate.

According to Mary and Michael, the want times for the family during the ordeal were the first Thanksgiving and Christmas, and the aborted rescue mission.
Send in the clowns

The circus came to town for a few days. Without lions and tigers, sword-swallowers and fire-eaters. But there were plenty of clowns costumed in formal morning suits complete with striped grey trousers and white-feathered hats milling around on Pennsylvania Avenue, prancing with the bystanders. It was a great event that really stole the show, however, when Ronnie Reagan stepped into the ring.

Yes, it looks like Rambling Ron has definitely returned to the center ring. And all one had to do to catch a glimpse of this show was stroll down "This side of the Northern Hemisphere" was turn on the tube, grab a comfortable chair and settle down for the fun and games.

The show started off with a bang. On Saturday night, Washington, D.C., was set ablaze by 10,000 shouting multi-colored rockets. For 14 minutes, the skies of D.C. looked like the backdrop for a Stars Wars shoot-out scene. Down south in Long Island, an added side-effect to the reflection of George B. and the kid gone up in black-tie garb and boots, dove-dropping to some good old country tunes at a good old country hoe-down.

On the following day, under the bright lights of the main tent of the Kennedy Arts Center, Ron and Nancy sat attentively while holding large hands and balloons through four hours of musical performances. At one point, the show took on a bluegrass beat. The audience, so-called "First and Second Ladies" of the White House proved that the guys are not the only ones who can have fun. Nancy and Babus Bush tossed the baby (the president's) onto the floor. And Barbara is looking for a place to set her son's cot. The event that really stole the show, however, was thesequent acts that followed. It was the main tent of the Kennedy Arts Center, Ron and Nancy sat attentively while holding large hands and balloons through four hours of musical performances.

The last remaining show day dawned. Despite some heavy rumblings from outside the Big Tent, the Show Must Go On. And it did, although ticket prices weren't exactly on the cheap side — up to $10,000 per seat. Over 1,000,000 dollars were raised this year. Only 20 high school bands were granted the imperial go-ahead to march, including one band from Reagan's home town, Dixon, Ill. Between them, they made their way down the crowded avenue. There were 26 equestrian groups and three dog sledding teams. It was certainly extraordinary to watch dog teams race past the Capitol Building in a fleeting flurry of fur and paw.

Reagan picks ND alumnus

By TIM VERCETTOLI
Senior Staff Reporter

A Notre Dame alumnus has been tapped into President Reagan's administration to play a key role in coordinating foreign policy. Richard V. Allen was called upon to fill the post of Chairperson of the National Security Council earlier this month.

Allen, who had previously served in government, is known for his expertise on the Reagan transition team, and his experience in the government department. He was named an Assistant Professor of Anthropology at Boston University; Howard Clark School of Theology, and Herbert Dennis Tedlock, specialist in the Student Union has been the Student Union social commissioner. "The other two did not go very well."

Many of those who had shown up for the Student Union's dance felt the food was late and by almost two hours. The New Kid On The Block party was very successful," said Tom Drouillard, Student Union social commissioner. According to Drouillard, "We had at most around 40 people at one time at the party." He also commented that the Oak Room Cafe was losing money.

"We have been using the dining halls for lack of a better place on campus to hold dances and parties," said Drouillard. "Unfortunately, the dining halls are not an attractive place for students to party. We really need the University to build a place specifically for such a purpose."

Murder investigation continues in Liberty

LIBERTY, Texas (AP) - The death of former Texas House Speaker Daniel L. Price Jr. and his wife, Vickie, was ruled a murder.

The 39-year-old Daniel, son and heir of former Texas House Speaker Dan Daniel, was killed Monday night in a hall in the south quad this spring. "I don't think he (Allen) looks on himself as a policy initiator, but as more of a policy coordinator," Niemeyer explained.

Allen graduated in 1957, earning his master's degree one year later. Niemeyer remembered Allen as "outsspoken" in his belief. "He had very independent political judgment as a student," Niemeyer said.

After leaving ND, Allen pursued a doctorate in community ideology in Munich, West Germany. This was made possible by a scholarship which Allen obtained with Niemeyer's assistance. In 1962 Allen helped in founding the Georgetown University Institute for Strategic and International Studies.

Allen served for a short time on the National Security Council during the Nixon administration. It is believed that his resignation from the Council after only six months of service was brought about by "clashes with Henry Kissinger, who at that time was National Security Advisor." He (Allen) and Kissinger "didn't get along," Niemeyer recalled.

Before serving as foreign policy advisor to Ronald Reagan, Allen had worked as an international business consultant.

Niemeyer called Allen "indispensable," both in academics and in the international arena, and also "lucky." According to Niemeyer, "he has always been his own man (Allen's way)."

Security limits parking in two overflowing lots

By DIANE MAZUREK
News Staff

The decision to discontinue the sale of parking decals for raised lots and D-6 was issued by Security Director Glenn Terry and will be in effect for the rest of the spring term.

This directive was due in part, said Terry, "to an over-stocking of that lot." Built this year, the lot holds cars from several halls — and not necessarily the closest ones. According Terry, crowding was getting ridiculous out of hand when it became not uncommon to see cars lining the adjacent streets.

The situation could have been avoided had permission to park in these lots been withheld from parents of the golf course, off campus and IU students not enrolled in the ROSC program and from students who were not reasonably close to the lot. Terry's remedy for the crowded lot consists of assigning parking spaces close to the buyer's residence.

"There's plenty of good parking for off-campus students' cars in the south lot," Terry said. "Those lots aren't that good for off-campus students going to classes anyway," as they are set on the opposite side of the South quad from most class buildings.

With an expected increase in both the coming spring and fall semesters, there have been expressions concerning the university's ability to accommodate all campus vehicles. If the sale of stickers is better regulated in favor of the Notre Dame students, Terry foresees no problem.

CCE head named to committee

Dr. Thomas P. Bergin, director of the Center for Continuing Education, has been appointed to the national advisory committee of Young Audiences Incorporated.

Founded 27 years ago, Young Audiences, Inc., is a national arts-education organization consisting of a network of 40 chapters located across the country in both metropolitan and regional areas. Its program annually contracts the services of more than 1,500 artists to train 2.5 million school children in 5,200 schools through some 14,000 performances and readings with working professionals.

A past chairperson of the Indian Arts Commission, Bergin is a member of the National Council on the Arts and is former chairman of the National Endowment for the Arts, "Arts-in-Schools" program.

The Young Audiences, Inc., national advisory committee includes several noted musicians, among them Aaron Copland, Claude Frank, Lorin Hollander, Itzhak Perlman, Isaac Stern, and Pinchas Zuckerman.

Sign-ups in dorms for fast

In all dorms this Wednesday, from 11 a.m. to 1 p.m. and 4 p.m. to 6 p.m., you are encouraged to pledge to fast for the hungry and downtrodden. Last semester over $11,600 was raised to support communities who are helped to help themselves.

The program is sponsored by the world hunger coalition.

This Wednesday lunch fast begins Feb. 4 and extends twelve consecutive Wednesdays excluding the Ash Wednesday break.

Music celebrates release

By THE ASSOCIATED PRESS

Church bells pealed joyously from mighty cathedrals and tiny churches, sirens wailed and lowered flags were hoisted back to the tops of the stalls yesterday as the word spread across a frustrated nation that the 52 American hostages were free at last.

"They're in the air!" shouted the Rev. Earl Lee of Pasadena, Calif., father of hostage Kathryn Koob, at a family gathering in Wellsburg, Iowa.

"They're in the air!" the mayor replied.

"Great," the mayor continued. "We're going to make some noise for you."

Horn blasts and whistles quickly sounded throughout the town and neighbors who had been waiting at the house since dawn began signing "God Bless America." 

A fire escape on the back of the Administration Building provides a skeleton for this massive frozen waterfall (Photo by Rachel Blount)

People watching the inauguration of Ronald Reagan as president broke into cheers and uncorated champagne when the news came that the freedom flights had finally left Tehran after 444 excessively days.

"We can all drink to this," Reagan said, former President Jimmy Carter told reporters after his arrival back in his home state of Georgia. "I couldn't be happier."

Officials at the state and local levels organized celebrations and observances in Florida, Idaho, Maryland, California, Tennessee, Ohio, Michigan and elsewhere.

Streets were festooned with fresh yellow ribbons to replace those that had faded during the long ordeal.

Many people simply offered prayers of thanksgiving.

The jubilant parents of hostage Gary Lee stripped the hostage bracelets off their wrists and tossed them on a coffee table at their home in Pasadena, Calif.

"They're in the air!" exclaimed Rev. Earl Lee, pastor of the First Church of the Nazarene.

"He's not a hostage!" added his wife, Hazel.

A fire escape on the back of the Administration Building provides a skeleton for this massive frozen waterfall (Photo by Rachel Blount)

Civil Defense sirens in Albuquerque, N.M., wailed for 444 seconds, while fire engines screamed in such diverse places as Baltimore and Laurel, Mont., San Francisco and Bay City, Mich.

The carillon of the Cathedral of St. John the Divine in New York City pealed for an hour while other church bells rang in Cortland, N.Y., and in numerous other towns and cities.

In Oliphant, Pa., Harry Metrinko, father of hostage Michael Metrinko, called Mayor John Chichilla and said, "They're in the air."

"Great," the mayor replied. "We're going to make some noise for you."

Bold white letters on the black gates of the embassy on Talcghani Streets were festooned with fresh yellow ribbons to replace those that had faded during the long ordeal.

Information on the second aircraft.

Water control
Battle reaches Supreme Court

SACRAMENTO, Calif. (AP) — The twelve projects struggle between federal and state governments over control of Western water returns to the U.S. Supreme Court today, with environmentalists — for a charge — for the state arguments today. The case involves control of two key water projects in California, and 16 states have joined California to challenge a 1979 federal appeals court ruling that the 1899 law requires the state to get federal permits for the projects from the Army Corps of Engineers.

The case now before the Supreme Court began in 1971, when environmentalists sued the federal government over the case of the San Joaquin-Sacramento River Delta. The corps "could determine that Los Angeles should get more water as against the Central Valley, or just the opposite," said Walston, the state lawyer in the appeal. However, it is not clear that the corps would have that authority, or would choose to exercise it.

The possibility of federal control has gripped Arizona, Colorado, Idaho, Kansas, Montana, Nebraska, Nevada, New Mexico, North Dakota, Oklahoma, Oregon, South Dakota, Texas, Utah, Washington and Wyoming to submit a written argument supporting California.

The Supreme Court addressed a similar issue in 1978, ruling that federal water projects could be made to comply with state law, if the law didn't conflict with the intent of the Congress.

In the case prompting that suit, California — then backed by the environmentalists — had delayed filling a federally built reservoir behind the New Melones Dam on the Stanislaus River in the Sierra Nevada. But alliances are reversed in the current suit, which involves state rather than federal water projects. Walston said that the corps "could determine that the state Delta is trying to turn into a federal environmental protection agency.

The scope of the 1872-year-old law, which requires federal permits for projects that alter navigable water ways, has become the central issue of the current case.

The state claims the law applies only to projects that have a "substantial effect on navigable waters," as Walston said. He acknowledged the pumping plant and the Central Valley canals could affect delta navigation in the future by lowering water levels, but said the effect would be minimal.

Robert Thum, a San Francisco lawyer for the Sierra Club, said the 1899 law probably was intended to stop people from building bridges or dams that would impede shipping, but has taken on new meaning.

There is a series of cases raising the question, and attorneys General of California and the Interior Department are also scheduled to attend.

According to Walston, more authors are in the process of accepting invitations to appear at Notre Dame, but she declined to release any names — pending further negotiations. This year's Supreme Literary Festival will span the first week of March. Authors customarily lecture, present workshops and meet informally with students.

Recital set for Jan. 22 at LeMans

Bruce Goulston will present a recital of baroque harpsichord music at 8 p.m. on Thursday, Jan. 22, in Stapleton Lounge, Le Mans Hall, on the Saint Mary's College campus.

Dear Editor,

I feel like a fool. A sizeable portion of my weekend was spent writing the essay required when applying for the position of resident assistant. I wrote sincerely about the respect for their right to be consulted and informed that is at question. Someone could stay in my room, not touch a thing, and leave the room cleaner than I had left it, and I would still feel insulted and having been accorded disrespect by whomever it was who neglected to inform me.

I assume that it was not intentional disrespect on the part of the wishes of the students as well as respect for their right to be consulted and informed that is at question. Someone could stay in my room, not touch a thing, and leave the room cleaner than I had left it, and I would still feel insulted and having been accorded disrespect by whomever it was who neglected to inform me.

Jenny Pitts

No cart is no joke

Dear Editor,

The week before I came back to Notre Dame, I broke one of my leg bones, chipped the other, displaced my foot, and tore up some ligaments.

"You say four months in a cast, Doctor?" They did surgery to put me all together again. But I don't want sympathy.

I want a golf cart. Please, no laughing. It isn't funny trying to get around in the snow and ice on crutches. Anytime that I can go farther than a hundred feet without slipping and trying to stand on my bad leg I thank God. When I can go to sleep after juggling in bed for only three hours it is a gift. Managing to sit through Emil in those cramped seats without having my ankle swell up inside the cast is a blessing.

A golf cart shouldn't be too hard to get, right? Pardon my naiveté. This is only my second semester here at Notre Dame. But I have learned the ropes quickly.

"Golf cart? Uh, how do you spell that?"

"Yeah, I usea rentem out, but they were coming back all beat up."

"Well, could I buy one? Really? How much?"

"700 dollars..." click.

"Yeah, rent one from me. $5 a day, and it'll hold three miles an hour on the open road."

"That'd be...450 dollars... uh, no thanks."

"We don't rent them out. Why don't you have Security escort you?"

Hello, Security? Listen, I've got a broken leg. I need a ride...

"From Carroll Hall to the Computer Building for your eight o'clock class? Sure, be right over."

Hello, Security? Listen, I've got a broken leg. I need a ride..."

"We don't do that."...but...

"I'm sorry."

Well, it looks like I get to walk. No, I don't even get to do that: I get to coach. I know that college was going to be tougher than high school: But this is ridiculous! I WOULD like to thank all of the nice people that I've found all over campus — can do to help.

On these evenings, fraternity members would volunteer to be available in the library lobby to walk students home. Needless to say, escorted women were never bothered.

We can help prevent rape

Dear Editor,

Once again an ND woman has been raped — and on the very edge of campus. There is no reason why women should have to be afraid, rushing home before dark, just because some hoodlum with a grudge against society may be waiting in the darkness. I'm angry as hell. There is something I — and the other men on campus — can do to help.

At my former college in Kansas City, Mo., women living off campus (and even those living in the dorms) had often been harassed while walking home. Luckily, the most physical assaults were pute snatchings, not rapes. Our Inter-Fraternity Council set up a system whereby each fraternity was assigned a different night of the week. On these evenings, fraternity members would volunteer to be available in the library lobby to walk women home. Needless to say, escorted women were never bothered.

Of course, there are no frats here, but the same arrangement could work among the men's dorms. Some of these girls are already so good at out-showing and out-snatchign each other in the dining halls after football games that they might like a useful way to prove their masculinity.

It would be up to prudent women to stop and ask for an escort, but the escorts must first be available for them to do so.

As for me, I'll be the first off-campus student to volunteer.

**Bandits force tables' places**

By DIANE MAZUREK

News Staff

Students apparently unappreciative of the table arrangements that greeted them this fall have also been bites that proved of this switch, since Mr. Pibb once again allows for "optim'al seat placement." The tables now stand as the students arranged them, in a way that makes the hall director, said the tables had originally been moved for a catered affair sponsored by Sacred Heart Church over Christmas break. They remained, he continued, after the service manager discovered that maintenance was simpler with the tables' places remaining, he continued, after the service manager discovered that maintenance was simpler with the new formation. Smith said he had assumed the students would appreciate a change of pace. What he did not expect was a suggestion box full of complaints.

Several students decided not to wait for their complaints to take effect and entered the building after closing to engage in an elaborate full-scale scene change.

The tables now stand as the students arranged them, in a way that once again allows for "optimal seat placement." What he did not expect was a suggestion box full of complaints.

In response to students' suggestions, other changes have also been made. Hi-C and Mr. Pibb have been replaced with Mellow Yellow and root beer. It appears that students approve of this switch, since Mr. Pibb has not been kidnapped and forcibly resumed.

Irish wrestle for survival

By BILL MARQUARD

Not only has the Irish wrestling lineup been shaken up in recent weeks, but its schedule has been too. Notre Dame's matchup with rival John Carroll, slated for this coming Saturday, has been canceled. In lieu of the opening this week, the Irish (3-7) have scheduled a triangular match for this evening against Concordia and North Park colleges in Chicago. The teams will begin at 7:00 p.m.

The Irish lineup has been reduced to four open the Irish lineup at 118 pounds, followed by junior 134-pound Kurt Foulds (5-9-1), junior 150-pounder John Campana (11-5-1) and junior 158-pounder Brian Erard (4-10).

In Saturday's quadrangular match with Millikin (the Irish lost, 32-27), Wabash (the Irish lost, 30-19) and Lincoln (the Irish won, 35-20), Coach Joseph Bruno penciled several underclassmen onto the lineup. Sophomore Doug Skinner went 1-0 at 142 pounds while Joe Agostino won the other middle weight dual. Sophomore Mark Loman won two matches by forfeit at 167 before dropping an 11-1 decision, while Schmitcker took all three of his matches at 190 pounds although he was weighed in at only 167.

"Our ranked team is not spectacular, but our wrestlers have developed well and individually," remarked Bruno. "I am pleased with the progress we have been making despite the odds."
Super Bowls in TV ratings

NEW YORK (AP) — The high drama of the Super Bowl is right up there with other box office phenomenon bigger.

Only the famous "Who Shot J.R." show on "Dallas" and the final episode of "Roots" reached more households than last year's Super Bowl between Pittsburgh and Los Angeles. According to A.C. Nielsen Co. figures, "Dallas" was seen in 41.5 million homes, "Roots" in 36.4 million homes and Super Bowl XIV in 35.3 million homes.

Super Bowl XIX (Pittsburgh vs. Dallas) ranked fourth and Super Bowl XII (Dallas-Denver) was fifth before: "Gone With the Wind" One and Two. In all, eight Super Bowls ranked in the top 25 of all-time rated shows.

The game's hold on the public has been captivating right from the start. Super Bowl I in 1967 was so big a price that both CBS and NBC demanded it — and get it — in the merger settlement between the National Football League and its rival, the American Football League. But because of CBS's inside position with the NFL, CBS handled all the production aspects of the game.

"The cloak-and-dagger stuff was straight out of a spy film," said Chet Simmons, former president of NBC sports and now head of ESPN, the all-sports cable operation. "It was like talks with the Soviets. All that was missing were the CBS and NBC flags on the table."

Curt Gowdy and Paul Christman did the game for NBC. Ray Scott and Jack Whitaker split the play-by-play chores for CBS, with Frank Gifford handling the full 60 minutes of commentary.

"All week long, Paul and I would appear on the "Today" show and the "Tonight" show, anything to promote us," said Gowdy, now a CBS broadcaster. "The network even ran spots plugging Gowdy-Christman as the best team."

"We weren't ready," said Scotty Conen, executive producer of NBC's Super Bowl I coverage and now vice president of ESPN. "That couldn't happen today. There's a coordinating the field who won't give up the ball until TV's ready."

Green Bay, the NFL's team, beat Kansas City 35-10, and CBS won the war 22.6-18.5 NBC, with the ten-prestigious league and the smaller season ratings, claimed victory by not losing by the five-point spread set by TV oddsmakers.

NBC did lose out on the second half kickoff, but no matter. Game of the first one because it was late coming out of a commercial."

"After Super Bowl IV... it was all the same thing a corporate happening, one gigantic party."

Although TV has always made the Super Bowl a special event, it wasn't until Super Bowl IV that all the pre-game hoopla and parties began to rival the game. According to Gowdy and Whitaker, the New York Jets' stunning upset of Baltimore the year before had turned the game into a happening.

"After Super Bowl IV, when the AFL had won two years in a row convincingly, the excitement of comparing the young kids on the block against the burly bullies had faded away."

"After Super Bowl IV, it was all the same thing - a corporate happening, one gigantic party."

For the first time since Super Bowl IV, there will not be a quarter-back wearing No. 12 this Sunday. Kurth Stabler's (left) old team will be there, but he will not. Neither will Joe Namath (center) or Bob Griese (right) who appeared in three Super Bowls during the '70s. A man, Roger Staubach played in five for Dallas and Terry Bradshaw in four for Pittsburgh.

The sharp whine of jet engines covers the flight deck. Throttles are at full power, and you're waiting for the signal to launch.

NAVY OFFICERS GET RESPONSIBILITY FAST.

For the first time since Super Bowl IV, there will not be a quarter-back wearing No. 12 this Sunday when the Philadelphia Eagles square off against the Oakland Raiders. Kurth Stabler's (left) old team will be there, but he will not. Neither will Joe Namath (center) or Bob Griese (right) who appeared in three Super Bowls during the '70s. A man, Roger Staubach played in five for Dallas and Terry Bradshaw in four for Pittsburgh.

Sports

‘More intensity’

By SKIP DESJARDIN
Sports Writer

Revenge is sweet. The trouble is it is seldom too long in coming. The Irish team has had a week to think about the 66-63 overtime loss to the San Francisco Dons in Oakland last Tuesday night. Tony Brown, who had a chance to return the favor.

Coach Digger Phelps has no plans for my drastic changes for the remark.

“I think when we play, we must play more with intensity than we did last week,” he says. “We have got to play a tighter defense against them, and box them out underneath.

“I am not going to change my strategy much. The key to that game was our cold shooting from the foul line. We hit one out of five, we didn’t have the game.”

Phelps says that he is not worried about Notre Dame’s play lately.

“Look, we beat you on a desperation, off-balance, off the glass shot at Marquette. Then we dropped an overtime game in overtime in Oakland. The players were tiredly by the time we played San Francisco. Our players don’t really provide the scoring up front.

“We lost out last year during a long road trip, but when we got back to the ACC in February we won 78-64.”

The Dons have been led all season by a well-balanced scoring trio. Two producers of 20 points or more, Bob Billings, a seven-foot center who started out of Emerson High School, provides the muscle under the basket and effectively utiliza turn defense, by getting some zone defense, by getting some.

“Gilbert’s outside shot helped us get back in the game early in the second half when it was really important. We really don’t know if he’ll make that game.”

Salinas strained his right knee after crashing into the crowd last week.

“Gilbert’s outside shot helped us get back in the game early in the second half when it was really important. We really don’t know if he’ll make that game.”

Salinas strained his right knee after crashing into the crowd last week.

“Gilbert’s outside shot helped us get back in the game early in the second half when it was really important. We really don’t know if he’ll make that game.”

The police thought he had a gun. ’I took his word and walked on out.”

“Then, however, the man said “he was definitely going to jump and be come close to jumping. We decided to give Muhammad a chance at talking to the man,” said Hagerty.

“Really you!” the man exclaimed when Ali arrived.

“The boxer, who lost his bid for a record fourth title at the hands of Larry Holmes on October 2, talked to the man first from a ninth-floor window and then from the partially enclosed reception. Throughout the game, scoreboard information was shown on these specially equipped screens along with the game itself.

“FUUZZY’S FORECOURTERS — Rumor has it that New Irish football coach Tony Brown is planning a trip to Cleveland for a November competition. Such an entry would certainly be welcomed by the student body and most everyone else and would really give people a chance to become acquainted with Fuzzy.”

It would also be quite a welcome change.

AND THEN THERE WERE THREE — Another Golc has agreed to attend Notre Dame. Mike Golc. 6-4, 240-pound linebacker and tight end from Cleveland’s St. Joseph High School, will follow in the footsteps of brothers Bob and Greg to Notre Dame.

Mike was the recipient of the Lou Groza Award this year, given annually to the top high school player in the Cleveland area. Bob, an All-American linebacker at Notre Dame, is now a starting linebacker with the New England Patriots while Greg is a freshman lineman here.

OSRINTZ RETURNS TO ND

By MICHAEL ORTMAN
Assistant Sports Editor

Steve Orsini, a native of Notre Dame’s 1977 National Champion ship football team, has been named the university’s new ticket manager. Orsini replaces Michael Buckis who resigned effective Dec. 31. Buckis left to take a position at an insurance company in Louisville, Ky.

Orsini served as co-captain on the 1977 squad, along with Willie Traylor, Ross Brown and Terry Euriick. The Hummelstown, Pa., native had played halfback and was a special team player. Later his senior year, Orsini covered a captured credit, the Flame of Louisville back in the championship.

Since his graduation in May of 1978, Orsini has been working as an accountant for Arthur Anderson & Co. in Long Island, N.Y.

Orrsini will take over as ticket manager on February 5, the day after Notre Dame plays host to UCLA in basketball.

DAN NETTROCK — When the San Francisco Dons invade the ACC tonight, they will have far more against work than the Irish. They will face the major league out of the two teams as the between the two teams. The Irish and Dons have alternated wins since the inception of the series back in 1977, and it’s Notre Dame’s turn again.

Likewise, the Irish are a spotless 7-0 at home this year, while they are 1-1 away and 1-1 on neutral courts (yes, Virginia, that does include Kentucky).

TERRAPIN TANGLE — Saturday’s nationally-televised battle between Maryland and Notre Dame will be a homecoming of sorts for three Irish touchdowns. Senior Tracy Jackson is a native of nearby Silver Spring, Md., while freshmen Tom Slaby and Cecil Bucker were all attending schools in the Washington area as seniors last year.

Although Jackson suffered a slight ankle sprain during Monday’s Fordham game and will watch tonight’s game from the sidelines, the Irish are hopeful that Tracy will return to the lineup by Saturday.

Jackson (who attends the same church in Silver Spring that Terp coach Lefty “Dynamite”) Orsini does not expect much of the best games of his career against the Terrapins. The senior guard scored nine points in the last seven and one-half minutes of a 69-54 Irish win during his freshman season, causing NBC Sports Most Valuable Player award in the process.

The following year Jackson hit on eight of 12 from the floor for 16 points, but the Irish lost 67-66 at Cote Field House. Last year in friendlier territory, Jackson drove the length of the court for a layup with two seconds remaining to give the Irish a 79-77 triple.

Jackson was named NBC’s MVP on the strength of his 15-point, 10-board display.

LIGHTS, CAMERA, DIGGER (back by popular demand) — All 14 games remaining on the Irish regular season slate are scheduled for television. Along with this weekend’s Maryland contest, NBC Sports will present its second game this season against Rutgers as a regional game on February 22. The sparky network’s cameras will also beam the UCLA (February 8 at the ACC) and DePaul (March 8 at Rosemount) contests to a national TV audience. While one remembers that NBC’s three best ratings last season occurred during the Notre Dame-Maryland, Notre-Dame-Marquette and Notre-Dame UCLA games, it is not too tough to see why they are televising the Irish five times this season (not counting tonight’s Fordham contest).

MetroSports, the independent television network based in Rock­ ville, Md., which has already beamed six Irish basketball games to 49 states, is scheduled to broadcast Monday night’s game and the next six games on NBC. One of the two games slated for telecast is tonight’s game against San Francisco, South Carolina, Lafayette, La., Boston and Dayton. MetroSports will present Notre Dame’s road contest against North Carolina State.

The rest of the games on the Irish schedule will be picked up by Cablevision of Chicago and Three TV.

TRIPUCKA TALLIES — Going into tonight’s game with the Dons, senior forward Kelly “Master of Disaster” Tripucka is sixth on Notre Dame’s career scoring list with 1,455 points. If he keeps up his current pace he will finish fourth behind Tom Hawkins (Irish-American and MetroSports color commentator) who has 1,820 points.

Tripucka also rates sixth on career lists with 525 field goal field, eighth with a 544 career field goal percentage and 389 free throw made, sixth with 406 free throw attempts and second with an 800 career percentage from the charity stripe. He has also scored in double figures in 26 of his last 27 games.

ABC COVERAGE — Notre Dame’s nationally televised coaching debate in New Orleans marked a first in sports broadcasting. It was the first live broadcast of a sports program that was closed-captioned for the hearing impaired.

Closed-captioning is a production technique which relays special information for such reception. Throughout the game, scoreboard information was shown on these specially equipped screens along with the game itself.

Fuzzy’s Forecourters — Rumor has it that New Irish football coach Tony Brown is planning a trip to Cleveland for a November competition. Such an entry would certainly be welcomed by the student body and most everyone else and would really give people a chance to become acquainted with Fuzzy.

It would also be quite a welcome change.

AND THEN THERE WERE THREE — Another Golc has agreed to attend Notre Dame. Mike Golc. 6-4, 240-pound linebacker and tight end from Cleveland’s St. Joseph High School, will follow in the footsteps of brothers Bob and Greg to Notre Dame.

Mike was the recipient of the Lou Groza Award this year, given annually to the top high school player in the Cleveland area. Bob, an All-American linebacker at Notre Dame, is now a starting
