Former top editors discuss careers, changes

Editor's note: For the fiftieth anniversary of the founding of The Observer, Executive News Editor Keith Fint, SMC Executive News Editor Mary Anne McCreary, and former Observer editors-in-chief Tov Veenfliet, Cathy Domianics and Dave Riekhof are discussing changes in the style and operation of the newspaper over the years and the effect that working with The Observer has had on their careers.

The Observer was founded on November 1, 1931 by co-editors Robert Anson and Stephen Feldhaus.

Anson, currently a freelance writer whose articles have appeared in magazines such as Time, Esquire, and Playboy, said his experience with The Observer helped him obtain his first job, as a correspondent for Time magazine.

The Observer is the oldest student newspaper in the country, and is looking forward to many more years of service to the ND SMC community.

Happy Birthday

Past newspaper quotes indicate period's mood

By Paul Kosidoski

After an enlightening afternoon basking in the nostalgia of Observers past, my effort to catch up on events of another time through my own thoughts and words was destined to be a futile task. The following vignettes (sometimes known as quotations) were first printed in The Observer from the 1967-1968 school year.

"...one quartet that has been tearing up England for some time has been unjustly ignored by the American music scene. University, for us, is a Polytechnic; for them, for us, has released good songs and was the first group to experiment with electronic distastation and feedback. Appropriately enough, they are called The Who.

Notre Dame's much touted ideal of eventually becoming a totally residential university is in serious trouble. The high rise dormitory complex, which would allow for second semester, on-campus Seniors to have automobiles.

Senior Class President Mike Minton has announced that he plans to appeal to Student Senate in support of a motion which would allow for second semester, on-campus Seniors to have automobiles.

Minton plans to outline to the Senate at least four arguments in support of the rule change. The first would be the improvement of social conditions for Seniors, especially for those seriously thinking of marriage and needing a car to visit fiancees.

Some have argued that an all encompassing "liberal" thrust in journalism is only as strong as the support it receives. The Observer has thus far fulfilled our hopes, particularly technologically. At this point, The Observer is a mini version of papers like the New York Times.

Current editor analyzes Observer birth, future

By John M. McGrath

Fifteen years ago today, The Observer published its first issue. The big news items in that first 12-page edition centered around the 1966 homecoming festivities scheduled for that weekend. The Pittsburg homecoming game was a photo on page four of Ray Charles ("The high exalted price of rock and roll") — the featured attraction at Saturday's homecoming concert.

The Observer was "now a pretty rank voice" in the university. The Observer's editors, however, felt it was "struggling to find an identity...what we could do with a daily prove we wanted it to be — a daily publication. The Observer today? For one thing, we are technologically better, but we do not expect to be peretted; we do promise to always deliver our best.

Fifteen years is not a long time in the newspaper business. In that short time, however, The Observer has caved a niche in the ND-SMC community, and is looking forward to many more years of service to that community.

The Voice then...

The Voice is Dead

11-24-69 The University Arts Council sponsored a rally in the Fieldhouse in an effort to preserve the building for campus cultural arts. This rally followed a circulation of petitions which were signed by 2,100 Notre Dame and St. Mary's students asking that Fr. Hesburgh “hold off on the Fieldhouse demolition.”

5-1-70 President Richard M. Nixon announced the night before that several thousand American troops have entered Cambodia to “wipe out Communist headquarters for all military operations against South Vietnam.” Nixon announced that the U.S. would provide “small arms and other equipment” to enable Cambodia to “defend its neutrality.”

THE OBSERVER

11-3-66 This week after the Voice shut down, a campus newspaper created to “observe, report, notice, comment and adhere” appeared at Notre Dame. The first issue of the Observer featured an article by Ara Pharesian concerning the birth of a newspaper, along with a series of photographs describing the Observer staff’s ingredients for an ideal office situation. Robert Anson and Stephen Feldhaus co-edited the paper.

THE OBSERVER

10-27-66 After three and one-half years of publication as a campus news weekly, the Voice closed its doors on Oct. 27, 1966. Explaining that The Voice would be good or there would be no Voice at all, Editor-in-chief Stephen M. Feldhaus cited a lack of funds, newsroom and journalistic training as the reasons for the paper’s demise. “The Voice was foundering,” wrote Feldhaus, “and in the light of the present conditions under which it has been forced to operate, the staff decided to fold. When the impossibility of radical improvement became clear, there was no other choice.” There’s room for a newspaper at Notre Dame, but not The Voice under the present circumstances.”

THE OBSERVER

5-18-67 Senior Steve Heagan, art editor for Scholastic magazine, was arrested this summer for the possession of 5.5 pounds of marijuana. The arrest came as the result of an investigation by South Bend Police into what was termed “a large scale operation.” Fr. James Riehle, dean of students, suspended Heagan from the University for a year as a result of the incident.

2-1-71 Apollo 14’s astronauts succeeded in docking their command ship with the lunar lander, averting a crisis. Then, on the night before that several thousand American troops have entered Cambodia to “wipe out Communist headquarters for all military operations against South Vietnam.” Nixon announced that the U.S. would provide “small arms and other equipment” to enable Cambodia to “defend its neutrality.”

1-13-72 Richard M. Nixon won re-election by a large majority on this date, losing only Massachusetts and the District of Columbia to his Democratic opponent, Senator George McGovern of South Dakota. It appeared certain that Nixon would claim a clear mandate for his policies of gradual disengagement from Vietnam, strong defense spending, opposition to forced busing, and a slow-down of federal spending for social programs.
The Observer's fifteen year progress

9-9-74 President Gerald Ford granted former President Richard Nixon unconditional pardon for any Watergate offenses. Ford explained that he had acted both out of compassion for Nixon and fear that the nation would be torn apart by ugly passions if Nixon was brought to trial. Reaction in Congress was mixed. White House Press Secretary J.F. ter Horst resigned in protest of the pardon.

10-8-79 Pope John Paul II took the United States by storm with visits across the country during his six-city, six-day tour. Observer staff members were in Washington and Chicago to chronicle the American peoples' joyful reception of the Pontiff in his historic pilgrimage.

11-5-80 Republican Ronald Reagan was elected the 40th President of the United States as he led his party to victories not only in the White House but also in Congress and state legislatures. On that same date, the 52 American hostages in Iran marked their 365th day of captivity.

5-19-78 The Notre Dame Fighting Irish rolled over the Longhorns of the University of Texas, taking the Cotton Bowl by a score of 38-10 and winning the national championship. The win, along with the defeats of Oklahoma and Michigan, resulted in a number one ranking for the Irish in the post-season polls. While Alabama fans protested the polls' results, Irish head coach Dan Devine remarked that "we earned it on the field. We played the number one team and beat them."

3-18-75 President Ford paid a visit to the Notre Dame campus on March 17, 1975. In the course of the day Ford spoke to a convocation of 10,000 at the ACC, and met with faculty and students from the University's Academic Council. At a press conference later in the day, Ford defended his support of aid to Cambodia and confirmed a Ford-Rockefeller ticket for the 1976 presidential campaign.

4-30-75 Committee W of the American Association of University Professors concluded that the University was not "doing enough to recruit and hold women faculty members at the University." At the time, there were 35 women on Notre Dame's faculty of 750. Of this number, 24 were involved in teaching or research, 14 full-time. Of those women, one had tenure.

4-1-21-81 The nation celebrated as the 52 American hostages returned home and Ronald Reagan was sworn in. "They are now free of fear," said newly-sworn-in President Reagan, just two hours after his inauguration. The Notre Dame community awaited news of one hostage in particular, Thomas Ahern, Class of 1954.

3-24-77 A Notre Dame Assistant Professor of Architecture, Enrico F. Plati, was arrested along with two men from Italy in connection with the Federal investigation of a ring suspected of smuggling exotic cars into the country. Architecture Dept. Chairman William Richardson stated that "he (Plati) was very popular professor — good, energetic, dedicated — and most of the students really liked him." Plati was unavailable for comment.

Sports Department comes of age over years

By MICHAEL ORTMAN

The Irish is a baby in the world of collegiate publications, but Notre Dame's ath-
letic tradition is not. So although the Irish was started in March, 1968, it is by no
means that the student newspaper is breathless with excitement. Oh sure, Saint Mary's has too often been for
gotten, even when the Belles were playing the Irish, but then Notre Dame's athletic tradition made the job of The Irish sports editor a relatively easy one over the last 15 years.
Over that span, some editors chose to use Notre Dame's age-old athletic tradition as a crutch, and becoming wrapped up in the Notre Dame spirit so far as to refer to any Notre Dame's age-old athletic tradition as a crutch, and becoming wrapped up in the Notre Dame spirit so far as to refer to any Notre Dame-Pittsburgh rivalry and how important that weekend's game would be. Delegation explains
Begin requests aid against Saudi peace plan

JERUSALEM (AP) - Prime Minis-
ter Menachem Begin asked his po-
itical opposition yesterday to join him in fighting Saudi Arabia's Midast peace plan, which he called a prescription for Israel's liquidation.

Speaking in Parliament, Begin rejected "from start to finish" the eight-point plan proposed by Saudi Crown Prince Fahd and ad-
monished the United States and Europe not to consider it as a basis for negotiation.

Begin blasted Saudi Arabia as "the potestat world, where the new-
ness of the Middle Ages reigns, with the cutting off of hands and heads, with corruption that cries out to high heaven."

He proposed that a bipartisan delegation from the Knesset (Parliament) go to the United States and Western Europe to explain the justice of our cause."

Knesset veterans told The As-
associated Press they could not recall

the last time a prime minister in-
nited such a delegation to combat a specific policy. Begin had con-
dered sending a similar delegation to lobby against the sale of AWACS radar planes to Saudi Arabia, but stopped the idea.

Opposition leader Shimon Peres and his Labor Party would join the delegation provided its propaganda
time was agreed on in advance.

"Of the Saudi liquidation formula a term plan, we have heard disturbing words not only in Europe but also in America," Begin said.

"Those eight points cannot serve as any basis for any discussion what-
soever. They are rejected from start to finish. There is no party in the world with whom we will be ready to conduct discussions on a plan designed for Israel's liquidation."

The parliamentary delegation was the latest step in an Israeli lobbying campaign begun last week after President Reagan and Secretary of State Alexander M. Haig Jr. both

commented favorably on the Fahd plan.

Begin said claususes in the Fahd plan calling on Israel to evacuate ter-

itory captured in 1967 and advocat-
ing a clause in the territorial plan. But while the sub's skipper was

**Saudi Arabia's Crown Prince Fahd** said yesterday the Camp David peace process has reached a "dead end" and urged the United States to support an independent Palestinian state governed by the Palestine Liberation Organization. "There is no peace without the PLO," he said in a statement clarifying the eight-point Middle East peace plan he announced Aug. 7. Fahd's latest remarks, carried by the official Saudi Press Agency and the state-run radio, also left the door open for Soviet participation in the peace process he proposes. Fahd called his plan a balanced, reasonable alternative” to the Camp David formula which produced the peace treaty between Egypt and Israel but has so far failed to achieve agreement on self-rule for Palestinians living in Israeli-occupied territory. President Reagan, in an interview in the current Time magazine, reaffirmed his administration's commitment to the Camp David accords but suggested the framework included other Arab states besides Egypt. AP

**Four persons** have been named to the Saint Mary's College Board of Regents. The new regents are Sr. Kathryn Callahan, Sr. Mary Pankratz, Mary Conley. Callahan is Regional Superior of the Sisters of the Holy Cross in the Midwestern region. She served as a corporate officer in the general administration of Saint Mary's since 1973. She was an Associate Director of the Diocesan Religious Education office from 1977 to 1981. Prior to that she served as a regional administrator in elementary education. Decio, a resident of Elkhart, has been active in community service for the past 12 years. She serves as a consultant at Ann Chandlee and Elkhart Community Day Care Board and the Stanley Clark School Parent-Teacher Board. Conley, a senior at Saint Mary's, is the student representative on the Board of Regents. She is majoring in elementary education and serves as the president of Tau Epsilon Pi, an education club. Conoley also is a eucharistic minister and has chaired numerous committees at Saint Mary's. — The Observer

**President Reagan** said today Jordan's King Hussein yesterday it is "impossible that we work together" for a Middle East peace, but American officials offered no hope the monarch would break ranks with Arab allies and support the Camp David accords. The administration stressed that the United States is committed to the Camp David formula for peace in the region, and has not endorsed instead a Saudi Arabian proposal. In private meetings, Hussein complained to Reagan about Israel's "intransigence," and stressed that the Palestinian people must be included in peace negotiations, a senior administration official said. **Indiana Attorney General** Lindey Pearson filed a motion yesterday seeking to increase the number of inmates at the Indiana State Prison allowed under a federal judge's recent order. The inmate population at Michigan City currently is about 1,930. Federal Judge Allen Sharp ordered two weeks ago that the inmate population at Michigan City be reduced to 1,650 by late 1983. Pearson's motion to amend the ruling would mean that about 250 of the inmates ordered moved would stay. "We are asking Judge Sharp for clarification of figures he used to determine the limits established for 1988 and 1989," Pearson said. The state feels that Judge Sharp may not have taken into consideration the trustee dormitory outside the walls and the hostel confines inside the Michigan City prison."

students become 'consumers',

in graduate school search

By GIGI GOLITZ

Now is not a bad time to think about graduate schools and perhaps now may be the best time to apply, according to Donald E. Castro, director of graduate admissions for Notre Dame.

Castro spoke last night in the Library Auditorium. The lecture was sponsored by the Arts and Letters Advisory Council (ALASC). Castro said students are the consumers as universities are depending more on the funds from graduate students. All seniors who are interested in graduate studies must start applying now.

To apply for graduate school, a student must take the Graduate Record Examination (GRE) and should do so by December. Castro also said to start writing universities for information about the schools' programs. He advised students to talk with faculty members in their department to find out what schools would best suit their specific interests. Castro added it is important to gather as much information as possible about the prospective schools.

Important criteria in selecting a graduate school include faculty publications and research facilities. Prestigious schools should not always be the first priority, said Castro. There are many schools where students can receive financial support. Eighty percent of the Notre Dame students receive support. Financial support is given in the form of a fellowship or an assistantship ranging from $9,000 to $35,000, Castro said.

For some graduate schools include the grade point average, scores on the GRE and three letters of recommendation. Castro concluded, reminding audience members and other interested persons to apply immediately.

"I will be as real as the truth," he said, breaking into a wide grin. "If we had to put them (corrupt officials) in jail, we wouldn't have the jail space. They would not fit. That is just the plain truth.

He blames much of the problem on dismal salaries that encourage people to take money under the table.

"When I started, a policeman was making $2,500 pesos ($130) a month. Now a policeman makes $7,000 pesos ($294), which is above the minimum wage, with all kinds of benefits," he said. "I don't doubt that some of them would be corrupt. But I can sincerely say that 95 to 99 percent of public officials here are honest.

Cardenas knows Matamoros depends on tourism for much of its economy and has exempted tourists-oriented bars from the Sunday closing law. Tourists are not, however, exempt from random gang searches the Mexican army conducts in restaurants and bars. The pistol checks are aimed at reducing the number of barroom shootings.

The mayor doesn't worry that the checks might drive tourists away: "on the contrary, this will help tourism. I've never said it's the tourists who carry pistols. It is other people, residents of Matamoros and others who are armed and I am certain by the end of the year, things will be back to normal.

The jovial frenzy that filled Plaza Hidalgo when Cardenas won the election last December has an opposite frightening side. The mayor says he continues to receive death threats that started during the campaign. But he is philosophical. "There is a saying in Spanish, 'Pero que ladro no meurde (a barking dog doesn't bite)," he said. "While they're barking, there's no concern for me."

Northeast invited seniors sponsor ‘block party’

By CAROL CAMP 
News Staff

The Class of 1982 invites students, the administration and faculty of Notre Dame, and all residents of the Northeast neighborhood to its first annual Block Party. Friday from 3 to 6 p.m. in the Athletic and Recreation Center.

Because of adverse publicity which resulted from last year’s ‘death march,’ Senior Class president Tom Lupo and the senior class officers proposed that an alternative to the annual event be created.

The idea arose from last year’s negative reaction to the death march and we wanted to create a suitable alternative for seniors and give a better impression to the city,” DeLupo explained.

When Lupo proposed the idea to administration officials, he met initial resistance, but after involving local officials in the planning (such as South Bend Common Council member Lou McGann), he gained administration endorsement for the activity. According to Lupo, ‘The University has given us their support after realizing that the event is an act of good faith and a good time for all parties involved.’

NUCLEAR WEAPONS FREEZE WEEK
CALL TO HALT THE NUCLEAR ARMS RACE

A national campaign is under way to achieve a mutual US/Soviet freeze on nuclear weapons. The first step of this campaign requires building support for the proposal among the American people, for the proposal will become “politically viable” only after it has sufficient public support in communities across the US.

The Week: Fliers on the Freeze to each dorm room on campus; door to door campus Petition Drive for signatures of endorsement of the above call.

Speaker: Ed Laarman, Ph.D. Candidate in theology. Nuclear War, Just War, and Christian Faithfulness.

Place: Hayes-Healy Auditorium
When: 7:00pm, Tuesday, November 3

Closing Mass: Sunday, November 8: Mass for Peace
Time: 10:30 am
Place: Farley Hall Chapel
Priest: Rev. Jack Keefe, CSC
of the Fatima Retreat Center.

MEN’S FOOTBALL — In one of the biggest rivalries on the interhall football scene this season, 17-0. Keenan scored its only points in the first half as good defender, Phil Kelly and Ed Carter set the pace for the Raiders. The Raiders dominated the first half, scoring two of their three touchdowns in the air. C. Tough defense, led by middle linebacker Tom Esposito, had two interceptions. The defensive line, led by Kevin Bauer, forced Ed’s ground game and hampered the passing with a heavy pass rush. The Raiders now post a 5-1 mark going into their last match up of the season. Should the Raiders defeat Carrol, they will win their division as well as a playoff birth.

Philliter moved in to our top-six poll this week as they knocked off a tough Zahm team, 3-0.

Mortimer ended its season on a high note, downing Pangborn, 5-0, and raising its record to 2-1. If division-leading Dillon (3-0) defeats arch-rival Alumni (2-1) tomorrow evening, Dillon would divide the season with a 4-0 record, while Mortimer would get a playoff spot as runner-up. Should Alumni win, however, all three teams finishing with identical records to 3-1 would be candidates for the division title.

The Raiders continued their fine passing attack, scoring on a 42-yard pass from Kiel to Gary Jbara for the two-point conversion. To wrap up the game, Jim Clevenger recovered a Keenan fumble in the endzone. Stanford ends its season with a 1-3 record.

This week's schedule:
THURSDAY’S GAMES

Lewis v. Grace, 3 p.m. (Cartier)

La Fortune v. Rosary, 1 p.m. (Cartier)

Sunday's games

Lewis v. Pangborn West, 7:30 p.m. (Cartier)

Off-Campus v. Lyons, 7:30 p.m. (Cartier)

SOCCER — This past Sunday, Stanford won big over Fisher, 5-0. Scoring for the “Studs” were John Keffe, Joe Mandeville, Glen Packard, and Steve Theabold. Stanford finished its season with a 2-2-2 record. Cross-town William and Mary had little trouble with Huffman, 4-0.

These are the Top six as polled by the interhall staff:

These are the current standings:

Dillon II won its first game, defeating St. Ed’s, 5-2. Mark Sorensen accounted for two of Big Red’s goals in a game which ended regulation play in a 2-2 tie. Jan Kania and Chip Stahl did the scoring for St. Ed’s, but a spotted Dillon II squad prevailed as the game was decided by penalty kicks.

Howard rises to the top

By MICHAEL ORTMAN
Sports Editor

"Gerry, if a boy that size could play football, then our boys could too."

"Honey, our boys can't run that fast."

It was a new experience for both parties. For Joe Howard, it was his initial post-game press conference at Notre Dame. For many of the sports writers, it was the first time they ever had interviewed a Notre Dame football player eye-level to eye-level. Howard seemed to be taking all the attention in stride, but it was more physical exhaustion than non-chalance that kept the 5'9, 165-pound speedster low-keyed. "I'm more tired than anything else," he said after accounting for two Notre Dame touchdowns in Saturday's 58-0 thrashing of Navy. "After the first half, I had to remind myself that there was still another half to play. I just haven't run that much before."

Howard's road from multi-talented high school athlete to Notre Dame starting split end was an unusual one. He wasn't your cut-and-dry prep all everything with basketball season and just a few days out of the sch ool's athletic booster group, the ASU list includes Devine.

ASU list includes Devine

Former Irish football coach Dan Devine is interested in returning to a college campus next year, possibly at Arizona State University, as director of the school's athletic booster group. The Associated Press reported yesterday, Devine is interested in being a candidate for the vacant position of executive director of the "Sun Angels" at ASU. "If I don't coach again, it is the type of job I feel I'm qualified for, and I would certainly be interested," Devine said. "But by the same token, I haven't applied, and they haven't been anywhere near the campus to get in touch with me."

However, Devine will be in Tempe, Ariz., on Nov. 21 when he and his wife, Jo, serve as grand marshals of the ASU homecoming parade. Devine said he plans to talk to school officials at that time.

After a year of retirement now, Devine said he would like to return to a college campus, and "all of a sudden, people are showing interest in me ... I think I've made the decision to listen."

Devine confirmed the reports last night, but told The Observer that he was just one of many options. He also indicated that he had been new coaching jobs in recent months. - The Observer

Howard rises to the top

Before the national signing date, the Irish coaching staff made it official, finally offering Howard the ride he was looking for. But like most recruits, they certainly weren't counting on him to contribute as early as he has.

"We never count on freshmen to make major contributions," says Boulas. "There's too much of an adjustment involved. When they do, it's an added bonus, like what Joe has done for us."

Howard never figured things would happen quite this fast either. "I never thought I'd be playing (as a freshman)." he admitted after Saturday's game. "The coaches asked me where I'd prefer playing, and I told them anywhere on offense. They gave me that chance, and I think I've made the most of it."

Injuries throughout the Irish receiving corps had a silver lining for Howard. After beginning the season at wingback behind Tony Hunter, Howard moved to split end just a few days ago. "It came out at practice Monday (after USC) that I was the split end, and that was that."

Tampa Bucs are semi-literate

Florida State Coach Bobby Bowden gained a niche in Bottom Ten History this week. FSU tailback Greg Allen was a mere 49 yards short of the all-time NCAA rushing record of 569 yards. With seven minutes to go in the game, Bowden took Allen out. "I probably made a mistake," he said later.

Dateline: ANN ARBOR — Oct. 18. Bo Schembechler on the Big Ten race: "Our chances are nil, zip, zero."

Dateline: ANN ARBOR — Nov. 1. Bo Schembechler on the Big Ten race: "We're back in the hunt."

Who says there's violence in sports? A Texas A&M cadet charged onto the field during the second quarter of the Aggies' 27-7 loss to Southern Methodist, brandishing a saber at an SMU cheerleader. The cheerleader had run out onto the field to celebrate a Mustang touchdown, violating NCAA rules banning people from the field during games. The cadet knocked another cheerleader before being dragged off the field. "The Amazing" Groh, head coach at Wake Forest, astonished his assistants by successfully predicting the outcome of the Deacons' game with Clemson. "I told them I was concerned whether we would ever be able to stop them," they didn't. Final score: Clemson 82, Wake Forest 24.

Headline in the Wisconsin student newspaper before last week's game: "Thank God. It's only Northwestern."

A few Bottom Ten votes from elsewhere in sports: Dan Roundfield of the NBA's Atlanta Hawks, who had a game-high 31 points against Philadelphia Saturday, went up for a slam dunk at the buzzer ... and missed. The Hawks lost, 108-106.

The Chicago Bulls' Ricky Sobers tipped in a half-court bas with past three seconds left and won the game Friday night for the Indiana Pacers.
