Spring break incident

Roemer opts not to expel senior

By MARK WORSCHEI
News Editor

Dean of Students James Roemer yesterday put an end to rumors that a Morrissey Hall senior would be expelled for an incident that occurred in Honda over Spring Break. Instead, Roemer said he would accept a four-point proposal submitted by six of the senior's friends.

The incident, part of St. Patrick's Day celebrations at a Fort Lauderdale bar — the Button — involved senior Tim Schierl's participation in a Wet Willie contest. Schierl, allegedly outfitted in Irish regalia and body paint, strapped on stage in an effort to win the contest for the Notre Dame contingent.

The Button sponsored the Wet Willie contest as part of a series of six games that night. Entrants in the contests were grouped by their university, and The Button staff kept point totals of the students of Notre Dame and the other schools present — Marquette, and the Universities of Kentucky, Missouri and Kansas.

Roemer's decision came at the end of a meeting with Schierl, his six friends who were at The Button that night, and nearly 200 other students who wanted to hear the Notre Dame Administration's side of the matter. The meeting followed the Morrissey Chapel, while Schierl's parents, who came to the campus from Wisconsin on Saturday, waited outside in the lobby.

The proposal, which were read to the gathering, met the student's approval, included the following:

1) A formal apology by Schierl to the students and to the University.
2) The drafting of a letter by the Student Senate President on the University's behalf to The Button informing them that Notre Dame students will no longer participate in Button activities.
3) A directive issued by the Dean of Students making University policy clear on this issue.
4) A warning by the Student Body President, to be issued before break, advising students of their responsibilities.

After an hour-long session in which Roemer asked for student views on how best to handle the situation, he asked, "Is this (the proposal) a fair portrayal of the whole problem?" The students voiced their approval, and the dean responded, "We will follow this." See BREAK, page 7

April game to teach about nuclear threat

By PAT MALLEY and PAT SAIN
News Staff

"Monopoly" never taught you about nuclear war. "Firebreaks" will.

The nuclear war/peace game will be played at Notre Dame and Saint Mary's next month in conjunction with Ground Zero, a national organization that works to inform the public about the threat of nuclear war. Student organizer Jerry Mulligan believes at least 100 to 120 students will play Firebreaks during the last three weeks of April.

"People need to know much about the specifics of the nuclear situation to play," Mulligan said. "We want people to be educated about the possibilities of nuclear war. The emphasis of the whole program is relations with Russia."

Small groups of players will be divided into teams representing either the United States or the Soviet Union. The groups are then faced with a simulated international nuclear crisis and must prepare the courses of action for their respective countries to take.

Mulligan stressed the educational benefits of the game. "It's not only a role-playing game. People who don't know anything about the (prospects of) nuclear war can learn."

The group analyzes a particular nuclear scenario and decides on a course of action. The group will be able to see how its recommendations compare with the decisions actually made by a central group in Washington, D.C.

Organizers learned of Firebreaks at a social concerns seminar they attended in Washington during Spring Break. The game is sponsored by national group by Ground Zero, a non-partisan nuclear war education group. The group's executive director, who designed the game, is Roger健康发展, former staff member of the National Security Council.

Participants Amy Kerman thanks Ground Zero's emphasis on objectivity is the key to the game. "You're on your own. You are who you are, and the way you are is the way you are," Mulligan said. "The students are there."

Mulligan agree. "They're one of the few groups that emphasizes more than the emotional aspect of the nuclear issue."

"Congressman Mary Sue Callan believes the game is an ideal way to inform people saying that "if people are aware about the situation, they know they can effectively work for peace," they will do so." Mulligan answered. "It is a big issue today."

Mulligan said, "If the refugees, the Amref Freedom from Hunger, the delegates in Congress, the public's uncertainty with the MX (missile) plan and high-tech weapons, all show that a lot of people, and a lot at Notre Dame, are genuinely concerned."

Syria expects new fighting: Israeli pullout seems unlikely

By PAT MALLEY and PAT SAIN
News Staff

DEBUT: Lebanon (AP) — Syria said yesterday it expected to fight again with Israel and Lebanonese leaders expressed pessimism about U.S. attempts to arrange a pullout of Israeli forces from their country.

Eleven months, the Israeli army began its occupation of Beirut, causing thousands of Syrian nationals to return home. Some 5,000 troops occupied the southern coastal town of Tyre on Thursday, September 6. The PLO has claimed Israeli air strikes to have been launched.

There will be a meeting on "Draft Registration and Draft Resistance" tonight at 8:00 in Room 101 of the Law School. Members of the panel will be Prof. Don Blosser, Director of the Center for Disarmament at Johns Hopkins College; Prof. Edward M. Gaffney, Director of the Notre Dame Law School Center for Constitutional Studies; and Fr. Michael Hagemeyer of the Notre Dame Campus Ministry. The panel will consider the ethical, legal, moral and practical problems of national recruiting and draft resistance. All persons are welcome to attend. — The Observer

A Notre Dame accounting professor has recently been involved in a major showing of realist works at the Pennsylvania "New Realist" painters, will show and discuss some of his recent works at 8 p.m. Tuesday in the Annenberg Auditorium of the Suite. The program is sponsored by the Department of Art, History and Design, who is noted for his large lecture paintings of figures in modern guise performing everyday tasks. He received a B.F.A. in 1980 and has been teaching at Notre Dame since 1983. — The Observer

Woodcuts and acrylics by Don Vogt, associate professor of art at Notre Dame, will be on display in the upstairs gallery of South Bend's Century Center from April 3 to May 1. An opening reception is scheduled for 7 p.m. Saturday April 9. The exhibition is entitled "Floating World '83." and financial support is provided by the Indiana Arts Commission and the National Endowment for the Arts. Vogt joined the Notre Dame faculty in 1965 after studying at the Universities of Chicago and Wisconsin. — The Observer

Barney Clark was eulogized before 1,500 mourners yesterday as a "selfless pioneer." He was barely 60 years old and died last Wednesday, nearly 17 hours after her husband reported her missing, police said. The body of an Indianapolis woman was found in a paneled car, 11 a.m. Monday to attend a meeting downtown. A Marion County sheriff's deputy said Mrs. Brumbly's husband Steven reported her missing shortly after 6 p.m. Monday. Indianapolis police homicide investigator Norman Matthews said he believed Mrs. Brumbly was still alive when she was forced into the trunk, adding that she was bruised. An autopsy was to be performed Larry Davis, assistant chief of Indianapolis police. — The Observer

The body of an Indianapolis woman was found in the trunk of her car in a supermarket parking lot yesterday, nearly 17 hours after her husband reported her missing, police said. The body of a young man was discovered in the personal section of L.S. Ayres & Co.'s Glendale Shopping Center, had left work about 11 a.m. Monday to attend a meeting downtown. A Marion County sheriff's deputy said Mrs. Brumbly's husband Steven reported her missing shortly after 6 p.m. Monday. Indianapolis police homicide investigator Norman Matthews said he believed Mrs. Brumbly was still alive when she was forced into the trunk, adding that she was bruised. Notre Dame team victorious in MBA case competition

By TIM BUCKLEY
News Staff

The Notre Dame team won the MBA Invitational Case Competition presented by the National Council on the second con- 

secutive year. Teams from four regional colleges presented their solutions in the Cen- 

ter of Continuing Education. A panel of four judges, after having studied a case problem in business administra-

tion, placed Notre Dame as the first-place winner. The other three schools represented were: University of Illinois at Urbana- Champaign, University of Missouri at Columbia.

Each team had one day to prepare its presentation. The competition began at the uni-

versity level with an "in house" competition between six individually formed Notre Dame Master of Busi-

ness Administration teams. The win-

ning team from this group represented Notre Dame yesterday in the inter-university competition.

Said Conway, "I feel that their success illustrates that our MBA stu-

dents can compete with the best from other schools — especially since our winning team goes on to compete with hand-picked all-star teams from other schools with great success at this level as well."

The winning team, second-year MBA students, was Carla Cotton, Geoffrie Janman, and Thomas Boll, Jr.

"There were five judges, a head academic judge, and a panel of four judges from the business world," Conway said.

The panel of business judges was comprised of Robert Holster, president and chief executive of-

icer of CTS Corporation; Fred Mischke, vice president and treasurer of Western Corporation; Robert Sieron, manager of planning at Amoco Chemical Corporation; and Rudolph Reiners, senior vice president of First National Bank, Elkhart.

Notre Dame sponsors the competition. The other three schools competing were: Ohio State Univer-
sity, University of Illinois at Urbana-Champaign, and University of Missouri at Columbia. 

The University of Missouri team presents its case in the MBA institutional Case Competition.

Will assume Chicago post

Egan reflects on thirteen-year stay

By HELEN LUCATTIS
News Staff

With mixed emotions, Monsignor John Egan will end his thirteen-year stay at Notre Dame April 15 and assume the position of Director of Human Relations and Ecumenism for the Archdiocese of Chicago.

"I am very sad to leave Notre Dame. Right now I am suffering the pain of withdrawal, but at the same time I am happy," he says.

Chicago Archbishop Joseph Bernardin announced March 24 that Egan, the director of the Center for Pastoral and Social Ministry here, would assume the directorship in Chicago.

"I was invited home to Chicago, and trust I'll be able to help Joseph Bernardin in the work of continued renewal of the Archdiocese," Egan says.

"Notre Dame has been my home for thirteen years. Some of the hap-

piest years of my life have been spent here," says Egan.

"Notre Dame has given me the opportunity to work with people of academia and serve the church and my deepest friends of my whole life are at Notre Dame, espe-

cially Father Hesburgh," Egan said.

Egan came to Notre Dame in 1970. He was Director of the Office of Urban Affairs for the Chicago archdiocese from 1959 to 1969 and served as pastor of Presentation Church in Chicago from 1960 to 1970.

After coming here, Egan was ap-
pointed special assistant to Presi-
dent Theodore Hesburgh and assumed responsibility for the Uni-

versity's various Church service programs. He is also founder and for-

ner chairman of the Catholic Com-

mittee on Urban Ministry.

Egan's new office will be in the Archdiocese's Pastoral Center, and he will live at Holy Name Cathedral. A replacement for Egan has not been appointed, but a committee is discussing the matter.
Ignoiring the unseasonable cold, Jay Finster and his trusty golf clubs brave the brisk air and head for Burke Memorial Golf Course.

**SMC Dean of Student Affairs**

**Rice to seek NY management job**

By SUSAN O'HARA
Staff Reporter

Kathleen Rice, who Sunday resigned as Saint Mary's dean of student affairs, has indicated that she will seek a job in the field of management in the Manhattan area of New York City.

In her seventh year at the College, Rice says she made the decision to leave after careful consideration of her personal and career goals and values. "I want to return to the East where the ocean and my family happen to be," she says.

Rice plans to live and work in Manhattan. She believes that her position at Saint Mary's has provided her with the experience needed for a management-level job.

The announcement of her resignation occurred at the weekly Board of Governance meeting. Rice explained then that she was leaving because "I feel I've done all I can at Saint Mary's."

Rice was a Manhattan resident while studying for her doctorate at Columbia University. After receiving a Bachelor of Arts degree in Philosophy and Psychology at Northeastern University in Boston, she attended Boston College for her Master's degree in Psychology. Before coming to Saint Mary's, Rice was the director of a counseling center, heading the office of transfer admissions at Boston College. She also worked as a psychologist for the College Board in Boston and New York and was a psychiatric social worker.

Rice's resignation becomes effective in June, and a national search for a dean of student affairs will be conducted to find a replacement for her.

**Acting EPA chief likely to resign, say govt, sources**

WASHINGTON (AP) — Dr. John Hernandez, acting administrator of the Environmental Protection Agency since the resignation of Anne McGill Burbord two weeks ago, will resign tomorrow, say administration sources.

Hernandez, who himself has come under fire for his actions involving a report on dioxin contamination in Michigan, will be replaced as acting administrator by Lee Ventzand, according to an agency source who asked not to be identified.

Another source said that Hernandez met late yesterday in his office with White House aide Joe Ryan and that apparently his resignation was asked for at that time.

President Reagan has nominated William D. Ruckelshaus to be the permanent head of the embattled agency, but Ruckelshaus has not yet been confirmed by the Senate.

ABC News reported last night that Reagan will seek the resignations today of EPA General Counsel Robert Perret and Assistant Administrator John Todhunter.

CANDIDATES ARE PAT DEPACE and RANDY HILL
English Dept. is accepting contest entries

By SCOTT HARDER
Staff Reporter

The Notre Dame English Department is accepting entries for its annual writing contest. Prizes will be awarded for the best entries in the areas of poetry, playwriting, fiction and essays.

Three of the contests are for original poetry, two are for essays and the other two are awarded for fiction and playwriting respectively. Any undergrad can enter all of the contests except for the original essay contest, which is limited to seniors.

Graduate students are only allowed to enter one of the poetry contests, which incidentally has the largest money prize of $100. All of the above undergraduate contests carry a $500 first prize.

The deadline for submitting entries is 4 p.m. on Wednesday, April 6. All entries must be typed and identified only by an attached card with the author's address.

For further information is available in Room 409 O'Shaugnessy Hall or from Professor Sonata Garness.

Five cent gas tax hike takes effect on Friday

HPC proposes ending grad R.A.'s

By MIKE KRISKO
News Staff

Excluding graduate students from positions as resident assistants was one of the congressmen's solutions to the housing problem according to Zahn Hall President Bob Johnson at last night's meeting.

Student Government Housing Commissioner Jorge Valencia read Director of Student Housing Father Michael J. Heppen's letter which announced that there will be no housing lottery.

HPC President Mike McAdulle warned that the inverted lottery was not an idle threat and said that measures must be taken to prevent the recurrence of the problem.

Cavanaugh Hall President Jim Less presented the Ad Hoc Committee's long range suggestions to prevent a housing shortage in the future.

* Each rector and hall president should review room sizes and increase the number of rooms where possible.
* Graduate residences should be considered for housing some upperclassmen.
* The housing policy for transfer students should be changed.
* Alternate housing should be considered — as was done with Columbia Hall and when Edward's Hall burned down.
* Study and social space in the Pasquerillas, Lewis, Flam Halls and Grace Halls should be used.
* Graduate students should not be permitted to sign in without first being informed by the university.
* The council decided that the presidents should make sure students in Grace Halls observe the curfew.

Summer program

Geologists to aid minorities

By BETH WALSH
News Staff

Few inner-city minority high school students know what geology means.

And few, if any, are planning on being geologists.

But Chicago-area minority students will study geology and be introduced to related career opportunities this summer during a program sponsored by Notre Dame's Earth Science Department.

A summer program of preliminary instruction followed by a 12-day field trip to Montana, Wyoming and South Dakota began June 20 at four regional sites — Northwestern University, Evanston; the University of Illinois, Chicago Circle campus; Indiana University Northwest, Gary; and the University of Chicago.

Minority students lack knowledge of geology, Earth Science Chairman Father Michael Murphy said, because "the earth sciences are the most poorly taught sciences in the urban educational system."

Classes for the program will be held four hours a day for two weeks, covering topics including mineral and rock identification, stream and wind erosion, geologic fossils and glaciation. Based on class performance and examination results, 36 students from the preliminary programs will be selected for the trip to Montana beginning July 9. The group will be housed in a student dormitory at Montana State University at Bozeman.

After field trips to Yellowstone Park, the Rocky Mountains, and Madison Canyon earthquake area, the group will leave Bozeman on July 11 traveling through the Grand Tetons National Park, Big Horn Mountains and Black Hills en route back to Chicago.

Minority students eligible for the program are those in the upper 10 percent of their class who have completed their junior year, taken both biology and chemistry courses and at least two years of math. Students also must submit letters of recommendation from two high school teachers, a 100 word essay explaining why they want to participate in the program, and a reference from a pastor or guardian.

The program is free, underwritten by institutional grants given to Notre Dame from the Atlantic Richfield Foundation, Conoco, Standard Oil of California, Standard Oil of Indiana and Texaco.

Murphy is responsible for planning and organizing the curriculum and field trips, with assistance from faculty and staff of the cooperating universities.

EARN OVER $1000 A MONTH. AND OPEN THE DOOR TO A TOP ENGINEERING FUTURE.

How many corporations would be willing to pay you over $1000 a month during your junior and senior years just so you’d join the company after graduation? Under a special Navy program we’ve doing just that. It’s called the Nuclear Propulsion Officer Candidate College Program. And under it, you’ll not only get great pay during your junior and senior years, but after graduation you’ll receive a year of valuable graduate-level training that is not available from any other employer.

If you are a junior or senior majoring in math, engineering, or physical sciences, find out more today. And let your career pay off while still in college.

For more information, call the Naval Management Programs Office at:

Dear Roemer,

I am a group, wish to express our feelings regarding Tim Schierl's behavior in Ft. Lauderdale during spring break.

First of all, all of us were present for the contest. We encouraged Tim to participate beforehand, cheered for him while he was on stage and praised him afterwards. We were, like Tim, caught up in the "spring-going-go" amongst the other students there, an environment typical with Marquette. Although we did not realize it at the time, Tim's actions on stage and ours in the audience were wrong. Together, as representatives of Notre Dame, we disgraced the University and to insure this sort of behavior does not occur again.

Sincerely,

[Signature]

The Key of the non-violent cross

Why did Jesus Christ die? Jesus died to demonstrate the fatherly nature of his love. He died a victim of violence, abandoned by his closest friends. Yet even at his arrest, one of his disciples pulled out a sword to defend him and he rebuked him saying, "No more of this!"

Joe Ross

Guest Columnist

The Passion of Jesus has tremendous signiﬁcance for his followers today. We celebrate in the Passion that Christ died to erase the guilt and isolation caused by sin. It is the moment before it can burst forth with new life. We, too, must in a sense die before we can burst forth anew. We must die to our personal selﬁshness and to our need for control and power. These are aspects of our lives in which we take years to grow. Yet that growth needs to have a clear, obvious beginning.

We can begin to die to our personal selﬁshness now by turning in our hearts to prayer. The very act of beginning to pray takes us out of ourselves and thus makes us vulnerable. It is in that vulnerability we begin to grow. However, in order to push ourselves to begin or we will not grow.

We can begin to die to our need for control and power by examining the results of those needs. We have expressed our desire for power by embroiling ourselves in the mass media. We have used the vast system of education, poised, waiting to be released. We must begin to discern, and not just to discern the weapons of those who wish to perpetuate our hearts.

This "personal disarmament" of which Pope Paul VI spoke, and which he himself did, is the first step. And so on the Friday we called God, the day we celebrate Christ’s sacrifice of unconditional love, a special prayer will take place for the disarmament of our hearts and the disarmament of weapons in this country and throughout the world.

The American Catholic bishops have urged us to pray for peace and a particularly ap

P. O. Box Q

To Fr. Porterfield

Dear Father Dave,

I am writing to thank you for the time and energy that you devoted to the men of Notre Dame College. It is not my intention to dramatize your resignation, but I am writing to you with confidence. It is not an easy letters to write to someone you considered a mentor. It is not easy to say goodbye to someone you have known for many years. And it is even more tragic when you have been accused of stealing money.

I don't believe Dr. Henry Daley’s election in the 60s and 70s elected a long shot when the two white candidates, Daley and Byrne, could not agree who was the better candidate. The rift between the Democratic community was furthered by the machine's insistence that a simple plurality would secure a primary win. It is the same plurality rule that failed us to tear Chicago apart in the general election. With little hope of steering a non-racial course through the election, Chicagoans can only hope to diffuse the situation by voting for the lesser of two evils, Harold Washington. But that vote should not be an acquiescence to Washington's past, nor should it be a blind vote for a black or even for a Democrat.

Washington's message, while mysteriously close to the likes of Jesse Jackson, provides the foresight needed to run Chicago. And anyway, Jackson is too busy running for president to care about Chicago. Like it or not, Washington is Chicago's best chance to fight Reaganism from the city's current depths.

It is indeed sad that the eyes of the nation and the Flag Pole adjourned to its "racist" white community to open fire on blacks should Washington win. Enough, few of these states are coming from blacks of the national action rides on the likes of Walter Mondale and John Glenn, whose support stems more from presidential election hopes that from any sense of racial equality. The real winner of this race will be neither Bernard Epton nor Harold Washington, but a politician who, until recently, was a blundering glutton in his father’s eye. But this glutton has become the most promising politician in modern Chicago history because he knew who to go to for speech lessons, and when to say he’d be silent. And it is through his tenure and integrity as state's attorney of the State of Illinois that Richie Daley has secured the admiration and respect of blacks and whites who may very well elect him mayor in 1987.

Founded November 3, 1966
A friend asked this of me while we were standing at the ceiling of my room. I tried to impress upon him the fact that I knew absolutely nothing about it. Now, after all, I have lived this half century in and day out. But it doesn’t bother me when people tell me I’m crazy. I don’t care. I am afraid of the one that has grabbed his paranoid fancy. He left out the one that has mentioned several phobias that had haunted me as long as I can remember (and that’s several years).

Sane pessimist.

I live in constant and vehement fear of being “normal,” of waking up one day and looking at myself in the mirror and thinking, “Who the heck is this?” After I had a heart attack Monday, Marc Ramirez mentioned several phobias that had grabbed his paranoid fancy. He left out the one that has mentioned several phobias that had haunted me as long as I can remember (and that’s several years).

Sane pessimist.

After getting off to bad start, Gallo and team do not come close to matching last year's fine defensive team, which finished with the 12th best fielding percentage. The team's five errors in 14 innings this year, while last year, the team had only four errors in 43 games.

"We played against nine of ourselves and nine of our own," commented third-year coach Larry Gallo after a recent three-game try in which the team had 13 errors.

"We have a problem at all nine positions, defensive," continued Gallo. "It just seems like it's all a different position everyday. (The poor defense) is very con-
tentious.

"You've got to make the play when the ball is hit at you. You've got to pick up the full ball and throw people out. The teams that play very sound defense don't make great plays, they make the play, the routine play. If you don't do that, you're in big trouble.

"If you prolong the inning, prolong the bunting order, give them fous, you're not going to win. It is as simple as that," stated Gallo. "We bunt a lot.

"We used defense and pitching to win. I would have liked to have thought prior to the season that our pitching and defense would be great," said Gallo. "The pitching's been good. It's the defense. I don't care what type of pitching you're going to get, what kind of hitting you get, you're not going to win (with our kind of defense)."

The pitching should be good. The Irish return eight of its top nine pitchers. The team had a 5.01 ERA (earned run average) last year. The top three starters are senior All-BIG East selection Tom Kelly and junior Mark Clements.

In the young season, Maret is 1-2 with a 3.52 ERA. He has six K's and sported a 3.52 ERA last season. Maret has 11 strikeouts in 19 innings of work. He has bad problems with control, though. Maret has walked 12 batters this year after walking 9 in 55 innings last year.

Whitmer has a record of 0-5 and a ERA of 5.41 after going 2-4 with a 9.10 ERA last season. He has 15 strikeouts in 17 innings of pitching.

The lefty Clements has a spotless 0.00 record while in his third year of pitching for Notre Dame. Two of his victories have come this year. Clements has a 3.52 ERA in the early season. His ERA last season was 2.61.

"The biggest success rate of all is the fact that everyone of our nine is a player," Gallo remarked. "He's proven that he can be a very good hitter, but he hasn't hit well this year so far. I'm sure he'll come out of it.

Sophomore Jason Schomer has seen the majority of the action at shortstop. He has committed seven errors at the hot corner. He has a tightening shoulder and is batting 1.000.

If you have not figured it out, Larry Gallo is a very down to earth, real hard working type of person. He has been in College baseball for 14 years as a baseball player and coach and has coached on-off on his players.

"Baseball players are very realistic, generally, because I feel it is the hardest sport to make it to the top," Gallo explains.

"During the summer, I work with kids in the Cape Cod summer league who have been drafted. The league is better than Class A. It lets me see both ends of the spectrum.

"Here at Notre Dame, I know the athletes are academically oriented and realize that baseball will be over after four years. At Cape Cod players are sometimes idealistic and think that they can make the pros. When they don't, they have nothing to do. Our players are prepared very well in life to make it."

"I'm sure that Larry Gallo has a good reason not to do well. He doesn't use any excuses, though, and will never reach the point that losing does not affect him. He will not rest until he reaches the top.

"No one likes to lose more than I do," he says. "If you weren't supposed to win, they wouldn't score. I'd like to think that the players are not the problem, but I'm struggling to make it better. Three years does not a program make, so we have to keep it going. After a decade or so, then we can look back.

"I have three goals. I want to make the (Midwest City) conference tournament. I want to win 20 games again, and I want to go to the NCAA's. It's possible with a tremendous amount of hard work and desire.

"Larry demands hard work of his players and gets as much out of them as he can. He shows them how to win. He has the most wins in more than more runs than any other program."

... Gallo

By NEAL SMITH
Sports Writer

In a number of ways, this year's Irish baseball team is quite different from last year's 28-15 team.

Notre Dame returns only three of its eight regular starters from last year - right fielder Rick Chryst, catcher Phil Dingle, and second baseman Jack Moran.

The team is presently 3-1-1. At this point in the season, the team was 4-0-1.

"Probably the biggest difference is the fielding. The team does not come close to matching last year's fine defensive team, which finished with the 12th best fielding percentage. The team has five errors in 14 innings this year, while last year, the team had only four errors in 43 games.

"We played against nine of ourselves and nine of our own," commented third-year coach Larry Gallo after a recent three-game try in which the team had 13 errors.

"We have a problem at all nine positions. Defensive," continued Gallo. "It just seems like it's all a different position everyday. (The poor defense) is very contentious.

"You've got to make the play when the ball is hit at you. You've got to pick up the full ball and throw people out. The teams that play very sound defense don't make great plays, they make the play, the routine play. If you don't do that, you're in big trouble.

"If you prolong the inning, prolong the bunting order, give them fours, you're not going to win. It is as simple as that," stated Gallo. "We bunt a lot.

"We used defense and pitching to win. I would have liked to have thought prior to the season that our pitching and defense would be great," said Gallo. "The pitching's been good. It's the defense. I don't care what type of pitching you're going to get, what kind of hitting you get, you're not going to win (with our kind of defense)."

"The pitching should be good. The Irish return eight of its top nine pitchers. The team had a 5.01 ERA (earned run average) last year. The top three starters are senior All-BIG East selection Tom Kelly and junior Mark Clements.

MCC boosts smaller sports

Several minor sports attempt to gain national exposure through conference

By MIKE SULLIVAN
Assistant Sports Editor

If any major complaint about Notre Dame athletics is unarguably true, it is the fact that Notre Dame really has few nationally-recognized sports. Football and basketball have always drawn a lot of press, while Mike DeCesare's fencing squad is also recognized as one of the best in the nation. Hockey has also made a lot of news, but the reason for the publicity was the dropping of the program.

Beyond this, however, the other smaller programs have wallowed in near-obscurity. This was not the fault of the coaches and usually was no reflection on the players, but was, rather, the result of the athletic department's status as an independent.

"Face it, the days of the independent are gone," says Notre Dame baseball coach Larry Gallo, one of the people most responsible for solving the problem. "We (the smaller, non-revenue sports) can survive only because of the exposure of basketball and football."

Gallo, with a lot of cooperation from Athletic Director Gene Corrigan, decided that the name "Notre Dame" could only get his baseball team so far and began working on a plan to join a new conference — the Midwestern City Conference — that a number of the smaller programs could also join.

Why would a conference solve the problems of the minor sports? It all comes down to getting publicity so that Notre Dame will earn the reputation of being more than a football-basketball school and will be able to attract talented recruits.

And there is no better way to gain publicity than to compete in an NCAA post-season tournament. The problem has been that the lesser-known teams like baseball, golf, and tennis have been unable to gain a berth because most of the bids go to conference champions.

There are so few slots open to independents that it means a great deal to have a good reputation. Here in the Cen-Cen, in order to get a good reputation, a team needs the exposure of a national tournament. But, if reputation gets you into the tournament...in other words, the smaller sports were in a no-win situation.

"We had no choice but to join a conference," said Gallo. "Notre Dame baseball, as far as a post-season tournament is concerned, is conference-oriented. Out of a possible 36 teams that go to the regional tournament, only 24 automatically qualify. Not only the conference winner goes, though. The second-place team gets a bid at best.

Gallo saw that, unless he did something, the baseball program that he was trying to build...the one with a great deal of a future.

"We were going nowhere fast and I knew that the department's emphasis on baseball wasn't great. It seemed apparent to me that we wouldn't get an at-large berth."

"So I got together with the coach at Oral Roberts, whom I'm good friends with, and we talked about the possibility of joining the conference. I brought the idea to Gene Corrigan and, about two years later, we got the thing going.

"You got to give Mr. Corrigan a lot of credit," he goes on. "He wanted to give the "minor" sports something to play for.

The MCC is not really the "baseball conference" that it has been accused of being (in fact, it was created for basketball — except that Notre Dame was not part of it), but it appears that, of all the sports that are included in the conference — baseball, track, golf, and men's tennis — baseball could benefit the most. There will be no automatic tournament bid to the conference champion, but there is a good chance that the conference will get an automatic bid next year if the selection committee feels its competition and win-loss record warrant the bid.

"If we get a good chance as any of making the tournament," Gallo says. "I'll guarantee that the winner of the conference will have a good record, and that it will get a bid.

"It gives the players something to play for. There is a chance to make the NCAA's.

"We've got as good a chance as any of making the tournament," says Gallo about the new rivals. "I'd like to think that us and Detroit would be the top two finishers, but we're going to have to play very well — better than we're playing now.

While Larry Gallo has got to be happy about the new conference, he is not the only coach at Notre Dame who is happy. O'Sullivan, the Notre Dame golf coach, was ecstatic at the thought of having a reasonable chance in an NCAA tournament bid.

"Now we have a shot at the tournament," says O'Sullivan. "With this as motivation, it (a tournament bid) is an objective, not just a goal. The players realize that they are no longer reaching for a star.

"We're talented enough to be conference champions. It helps out recruiting because of the exposure that the tournament offers the recruits.

Already, Joe Piane's track team has benefited from new conference. During the winter, the Irish hosted the MCC Indoor Championships and won going away.

Now, Gallo and his baseball team will try to benefit from the conference as it begins its MCC season against Xavier on Monday with a doubleheader on Kline Field.

"While it may seem unusual that any Notre Dame team is a member of a conference, get used to it. Because, if the smaller sports at Notre Dame are going to continue the Notre Dame athletic tradition that was started by football, it is going to be a result of their membership in a conference.
Irish club sports begin to blossom

Sports Briefs

Wednesday, March 30, 1983 — page 12

The Saint Mary’s softball team will open its season against the Notre Dame softball club on April 5 at Notre Dame. The home opener for the Belles will take place on April 7 when the team will square off against Valparaiso. — The Observer

The ND-SMC Sailing Club will hold a meeting this evening at 6:30 in the boathouse. The club will discuss lessons and the upcoming Regattas at the meeting. All new members are welcome. — The Observer

The Women’s Bookstore Tournament still has a limited amount of spaces remaining. If you would like to sign up, call 6865 today. — The Observer

The Notre Dame men’s track team will be participating in the M.S. U. Relays at Cape Coral, Fla. on Saturday, April 2. — The Observer

The Notre Dame golf team lead by Frank Leyes will face Valparaiso at home tomorrow. Tomorrow’s match will be followed by encounters against Olivet, Trine State, Xavier and Ball State. The letter will be played at Bell State. — The Observer

The Notre Dame lacrosse team plays the Michigan State College at 6:30 this evening before traveling to C.W. Post for a Saturday encounter. — The Observer

The Notre Dame men’s tennis team will play at Purdue tomorrow, at Indiana State on Friday and home on Easter Sunday against Iowa. The team will need to travel to Ohio State to play the Buckeyes on Monday, April 4 when it faces Ohio State. — The Observer

The Notre Dame women’s tennis team who has come of age 2 spring trip at Hilton Head will face Eastern Michigan University tomorrow morning at 8 in Ypsilanti, Mich. Afterward the team will head to East Lansing for its match with Michigan State at 6:00 p.m. Other upcoming matches are Michigan (noon Saturday), Morehead State (Sunday), and Northwestern (April 6 at Notre Dame). All the official information about the women’s tennis team is available at the Notre Dame women’s tennis team office.

The Notre Dame's men’s rowers will face Lincoln Park University (later in the week) and Peking University (May 3) in the future. — The Observer

SPORTS BRIEFS
As much as the NCAA hates to ad-
mit it, college basketball resembles
the NBA more now than ever before
— and college basketball is more
popular now than ever before. What
coincidence.

Here's how I see the Saturday's
semifinal matchups:

Houst on (30-2) vs. Louis ville
(32-3). This may be the game of the
year that is, if the rims can survive
40 minutes of dunks. These teams,
similar. Many of the players come
from the Playground — be it in
Louisville or Houston, or Camden,
N.J., or Lagos, Nigeria.

Both teams have powerful, "don't
mess with me, boy" front lines, al-
though the shot-blocking abilities of
Akeem Abdul Olajuwon, Clyde
Drexler and Larry Micheaux should
give the No. 3-ranked Cougars an
edge underneath against the Car-
dinals' Rod McCray, Scooter
McCray and Charles Jones.

But this game: believe it or not,
will not be won under the basket.
Louisville sponsored past Kentucky
lost Saturdays because of a stifling
defense. Led by Lancaster
Gordon and Mike Wagner, Houston's
luck of a ball-handling guard —
which has been evident but hasn't
hurt the Cougars yet in the to-
urnament — will be key against the
Cardinals.

If your goal is to become a pro-
fessional, you owe it to yourself not to
overlook any opportunities that will help you
reach that goal. THE NAVY PILOT (20/20 vision is required) is the finest in the world, flying a variety of soph-
is ticated high performance aircraft. THE NAVAL FLIGHT OFFICER (vision correctable to 20/20) is the quarter-
back of the Naval Aviation Team with wide-ranging expertise from state-of-the-art Data Processing to Master Tacti-
cians. If you are a college graduate, or are within three years of graduation, wanting to get your feet off the ground
and earn over $27,000 a year within four years and attend the world's most prestigious flight school, contact or mail

 converational series will enhance the decor of any living room. Titles: Why Not, Do It, Now, Why Not. Join us in working with and for the people in the spirit of Jesus, and justice. Ignite the fire in your life, but I'm out to try and benefit Notre Dame now. I'm very impressed with our players and the feedback and commitment of the students. The way everyone has taken me in and made me feel comfortable is something I appreciate very much. "I hope we can mutually benefit from it." Moore knows a lot about mutual benefits. On the ring finger of his left hand is a gift that Bryant bestowed to his assistant after their historic breaking 15th victory. A small figure of Bryant in his bounds-south era is etched in the gigantic ring with a special message from Bryant: "Thanks for making us excel." If Moore can help make big things happen for the Alabama Crimson Tide, Alabama fans may realize that their greatest loss to Notre Dame did not take place on the gridiron.

NBA players, management near pact

(AP) — The National Basketball association contract talks indicated yesterday that they are moving positively towards a settlement, but stopped short of saying an agreement is imminent just four days before a threatened strike. "If we weren't on the correct wavelength, we wouldn't be talking," Larry Fleisher, general counsel for the Players Association, said after a four-hour meeting. "I will assure you that a settlement is not imminent, but I feel much better than I did two Thursday. On that day, we went back to square one." After yesterday's meeting, Commissioner Larry O'Brien, head of the management negotiating team, said another negotiating session was scheduled today.

NBA players have threatened to go on strike after Saturday's games if no contract is reached by that day.

Live for God and His People as a...

Capuchin a what?

Capuchin Franciscans are a religious fraternity of men trying to live the Gospel in the spirit of Jesus of Nazareth in today's world.

Join us in promoting peace, education, and justice — in ghettos, in jails, in soup kitchens, in parishes, in halfway houses, on radio and TV.

Do us in working with and for the advancement of blacks, whites, Hispanics, native Africans and people of the world in Central America.

Check out whether being a Capuchin, committed to living for God and his people in the spirit of Francis, is for you. No obligation. Write today for more information.

Clip and Mail Today!

Father John Holty, O.F.M. Capuchin, 1820 Mt. Elliott Avenue, Detroit, MI 48207

Yes. send me more information about the Capuchin way of life.

Moore recalls Crimson Tide days

By LOUIE SOMOGYI
Sports Writer

When Alabama graduate and former offensive coordinator Mal Moore accepted the position of head football coach at Notre Dame earlier this year, he quickly received a message in the Notre Dame football office from a close friend at Alabama. "Congratulations," stated the message, "if you can't beat them, join them."

Notre Dame is not the most popular choice in the state of Alabama for football fans. Five times in the last 16 years Alabama has defeated an 11-0 Alabama squad, 13-11, in the Orange Bowl to again squelch the Tide's hope for No. 1. The greatest angst from Alabama came in 1974. While No. 5 Notre Dame defeated No. 1 Texas by a 38-10 count in the Cotton Bowl No. 3 Alabama beat No. 8 Ohio State in the Sugar Bowl, 56-5. Since the No. 2 team also lost that day, Alabama fans felt that logically the Tide deserved the national championship. Mal Moore, however, was awarded that honor.

Alabama fans reasoned in a song called "The Little Blue Nun" that the award was given to Notre Dame because of the 12 touchdowns scored in the game. Notre Dame fans accused the 43-year-old Moore of treason for moving his spectacular coaching career to Notre Dame.

Save for some good-natured ribbing from a friend already retired to Montana, Moore has been at all as a Benedict Arnold. Moore: "In fact, last summer was scheduled by the response to my Graduate Assistant Sports Editor

Spring Football '83

Bjork impressive in AHCA All-Star game

By JANE HEALEY
Assistant Sports Editor

Notre Dame hockey player Bjork scored three points — one goal and two assists — in a losing effort as the West Edged the East 5-4 in overtime in the AHCA All-Star game Monday night in Bloomington, Minn.

"It was a fantastic experience," Bjork said. "Some of the guys were a little ragged on the ice from not playing in a while. You could tell who had played in the NCAA finals and who hadn't. But it was fun."

The two squads were voted upon by coaches from each region. Bjork, who was already selected as an all-American and a CHIC, all-academic honorable mention, received the second most votes in his center position. Two-time all-American Brian Hill who broke his ankle before the game and was not able to compete, was the top vote getter.

The East's first line was comprised of Bjork, Mark Hamann of Michigan State University, and Ted Spores of the University of Michigan. The

combination did not have any trouble getting use to one another. "I had played with both of those guys in the National Sports Festival last summer," Bjork said. "It wasn't hard playing with them."

The AHCA All-Star game is any sport, the contest served as a showcase for the scouts. "From what I understand, there were a lot of scouts there," Bjork said. "Some agents came in to tell us about the scouts and what they were interested in."

But Bjork's main interest was not the presence of professional scouts; he was more enthused about the possibility of a 3.0 Olympic representative being present. Official tryouts for the 1984 U.S. Olympic hockey team will be June 25-July 7 in Colorado Springs, Bjork plans to be there, and he is optimistic after his all-star performance.

"It certainly doesn't hurt," he said. "I think my chances are strengthened now. I don't know how much of the team has already been selected or how many slots are open. All that will be decided in Colorado."

By MIKE SULLIVAN
Sports Editor Emeritus

"It certainly doesn't hurt," he said. "I think my chances are strengthened now. I don't know how much of the team has already been selected or how many slots are open. All that will be decided in Colorado."

If you find that your head is becoming round, your spring break fun is turning orange and the word "sparking" is etched on your face, then you qualify. If you find yourself wondering of Robert Morris, Georgia Southern, or how the Mishawaka Cavemen were doing in Hoosier Hysteria, then you definitely qualify.

And this is your time of the year. With Hoosier hysteria just completed, the NIT final tonight, the Final Four upcoming this weekend and the NBA playoffs starting in a couple of weeks, basketball thrills will have a hard time keeping track of Kareem and Kareem, Scooter and Cozell, Moses and Magic.

It all began with the Indiana high school Final Four last weekend in Indianapolis. It takes a special breed of basketball junkie to sit through high school games, but I've learned that if you don't have to own a policy from Farm Bureau Insurance or worry about black nightclub affecting your corn yield to enjoy Hoosier Hysteria, then you definitely qualify.

The Notre Dame baseball program has many of the same problems that the other "minor" sports at Notre Dame have. The financial support that is given the team is not great and the academic requirements for the student-athletes are tougher than most other schools. There are not many scholarships for the sport, so building a winning program is a difficult task.

Notre Dame baseball coach Larry Gallo realized that, but he has learned to accept all the problems and has not used them as an excuse for not winning. But then again, he is known for his winning ways.

"I'm not an eternal optimist and I'm not a pessimist — I'm a realist," explains Gallo, who is starting his third season as the Irish coach. "I know that the chances of us being No. 1 or being among the best in the country are not in our favor, but that does not mean that I don't expect us to win close games sometimes."

"I have a feeling of never being satisfied which goes back to when I was a player. I feel that you can always do better."

It has been a long time since the Notre Dame baseball program has had someone do better than Gallo. Before he joined the program as an assistant coach in 1979, the baseball team had not put together three 20-win seasons in a row since 1950-58. Now, Gallo is trying to put together the first in 20 win season since 1958. Typically, he is not willing to rest on his success.

"We have worked real hard over the last few years," he says. "But the program still has a long way to go. There is not the necessary financial emphasis. It is a known fact that we have just four scholarships while 13 is the NCAA limit. It's somewhat of a deterrent as are the tough academic standards. It makes things kinda tough, but I knew that before I took the job."

Gallo, who was 15-11 this season as the Irish coach. "I know that the chances of us being No. 1 or being among the best in the country are not in our favor, but that does not mean that I don't expect us to win close games sometimes."

"I have a feeling of never being satisfied which goes back to when I was a player. I feel that you can always do better."

It makes things kinda tough, but I knew that before I took the job."

When he took the job as assistant coach to Tom Kelly, now the Director of Non-Scholastic Athletics, he was joining a team that had only two winning seasons over the previous six years. The team's poor record did not keep him from leaving his coach at the University of Rhode Island.

"I was coaching in the Cape Cod summer baseball league (in 1979) and I was supposed to go back to Rhode Island to coach baseball and teach physiology," describes Gallo. "But I get a call from [Denton] Stark, who told me that there was an opening in the physical education department at Notre Dame and asked me to apply."

"At first, I thought it was someone pulling my leg. I was surprised that there was a job at Notre Dame. I knew

**The Absurder**

### "Ted to Burbank?"

**By RICHARD FECKNER**

The Student Government has moved to dismiss the current University President, Father Theodore Hesburgh, at the urging of the Notre Dame student council.

The student council has accused Father Hesburgh of misusing student funds and of acting in a manner that is not in the best interests of the University.

**Crazed squirrels attack fieldhouse workers**

**By CHIP N. DALE**

A band of crazed squirrels, scampering about the fieldhouse on campus yesterday, tried to destroy the place.

The Curow, an expert on squirrels, said, "These squirrels are out of control. They are destroying property and creating a hazard for students and faculty."
Sneivs Briefs

ness at night, but don't expect to see the light of day.

Auditorium has been cancelled because of the recent riot. Instead, the sneiveling brats will attend a "Kool-Aid" mixer on the second ground during last night's unscheduled riot at the Engineering season. —

tripping in Mexico, however, the boys are optimistic about the 1983-84 younger brothers and sisters of today's dormers from what she calls city areas, "she said. —

to the Pavarotti stricken members of our inner Buff Knokers, chair unit of the event. Knockers hopes to save the students who can provide more information on the problems of living off-campus, South Bend mayor candidate Ihu McCander feared that the proposal, if carried to term, would ultimately lead to an increase in housing prices. These prices are so high that they are posing a terrible temptation to the Pavarotti strickers members of our inner city areas," she said. — The Absurder.

Lil' Saplings Weekend will be a "good opportunity for the little runts to see just what kind of a dump this place is," said after a student government proposal to alleviate the campus housing problem by converting Corby Hall into a co-ed dormitory. The proposal calls for the priests now residing in Corby Hall to seek quarters in Moreau Seminary, Columbia, Hall, or to take advantage of clergy discounts at Mercy 6, Jurke also announced a series of meetings for the clergy with off-campus students who can provide more information on the problems of living off-campus. South Bend mayoral candidate Ihu McCander feared that the proposal, if carried to term, would ultimately lead to an increase in housing prices. These prices are so high that they are posing a terrible temptation to the Pavarotti strickers members of our inner city areas," she said. — The Absurder.

A disappointing year. That's how the Maintenance Department describes its recent snow season. The lack of the white stuff put the staff from topping last year's record of 54 students and 47 bikes maimed by snowplows. After a recent recruiting trip in Mexico, however, the boys are optimistic about the 1984-85 season. — The Absurder

Bodies flew through the air and splinters showered the floor as the scheduled 11 a.m. show at the Auditorium. During the second reel of the cult classic "Blackmail for Bonita," the crowd voiced disapproval over the chronic bad sound, one of the reasons for the recent signs that read, "Don't come to a head until Student Union officers turned on the lights to comfort those who were left behind. As many as 150 people were injured, and another 18 are missing. The print of the film, valued at $7,500, is also missing. — The Absurder

Plagues, disease, and general ickiness are in the forecast for the Ichthian area through next year. Snow, squalls, and scurry should be particularly prominent. Temperatures of course remain uncontrollable and stamp. Look for snowing darkness at night, but don't expect to see the light of day.

Almost April Fools Day — page 2

Butt leads charge

Prez proposes pinko plunder

By MAJOR EXPENSE Steve Strangnow Student Body Laid Butt announced that Monday's Student Pundit meeting inaugurating his campaign for campus president, demanded trampled submission to Cuba and the cornerstone of the recently demolished Fieldhouse. This was done in order to fulfill communist pinko sympathizers who run this joint. From now on, communist imperial war hogs will have to answer to me. —

Hungr for power, Butt will let last month's elections stand, but amended the constitution to strip Brain Killerman and Peggy Por- tographic, the coming officers of all powers. Butt declared in this exclusive interview, held at his off-campus guerilla base, "all out war now exists. No quarter will be given, though many will be played."

"Because of the great respect and awe given by the students on this campus, I expect them to rise up and join my revolution," Butt boasted. He lied for special targeting for election. University Strongmen Theodore Hermann of Propoganda Father Almond Joy, Minister of Internal Security Junk Volkovski, and General Impostor General Rommel.

Secretly leaked from the ruling junta revealed plans to abolish Butt's coup before it is carried to term. Joy babbled, "The hockey team was supposed to be fighters, too. We stocked them in the packs, and we'll never accommodate any students on this campus."

Rommel promised, "I stop at nothing to stop these nothings." Rumor has it that the junta used the North and South Biological Warfare Laboratories to develop organisms more deadly than the organs. The Laboratories' Director, known only by her code name, 'Verdood,' was eager at the chance to test her skills. Volkswagen could not understand what all the fuss was about. "We have a god-given right to lead these poor, ignorant savages to salvation. With their skis they skating on the lake or playing basketball in the field house?" He then stepped out, staring in his window, watching the squabbling with a mindless grin.

Butt was attending a conference in Auschwitz, Poland, with ex-Ugandan President Idi Amin and ex-Cambodian President Pol Pot, and could not be reached by anyone. Butt was so confident of his success that he revealed to this reporter all his plans for the future operation of the university, which will be renamed the University of Neather Dudes to Him. Among his first priorities is outlawing all of Dillon Hall into a Marine Corps, as they have already demonstrated their prowess at repelling all outsiders. Soon after his consummation of power, he plans to launch a "rape, pillage, rape, plan- den, and rape" expedition across U.S. 51. Butt stressed, "we cannot afford not to exploit these valuable resources."

After this, he will be able to convert all dorms to co-ed beds. "There is only one sure way of being sure that a student is really mature," commented Butt's right-hand man, Bob Bedloop. "In addition, we will abolish all classes, as well as all cabinet, at Nearer Dame. And the library will be perfect as a convenience brothel, with all those little rooms, 'chased in Mike Mahar, who is eager to trade his elite 22 member squad into the combat they've been training for all year.

Senior Class President Mark Minoti predicted the proposal because he won't be able to see it come to its climax.

Butt added that he will maintain the reputation of the university's president as a world leader. He is planning on working with a world leader Muammar Quaddafi, Ayatol­ lah Rouhollah Khomeini, and PLO chairman Yasir Arafat. Butt will also be active in social concerns. He is planning many programs, such as "Save the Basses" to protest dietitian pollution and a world wide free ibm to bring everyone's climate into parity with South Bend.

President Ronald Reagan has characterized the upcoming struggle as a "clash of East and West." He said of Butt, "To go on to save us from those bad commies."
Thoughts on Burundi

University terminals and been unaware that the "Marxian-Leninist subjugation of Phnom Penh" is not even a topic discussed in universities. It seems that the intellectuals are more concerned with the domestic issues of their country than with the larger political events. It is a shame that the students are not more aware of the global implications of their actions.

University terminals and been unaware that the "Marxian-Leninist subjugation of Phnom Penh" is not even a topic discussed in universities. It seems that the intellectuals are more concerned with the domestic issues of their country than with the larger political events. It is a shame that the students are not more aware of the global implications of their actions.

Lefty snared in cocaine deal

By NO SCANDY

Lefty Smith

Notre Dame hockey coach Lefty Smith was arrested at the Mishiana Regional Airport early today while attempting to smuggle a suitcase laden with cocaine into the city.

Police believe this was a last minute attempt on the part of Smith to save the Notre Dame hockey program from facing the泊.

The cocaine was found in 500 hollowed out hockey pucks contained in a suitcase Smith was carrying. Authorities say the cocaine had a street value of "close to $2 million," the same amount needed to ensure the future of the hockey program.

Smith denies the charges, claiming he was set up by the Notre Dame security officers who apprehended him.

"It was blatant entrapment. I had no idea what was in the suitcases," Smith protested. The coach said he purchased the suits from a sporting goods salesman in Columbia, Ind., hoping to distribute them to needy youngsters in the Northeast neighborhood.

Smith was arrested as he embarked from the plane, suitcase in hand. He was quickly escorted from the airport in an attempt to evade the swarms of reporters who rushed to the scene. Local WNDL televisionanchorman Ratty Casy claimed his station had purchased exclusiveinterview rights with Smith.

Smith's wife, the former local model Christina Edsel, kept quietly when confronted by reporters. She denied the charges. "You know, you know, married like eight months. It's a sacrifice. I love Lefty well. I know he would never do anything like that. Do you like my sunglasses?"

Edsel is best known for her early modeling in the local magazine. Ellehart, Todder which quickly sketched her to fame at last report, Edsel had secluded herself in the couple's plush Roseland mansion following her husband's arrest.

There were reports that Edsel had agreed to sell her story to Notre Dame's Scoundrel magazine. Sources close to that publication confirm that the deal is a blatant effort by Editor Seth Mealy to boost sagging circulation.

"We tried to be creative and failed miserably," Mealy said. "So now we're going the Rupert Murdoch approach. We couldn't have prayed for a better story.

When reached for comment, Notre Dame President Fr. Ted Hesburgh said, "I don't know any Lefty Smith. Was there a hockey program here ever?"

If convicted, Smith could be relegated to "club coach" status for two years or be put on ice for thirty years in the state penitentiary.

The USFL has announced plans for a new expansion team, the Misilawski Hammer. Richard Yardley has been named as the team's head coach. B.J. Reuss has been named general manager, and will be in charge of scheduling and all financial matters for the club.

The team does not yet have a stadium to play in, but plans are being drawn up for a new erection by Elleher and Elleher, who are known for their doomed structures. Yardley was optimistic about his team's chances in its first year of competition. "We'll be competitive. I promise you that," said the new coach. "On a given day, we'll be able to lick anybody." — The Absurder

Father Lemon Joy, University sports Kinship, has issued a call to students to support a unilateral freeze on all minor sports. "The un inhibited development and expansion of minor sports programs is leading us to the brink of destruction as a University," said Joy in an official memo distributed to campus media late yesterday. "We already have enough minor sports now to break the University for fines over years. Anyone who thinks that minor sports are an effective deterrent against student boredom is insane." Student reaction was confused. "I knew we had minor sports... but I didn't think my wife would hurt the budget that much," said one senior. The College Republicans jumped into the fray in an attempt to educate students on the issue. The group emphasized the difference between freezing all minor sports and just one sport. "We would just like to make it perfectly clear that all does not equal one. One is one, and all is more than one. Do you follow me, or am I going too fast?" said CR president Bark Wynch. Joy's statement concluded, "It is essential at this time to put our minor sports programs on ice in order to save ourselves from a fate worse than bankruptcy." — The Absurder

Bookstore Commissioner Dave Diizy, encouraged by the success of the recent sale of "Bookstore All The Time," has announced plans for a whole new line of "Bookstore Sportswear." The clothing will be manufactured for the commissioner's committee by Champsian, an international supplier of sportswear. "If anybody is going to make money off of this tournament, it ought to be me," said Diizy in his weekly press intra from his campus headquarters. "Of course, some revenue generated from sportswear sales will go back into the tournament. That will defray costs of raising manholes and spreading gravel over the courts to make them bookstore-playable." He added that he thought the bowling shirts were "particularly snazzy." — The Absurder

Notre Dame basketball coach Rigger Yelps is charged with embezzlement from his deceased suicide attempt two weeks ago. The attempt occurred immediately following his team's loss to the Northwestern State of Lumberjacks in the opening round of the LOSER Tournament. Scratching at the top of his lungs, "We should have been in the NCAA's," an incoherent and flailing Yelps climbed to the top of center Tim Popp's body and flung himself off to the hard court below. Paramedics fought back hundreds of enraged fans who tried to help Yelps in the suicide at tempt and rushed him to Memorial Hospital where he is recovering from bruises, scratches, and a severely deformed ego.

Hershey Talker, former University of Gorted-y-foot ball star, yesterday announced plans to return to the University and finish his education. The Whiteman Trophy winner cried increasing ly negative media coverage as a general reason for his move. "I'm a person, not a piece of meat," he said. "If they can't see anything nice about me, I'm not going to play. Let's face it, face is stupid. I only play because my mommies forces me to. She thinks money is the answer to all her problems, but somedays she'll learn that. No 1 million is just not compensation enough for not being able to solve a quadratic equation or discuss Hegelian positivism intelligently for the rest of your life. I'm going back to the Dawgs." — The Absurder

Head football coach Gerry Faust recently polled off the greatest recruiting coup of his career, landing the infamous Bigfoot from the woods of Washington State to the playing fields under the Golden Dome. A visibly pleased Faust, who ironically, has a foot fetish, is shown here posing with one of Bigfoot's specially-made football shoes.
