Christmas spirit

Steve Pfeifer, Jim Slattery and SB Brian Callaghan put Christmas lights on one of the trees in the new mall. The sighted trees still add a touch of Christmas spirit to the quad.

Actor Jones to tell story of Lear

By KATHLEEN DOYLE

Actor James Earl Jones, star of more than 20 major films, will present a one-man show tonight at 8 in Washington Hall. His appearance is the climax of the Shakespeare film series, sponsored by the College of Arts and Letters.

Jones will tell the story of Shakespeare's King Lear and will intermittently perform the title role which he played in the New York Shakespeare Festival at the Delacorte Theatre in Central Park in 1973.

"James Earl Jones is commonly referred to as one of America's finest actors of all time," said Professor Paul Rathburn, one of the organizers of the event. "He is also referred to as the most distinguished black actor in the world today."

Jones has received honorary doctorates in Humane Letters from Yale, Princeton, and Columbia, as well as the University of Michigan, his alma mater. His film credits include roles in Dr. Strangelove, The Great White Hope, Conan the Barbarian, The Greatest and Malcolm X. More recently, Jones has been the voice of the villain Darth Vader in the Star Wars trilogy.

The actor also has appeared in more than 40 plays, both on and off Broadway, including Othello, Mar- ter Harford, and the Boys, The Em- peror Jones, Of Mice and Men, The Tempest, Paul Robeson, Hamlet, Macbeth and King Lear. Jones has produced, directed and starred in the Broadway play The Cherry Orchard.

Jones has made television appearances in- cluding playing the role of Alec Haley in Roots, the miniseries. In 1970, Jones won the Hollywood Foreign Press Association's Golden Globe Award as the year's Most Promising New Actor for his role as Lear in King Lear.

Jets fly over Beirut after attacks

By DAN MCCULLOUGH

Senior Staff Reporter

The Rectors Committee of the Office of Student Affairs has delayed addressing a report on the investi- gations of dormitory food sales until next month, said committee Chairman Father Thomas Kinsey, yesterday.

The report recommends food sales be limited only to pre- packaged food, eliminating sales of student-prepared foods such as pies.

"Nothing was decided completely at the meeting," said King.

Father David Noone, rector of Grace Hall, agreed that "everything was really just put up in the air" at the meeting, which was held last Tues- day morning. Each rector is going to go back and review the report with the food sales managers and then decide what to do, he said. The next meeting of the committee will be in January.

In Brief

Jury selection began yesterday in Crown Point, Ind. in the murder trial of a Hammond woman and her 18-year-old son who are accused of killing a relative, dismembering him and burying the parts in garbage bags along Lake Michigan. On trial in Superior Court for killing Paul Komaytay Sr., 62, in April is his widow, Rosemary Komaytay, 57, and their son, Paul Jr. Prosecutors contend that the two defendants joined with Komaytay's daughter and her husband to kill the man for a $50,000 insurance policy. Court officials expect a two-week trial. The family had been poisoning Komaytay over a period of time, prosecutors said. His stabbing death came after an aborted attempt to inject air into his veins on April 19, they added. Komaytay's body was cut into pieces by the private sector help. "But too often, federal programs discourage full participation by society. Unshared attitudes and practices that foster dependence are still with us. They are unjust, unwanted and unproductive." "Our own efforts in the White House," Reagan said, "have helped generate a number of private projects involving transportation, early childhood tutoring, eye diagnosis and surgery." He noted the courage of those present at the ceremony, citing his own press secretary, James S. Brady, who was wounded in the March 30, 1981, shooting of Reagan; and Jennifer Boardman of Indianapolis. Ore., a 15-year-old girl born with a disabling spinal disorder that he said "didn't stop her to save the life of a 5-year-old boy." - AP

Presidential Reagan proclaimed the next 10 years the National Decade of Disabled Persons today while criticizing federal programs for the handicapped that he said too often foster "unjust, unwanted and unproductive" dependence. "Patriotism is the wrong answer," Reagan told a group of more than 200 handicapped people invited to the signing ceremony in the East Room of the White House. "The disabled want what all of us want: the opportunity to contribute to our communities, to use our creativity and to go as far as our God-given talents will take us." Reagan said voluntary efforts by the private sector help. "But too often, federal programs discourage full participation by society. Unshared attitudes and practices that foster dependence are still with us. They are unjust, unwanted and unproductive." Space shuttle blasts into orbit; nine days of experiments ahead

Associated Press

SPACE CENTER, Houston — Columbia blasted into orbit yester-

day carrying six astronauts who quickly put the $1 billion Spacelab to

work, beginning one of the most

ambitious scientific expeditions ever undertaken — nine days of non-

stop experiments that will study the

heavens, the Earth and man himself.

Astronauts Owen K. Garriott and Byron Lichtenberg started tur-

ning on equipment in the 23-foot-

long Spacelab, in the cargo bay of

Columbia, just three hours after they

and four crewmates were launched

from the Kennedy Space Center.

The launch was precisely on time,

11 a.m. EST, despite a looming weather front that threatened a two-

day delay. Columbia carried into space the largest crew ever and was

the first U.S. launch to include a non-

American, West German Ulf Mer-

bold.

Mission commander John Young, a 53-year-old veteran making his

third spaceflight, sounded like a

rookie as Columbia orbited 155

miles above the Earth.

"It is so neat up here," he said. "It

is really something." Earlier he

noted: "Things don't change any." "It's a beautiful flying machine,"

radioed pilot Brewster H. Shaw Jr.,

"It's some ride. It's the smoothest

flight and it's really some ride. It's the smooth-

est way to go you ever saw." The crew had a bit of trouble

ting the hatch free. After several minutes, until finally they

tugging and yanking to no avail for

Garriott, 53, Lichtenberg, 35, Mer-

bold, 42, and Robert A. B. Parker, 46, operate more than 70 experiments designed to

scientists from 14 countries.

Powerful telescopes and sensors will probe the life and death of dis-
tant stars and gauge the energy exploding from the Earth's own star.

Other sensors and cameras will focus on the Earth, mapping the land

and electronically sniffing the

planet's atmosphere and gauging

its magnetic fields.

Sixteen experiments will study how life forms react to Earth's weightless environment. Of space. Included are investigations into the space sickness phenomenon that has affected nearly half of the 26

short-duration astronauts. The tests include the response of human blood cells and of the immune system to zero

gravity. The experiments will take

analyte blood samples throughout

the mission.

There also will be studies on the growth in space of mold, yeasts,

dings, a fungus and four types of

bacteria. The tests include the response of human blood cells and of the immune system to zero gravity. The experiments will take

analyte blood samples throughout

the mission.

A keen-eyed German camera, capable of capturing views with a

resolution of 32 feet, will take pictures not before possible, while a

radar sensor will penetrate clouds to

probe the surface.

Striking bus drivers reject proposal

Associated Press

PHOENIX, Ariz. — Striking Greyhound bus drivers and other workers responded today to a company proposal to reduce wages by 7½ percent, with 96 percent voting against the contract offer, union officials said yesterday.

But Harry Rosenthal, acting president of the Amalgamated Council of Greyhound Local Unions, said he did not think "we are that far from a settlement" if the company and union resolved certain other issues in the three-year contract such as a proposed reduction in pension benefits. Rosenthal, who told the company's chief negotiator the results of the vote, expressed optimism that talks would resume soon.

But when asked the company's reaction, he said, "They play good poker."

Greyhound lines planned no common until today, when John Tets, chairman of the parent Greyhound Corp., held a news conference in Phoenix to "announce important plans regarding Greyhound Lines."

Dorothy Lorant, Greyhound's vice president for public relations, said Tets would discuss the union's election results and other matters. She declined to elaborate.

The Amalgamated Transit Union, which represents 12,700 Greyhound workers, struck Nov. 2 over a proposed contract calling for a 9.8 percent salary cut. Greyhound reported it needed the pay cuts to remain competitive with deregulated airlines and other busing lines.

Rosenthal said the company's argument that many of the drivers would be willing to come back had been rebuffed by the voting.

And when asked if the first contract offer by a margin of 98.5 percent and the 96 percent vote on this offer don't show that much emotion, said Rosenthal.

Asked about the company's statement that about 1,500 union members had crossed picket lines to return to work, Rosenthal said, "I don't have any count on the scabbing. I don't know how many have, but I know that a few who did have rectified to return the strikers."

Bill upsets U.S.-China relations

Associated Press

PEKING — Two measures in the U.S. Congress that support Taiwan have disturbed Chinese-U.S. relations and have cast some doubt on President Reagan's plans to visit China in April.

Reagan is expected to sign an appropriation bill today passed by Congress in mid-November, which backs Communist China's application to join the Asian Development Bank. But the bill also says that Taiwan — which still claims to be the legitimate government of all China — should remain a full member of the bank.

The vote prompted a formal protest from the Chinese government on Nov. 25, the second in a week, warning of "grave consequences" for relations with the United States.

The first time U.S. Ambassador Arthur W. Hummel was summoned by Zhu Qichen, assistant Chinese foreign minister, was Nov. 18. The Senate Foreign Relations Committee had passed a resolution saying Taiwan's future should be settled "peacefully, free of coercion and in a manner acceptable to the people on Taiwan."

Peking, which claims Taiwan as one of its 22 provinces, said both votes betrayed a lingering "two Chinas" policy in Washington and infringed on China's internal affairs.

Hua Jiaxiang, secretary-general of the Chinese Communist Party, said that without an acceptable U.S. response to the protests, Reagan's visit might be canceled, as would Prime Minister Zhao Ziyang's planned trip to the United States in January.

At a banquet for visiting Prime Minister Pierre Elliot Trudeau of Canada last night, Zhao indicated he would react if Reagan signed the appropriation bill, he replied, "You'll just have to wait and see."

The last president to visit China was Gerald Ford in April 1976.

Richard Nixon broke the ice in U.S.-China relations with his February 1972 trip.

Group discusses experiences of fall trip to Appalachians

By RICHARD INGRASSIA

After seeing firsthand the poverty of the southern Appalachian area, a group of Notre Dame and Saint Mary's students, Holy Cross priests and half recites met recently at the Center for Social Concern to discuss what they experienced during their week-long expedition to the area during Fall Break.

The students agreed the principal value of the trip came from the personal interaction with the mountain people themselves.

"The number of distractions at Notre Dame sometimes leads you to ignore the more important things that people can share," said John Gray, a junior from Washington.

"The social analysis, direct and in direct, is the main reason why the program should continue," said Moira Baker, Lewin Hall rector, who has been associated with the project for four years.

In "living the value system the experience," Baker said, the students gained a rare variety of education in humanity.

Other students who participated in the trip agreed that the interaction helped to eliminate many of the stereotypes held by people of the deep South.

The group, which was divided into three smaller groups, visited different towns in the Tennessee-Kentucky region of the Appalachian Mountains.

Brother Frank Rosser, rector of Holy Cross Hall, and the assistant rector of Paesinti East took ten students to Harriman, Tennessee. Father Joseph Schaefer accompanied Jerry Kleba and Jim Greene of CILA, who helped sponsor the trip, to Vanceburg, Kentucky. Baker also organized an excursion to the town of Milton, Kentucky.

The students all contributed a maximum fee to cover various expenses, and each group's accommodations were provided by the ministry to the area. Brother Donald MacIntyre and three other Holy Cross brothers at the parish CFD building in Harriman, another group at the Glenmary Home Mission Farm in Vanceburg and a third at a branch of the Christian Appalachian Project in Milton.

The participants prepared themselves for the trip by reading and attending an orientation session. But the unique type of enjoyment and personal satisfaction that followed the close interaction with the mountains, the people and the environment the students encountered was a unique experience.

The latest chill in U.S.-Guatemalan relations also complicates President Reagan's strategy of drawing Guatemala more directly into regional efforts to reduce leftist influence in Central America. After adjourning 10 days ago, Congress barred direct military and economic aid to Guatemala and 51 congressmen urged cancellation of the helicopter purchase.

The delay on the helicopter parts sale also coincides with the return to the United States of Ambassador Frederic Chapin for the Thanksgiving and Christmas holidays—an absence which, though officially characterized as "routine," is regarded as another sign of American displeasure.

Last January, the Reagan administration ended a five-year emergency medical aid and humanitarian assistance in Guatemala. The latest chill in U.S.-Guatemalan relations also complicates President Reagan's strategy of drawing Guatemala more directly into regional efforts to reduce leftist influence in Central America.

Approximately $6 million in military aid has been associated with the project that people can share," said John Gray, a junior from Washington. "The social analysis, direct and indirect, is the main reason why the program should continue," said Moira Baker, Lewin Hall rector, who has been associated with the project for four years.

In "living the value system the experience," Baker said, the students gained a rare variety of education in humanity.

Other students who participated in the trip agreed that the interaction helped to eliminate many of the stereotypes held by people of the deep South.

The anguish of missile politics

In the shadow the missile crises cast, the focus of Great Power politics has become missile politics. It is an engendered battle at the helm, whose opponent in the age of nuclear weapons is the American soldier. The West has developed passifists. "The East," the hardline statesmen warn, "might ensue with our Liberty Bowl contest."

Against Europe in its satellite countries and against America on the oceans — which makes the Soviet image more menacing, not less.

Meanwhile, a prime event has taken place in France, where the Catholic Bishops have signed a pastoral document which is a direct answer to the letter of the American Bishops. It speaks of "the dominating and aggressive character of Marxist-Leninism, which attacks everything, even a nation's hopes for peace must be used as a tool for world conquest." And it puts the central moral question — "does a country threatened with its existence, its liberty or its identity, have a moral right to meet the threat with an effective counterthreat, even if it is nuclear?" — and answers it with a resounding "Yes," supported by a vote of 93-1 among the Bishops.

In the anguish of missile politics, this one out, was an extra bonus. In the struggle inside Europe's Socialist parties, the influence of Willy Brandt on the Social Democrats has prevailed, with his sly tactic of competing for German youth with the GDR by swallowing their far-left doctrines.

But in France under Mitterrand — and in Italy under Bettino Craxi — the Socialists have retained their sense of reality, putting freedom ahead of class struggle. The East, Craxi says, "has developed missiles and the West has developed paralysis." It is a devastating summary which took courage.

Mitterrand, Kohl, Thatcher, Craxi and Reagan have all been helped by Yuri Andropov's maladroit handling of missile politics. Given his pass to power Andropov was played up as a sophisticated tactician. But he has proved the man at the wrong time for Soviet Policy.

thus far — starting in 1979 with the NATO decision to deploy new missiles and ending with the German vote in Bundestag — the victory can be claimed by the West.

In his duel with Yuri Andropov, Ronald Reagan has lately been assisted by three formidable West European allies — Helmut Kohl, Margaret Thatcher and Francois Mitterrand. Kohl's and Thatcher's stickiness was expected but Mitterrand, who could have sat out the interim, was an extra bonus. In the struggle inside Europe's Socialist parties, the influence of Willy Brandt on the Social Democrats has prevailed, with his sly tactic of competing for German youth with the GDR by swallowing their far-left doctrines.

But in France under Mitterrand — and in Italy under Bettino Craxi — the Socialists have retained their sense of reality, putting freedom ahead of class struggle. The East, Craxi says, "has developed missiles and the West has developed paralysis." It is a devastating summary which took courage.

Mitterrand, Kohl, Thatcher, Craxi and Reagan have all been helped by Yuri Andropov's maladroit handling of missile politics. Given his pass to power Andropov was played up as a sophisticated tactician. But he has proved the man at the wrong time for Soviet Policy.

According to a recent poll, 57% of Americans want to see the US withdraw from the Soviet missile buildup. The poll also showed that 68% of Americans believe that the US should do more to help the peoples of Eastern Europe.

Dear Editor:

While one can sympathize with our students, who are worried about the future and do not want to be used as volunteers for such a cause, one still wonders what we are doing. Is this the future for which we are preparing them? Are we teaching them to be good citizens? Is this the future for which we are preparing them? Are we teaching them to be good citizens?

they (Notre Dame) found out we were very weak inside. They made it very difficult for them to play against us."

Dolan, a 6-8 native of Point Pleasant, N.J., led Notre Dame in both scoring and rebounding with figures of 19 and 12, respectively. The Irish also received muscle from both scoring and rebounding with Figures 10 and 10 points.

"I was disappointed that Stu was one-for-seven and Kemp was two-for-two in the second half," added Phelps.

"Marist remembers me of North Carolina," said Phelps. It was good experience to go against these guards.

The last six weeks were spent getting ready for Indians in the second half. I continued Phelps. "I'm just happy we didn't pull a Chaminade."
Kentucky replaces N.C. as No. 1

By DICK JOYCE
Associated Press

Kentucky, an impressive winner over Louisville, replaced North Carolina, which was unperturbed in beating Missouri, as the No. 1 college basketball team by two points, in the first weekly Associated Press rankings announced yesterday.

Kentucky, second behind North Carolina in the preseason ratings, received 24 first-place votes and 998 points from the nationwide panel of 63 sportswriters and broadcasters. The Tar Heels also landed 24 No. 1 votes but 996 points.

Both teams played their season-openers Saturday. Kentucky routed No. 6 Louisville 65-44, while North Carolina downed unranked Missouri 64-59.

Georgetown, No. 4 in the preseason, moved into the third spot with 968 points after spanking Hawaii-Hilo twice over the weekend. The Hoyas attracted the remaining three No. 1 votes.

Memphis State also moved up a notch to fourth with 911 points after winning its first two games.

Iowa, 1-0 and seventh in the preseason, jumped to the No. 5 spot with 706 points. Maryland, 1-0, advanced two places in sixth with 612 points.

The biggest leap was made by defending NCAA champion North Carolina State, which upset Houston, ranked No. 3 in the preseason, Nov. 19 and then swept three games to capture the Great Alaska Shootout, beating Alaska-Anchorage, Santa Clara and Arkansas, ranked No. 14 in the preseason.

The 4-0 record put the Wolfpack, unranked in the preseason, in the No. 7 spot with 562 points.

Houston, which bounced back with a victory over Kansas Saturday, fell to the No. 8 spot with 589 points, while UCLA, 2-0, remained No. 9 with 562 points.

Oregon State, which opens its season Friday, stayed No. 10 with 454 points.

Michigan State, 2-0, ranks 11th, one notch higher than the preseason. The rest of the Second Ten, in order, consists of Louisiana State, Georgia, Arkansas, Boston College, DePaul, Fresno State, Wichita State, St. John's, and Virginia Commonwealth.

Boston College and Virginia Commonwealth have yet to play.

In addition to N.C. State, other newcomers in the Top Twenty, are Wachita State, St. John's, and Virginia Commonwealth. Dropped from the rankings were Kansas, No. 17 in the preseason, and Indiana and Oklahoma, previously the bottom two teams. Both Indiana and Oklahoma suffered losses over the weekend.

How To Ease The Burdens Of Campus Life.

The Notre Dame women's basketball team dropped two games last weekend to finish fourth in its four-team tournament, the Notre Dame Classic. Mike Sullivan gives an account of the two losses in his story on page 12.

Nebraska loses ground to Texas

By HERSCHEL NESSENSON
Associated Press

Top-ranked Nebraska continued to rule college football yesterday, but the Cornhuskers lost a little ground to runner-up Texas in the next-to-last regular season associated Pre. poll.

Nebraska received 52 of 55 first-place votes and 1,097 of a possible 1,100 points from a nationwide panel of sports writers and sports editors following Saturday’s 28-21 victory over Oklahoma.

Meanwhile, Texas crushed Texas A&M 45-13 and received three first-place votes and 1,048 points. The Longhorns have been second for 11 consecutive weeks.

Last week, with 59 voters participating, Nebraska led Texas 56-1 in first-place ballots and 1,179-1,118 in points. Nebraska, 12-0, and Texas, 11-0, finished the regular season as the only unbeaten-untied major college teams in the country.

Auburn, Illinois and Miami held onto the 3-4-5 positions with 973, 910, and 885 points, respectively. Nebraska, 9-1, wound up Saturday against Alabama, while Illinois and Miami have completed 10-1 regular seasons.

The Top Ten remained the same in last week’s positing, with Southern Methodist, Georgia, Michigan, Brigham Young, and Iowa completing the list.

SMU defeated Houston 52-14, Georgia shaded Georgia Tech 27-24, while the others finished the season earlier. The points were 824 for SMU, 732 for Georgia, 694 for Miami, 649 for BYU, and 586 for Iowa.

The Second Ten consists of the same teams as a week ago, although there was some shuffling in the order. This week shows Clemson, Florida, Boston College, Ohio State, Pittsburgh, Maryland, Air Force, West Virginia, Alabama, and East Carolina.

In the only action involving members of the Second Ten, Boston College defeated Alabama 20-13.

Dolphins sign Shula for ‘a few more years’

MIAMI — Miami Dolphins Coach Don Shula, saying he’s happy and at home in Miami, signed on yesterday for at least a few more years with the National Football League club he has directed to four Super Bowl appearances since 1972.

Neither Shula, 53, nor Dolphins owner Joe Robbie would disclose any terms of the new deal, saying they were “personal to both of us.”

Last month Shula turned down an offer of at least $1 million a year to coach the rival U. T. United States Football League’s New Jersey Generals.

He was already the NFL’s best paid coach, earning a reported $450,000 a year under a contract that expires this February. There have been reports that Robbie wanted to make Shula the league’s first $1 million-a-year coach, but neither would elaborate yesterday.

Shula said “tremendous loyalty” from Miami fans, players, and assistants was one of many factors that convinced him to stay with the team he has directed to 138 victories in 197 games.

“I could have waited until February or March (to see what other offers he might receive), but I decided instead that I’ve been happy here and this is where I want to be,” said Shula, who was 209-80-6 overall with four regular season games to play in his 21st season as an NFL coach.

The 1983 Dolphins were 8-4 and atop the AFC East going into last night’s game against the Cincinnati Bengals.
Hockey team sweeps Dearborn

By ED DOMANSKY
Sports Writer

DEARBORN, Mich. — Junior co-captain Brent Chapman and junior forward Tim Reilly paced the University of Michigan-Dearborn hockey team over the holiday weekend as it swept the University of Detroit-Mercy at Ford Field.

Chapman scored the hat trick and added one assist in Friday's victory. He tallied the winning goal on Saturday despite contributing two assists. Reilly was credited with two goals on Friday and, for the weekend as it swept the University of Detroit-Mercy.

The weekend sweep raised the Notre Dame record to a perfect 9-0 overall and 5-0 in the Central States Collegiate Hockey League. The men return to action this week when they travel to Green Bay, Wis., to take on league foe St. Norbert.

Michigan-Dearborn was only the second varsity opponent for the team this season. And just as with the previous weekend against St. Thomas, the Irish showed that a solid performance is a key to success.

In Friday's contest, Notre Dame jumped out to a quick lead as Chapman knocked in his first goal of the evening just six minutes into the game. UMD's Bill Willett then tied the score at 1:34 of the period. A four-goal barrage in the second period put Notre Dame up 5-1 and the score never looked back. UMD took its first lead of the game early in the period as Willett picked up his second goal of the game. It was the first of five goals by both teams that would come over a six-minute span.

The Irish came right back through scoring twice in the next two minutes. Sophomore Bob Thebeau, with an assist from Reilly, tied the score at two at 1:33 last season, sophomore Jeff Badalich, with help from both Chapman and Reilly, put Notre Dame in front 3-2.

To keep the game close, UMD's Greg Everson knotted the score at three. But Chapman's second goal of the night at 9:21 put the Irish in front to stay. Chapman then rounded out the period's scoring on a power play goal at 19:51.

Both teams scored twice in the final period. UMD pulled within one at 5:45 just sixty-six seconds into the period, but that was all the scoring it would see for the evening. Freshman Tom Smith iced the victory for the Irish at 6:47 of the period. Senior Mike Metzler picked up the lone assist.

On Saturday, the Irish found themselves trailing 3-2 going into the final period. The team regrouped, however, and came out to score two quick goals to salvage the win.

"We were behind by two goals and home for St. Thomas and the kids came back," said Notre Dame coach Jeff Smith. "Being down on the road was a big test and the kids responded very well. They weren't intimidated by being away from home." Notre Dame grabbed a two-goal lead in the first period against St. Thomas. Chapman and sophomore Mark Bening were credited with the assists on the Reilly goal, which came on a power play. Metzler and Smith got the assists on Parsons' goal.

The second period was all UMD as three unanswered goals by Everson, Gary Carton, and Tony Macari put the home team on top 5-3 with one period left to play.

The Irish feeling that their win string could be in jeopardy, quickly tied the score at three just thirty-nine seconds into the period. Reilly got the goal. It was his second of the game. Chapman had the assist.

The winning goal came at the 5:48 mark as Chapman banged a pass from Badalich past UMD goalie Erik Parizo.

Lokenda made 29 saves in Friday's victory and another 16 to turn back UMD on Saturday.

"Overall it was a good series," said Smith. "It was a real team effort on both nights. Lokenda played extremely well. And the penalty killing was really good too."

The Irish held UMD to just one goal in 15 power play tries. Notre Dame was two-for-five in the same department.

The two losses dropped UMD's record to 8-9-0 on the season. Notre Dame now holds a 2-0 mark in the series.

... Hoosiers

continued from page 12

The Hoosiers beat the Irish early last season in South Bend by a 4-6-2 margin. Indiana holds the series between the two teams 80-16, with Notre Dame holding a 5-8 mark at home.

... Women

continued from page 12

The Hoosiers have been developing a scoring punch and speed that has been lacking from the point guard spot.

IRISH ITEMS — The Notre Dame record for the series is 4-8-2. The score came in the season opener against Marquette last Tuesday when the Irish blew out the Lady Warriors, 56-65, to set an all-time scoring mark. Teresa Krause led the scoring with 22 points and everyone on the team scored. Keys was also the leading scorer in their first game as they outscored Tennessee with 14 points. Yvonne Thompson, Lynn Dibner, and Ruth Kaiser each scored 10 points to lead the team against Maryland. Next up for the Irish is UCLA on Saturday. The game will follow the men's game against UCLA which begins at 2 p.m.

Start thinking about SPRING BREAK!
Irish women lose two in tourney

By MIKE SULLIVAN

Sports Writer

The Notre Dame women's basketball team continued to find that life among the national powers can be very tough as it finished fourth in the four-team Notre Dame Classic this weekend. However, the Irish also found that the gap between them and the present powers is not as big as it used to be.

Mary DiStanislao's squad lost both of its games in the tournament, falling to No. 3 Tennessee in the first round, 71-56, and to No. 8 Maryland, 86-68, in the consolation game. The two losses told different stories about Notre Dame's progress, though.

The loss to Tennessee showed an Irish team that had come a long way since last year when nationally-ranked teams were able to pound Notre Dame easily. The losing margin was Notre Dame's smallest since a powerful team since a seven-point loss to Rutgers more than a year ago, and the Irish were within ten points with a few minutes remaining.

The Maryland loss destroyed the optimism of Notre Dame fans as the Irish played poorly and were never in the game against a team that many people thought Notre Dame could beat. The Terrapins shot 60 percent from the field in the first half and the Irish could never get closer than 11 in the second half.

"I thought Notre Dame played a better game against Tennessee, but showed a little disappointment about the way they played the game against the Terrapins," said Maryland coach Cheryl Wetherbee. "They seemed to be thinking too much about the past game and looked awfully frustrated against us."

DiStanislao was certainly frustrated as she watched her team play without the intensity that it had shown against Tennessee. The Irish fell behind, 4-5, less than three minutes into the game and never recovered. In fact, after trailing to within three points, 18-15, Notre Dame never got closer than nine points the rest of the way.

"I was surprised by the lack of determination of our players," said DiStanislao. "Maryland got a lot of breaks early, both fast and lucky, but when you know what you have to do to win as our players did - you have to do it."

What Notre Dame did do not was stop the offense of Terp guard Marci Richardson and forward Chequina Wood. Richardson, Maryland's all-American, was virtually unstoppable as she scored 15 of 16 points, and 8 of 15 from outside, the most of them from more than 15 feet out. She ended up with 35 points, seven assists, and four steals.

Wood was the force in the middle as she pulled down 14 rebounds and scored 22 points. It was her play inside that forced the Irish defense to give up the open shot to people like Richardson and Belinda Pearlman, who finished with eight points each. However, as much damage as the potent Maryland offense did, it was Notre Dame's inability to do anything on offense that proved to be the killer. The Irish shot 37 percent from the field and were unable to get the ball inside of the sagging Maryland defense. The incline that was the number of assists for each team. While the Terrapins were able to pass the ball inside to set up backdoor and compile 20 assists, Notre Dame could only post three assists.

"The lack of authority with which we executed was really surprising," said an obviously disappointed DiStanislao. "There was a lack of confidence and determination that emanated from a few players to the whole team. Some people played well against Tennessee, but fell flat against Maryland."

Dístanislao was a little more pleased with her team's performance against Tennessee. Although the game was slippier (52 turnovers and 36 fouls by the two teams), Notre Dame was able to keep up with the talented Vols after falling behind.

Except for the first eight minutes of the game, the Irish played very tough in trying to keep Tennessee within striking distance. However, the 11-point lead that the Lady Vols built up early in the game before the Irish realized that they couldn't keep up with their nationally- known opponents.

Gradually, the Irish began to gain confidence and closed the gap to eight while Tennessee's all-American force shot the basketball off the bench with foul trouble. However, Notre Dame let the big opportunity slip by Tennessee and began dominating the boards. The lead ballooned to 21 before the Irish made an impressive comeback to cut the lead to 10 with two minutes left. It went too little, too late, however.

"We had them right where we wanted them for the first 10 minutes," said coach Tom Sluby. "But the Irish is a mark of a good team that when one person isn't doing the job, the other one can step up."

Puma coach George Waggoner, "I thought Joe Buchanan did a good job of getting into the game, and did a good job of being a leader."

Sophomore Joe Buchanan earned the MVP award for his team's last weekend and that is tough for Buchanan to win a pair of home games. The victims were St. Joseph's of Philadelphia, but on Friday night and Marist College on Saturday afternoon. After bombarding the Pumas, 104-56, Notre Dame struggled the next day in beating the Red Foxes, 75-68.
