Aquino, Marcos both sworn as president of Philippines

Associated Press

MANILA, Philippines - Corazon Aquino took the oath of office today as president of a provisional government declared by military rebels battling to end the 20-year rule of Ferdinand Marcos, who himself was sworn in later in his guarded palace.

Marcos, who stood at noon (Philippine time) from the Supreme Court's chief justice, Ramon Aquino, but his vice presidential running mate, Arzillo Tolentino, was not present, according to a report from which the president was not present.

Just before the ceremony, the small, private television station Marcos was using to address the nation went black and an aide said rebels had sabotaged it.

Soldiers fired on a jeering crowd earlier today near the palace of Ferdinand Marcos, who struggled desperately to preserve a 20-year hold on power that the United States said is no longer rightfully his.

Eight people were wounded in the shooting and five were injured while trying to flee the gunfire, hospital officials said.

Hundreds of thousands of civilians defied a dusk-to-dawn curfew to form human shields around the suburban camp of military rebels, who proclaimed Corazon Aquino president, and around the rebel-held government television station, Channel 4.

Witnesses said masses of people at the television station drove back seven armored personnel carriers loaded with loyalist soldiers at mid-night last night.

Marcos appealed to civilian loyalists yesterday to bring their guns to the capital and protect him.

In a broadcast on private Channel 9 television, owned by an associate, he said, "we will defend the republic to the last breath of our life, the last drop of our blood."

"I would like to appeal to our countrymen. . . Just a little while ago I've been hearing all this firing going on, so please cease and desist from killing innocent people."

Study silhouette

This silhouetted figure may be studying, but it seems as if she is more intent on the winter landscape outside of Cushing Hall. The window seats in the building serve as popular studying nooks.

Apartheid awareness continues this week

By JIM MOHAN

New Staff

Anti-Apartheid Awareness Week begins this week as a premiere to the upcoming March 4 campus-wide referendum which will ask Notre Dame students if the University should divest its holdings in corporations that support the South African government.

Activities during the week include seminars, forums and films aimed at increasing student awareness of the problems in South Africa, according to Margarita Rose of the Notre Dame Anti-Apartheid Network.

"We hope to increase awareness of the issue of apartheid and divestment, and encourage people to see divestment as the best option for us at Notre Dame," explained Rose.

Members of the Anti-Apartheid Network said they hope their complete schedule of events will enable all students to consider themselves informed enough about divestment to make a personal decision on this complex issue.

John-Paul Checkett, also of the Anti-Apartheid Network will sponsor a rally on the steps of the Administration Building at 4 p.m. in the week will conclude Monday, the day before the referendum, with a forum that will feature both black and white speakers from South Africa, as well as the American director of a "Free South Africa" chapter. The forum is scheduled to be held at 8 p.m. in the Engineering Auditorium.

Rose added that Notre Dame Director of African Studies Peter Walte and Management Professor Father Oliver Williams will debate the issue of divestment at an yet unannounced time and place.

WWII chaplain promotes pacifism

By ROBERT HENNIG

News Staff

Father George Zabelka, former Catholic chaplain for the airmen who dropped atomic bombs on Hiroshima and Nagasaki in 1945, presented a lecture on pacifism last night at the Center for Social Concerns.

Speaking before approximately 100 people, Zabelka asked the crowd to work for peace. "I am asking you, my brothers and sisters, to make me stop the business of making war respectable," he said.

A native of Lansing, Mich., Zabelka was stationed at Tinian Island during World War II. He served as Catholic chaplain for the 59th Group of the United States Air Force, the squadron responsi­ble for the atomic bombings.

"I watched as the boxcar dropped the bomb. And afterwards, I said nothing," he said, referring to the bomb dropped on Nagasaki.

Father George Zabelka, former Catholic chaplain for the airmen who dropped atomic bombs on Hiroshima and Nagasaki in 1945, presented a lecture on pacifism last night at the Center for Social Concerns.

Speaking before approximately 100 people, Zabelka asked the crowd to work for peace. "I am asking you, my brothers and sisters, to make me stop the business of making war respectable," he said.

A native of Lansing, Mich., Zabelka was stationed at Tinian Island during World War II. He served as Catholic chaplain for the 59th Group of the United States Air Force, the squadron responsi­ble for the atomic bombings.

"I watched as the boxcar dropped the bomb. And afterwards, I said nothing," he said, referring to the bomb dropped on Nagasaki.

Later stationed in Japan, he said he believed it was in the medical centers in Hiroshima and Nagasaki that he began his evolution to pacifism.

"The follower of Christ, the true lover of peace, cannot participate in war," he said. According to Zabelka, the Catholic Church was pacifist for its first 300 years. "For the early Church, martyrdom was a major social activity," he said.

Zabelka noted that "the recent Bishop's Pastoral Letter of War and Peace supported this view, saying, "Martyrdom must today become the normal way of the Christian."

On the Just War theory, he said, "I think that it's time that we scrap it." The Just War theory was developed to defend absolute defensive warfare from moral blame.

For the past 15 years, Zabelka has been actively promoting peace. He participated in a 6,500-mile pilgrimage walk for peace to Bethlehem in 1982-83. In 1984, Zabelka returned to Japan to ask forgiveness from its people saying simply, "I am sorry."

Texas Air lands troubled Eastern Airlines in takeover

Associated Press

MIAMI - Racing strike deadlines from unions and default threats from creditors, Eastern Airlines announced yesterday that it would be taken over by aggressive, cost-cutting entrepreneur Frank Lorenzo and his Houston-based Texas Air Corp.

No details were disclosed immediately, but union officials said they understood that Lorenzo, whose company also operates Continental Airlines and New York Air, would continue Eastern, the nation's third-largest carrier, as a separate airline.

Charles Bryan, president of the International Association of Machinists local that represents 12,000 Eastern workers, sent a telegram offering cooperation.

Bryan, who also sits on Eastern's board of directors, said Chairman Frank Borman told other board members he would resign from the company following the 2-45 a.m. EST vote on Lorenzo's offer. Borman, a former astronaut, has headed the Miami-based carrier since 1975.

Eastern spokesman Glenn Parsons said Borman and other company officials were unlikely to hold a news conference before today. Lorenzo did not return repeated telephone messages.

Major creditors had given Eastern management a Feb. 28 deadline to present a long-term plan to turn around the airline, $2.5 billion in debt. Ken Mills, spokesman for Chase Manhattan, said plans for the club include a walk-in refrigerator and kitchen remodeling. The refrigerator will be added on to the south end of the building, and it, plus the remodeling, carries a $140,000 price tag, he said.

Borman said work would begin on an "on and off" basis by March 1, according to Deguara.

The work on the kitchen is expected to be completed by August, according to Deguara.

Saint Mary's board to sponsor St. Patrick's driving service

By PEGGY PROSSER
Staff Reporter

Saint Mary's students will be able to enjoy St. Patrick's Day festivities safely if the proposed "driver service" area bars and parties to campus comes about, said Jeanne Heller, vice president of student affairs and newly elected student body president.

The driver service will be sponsored by the Saint Mary's Programming Board, instead of a tradition of Saint Mary's Day event. In past years, students have not been on campus for St. Patrick's Day, due to the time of spring break.

The new service will be free and open to the public. Student government, which Enrile had an immediate comment.

A Washington congressional source said the United States of America is interested in the Philippines. The State Department and Pentagon had no immediate comment.

Marcos accused Juan Ponce Enrile of being a "third force" who wanted power for himself, and accused Aquino was backed by locals. There was no evidence of a communist role in events surrounding the effort to overthrow Marcos. Anti-Marco politicians went to Camp Crame on yesterday to discuss forming the provisional government, which Enrile had announced.

The Zabelka lecture is the first time bloodshed as possible and I would like for us to continue in this peaceful struggle." The Reagan administration called on Marcos to relinquish power peacefully. "Attempts to prolong the life of the present regime by violence are futile," it said in a statement yesterday. "A solution to this crisis can only be achieved through a peaceful transition to a new government."

Julie Harmon, vice president for academic affairs, announced at the Saint Mary's Speaker Series, beginning Sunday, March 9 with Jean Kilbourne. Other lectures will feature a debate between Phyllis Schlafly and Sarah Weddington, and Steer Joan Chidester and Gloria Steinem.

The SAB presents

The SAB presents" said he favors the amendment. 

Cabinet member Mike Jaeger said he favored the amendment. "This amendment itself seems like a really good amendment to the bylaws. It's really fair to everyone involved. I don't see anything in this amendment that would cause problems for anyone," he said.

Any change in the bylaws must be proceded by a two day notice to ensure that senate members have information on it, said Holst. This was the first notice about the amendment and therefore no action could be taken. the senate will discuss the amendment at its next meeting.

Pacifism continued from page 1

Zabelka called for a world ecumenical council to clearly state war as a crime against God and humanity.

Calling himself a reluctant proponent, he said, "We must all become proponents. We must do something for peace." Zabelka then challenged the students in the audience, "I leave it up to you young students. How are you going to change this whole Rambo business?"

The Zabelka lecture is the first part of the Lentsen Focus, "A Call to Prayer and Action," sponsored jointly by the Office of University Ministry and the Center for Social Concerns.

VIEWPOINT

Black alumni found need for real changes at Notre Dame

One of the primary goals of Minority Awareness Week, which was held recently on the Notre Dame campus, is to encourage black students to become involved in the community. This week, the University of Notre Dame was awarded the Black Alumni Association's award for excellence in promoting campus unity and recognizing the black community. The award is given to programs that have made significant contributions to the black student body.

For those who are not aware, there is an impeding and ongoing racial tension currently existing at Notre Dame. Recently, black students have come forward to address the issue and to promote unity. The problem is not one of race; it is a problem of diversity. Notre Dame is a homogeneous campus, which makes it difficult for students from different backgrounds to feel included.

The first of which is, quite simply, the homogenousness of the student body. The University projects and overwhelming pro-Catholic, pro-upper class atmosphere which automatically adds up to a pro-conservative environment. Therefore, not-Catholics from middle class or lower middle class backgrounds are at an disadvantages upon arrival to Notre Dame. Add the fact that the student is a minority and the picture is even more bleak. What is this minority, you might ask? 92% of the black students at Notre Dame are from white households, and 75% of those households are white.

The second problem is the lack of facilities for minority students. The University should review and revise its facilities to ensure that they are accessible to all students, regardless of their background.

The third problem is the lack of support from various groups. The University advisor programs as they relate to minority students are often not effective, and the work done by Hofman and O'Meara is commendable for their efforts to improve this situation.

In another critical area of concern, a report by the National Association of Colleges and Universities found an extremely urgent need for reforming the University's student advisor programs. The report concluded that the programs are not effective in providing adequate support for minority students.

There will always be problems to confront at Notre Dame. However, there is reason for optimism. The University is taking steps to improve the situation, and there is a genuine desire among students and administrators to make the University a more inclusive and welcoming place. With a little more effort and resources, Notre Dame can become a truly diverse and supportive community for all students.
ND pioneers a new view of Halley’s Comet

JOE MURPHY
features writer

While the world waits for a repeat performance, Notre Dame scientists Terry Rettig, Barry Baumbaugh and Randy Ruchti busily are preparing to again capture live images of Halley’s Comet as it orbits the sun at estimated speeds of up to 39 million miles per hour.

What makes the group of Notre Dame scientists the center of "universal" attention are recent pictures the team developed using an intensified CCID (charge-coupling device) camera. The pictures are faster than anything ever recorded, or ever shown, to give a detailed glimpse of the comet in all its glory.

ABC World News Tonight, CNN, WNDU-TV and the Associated Press, more than 300 local television stations and several newspapers used the live images of the comet March 14 and 15, 1986.

While in Florida, we were doing numerous telephone interviews per day and usually were on television live most evenings. National news coverage was provided by ABC World News Tonight, CNN and NBC," Rettig noted.

Conventional videotaping produces a very poor quality picture of the comet. In the past, stations have relied on still photographs of the comet. With the new method, Notre Dame is attracting the attention of the scientific community.

The pictures obtained in Florida gave millions of Americans an opportunity to see the comet for the first time. The pictures brought scientific excitement into the homes of people who ordinarily would not have had an opportunity to watch the comet.

"No one has ever been able to capture live most evenings. National news coverage was provided by ABC World News Tonight, CNN and NBC," Rettig noted.

"No one has ever been able to capture live images of the comet which then donated free satellite-transponder time. Various news agencies picked up the information," Rettig said.

From there the project grew in comet-like proportions.

These ads typically feature information ranging from job postings to personal services. This page includes an advertisement for a parking lot and a notice regarding an interhall lacrosse tournament. The Observer, a local newspaper, also runs classified ads as part of its publication, providing a platform for various community announcements.
Wrestling team loses two matches over weekend, record drops to 7-8

By GREG STOHR
Sports Writer

For the first time in five years, the Notre Dame wrestling team has finished its regular season with a losing record. Losses Saturday to Nebraska and Brigham Young dropped the Irish dual meet record to 7-4.

Undaunted, though, is second-year head coach Fran McCann. McCann was quite content with his squad's final effort before the NCAA tournament, particularly in the 22-16 loss to 12th-ranked Nebraska.

"I was extremely pleased," he said. "They're a good team. I felt pretty good that we stayed with them..."

An upset victory by either 142-pound Pat Boyd or 190-pound Dave Helmer could have given the Irish the win. Both faced top Cornhusker opponents, and both lost narrow decisions.

"We needed an upset, and we just didn't get it," said McCann.

The 24-13 defeat by BYU included the first dual meet loss in the young Notre Dame career of 134-pound Jerry Durso. Down 8-2 after the first period, the freshman suffered a 10-9 setback, snapping his 15-match win streak. Durso, however, still can boast of a 36-7 record, best on the Irish squad.

McCann has little time to be discouraged by the losses. He must ready his young squad for the NCAA Western Regionals, which begin Saturday in Springfield, Mo.

"We've had a meeting Saturday night, and we decided this was a new season for us," he says. "All the matches before this were preliminaries, but this is the main event. Our kids are motivated, and they believe they can win. This is the goal they've been shooting for all year, and now it's time to get it."

The Observer/Hannes Hacker
Senior John Krug is shown here trying to gain the upper hand in wrestling action at the ACC. The Irish dropped tough matches to Nebraska and Brigham Young over the weekend and saw their record drop to 7-8. Greg Stohr has details at left.

**DISTINGUISHED STUDENT AWARD**

The Notre Dame Alumni Association will be accepting nominations from February 14-28 for the 5th annual Distinguished Student Award. The Distinguished Student Award was created to honor an outstanding senior student at the University based on the following criteria:

1) Service to Notre Dame,  
2) Service to the Community, and,  
3) Good Academic Standing.

Applications can be obtained at the Alumni Association Office on the second floor of the Administration Building, The Center for Social Concerns, and at Campus Ministry Office in the Memorial Library.

Nominations must be submitted to the Association by Feb. 28, 1986.

Boxing club gearing up for Bengal Bouts

The Observer

Pete Gogen
Club Corner

"We're too tough on the football players," jokes Mooney. "We're training them harder than Gerry Faust did."

The bouts will take place the evenings of March 2, 3 and 7 at Stepan Center. Tickets are on sale at the Gate 10 box office of the ACC.

The Volleyball Club had a rough week - they lost one game and were forced to postpone another.

On Tuesday the team traveled to Ball State to take on the Cardinals. In the first game Notre Dame took a 6-1 lead, but Ball State scored 14 unanswered points to take the game. Then in the second game the Irish were up 11-7, but were outscored 8-1 and dropped the game. The Cards easily took the third game, 15-1.

On Saturday, the team was to travel to Columbus to take on Ohio State, but the van the team was using broke down just as they were leaving the Notre Dame campus. The game has been rescheduled for March 8.

The team is off this week because of the cancellations of the matches scheduled this week against Alabama and Northern Illinois. The following week the team will travel to Fort Wayne to take on IPFW-Fort Wayne.

The Women's Track Club wound up its indoor season in Ann Arbor this past weekend in the Silverston Invitational. For many teams this was their last chance to qualify for nationals. But because the club runners cannot run in the national meet, it was a chance to top their personal bests.

Kathleen Lehman and Christine Dragan finished 10th and 12th respectively, in the 1000-yard run. Lehman was the only runner to double, placing seventh in the two-mile, and Susan Rosenthal, who had a toss of 33 feet, five inches in the shot put.

The club opens its outdoor season on March 7 at Eastern Michigan, and is then off until after spring break. Ryan wants to use this time until April to continue the training of the indoor season.
Men's tennis team drops tough match to IU

By PETE SIKO
Sports Writer

The Notre Dame men's tennis team lost a heartbreaking 5-4 decision to Indiana at the IU Tennis Center in Bloomington on Sunday, after more than five hours of match play.

The slate of six singles matches went 4-2 in favor of Indiana, which means that the Irish needed to come away with the three doubles matches in order to take the overall win. Freshman Brian Kallbas and senior Joe Nelligan rallied to win at second doubles, and Tim Carr and Dave Reiter each lost in three sets at numbers two and five respectively, and Nelligan was defeated 7-6, 6-2 at number four.

The tennis team, now 3-1 on the season, travels to Iowa City, Iowa for a quadangular meet against Iowa, Iowa State, and Northern Illinois this weekend.

Tom Fallon, speaking of lack of experience. We played a tough team and went toe-to-toe with them. Notre Dame's top six players consist of one senior, two sophomores, and three freshmen, with Kallbas and Carr, both freshmen, holding down the top two singles positions.

"I'd have to say that it (inexperience) was a factor," added Fallon. "We were in control of a match some of us might have been a little nervous, with it being our first real college match. But once you're into it, the inexperience factor is out the window. It's you against him, your style of play against his.

"We (the freshmen) held our own in the doubles when we needed to. Sure, we should have won the match, but there wasn't an intimidation factor involved."

Walsh won for the Irish at third singles by a 7-6, 3-6, 7-6 score and Dagg took sixth singles, 6-4, 7-5. Carr and Reiter each lost in three sets at numbers two and five respectively, and Nelligan was defeated 7-6, 6-2 at number four.

Daggs took sixth singles, 6-4, 7-5.

Blue Demons need to defeat Irish tonight to help tournament chances

By RICK RIETBROCK
Sports Writer

A week ago, DePaul was in the midst of a four-game losing streak and rumors questioning the job security of Blue Demons' head coach Joey Meyer were in abundance.

The DePaul squad that visits Notre Dame tonight, however, is quite a different group. It is fresh off victories over Indiana State and No. 6 St. John's that have raised its record to 13-10 and have rekindled hopes of an NCAA tournament berth.

This turnaround has Irish head coach Digger Phelps wary of the Blue Demons heading into tonight's contest scheduled for 7:30 in the ACC.

"Just as when we faced Maryland here a few weeks ago, we are aware of how good they are, and they're ready to explode," Phelps says. "I think DePaul just got tired of losing and they played very, very well against St. John's.

"Now DePaul comes in here with a lot of momentum and knowing that this is countdown time and the independents are all playing each other. They're in a position, like we were last year, to play for an NCAA bid and I think that's what DePaul's coming in here to do."

Leading the DePaul charge will be junior forward D'allas Comegy, freshman guard Rod Strickland, Comegy, a high school teammate of Notre Dame's Mark Stevenson at Roman Catholic High School in Philadelphia, leads the Demons in scoring with 14.3 average, and is second in rebounds with six per game. Strickland averages 13.7 points per game and 5.1 assists. Phelps regards the 6-3 floorleader as "one of the best guards in college basketball."

Expected to round out the DePaul starting lineup are 6-9 senior Marcy Embry (6.7 points, 7.2 rebounds) at center, 6-4 freshman Terence Greene (6.3 points, 2.9 rebounds) at forward, and sophomore Andy Laux (6.9 points, 0.8 assists).

This lineup, with essentially three guards (Strickland, Greene and Laux) moves 6-8 forward Kevin Holmes, who had been a starter instead of Laux, to the bench. Holmes averages 8.8 points and 5.4 rebounds per game and is joined by 6-5 senior swingman Tony Jackson (8.2 points, 4.2 rebounds) and 6-11 senior center Lampley (8.1 points, 5.2 rebounds) as Joey Meyer's top reserves.

Notre Dame and DePaul have met once already this year as part of the home-and-home series between the major independents. In that game at the Rosemont Horizon, the Irish snapped a six-game losing streak against the Demons with a 70-54 victory behind 24 points from David Rivers and 18 points from Ken Barlow. Strickland paced DePaul with 14 points and added nine assists.

DePaul has a 1-3 record in round-robin play against the major independents, while Notre Dame has a 2-1 mark. DePaul has split with Dayton, winning 66-52 at home and losing at Dayton, 77-64, and also dropped a five-point decision at Marquette.

The Irish, coming off consecutive blowouts over Miami and Manhattan, figure to start their usual five against the Blue Demons as forward Donald Royal (10.2 points, 4.7 rebounds) and guard Mark Stevenson (8.2 points, 2.3 rebounds) return to the lineup after missing starts because of a hip injury and illness, respectively.

Sophomore guard David Rivers continues to lead the Irish in scoring at 16 points per game while adding nearly 4.8 assists per contest. Ken Barlow, coming off a career-high 28-point game in Miami, has seen his average creep up and now stands at 15.3 points per game, while leading the team with 5.5 rebounds per game. Underclassmen carry swim team to NSC crown

By KATHLEEN MCKERNAN
Sports Writer

The women's swim team won its third consecutive North Star Conference championship at the three-day meet this weekend, scoring 319 points to host and closest competition Evansville's 467.

"One good thing about this was that we were deep enough," Irish head coach Tim Welsh noted. "Those first victories really set the tone for the rest of the week," said sophomore Mike McNeill, who chipped an assist in Saturday's contest.

"We had all allowed all juniors who wanted to stay to stay for Junior Parents' Weekend. We hoped the underclassmen would carry the meet."

And they did.

Last Thursday, sophomore Amy Darlingon opened the individual events for the Irish with a win in the 500-yard freestyle. A medley team of freshmen Kelly Quinn, Tracy Johnson, sophomore Barbara Byrne, and senior co-captain Venette Coccoio led off the competition, taking first in the 500-yard relay.

"Those first victories really set the tone for the rest of the week," said Welsh. "It was a very solid opening."

The meet was divided into opening and championship heats. First, 12 events competed in each event. Then the top six finishers advanced to the championship where they swam another race in a fight for their place in the top six. Notre Dame's depth was apparent when its younger swimmers began to fill the places in the championship races.

Sophomore O'Brien made the championship finals in her key events of the 100 and 200-yard backstroke. Monica Smith, according to Welsh, also made substantial time drops.

"Monica, Nancy and Holianne (Logan) were able to populate the big (championship) team for us," Welsh said. "Usually when a team begins to do that, they begin to take the meet."

Freshman Kelly Quinn also made important contributions. On Friday, she had four swims which she handles extremely well, according to Welsh.

"She did a terrific job," Welsh noted. "If she had been unable to handle it we would have been in trouble. She really helped the program."

On the second day, the Irish received further inspiration through the presence of former coach Dennis Stark. Before Welsh's arrival this year, Stark had coached the women's team in its previous four years of existence.

"It was wonderful," Welsh noted. "He came at a time when we were a little bit flat. The enthusiasm he generated was just great."

Other winners over the weekend were Andrea Bonny in the one and three-meter diving and Cochleio in the 100 and 200-yard breaststroke.

Anne Costella, a sophomore in her first year of collegiate swimming, also took first in the 1650-yard freestyle. Darlingon established a new record in the 400-yard individual relay with her time of 4:47.41.

Hockey team drops 2, suffers 3 more injuries

Special to The Observer

The Notre Dame team lost more than just a pair of games to Northern Arizona this weekend - it lost three more players to injuries, something it could ill afford.

In Friday's series-opening 8-5 loss, co-captain Bob Thebeau went down with a knee injury and sophomore Tom Mooney was knocked out of the game with a head injury. Saturday, the Irish dropped an 11-5 decision, and lost junior Rich Sobilo to a shoulder separation.

Notre Dame head coach Jeff Smith was already forced to leave four of his regulars home when the Irish left for the series with the Lumberjacks. Graduate student Brent Chapman and seniors Jeff Badalich were sidelined with shoulder separations, while junior John Nickodemus and sophomores Frank O'Brien missed the series with leg injuries.

The only bright spot was that the injuries paved the way for some of the younger players to shine on the trip. Freshman Bob Gerber enjoyed his finest series as a Notre Dame player, scoring two goals in Friday night's game and adding a goal and an assist in Saturday's contest.

Sophomore Mike McNeill chipped in with two goals and an assist in the series.

"We came out Friday night and played well until Bob and Tom went down," said Smith. "We were down by one goal in the third period and the roof caved in on us."

"North Dakota State's program is very young but they have proven that they are competitive," said Smith. "How we play this weekend will depend in part on who we can get back from the injured list."

Irish sophomore defensman Lance Patten carries up the ice in Irish hockey action against Penn State. Notre Dame had a tough weekend at Northern Arizona, dropping two games and losing three more players to injuries. Story on page 9.
