Week's events to promote awareness of Third World

By ERIC HOLLOWAY

Third World Awareness Week will be highlighted by ac-
tivities sponsored by several campus organizations devoted
to bringing attention to the prob-
lems facing underdeveloped na-
tions.

The events, which started Saturday, include lectures by
faculty and guests, a fundraiser by campus bands to
be held in Theodore's, a showing of the movie
"Gandhi," a "pena" gathering,
and a First/Third World
Week that winter is still here.

Bush knew of arms
deals, says memo

Associated Press

WASHINGTON - An Israeli
official told Vice President
George Bush in July that deals
for the sale of U.S. arms
were being sought with Iranian
radicals, a secret memo says,
contradicting claims by Presi-
dent Reagan that the admin-
istration dealt only with so-called
moderates.

"We are dealing with the
most radical elements," the
Israeli told Bush according to
the memorandum, first re-
ported in Sunday's editions of
The Washington Post. "They
can deliver ... that's for sure.
we've learned they can deliver
and the moderates can't."

The memo, written by a Bush
side, acknowledged that Is-
raeli contacts with Iran were
aimed in part at freeing Ameri-
cans held in Lebanon.

And it provides a view of a
more active Israeli role than
Jerusalem has acknowledged
in the U.S.-Iran arms dealings.

State Department spokesman
for Bush, would not comment
on the contents beyond ac-
knowledging that it is authentic.

In other news related to the
sale of arms to Israel, the de-
version of the proceeds to
the Nicaraguan Contra rebels
William Casey, the former
director of the CIA, was closely
involved with Lt. Col. Oliver
North, the fired National Se-
curity Council aide, in ef-
torts to supply military help to
the Contras while such assis-
tance was banned by Congress,
according to a report in Sun-
day's Miami Herald.

Beware

The path to the dome is a stark gray shot out of a horror movie
as snow and winds rock the campus Sunday and remind students
that winter is still here.

Ebe named as Malloy's assistant

By ELIZABETH CORNWELL

Father Carl Ebe, a Notre
Dame assistant professor of
accountancy, has been
named executive assistant to
the University's
president-elect, Father Ed-
ward Malloy. Malloy said
the appointment was effec-
tive at the end of the spring
semester.

Ebe will replace Father
William Beauchamp, the ex-
cutive assistant to Univer-
sity President Father
Theodore Hesburgh, when
Beauchamp assumes the
vice-presidency of the Uni-
versity in May.

Ebe's duties will include
advising the president in dif-
cult situations, assisting
with special projects, and
occasionally serving as a
representative for the pres-
ident, according to Malloy.
Ebe will also continue to
 teach.

"The specifics of the job
depend on the various things
that emerge ... the job has
a general description that
doesn't sound last much, but
what it really means is that
he'll be all the time," Malloy said.

Ebe, 46, received an ac-
counting degree from Notre
Dame in 1962, an A.M. in
Theology from Holy Cross
College, Washington D.C., in
1968, an M.B.A. from Notre
Dame in 1972, and a D.B.A.
from Indiana University in
1980. He was ordained in 1972
and has served as both dean
and treasurer for the In-
diana Province of the Con-
gregation of the Holy Cross.

Ebe was on the internal
auditing staff of the Univer-
sity of Notre Dame from 1962
until 1972, when he was
director of student accounts
from 1973 to 1977. He joined
the Department of Account-
tancy in 1980.
Weather

Winter's back. Just when you thought it was safe to play frisbee on the quad, winter returned. It was so cold that frisbee players had to put on sweaters. According to one frisbee player, "It's so cold that we can even see our breath."

The Observer

In Brief

"Wheel of Fortune" personality Vanna White will be the subject of a Playboy magazine pictorial in the May issue, a Playboy spokeswoman said Sunday. "I haven't seen the pictures yet, but I've been out of town, but I can assure you they will be tasteful, quality shots," said Ms. Radomski, Playboy's director of corporate communications. Radomski, who is working on a book about Ms. While posing in lingerie for several of the pictures.

A minister handed out condoms to his congregation at Sunday's service to dramatize the need for measures to stop the spread of the deadly disease AIDS. "We should be having a dialogue about these issues, should we not?" asked a well-spoken parishioner. The Rev. Carl Titchener told about 250 people who packed the University of Notre Dame's Chapel of St. Joseph. Acknowledging that some people might call his dramatization a gimick, Titchener said he hoped to make people more aware about AIDS and other sexually transmitted diseases.

The Observer

Reason can prevail if leaders talk instead of shout

We exchanged war stories, she and I. For a brief moment, all of the letters - from God or at least people who claim to be God, from prisoners on death row and the people who want to keep them there, from pacifists and warmongers, from liberals and conservatives, and from the famous and fanatical - all blurred into one, one experience unlike anything we had anticipated.

She and I are two windburned but enthusiastic survivors of the many cross-currents which an editor of a small college newspaper must face. We get junk mail, hate mail and crazy mail. She is a more well-known and controversial editor than I and therefore gets more mail. But we get more than just letters.

She laughed mildly as she recounted what it is like when she goes into class at the beginning of each semester. Some of her classmates invariably mutter, "Oh, to - she's in here."

Her newspaper is The Dartmouth Review. It's extremely conservative and outspoken on a campus that generally is not either.

She said some of the students hate her. Her professors, from time to time, ridicule her. She is in the butt of many private and public jokes. Her only crime, she said, is that she is a conservative at Dartmouth and has the courage to put her thoughts to print.

The impression she gave me was the majority of the established community was not open to her and her colleagues' ideas. Rather than debate in a reasonable fashion the many issues at hand, people become vicious and personal in their attacks.

We are not to be true at Dartmouth is sometimes true here. Often, personalities and rhetoric cloud the issues. People who claim to have open minds do not.

Rather than debate the merits of a point, people make comments in public and in print which are untrue, unwise, and unnecessary to the general debate at hand.

Revenge, more often than not, replaces discussion.

History, though, does not have to repeat itself.

One week ago today, the Notre Dame Student Senate rejected a call to discuss placing The Observer under some form of advisory board in which student government money would be made back and forth are worthy of a good laugh; however, in a very real sense everyone

Kidnappers deliver new ultimatum on hostage videotape

Associated Press

BEIRUT, Lebanon - An American hostage said in a videotape dropped off by his kidnappers Sunday that he and three other men, including two Americans, will be killed if Israel fails to release 400 Arab prisoners within 24 hours. A six-minute videotape showing Boston native Alain Steen, 47, was delivered to a Western news agency in the name of Islamic Jihad for the Liberation of Palestine, which kidnapped Steen and three others from the campus of Beiruit University College on Jan. 24.

The group's other hostages are Robert Pohl, 53, of New York City; Jesse Turner, 39, of Boise, Idaho, and Milibiahwar Singh, 60, a native of India and resident alien in the United States.

Israel indicated Sunday it was willing to discuss the swap of an Israeli airman missing in Lebanon for the release of the 400 Arab prisoners, a proposal advanced Saturday by Nabih Berri, head of the main Shiite Amal militia and Lebanon's justice minister.

However, Israeli officials said in Jerusalem they would not respond to an ultimatum and would not conduct such talks in public.

Under Berri's proposal, all foreign hostages also would be released in Lebanon by the various extremist groups holding them.

Berri, meanwhile, backed away Sunday from an earlier weekend statement that Anglican Church hostage-negotiator Terry Waite would be freed by Monday, now saying the release would take more time. Waite has been missing since Jan. 20.

A weary-looking Steen, reading from a statement in a monologue, said on Sunday's videotape: "If our lives are important to America, it must order Israel to release the 400 Palestinians as soon as possible that is, Monday as a maximum.

He told America that if it commits any stupidity, we will be prone to be killed. Besides, Americans in the whole world will be the victims of our administration's stupidity.

The Observer Monday, February 9, 1987 - page 3
Bennett claims colleges fail because so many drop out

Associated Press

WASHINGTON - Education Secretary William Bennett, defending plans to make major budget cuts in higher education, claims that colleges are unproductive because half of all college students drop out.

But educators call his criticisms misleading and inappropriate, and there appear to be no statistics that entirely support Bennett's claim.

"We are concerned about productivity. Almost half the students who enter four-year programs . . . do not complete those four-year programs. We think that's a problem," Bennett told a House Appropriations subcommittee last Wednesday.

A day earlier, after making the same point to the House Budget Committee, he asked, "What kind of movie is it we're running that people want to leave halfway through?"

An incomplete analysis by the department's Office of Educational Research and Improvement indicates that 50 percent to 60 percent of students who started four-year programs in 1980 graduated in four years - compared with 51 percent in 1976. And 26 percent had dropped out in 1984 compared with 19 percent in 1976.

Jay Noel, a program analyst in the department's planning and evaluation service, said those numbers show a "deterioration of college attendance, graduation and completion" that concern Bennett.

However, Noel did not have numbers just for the four-year programs Bennett mentioned to Congress.

That's a snowman!

A snow sculpture of Buddha towers over spectators in a preview of the 38th Sapporo Snow Festival in this city on the northern Japanese island of Hokkaido.

$100 Deposit Due Feb 12 Call Jeff 3560 or Joe 1190
During the fall and spring of my senior year at Notre Dame, running furiously from classes to the basement of the Library for interviews, dodging mud puddles, sinking into snow banks with high heels, I found myself terribly apprehensive. I was not at peace with myself, not content with where my life seemed to be going. Something was missing. Ideas of spending a year in volunteer service came in and out of my head, but every time again, I would be talked out of it. "Are you crazy?" friends asked.

Patty Cisle

guest column

Following that "something" inside which would not keep quiet (more appropriately described by Fr. John Dunne as "the heart's desire"), I looked more seriously at volunteer programs, primarily at the Holy Cross Associates and the Jesuit Volunteer Corps. In my searching, I came upon a quote on a brochure from the Jesuit Volunteers which said that once you're a volunteer, you're "ruined for life." Immediately I said, "Forget it - I don't want to be ruined for life. Things can be good enough as it is at times."

But "something" inside wouldn't let me be at peace so I talked to friends, pro­fessors, and I prayed and asked for some direction to put this "feeling in space" Is available to all members of the community and the free expression of varying opinions on campus. Through service work, community living, simple lifestyle and working in lay ministry, I could have a chance to look at our American culture from another angle excited to begin this challenge.

On Aug. 5, 1986, we arrived in Colorado Springs. There we were - six college graduates (Yuvvies, not Yuppies) with no money, no car, no job, no station wagon to share, a house to make "home" for a year, and community service assignments. For two months, I was on top of the world.

My work at the high school was rewarding, I loved my housemates, the Holy Cross community in Cascade (outside of Colorado Springs) was extremely supportive and then the real challenge of Christian community living began.

The honeymoon phase was over and the hard realities of every day community life were there. I was tired of having no privacy, never having a car, having no cash to go out with the teachers from school, "neurotically" cleaning the house on Saturdays, and not having the "ideal" to take a walk out to the campus and pick up the recreation of my peers and family, a step away from society and norms. But in reality, it was ok, I could step freely and feel good about it.

After being accepted into the Holy Cross Associates program, I was elated. It was what I wanted to do for the next year. In April, I was told that I'd be working at a small Catholic high school in Colorado Springs as a guidance counselor for juniors and seniors. From the spring until orientation in July, the reality of my commitment began to sink into me. "Uh-oh, now you've got yourself in the position to be 'ruined for life.'" What it was going to be like living in community, working without pay, praying together, living simply with one car between six people? Though it scared me down, deep, I was excitedly ready to begin this challenge.

The University should not and will not address the administration's concern about alcohol related liability.

Doonesbury

P.O. Box Q

Lowering drinking age would improve policy

Dear Editor:

I agree with Mike Wilkins' column that Notre Dame needs to change its alcohol policy. However, I was surprised to find a second year law stu­dent attempting to address the admin­istration's concern about alcohol related liability.

The more I read about the Holy Cross Associates program, the better it sounded. Yes! This is it. A program which enables me to live out my Christian ideals and really put them into practice through service work, community work, leadership and service,

Of the two questions "Who is God?" and "What happens when you relate to God?" the second is more manageable. I don't know that I can do the first. With regard to the second, my experience of the divine most often occurs late at night when I settle down, look at the first ten years. Still I often turned to God, God as a loving and all-knowing presence, helps me understand, remakes our life - as Providence - was confirmed. And now? My relation to God remains very much what it was.

How do you relate to God?

Editor's Note: The Observer is introducing the Religion page which will run twice a month. It will feature commentary and reviews on the Catholic Church, and religious issues. Today's question is: Some people relate to God as father, some as mother, parole officer, or alter ego. How do you relate to God? When you relate to God, what happens?

NASHVILLE, Tenn.- Randy Neff, a 52-percenter free-throw shooter entering the game, hit three of four from the line in the final 13 seconds as Vanderbilt upset Notre Dame Friday night, 60-56.

The Irish created their own misery, though, as they missed a 3-point play (18 of 31) for the game including an incredibly anemic 3-point (4 of 21) in the first half. "We played about as bad as possible in the first half," said Dame head coach Digger Phelps. "We were horri
cule. You're not going to beat anybody, especially on the road, by going 4-for-23." But as bad as the Irish were, they still had a chance to win late, cutting a seven-point def
deficit to one with 16 seconds left. But Donald Royal missed a three-point play free throw with 15 seconds remaining, Mark McCloskey missed both free throws. Royal, the Commodores in
bounded, and the Irish had to send Neff back to the line where he slammed the door on the game.

"Don't take anything away from Vanderbilt because they did the things necessary to win, especially hitting the foul shots late. They won the game be
cause we didn't want to win the game." "We just didn't respond until there were six minutes left, and we thought we had a chance to scramble back into it. We came back at the end and we can't get a shot when we have a chance to get it," Neff said.

Vanderbilt head coach C.M. Newton, whose own club only hit on 41.4 percent (18 of 43) for the game, said he "played a poor game, and I don't think we were as balanced but just didn't go in," said Neff.

"Fortunately for us, Notre Dame went through the same thing. When a team only has four field goals at half, you
ought to have them buried. It was a good win for us and a very intensely played game. Notre Dame is a highly
thought they were. They're a really class, tough basketball team. A lot of teams when you get a seven-point lead go down on the line and miss their free throws. They never believed for a minu
te that they weren't going to win the game. They didn't..." Neff said.

Scott德拉德 led the "Dores" in 14 points, while Perdue and Barry Goheen hit for 13 each. For the Irish, Royal scored 21, and David Rivers and Jamere Jackson each had nine.

Notre Dame was without Sean Connor, the second three
point shooting had become a factor in the past week. Connor injured his right elbow near the end of Thursday's practice and was on the bench Friday night. The lack of scoring helped hin
dered the Irish against Vanderbilt, but Phelps said he didn't accept that as an excuse.

"Even without Sean Connor, there's no reason for them to have's chance. Our fresh
men should be playing like sophomores by now. Put every thing else aside, and we still should either win the game in the last minute or go into overtime."
The Observer Monday, February 9, 1987 - page 9

Hawks continued from page 12
lane for a violation. Turnovers in the last five minutes also showed the Irish were wearing out.
And then there was Manning, who was nothing short of sensational in the second half. Manning had 23 points in the second stanza on an assortment of hook shots, turnaround jumpers and free throws. Everytime the Jayhawks needed him, Manning answered the call.
With the score tied at 55 with 3:07 remaining, Manning really took matters into his own hands, scoring nine of Kansas’ last 13 points, including five-of-seven free throws. Manning capped his afternoon with a seven free throws. Manning's performance overshadowed one of the most balanced Irish scoring attacks of the year. Led by Mark Stevenson’s 14, the Irish got double figures from four players. Rivers and Voce each had 13, while Royal added 11.
IRISH ITEMS - The Irish were again without Sean Conner against the Jayhawks. Con­ner, who sprained his right ankle Thursday, flew back to South Bend following Friday night’s loss to Vander­bilt.

Mark Stevenson's 14 points didn't help. The last five minutes we just didn’t do the things we had to do. We should have been driving the ball more rather than worry about shooting jumpshots, because we had the bonus. We should have had more than 29 foul shots. We didn’t look to get the ball inside and get the foul shots, and that’s where we broke down in the last five minutes.

“I thought we came out and could’ve gotten blown out, but we didn’t lose our composure. We got the lead and played very well in the second half for about 15 minutes. Those last few few minutes are no indication of how the game went. I think our kids did a pretty good job of playing the way they did.”

Manning’s performance didn’t matter since the Irish were still without Sean Conner, now in a 142-pound match. He is a 142-pound wrestler. He is moving up two weight classes and it is hard for him to learn and it is hard for him to learn. He is improving every match by eliminating mistakes and sticking to the basics.”

After losing the first two matches, the Irish captured the next three weight classes with wins by Jerry Durso, Pat Boyd, and Ron Wisniewski, giving them a 10-6 advantage after the 150-pound match.

Yet, inexperience and injury again haunted the Irish as Chris Geneser was the lone winner in the last five matches.

“I hate to dwell on it, but we are still filling holes,” said Stewart. “These guys are wrestling their hearts out. Mike Sheets, for example, is actually a 145-pound wrestler. He is moving up two weight classes and it is hard for him to learn much with the weight disadvantage.”

The frustrated Irish are still searching for only their second victory of the season. They travel to Ann Arbor on Friday to take on the Wolverines of Michigan and return home on Sunday for their last home meet of the year against Indiana University.

ND wrestlers get slapped against CMU

By CHRIS KILEY
Sports Writer

Although it was scheduled to be a wrestling match, the Central Michigan Chippewas entered the ACC yesterday and gave their rendition of the Ben­gal Bouts on route to a 37-14 victory over Notre Dame.

“Central Michigan is not good on their feet, so they resorted to intimidation tech­niques like slapping heads,” said Notre Dame Assistant Coach Ricky Stewart. “They got our kids to start blinking and flinching, and then took ad­vantage of it.”

Many of the Irish wrestlers were not pleased with this ploy and returned blows which were closer to jabs than head taps.

“Overall, there was some good, solid wrestling,” said Stewart. “I am pleased with is that our better wrestlers are now winning consistently. They are improving every match by eliminating mistakes and sticking to the basics.”

Men's swimmers get two victories; women lose tough meet to Cards

By KELLY TOWNSEND
Sports Writer

In fast swimming action Sat­

urday, the Notre Dame men's swim team defeated Kalamazoo in their last home meet of the season after destroying Bradley on Friday night. The women, meanwhile, lost to Ball State in a hard­
fought encounter.

The men's team went to Bradley with a determined at­
titude and left with an impres­
sive victory. Last year the meet against Bradley went down to the final event. This year, the Irish took the lead from the beginning and left Bradley in their wake, 129-88.

Coach Welsh said he was im­
pressed with the performance by the team.

"The team was primed and ready to win the meet," said Coach Welsh. "The key to the meet against Bradley is in the 400-meter medley relay and never let Bradley catch up." The Irish did just that, cut­
ing off three seconds off their time. It is Notre Dame's first win over Bradley in eight years. Senior John Ward recalls his first meeting with Bradley four years ago.

"My freshman year Bradley's swimmers would come off the bench and just out-swim us," said Ward. "This year we were able to take second and third in most events." That contributed to the victory.

While not always taking first, they were able to take second and third in most events.

Saturday's action began with the women's team taking on Ball State in of the most even meets of the season. The depth of the Irish proved to be no ad­

vantage against the equally­
depth Ball State team. Despite improved times in in­
dividual and relay events, Notre Dame was unable to close in on hard-charging Ball State. The high point of the meet came in the one-meter diving event. Freshman Geor­
gia Boessler, expected to take third, dazzled the crowd with excellent dives and earned first place. Coach Welsh only had praise for the women's perfor­
mances.

"It was the best complete­
team effort since Christmas," said Welsh. "They improved their times all around and were just excellent." Following the women's meet, the men took on Kalamazoo. The the times for the Irish all dropped considerably, with the biggest coming in the 400-yard freestyle relay. Swimmers Jim Dowd, Roger Miro, Chris Petrillo, and John Freeman combined their swims for a record-breaking time of 3:10.44. The swim broke the Rolfs Pool record set last year by St. Bonaventure.

Coach Welsh said he was pleased with the weekend on the whole and sees the Irish coming to a peak.

"We're getting stronger and faster every week," said Welsh. "The men are coming together into a tough, unified team. It was an excellent weekend overall, and we ac­

complished most of what we hoped to do." With such momentum behind them, Notre Dame prepares for the University of Illinois-Chicago Tuesday.

Virginia falls to Tar Heels in overtime

Associated Press

CHAPEL HILL - J. R. Reid
completed a three-point play with 1:26 remaining in over­
time and third-ranked North Carolina held off Virginia for a

74-73 victory in Atlantic Coast Conference basketball yester­
day.

The victory enabled Coach Dean Smith to win his 400th game for the 17th consecutive season and was the 599th in his career, all

at North Carolina. The Tar Heels are 20-2 and have not lost in nine conference games.

Reid, who finished with 21 points, hit two free throws with 57 seconds left in regulation to give North Carolina a 68-67 edge, but two free throws by Mel Kennedy with 23 seconds remaining tied the score.

OCEANFRONT ACCOMMODATIONS FOR 8 BEAUTIFUL DAYS & 7 NICE NIGHTS, PROVIDING AC, TELEVISION, SWIMMING POOL & SUN DECK.

- Optional kitchens available (first come, first serve basis).
- Free pool deck parties.
- Food, merchandise and service discounts provided by local merchants to Inter-Campus Program trip participants.
- Computerized central reservation system to insure accuracy and organization.
- Full time staff on location to serve your needs during your stay.

ND women let lead and game slip away against Hurricanes

By THERESA KELLY
Sports Writer

The Miami Hurricanes were faced with the prospect of being giant killers when they visited the Notre Dame women's basketball Saturday. It was mission accomplished for the 'Canes, who earned a hard-fought victory, 62-61, over the Irish.

Miami had to overcome a tremendous Irish height advantage. Notre Dame's starting lineup averaged 6 feet, including three players 6-2 or taller. The tiny Hurricanes averaged 5-7 and had no starters over 5-10.

The game was all Irish in the early going, as they used a 10-point run to take a 26-11 lead with 6:24 left in the first half. Notre Dame was using its height advantage, getting the ball into the paint to Heidi Bunek, who scored 12 in the first half. Miami's scrappy team held tight and managed to keep the score close, trailing by only seven (36-29) at the half.

An adjustment on defense by the 'Canes turned the game around.

"They played a Zone early on," said Irish coach Mary DiStasiola. "Late in the first half they switched to a match-up and clogged up the middle on us."

The adjustment worked again in a second half that was as physical as the game can get. The Irish also had to have trouble with the Hurricanes' press, and Miami took the lead for the first time 46-44 with 10:38 left in the contest.

The teams traded the lead until Miami's Hope Butler hit a fast break basket at the 5:50 mark and teammate Toni Smiley followed with a baseline jumper at 5:15. Another Butler basket put the Irish down 53-48 with 3:15 to go.

Butler's sister Angie Schwartz scored six of her 12 points in the final two minutes, Schwartz's baseline jumper at the buzzer was not enough as the Irish lost 62-61.

Coach DiStasiola said she was disappointed with her team's second half play.

"We deviated from our game," she said. "We stopped working inside and had too many miscues. We let Miami play."

The Irish held the 'Canes All-American Candidates Marta Rivera to 14 points (all in the first half), almost 10 points below her season average. Rivera, a 5-5 guard, put on quite a show for the fans at the ACC with her dribbling and passing - hitting her half team-mates trailing on the fast break with perfect passes between her legs and over her head. Teammate Toni Smiley picked up the scoring for the 'Canes in the second half.

Bunek played another outstanding game for the Irish, working all afternoon to get open and scoring from the 6-10 to 15-yard line from the floor and finished with 22 points. Bunek also pulled down 16 rebounds, tying her career high. Diondra Toney scored 14 for the Irish, and point guard Mary Gavin added to her Irish all-time assist record with 11.

The Irish as a team shot, 43.8 (28-65) from the floor, but hurt themselves at the foul line, making only 5 of 12 (.417).

The always-tough Notre Dame defense held Miami to .273 field goal shooting (.273 in the first half) and outrebounded the Irish 40-30. The loss dropped the Hurricanes to 2-3 in ACC play (6-12 overall).

Playing in their seventh game in 15 days and with a harbinger that produced two days earlier against Vanderbilt, the Irish starters were forced to go the distance in the second half, despite foul trouble. The fatigue showed in little ways. For instance, with the Irish down, 55-51 and Rivera at the line to shoot a bonus free throw, Gary Voss fell into the game seesawed through out the first half.

In the second half, the Irish twice opened five-point leads in the first 10 minutes of the half. It also looked as if the Irish would be able to use a favorite tactic - shooting free throws. With just over 15 minutes to play, the Irish were in the bonus, much to the dismay of the capacity crowd of 13,000 at Allen Field House. But the Irish couldn't or wouldn't force the ball inside to get points the easy way. And then, fatigue and Manning took over.

The game was all Irish in the early going, as they used a 10-point run to take a 26-11 lead with 6:24 left in the first half. Notre Dame was using its height advantage, getting the ball into the paint to Heidi Bunek, who scored 12 in the first half.
