Election today for SBP tickets

Viz, Boron: 'experience'

By ERIC M. BERGAMO
Senior Staff Reporter

The ticket of Steve Viz and Chris Boron would bring "experience and diversity" to the office of student body president, according to Viz.

"The experience meaning, from day one of freshman year, being in the student government cabinet, to being elected to the student senate twice and sitting on the student senate," Viz said.

Viz and Boron will face Tom Doyle and Mike Paese in a run-off election today for the office of student body president.

Viz said he wants to be "an active leader" as president. "With an entirely new composition of the Senate — everyone on the floor will be new — I really think that the person who sits at the chair of the Senate (the president) is going to need some sort of experience in central student government to set an appropriate tone for the senate and to serve as a pool of knowledge," Viz noted.

Viz also cited his work with the Campus Life Council, the Senate committee for plus-grades and as Junior Parents Weekend sophomore representative.

Tom Doyle and Mike Paese will "work on the little things," generally, as elected student body president and vice president Thursday, Doyle said.

"We want to work on the little practical things that make student life a little easier, that make student life a little smoother. Things like a 24-hour lounge, minority concerns ... even things like toilets for tailgaters," Doyle said.

Doyle and Paese were the top vote-getters in Tuesday's election, capturing 1,041 votes, and will face Steve Viz and Chris Boron in today's run-off election.

Doyle said his ticket is "team-oriented" in that both Doyle and Paese have worked together before.

"This is by no means a ticket that's going to fight together for strategic reasons at all," Doyle said. "It'd be safe to say that one of us would not be on the ballot without the other."

Doyle has government experience as Grace Hall president, while Paese has worked on student government reports for the Board of Trustees, he said.

Senior job prospects looking up

By JIM LANG
News Staff

Seniors involved in the job-hunting process this year have a definite advantage over those who graduated in 1987, according to Kenny Arnold, director of Career and Placement Services. Arnold estimated that approximately 50 to 60 percent successfully locate jobs in their fields. At least 80 percent of those are accounting majors. The remaining percentage is divided mainly between MBA's and finance majors.

The primary consideration for most seniors who are rowing down offers is the actual job function they will perform, said Arnold. They are most concerned about whether they will be happy in a certain position, she said.

Republican George Bush and Democrat Michael Dukakis exulted in their impressive New Hampshire primary victories on Wednesday while the rest of the presidential field jetted for position in a campaign without clear, dominating front-runners.

Two of the also-rans, Democrat Bruce Babbitt and Republican Pete du Pont, appeared on the verge of dropping out after poor showings in Iowa and New Hampshire.

With the delegate-rich primaries just ahead in the South and elsewhere, there was no danger of peace breaking out among the remaining combatants.

"I think you're seeing a mean George Bush," said Sen. Bob Dole, who blamed his defeat in New Hampshire on distortions he said were spread by the vice president's campaign. "I'm not going to run from it. I'm not known for running from a fight."

While most of the field worried about raising money and gaining momentum, there were others who had possibly fought their last campaign.

Former Arizona Gov. Babbitt returned to Washington after his fifth-place Democratic finish and said in an interview Wednesday night, "It is very likely that I will make the decision to pull out." He scheduled a news conference for Thursday morning.

Du Pont, the former Delaware governor, scheduled a news conference for Thursday afternoon, and a source in his campaign indicated withdrawal was likely.

Surveys estimate cheating

Although surveys estimate that as many as 46 percent of the students at some universities cheat on exams, cheating seems much less of a problem at Notre Dame, according to faculty members.

"Our faculty doesn't perceive (cheating) as a big problem," said Jerry Marley, assistant dean of the College of Engineering. He said the faculty has "been in a mode of attempting to conduct exams that limit the opportunity to cheat."

"Cheating is not at all a big problem, as long as I watch over (the students)," said History Professor Leon Bernard.

The College of Engineering has only one or two cases a year, said James Taylor, dean of the College of Engineering. Formal charges are filed only occasionally, he said.

Mary Clancy, assistant professor of biological sciences, however, estimated that in a large class of 200 students, as many as 30 percent may take an examination that is cheated by less than 1 percent are caught.

Viz said social programming is an essential part of their campaign. "Chris has had experience as sophomore social commissioner and Junior Parents Weekend sophomore committee chairman," he said.

Viz said he hoped the diversity of the ticket "would present the best possible representation of all the diverse needs, interests and desires of the student body" to the administration.

The platform the ticket is running on is "very, very comprehensive," Viz said.

A primary goal is to get student opinion on the feasibility of the honor code, he said. "The honor code ultimately won't work unless there's student support for it," Viz said.

Other goals include reinstating the student-run Faculty Course Evaluations, improving outside athletic facilities such as the senior basketball lounge, minority concerns ... as long as I watch over (the students)," said History Professor Leon Bernard.

Postal silliness needs to be all stamped out

I figured the machine would give me some good 'ol fashioned patriotic stamps. Maybe they'd have a Bald Eagle on them. Perhaps the Constitution.

But I didn't get patriotic stamps. I got 'Greetings' stamps. 'Best Wishes!' one said. "Love You, Mother!' another read.

There were more: "Thank You!' "Keep In Touch,' "Love You, Dad!' "Happy Birthday!' "Congratulations!' "Get Well!'

For 22 cents, you can add one of these greetings to a letter to anyone in the United States, Canada or Mexico,' the booklet said.

Geez. These have to be the most useles things I've ever seen. I needed stamps to write potential employers. And I get these.

Has the Postal Service lost its mind?

Not more than two hours earlier I had been on the phone with Michael Feld, who had written more than 350 letters seeking support for a stamp honoring John Rockne.

Those Feld contacted included famous alumni, U.S. representatives, senators and Big­

ger Phelps, a member of the committee that helps to choose stamps. And with the deadline for new stamps approaching, Feld said, he wrote the man who played George Gipp in the movie, "Knute Rockne, All American.'

"Turnabout is fair play, Mr. President,' Feld wrote. "It's time for the Gipper to win one for Rockne.'

All this he did for a stamp.

Well, Feld's work paid off. A Rockne stamp will be issued on March 9.

So there I was, standing in front of the postal machine, staring at my 'Greetings' stamps. Why, I wondered, would the Postal Service make Fecll go through all that trouble to get a Rockne stamp, and then issue stamps with 'Get Well!' and 'Love you, Dad!' on them?

So I called Frank Thomas, a spokesman with the U.S. Postal Service's Stamp Information Branch in Washington, D.C.

Whose idea, I asked, was it to put "Thank You!' and "Happy Birthday!' on stamps? "It wasn't any one person with the idea," Thomas said.

"Others said we should have stamps for holidays, or for fathers on Father's Day," he added. "Some people want stamps that depict the United States' heritage."

"And with the deadline for new stamps approaching, Feld said, he wrote the man who played George Gipp in the movie, "Knute Rockne, All American.'"

"Turnabout is fair play, Mr. President,' Feld wrote. "It's time for the Gipper to win one for Rockne.'

But I didn't get patriotic stamps. I got 'Greetings' stamps. The (Stamp Advisory) Committee just might question the stamps in light of Feld's work for a single Rockne stamp. 'But they have to understand that the Postal Service has a great number of requests,' Thomas said.

"Some people want stamps that depict the United States' heritage."

"There's another set of customers who could care less about famous people," he said. "They want bright, cheery stamps, so we have to honor their requests, too.'

Thomas said the response to the 'Greetings' stamps has 'been a very positive thing. The only slightly negative response has been from people who ask, 'What do I do with the leftover stamps that I have no use for?'

"We tell them there's nothing that says you have to use the 'Love You, Mother!' on Mother's Day," he said. "Our suggestion is that there's no harm in using a 'Love You, Mother!' stamp to pay your bills."

I asked him if I could trade my "Greetings" stamps in for some different ones. I'd even accept those stamps honoring shells.

Thomas said no, I couldn't trade my stamps in. I'm stuck with them.

So I'll probably write a letter questioning why the post office uses its machines to force dopey stamps on unsuspecting customers.

I'll address the letter to the Postal Service in Washington. And I'll post it with a 'Get Well!' stamp.
Delay sought in Beauchamp trial

Associated Press

PONTIAC, Mich.-A judge will decide Monday whether to grant a motion to delay the trial of an Ohio man charged in the slayings of the parents of Notre Dame Executive Vice President William Beauchamp.

Defense attorney Cyril Hall asked for the murder trial of Michael Root, 30, to be delayed for 10 days after the prosecution asked that an independent expert be allowed to examine new evidence that could physically link Root to the victims.

The Youngstown man is charged with first-degree murder and first-degree criminal sexual conduct in the Sept. 8 slaying of Marion and Edward Beauchamp in their home in Ferndale, a Detroit suburb.

Oakland County Circuit Judge Robert Anderson was to rule on the motion Wednesday, but postponed the decision until Monday morning, according to a court administrator. No reason was given for the adjournment.

Leave taken by Fisher rector

By MICHELLE LAROSE

Brother Edward Luther, Fisher Hall rector, left Fisher Wednesday to enter a one-week alcoholism assessment program, according to Father David Tyson, vice president for Student Affairs.

The program will determine if Luther needs long-term treatment, Tyson said.

Fisher Hall residents learned of Luther's leaving Wednesday night at a mandatory hall meeting called by Tyson. Assistant Rector Joe Ross will serve as acting rector, Tyson said.

"Brother Ed is still the rector of Fisher Hall and will be on his return to campus," Tyson said.

Luther entered a program at Guest House, a treatment center for alcoholic priests and brothers in Michigan, after an "intervention" Wednesday at 11 a.m. by concerned members of his religious order.

"The intervention is basically a meeting that could be between family members or friends and the individual that expresses concern in a positive light, but also focuses on any problem pattern that may have developed", said Tyson after the hall meeting.

Father Steve Newton, a Holy Cross associate who has had extensive experience in alcohol counseling, said Luther would undergo physical, psychological and emotional tests at Guest House to determine if alcoholism is present.

TO CREATE VALUE

At NCR, we’ve found that in order to create value, we must first satisfy the legitimate expectations of every person with a stake in our company. We call these people our stakeholders, and we attempt to satisfy their expectations by promoting partnerships in which everyone is a winner.

- We believe in building mutually beneficial and enduring relationships with all of our stakeholders, based on conducting business activities with integrity and respect.
- We take customer satisfaction personally: we are committed to providing superior value in our products and services on a continuing basis.
- We respect the individuality of each employee and foster an environment in which employees’ creativity and productivity are encouraged, recognized, valued and rewarded.
- We think of our suppliers as partners who share our goal of achieving the highest quality standards and the most consistent level of service.
- We are committed to being caring and supportive corporate citizens within the worldwide communities in which we operate.
- We are dedicated to creating value for our shareholders and financial communities by performing in a manner that will enhance the return on their investments.

NCR’s Mission: Create Value for Our Stakeholders

THE MISSION

TO WIN

We’re so committed to our mission that we’re encouraging the next generation of leaders to re-examine America’s business values. We’re doing this by holding the NCR Stakeholder Essay Competition which all full-time undergraduate and graduate college or university students may enter. Entries should explore the topic: “Creating Value for All Stakeholders in Corporations and/or Not-for-Profit Organizations.”

The student chosen as the first place winner will be awarded $50,000 cash. Plus, the entrant’s school will receive $100,000 in NCR data processing equipment. The second place winner will receive $15,000 cash and the entrant’s school will receive $35,000 in equipment. One hundred $1,000 awards of merit will be given to chosen participants. In addition, selected award-winning entrants will be invited to attend the first NCR International Symposium on Stakeholders to be held June 9 & 10, 1988, in Dayton, Ohio.

THE CHALLENGE

THE RULES

1) The NCR Stakeholder Essay Competition is open to any full-time undergraduate or graduate student attending an accredited college or university in the United States or its territories.
2) Entries must be original, unpublished work on the topic: “Creating Value for All Stakeholders in Corporations and/or Not-for-Profit Organizations.” Entries must not exceed 3,000 words. Areas of discussion may include, but are not limited to Ethics, Corporate Governance, Strategic Management, Social Responsibility, or Managing Change as these topics relate to managing for stakeholders.
3) Entries must be typed, double-spaced on 81/2” x 11” bond paper, one side only. A separate cover sheet should list the entrant’s name, school, home address and title of the essay. Subsequent pages should be numbered sequentially and include the essay title in the upper right margin. Winners will be required to produce proof of current full-time college or university enrollment.
4) All entries must be postmarked by March 31, 1988, and received by April 15, 1988 to be eligible for consideration. Submit entries to: NCR Stakeholder Essay Competition, NCR Corporation, Stakeholder Relations Division, Dayton, Ohio 45479. NCR is not responsible for, and will not consider, late, lost or misdirected entries.
5) In the event any prize winner is a minor, the cash award will be made to her/his parent or guardian.
6) Awards to individuals will be reported as income on IRS Form 1099. All taxes are the responsibility of the recipients.
7) Award winners will be required to sign publicity releases and affidavits of eligibility and compliance with all rules governing the competition. Failure to return executed affidavits and releases within 15 days of receipt will cause the award to be null and void.
8) All entries become the property of NCR and will not be returned.
9) By participating in this competition entrants agree to these rules and the decisions of the judges which shall be final in all respects, and further agree to the use of their names, likenesses and entries for NCR advertising and publicity purposes without any further compensation.

State and territorial judges will consist of panels that include NCR stakeholders. Final selections will be made from state and territory winners by a national panel of judges.

If clarification is necessary, call (513) 445-1667, 8 am - 5 pm EST.

Award winners will be notified on or about May 16, 1988. To obtain a list of finalists, send a self-addressed, stamped envelope to:

Oscar nominees vie for top honors

Associated Press

BEVERLY HILLS, Calif. - "The Last Emperor," a panoramic drama of modern China, scored top honors with nine nominations Wednesday in an Oscar race that included Cher, Robin Williams and Michael Douglas but overlooked Cher, Robin Williams and Meryl Streep were nominated as best actress for their roles as Depression-era low-lifers in "Ironweed."

Best actor nominees also included Douglas for "Wall Street"; Hurt, "Broadcast News"; Marcello Mastroianni, "Dark Eyes"; Williams, "Good Morning, Vietnam."

Douglas learned the news watching television at his New York apartment. He said, "It made me not only proud of our film 'Wall Street,' but it reminded me of what a wonderful part Oliver Stone created."

Joining Streep on the best actress list: Cher, "Moonstruck"; Glenn Close, "Fatal Attraction"; Hunter, "Broadcast News;" and Sally Kirkland, "Anna."

President Reagan was at his California ranch when he was informed of the incident and told reporters as he left for Washington he was "trying to learn more about it." However, a White House spokesman, Roman Popadiuk, said of Lt. Col. William Higgins, "we hold the kidnappers responsible for his safety."

Higgins, head of the 75-man, multinational observer group attached to the U.N. Interim Force in Lebanon, was kidnapped in southernmost Lebanon after returning from talks with Shiite Moslem militia officials. He is one of 36 members of the U.N. Truce Supervisory Organization, which observes United Nations efforts to keep the peace along Israel's volatile borders with its Arab neighbors. The observer team has been operating since 1969 and fewer than 30 of the American members are assigned to duties along the Lebanese-Israeli border, the State Department said. Department spokesman Charles Redman, asked if the United States will continue taking part in the observer missions, replied: "Yes."

Before Higgins' disappearance, eight Americans were being held captive in Lebanon, which has been declared off-limits to American citizens by the State Department.

Doyle continued from page 1
Doyle said he wants to "expand the purview of student government to larger political and social issues."

Since Notre Dame is the "premier Catholic university in the country," Doyle said he thinks the University should be "on the cutting edge" of those issues.

"What that means is that we (student government) bring in intellectuals who are at the top of their fields, politicians and candidates and get those people to speak on our campus, get people to ask them questions on campus," Doyle said. "The Georgetowns, the Ivies (colleges) and the Stanfords, look to us to see what's going on at Notre Dame," he added. Communication between student government and the students is also a priority, Doyle noted.

"What we would like to do is improve communications and then, hopefully, from that improve the image of student government," Doyle noted.

Doyle said he would like to have a weekly column in the student publications to inform the students of what is going on.

Students could also write in to the column, he added. "Student government sort of gets lost a little bit... with the student body because people don't know what is going on," said Doyle.

The student publications are read by most of the students, he noted.

"If people just knew what was going on in student government then they'd be more likely to get involved," he said.

Doyle said he hopes to improve relations with University administrators by having them sit in on student government meetings as observers.

OCCUPATIONAL LEADERS TO KILLING

Associated Press

SUNNYVALE, Calif. - A four-year obsession with a co-worker's smile ended with a Silicon Valley technician blasting into a top-secret defense plant, killing four, police said Wednesday.

"I'm not crazy - I know I will die as a result of this," Robert Wade Farley, 39, told hostage negotiators before Grijalva surrendered Tuesday night, more than five hours after a fusillade announced his arrival at the ESL Inc. plant.

He had been fired from his $36,000-a-year job there in May. Farley performed poorly. "It didn't appear there was any way he could have been stopped," said police Capt. Al Scott.

Flags flew at half-staff at the ESL complex on Wednesday, and employees appeared somber. Counselors were available for those who needed help.

Grijalva quoted Farley as saying the attack stemmed from his obsession with en­listing Laura Black, 26. "He said he was in love with her from the first moment he met her. "I'm not crazy," he told the San Francisco Examiner. "It was her smile."

"He knew she was not attracted to him, but he told her he wouldn't end until she went out with him or he died." Little was known of Farley's past, Scott said. He was never married and had no children. Farley had relatives in Califor­nia, Texas and Germany and had served 11 years in the Navy, mostly shore duty, Scott said.

The incident began at about 2:15 p.m. PST when Farley drove up in a rented motor home at ESL, which holds mil­ lions of dollars in contracts with the Department of Defense and other government agencies.

Police later found more weapons, ammunition and cans of gasoline in the motor home, Scott said. "He had a lot of guns and a lot of gun knowledge - apparently a lifetime hobby," Scott said.

"I'm not so much a sports fan, yelling and screaming for network employees producing programs have all tapped the collection's resources during Kyles' six years as curator. "And of course there are the fans," he says. "You meet some great people. There will be guys who come here who played for Rockne. They're all friendly and outgoing as can be, and then I'll show them Rock's sweater that he used to wear to practice and they'll get real quiet and just stand there looking at it.

Despite its abundance of sports artifacts, the collection is not primarily a museum. And although many people assume it's a "mini-shrine of Notre Dame," the collection is not that either. "We're proud of how broad the collection is," says Kyles. "And apart from the films, about 85 percent of the collection is non-Notre Dame." It is the expansiveness of the collection that is so impressive, making it "undeniably, the best collection in the United States." While some other schools have collections, they are very regional in scope. The University of Michigan's resources, for example, focus on football, fishing, and other Midwestern sports. Notre Dame's is not like that.

Kyles describes his duties as "coordinating various sports information sources, for example, focus on football, fishing, and other Midwestern sports. Notre Dame's is not like that. There are also thousands of miscellaneous publications and magazines (40,000 total, and 167 different titles)." Priced pieces in this section include The Police Gazette of 1955, a magazine similar to Sports Illustrated.

Finally, there are the films: 5,300 reels. Many are of Notre Dame sports and they have all been cleaned and in some cases edited. Often they will be pulled and used during television broadcasts. According to Kyles, "The reason you can see them on TV is because we take good care of them. We make sure they're preserved." There are also reels and videotapes of professional games.

The collection still does not stop there. There are 100,000 pieces of correspondence. There are scrapbooks. Additionally, Kyles has established a "strong network around the country, with other libraries, sports organizations (including teams), and sports Halls of Fame. Therefore, if someone needs a material that Notre Dame doesn't have, Kyles can get the information or a copy from somewhere else. Lastly, there is the memorabilia: The "Knute Rockne: All-American" script, the football helmets and baseball mitts from the 20's, the baseball auto-gr aphed by Babe Ruth; and Joe Frazier's sparring gloves from the fight with Muhammad Ali. And on and on. There is not such an emphasis on international materials, but the Olympics and Pan Am Games are represented in terms of resources and souvenirs alike.

Kyles affirms that the maintenance of the collection is "concerted with the academic pursuit of sports." Indeed, there is much to be learned from this collection which has been praised in the New York Times (including teams), and sports Halls of Fame. Kasatonov put the Soviets up 3-1 with a 50-foot slapshot from the right point. Allen Bourbeau brought the sold-out pre-American crowd at the Saddledome roaring to life with a spectacular sliding goal from just outside the crease at 11:40.

But the chants of "USA, USA" were quickly quieted when Valery Kamensky, Igor Larionov and Fetisov put the Soviets into a 6-2 lead. But the Soviets a second gold medal in a tangle of skis and poles. Unrelenting winds that reached 80 mph brought havoc on the Olympic schedule, delaying the double-gold quest of Matti Nykanen, the "Flying Finn." Nykanen was going after an unprecedented second victory in ski jumping when the 90-meter team event was postponed until Thursday.

The final two runs of the women's luge also were postponed. The Soviet Union picked up two more medals - a silver and bronze from its women's cross-country team - to run its count to nine. That's six more than Finland, Switzerland and the Netherlands.

The United States still has just one medal, a pairs figure skating bronze by Jill Watson and Peter Oppegard that could have been a silver except for Watson's costly pratfall. Speed skater Eric Plaim almost got the United States its second medal in the 5,000-meter speed skating event. He missed the bronze by 1.17 seconds, finishing fourth.

Zurbriggen had only to finish the second run of a slalom race, and he would have earned his second gold medal in a tangle of skis and poles. other teams spread out their points and don't finish right behind us.

Notre Dame will face Purdue and Indiana along with Ball State, Indiana State and Southern Indiana, which is, according to Plane, "a very good Division I team." Over 20 schools will compete in what amounts to yet another tough meet for the Irish. Plane is looking for a top three finish from his athletes.

"Indiana and Purdue are both capable of placing in the top five," says Plane. "Purdue is insisting that they can even win the Big Ten. Indiana State is a much improved team and Ball State was the Mid-American Conference runner-up season before last so naturally they'll be tough in the distance events. I think we can place in the top three if everything goes right."

Among the athletes that Plane is counting on to perform well is sophomore Mike O'Connor. Also being expected to have an exceptional meet are junior Ron Markiecz and senior Mark Galis.

Markiecz and Galis both will be among the favorites in the track meet.

College basketball roundup

Tennessee tops Kentucky

Associated Press
KNOXVILLE, Tenn.- Greg Bell made a footer with one second remaining to give Ten­ nessee a 72-70 upset over No. 9 Kentucky Wednesday night in the Southeastern Conference. Bell's basket came after Ten­ nessee's Clarence Swarengen batted away a Kentucky ball. The Volunteers, who snapped a three-game losing streak, im­ proved to 13-9 and 6-7.

Tennessee's victory was one of three major upsets in South­ eastern Conference play Wed­ nesday night, as Alabama stunned Vanderbilt 88-77 and Mississippi knocked Florida 82- 75.

Duke 73, UVA 54
DURHAM, N.C.- Danny Ferry scored 28 points, includ­ ing 2 of Duke's first 14, leading the No. 6 Blue Devils past Vir­ ginia 73-54 Wednesday.

Ferry's opening run enabled Duke, 19-3 and 8-2 in the Atlan­ tic Coast Conference, to take a 16-point lead. Virginia came back to cut it to four before the Blue Devils pulled away with an 8-0 run.

Bill Batts led Virginia with 14 points and John Johnson added 12 for the Cavaliers, 12-13 and 4-5.

UNC 80, Wake Forest 62
CHAPEL HILL, N.C.- Steve Bucknall and Kevin Madden scored 15 points each Wednes­ day night, leading No. 5 North Carl­ ina to an 80-62 victory over Wake Forest. North Carolina improved to 19-3 and 8-2.

Mich. 82, Minn. 78
MINNEAPOLIS- Terry Mills scored five of Michigan's final six points, including two free throws with four seconds left, as the No. 10 Wolverines held off Minnesota in a 82-78 Big Ten game Wednesday night.

The Gophers, 8-13 overall and 3-9 in the conference, rallied from a 13-point deficit with 12:36 left to pull within two points with 19 seconds remaining.

OU 79, Okla. State 75
STILLWATER, Okla.- Stacey King scored 22 points and Dave Sieger made two im­ portant free throws with 12 seconds left Wednesday night as No. 4 Oklahoma held off Oklahoma State 79-75 for its ninth consecutive victory.

Evansville 73, MU 72
EVANSVILLE, Ind.- Curtis Jackson hit a 6-footer in the lane with five seconds left and Marty Simmons scored 36 points to pace Evansville to a 73-72 win over Marquette Wed­ nesday.

Marquette, 19-13, regained the lead when Mark Anglavalar hit a 3-pointer, but then Jackson scored after missing his first five field-goal attempts of the game. Michael Sims' 3-point at­ tempt fell short for Marquette as time ran out.

In other college basketball action Wednesday, Lafayette whipped Rider 79-57, Syracuse bounced St. John's 82-68, Florida A&M rolled South­ Carolina State 74-64, Georgia Tech sound Maryland 104-82, Navy cruised past Fordham 54- 51, Auburn dodged Mississippi State 77-61, LSU nipped Geor­ gia 83-62, Louisville scalped Florida State 82-62, Illinois crushed Ohio State 118-86, Toledo rocketed past Cleveland State 85-76 and SMU topped Rice 86-66.

The men's tennis team will be competing at home this weekend. It was reported otherwise in Wednesday's edition of The Observer.

continued from page 14

Notre Dame's singles lineup this weekend will include freshman Ceci Cahill at the top seed, followed by junior captain Michelle Dasso, sophomore Alice O'Byrne, freshman Cathy Cahill and sophomore Jackie Uhll.

The doubles pairs will be Cahill and Dasso, Pacella and Lohrer and Bradshaw with either Uhll or sophomore Pat O'Byrne.

Notre Dame will have to rely on a singles lineup that includes three freshmen. But then again, the top two singles records last fall came from freshmen.

While Cahill posted a 21-1 record as the top seed last fall, Pacella recorded an 11-5 singles record and an 11-4 doubles mark.

"She (Pacella) has really come a long way," said Gelfman. "She's a team person and has a terrific personality. She has a lot of raw skills and more athletic ability than anyone I've seen."

Pacella's success in the fall answered several of her own questions, as the Toledo, Ohio, native did not know what to expect coming into college play.

"In Junior tennis, you knew who you were playing, and you were thinking, 'I have to beat this girl. She beat me last time,' said Pacella, recalling this girl. She beat me last time, but who you were playing, and you were thinking, 'I have to beat this girl. She beat me last time,' said Pacella, recalling this girl. She beat me last time, but she's a team person and has a terrific personality. She has a lot of raw skills and more athletic ability than anyone I've seen."

Pacella's success in the fall answered several of her own questions, as the Toledo, Ohio, native did not know what to expect coming into college play.

"In Junior tennis, you knew who you were playing, and you were thinking, 'I have to beat this girl. She beat me last time,' said Pacella, recalling this girl. Irish go up against Dayton's baby boomers tonight
Notre Dame with a 10-13 record

The Irish hold a 17-9 advantage over the years against the Flyers, and Dayton has never won in 11 tries against Notre Dame. At 15-7 with four games remaining, the Irish can notch their fourth straight victory tonight.

"For us, it's one of those games where it's a must win," Phelps says. "We can't take it (a victory) for granted because of five their record.

"It's a must win with the student body," Phelps continued.

"The sixth man has to be there for 40 minutes of intensity."
