Bush plan likely to hit taxpayers

Associated Press

WASHINGTON—President Bush on Monday called on banks and thrift institutions to pay higher deposit insurance premiums as part of a $100 billion solution to the savings and loan crisis, but recommended no direct fee on individual depositors.

"We intend to shore up our entire insured deposit system to health," the president told reporters in outlining a series of regulatory changes and tax breaks to prevent any wrongdoing at S&Ls that have failed thus far.

"In all the time since creation of the deposit insurance, savers have not lost one dollar of insured deposits and I am determined that they never will," Bush said.

An estimated $100 billion is needed to rescue the ailing industry.

Bush said the government should raise $50 billion in bonds to finance the cost of failed institutions, to go along with $40 billion committed last year by regulators.

Bush said the interest on the bonds would be financed by higher insurance premiums. Separately, Treasury Secretary Nicholas Brady outlined a plan for a series of regulatory changes that called for higher premiums paid into the deposit insurance fund. The proposals outlined by Bush and Brady need congressional approval.

But Bush said, "I will not support any new fee on depositors."

He thus rejected a proposal floated by his own senior aides to charge depositors a fee to help raise funds for the bailout, an idea roundly criticized by members of Congress.

The announcement marked Bush's first attempt as president to deal with a major problem, and he appealed for support in Congress.

Sen. Don Riegle, D-Mich., chairman of the Senate Banking Committee, said any legislation should also prohibit banks from allowing activities by savings and loans that are not sanctioned by federal regulators.

The banks and savings and loans can be expected to pass on at least a portion of their costs to consumers, possibly in the form of lower interest rates on savings accounts.

"We've got a major problem and something has to be done and this is the fastest system that the best minds in this administration can come up with," Bush said.

Bush said the difficulty in the S&L industry was caused partly by economic conditions. But, he said, "unconscionable risk taking."

Carnival parade

A neighborhood samba group takes part in the famous Rio De Janeiro carnival parade early Monday. Eighteen top groups compete in the two-night parade, considered the highlight of the Brazilian carnival.

Today's vote likely to kill Congress pay hike

Associated Press

WASHINGTON — The speaker of the House, Jim Wright, caved in Monday to opponents of a 51 percent congressional pay raise, conceding "the majority has spoken" in demanding a vote that will likely keep senators and representatives from getting any increase.

Wright had planned to let the vote take effect Wednesday, then raise the House vote the next day to scale it back to 30 percent.

Indiana S&Ls recovery is clouded by Southwest crisis

Associated Press

INDIANAPOLIS — The success of Indiana's Savings and Loan institutions has been overshadowed by the flood of insolvent thrifts in the Southwest, according to an industry spokesman.

Richard McKasson, president of the Indiana League of Savings Institutions, says it's ironic that Indiana thrifts are in the sixth year of a recovery from the S&L crisis of 1982.

McKasson says structural improvements are in place, capital requirements have been strengthened, better regulators have been hired, net worths are up and problem thrifts have been taken care of. On the whole, Indiana thrifts are looking for another profitable year, he said.

Despite their success, however, the state's thrift leaders don't sound happy.

The problem is, McKasson says, the media is reporting about the problems with thrifts in the Southwestern states, and not making note of any geographic distinction.

"We didn't have anybody do any of the exotic things you read about," McKasson said. "We didn't have any real crooks or fly-by-nighters or anything like that."

The result is that people with a little extra money to back up aren't considering thrifts, "even though the rates or convenience would be equally attractive" to other institutions, McKasson said.

He admits, however, that Indiana's thrift industry has not chosen to pay top rates needed to attract deposits.

Blistery day

The Observer / Jennifer Oh

From left: Gigi Dolak, Laura Mines and Suzanne Monday. The recent snowfall and strong winds made Devine walk to Haggar Center at Saint Mary's on walking hazardous and uncomfortable.
**IN BRIEF**

**Morris Pollard,** Coleman director of Loband Laboratory at the University of Notre Dame and Professor Emeritus of Biological Sciences, has been named an honorary alumnus of the University by the Alumni Association. The announcement was made today at a luncheon luncheon for former members of the alumni board. Pollard was the guest speaker. Only six others have been given honorary alumni status. Pollard is a graduate of Ohio State University and holds a master's degree from Virginia Polytechnic Institute and a doctorate from the University of California at Berkeley. He came to Notre Dame in 1941 as a professor of Biology and director of Loband, the facility that pioneered in research techniques.

Peter Walaha, Notre Dame professor of government and international studies, was awarded a MacArthur Foundation study grant for the 1989-90 academic year, according to the Department of Government and International Studies. The grant will permit Walaha a year away from teaching to research and write a book on "Prophetic Politico-Studies."

New computer lab to open

By FLORENTINE HOELKER

A new computer lab, which will be located in the architecture building, should be open after spring break, according to Donald Spicer, assistant provost for University computing.

"The new lab will hold computers which possess greater processing capabilities than the old one," said Spicer.

Although directed toward the needs of engineering and architecture students, the lab will also be open to other students, added Spicer.

The new computers, IBM PS 2 model 72s, will number about 17, according to Spicer. Students will have access to 16 of them, while the remaining computers will be reserved exclusively for instructors.

"This particular lab," said Spicer, "will not be open 24 hours, but will open and close with the architecture building. But we certainly expect to keep another computer lab open on a 24-hour basis." He said the 24-hour lab will be located in the basement of LaFortune Student Center.

The recent theft of five computers from O'Shaughnessy Hall will in no way affect the architecture building lab, said Spicer.

Saint Mary's Programming Board meets to plan second semester spring activities

By LAUREL VITALE

The Saint Mary's Programming Board held its weekly meeting Monday night, discussing several student activities planned for the spring semester.

The Board announced that alumni Gail Stern will be speaking Friday at 4 p.m. in Stapleson Lounge as part of the Alumni Speaker Series.

Stern is a Chicago resident and a business graduate of Saint Mary's. She will be sharing her experiences and job opportunities upon graduation from college.

It was also announced that Saint Mary's student government will co-sponsor a sale with Logan Center, selling green clown noses to celebrate St. Patrick's Day. The neses will be available on both the Saint Mary's and Notre Dame campuses at the end of February.

Lisa Hill, vice president for Student Affairs, says she believes the Logan sale is for a good cause and will add to the St. Patrick's Day spirit on both campuses. A mandatory meeting for students running for class or student body office will also be held Wednesday at 7 p.m. in room 304 Haggar Center at Saint Mary's. At the meeting, election rules and regulations will be announced.

Saint Mary's student government also reported that it has purchased a new computer for all Saint Mary's students. Available times for computer use will be announced to students next week.

Iceberg debates results

The results of the second round of the Iceberg Debates Monday night are:

Fisher (con) 82 vs. Badin 79
Farley (con) 88.5 vs. Flanner 75
Carroll (con) 72 vs. Dillon 66
Breen-Phillips (pro) 83 vs. Grace 76
Keenan (pro) 84 vs. Holy Cross 76
Morrissey (pro) 85 vs. Walsh 75
Serio (pro) 80 vs. Lyons 78
Stanford (pro) 90 vs. P.W. 85
Off-Campus (pro) 89 vs. Stephil 83
Penborn (pro) 72 vs. Howard 89
P.E. (pro) 84 vs. St. Edo 80
Lewis (pro) 82 vs. Alumni 81
Grace II (con) 80 vs. Knott 81
Zahm (con) 83 vs. Cavanaugh 81

The debate topic was the conversion of three dorms for coeducational housing.

Grad students at ND feel 'neglected,' voice concerns

By DESIREE DE LISLE
News Staff

The Graduate Student Life Series opened Monday night with a discussion between University President Father Edward Malloy and graduate students on a variety of issues such as the lack of graduate housing.

During the discussion, the first of a three-part series sponsored by the Graduate Student Life Organization, graduate students told Malloy they felt neglected by the University. One of their concerns was the lack of space on campus for living, working and socializing.

Malloy said he would like to rectify the problem of graduate housing quickly, adding that the next proposed dorms will be for graduate students.

Several graduate students said they are unhappy with the current social conditions at Notre Dame. The sense of community for which Notre Dame is known is absent at the graduate level, they said.

Offering his ideas on the subject, Malloy said the graduate students should make contacts in their departments with the faculty and their fellow students.

One grad student suggested increased publicity of campus events and non-varsity athletic programs to help remedy the social alienation graduate students feel.

Another graduate student, who said many graduate students have been displaced from their offices to make room for faculty offices and computer labs, called the lack of office space degrading.

Malloy said he could not offer any specific solutions on this subject, but said he would keep the issue on the agenda.

Other concerns that were brought up included financial aid problems, lack of married housing for graduate students, inadequate University-sponsored health insurance plan and the poor relations between graduate students and Notre Dame Alumni clubs.

University Provost Timothy O'Meara is scheduled to speak in a Graduate Student Life Series discussion in March.

Student Senate meets, details second semester campus events

By FLORENTINE HOECKER
Staff Reporter

Student Senate, in a brief meeting Monday evening, detailed upcoming events and discussed issues of student concern.

Student government said the teacher/course evaluation forms will reach students "soon." On-campus seniors, juniors and sophomores will receive the forms.

The evaluation forms contain seven objective questions regarding classes and professors from the fall 1988 semester. Professors will be graded on a four-point scale based on students' answers. Responses will then be compiled, and classes will be listed in categories by professor.

The final results should be available before registration for the fall 1989 semester so students can base their course selections on the evaluations.

Student Union Board said a campus-wide SYR is planned for February 24 in the North Dining Hall. The SYR is open to all Notre Dame and Saint Mary's students.

Notre Dame Saint Mary's Nite will be Thursday, February 9 at University Park Mall. Many malls have a plan to give special treatment to students Thursday from 4 to 9 p.m.

ATTENTION!

To all those interested in running for next year's

STUDENT BODY PRESIDENT...

The Ombudsman Society will hold its first meeting on Wednesday, February 8, at 8:00 pm at the Foster Room in LaFortune (Room 306).
Sakharov criticizes news story

Associated Press

MOSCOW—Andrei Sakharov says a French newspaper and a Soviet newspaper misrepresented him when they quoted him as saying conservatives could topple President Mikhail Gorbachev or cripple his reforms.

In a letter published Monday in the government newspaper Izvestia, Sakharov, the dean of the Soviet human rights movement, said the comments came from a "tea-table conversation" with a French guest. He said they were taken out of context and were not meant for a newspaper interview but for a book.

Sakharov's comments from the conversation were published Jan. 26 in the French newspaper Le Figaro, and an Izvestia editorial attacked the reported comments on Wednesday.

Sakharov wrote Monday that he and his wife, Yelena Bonner, said during the conversation that they believe the Soviet Union must hold direct elections and that the current system of indirect elections "may increase the danger of Gorbachev being overthrown and his policies cast aside."

"Meanwhile, it was not noticed that my wife said, 'Gorbachev does not need to fear direct elections. The people would necessarily elect him. Our country has no other leader,' " he wrote in the letter to Izvestia.

"I fully agree with this," he said.

"I actively support perestroika (restructuring). I am convinced it's necessary for our country and the whole world," he added, stressing that Gorbachev plays a special role in the Soviet Union's reform.

In the Figaro article, Sakharov was quoted as saying, "The conservatives will overthrow Gorbachev or at least impose their views on him." Le Figaro quoted Bonner as saying, "The only real defense for a chief of state is direct election. Why is Gorbachev afraid? We would elect him. Our country has no other leader."

She also was quoted as saying she thought Gorbachev will be overthrown soon, "I would not bet 10 rubles on Gorbachev," she said.

In his letter Sakharov said he never "gave an interview" and that he and his wife understood their comments may be used in a future book but not quickly appear "in the form of an interview, moreover, with a number of inaccuracies."

Sakharov, 67, who won the 1975 Nobel Peace Prize, also criticized Izvestia's editorial for "unjustly" representing him.

But Le Figaro published a note Feb. 3, saying journalist Jean-Pierre Barou had told Sakharov and his wife that they would be quoted when he met them in a six-hour interview conducted over three consecutive evenings in their Moscow home.

"Barou asserted to us, in a handwritten letter, that he warned the Sakharovs that extracts from their conversations would be published in several major newspapers," according to a note to be published in Figaro Feb. 3.

A house vote will require coordination with the Senate, which voted 95-5 for a more complicated rejection measure last Thursday that included a plan to roll back the increase for Congress and the executive branch officials.

Wright said he has been in touch with Senate Majority Leader George Mitchell, D-Maine, on a common approach that would be needed to send legislation recinding the raise to Bush.

"If we work out at the round table...a confirmed consensus that the right is due to the opposition, as well as support for planned political and economic reforms, there will be an immediate possibility," he said.

Top negotiator says change in Poland must be gradual

Associated Press

WARSAW, Poland—The government's top delegate to historic talks with the opposition Monday said Poland's trade union to exist at a given union if, but the point is how."

"The biggest problem we have to fight now is the catastrophic of the Polish economy," he said.

"The problem we have to fight now is the catastrophic of the Polish economy," he said.

"As it goes for trade union pluralism, there is no question if, but the point is how," he said.

"We demand Solidarity. We have the right to it," Walesa said in his speech, PAP reported.

Walesa blamed Poland's economic and political crisis on a lack of freedoms, but said he sensed the government was ready for change, state-run TV reported.

Known as the round table, the talks are the first between Solidarity and the government since the union was suppressed by the martial-law crackdown in December 1981.

Dukakis’ wife seeks aid for ‘alcohol problem’

Associated Press

BOSTON—Kitty Dukakis, the wife of Gov. Michael Dukakis, has entered an alcohol treat­
ment program in Newport, R.I., according to a statement issued by the governor’s press of­
ce Monday. The report blamed the letdown on Dukakis’ failed presidential campaign.

Mrs. Dukakis, 52, has had a history of addictions and chemical dependency but was
never known to be dependent on alcohol until the statement was released this afternoon.

In July 1987, Mrs. Dukakis announced that she had recovered earlier from a 26-year dependency on diet pills. The governor’s wife said she had conquered her addiction to amphetamines, which she hid from her husband.

Dukakis said his wife entered the Edgell Newport facility Sunday evening and will stay there for about 30 days.

“Until shortly after election day on Nov. 8, Kitty had never had a problem with alcohol,” Dukakis said.

“Unfortunately, a combina­
tion of physical exhaustion, the stress of the campaign effort and the post-election letdown all combined to create a situa­tion in which, on a limited num­ber of occasions while at home, she has used alcohol in ex­ cessive quantities,” the gover­nor said.

Dukakis said Mrs. Dukakis decided to enter the well-known clinic voluntarily and said he and his family supported her decision.

Bush says he’ll stand by Tower

Associated Press

WASHINGTON—President Bush on Monday stood by John Tower, his embattled nominee to be Secretary of Defense, and said the former Texas senator shouldn’t have to withdraw be­cause of rumors about his per­sonal life.

The confirmation process “is taking a little longer than I would like, and yet I think the Senate has got to do what they’re doing—looking at these allegations very carefully,” Bush said.

Bush added that if any rumors or innuendo turn out to be “a substantive allegation of this nature, of course it would concern me.”

He said he still endorses Tower, but added, “If some­body comes up with facts, I hope I’m not narrow-minded enough that I wouldn’t take a look. But I am not going to deal in the kinds of rumors that I’ve seen reported and then knocked down and then re­ported and then knocked down.”

Tower was subject of allega­tions that he is a womanizer and has a drinking problem. The administration said FBI investigations into the matter had turned up nothing that would prevent Tower from car­rying out his task as head of the Pentagon.

But asked the Senate Armed Ser­vices Committee last week put off a Thursday vote on Tower’s confirmation, saying two new allegations came up that had to be checked out.

Although Bush said the FBI report was delivered Monday to the committee, the panel’s chairman, Sen. Sam Nunn, D-Ga., and ranking Republican, Sen. John Warner, R-Va., said they hadn’t seen any such docu­ment.

Nunn said, “We have not had anything delivered to us, and we are swirling on it, so the status quo is right where it was.” Asked about Bush’s statement, Nunn elaborated that “we’ve done some talking back and forth but we’ve received no report what­ever.”

Youth's suicide in jail investigated by police

Associated Press

SEYMOUR, Ind.—Investigators have found no evidence of police misconduct in the arrest of a youth who later hanged himself in a holding cell, an Indiana State Police official said Monday.

Det. William Chandler said, however, the investigation into the death late Saturday night of Jonathon Mitchell, 17, of Seymour was continuing.

Mitchell was arrested on charges of public intoxication and resisting arrest shortly before 10:30 p.m. and put in a holding cell at the Seymour Police Department awaiting transfer to the Jackson County Jail in Brownstown, 10 miles away.

He was found dead in the cell at 11:42 p.m. Police said he had hanged himself with his T-shirt. An autopsy Sunday confirmed that Mitchell had died of strangulation due to hanging, according to Dr. Mark Bevers, the Jackson County coroner.

Some of Mitchell's relatives accused police of rough treatment in making the arrest.

Friends of the Seymour High School sophomore said when Mitchell was arrested at an arcade, a police officer had him in headlock, hit him with a nightstick, pulled his hair and pushed him against a wall. Bevers said the autopsy showed no bruises on Mitchell's body.

In a news release issued Monday, Chandler said he had found no evidence of police misconduct during or after the arrest.

Mitchell's mother, Cathy Noblitt, had said she learned of the arrest shortly after 2 a.m. Sunday, nearly four hours after her son's arrest.

"I asked why wasn't there a monitor on him and why wasn't I called, and nobody would give me an answer," Noblitt said.

Witnesses at the arcade said Mitchell had asked to call his mother. However, Chandler's investigation found that Seymour police officer Jack Hauer had offered to let Mitchell phone his parents at police headquarters, but Mitchell had said he did not want to call them.

The state police investigation also found that a television monitor in the holding area was partially obstructed by a steel door that separates the men's and women's areas.

Because of the obstruction, the radio operator who watched the monitor could only see Mitchell's legs, which appeared normal, police said.

Mitchell hanged himself on a cross-member of the cell bars.

Parade of homes

Saturday's parade of homes along Broad Street in Columbus was a moving experience. The first of 20 homes that will be moved to city-owned lots for renovation made the trip to the east side of the city where they will be renovated and sold to first-time buyers.

Cold and ice close roads, while weather causes several deaths

Associated Press

Up to 2 feet of snow surprised New Mexico ski areas Monday and closed roads, while the spread of the arctic cold wave turned highways into dangerous skating rinks with snow and freezing rain from the deep South to the Northeast.

A week after the arctic air that stunned Alaska crossed Canada into the Lower 48, thermometers dropped to 49 degrees below zero at Craig, Colo., with an unofficial minus 52 at nearby Hayden, Colo., and San Francisco hit a low of 31 degrees, lowest for February since record-keeping began in 1973.

Icy roads caused accidents and slowed commuters from Texas and Mississippi to Kentucky and Pennsylvania to metropolitan New York City. At least 49 deaths have been blamed on the weather since Jan. 28, most of them in traffic accidents or from hypothermia. In Austin, Texas, a paraplegic found dead Sunday apparently had gotten out of his car and into a wheelchair, which then slid down an icy ramp the man was unable to climb, police said.

At least 13 cities posted record low temperatures Monday, according to early reports.

Four wheel-drive vehicles were used Monday to rescue more than 20 people from a hilltop country club near Austin, Texas, where they had been stranded since Saturday by icy roads. Humane Society members had gone to the Barton Creek Country Club on Saturday for a fundraiser, said Michele Kaufman, chairwoman of the event.

"We had a great time and raised a lot of money," Kaufman said. 
environment important to healthy eating

Editor's note: The following is the third in a series of five articles dealing with eating disorders. Eating disorders can occur in families where an individual's self-esteem and autonomy are hampered through lack of appropriate affection, support and rigid expectations. A variety of family-related factors such as emotional deprivation, obesity, alcohol, physical deprivation and other chronic illnesses, as well as sexual abuse can create an environment where individuals feel unsupported, neglected and out of control.

Rita Donley
Willis Bartlett
Marc Milhander
Guest Column

To date, we know that certain familial patterns are often associated with the development of eating disorders, but there is not a single cause. The result of the Notre Dame survey supports this viewpoint. Those respondents who reported serious eating disorders reported significant problems with food in their family and were more likely to have been forced to have sexual contact against their will. Some women reported symptoms or no symptoms of an eating disorder.

The risk for a family member developing an eating disorder is increased when: 1) the family places excessive importance on appearance and thinness; 2) the family supports the myth of an eating disorder; 3) the family restricts women's preoccupation and dieting; and 4) family members critically evaluate the daughter's weight, choice of friends, decisions, etc. 5) The bound­

"Her Alibi" proven guilty of foolishness

JANICE ARCHER accent writer

"Her Alibi" is one of those movies. Directed by Bruce Beresford, this comedy falls on Tom Selleck and Paulina Porizkova. Selleck's television and movie fame, and Porizkova's renown as a high fashion model make a combination that would appear to result in a blockbuster hit. However, this comedy moves beyond funny to simply foolish.

The plot revolves around a novelist, Philip Blackwood, (played by Selleck) who is under pressure from his publishers to produce a new novel...
Macalevich now making his claim

Associated Press

LOS ANGELES - Among his peers, Macalevich has a reputation as one of the better drivers on the PGA Tour.

But it was his short game, Macalevich said, "that really carried me again" in his head-to-head duel with old nemesis Sandy Lyle in the Los Angeles Open.

"I'm a good chipper and putter. I work on it. I work on chipping and putting more than anything. It paid off. It saved me," Macalevich said.

He won the match after his second stroke victory in three weeks. Lyle, who beat Macalevich in the 1988 Masters with his historic bunker shot on the 18th hole at Augusta National, hit a two-shot lead going into the final round at the Riviera Country Club course.

But he ran into some up-and-down magic from the rough-browed man with the delicate touch around the greens.

Macalevich missed seven greens on the final 18 holes, but still, five in a row on the front.

He played those seven holes under par. He got it up and down for par on six of them and chipped in for birdie on the 12th, holing out from about 25 feet.

"When I chipped in, it left myself a chance for a minute," he added. "That's when the crowd really got behind you when you win golf tournaments."

Macalevich said he faced a string of putts to win.

He went on to a one-stroke victory that confirmed his position as one of the accomplished young players in the game.

"I don't know it had in me," he said.

"I'm a good chipper and putter. I work on it. I work on chippering and putting more than anything. It paid off. It saved me," Macalevich said.

Only three points separate ND from upset

Special to The Observer

to eighth-ranked Oklahoma

News poll, lost a 19-16 decision

Saturday at Norman, Okla.

OSU rips Purdue

LOUISVILLE, Ky.- George

McCloud made two foul shots

with five seconds left and No.

12 Florida State held off No. 4

Louisville 81-78 Monday night.

Pervis Ellison, who was out

for two games with a knee in-

jury, returned and led Louis-

ville with 19 points. But

LaBradford Smith missed an

off balance, 3-point try at the

 buzzer that cost the Cardinals

a chance to tie.

Florida State, 18-2, leads the

Metro Conference at 6-1. Louis-

ville fell to 16-4 and 5-1.

Tony Dawson scored 21

points. McCloud had 26, Irving

Thomas 18 and Derrick

Mitchell 11 to lead the Semi-

nole. Thomas added a career-

high 17 rebounds.

Smith and Fallon Spencer

each scored 12 for Louisville.

Tony Kimbro had 11 and Kenny

Payne 10.

SU 85, Seton Hall 79

EAST RUTHERFORD, N.J.-

Sherman Douglas scored 26

points and No. 4 Notre Dame

built a big lead and then held off a

furious rally by No. 11 Seton

Hall 85-79 Monday night,

giving the Irishmen their

seventh consecutive 20-game

winning season.

Stephen Thompson added 23

points as Notre Dame beat No.

11 Seton Hall, 19-1. It also

put the Irishmen and Pirates into a tie

for second place in the Big East

with 6-4 marks, three games

behind Georgetown.

Valpo 104, Butler 83

MUNCIE, Ind.- Jim Ford

scored 36 points, including seven

free throws, and grabbed

11 rebounds as Valparaiso beat

Butler 104-83 and broke the

NCAA division I record for 3-

point baskets Monday night.

The Crusaders, 7-12, made 19

three-point baskets in the second

half to score 53 points.

Other winners for Notre

Dame included Todd Layton,

who recorded a pin, and Chris

Genest.

The No. 13 ranking is the

highest the Irish have been

in some time. Notre Dame was

ranked 18th in the preseason

poll and got as high as 14th last

season. Prior to last year, Notre

Dame’s previous appear-

ance in the Top 20 oc-

curred during the 1978-79

season.

Notre Dame next faces

Miami (Ohio) Wednesday at 8

p.m. at the Joyce ACC. The

Irish have another duel meet at the

JACC Friday, when the

Indiana Hoosiers come to town.

The Irish defeated Miami 40-

3 last season but have lost to

Indiana each of the last two years.

No. 8 OU wrestlers nip Irish

Only three points separate ND from upset

Special to The Observer

Notre Dame wrestling team, ranked 12th nationally in the latest Amateur Wrestling News poll, lost a 19-16 decision to eighth-ranked Oklahoma Friday at Norman, Okla.

Oklahoma already this season has defeated defending national champion Arizona State and current No. 1 Oklahoma State.

Notre Dame (7-2) had an unusual evening on the mat. Three of the team’s most talented wrestlers- Andy Radenbaugh, Jerry Duran, Pat Boyd and Mark Gerardi- all lost. Fresmen Marcus Gowens and Chuck Weaver, who had suffered recent slumps, both came away with victories.

The dual meet was a homecoming for two of them. Gowens is from Del City, Okla., and Weaver hails from Midwest City, Okla.

Other winners for Notre Dame included Todd Layton, who recorded a pin, and Chris Genest.

The No. 13 ranking is the highest the Irish have been in some time. Notre Dame was ranked 18th in the preseason poll and got as high as 14th last season. Prior to last year, Notre Dame’s previous appearance in the Top 20 occurred during the 1978-79 season.

Notre Dame next faces Miami (Ohio) Wednesday at 8 p.m. at the Joyce ACC. The Irish have another duel meet at the JACC Friday, when the Indiana Hoosiers come to town.

The Irish defeated Miami 40-3 last season but have lost to Indiana each of the last two years.

Top-ranked teams can't stand prosperity

Associated Press

For the fourth consecutive week a new team claimed the No. 1 spot in The Associated Press college basketball poll. Arizona went to the top of the rankings on Monday, a position the Wildcats held for six weeks last season.

Arizona jumped from its No. 4 ranking last week after the top three teams-Oklahoma, Illinois and North Carolina—all lost at least one game while the Wildcats were beating California in Washington.

Oklahoma, 18-3, which dropped from the No. 1 spot but still received two first-place votes, moved up from sixth to second with 1,180 points. It was the Sooners' highest rankings on Monday, a position they're the third team to reach the top spot in the last three weeks, and Arizona travels to Oklahoma to battle the Sooners this weekend.

Ball State is 'No.1' in NCAA Division I

Associated Press

MUNCIE, Ind. - Ball State became the winningest team in NCAA Division I basketball over the weekend, and the Cardinals' success under second-year coach Rick Majerus is "a great tribute to our players and fans," says associate coach Dick Hunsaker.

Ball State went to 18-2 with Saturday's 80-70 Mid-American Conference victory over Ohio University.

"It's something we can be proud of," Hunsaker said of the Cardinals' 900 winning percentage, "but we can't get caught up in the numbers. We have seven more conference games left, the conference tournament and we hope to get a post-season bid."

"It's certainly a proud moment for the university, the community, the student body and the players. We just have to keep going. I think we'd all be disappointed if we finished 18-6," he said.

Ball State is tied with Toledo for first place in the conference.

"It's really a seven-game season now," Hall said.

Club Volleyball among the best

The Notre Dame men's Volleyball Club was victorious in the O'Grady Invitational Volleyball Tournament held at Notre Dame last weekend. The 9-2 Irish defeated Indiana in the first match and defeated Bowling Green in the championship match with relative ease.

Greg Scheckenbach
Club Corner

and defeated Bowling Green in the championship match with relative ease.

Against the Hoosiers, Notre Dame fought off the constant pressure in winning 15-10, 15-11, 15-11. In the straight set win, the Irish were led by junior Andrew Sullivan and graduate student Pat Burke, both of whom had 10 kills. Senior setter Mike Shimota performed outstandingly in feeding the Irish hitters with numerous assists. Club president Jim Sullivan compiled nine digs en route to one of his better performances of the young season.

"We've got a long way to go," said Head Coach Bill Anderson. "But I am very pleased with the way we played." In the championship match, Notre Dame blasted Bowling Green 15-5, 15-4, 15-7. Sophomore Tom Martin snuffed the Bowling Green hitters with a match-leading six blocks. Junior Mike Sheedy led the Irish with nine kills while Shimota, using his jump serve, aced the overmatched opponent. Once again, Steve McFesty added the finishing touches on the match with his serving prowess.

Notre Dame is currently ranked ninth in the country for club teams. They have beaten traditional powerhouse Ohio State and are preparing for a grueling trip west during Spring Break.

Tuesday, the volleyball club will take on Aquinas College after the football pep rally in the Joyce ACC pit at 7:00.

Squash Club competed in a tournament at Purdue a few weekends ago. As a team, they fared very well. Steve Guthrie reached the semifinals in the "C" division while club president Bill Murray and Tom Russell also performed well.

"Right now, the club is going great," said Murray. "But we do need to recruit more players to keep the club alive because most of the present members will graduate."

SUB PRESENTS

Spring Break Getaway
**Tennis**

Glavis in straight sets, 6-3, 6-4. Throughout the match, Kaiba was unable to connect on a good serve.

"Brian was not at 100 percent," said Bayliss. "He did not have the physical ability to take charge on the court." At the No. 3 slot, Walter Dol­hore lost to lefthander Kevin Dibelius in two close sets, 6-4, 7-4 (8-6). The difference in the match was Dolhare's inability to handle the strong serve off Dibelius.

Usually, a team relies on the top of the lineup to propel them to victory, but this match

**SEC**

proved to be the opposite. Notre Dame’s No. 4, No. 5, No. 6 players enabled the Irish to split the singles competition and chance to win the match in doubles play.

Paul Odland, a standard No. 4 singles player, abandoned his usual baseline tactics to upset Ulf Hartwig, 7-5, 7-5, Odland charged the net when his baseline shots presented the opportunity.

"It was a good victory for me," said Odland, who holds a 2-2 season record. "I didn’t feel good about my losses to Northwestern and Michigan and win against Western Michi­gan but this win is a confi­dence builder."

At the No. 5 position, Mike Wallace rode his current hot streak is a 6-2, 6-2 victory over Saumil Jhaveri. Wallace battled a tender shoulder during his victory.

"I can’t say enough about Mi­ke," said Bayliss. "In the past, he did not have the high level of confidence to match his high level of talent. Now he does.

Ryan Wenger, the No. 6 player, knocked off Enrico Sar­teri, who had previously been undefeated at No. 6 singles, in straight sets, 6-3, 6-2.

"Both Wenger and Wallace went out and took care of busi­ness," said Bayliss. "They won by putting pressure on their opp­onents."

The key to the match was the high level of doubles play. With the fates of the Irish on their hands, the No. 1 and No. 3 teams posted upset victories against the talented OSU teams.

According to Bayliss, the No. 1 team had the biggest doubles victory of the day, as Patrick Ewing capitalized on their seventh match point to hand Stephen Miguel-Kevin Dibelius a straight set loss, 7-6 (7-5), 7-6 (6-4).

"They were tough and had big serves," said DiLuccia. "But we were fired up to play and we played well together."

The final victory of the day was cleansed by the No. 6 Dave Reiter-Ryan Wenger. The tandem outplayed Ted Glavis-Eric Berg in three sets.

**Doubles play leads Irish past Ohio State**

By BOB MITCHELL
Sports Writer

Coming into the season, Irish
men’s tennis head coach Bob
Bayliss was convinced that ex­
cellent doubles play was the
key to Notre Dame’s success. Bayliss was right. After a 3-3 deadlock in singles play, Notre Dame’s No. 1 and No. 3 tandems joined forces to push the squad over the edge to surprise
Ohio State by a 5-4 margin in Columbus, Ohio.

“W hen a word, this victory gives
us credibility,” said Bayliss. “It is our first quality win on
the road this season. I don’t
want to make something out of
nothing but they are a national
level team.”

While the Irish evened their
record at 2-2 with the victory, they also ended a seven-year losing streak against Ohio State that dates back to 1981. Moreover, Notre Dame avenged last year’s decisive 7-2 loss to the Buckeyes.

“We went into the match
thinking it was pivotal,” said
Steve Miguel, the
6

**SEC teams beat themselves, few others**

When it comes to quality of play, the country’s
best college basketball teams play in the Atlantic
Coast Conference, Big East and Big Ten.
The Southeastern Conference lags far behind
those three leagues. Never having fully gotten over
its image as a football conference, the SEC is par-
ticularly down on talent this season.

But when it comes down to pure entertainment,
nothing can beat the stories and characters in this
year’s SEC.

From the soap opera in Kentucky to drug prob-
lems at Florida the actual basketball games have
been only half the story in the SEC.
The season actually started at the end of last
season, when the Emery packages opened which
began Kentucky’s well-documented problems with
the law. The Kentucky situation has almost over-
shadowed a similar problem in Florida, where a
drug probe has been underway since August.

In the meantime, the conference is suffering a
subpar year on the court. Former stars like Geor-
ga’s Willie Anderson, Kentucky’s Rex Chapman,
Auburn’s Chris Morris and Vanderbilt’s Will
Perdue all departed in the first round of last sum-
mer’s NCAA draft, leaving the conference bare on
talent.

Instead, with the exception of doormats Auburn
and Mississippi State, the SEC is a conference of
eight good-to-average teams beating up on each
other. At last glance, they all appeared to be tied
for third place. Nobody deserves to be in first place
this year.

**Louisiana State (7-3 in SEC, 15-6 overall):** LSU is
having, well, a typical LSU season. Dale Brown is
a master at getting his team to underachieve in the
regular season, barely make the NCAA tournament

**Steve Megargee**

and then turn into worldbeaters. They usually have
more trouble making the Final Eight than they do
reaching the Final Eight.

Because of Chris Jackson (a freshman who’s
second in the country in scoring), the Tigers
shouldn’t have too many troubles making the tourn-
ament this year. But as last week attests, you never
can tell with LSU.

The pumped-up Tigers stun Georgetown, crack
the Top 20, trash a decent Ole Miss squad by 30 and
once everybody starts to notice them, they promptly
lose 96-79 to Mississippi State. The Top 20 has been
the SEC equivalent of the Bermuda Triangle.

The problems started when center Dwayne
Schnitzia received a suspension for hitting two
people with a tennis racket outside a nightclub.

For the Irish this season, com-
piling an 8-2-2 record. He had
allowed 4.78 goals per game
and owned an outstanding .381
save percentage going into last
weekend’s series.

The selection is one of many
honors Madison has received in recent weeks. The
junior goalie picked up his first shutout of the season (the third
of his career) two weeks ago against Canisius. He also set
the Notre Dame single-season record for saves Friday night
against Michigan-Dearborn.

Early in the second period of Friday night’s 7-6 loss to the
Wolves, Madison recorded his 1,116th save of the season to
break the mark set by former Irish goalie Mark Krun-
holm in the 1973-74 season. Madison currently has 1,185
saves with four games remain-
ing.

“The last couple of weeks
have really been amazing,”
said Madison. “It’s pretty exci-
ting being named to the United
States team.”

By FRANK PASTOR
Sports Writer

Goalie Lance Madison of
the Notre Dame hockey team
was recently selected to play
on the United States team in
the World University Games in
Sofia, Bulgaria from March 3-
12.

The World University Games
showcase some of the top
players in the world not par-
ticipating in post-season play.
They offer an opportunity for
these players to display their
skills before the United States
Olympic Committee, which
scouts all future Olympic
prospects.

Madison is one of only three
collegiate goalies representing
the United States.

“This is a chance for Lance
to show how good a goalie
he is, and how he compares
with the other goalies this
USOC (US Olympic Committee)
have designated as fu-
ture Olympic goalies,”
said Irish coach Ric Schafer.

Madison has started 31 games
for the Irish this season, com-
piling an 8-2-2 record. He had
allowed 4.78 goals per game
and owned an outstanding .381
save percentage going into last
weekend’s series.

The selection is one of many
honors Madison has received in recent weeks. The
junior goalie picked up his first shutout of the season (the third
of his career) two weeks ago against Canisius. He also set
the Notre Dame single-season record for saves Friday night
against Michigan-Dearborn.

Early in the second period of Friday night’s 7-6 loss to the
Wolves, Madison recorded his 1,116th save of the season to
break the mark set by former Irish goalie Mark Krun-
holm in the 1973-74 season. Madison currently has 1,185
saves with four games remain-
ing.

“The last couple of weeks
have really been amazing,”
said Madison. “It’s pretty exci-
ting being named to the United
States team.”
