Breslin, Rask to compete in run-off election

District One Senate race also in Wednesday vote

By JOHN O'BRIEN
Staff Reporter

Failure of a candidate to receive more than 50 percent of the votes in Monday's campus wide election has forced a run-off election for student body president and vice president and District One student senator.

The run-off election, which will be held Wednesday, will be between the student body president vice presidential tickets of Matt Breslin and Dave Kinkopf, and Tom Rask and Melissa Smith.

In the District One Student Senate run-off, Scott Murray will face Chris Frigon.

"Obviously we were happy we were able to get so many votes, but it would have been nice to have it all over with tonight," said Breslin who, with Kinkopf received 1,848 votes or 49.72 percent of the vote total.

"We're very pleased, we're very excited to be in it this far," said Rask. He and Smith received 781 votes or 21.05 percent of the vote total.

In the District One Senate race, Frigon received 807 votes or 43.72 percent of the total vote. Murray received 392 votes or 20.44 percent.

"Going into the race with three candidates, the probability of a run-off was high," said Frigon. "I was encouraged by the voter turnout and the amount of votes that I received," he said.

Murray said he "initial reaction was to get out there and get some posters out." A third candidate, Jim Nelis received 222 votes or 23.85 percent, but failed to win enough votes to include him in the run-off.

In the District Two Senate race, Michael Gaffney defeated Megan Hines by a margin of 436 to 344 votes or 55.8 percent to 44.1 percent. In District Four, Sigi Loyda received 781 votes or 21.05 percent of the vote total.

Problems with Fisher voting procedure

By MARK MCLAUGHLIN
Senior Staff Reporter

A lack of regular student election proceedings at Fisher Hall may have played a part in the subsequent runoff election for student body president.

Voting was not opened in Fisher at all on Monday, forcing Ombudsmen Rules Committee chairman Pat Stadler to ask a door-to-door vote drive on Monday night. The regular voting did not take place because of "miscommunication," according to Hall Board chairman Mike Steinlage.

"(Matt) Breslin and (Tom) Rask were about even in Fisher," Stadler said. He added that no one could be sure whether Tony Brooks was arrested for Sunday hit-and-run accident

Observer Staff Report

Sophomore tailback Tony Brooks, the second-leading rusher on the national champion Fighting Irish football team, was arrested and ticketed for a hit-and-run accident and driving with a suspended license, South Bend police said Monday.

No one was injured in the accident, which occurred Sunday at 3:18 a.m. when a car driven by a South Bend man was sideswiped as a car ahead of him attempted a U-turn, police said.

The auto struck the right side of a car driven by Kevin Coleman, 39, and fled the scene. Coleman reported the car's description and a partial Indiana license plate number, police said.

South Bend police investigated a damaged car on the Notre Dame campus Sunday morning matching the description after a Security officer reported it, Director of Security Rex Rakow said.

"They came out to look at the car, and evidently Tony was cleaning out some stuff in it, and he admitted then being involved in an accident," said Rakow.

The accident occurred in front of Memorial Hospital, where teammate Michael Stonebreaker is recovering from a Saturday accident when his car struck a sign pole.

Brooks, 19, of Tulsa, Okla., arrested on campus about nine hours after the accident was reported, said South Bend police Lt. Larry Bloom.

He was released on the spot, and the arrest report was forwarded to the St. Joseph County Prosecutor Michael Barnes, police said. Barnes said he has not seen the report.

Police Spokesman Sgt. Jeff Korros could not be reached for comment on what penalties the Stonebreaker case forwarded to prosecutor, decision by Wednesday

Associated Press

The investigation report into a car accident involving Notre Dame linebacker Michael Stonebreaker was forwarded Monday to the county prosecutor, who may decide within 48 hours whether to file charges, police said.

Stonebreaker, 22, of River Ridge, La., and a passenger in his car, Ursula Garzia, 26, of Foxboro, Mass., were injured early Saturday when Stonebreaker's car left the road less than a mile north of campus and struck a sign pole on Route 33.

Stonebreaker, an All-America selection on the national championship Notre Dame football team, was in fair condition Monday at Memorial Hospital with a broken right knee and dislocated right hip.

Garzia remained in serious condition with internal injuries. No other details were released.

Tests showed Stonebreaker had a blood-alcohol level of .127 percent after the accident. Indiana's legal intoxication level is .10 percent.

The test results and accident reports were given to St. Joseph County Prosecutor Michael Barnes, said Cpl. Charles Ferrella, chief of the county sheriff's office.

Barnes could decide by Wednesday how to handle the case, according toホール, see CASE, page 6.
Good things come in threes at Rocky Haven Farm, in Clear Spring, Md., where triplet brothers Donald, Robert and John Smith acted like proud papas after their 1,300-pound Holstein named Candy gave birth to triplet calves. David Burrows, the brothers' veterinarian, said cows give birth to triplets about one in every 50,000 births. Burrows said he usually sees at least one set of triplet cows a year—none owned by triplet farmers.

INSIDE COLUMN

‘Evil twin’ is responsible for irrational behavior

The other day while pondering over my latest irrational act I experienced a flash of enlightenment. It wasn’t me who committed those rash acts of stupidity, it was my evil twin Jon Blon Jazi. The source of my frustration was a result of my inability to find my room key yesterday. I hastily concluded that my roommate, in a devious plot to destroy my sanity, had hidden them. I searched everywhere but could not find his own. I couldn’t have "misplaced" "mislaid" or even "lost" them. I am a college student—I would never do something so stupid, so mindless, so inconsistent with all of my other actions... or at least so I thought.

So I raged and bitched and proceeded to tear apart my room, until in the thralls of a passionate fit, I caught my pocket on my well-constructed loft. To my dismay, and my roommate’s delight, the keys tumbled out of my ripped pocket onto the floor fell with a mocking clank.

But instead of being upset or enraged with my own stupidity, I experienced a revelation of sorts. Suddenly I began to see a pattern in my behavior.

I began to reflect over the other "misfortunes" in my life and realized that there was a clear and distinct pattern to my irrational actions.

For instance there was the time last Friday, when I went to the end of the earth (read Milford, Indiana) for a field trip at 3 a.m. I had been up all Thursday night working at The Observer and was expected to meet my parents at the Morris Inn at 6 a.m. Now my rational soul would have skipped the field trip to the end of the earth and gone home to bed. However, I obviously was not a rational soul at this point in the morning. So when my friend Tim offered me half of a bottle of Stoli’s vodka en route to Milford, I was only too happy to help him finish it.

Needless to say, I was still reeling from my vodka punch at 5:30 that evening—ten minutes before my parents were to arrive for the much anticipated JON weekend.

Of course I was cursing my luck and anything else I could think of at that moment when I realized I had completely forgotten my bookbag. Then a more recent example flashed before my eyes. About two weeks ago one of my more demanding professors assigned us THE paper from Hell. It was, of course, a philosophy paper. Now my initial reaction when I first received the assignment was shock, anger and even terror. Somehow, I managed to calm down and accept the fact that the difficulty of the paper was due, I had yet to start writing my paper. Of course, I didn’t begin writing until midnight and ended up pulling an all nighter. The paper was turned in on time, but I was once again bewildered and furious with my inability to accomplish my goals.

I then realized that I had an evil twin named Jon Blon Jazi. This evil twin assumed my identity and was making my life a living hell. He hid my keys in my pocket, and worked out at the Rock and drank beer at the Commons during the week before my paper was due. In fact, all of my "misfortunes" and mistakes could be attributed to my evil twin Blon Jazi. So if you find you’ve been procrastinating, partying or just acting irrationally you may have an evil twin too. Explain this dilemma to your professors, friends and family so that they are aware of the problem. I am sure they will understand.

CHRISTMAS IN APRIL

John Blasi
Assistant Accent Editor

But once again, some mysterious force seemed to draw me to act unreasonably and procrastinate. The week before the paper was due, I was doing everything but my philosophy paper from hell. I decided it was time to get in shape and so spent my afternoons grunting and sweating and grunting at the Rock and my evenings revelling at the Commons.

Well about 9:00 the night before the paper was due, I had yet to start writing my paper. Of course, I didn’t begin writing until midnight and ended up pulling an all nighter. The paper was turned in on time, but I was once again bewildered and furious with my inability to accomplish my goals. So if you find you’ve been procrastinating, partying or just acting irrationally you may have an evil twin too. Explain this dilemma to your professors, friends and family so that they are aware of the problem. I am sure they will understand.
SMC Board looks at poor attendance

By LAUREL VITALE
News Staff

Poor attendance at campus events this semester was the topic of Monday's Saint Mary's Programming Board meeting. Lisa Hill, vice president for Student Affairs, expressed her disappointment with the low student body turn-out to last week's Winterfest activities. Hill believes that the publicity for planned campus activities has been thorough and the entertainment has been of high quality.

"We hope to get more future support from the student body for the hard work put into events by the Student Activities Board and the entertainers themselves," said Hill.

The Board will sell St. Patrick's Day T-shirts beginning March 12. The shirts will be sold in the Haggar College Center game room and will cost approximately $7.

Student government is also co-sponsoring with Logan Center the sale of green clown noses for St. Patrick's Day. The nose is $1 and available now in Haggar game room or from board members.

Student Senate clarifies SUB role

By FLORENTINE HOELKER
Staff Reporter

Student Senate resolved arguments concerning proposed constitutional changes for the Student Union Board Monday and then voted unanimously to approve the changes.

The issue of SUB constitutional changes, tabled from last week, were controversial because "there was no context in the constitution to understand what's going on in the organization," said Student Body Vice President Mike Paese.

Although provisions were proposed to clarify the financial activities of SUB, Paese objected that they would not be enough.

Student Body President Tom Doyle emphasized that since SUB board members are not elected by the student body and because SUB has the largest budget of any student organization, both their financial and their general policies should be under closer scrutiny of the senate.

SUB manager Brian Reilly held that the provision to review the financial activities would suffice, but student government and other members of senate disagreed.

The issue was resolved with a proposal to add a new article to the constitution. The new article would create a council composed of the student body president, the SUB manager, and the Hall President Council chairperson.

This council would discuss the policies of each represented organization, including SUB, and would report any mismanagement to senate.

The new constitutional article was unanimously approved, along with other minor changes regarding SUB.

Run-off continued from page 1

received 381 votes (38.78 percent) in defeating Sean Scanlon, who received 362 votes and 39.22 percent.

In the two uncontested Senate races, Dan Hoag and John Krotzer won Districts Three and Five respectively.

In the presidential race, the ticket of Dan (King) Fahey received 579 votes or 15.60 percent of the total. The ticket of Bob McTamaney, president, and Pat Russell, vice president, received 306 votes or 13.64 percent.

All four candidates in the run-off elections were optimistic of their chances in the run-offs.

"I've seen many elections and I've seen where the candidates who comes in second in the primaries come over the top and that's what we're going to do," said Smith.

"It's a brand new ball game. There's two of us now and the choice (hopefully) will be very clear," added Hask.

Supreme Court paves way for local affirmative action trial

Associated Press

SOUTH BEND, Ind. - The city administration and a rejected fire department applicant may go to trial over an affirmative action hiring plan, officials said Monday.

The U.S. Supreme Court, without comment, let stand a warrant denying jobs to black employees in safety jobs as a firefighter.

Associated Press

The city has new evidence in a case to support the need for the affirmative action plan, said Bodnar. It includes figures showing the percentage of minorities in the city's population was too vague to warrant denying jobs to white applicants.

The suit was brought by Timothy Janowiak, who claimed he was unfairly denied a fire department job because of race.

"We are now set to come back down here and get ready for trial," said Thomas Bodnar, chief deputy city attorney.

The city's plan amounted to unlawful reverse discrimination, the 7th U.S. Circuit Court of Appeals ruled last December, the 7th U.S. Circuit Court of Appeals ruled that struck down the white applicants, a white man who was denied a job as a firefighter.

Last December, the 7th U.S. Circuit Court of Appeals ruled that the South Bend plan amounted to unlawful reverse discrimination.

The appeals court said a disparity between the percentage of black employees in safety jobs and the percentage in the city's population was too vague to warrant denying jobs to white applicants.

The suit was brought by Timothy Janowiak, who claimed he was unfairly denied a fire department job because of race.

"We are now set to come back down here and get ready for trial," said Thomas Bodnar, chief deputy city attorney.

The city has new evidence in a case to support the need for the affirmative action plan, said Bodnar. It includes figures showing the percentage of minorities in the city's workforce, rather than in the general population. The city had been unable to provide that figure when the courts asked for it earlier, he said.

It could be at least a year before the trial begins, Bodnar said.

JanowiaK's attorney, Patrick McFadden, said his client would consider discussing a settlement with the city.

The challenged affirmative action plan has remained in place during litigation, Bodnar said.

Black and Hispanic employees currently make up about 18 percent of the police department and 1 percent of the fire department, he said.

Census statistics from 1980 indicated the minority population of the city was about 20 percent. The percentage of minorities in the workforce may vary from that figure by 1 percent or 2 percent, he said.

Indiana House passes bill to ban random drug testing in workplace

Associated Press

INDIANAPOLIS - Random drug tests of most employees, job applicants and student athletes would be banned under a bill narrowly approved Monday by the Indiana House.

Lawmakers voted 53-47 for House Bill 1691, sponsored by Rep. Jerome Kearns, D-Terre Haute. Last week, the bill failed by one vote, 50-49, to obtain the constitutional majority needed for passage but because it wasn't defeated, it was eligible for another vote.

Meanwhile, the Senate approved a drug-testing measure that would permit random testing of workers and job applicants but establish a rigid protocol for the tests.

Kearns called the testing ban bill "of high importance." He argued that it protects citizens' right to privacy and assures them of their constitutional protection against unreasonable searches and seizures.

But, the bill, which moveS to the Senate, would permit drug tests only when there was probable cause to believe a worker, job applicant or student athlete was abusing drugs.

High school and college athletes could be tested. New federal regulations call for testing of those workers.

Rep. Jerome Repa, R-Munster, called the bill "a terrible piece of legislation."

"I wonder what kind of message we're sending to our children with this kind of bill," said Repa.

Rep a also said the bill would undo two Tippecanoe County high schools' drug testing programs that have been upheld by federal courts. A federal district court and the 7th U.S. Circuit Court of Appeals have upheld the plans of Lafayette Harrison and McCutcheon high schools to test athletes and cheerleaders.

Repa said lawmakers should instead support Senate Bill 265, which would permit drug testing of employees and job applicants but establish a protocol for conducting the tests. The measure doesn't apply to students.

That bill sponsored by Sen. Patricia Miller, R-Indianapolis, passed the Senate Monday on a 26-24 vote.

The bill would require companies to put their drug testing policies in writing; use specific testing methods and safeguards to ensure samples were not altered; allow retesting if a sample tested positive; and allow employers to discipline, fire, refuse to hire or require rehabilitation for workers who tested positive for drugs.

The bill also would set out an appeal process for employees but would make employers who acted in good faith immune from civil lawsuits by employees who had false-positive test results.

Sen. John Buheni, D-Gary, said he opposed the bill because it would allow testing to be conducted randomly and without probable cause.

"I wasn't rubbing it in - I just wanted Eddie to know the score of last night's game."
Bush returns after 5-day Asian trip

Associated Press

WASHINGTON—President Bush returned home Monday night from a five-day Asian voyage that he pronounced a "productive and rewarding" journey amid calls to take personal command of the struggle to win confirmation for John Tower as defense secretary.

In a prepared statement he read at the foot of the ramp to Air Force One, Bush said his trip to Japan, China and South Korea demonstrated that the United States "is and will remain a Pacific power."

"It's great to be home. God bless the United States of America," Bush said in the chilly darkness at Andrews Air Force Base in suburban Maryland. Vice President Dan Quayle was on hand to welcome the president back from his first overseas voyage.

In his brief statement, the president said he had helped "thoughtful and candid conversations" with world leaders, including the several he met with in Japan, where he attended the funeral of Emperor Hirohito. From there he went to China for two days, followed by a five-hour stopover in Seoul.

"I return tonight pleased with the progress made toward lasting and mutually beneficial relationships," Bush said. He said work remains to be done toward encouraging the growth of democracy, working for human rights and strengthening international alliances.

Bush made no direct reference to the Tower nomination in his airport statement.

But in comments to reporters just before his plane touched down, he said, "No one has challenged his qualifications to head the Pentagon."

"I don't have any predictions nor do I plan to except to say I haven't, wavered one iota and I don't intend to," he said.

Asked whether Tower's withdrawal due to alcohol abstinence would help his chances, Bush laughed and said, "I don't know."

SOLUTION:

City traffic, tolls and parking charges clearly make traveling by car an incorrect answer.

And while "A" may seem to be a good solution, the traveler may remember that any kind of delay in South Bend could mean missing flights at O'Hare. Or, worse yet, a mean cancellation in South Bend could mean...well, let's just say it's a complicated proposition.

If you answered "C", congratulations! Not only is United Limo the most reliable mode of transportation to O'Hare, it also offers the lowest rate and the most convenient location point for the students - the N.D. Mall Circle. This results in no hassles and maximization of the students' enjoyment.

Why learn this lesson the hard way? If you need to get there, count on UNITED LIMO. We'll get you there.

Call 674-6993 for schedule and reservations.

Or call your travel agent.

United Limo

We'll Get You There

IMPORTANT: Due to limited seating, we request that you make reservations at least 24 hours in advance.
WASHINGTON- The Federal Aviation Administration said Monday it has no plans to speed up mandatory changes in cargo door locks on older Boeing 747s even though investigators are looking at a door malfunction as the most likely cause of the accident that killed nine people over the Pacific Ocean.

The FAA last summer gave airlines up to two years to strengthen damaged locks on older models of the jumbo jet. As for Friday's incident, in which part of the right side of a United Airlines 747 ripped off, taking two rows of seats with it, FAA spokesman Fred Farrar said, "first of all, we've got to find out what happened" before issuing additional orders.

Experts from the National Transportation Safety Board were going over flight data and cockpit voice recorders from Flight 811.

The recorders contain data from sensors throughout the aircraft, voices and other noises that might add to information about the incident, which left a 10-by-20-foot hole in the plane.

Despite the lack of federal urgency, United and at least one other airline were stepping up inspections of the cargo door locks. Others said they already had made the changes ordered by the FAA.

Northwest Airlines began precautionary inspections of cargo doors on Sunday, said spokesman Bob Gibbons, and intends to complete them on the 26 affected planes by Tuesday night. Improved locks had earlier been installed on 15 other jumbo jets.

KAPLAN LSAT prep -
We plead guilty!

The first, the biggest, the best. We plead guilty on all counts to giving LSAT candidates like you the finest test preparation possible. Every year, Stanley H. H ow do I pray if I'm thinking of a vocation to the priesthood and I'm not sure?

Other airline were stepping up inspections of the cargo door locks. Others said they already had made the changes ordered by the FAA.

United officials said mechanics had inspected all of the fleet's 31 747s and found no cargo door defects. Nonetheless, the airline was assigning mechanics to check the doors before each flight.

The change had not yet been made on the United 747 used on Flight 811 before Friday's incident, airline officials said.

Northwest Airlines began precautionary inspections of cargo doors on Sunday, said spokesman Bob Gibbons, and intends to complete them on the 26 affected planes by Tuesday night. Improved locks had earlier been installed on 15 other jumbo jets.

'Jokester' released to mother after alleged airplane bomb threat

Associated Press

INDIANAPOLIS: A self-described jokester accused of making an airplane bomb threat that forced an emergency landing in Indianapolis was released to his mother's custody Monday.

Anthony G. Pierson, 23, of Rochester Hills, Mich., had been held in the City-County Lockup in Indianapolis since his arrest Saturday on charges of violating the federal antiterrorism act and making threats.

Pierson is scheduled to ap-

Pierson allegedly made a threat on an American Trans Air charter L-1011 Saturday carrying 315 passengers and 12 crew members from Detroit to Cancun, Mexico.

If convicted, he could face a sentence of up to five years in prison and a $250,000 fine.

No explosives were found in a search after Flight 390 made an emergency landing at Indianapolis International Airport.

Passengers were told the plane was making an unscheduled landing because of possible mechanical problems.

The FBI says Pierson told authorities he had told the flight attendant he had prop-

hylactics, but Indiana State Police Sgt. John Wheeler said many witnesses reported Pier-

son had said he had plastic ex-

plosives.

The object in question turned out to be a briefcase containing a camcorder that a seatmate had borrowed from another friend.

Airline fined for security failures

Associated Press

INDIANAPOLIS: An Indianapolis-based airline was fined $1,000 last year after federal agents smuggled a weapon past security guards at a passenger checkpoint, according to federal reports.

The Federal Aviation Admin-

istration fined American Trans Air in October for the lapse by its course B and C passenger agent David Kane at the Con-

course C passenger screening point on May 6, 1988.

Airline and FAA officials declined to release further details of the incident.

"The FAA daily sends people with test devices around the country, and the vast majority are found," said David Recker, chief executive officer for the airline.

"This time, we got caught. We catch most of them, but here's one we missed," Recker said.

F AA test devices include phony bombs, hand grenades, detonator wires and guns. Many are hidden in carry-on luggage.

Democrats 'unmoved' on Tower

WASHINGTON: Senate Democrats remained unmoved Monday on John Tower's nomination as defense secretary despite his unprecedented pledge to abstain from alcohol if confirmed.

Senators trekked to a special committee hearing room to read the latest FBI report on Tower, while those members the Bush administration hopes to sway indicated they are either undecided or leaning against confirmation.

Sen. Bob Graham, D-Fla., considered by some a swing vote, told reporters in Miami that Tower's pledge helps but "It's not just the drinking which is a problem to me."

"It's a pattern of bad judgment. bad judgment in the 1970s in drinking, bad judgment by placing himself in compromising positions as the U.S. arms negotiator in Geneva in the mid-80s, bad judgment in accepting large sums from the defense industry in the late 1980s," Graham said.

The Democrat-controlled Senate Armed Services Committee voted 11-9 along party lines last Thursday to recom-

mend that the full Senate reject the nomination, with panel chairman Sen. Sam Nunn, D-Ga., citing Tower's drinking habits among other concerns.

Tower on Sunday sought to allay the fears of his former colleagues by issuing an ex-

traordinary pledge not to take a single drink if he is con-

firmed. The full Senate is ex-

pected to take up the nomina-

tion Wednesday.

Democrats hold a 55-45 majority in the Senate, meaning Bush must pick up at least five Democrats and hold all Republicans to assure con-

firmation.
Grad Student Council now up to par

As has been made public through an article in The Observer last Friday Feb. 24, and in a letter from the GSU to the graduate student body submitted to The Observer last Saturday, Feb. 25, the last regular meeting of the Graduate Student Council approved (1) the proposed $56,000 budget, which included a raise in the officer stipends, as well as raises in almost all other budgetary categories of the GSU (by 12 votes to 5), and (2) the recommendation to the University Administration to increase the graduate student activity fees from $30 to $35 (by 10 votes to 5, with two abstentions).

Victor J. Krebs

Graduate Student Union

Chris Kennedy, graduate student in physics, has made allegations that "the GSU mishandled the Feb. 14 meeting...failing to notify council representatives of the nature or the issues." These allegations are false. Council representatives were remiss not only in the following the regular monthly meeting through the customary GSU memorandum. This reminder included not only a summary of the agenda but also the discussion of the importance of the representatives’ attendance at the meeting. Furthermore, the monthly newsletter, Grad News, states that "(GSU) holds its meetings on the second Tuesday of every month at 7 p.m. in the Notre Dame Room," and the last issue was distributed only two days before the Feb. 21, meeting.

The quorum required by the constitution is 12 council members representing the five departments. Fifteen departments out of 26 were represented in the last council meeting, and (not including the five officers and travel grant chair) 17 Council members attended the meeting (not as The Observer quoted) 17 Council members attended the meeting (not as The Observer quoted) 17 Council members attended the meeting (not as The Observer quoted) 17 Council members attended the meeting (not as The Observer quoted) 17 Council members attended the meeting (not as The Observer quoted). With our efforts this year attendance to the council meetings has dramatically increased. Although attendance at the last meeting was the lowest our administration has had this year, it was well above the average attendance last year, as Kennedy, having been an officer in Victor Krebs' column where he advocated a raise in general. Since he has repeatedly called for a raise for GSU officers, no one would have any particular reason to believe that this editorial would be followed by a vote. Nevertheless, several representatives that the casual observer these facts would conclude that someone was being wined and dined by the university. This is not the case. Representatives did not attend. Several representatives have stated that they would have opposed the raises in fees and salaries had they known of the vote. Third, I have heard independently from four people that when a suggestion was made to delay the vote so that the representatives could poll their department, Mr. Krebs said that the graduate population in general does not know what is going on. Therefore, representatives should therefore peruse departments that what the GSU does good for them. Fourth and finally, the enactment of this plan has not been publicized ahead of time in The Observer. Obviously news of an increase in salaries for the graduate student body was submitted to The Observer until Wednesday, Feb. 22. Kennedy also circulated a petition that "strongly opposed the Graduate Student Union's plan to give their officers a 350 percent raise," and obtained signatures from six out of the 26 departments in the graduate school. But the petition falsely suggested that the increase would benefit the present officers of the GSU. None of the present officers will be running for those positions.

The decisions taken by the council were based on the judgment shared by the executive board that they were in the best interest of the graduate student body. As the vote shows, the council agrees that it is necessary to have an organization that effectively caters to the social needs of graduate students and represents their special concerns. As the university continues to expand, we will probably have to increase our efforts to make things appear as we actually are not. If incorrect conclusion has been drawn I apologize. In any event, several GSU members (not to the casual observer these facts would conclude that someone was being wined and dined by the university) that if incorrect conclusion has been drawn I apologize. In any event, several GSU members (not) that if incorrect conclusion has been drawn I apologize. In any event, several GSU members (not). I have been given a copy of the 1989-90 budget and here is how it breaks down:

Total Budget: $20,700. 100%
Travel Grant: $13,000. 40.4% Salaries: $8,700. 29.3%
All other expenses: $9,000. 30.3%

Once the information concerning these raises reached the physics and chemistry departments, there was very little need to be addressed. The only question is whether a raise will actually attract qualified people and what size of raise is needed. My personal feelings are that a raise would not attract these people and that may actually be counterproductive. I hope that the current and future GSU administration are willing to listen and respond to the people and thus eliminate the appearance of wrong that this episode seems to have brought.

Chris Kennedy

Off-campus (Feb 20, 1989)

Finding Christ is not a destination: it is a journey.
Education should have global flavor

In all fields of learning except busi­
ess, Notre Dame has the obligation to lead,
and not a moment too soon. I was tired
of hearing that we have "unredeemed
riches" in any of these endeavors. The
reason, our narrow-minded air of supe­
rity must be reshaped into a pride in
producing quality products and making
decisions that are competitive in the
dem and or risk and return is common
to all countries around the world,
increased a theoretical GWP (gross
world product); and, second, the
continuance of world peace can be insured
in a far greater extent. Surely the con­
tinuance of an American air of superi­
ority is greatly outweighed by these
possible gains.

But actions speak louder than words.
Yes, Notre Dame students are pres­
tently afforded some nations’ native
dress and dance for an hour or so on
a campus which is much more than
a beginning. All students should point
out that the end does not justify the
means. Just because
for hungry people. Still, this in
 supportive of the notion that such blatant
actions speak louder than words.

-editors.

But times have changed and, to
be trite, the world is getting smaller
every day. The United States is no longer
alone on the international scene. Never did
we have a better chance to engage with
other cultures and past ages for
education, for therein lie the greatest
riches in any of these endeavors. The
reason, our narrow-minded air of supe­
rity must be reshaped into a pride in
producing quality products and making
decisions that are competitive in the
dem and or risk and return is common
to all countries around the world,
increased a theoretical GWP (gross
world product); and, second, the
continuance of world peace can be insured
in a far greater extent. Surely the con­
tinuance of an American air of superi­
ority is greatly outweighed by these
possible gains.

Elvis Costello
Spike

Spike’s unusual cast of characters shows Elvis’ incredible diversity.

KEVIN WALSH
accent writer

If you put all the characters on Elvis Costello’s new album Spike in one room, you’d probably have a riot on your hands. At the very least, you’d have a roomful of weird people.

You’d have the disillusioned entertainer of “This Town”; Bentley and Craig, the two convicted murderers from “Let Him Dangle”; Veronica, a senile old lady; and a dead priest, from “Let Him Dangle”; and a mail-order bride and her new husband, from “This Town”; another dead priest, from “My Children, My Children”. The list goes on.

The room would also contain a maid-order bride and her new husband; a British soldier questioning his duty in Ireland; and a dead priest, from “Let Him Dangle”; Veronica, a senile old lady; and a dead priest, from “Let Him Dangle”; and a mail-order bride and her new husband, from “This Town”; another dead priest, from “My Children, My Children”. The list goes on.

With Spike, Elvis Costello renews his passion for justice and the law in the reopening of an old murder case.

Holtz looking toward next year with skeptical eye

By STEVE LAFFERTY

The Observer's Notre Dame office, located on the third floor of LaFortune Student Center, accepts classifieds advertising from a 10 a.m. until 4 p.m., Monday through Friday. The Observer's Saint Mary's office, located on the third floor of the Student Center, takes advertising from 10 a.m. until 3 p.m., Monday through Friday. Deadline for next-day classifieds is at press time. Classifieds must be prepaid either in person or by mail. The charge is 10 cents per five characters per ad.

Holtz said, "I’ve never seen so much information and facts out there. The SID’s office can always be very optimistic and I hate to question the material of all this work and this information, but we don’t plan on defending anything until the first game of the year, and fighting for it, just like we did last year.

"To think we’re going to be a good football team because we have some people coming back (46 of 58 letter-writers, including 16 starters) would be asinine and ridiculous, and we hope we show we’re going to be a football team last year because we don’t have anybody coming back.”

"If we arrive at October and we think we’re going to be a good football team because we have some people coming back (46 of 58 letter-writers, including 16 starters) would be asinine and ridiculous, and we hope we show we’re going to be a football team last year because we don’t have anybody coming back.”

**CHRISTMAS in APRIL**

**1989**

South Bend, Indiana

**What Is It?**

CHRISTMAS in APRIL is a one-day work session during which the homes of the needy, elderly, and handicapped residents of the Northeast Neighborhood will be renovated and repaired by teams of volunteers. The South Bend Community has joined forces with the students, faculty, and staff of the University of Notre Dame and St. Mary's to make Christmas in April a reality for some Northeast Neighborhood homeowners. It will be followed by a picnic.

**Who can volunteer for CHRISTMAS in APRIL?**

Anyone eighteen or older can be a Christmas in April volunteer. Volunteers come from churches, businesses, schools, community service organizations, corporations, associations, and interested individuals. They represent all professions. Volunteers need not be skilled at home repairs, but those who are will be well placed.

**What repairs are done?**

Each scope of repairs is tailored to the need of the individual participant and the capacity of the volunteers recruited for the Christmas in April. It is anticipated that roofs, weatherization, plumbing, heating, and electrical needs will be addressed. Yards will receive a Spring cleaning and, if needed, the painting of home exteriors to give a new face to the neighborhood.

**What can YOU do?**

* All we ask is a donation of one day of your time and energy. Any special talents you have, such as carpentry, or electrical or plumbing skills, would be greatly appreciated...
* Enthusiasm, thought, is the most important contribution you can make. Anyone and everyone can handle a paintbrush!
* We are also in the process of seeking contributions of materials and supplies, as well as monetary donations to cover our necessary expenses.

*There will sign up opportunities within your hall. For more information contact your hall president or community service commissioner!**

Sophomore Becky Wood grabbed two victories for the women's swim team and helped give the Irish a fifth place finish at the Eastern Intercollegiate Championships over the weekend.

West Virginia, the host team, captured first place from among the ten teams competing with 570.5 points, a slim margin over second place Duke. Notre Dame totaled 405 points.

Wood set two University records and swam her best times ever as she won both the 100 and 200-yard breaststroke races. Two of her classmates, Amy Tri and Christy Monot, also swam well for the Irish. Until the last night of competition, Tri was among the top 10 scorers in the meet.

Coach Tim Welsh noted that Wood has improved with every meet and her victories combined with the record-setting times made her performance especially outstanding.

“Solid, dependable performances.” Notre Dame had gone into the meet thinking that their swimmers would be in the middle of the ten teams, and a fifth place finish did nothing to dispute that. The Irish found out that they could be competitive with some very strong teams.

“‘There are different grades of excellence, and to get both time and place is ideal,’ Walsh said.

The performances of Wood, Tri, Monot and two freshmen, Kathy McKinney and Jackie Jones, are a good sign for the future, according to Welsh. The sophomore class especially turned in a very good meet performance as it dominated the championship.

There are different grades of excellence, and to get both time and place is ideal,” Walsh said.

The performances of Wood, Tri, Monot and two freshmen, Kathy McKinney and Jackie Jones, are a good sign for the future, according to Walsh. The sophomore class especially turned in a very good meet performance as it dominated the championship.

Of the divers earned places in the championship finals, Kay Richter in the one-meter event, and Allison Baker and Jenny Kipp, both in the three-meter event.

“Those performances helped to demonstrate that we are a championship team in the diving field,” Walsh said.

This was the last meet for the Irish women's team, and the seniors on the team finished their Notre Dame swimming careers with strong meets. The co-captains, Tracy Johnson and Kelly Quinn, helped the 200-yard medley relay team to a second place finish on the first event of the championships.

Johnson later also placed third in the 50-yard freestyle race.

Overall, Coach Walsh was satisfied with what he called a “solid, dependable performance.” Notre Dame had gone into the meet thinking that their swimmers would be in the middle of the ten teams, and a fifth place finish did nothing to dispute that. The Irish found out that they could be competitive with some very strong teams.

“We were less than 40 points from fourth place, and about 60 points from third,” Walsh pointed out. “We also had some very good races between Duke, the second place team, and Notre Dame.”

The women's swim team will take a break for a while and then resume practice after spring break with a training program. They will also look forward to next year and hope to improve on their final record for 1988-89 of 6-6.
Irish women gain split over weekend

By CHRIS COONEY

Sports Writer

A battered and bruised women's tennis team came within a game of upsetting Miami of Ohio this weekend, but Notre Dame's makeshift line-up could not achieve the victory.

After decisivelydowning Illinois 7-2 on Saturday, the Irish fell to the Redskins of Miami 5-4 in a match charged with emotion. Notre Dame, marred with injuries, had to readjust the roster halfway through the meet.

Number four singles player, Kristy Doran, succumbed mid-match to a knee ailment that left her struggling to walk in the third set of her match. Doran had won the first set 7-5 when the impairment began to hamper her performance. By the third set, she could hardly reach the ball and was forced to default.

That left the Irish at 3-3 after the singles competition and with a position to fill at number two doubles. Rosa Kelly combined with Doran's regular partner, Katie Clark, but the tandem lost 6-2, 7-5. The top pair of CeCe Cahill and Tracy Barton won their match, setting the stage for the deciding contest at the number three spot.

Playing at number three were Cathy Bradshaw and Kim Pacella. Pacella had the flu and sat out of the singles round, but felt strong enough for the doubles and wanted to make her contribution. The duo lost the first set 3-6, but came back with a 6-4 score in the second to split sets. In the third, Bradshaw and Pacella were serving for the match and the meet, but could not seal the victory and lost 5-7.

Despite the disappointing loss, Irish head coach Michele Gelfman had nothing but praise for her 2-3 squad, which lost to Miami 8-1 last year.

"Every year we've gotten closer and closer and this year we were really ready to take it," said Gelfman. "The girls played their hearts out. At the end, we had Kim Pacella diving into the net going after balls. I can't ask for much more than that.

"It was down to the wire and I really thought we had them. There were at least twelve deuces in the last game but we couldn't pull out the victory. With a full line-up, we had a legitimate shot."

Gelfman explained that Doran was dominating her match when her knee, injured last week, began to wear from the constant pounding it was taking on the court.

"Kristy would have won if she was healthy, but she couldn't even walk, much less run, by the end of the match," Gelfman commented.

Saturday's meet against Illinois was a much different story as the Irish trounced the Illini. Notre Dame lost to them by an identical 7-2 score last year.

"I think that meet demonstrates the tremendous strides we've made since last year," said Gelfman. "Even with our young team of mostly sophomores and freshmen, we had more depth than they did."

Gelfman was especially pleased that the Irish, after winning the singles 4-2, swept the doubles.

"That was exactly what I was hoping for," Gelfman commented. "We were stronger at the top than them, but we proved our all around strength in the doubles. Right now we know our potential and I realize that the wins will come."

Fencing

continued from page 20

The women's team was lead by senior captain Janice Hynes (5-6) and freshman Tara Kelly (7-4). The freshmen duo of Heidi Piper (4-1) and Mary Westrick (4-2) also had good meets. Lynn Kadri finished at 7-4, while seniors Kristin Kralicek (6-2) and Brenda Lester (2-2) had respectable finishes.

This past weekend's action finishes out the regular season for the Irish fencing teams.
SPORTS BRIEFS

Women's Bookstore Basketball registration and signups are Wednesday, March 15, in Room 002 in the basement of LaFortune from 3 p.m. to 9 p.m. There is a $5 registration fee. Referees are needed and will be paid $5 per game. Scorekeepers are also needed. Any questions should be directed to Nancy at x3487 or Julie at x2867. - The Observer

Men's Bookstore Basketball late signups are today from 6 p.m. to 8 p.m. and Wednesday from 4 p.m. to 6 p.m. in the SUB office on the second floor of LaFortune. The registration fee is $5. Any questions should be directed to Mike Manning at 283-3305. - The Observer

The ND Sailing Club will hold a meeting tonight at 6:30 in Room 204 of O'Shaughnessy Hall. All race team members should attend. - The Observer

Cross-country ski equipment rental checkouts are from 4:30 p.m. to 5:30 p.m. on Thursdays, Fridays and Saturdays and also noon to 1 p.m. on Saturdays. Rates are $10 overnight, $2 for two nights and $6 for three nights at the Burke Memorial Golf Course pro shop. - The Observer

The Off-Campus lacrosse team will practice tonight at 10 at the Loftus Center. Any questions should be directed to Bill at 287-5758. - The Observer

The ND Rugby Club will hold a meeting today at 5 p.m. in the Haggard Auditorium for anyone interested in playing this spring. No skill or playing experience is necessary. Any questions should be directed to Jim at x1778. - The Observer

Arizona reluctantly takes top spot

Associated Press

TUCSON, Ariz. - When it comes to the top ranking in college basketball, the first time around is best, says Arizona coach Lute Olson.

Olson's Wildcats moved up a notch to No. 1 this week after a 77-70 victory Sunday over No. 9 Duke in East Rutherford, N.J. It was Arizona's second time on top this year and fourth in the past two seasons.

"I don't know that it will have much effect on us," Olson said Monday. "I think our players were there, not just this year but, with most of them, a year ago."

"We'd like to finish the total season ranked No. 1," he said. Arizona, 22-3, the fourth team to be honored as No. 1 this season, spent only one week on top the first time before an 82-80 loss to Oklahoma on Feb. 12. The Sooners then held the top rung for two weeks but dropped to fourth after a 97-84 loss Saturday at Missouri.

Arizona is expected to see the Wildcats regain the top spot.

Arizona star sank the clutch 3-pointer, said after the game he was more concerned with winning the game than the ranking. Elliott said he'd like to have seen the voters pick Georgetown, which received five first-place votes and 1,219 points to Arizona's 54 first-place votes and 1,305 points.

Elliott, whose squad made the Final Four last season after a total of six weeks atop the poll, said he'd like to have seen the voters pick Georgetown, which received five first-place votes and 1,219 points to Arizona's 54 first-place votes and 1,305 points.

He said he was more concerned with a season-ending road trip Thursday at Washington State and UCLA this weekend.

Toddlie made a 3-pointer and an-
Lewis reaches IH basketball finals

By KEN TYSIAC
Sports Writer

The Rebels from Lewis Hall advanced to the finals of the women's Interhall basketball playoffs with an intense come-from-behind victory over Pasquerilla East on Monday night.

The Rebels, who lost to P.E. on Sunday, have to beat Breen-Phillips tonight and again later in the week in order to win this double elimination tournament, in which B.P. has yet to lose.

It certainly didn't look good for Lewis in the first half. P.E. used its superior inside strength and balanced scoring to run out to a 19-9 halftime lead. P.E.'s zone defense frustrated the Rebels, who looked like they needed a miracle to come back in the second half.

That miracle appeared off the bench early in the third quarter in the form of reserve guard Lori Ciccone. Ciccone hit two three-pointers and was perfect from the field in five attemps. Largely on the strength of Ciccone's shooting, Lewis closed the gap to 29-24 after three quarters.

In the fourth quarter, Lewis' full court press really began to take its toll on Pasquerilla East, and when Ellen Meouch made two free throws with less than two minutes to play, Lewis had its first lead of the ball game at 33-31. P.E. countered quickly with a power layup by Colleen O'Connor. But Sue Lippa answered with an inside bucket for Lewis with one minute to play and the Rebels used good foul shooting to kill any hopes P.E. might have had of catching up. Lippa and Marcie Powell, who consistently burned P.E. with baseline jump shots, each had 13 points for Lewis, while Ciccone finished with 12.

Tonight's matchup against Breen-Phillips should be an even greater challenge for Lewis. The Blitz are even more talented than P.E. inside, and have not had a close game yet in the playoffs.

Morrissey, Fisher in IH men's final

By DAVE McMAHON
Sports Writer

After battling their way through rigorous post-season action, Morrissey and Fisher meet tonight in the pit of the Joyce ACC to possibly determine who will be Interhall Basketball champion.

A win tonight by Morrissey would lead to a second game Thursday night to decide the champion.

Morrissey, after losing in the winner's bracket of the playoffs to Fisher, defeated Alumni 78-59 to gain the berth against the Green Wave, 10-1 going into the contest.

An up-tempo style and strong defense key the Manor attack, led by returning starters Tom Veltz, Kevin Keeyes, and Derick Johnson. Fisher's Sean Krieble and Rod Culver also start for the Rebels.

"Our offense is strongest on the fastbreak and we'll need to prevent Todd Wagenblast and Paul Fulling from getting off the shots they want," said Veltz.

Morrissey went undefeated through the regular season last year before losing its first two playoff games.

"We may not overconfident after going undefeated through the season and didn't play well at all," said Veltz.

Fisher, relying on a stingy man-to-man defense, will look for a stellar all around performance to come out with the win.

"Playing in the pit will help Morrissey's fastbreak offense, so our biggest task will be to slow the tempo down," said Fisher's Sean Krieble. "We'll have to stay even on the boards and look for Todd and Paul to do the job during crunch time."

John Pleczyk and Collin LaHiff start for the Green Wave, along with Krieble, Wagenblast, and Fulling.

MERRILL LYNCH CAPITAL MARKETS
CHICAGO REGIONAL OFFICE

In currently accepting applications for the position of FINANCIAL ANALYST within the Midwest Corporate Finance Department.

In selecting applicants for the position of Financial Analyst, Merrill Lynch looks for a record of outstanding academic achievement, extracurricular involvement and work experience, and demonstrated leadership qualities. Analysts must be exceptionally articulate, able to write effectively, and able to work well with others. Although no particular academic major is required, some background in accounting or statistics and familiarity with computers is helpful in indicating an ability to readily acquire the tools needed for quantitative analytic work.

Upon completion of this two year program, Financial Analysts are generally able to enter a graduate business or law degree program at a leading university. Many return to Merrill Lynch after completing their advanced degrees to build their professional careers in investment banking.

BECOMING A CANDIDATE:
If you are interested in being considered for this program, send resume to:

Lindsey Grantham
Merrill Lynch Capital Markets
5500 Sears Tower
Chicago, IL 60606

Please respond before March 10, 1989.

Rest up St. Patrick's Day is COMING
SMC basketball beats Dearborn, makes NAIA tourney

By HEATHER ATKINSON
Sports Writer

The Saint Mary's Basketball team defeated the University of Michigan-Dearborn 91-76 at home Saturday and also learned that it had qualified for the NAIA District 21 tournament by virtue of its 14-7 record.

The Belles take on Purdue University-Calumet tonight at 8 at the Angela Athletic Facility in the first round of the tournament.

Saint Mary's dominated the entire game against the Wolves.

The Belles led 44-32 at the half and stretched the margin to as much as 68-43 at one point. Michigan rallied to close the gap toward the end of the game, but was unable to beat the clock and suffered the 15-point loss.

Once again the bench contributed significantly to the Belles' victory. Every player for Saint Mary's got playing time and each performed equally well.

"We are really happy to be in the position we are in," said head coach Marvin Wood. "It was nice to finish our season with a victory at home."

Saint Mary's had four players in double figures. Kathy Restovich led the team with 16 points, followed by Jen Keane with 13 and Amy Baranko with 10. Baranko also pulled down 11 rebounds and Radke had 7 assists.

Because of its successful season the team qualified for the NAIA District 21 tournament. Eight teams are invited to the single-elimination playoffs and the Belles are seeded second.

“We all have a positive frame of mind going into this game," said Wood. "We will need to improve our offense, get more shots off, sharpen our passing and foul less in order to beat them this time, though.”

Cowboys just won't be the same without Landry

When I was one and didn’t know any better, I wore a Chicago Bears sweatshirt. My parents bought it for me, my dad being a diehard Chicago fan.

When I could walk, talk and realize what was going on, I switched to America’s team, the Dallas Cowboys. There seemed to be an art to picking a favorite team, a team that you would stick by no matter what. It wasn't so bad.
