Pleas for peace arise in drug war

Associated Press

BOGOTA, Colombia.-- The father of three reputed drug barons appealed for the government to end its fierce war on drugs and negotiate a peace, but six more bombs exploded Tuesday in the cocaine trafficking center of Medellin.

"Let there be dialogue, let there be peace. Let's have forgiveness, let's carry out a kind of erasing and erasing with a clean slate," Fabio Ochoa Restrepo said in an open letter to President Virgilio Barco. The letter was published Tuesday in a Bogota newspaper.

In Washington, Justice Minister Monica de Greiff reiterated the Barco government's refusal to negotiate with drug traffickers, who are blamed for the assassination of豹 August 18 of Sen. Luis Carlos Galan, a leading presidential candidate. The slaying prompted an unprecedented crackdown on drug trafficking.

Columbia's police intelligence chief said Tuesday that Abraham Majuat, identified as a top financial man for drug dealers, was implicated in Galan's death. Gen. Manuel Maroq Marquez would not elaborate, and no charges were filed against Majuat, who was arrested Monday at a ranch near Medellin. Authorities also seized 4 1/2 tons of cocaine there.

Bombs blew up at six state liquor stores Tuesday in Medellin. The shops are a short drive from Medellin's international airport. The attacks have increased since Galan's murder.

MERRILLVILLE, Ind. -- A Merrillville couple is accused of profiting on the war against drugs by posing as corrupt federal narcotics agents who accept bribes from the targets of their bogus investigations, officials said.

Frank Gonzalez, 43, and Lori Cruz, 28, were charged Monday and were being held at the Metropolitan Correctional Center in Chicago pending a bond hearing Wednesday in U.S. District Court in Hammond.

Police arrested the pair Friday night on charges of impersonating U.S. Drug Enforcement Administration (DEA) informants about to implicate a Merrillville man in drug charges. They allegedly extorted a $1,500 bribe from the man's father to make the man's case disappear.

"It was a bold move on the defendants' part," said John Hoehner, assistant U.S. attorney. "Apparently it was rooted in their mistaken belief there were people, potential victims who wouldn't have the courage to report their illegal activity. In this particular circumstance, they made a mistake."

Merrillville Police Chief Jerry McCory said Monday that the Bogota newspaper.

Indiana Bell strikers reach tentative agreement on contract

Associated Press

INDIANAPOLIS--Indiana Bell Telephone Co. and the union representing 4,200 striking workers announced a tentative agreement for a three-year contract Tuesday evening.

The contract includes basic wage increases, improved pensions, new family care features and profit sharing, a spokesman for the company said.

Fredric Hnun, vice president of human resources and corporate development for Indiana Bell, called the agreement fair, progressive and innovative.

"This agreement addresses the needs of our individual employees and helps position the company to compete vigorously over the next several years," he said.

The agreement also includes a training program to address the career needs of individual employees, Hnun said, adding that further details of the agreement would be released after the company and union have had a chance to share the information with employees.

Indiana Bell, which became the fourth of the five Ameritech telephone systems that went on strike Aug. 13, to reach agreement with the CWA.

Michigan Bell is the only Ameritech subsidiary without a tentative contract and CWA officials said all 37,000 union employees would remain off the job until a settlement is reached in five states.

Michigan Bell and bargainers for its 12,800 striking telephone workers were holding informal talks Tuesday, spokespersons for the utility and CWA said.

"We will continue operating with management and supervisory personnel until our regular employees return and we anticipate that will be soon," said Estel Gibson, media information manager for Indiana Bell.

The agreement came hours after Bell officials announced that talks had been suspended while the union prepared its response to the company's latest contract proposal.

Both sides had talked until late Sunday night and were quoted as saying a settlement appeared near. But, on Monday, Indiana Bell claimed the union called their chief negotiator with heightened demands that took negotiations in a new direction.

Meanwhile, Indiana Bell managers are struggling to keep up with a high volume of telephone trouble calls due to heavy rains during the past week.

Bell was planning to recruit retired managers to supplement and maintenance force doing repair work now, Gibson said.

More than 400 managers worked both Saturday and Sunday to clear more than 3,400 cases of telephone trouble before Monday morning, Gibson said.

"In order to not get hopelessly behind on repair volume, we feel the need to take some steps to take care of the problem," he said.

"It looked on Monday and over the weekend like sometime this week we'd have our regular folks on the job, but now we're not so sure," he said.

Illinois Bell agreed to a tentative contract with strikers Monday, following tentative settlements during the weekend at Ameritech's systems in Ohio and Wisconsin.

Strikes began Aug. 6 at three other "Baby Bell" regional telephone companies formed after the 1984 breakup of AT&T. Nationally, the strikes affected 200,000 workers in 20 states.

Campus construction on Juniper Road and Green Field has caused some changes in parking at Notre Dame.
The construction of the new band and ROTC buildings has caused some changes in the D2, C2 and D2 lots on Juniper Road, said Phillip Johnson, assistant director of Security. C2 and D2 lots will now be used exclusively for faculty and staff. Students will now park in the D2 lot, said Johnson.
Security distributed a memo to students who park in D2 stating that the D2 lot will be expanded this fall. The D2 lot will extend to the White Field area, north of D2, said Johnson.
White Field can be used for overflow parking from D2, said Johnson. The area should be paved and fenced by November. Presently the area does have lighting and more lighting will be added soon, according to Johnson.

Additional overflow parking for D2 is available in the O'Hara-Grace Guest Lot off of Bulla Road, said Johnson.
Students may also park in the D1 lot south of the stadium.

Construction on the Green Field area near Notre Dame Avenue has made overflow parking on the Field an impossibility. Johnson said student parking is now in the C1 and D1 lots south of the stadium.

The Physical Plant department has hired a private consultant to help with the long range planning of campus parking as construction constantly alters the campus, said Donald Dedrick, director of Physical Plant. For the last month this consultant has been studying parking and circulation of cars at Notre Dame.
Dedrick said eventually the consultant will make a recommendation based on the impact that construction has on parking and circulation.

Conservative Iranian government approved

Associated Press

NICOSIA, CYPRUS- Iran's Parliament approved all 22 members of President Hashemi Rafsanjani's new government Tuesday, opening the way for economic reform and gradual restoration of ties with the West.

The official Islamic Republic News Agency said the 270-member Majlis took the "unprecedented" step of endorsing the entire cabinet. In past ballots, deputies reflected several nominees. Earlier reports suggested three cabinet candidates would be turned down.

Iran's state TV showed deputies chanting "Death to America! Death to Israel! Death to Britain!" After the results of the secret ballot were read out by Speaker Mehdi Karroubi.

However, the new cabinet contains more technocrats, many of them Western-educated, the press and ideology idologues.

The appointments reflect Rafsanjani's pledge to focus on raising living standards and boost private enterprise after a decade of strict state controls on the economy.

Rafsanjani had come under fire from radicals for dumping their leaders from his Cabinet. They included outgoing interior minister Ali Akbar Mohtashemi, who was closely linked with Shiite Moslem militants holding most of the Western hostages in Lebanon.

Rafsanjani had come under fire from radicals for dumping their leaders from his Cabinet. They included outgoing interior minister Ali Akbar Mohtashemi, who was closely linked with Shiite Moslem militants holding most of the Western hostages in Lebanon.

The endorsements came after Karroubi, a member of the radical faction opposed to Rafsanjani's pragmatists, gave the Cabinet list his personal backing at the last minute.

"I see Mr. Rafsanjani's Cabinet as a successful one and one that supports the deprived... and whose members have worked for the (1979 Islamic) Revolution," Karroubi said.

Karroubi's support was seen as critical for Rafsanjani, who was elected president July 28 and handed broadened executive powers.

The Cabinet approval indicated the radicals were prepared to follow spiritual leader Ayatollah Ali Khamenei's call for an end to political bickering.

Tanker bombed by Syrians; 10 dead in Lebanese conflict

Associated Press

BEIRUT, Lebanon—Syrian gunners shelled an oil tanker bound for a Christian port Tuesday and set it ablaze, killing seven crewmen and starting an artillery duel that took three more lives, police reported.

They said the Maltese-Flag Sunshied was hit at 2:30 a.m. seven miles off the Christian-held Mamfeh area 11 miles north of Beirut while trying to run the Syrian artillery blockade under cover of darkness. It carried 555,000 gallons of gasoline.

Johannes Garabedian, the Lebanese captain, was among the dead. Coast guard vessels rescued two wounded crew members, two others were missing and feared dead, the police reported. They said the seven badly burned bodies washed ashore several hours later after the tanker was hit.

Police reported three people killed and 16 wounded in the evening-five-hour artillery exchange between Syrian army gunners and Christian army units led by Gen. Michael Aoun. Three of the two wounded were Moslem firemen hit when an 82mm mortar round exploded in the parking lot of a West Beirut fire station.

Hanna Sadig, 24, said at a hospital in Christian east Beirut the tanker was set ablaze by a Syrian gunboat that intercepted it.

"The Syrian Captain ordered us through a bullhorn to identify ourselves and our cargo. Our captain did not reply," said Sadig, who was being treated for severe burns.

"All our crew were hiding behind sandbags placed on the bridge to protect us from Syrian shelling. The Syrian gunboat sailed away and then fired several missiles that hit the bridge, starting the fire."

If Sadig’s report is correct, it would be the first time a Syrian warship fired on a cargo vessel since the fighting began nearly six months ago. They usually order intercepted ships to fight back.

Police insisted the Sunshied was hit by artillery fire from West Beirut directed by Syrian radars in mountains overlooking the coast.

"What probably happened is that the gunboat pulled away, as they usually do, leaving it to be hit by shellfire," said the police spokesman, who cannot be identified under standing rules.

June 3 of revolutionary patriarch Ayatollah Ruhollah Khomeini.

But Karrubi, who succeeded Rafsanjani as speaker, also said the new ministers would face tough scrutiny in the chamber, where radical factions have dominated since parliamentary elections last year.

"Our hands will not be tied if a minister gets the vote," he said.

Rafsanjani, speaking before the vote, called for more government efficiency, noting that in the past "only 30 or 60 percent of programs passed in Parliament had actually been implemented."

Iran is seeking to rebuild industry after an eight-year war with Iraq. It also hopes to boost productivity after years of economic mismanagement by revolutionary radicals.

Rafsanjani also is expected to gradually revise links with the West to end Iran’s isolation and attract foreign investment.

A key figure in restoring foreign relations will be Foreign Minister Ali Akbar Velayati, 44, a U.S.-trained pediatrician who helped negotiate the cease-fire with Iraq that took effect in August 1988.

Mine heist nets $200,000 worth of silver

Associated Press

RENO, Nev.— Investigators frustrated by a bold heist of more than a ton of silver shaped like Hershey's Kisses from a mine are hoping the thieves brag and are watching more than a ton of silver removed from the mine's vault and poured into molds.

"We didn't have any leads. But they have to melt it down," Undersheriff Bill Davis said Tuesday. "And I'm confident we'll get a tip from somebody who'll hear about the heist. All good crooks brag about the jobs they pulled."

Officials are investigating past and present employees of the Trinity Silver Mine, about 20 miles from Lovelock, a town more than 90 miles northeast of Reno.

"We're fairly sure it was an inside job," Davis said. "They knew something about the mine."

Gene Smith, spokesman for the U.S. Borax Corp., which owns part of the mine, said a shotgun-toting man in a red ski mask tied up two mine employees with duct tape Saturday night, and, with an accomplice who was either a woman or a small man, used a wheelbarrow to haul 1.25 tons of silver buttons to a pickup.

They then left spikes in the road to flatten tires of any pursuers.

The robbery was discovered when the next shift came in Sunday morning, police said.

Pershing County authorities notified the precious metals dealers. But Smith and smelter operators said the crooks would probably melt the silver themselves through an arrangement with a smelter or try to ship it out of the country. "They seem to have thought out everything beforehand, so I'm sure they've thought this through too," Smith said.

Bob Horton, associate dean of the Mackay School of Mines at the University of Nevada-Reno, said authorities could trace the silver by examining its molds.

The buttons are made when molds of ore, or impure silver, before it is melted into ingots. Each mold has its own unique mix of impurities.

The robbery was discovered by workers when they found spoons, colliers and small utensils missing.

The bound employees weren't injured.

The thieves apparently broke the lock on the mine's vault.

"They seem to have thought out everything beforehand, so I'm sure they've thought this through too," Smith said.

Smith said the mine normally waits until it has about 50,000 ounces—more than 1.5 tons—of ore, or impure silver, before it ships a load to a smelter for refining.

The mine was expected to produce about $4 million worth of silver this year.

Viewpoint Department Policy

I.
All members of the Notre Dame and Saint Mary's community may submit columns, letters to the editor, or cartoons to the Viewpoint department of The Observer. While individuals not associated with Notre Dame and Saint Mary's community may submit columns, letters to the editor, and cartoons, the Viewpoint department gives priority to those individuals who are directly associated with the community.

II.
All columns, letters to the editor, and cartoons submitted to the Viewpoint department become the property of The Observer. Any further use of these commentaries without the written consent of The Observer is prohibited. Not-for-profit organizations, those organizations which have a reciprocal-usage agreement and those organizations of which The Observer is a member may be granted permission to publish commentaries with the permission of the editor-in-chief or the permission of the managing editor and the Viewpoint editor. If the commentaries have not been printed in The Observer, the Viewpoint editor may return them to the authors.

III.
The Viewpoint department reserves the right to edit all commentaries submitted to the Viewpoint department. The Observer has no obligation to print commentaries submitted. Commentaries will not be printed if they are libelous, unintelligible or submitted by anyone mentally unbalanced.

IV.
All commentaries submitted to The Observer must bear the signature of the author. Under no circumstances will unsigned commentaries appear in print in the Viewpoint section of The Observer. The author's name and the point to which the commentary is, in effect, only being co-signed by the organization.

V.
Commentaries submitted as letters to the editor may not exceed three in number from the same individual or organization within the same academic semester. There is no limit to the number of times an individual or organization may have their commentaries appear in print as columnists.

VI.
All commentaries printed in the Viewpoint section must be verified before being printed. The means of verification are left to the discretion of the Viewpoint editor.

VII.
Only those individuals authorized to speak as representatives for a group will be allowed to use the organization's name. In such cases, the primary author of the commentary is the individual(s), and the commentary is, in effect, only being co-signed by the organization.

VIII.
Commentaries which appear in the Viewpoint section may not have been printed previously in other newspapers, magazines or publications. Exceptions to this procedure are those organizations of which The Observer is a member, quotations used for commentaries and "Quote of the day." Syndicated columns also are excluded from this procedure.

IX.
The opinions expressed in the Viewpoint section are not necessarily those of the editorial board. House editorials appear in the Viewpoint section of The Observer. Regular columnists, those whose columns appear on a regular basis; guest columnists, those whose columns do not appear on a regular basis; letters to the editor, and cartoons are commentaries. Such status is determined by the Viewpoint editor in all incidences except house editorials. The House Editorial Guidelines and the Insta House Guidelines are included in the House Editorial Policy.

X.
Paid employees of The Observer are not permitted to have their commentaries appear in the Viewpoint section as letters to the editor. Regular columnists and members of the Viewpoint staff also are not eligible to have their commentaries appear in the Viewpoint section as letters to the editor. The status of such individuals is determined by the Viewpoint editor. Those whose commentaries appear in print in column form may not respond to criticism of that commentary in letters to the editor.

XI.
This policy must be approved by the editorial board and can be amended by a majority vote of the editorial board. All procedures not covered in this policy statement are left to the discretion of the Viewpoint editor. The procedures outlined in this policy apply only to the Viewpoint department of The Observer.

XII.
No commentaries of any kind will be printed in the Viewpoint section concerning and candidate for student government or hall office once the official campaign period has begun for that office. This ban on commentaries is to continue until the election for this position has been completed. The Observer reserves the right to comment on any candidate or issue it wishes throughout the campaign period. At any time, the editor-in-chief and the Viewpoint editor may suspend this article.

XIII.
This policy is available to the public during normal business hours and must be prominently displayed in the Viewpoint department of The Observer.

Burgers and ice cream make Patties unbeatable

KELLEY TUTHILL

Patties could be called the Arnold's of the '80s. It's burgers and fries at all prices even students who are short of money can afford. It even has a jukebox.

The menu is posted on the wall as you walk into the restaurant and consists of appetizers, sandwiches, salads and soups, and a health watchers section. After ordering at the counter and receiving a food number, seating is self-service in one of the two seating areas and Pattie's back room has a big-screen TV to entertain those still waiting.

The menu lists popular appetizers like potato skins, breadsticks and Mexican dip, all at prices even Jane Fonda could resist. The menu has ice cream so many choices, over 300 in fact. The menu has ice cream sitting on a brownie topped with hot fudge ($1.95). The number 46 shake is the Happy Birthday shake which is a strawberry shake with moist cake pieces inside topped with whipped cream and even a birthday candle. The back of the ice cream menu adds, "We will be glad to fix you any ice cream combination that you desire," as if there wasn't enough options to please everyone.

Our number to claim our food was called in about 15 minutes. The chicken breast fillet is soft vanilla ice cream bar which makes it very easy to resist an ice cream bar which is charbroiled plain or with cheese ($3.95) or the chicken sandwich with cheese ($3.95) which is soft vanilla ice cream bar which makes it very easy to resist an ice cream bar which is charbroiled plain or with cheese ($3.95). The chicken sandwich with cheese was cooked as ordered and the counter-side condiment bar offered a myriad of toppings. The accompanying fries were some of the best fries that we had ever tasted—golden brown generous cuts of potato. The cheese soup that came with the meal was simply melty cheese with some potatoes in it. I suggest the salad instead.

The chicken breast filet which is chartroiled plain or teriyaki with or without cheese ($3.95) which was five generous potato halves stuffed with toppings. The meat inside, however, wasn't very tasty — it was somewhat like chill meat that had been through a blender. The cheese, bacon, and sour cream skies are probably very good without the meat.

Our first entre was The Works, a half-pound burger served with French fries or onion rings, and a green salad or soup ($5.50). The meat inside, however, wasn't very tasty — it was somewhat like chill meat that had been through a blender. The cheese, bacon, and sour cream skies are probably very good without the meat.

Our first entre was The Works, a half-pound burger served with French fries or onion rings, and a green salad or soup ($5.50). The burger was cooked as ordered and the counter-side condiment bar offered a myriad of toppings. The accompanying fries were some of the best fries that we had ever tasted—golden brown generous cuts of potato. The cheese soup that came with the meal was simply melty cheese with some potatoes in it. I suggest the salad instead.

CINCINNATI - A second federal witness implicated Pete Rose in an alleged tax-fraud scheme Tuesday involving a winning race track ticket.

Another witness in the trial of former Rose housemate Thomas Gioiosa also said that Rose was part of a group who often talked about gambling and drugs.

The testimony in the third day of Gioiosa's trial on cocaine and tax-evasion charges contradicted Rose's contention that he had nothing to do with the winning race ticket.

Rose also has maintained he didn't know about the drug activities of those who operated Gold's Gym in suburban Cincinnati where he worked out - an assertion challenged in testimony Tuesday.

Rose was banned for life from baseball last week by Commissioner A. Bartlet Glavistri after a baseball investigator concluded the former Cincinnati Reds manager bet on his own team. Rose has denied betting on baseball, but accepted the lifetime ban as fair.

A Federal Grand Jury is looking into whether Rose paid all the required taxes on his income from gambling, memorabilia sales and autograph appearances. The government has indicted the Pik Six race ticket involving Gioiosa is part of that investigation.

Prosecutors have accused Gioiosa, 31, of falsely claiming on his taxes that he owned a winning $47,646 Pik Six ticket from Turfway Park in Florence, Ky., that actually belonged to Rose.

Gioiosa claimed the winning ticket involved a family member. The government has indicated the Pik Six race ticket was his alone.

Mansour did Gioiosa's tax returns for 1985-87.

Mansour's testimony by point of law Tuesday revealed that Rose paid no income tax on gambling winnings.

"He volunteered the information that the winning ticket belonged to Pete Rose, and he was going to forward to pay the taxes on it," Mansour said.

Mansour, like Gioiosa, was a bodybuilder who worked out at Gold's Gym. He was testifying Tuesday under a plea agreement with the federal government to resolve his own tax problems - failing to return a $185,000 return.

Defense lawyer Martin Pinales tried to undermine Mansour's testimony by pointing out the accountant's legal problems. He also said a taped conversation has Mansour telling another former Rose associate, Paul Janszen, that Gioiosa claimed the winning ticket was his.

The government contends that Gioiosa was part of a major cocaine smuggling operation.

Bears' Douglass, Eagles' Solt among steroid suspensions

Associated Press

NEW YORK—The NFL's first-ever crackdown on steroids hit home Tuesday for 13 players, including former Pro Bowl guard Ron Solt, who were suspended for four games after testing positive for the muscle-enhancing drug.

The players suspended, three of them from the Buffalo Bills, were hardly household names. Other than the Eagles' Solt, who is recuperating from operations on both knees, perhaps the best known player is Maurice Douglass, a backup defensive back for the Chicago Bears who spends his offseason as an exotic dancer.

Those suspended came from just eight of the league's 28 teams. Most seemed to fall into the category defined by U.S. District Judge Thomas Hogan, who in turning down the players' union request to stop the suspensions, acknowledged that the crackdown "could be fatal to a marginal player."

The league, which tested 2,200 players in camp, said an unspecified number of others tested positive but had been cut "for lack of playing ability."

In addition to Solt and Douglass, three suspended included two brothers, running back Sean and linebacker Tom Doctor of Buffalo and a third Bill, Linebacker Matt Jaworski; offensive lineman Mike Arrey and Keith Ucker of Green Bay; defensive end Mark Mraz of the Los Angeles Raiders; tight end Vernon Kirk of the Los Angeles Rams; running back Vince Amola and wide receiver Bobby Riley of the New York Jets; and running back Keith Henderson and nose tackle Rollin Puzier of San Francisco.

The accuracy of the testing was immediately challenged by the NFL Players Association, which said it had received calls from players proclaiming their innocence and suggesting that the tests may have mistaken medication for either masking agents or steroids.

But NFL spokesman Joe Browne said: "We conducted Olympic-caliber testing that takes everything into account."

However, a league statement acknowledged, "We cannot guarantee our testing has detected or will detect every steroid user in the NFL."

The suspensions are the result of a March 21 announcement by Commissioner Pete Rozelle who said players using steroids would be handed the same punishment given players for illegal drug use—a four-game suspension. He also said players would be banned if traces of "masking agents" for steroids turned up in the tests.

Players received notification of the policy, 10 days later, on March 31.

Rozelle said he made the announcement "so early in the year to give players using steroids time to get the body-building substances out of their systems long before training camp tests. In both 1987 and 1988, six percent of the players had positive steroid tests at camp."

The players' union on Monday failed to get a court order preventing the league from releasing the names. It claimed the penalty was actually harsher than for illegal drugs, for which players are suspended only after a second offense.

The union also claimed that some of the players were innocent, suggesting that some players taking medication may have used what the NFL defines as "masking agents" for steroids. Under Rozelle's policy, they are considered evidence of steroid use.

The NFL said the players have been placed on the "non-football illness" list and must remain away from their team's training facilities until Sept. 27. If the substances remain in their system after that, they would continue to be suspended.

The league said if a player tests positive again, he would be banned for the rest of the season.

Student football ticket information

Special to The Observer

The Notre Dame athletic department ticket office has announced procedures for 1989 season football ticket sales to students. Student applications will be in Notre Dame student mailboxes early next week, and Saint Mary's students will receive their applications at registration.

Any students who do not receive their applications by Thursday, Aug. 31, should get in touch with the ticket office to receive a copy of the application form. Students who do not have a local (Michiana-area) address should also contact the ticket office for their applications.

Distribution begins Tuesday, Sept. 5, at the Joyce ACC ticket booth, with seniors getting first shot at 50-yard line seats. This year's prices for the five-game home season are $57.50 for Notre Dame students and $77 for Saint Mary's students.

Kickoff continued from page 12

The same cannot be said of Michigan and its younger players. The Wolverines have to turn their season against the national champions. In an eventful matchup contest like Notre Dame-Michigan, a game of experience could make the biggest difference.

If Notre Dame defeats Virginia and receives no major injuries, and those are two big ifs, the scheduling of the Kickoff Classic could look like a great idea later in the season.

Holtz has his usual dismal outlook
His defending champs are "not as good as you think"

Associated Press

EAST RUTHERFORD, N.J.—If Lou Holtz had managed the 1987Vankees, he probably would have moaned about Babe Ruth's strikeouts and convinced writers that the club was holding up for a last-place finish. So it isn't surprising that the coach of defending national champion Notre Dame is already mooting his team's chances in 1989.

"We're not a top 20 team right now," Holtz said at a news conference this week. "We're not as good as you think, but we're probably not as bad as I think."

Actually, Holtz has reason to worry as his team prepares to open the season against the Cavaliers, the first of two games against Virginia in Thursday night's Kickoff Classic at Giants Stadium.

In the last month, Notre Dame has lost seven players expected to play a significant role on this year's team. One quit, another transferred, two were banished for disciplinary reasons, two couldn't recover from lingering injuries and one was declared academically ineligible.

The most damaging departures were All-American linebacker Michael Stonebreaker and running back Ron Burrow, the team's second- and leading rusher last season. Also gone for the season are defensive tackle George Williams, fullback Braxston Banks, defensive end Arnold Ale, linebacker John Foley and offensive tackle Pete Taunch.

"We've got a completely different team than the one we started spring practice with," Holtz said. "We're awfully thin at a lot of positions and we've got an awfully thin question marks."

Holtz tried his best to portray the Fighting Irish as understated, overrated and, in one case at least, underfed.

"Our second-string defensive tackle is a true freshman who only weighs 216 pounds," he said. "He's going to be a gout and one-as-soon as he finds the cafeteria."

A steady diet of Rice is what Notre Dame's opponents will be fed this season. Versatile quarterback Tony Rice not only leads the Atlantic Coast Conference last season, but also led the team in rushing with 700 yards. "We've spent a lot of time working on his best plays," Virginia coach George Welsh said. "But maybe his best plays won't be the same this year."

Unlike Notre Dame, Virginia isn't a traditional football power. But Welsh has led the Cavaliers to five winning seasons in the past six years, including a 7-4 mark in 1988. All but four starters return from last year.

Irish head coach Lou Holtz is, as usual, downplaying his team's abilities days before the 1989 Kickoff Classic. In the wake of the loss of five regular players, his pessimism is warranted as the Irish prepare to face the Virginia Cavaliers.

Cubs rally from nine-run deficit

Associated Press

CHICAGO—Dwight Smith's ninth-inning single in the top of the inning capped the Chicago Cubs' rally from a 9-0 deficit to a 10-9 victory over the Houston Astros Tuesday.

Smith made his game-winning hit to right field off Dave Smith, 3-4.

Paul Assenmacher, 2-3, relieved to start the 10th inning and got the victory. Houston built its 9-0 lead on walks, Chicago errors and a grand slam by Rafael Ramirez.

Ramirez' second career grand slam was the only Houston hit in the fifth inning, when the Astros scored five runs.

Cubs began their comeback in the seventh inning when Mickey Morandini reached from second on an error by pitcher Mike Portugal and Billy Hatcher, 0-2, singled to score him. But the rally was not to be as Ramirez and Bob Baez singled to load the bases with two outs. Ramirez and Baez scored on an Al岬 Weinheimer, 6-4, groundout, and Scott Kowalkowski and Ron Cey, 0-2, followed with consecutive singles.

In the eighth inning, Skip Salladay, 1-8, hit an RBI double, Tim Flannery, 2-4, scored on a sacrifice fly by Greg Luzinski and Chico Ruiz, 1-2, drove in two runs on a two-out triple off Rick Forney, 0-4, to give the Cubs an 8-2 lead.

The game belonged to Hatcher, 0-2, who gave up one hit and left after a leadoff walk in the eighth.

Dwight Smith's sacrifice fly in the 10th inning provided two runs. In the seventh, Lloyd McClendon hit a two-run double.

The Chicago Cubs overcame a 9-run deficit to storm back and defeat the Houston Astros 10-9 in 10 innings to maintain their hold on first place in the National League East. Dwight Smith singled to score the winning run in the bottom of the tenth.

The Pirates twice bunted with good results in the first inning. Billy Hatcher led off with a single, Jay Bell got a bunt single and Jeff King was safe on a fielder's choice when the Braves failed to cover third base on his bunt.

Mike Shula opened the 1986 season by defeating Ohio State at the Classic, and was considered a national championship contender. The Tide instead lost three games in the second half of the season.

Perhaps sensing the possible danger ahead, UCLA and Clemson declined offers to play in this year's matchup, leaving Virginia as Notre Dame's opponent.

While the Cavaliers of the Atlantic Coast Conference have improved in the last few seasons under George Welsh, the Irish are understandably prohibitive favorites to return to South Bend undefeated.

Notre Dame's decision to participate in the Classic still could have its consequences, his pessimism is warranted as the Irish prepare to face the Virginia Cavaliers.
