$20K in hall matching funds suspended

By MONICA YANT
News Writer

Matching funds for residence hall improvements have been suspended indefinitely as a result of damage caused by the Oct. 19 snowball fight, Father David Tyson said in a letter to hall presidents.

The matching funds accounts for over $20,000, which is allocated to the residence halls for capital improvements. "I cannot see any point in allowing funds for hall life improvement when those funds should be used to defray the cost of repairs to the halls," Tyson said in the letter, which was delivered to hall presidents' rooms during mid-weekend break.

The Office of Student Affairs refused to comment.

Six stained glass chapel windows, as well as many dorm windows, were damaged during the snowball fight. Several dorms had gained permission for funding before the damage occurred. "There's no way we can justify this," said Jim Schilder, student government commissioner for campus improvements and security.

"Something needs to be done to make students aware that vandalism can't happen again," Student Body President Matt Breslin said. "But if this many dorms have spent the money, it may have a devastating effect.

Tyson cited the letter that "Residence Life personnel met with student leaders to solicit their assistance. Apparently, the efforts of these people were insufficient to stem what is approaching a riot."

This meeting, according to Tyson, was called at 4 p.m. on Oct. 19, the day of the first snowball on campus. The Office of Student Affairs asked Toohey, HPC Co-Chairperson Diane Siefried said the halls were made with the assumption that the funds would be used to defray the cost in health care dollars, and it's an enormous amount of money nationwide," said Ms. Soloway.

"It costs a fortune," said Father David Tyson, student government commissioner for campus improvements and security. "We need to make no comment except that there was nothing in it to the head, a possible concussion, and knee and elbow injuries, according to Public Relations.

Toohey was part of a group of over 70 Notre Dame and Saint Mary's students spending break in Cancun under the supervision of Sister Jean Lenz, assistant vice president for student affairs, said that Mrs. Toohey telephoned her office on Monday. She said that her daughter was at home recuperating and hopes to return to school by the end of the week.

Student Body President Matt Breslin said he spoke to Toohey on Sunday. "She sounded good," he said. "She knows she's very fortune," said Breslin. He added that she has a broken bone.

Toohey hopes to come back to school Friday, Breslin said. "She's looking forward to coming back to school." He said a mass of thanksgiving was offered Sunday in Pasquerilla East where Toohey resides.

Toohey said she is grateful for the support of the students who have called, according to Breslin.

"I don't want to perpetuate the stereotypical black drug dealer because young black people take it seriously and that in no way," said Esposito. "Television violence is not the real world." Esposito shared with his audience many anecdotes and lessons he has learned in his 26 years of experience in show business. He believes that the "universal language," and expressed the idea of self-appreciation and self-love.

"In a country where being a minority is not easy, the only way to get accepted is to love yourself," Esposito believes that it will take independent film makers to change stereotypes.

By LAUREL VITALE

Glascaro Esposito, black Broadway and film actor in movies such as "Do the Right Thing," "School Daze," and "Taps," spoke to Saint Mary's and Notre Dame students about his life and the issue of racism in films, television and theater Monday.

Esposito expressed his wish for the development of a new culture when "people will realize that being different from what you are not bad. He discussed the effect of films which promote racial stereotypes and shared his decision not to accept roles in the future which include violent minority behavior.

"I don't want to perpetuate the stereotypical black drug dealer because young black people take it seriously and that in no way," said Esposito. "Television violence is not the real world." Esposito shared with his audience many anecdotes and lessons he has learned in his 26 years of experience in show business. He believes that the "universal language," and expressed the idea of self-appreciation and self-love.

Ozone layer needs to be protected too

Substance abuse.

We hear a lot about the abuse of alcohol and other drugs, but we don’t hear enough about a substance abuse we are all guilty of: chlorofluorocarbons (CFC’s).

Everyone has heard the ozone layer is being depleted, but does anyone other than the environmental experts even care? Maybe no one realizes how bad the problem is. Or maybe everyone thinks if they ignore it it will go away, or that someone else will take care of it.

It was discovered in the mid-’70s that the widely used CFCs would someday erode the upper atmospheric ozone, but “some-day” came a little sooner than predicted. The thinning of the ozone layer was expected to begin over the South Pole, but it hasn’t stopped there. The layer has not just thinned — there is a large hole in the ozone that is widening quickly toward South America, Australia and the South Atlantic. In 1984, this hole was larger than the United States and taller than Mt. Everest, and these changes are already feeling the effects of the hole, so are we.

I live in New York and I can remember we all had snow at Christmas and sometimes even at Easter. Not anymore. In January, one of the coldest months of the year, I couldn’t even find enough snow in the Catskills to have a snowball fight.

Some effects (or symptoms) of global warning and ozone depletion are terrible natural disasters. We have had several of these recently. Hurricane Hugo, which swept the Southeast, and the earthquake that rocked Oakland County in California. We have to find alternatives to CFC’s.

I think we do use that contains these deadly CFC’s? Air-conditioning, aerosol sprays, refrigerators all contain them. Because CFC’s are cheap and easy to make they have become very widespread.

This problem is worldwide, and it cannot be solved by a few government officials. We all need to be aware of and stop it now. Instead of buying aerosol hairspray, we can just as easily buy pump sprays; we can tone down our fingerprinting, we can stop purchasing Styrofoam cups. Every time you break that little tab off the Big Mac container at McDonald’s you are contributing to the breakdown of our ozone layer.

Research has been done and is still under way to discover methods of preventing CFC’s from escaping into the atmosphere. Scientists are trying to develop recovery systems to recycle CFC’s into their original source. It is a start, but alone it is not enough. If the world’s nations and their people continue their apathetic attitudes any research will be almost worthless.

Everyone must become aware and begin to care about the air they and their children have to breathe. This awareness and concern must begin with us right now.

Notre Dame trustee killed in auto accident
Services will be held at ND

Special to The Observer

Father Thomas Oddo, president of the University of Portland and a member of the board of trustees of the University of Notre Dame, was killed Sunday, Oct. 29, in an auto accident following his return to Portland from a trip that included the annual fall trustees' meeting at Notre Dame.

Father Oddo, 45, died instantly about 3:40 P.M. when his car was struck by an out-of-control flatbed trailer carrying a disabled vehicle. The trailer had become unshackled from a pickup truck. A native of New York City, Father Oddo received his bachelor's degree in philosophy and his master's degree in theology from Notre Dame in 1965 and 1969 respectively, and a doctoral degree in Christian theology from Harvard University in 1979. He had been Portland's president since 1982 and a Notre Dame trustee since May 1989.

"Father Oddo was a charismatic leader full of energy and drive and was extraordinarily gifted as a pastor," said University President Father Edward Malloy. "The students of the University of Portland, the Portland community and many others—including the Notre Dame family—all have benefitted from his gifts. His death is a grievous loss to us all."

Father Oddo entered the Congregation of Holy Cross in 1965 and was ordained in 1970. While preparing for the priesthood, he served as a teaching assistant in theology at Notre Dame, as an assistant campus minister and as a resident assistant in Flanner Hall. He was an assistant professor of religious studies at Stonehill College in North Easton, Mass. from 1974 until his appointment as Portland's president. Father Oddo had served on Holy Cross Provincial Commissions on justice and peace and on continuing education. He was a member of the Provincial Council and of the Congregation's task force on higher education. He had served as a trustee of Stonehill and of St. Edward's University in Austin, Tex., was a member of the board of advisors of Portland State University, and was a director of United Way of Columbia-Willamette and the Louisiana-Pacific Corporation.

Following services at Portland, Father Oddo's body will be transported to Moreau Seminary on the Notre Dame campus, where a wake service will be held at 7:30 p.m. on Thursday, Nov. 2. The Mass of the Resurrection, with Father Malloy presiding, will be celebrated at Moreau at 3:30 p.m. Friday, Nov. 3. Burial will be at Notre Dame in the Holy Cross cemetery.

ND/SMC relations to be analyzed

BY SANDRA WIEGAND
News Writer

A committee consisting of both Notre Dame and Saint Mary's faculty and students will be formed to analyze relations between the campuses, said Ted Stumpf, a Notre Dame/Saint Mary's relations representative, at the Student Senate meeting last night.

"We will work to find out what is the root of the strained relations," said Stumpf. He said that the number of representatives for the committee has not been decided, but that he and Maggie Belin, Saint Mary's representative of the Student Senate, will be co-chairs.

"We want to promote Saint Mary's on the Notre Dame campus," said Belin. "We have a lot of things to offer the women, a lot of things geared toward them."

"The stereotypes that have been created have caused the strain," she said.

One of the goals of the committee will be to determine the roles of each college, and whether they should function separately or jointly. The process by which Saint Mary's obtains football tickets will be discussed in this context.

Suggestions for social activities and implementation of sister dorms between Notre Dame and Saint Mary's were made at the meeting.

Matched funds for residence halls will be frozen this year as the result of the damage from the snowball fight on October 19, said a senate representative. The funds amount to about $20,000.

How to avoid a job that stops growing before you do.

If you're a bright, ambitious college student, there's no room in your future for a dull, nowhere job. Come to the Etna information seminar, and we'll introduce you to opportunities as wide open and stimulating as your own imagination.

We're a major player in the changing world of financial services. With new, non-stop career paths and new challenges opening up almost every day. From product and service marketing to underwriting and actuarial to information systems and more.

Come learn about a better way.

At the Etna information session, you'll learn you don't have to fit a mold to fit into a good job. Just bring us your drive, imagination and a proven desire to achieve.

Whether you're looking for a career, or even an internship, we'll show you how Etna could be one of your life's biggest growth opportunities.

Detroit confronts annual problem of 'Devil's Night' fires in the metropolis

Associated Press

DETOUR — Fires broke out on the first night of a three-night Halloween-time curfew this month in U.S. District Court here. The judge has not indicated when he will rule.

After Ferguson's arrest in June 1985, he spent two days in the Jefferson County jail before being released, with the assistance of his lawyer, Mayor Mazzoli's office, out before his wife, with the assistance of U.S. Rep. Romano Mazzoli's office, the FBI.

Ferguson was arrested on Oct. 27, 1988, at Fort Knox in the Kentucky National Guard, and was released by the second night. The FBI said there were two fires in Detroit.

Ferguson was released after the FBI said he was interviewed by the FBI. Ferguson said he was interviewed by the FBI after he was interrogated by the FBI.

'Poll: hostages must be freed'

NEW YORK — Most Americans favor rapprochement with Iran in exchange for the release of the hostages, a national poll has found.

Ten years after the Iran hostage crisis, a majority of Americans favor rapprochement with Iran in exchange for the release of the hostages, a national poll has found.

Support was somewhat lower for the hostages' freedom before the hostages' freedom, with 50 percent in favor. And respondents overwhelmingly rejected paying ransom directly to the captors, with 85 percent opposed.

Respondents divided evenly on the idea of direct negotiations with the hostages, with 50 percent favoring military action, and 50 percent favoring indirect negotiations. A majority favored military action, but that fell to a minority if the hostages might be killed in the effort.

Eighteen Westerners, including eight Americans, are held in Lebanon, most by groups believed loyal to Iran. Iran has offered to help free the captors if its assets held in U.S. banks were released.

It is unclear to what extent Iran controls the captors, if at all. In the poll, though, 72 percent said they believed Iran does control the hostage takers, and 79 percent said Iran supports international terrorism.

Iran and the United States have been estranged since Nov. 4, 1979, when Iranian students, apparently with official support, seized the U.S. embassy in Tehran and took 52 Americans hostage.

They were held for 444 days, crippling President Carter's administration and contribut­ing to his defeat in the 1980 election. A rescue attempt failed, killing eight servicemen, and the prisoners were freed only on Jan. 20, 1981, the day of Ronald Reagan's inaugura­tion.

Since then, the number of hostages has decreased each year. Last year, there were 229 fires reported, for an average of 76 per night. About 65 fires are reported on a normal night in Detroit, fire officials have said.

The curfew, which allows police to detain anyone under 18, went into effect at 6 p.m. and was to be in effect until 6 a.m. Monday.
Student military pilot crashes into naval ship

Associated Press

PENSACOLA, Fla. — A student pilot making his first landing attempt on an aircraft carrier was "low and slow" before his training jet crashed on the USS Lexington, killing him and four others, the ship's captain said Monday.

The T-2 Buckeye slammed into the island, the same part of the ship hit by a kamikaze plane in World War II, before crashing across the deck and exploding in flames Sunday afternoon, said Capt. C. Flack Logan.

"It looked like a battle zone," said Lt. Bruce Adams, a physicist and the ship's medical officer. "There were pieces of aircraft and of metal all over the place. Bodies were spread throughout different areas."

In addition to the five dead, 19 people were injured, Logan said.

The pilot, Ensign Steven Pontell, 23, of Columbia, Md., was the only one aboard the two-seat trainer, a normal situation when aviators make their first carrier landings, Logan said.

Pontell, a 1988 graduate of the U.S. Naval Academy in Annapolis, Md., was a member of Training Squadron 19 at Meridian, Miss., Naval Air Station. The ship was steaming in the Gulf of Mexico in clear weather about 30 miles south of its home port when the jet crashed.

"As I see it," Logan said, "he ended up in a position in which naval aviation is known as being low and slow, which is a very terrible place to be when you are coming aboard a ship."

Landing signal officers radioed the pilot to add power and waved him off, but he did not comply, Logan said. He said an investigation would try to explain why.

The plane flipped upside down before a wing tip hit the island just below the control tower, the captain said. The wing tip broke off and remained embedded in the superstructure when the Lexington docked Monday.

The jet's fuselage then smashed into the side of the island, but the ship showed little evidence of the accident other than the wreckage of the plane still upside down, covered with orange and white parachutes.

It hit at the feet of Airman Dee Votolato of Houma, La., who was inside a glassed-in area operating a video camera used to tape all landings.

The Lexington is the Navy's oldest carrier, its only one used exclusively for training and the only one with women aboard.

The impact knocked Votolato to the floor, but she got back up and pointed her camera at the flight deck in time to capture the plane bursting into flames.

Airman Darrell Garley of Indianapolis was directing crew members on the deck where to park planes as they landed.

"He was headed straight for us," Garley said. "I turned and there was just a great boom. It shook me and I buckled down, but I knew I had to get out the door because the flames were coming right for my station."

Pravda's editor meets the press

Associated Press

MOSCOW — The Gorbatchev reform, which has now Pravda's editor met the foreign press Monday and made himself the target of a definite change at a paper that has保卫ed imper- sonalists mercilessly for genera-

tions.

Months have gone by but emotions remain high on both sides, with little prospect of cooling soon. Leading propo-

nents of realpolitik, including former President Richard Nixon and his former aide, Alexander Haig, have visited Beijing and said it is in both sides' interests to maintain good relations.

"We shall not seek to increase circula-

tion at all costs," said Ivan Frolov, who edits the paper's foreign section. Frolov said: "We shall do something that would have been a surprise coming from his remote predecessor Viktor Afanasiev, who ran the paper for 13 years.

"We'll also discuss summer internship opportunities.

4,000 hold rally for quake victims

Associated Press

OAKLAND, Calif. — There was no parade for baseball’s world champions on Monday, just a muted rally in which the Oakland Athletics’ triumph mingled with memories of this city’s recent tragedy.

More than 4,000 fans of the A’s, who completed a four-game sweep of the San Francisco Giants on Saturday, joined in the rally in Jack London Square. It began with music and a flag procession. A moment of silence planned for victims of the recent earthquake was forgotten in the excitement.

“People are saying you have to wait for something, the more it means to you,” said A’s Manager Tony La Russa. “Nobody likes the reason we had to wait so long to be the world champions, but I know it means a great deal to all of us.”

Each of the players, standing in front of a banner that read, “Oakland’s World Serious,” spoke briefly to the crowd.

“I’m hoping it will be a learning experience. This is a tremendous opportunity for the city to be what’s never been before, a new Jerusalem, a city that’s more loving and equal and kind.”

Bay area companies, hoping to bring back nervous tourists and conventioners, are mounting an advertising campaign to show the world that San Francisco and Oakland still stand.

“We’ve had our natural disaster, we don’t want an economic disaster,” said Shelby Allen, vice president for marketing for the San Francisco Convention and Visitors Bureau, which is kicking off its pitch Thursday.

“Hyatt, which owns 10 hotels in the Bay area, is launching a similar campaign in six newspapers across the country starting Tuesday.

“We’re doing a lot because the world thinks we’ve stumbled into the bay. We’re trying to project the image that the city is not in ruble,” said Charles McElroy, general manager of the Hyatt-Regency in San Francisco.

In Oakland, a coalition of business groups called Celebrate Oakland hired three ad agencies to put together a campaign to show that the city is returning to normal. The Port of Oakland also is running ads headlined “Oakland Can Take It” in trade magazines.

“We’ve taken some licks, but we’re on our way back,” the ad says.

Recovery efforts also are continuing with strong donations from around the country.

A big truck rig carrying disaster relief supplies donated by the people of Evansville, Ind., was unloaded in Los Gatos for quake victims in that city, the Santa Cruz Mountains and Watsonville.

The American Society of Plastic and Reconstructive Surgeons, holding its annual meeting in San Francisco, asked each of the 2,000 attending doctors to donate $100 to help quake victims.

Traffic remains a major problem that may be getting worse, with I-880 purely closed and the San Francisco-Oakland Bay Bridge still closed.

4,000 hold rally for quake victims

OAKLAND, Calif. — There was no parade for baseball’s world champions on Monday, just a muted rally in which the Oakland Athletics’ triumph mingled with memories of this city’s recent tragedy.

More than 4,000 fans of the A’s, who completed a four-game sweep of the San Francisco Giants on Saturday, joined in the rally in Jack London Square. It began with music and a flag procession. A moment of silence planned for victims of the recent earthquake was forgotten in the excitement.

“The longer you have to wait for something, the more it means to you,” said A’s Manager Tony La Russa. “Nobody likes the reason we had to wait so long to be the world champions, but I know it means a great deal to all of us.”

Each of the players, standing in front of a banner that read, “Oakland’s World Serious,” spoke briefly to the crowd.

“A few minutes earlier, workers clearing battered vehicles from a crumpled section of Interstate 880 removed the car in which the last survivor of the freeway’s collapse, longshoreman Backlund, was trapped for four days.

Helen remained in serious condition but continued to show slow improvement, said a spokesman for Highland Hospital. Thirty-nine people died in the collapse.

There had been plans for a traditional parade and ceremony at City Hall if the A’s won the World Series. But those plans were canceled after the 7.1 magnitude quake struck Oct. 17, a half-hour before the originally scheduled third game at Candlestick Park.

The game was postponed until 10 days later, and the A’s quickly ended the Series by winning the third and fourth games at Candlestick.

Many of the buildings along the planned parade route remained roped off, still too dangerous to enter, and the ornate City Hall is so badly damaged it may never reopen.

The rally, though small and tame compared with the parade after the San Francisco 49ers’ Super Bowl victory last January, signaled another step toward recovery by the Bay area.

“People now are trying to find hope,” said the Rev. Cecil Williams before his sermon Sunday at Glide Memorial Church in San Francisco.

“Some people don’t want to face the trauma, they don’t want to face the pain. I’m hoping this will be a learning experience. This is a tremendous opportunity for the city to be what’s never been before, a new Jerusalem, a city that’s more loving and equal and kind.”

Bette Midler wins lawsuit against advertising agency

Associated Press

LOS ANGELES — Entertainer Bette Midler should get $400,000 from an advertising agency that imitated the Grammy-winning singer’s voice in a TV commercial, a federal jury ruled Monday.

The U.S. District Court jury, which began deliberating Friday, decided that Young & Rubicam violated Miss Midler’s rights by imitating her voice.

In a statement given reporters, the agency called the award “unfortunate but bearable.”

Miss Midler testified, “I don’t do commercials,” and said one of her former backup singers was hired to perform the song “Do You Wanna Dance?” for a 1986 Mercury Sable car commercial after she turned down a request from Ford Motor Co.

Miss Midler also filed a $10 million lawsuit against Ford, but U.S. District Judge Wallace Tashima ruled Thursday there was insufficient evidence to proceed against the car company.

Miss Midler’s attorney, Peter Laird, said he hoped “national advertisers and advertising agencies will think twice in the future before they disregard the rights of artists.”

Laird told the jury his client never agreed to sing in the commercial, and she never would have. The agency “took what they couldn’t buy from Midler,” he said.

“She had the right to say no. That right was taken away from her,” Laird said.

LIVE! THIS SATURDAY NIGHT!

8 P.M. ! MORRIS AUDITORIUM

GO AND SEE IT — it is full of the bile of human-kindness and the black wit that has looked at man and preferred the housefly...it is also hilariously funny.

—Clive Barnes, New York Times

He seems to have penetrated the man’s soul... unquestionably the most successful one-man production of the American theater.

—Elliot Norton, Boston Herald American

What makes the portrait so remarkable is that as the world changes, Holbrook changes his Twain with it.

—Richard L. Cee, Washington Post

Deeper, richer and more uncanny than ever now... a flawless characterization. The two hours spent with him is a rare theatrical experience.

—Douglas Watt, New York Daily News

KGB protesters clubbed by police

Associated Press

MOSCOW — Helmeted riot police wielding truncheons repeatedly charged and clubbed demonstrators Monday night after a candlelight vigil outside KGB headquarters in memory of Stalin’s victims. Scores of protesters were knocked to the ground, beaten and dragged into police buses.

About 40 people were detained, the official Tass news agency said, in what was the heaviest crackdown on protesters in Moscow in more than 1 1/2 years. Tass said the protesters were “trying to create as much disruption as possible, to display anti-Soviet posters and shout anti-Soviet slogans.”

The clashes took place on some of central Moscow’s busiest streets and were especially jarring because of the more permissive political climate instituted under President Mikhail Gorbachev’s wide-ranging reforms.

About 1,000 Soviets converged on KGB headquarters at Dzerzhinsky Square after dusk to mark the unofficial “Day of the Political Prisoner” and mourn the millions who were wrongly imprisoned or killed under Joseph Stalin.

The hour-long protest, in which two rows of people holding flickering candles lined up on three sides of the building, proceeded peacefully. It had been organized by the Memorial Society, which seeks to commemorate those who suffered unjustly under Stalin, and the Democratic Union, a self-styled opposition to the Communist Party.

At the end of the demonstration, a splinter group of about 500 people, mostly young men, marched off in the direction of Pushkin Square, a favorite rallying site for human rights activities.

Chanting, “Shame on the KGB!” and “The KGB is the enemy of the people!” the group was confronted without warning by riot police two blocks from Pushkin Square as they passed out leaflets to home-bound commuters.

The white-helmeted police, armed with long black rubber truncheons, formed a line, then waded into the protesters, clubbing at least four of the leaders to the ground, then dragging them into nearby buses for detention.

The demonstrators retreated, then formed again and headed to Gorky Street, the main thoroughfare leading to Pushkin Square. The riot police and other uniformed officers sealed off the square and split the demonstrators into two groups.

On Gorky Street, riot police again charged the demonstrators, taking about six into custody. As the protesters were dragged into a taxi, two of them shouted: “Shame! Shame!” Several passers-by spat at a police car.

Another group of demonstrators, gathered on the southeastern side of Pushkin Square, was also repeatedly charged by riot police, who ignored the dozens of television camera teams and foreign reporters who blocked their way.

Police formed a flying wedge to charge young people gathered under a Gorky Street archway, and dozens were seized bodily and dragged away to the waiting buses. It was the roughest treatment of an unsanctioned demonstration in Moscow since March 1987, when about 200 burly men in civilian clothes roughed up Jews who staged a protest demanding the right to emigrate on the eve of Gorbachev’s departure for his Washington summit with Ronald Reagan.

The 6 p.m. protest outside KGB headquarters began quietly as dozens of regular uniformed police watched the demonstration and directed traffic around Dzerzhinsky Square. At the center of the square is a statue of Felix Dzerzhinsky, founder of the Soviet secret police.

The demonstrators held candles and signs saying, “Shame on the KGB Excommissars” and “Down with the KGB.”

Indian leader finds hostility in elections

Associated Press

NEW DELHI, India — The main opposition leader, barely able to file in time Monday because of a bomb threat and other delays, accused the governing party of "masterminding a plot" to keep him out of next month’s elections.

Analysts say the parliamentary elections Nov. 22, 24 and 26 may be the closest since India gained independence from Britain 42 years ago.

Vishwanath Pratap Singh, leader of the Janata Dal party, filed his nomination papers in the Fatehpur district barely half an hour before the deadline on a day filled with delay and diversion.

He had been airborne 28 minutes when his plane, part of the government-run Vayudoot Airlines fleet, returned to New Delhi because of a bomb threat. Singh conducted a protest at the airport timed near the end of a newscast in India and filed his papers after a three-hour delay, in which no bomb was found but an unspecified technical problem was reported, the plane again took off for Kanpur, the nearest airport to Fatehpur.

After that, Singh had to drive two hours to reach Fatehpur in time, a Janata Dal official said.

The 58-year-old opposition leader, a former ally of Prime Minister Rajiv Gandhi who has served him as defense and finance minister, claimed Gandhi’s governing Congress Party was responsible.

"It is a defeat of the government," said N.C. Jain, a Janata Dal official. "He reached Fatehpur barely 30 minutes before the nominations were to close, but he did it."
Snow

Tookey and Breslin to discuss the possibilities of preventing the fight, which usually occurs the day after the first snowfall on campus.

The Administration offered no suggestions, said Hanley, adding that it wanted the students to stop the fight. Hanley and Tookey then called presidents of halls normally involved in the annual fight, asking them to help discourage the activity. "As far as we were concerned, that was all we could do," Hanley said.

Hanley and Breslin said they were concerned by Tysson's comment that their efforts were unsuccessful. They said little advance warning and no administrative suggestions was not sufficient to stop the fight.

The University did issue a special bulletin on Oct. 19 to all halls, stating that "any individual involved in throwing snowballs, will face serious disciplinary action."

"Further, the student body as a whole, is responsible and accountable for any damage done to University property," Director of Housing Wendel said in the bulletin.

Student Hall President Brian O'Keefe said Tysson's reaction is more than "harsh. I think he has a personal vendetta against the students. He's just trying to show his authority,"

O'Keefe said that freezing the funds will not teach the students any lesson. Instead, Tyson should have issued fair, reasonable and equal guidelines via newspaper coverage and letters to students, O'Keefe said. "It might be reasonable to take an amount from the funds, but (the snowball fight) is something that happens, and there's not much you can do to prevent it," he said.

O'Keefe said that Tyson's decision may stem from the fact that his own room in Dillon Hall was damaged. "I don't think he would go to this drastic a step if he lived in Carroll or Holy Cross, and not Dillon," he said.

Tyson's windows had been repaired before the UGC game.

John Moorman, director of maintenance, said that no direct funding is allotted for snowball damage. "We have a modest amount of maintenance money for each building," he said, but not for "non-routine" work.

Breslin said Tyson is freezing the $20,000 as a punishment, and also to allow the halls to bring themselves back up to standard, not for any capital improvements.

The matching funds differ from the $40,000 budget allotted for Student Activities, which is administered by HPC. This money is granted for non-routine improvements, such as social events.

The problem facing student leaders is reimbursing those halls that have already spent their matching funds. Hanley said.

Punishment was directed to "the wrong people," said Farley President Martha Wendel. "The people who do that kind of vandalism don't care about the dorms, but (administration) is punishing those who do," she said.

Wendel said that they were unsuccessful. They said that there were "no suggestions, said Hanley, from the $40,000 budget allotted for Student Activities, which is administered by HPC. This money is granted for non-routine improvements, such as social events."

The problem facing student leaders is reimbursing those halls that have already spent their matching funds. Hanley said.

Punishment was directed to "the wrong people," said Farley President Martha Wendel. "The people who do that kind of vandalism don't care about the dorms, but (administration) is punishing those who do," she said.

Wendel said that those involved in the incident probably are not aware that matching funds exist.

It is not the snowball fight itself, but the few people acting maliciously who are the real culprits, Breslin said.

If a snowball fight can be done in such a way that there can be no vandalism or hurting each other, then that's okay," Breslin said. "But this just blantly vandalises and that's wrong."

"Fun is fun," Dillon Hall President Nick Meyer said. "People know better than that."

Hanley said the Administration said last year that it was considering a punishment if the fight occurred. "They've been planning it for a long time, but it was never brought to our attention. We weren't given enough time to prevent it."

The Quarter Mile, a fund raiser sponsored by United Way was cancelled last Friday as the result of the snowball fight, and has been rescheduled for this Friday, a Student Senate representative said.

Hall Presidents Council Co-chair Diane Toohey, who was injured during the senior class trip to Cancun when she fell from a fourth floor balcony, is recovering from a concussion, a knee injury, and cuts and bruises, according to Matt Breslin, student body president.

Off-campus commissioners will be meeting this week about an off-campus formal next semester, and recycled paper products are now available in the bookstore, senate representatives said.

The pensions case focuses on the power of the Pension Benefit Guaranty Corporation, the agency that protects the pension benefits of the 30 million Americans who participate in single-employer defined benefit pension plans. When a pension plan is ended with insufficient money to satisfy promised benefits, the federal agency becomes the pension plan's trustee, taking over its assets and liabilities. The agency then pays all benefits workers had earned as of the date the pension plan ended.

In fiscal year 1988, the PBGC paid $224.7 million in insured benefits to 113,000 retirees who participated in 1,476 terminated pension plans. The Dallas-based LTV Corp. and LTV Steel, after filing for reorganization under federal bankruptcy law in 1986, advised the PBGC that they could not and would not fund the three pension plans they sponsored. The plans, which have about 100,000 participants, were terminated in 1987.

In a deal with the United Steelworkers of America union, however, LTV Steel agreed to what government lawyers contend is a "follow-on" arrangement. Under it, LTV agreed to make up any benefits lost to employees because of the pension plans' termination — those benefits not covered by the federal pension insurance program.

The result was employees continued to receive the same benefits they did before the plans were terminated, and payment of unfunded pension liabilities shifted to the PBGC.

Marcos contends Reagan approved plea bargain

NEW YORK — Then-President Reagan personally approved a plea bargain offered to Ferdinand and Imelda Marcos three days before they were indicted in October 1988, Mrs. Marcos' attorney says in court papers.

The papers add detail to reported failed negotiations just before the deposed Philippine leader and his wife were charged with siphoning more than $100 million out of their country's treasury and into the United States.

Marcos died Sept. 28. His wife awaits trial at U.S. District Court in Manhattan.

Mrs. Marcos' lawyer, Richard Hibey, said in the papers filed last month that government lawyers made the plea offer during a meeting at the Justice Department in Washington attended briefly by U.S. Attorney General Richard Thornburgh.

"The attorney general started the meeting by advising us that the president was aware that the meeting was taking place, and what would be conveyed to us during the conference had the president's full knowledge and approval," Hibey said.

While the personal attention of the president, in a criminal case is unusual, White House involvement can be expected in sensitive matters that carry implications for U.S. foreign policy, government spokesman said.

"It's not usual for the White House to be involved in the conduct of cases. It's not usual for the attorney general to be involved in the handling of criminal cases," Dave Runkel, Justice Department spokesman, said Monday.

"But there are those times when issues do rise to the level of the attorney general or the White House."

Runkel and Reagan's spokesman, Mark Weinberg, declined to comment on the Marcos case because it is pending in the courts.

Marcos, who died Sept. 28, and his wife were charged in a racketeering indictment Oct. 21, 1988, three days after the meeting described by Hibey.

The trial of Mrs. Marcos and her other co-defendants, including Saudi financier Adnan Khashoggi, is scheduled to begin March 14.

Marcos was ousted from power in the 1986 assassination of the Rev. Martin Luther King in Memphis, Tenn. When a pension plan is ended with insufficient money to satisfy promised benefits, the federal agency becomes the pension plan's trustee, taking over its assets and liabilities. The agency then pays all benefits workers had earned as of the date the pension plan ended.

In fiscal year 1988, the PBGC paid $224.7 million in insured benefits to 113,000 retirees who participated in 1,476 terminated pension plans. Witches at NY Center for the Strange predict future

Each year at Halloween, the center, which claims to be a non-profit organization involved in research, publishes a list of predictions based on a survey of 500 watches.

Associate research director Lewis Scott insists these are not cackling types on brooms, but instead include a New York real estate tycoon, several members of Congress and the wife of a television evangelist.

In addition to predicting that Chicago will replace Paris as a center for haute couture, Koch will become a diplomat and raw fish will be an even faster food than hamburgers, this year’s survey finds that:

• Vice President Dan Quayle will write a book of rhymes for preschoolers.
• Geraldo Rivera will be captured by visitors from outer space.

There will be nationwide shortages of hortensia, banjos, billiard balls and Marilyn Quayle poses.

A new book will claim that Zsa Zsa Gabor was born and raised in Houston.

The Japanese will market a line of large laptop computers for obese travelling executives.

The Strange people claim a track record. In previous years, they predicted Richard Nixon’s resignation, nuclear conflict for Eastern Europe and low ratings for Pat Sajak’s talk show. They say:

But a look at predictions from 1987 does not inspire confidence.

Remember when British Prime Minister Margaret Thatcher appeared in a Jane Fondas workout video? No.

Remember when Michael Jackson tried to adopt Jim and Tammy Bakker, or when Oliver North started a chain of military summer camps? Maybe.

You were out of town that week.

Or maybe ... you were in the strange zone.

---

**Security Beat**

**WED., OCT. 18**

4:18 p.m.: Those students reported the theft of their book bags and contents from the lobby of the South Dining Hall during the lunch hour.

**THURS., OCT. 19**

10:23 a.m.: Notre Dame Police responded to a two vehicle accident on Douds Road. No injuries were reported.

2:30 a.m.: Notre Dame Police arrested two people involved in a number of book thefts from campus. The two defendants were transported to St. Joseph County Jail.

**FRI., OCT. 20**

2:16 a.m.: An off campus student reported the theft of his books from a locker in the second floor of the library. His loss is estimated at $60.

3:21 p.m.: Notre Dame Police were called to the scene of a two vehicle accident on jumper Road. No injuries were reported.

6:28 p.m.: Notre Dame Police were called to the scene of a two vehicle accident on jumper Road. No injuries were reported.

9:49 p.m.: Notre Dame Police were called to the scene of a motor vehicle-pedestrian hit and run on Notre Dame Avenue. The pedestrian is currently in critical condition at St. Joseph Medical Center.

11:30 p.m.: Notre Dame Police ejected a Minnesota man from the Alumni/Senior Center for attempting to light a wall on fire.

---

**SAT., OCT. 21**

12:03 p.m.: A Michigan resident was cited by Notre Dame Police for Disregarding a Stop Sign at the corner of Jumper Road and Notre Dame Drive.

6:40 a.m.: An employee of the University reported that her car had been struck while parked behind the JACC sometime between 11:50 p.m. and 2:15 p.m. on 10/20. Damages are estimated at $100.

2:30 p.m.: Notre Dame Police stopped a number of individuals attempting to sell football tickets for more than the face value.

**SUN., OCT. 22**

1:50 a.m.: Two Michigan residents were stopped by Notre Dame Police for Disregarding an Automatic Signal at the corner of Angela Blvd and Notre Dame Avenue.

9:15 p.m.: Notre Dame Police cited a MA resident for Disregarding an Automatic Signal at the corner of Angela Blvd and Notre Dame Avenue.

10:20 a.m.: Notre Dame Police ejected a New York resident for Disregarding an Automatic Signal at the corner of Angela Blvd and Notre Dame Avenue.

**MON., OCT. 23**

10:20 a.m.: A resident of New York reported that his car had been vandalized while it was parked in Red Zone between 11:30 p.m. and 5:30 a.m. on 10/20. Damage is estimated at $80.

6:37 p.m.: A Michigan man was arrested in the basement of LaFortune for arson.

**TUES., OCT. 24**

12:07 a.m.: Notre Dame Police cited a MA resident for Disregarding an Automatic Signal at the corner of Angela Blvd and Notre Dame Avenue.

6:37 p.m.: A Michigan man was arrested in the basement of LaFortune for arson.

**WED., OCT. 25**

9:50 a.m.: A Notre Dame resident reported that the law school had been broken into between 3:40 and 5:00 a.m. At this time no items have been reported missing.

**The University Directories are in!!**

Off campus and graduate students, please pick them up at the secretary’s desk on the 2nd floor of LaFortune.

On-campus students contact your RA or Hall President.
Militarism vs. religion: the great ND paradox

By Kurt Mills

Notre Dame is a great place to be. Yet, at the same time, it is one gigantic paradox. It is schizophrenic to the point of psychosis. There are many reasons, but I will talk only about one. This concerns its identification as a Catholic university and its actual practices. More specifically, there is a fundamental and contradictory tension between associating itself specifically, with Christianity and with the militarism and violence it promotes.

Militarism and violence, you say, what is this guy talking about? Well, I will tell you. The fact that ten percent of the undergraduates at Notre Dame are in ROTC. Well yes, you say, ROTC is a big thing here, but is it necessary. After all, we need a strong defense in order to defend this nation which God has chosen as special, and since this is true, as institution associated with Catholicism should do what ever it can to further this end.

What arrogance, and what a total distortion of the "true" message of Jesus which people here believe they follow. Whether one sees Jesus as a historical figure or as something more, the message attributed to him is quite clear. It was pacifism, pure and simple. It was the other cheek. It was love.

Notre Dame hardly advances these causes by advocating and benefiting from the teaching of killing and mass destruction. It's not just the army and see the world. It's join the army and learn how to napalm villages, or join the Air Force and learn how to commit genocide against the people of the Soviet Union. The university directly benefits from this institution in violence. It gets significant amounts of money—millions of dollars—from ROTC scholarships which they might not get otherwise, and ROTC provides instructors, thereby relieving Notre Dame's financial burden further. What a great deal.

At the same time, let us look at the flip side—the teaching of peace rather than war. The flip side is seen in the peace studies program, which is not only dedicated to teaching students to handle conflict in a peaceful manner, but also in the peace studies courses offered in the peace studies program. It is a way to bring peace and justice to the world, and it is a way to teach students how to live a nonviolent life. It is a way to bring about a world of peace and justice, and it is a way to teach students how to live a nonviolent life.

I will bet some of you feel sort of uncomfortable hearing this, and that's good. If any of you out there who consider yourselves Christians are not at least attempting to lead a nonviolent life, how can you say that you follow Christ? The message is clear—do not harm other people. By the same token, a university which promotes to be Catholic cannot condone the teaching of murder. The Catholic Church, in a self-righteous proclamation, has decided that abortion is murder and therefore immoral. I wonder, then, why do they not totally and absolutely condemn all other violence and murder, and the teaching thereof. Some will say that it is not the responsibility of the University to outlaw certain forms of knowledge; to engage in censorship by not allowing ROTC on campus. In addition, many will argue that the University needs to train people in their chosen vocation, and that to deny ten percent of the undergraduates what they want to learn is irresponsible. On the first question, I might agree to a point. It is definitely not the role of education to censor ideas, whether they come in the form of advocating violence or a movie like The Last Temptation of Christ. If it allows training in violence, however, I will say that, by definition, Notre Dame cannot be a Catholic university.

On the second point, is vocational training the point of college? I would hope not. Education should be about expanding one's horizons and finding out about new things as much as, if not more than, learning a trade. Therefore, it is hardly incumbent upon Notre Dame to have ROTC. In addition, ROTC, directly contradicts this view of education because it advocates the use of violence, and, indeed, blind obedience to a hierarchy without thought or reason. Hardly the stuff of a free and open discourse on ideals.

If Notre Dame wants to be true to its professed identity as both Catholic and a University, I should reexamine its support for ROTC.

Administration neglects academics

Dear Editor,

I am writing in response to Terence Coyne's Viewpoint article of Oct. 11 concerning the lack of student criticism of University administration. In addition to agreeing whole-heartedly with Mr. Coyne, I think he left out several key points of criticism.

First, while the University has superbly improved our athletic facilities in the last few years, it has neglected to equally improve the academic facilities. Certainly our athletes have the rights to the best possible facilities, but don't tuition-paying students have equal rights to have less crowded classrooms and better ventilated classroom space? Apparently not. In my three years at Notre Dame, Laffan and the Eck Tennis Pavilion were built, the outdoor track and the recently built pool at the Athletic Complex of Oct. 11 concerning the lack of student criticism of University administration. In addition to agreeing whole-heartedly with Mr. Coyne, I think he leave out several key points of criticism.

few minutes spent over sym-
bolic candles are worth a few
hours at the library.

The ghosts of
Washington Hall

COLLEEN CRONIN
assistant accent editor

I was sitting in the center of the
stage in Washington Hall and it
was completely dark. Not even
the Exit lights were on. The
room was pitch black. I looked
up in the balcony and there, in the cen-
ter of the very last row, I saw the shadow
of a person! Really!"

Many of the numerous Notre Dame
alumni have related this story, as it is a
rumor that has been around Washington
Hall for years. Notre Dame has its own
supposedly haunted building, just as any
town or community does. But, is Wash-
ington Hall supposedly haunted, or is it
really haunted?
The rumor of Washington Hall being
haunted began back in the 1920s. For
months, students living in the Hall heard
peculiar noises coming from the locked
band room — noises like someone play-
ing a tuba or a trumpet. The band room
was locked, however, and when opened,
no one was inside.
People have speculated that the phan-
tom is George Gipp (he slept on the steps
of Washington Hall on a cold night and
became fatally ill), or a Cavalry soldier
slain by Indians (the campus is built on
hallowed Indian burial grounds.)
After the spectral trumpeter passed
on, other ghosts took its place. These
ghost sightings do not have the special
-effects. The walk
hour, and is worth the $5
1 p.m.
without haunted houses? Due to the
after break this year, Carroll Hall will
there are a few around South Bend.
2 p.m. to 10:00 p.m. Call for

for the special effects. The walk
hour, and is worth the $5
1 p.m.
Hume Contest
the supernatural movie, but one about four
South America and how they try to

strong.
One student turned off
the lights on stage and was
then unable to turn them
back on — there was some-
thing, or someone, keeping
the switch in the "off" position.

In addition, before the Washing-
ton Hall renovations, one room in the
hall was painted black. A student
waking up in the room was
able to see a figure, ten feet tall, standing in the
window.
Even as recently as 1985 the haunting has
been reported. A group of students with a
Ouija board set up on stage and asked the
ghost if he (it?) wanted to speak with them.
The pointer darted to "No" and "Good-
bye" and stopped. When the students asked
why the pointer moved back and forth be-
tween the letters "S" and "G," moved to
"Goodbye" again, and stopped. The stu-
dents fled. Once out of Washington Hall,
they looked back and saw that a securi-
ty guard had just woken up. They had
been warned just in time.

Is this ghostly figure a figment of
active alumni imagination, or is
someone truly there? Maybe this
year we will find out.
Baton Rouge, La. (AP) — Mark Langston ended his brief stay with the Montreal Expos Monday when he was among 18 players who filed for free agency on the first possible day.

Langston, acquired by the Expos from Seattle on May 25, is seeking at least $3 million per season and is the most-talented starting pitcher available among the 117 players eligible for free agency.

"The chances of him going back to the Expos are, well, I wouldn't say never, but I would say very slim," said Art Tellum, Langston's teammate on the Oakland Athletics at 9:05 a.m.

Others filing included pitchers Jeff Reardon and Shane Rawley of Minnesota, pitchers Floyd Bannister and Steve Crawford of Kansas City, catcher Tony Pena and pitcher Ted Power of St. Louis, first baseman Pete O'Brien of Cleveland, pitchers Frank Tanana of Detroit and Walt Terrell of the New York Yankees, and outfielders Rick Leach of Texas and Lee Mazzilli of Toronto.

Also filing Monday were outfielder Dave Collins of Cincinnati, pitcher Rick Rhoden of Houston, infielder Tim Teufel of the New York Yankees and outfielder Carmelo Martinez of San Diego.

The remaining players eligible have until Nov. 13 to file.

Two players who would have been eligible for free agency had their offer been rescinded on Monday: George Bell of the Toronto Blue Jays and pitcher Tom Foley of Montreal at $2.1 million and first baseman Hubie Brooks, Langston's teammate on the Expos, also filed Monday.

The remaining players eligible have until Nov. 13 to file.

BASKETBALL  

Basketball ticket sales will continue Tuesday, Oct. 31. Juniors may buy tickets on Tuesday, sophomores, grad and law students on Wednesday and freshmen on Thursday. Tickets for the 11 home games are $55 for lower arena and $44 for bleachers.

THE SKI CLUB will hold a meeting on Wed. Nov. 1 in Room 318 of the Neuschool Science Building. There will be sign-ups for team try-outs and the Christmas trip to Jackson Hole. For information call 3662 or 2962.

Synchronized Swim Club will have a mandatory practice on Mon. Nov. 2 in the Rockne Memorial Pool from 4:30-6 p.m. Call Katie or Jackie at 2626 or 4161 if you cannot make it.

The SAILING CLUB will have a meeting at 6:30 p.m. tonight in room 104 O'Shag. Practical tests will be given during lesson hours next week.

Non-Varsity Athletics deadlines for men's and women's interhall, grad and club basketball, interhall hockey, wallyball, turkey shoot, who's who in hoops and flag football drive for paralysis will be Nov. 8. Call NVA at 239-6100 for more information.

JACC Court Reservations for volleyball and basketball will be done according to the following procedures. Requests must be submitted on the "Court Reservation Form" available at NVA; they will be accepted starting 9 a.m. Nov. 1 and not later than 5 p.m. Nov. 15; failure to use the allotted time on two occasions will lead to the cancellation of remaining reservations; all reservations must be made and end on the hour assigned; after Nov. 20 weekly reservations may be allowed if time available; reservation requests must be submitted in the NVA office.

Maleeva avoids upset bid in opening round of Slims INDIANAPOLIS (AP) — Defending champion and top-seeded Katerina Maleeva fought of a first-set deficit and rallied to defeat unseeded Tami Whittlinger, 4-6, 6-1, 6-2 Monday night in the first round of the Virginia Slims of Indianapolis.

The 20-year-old Maleeva, ranked 14th in the world, used a solid repetoire of first serves and was probably waiting more on the rallies, and so I thought she was probably waiting more on the drops. To tell the truth I was surprised they worked so good. I thought they'd come down to help you out, but your teammate may slow you down. Things did not look quite as bright for Notre Dame the following day, though the Irish did make it.

"My drop shots are just a good weapon that I learned from growing up on clay courts," Maleeva said. "We were hitting the ball very hard on the rallies, and so I thought she was probably waiting more for the hard shots instead of the drops. To tell the truth I was surprised they worked so well."

The Bulgarian-born Maleeva had little trouble with Whittlinger after the first set. In the first set, Maleeva led 4-3 and was up a break before Whittlinger rallied to win three straight games, including two service breaks.

The Irish scored in the final minute of regulation and the last minute of overtime to win the opening game 6-5, but Notre Dame's defensive break-downs helped RIT take the second contest 7-3.

"We're a little faster than we were last year, but we also have a little more hockey savvy," said Irish coach Ric Schafer, who is looking to keep last year's 10-12-2 campaign a thing of the past. "I have some freshmen who know how to play who have complemented our team nicely."

"I got tentative and nervous after the first set and I wasn't letting myself play my game," said Whittlinger, ranked 132nd.

"I was encouraged to know that I could play that well against a great player, but I still have a lot of room for improvement."

"I was pleased with the way our freshmen played; you had to look at the program to realize they were freshmen," said Schafer. "They performed very well."

"I was pleased with the way our freshmen played; you had to look at the program to realize they were freshmen," said Schafer. "They performed very well."

Irish disappointed with MCC showing

By BARBARA MORAN
Sports Writer

The women's cross country team had a bittersweet midsemester break, taking both a strong win over Marquette in a dual meet at the outset of break and a tough loss to Dayton at the MCC championships last weekend.

The Irish had a decisive win over MCC rival Marquette, beating the Warriors by a score of 18 to 44. Only one Marquette runner finished in the top five, with Notre Dame capturing the top two spots. Irish runner Lucy Nusrala placed first overall, with teammate Amy Blaising taking second.

Irish coach Tim Connelly was pleased with the results and praised his runners for their "good team effort." The MCC meet was another story. Notre Dame placed a disappointing second, finishing behind a tough Dayton squad. Both teams placed two runners in the top ten, but Dayton finished with a total score of 35, while the Irish ended up with 57 points. Lucy Nusrala again finished first for the Irish, taking fourth overall. The other top ten finisher for Notre Dame was Amy Blaising, who took ninth overall. Both Blaising and Nusrala were awarded All-Conference honors.

"We should have won," said the coach. "We just didn't run well. Dayton had a better team last year, but they beat us more convincingly this year. They beat us by two points last year, but at least we competed last year."

"I'm not really sure why we ran so poorly," said Connelly. "We were certainly well rested. Dayton just beat us. They're not a better team in terms of talent, they just wanted it more than we did."

Men capture conference title again

By MARY GARINO
Sports Writer

They did it again. For the second year in a row, the men's cross country team captured the Midwestern Collegiate Conference championship, beating out seven other teams for the title.

The Irish won in impressive fashion, placing six runners in the top ten to edge second place Loyola by eight points, 27-35. The meet, held Saturday in Milwaukee, ended up as a battle between Notre Dame and Loyola, a team the Irish defeated earlier this year at the National Catholic's, when Notre Dame finished first and Loyola took third.

Head coach Joe Piane and the rest of the Irish runners anticipated that Loyola and Notre Dame would be the dominant teams, which proved to be correct as runners from the two teams made up nine of the top ten finishers. But Loyola was unable to upset the Irish.

"We knew it would be a dual meet between Loyola and us, and that's the way it turned out," said Piane. "It was a good meet, though, and a good preparation for the NCAA's."

Mike O'Connor continued to lead the Irish at the MCC Championships as he has done all year for the team. O'Connor was the third overall finisher in the race, following two runners from Loyola.

Freshman J.T. Burke placed fourth, and Pat Kearns was close behind in fifth. Kearns continues to post good numbers as he struggles to come back from injuries.

Loyola took the sixth spot in the race, but Notre Dame's Tom O'Rourke came in seventh to complete the Irish scoring and secure the victory.

"I was pleased with our top seven runners, but I am also confident that our fourth, fifth, sixth and seventh can run better," Piane said.

Marquette was a distant third in the meet, with a total of 80 points. The rest of the field of eight squads accumulated over 100 points each.

The Irish victory at the MCC Championships was the second triumph for the team over fall break. On October 21, the Irish hosted Southern California and had an easy victory, trumping the Trojans 17-44.

The Irish had seven runners across the finish line before USC had a chance to respond. O'Connor, Burke, O'Rourke and Kearns were the top finishers in the race. Southern Cal avenged a sweep by taking the fifth and sixth places, but Ryan Cahill placed seventh to round out the Irish scoring. Notre Dame had seven runners across the finish line before USC had a third finisher. Southern Cal's much-ousted Fredson Mayiiek did not present any challenge for the victory, and the Irish preyed the Trojans back for last year's defeat.

"They had beaten us the year before, so the guys wanted to prove something," Piane said. "Our kids were really very fired up."

The USC meet and the MCC championships both served as valuable experience and confidence boosters for the Irish as they head into the NCAA District IV meet in two weeks. The meet qualifies four teams for the NCAA championships, held on November 20. Notre Dame has placed in the top ten in the country in the past two years with strong performances in the NCAA's, and the Irish would like to repeat that success.

Cutting Edge Review Sharpens Study Skills

CHICAGO—Viewed by the industry as the most progressive CPA review program in the country, Conviser Duffy continues to make unprecedented achievements in applying accelerated learning techniques.

Michael J. Duffy, National Program Director, feels that the learning method used by his lecturers "eliminates the mental block that inhibits most students' natural learning ability. As the student becomes more relaxed, his or her ability to recall increases."

Duffy feels that his program exercises the ability of the CPA candidate to both visualize their goal (passing the CPA exam) and realize it. How? By learning to do the following:

- Create a relaxed study environment
- Make the mental associations upon which visual learning depends
- Rehearse and immediately reinforce information
- Organize and group ideas
- Interact with the lecturer

The above points are neatly tied together with Conviser Duffy's live/video presentation, comprehensive textbooks, workbook, tape make-up facilities and unconditional guarantee.

Says Duffy, "Preparing for the CPA exam is serious business and it takes a serious commitment from both parties to succeed." All this is powerful news for the accountant who wants to gain his certification with the most professional streamline review on the market.

Further information may be obtained by phoning 1-800-274-EXAM.
CART will have new rules for 1990 season

CHICAGO (AP) — A special meeting of car owners on Monday changed the structure of the Championship Auto Racing Teams board of directors and formed several committees that will determine the future course of the Indy-car series.

The changes effectively removed power from the hands of John Frasco, longtime board chairman, and John Caponigro, Frasco's hand-picked CART president.

Both Frasco and Caponigro remain under contract to the Indy-car sanctioning body. Their future roles in CART will be reviewed by separate committees that were formed Monday.

Another owners meeting was tentatively scheduled for mid-December in Indianapolis.

Oakland marks win in quiet celebration

OAKLAND, Calif. (AP) — A mile from the site of the earthquake's worst disaster, Oakland celebrated a World Series victory Monday in a muted rally that recalled the wreckage and marked the city's renewal.

More than 4,000 fans of the Oakland Athletics, who completed a four-game sweep of the San Francisco Giants on Saturday, joined in the rally in Jack London Square that began with music, a flag procession and a moment of silence for quake victims.

The parade was subdued compared to the celebration after the San Francisco 49ers' Super Bowl victory last January, but the A's were still grateful.

"The longer you have to wait for something, the more it means to you," A's manager Tony La Russa said. "Nobody likes the reason we had to wait so long to be the world champions, but I know it means a great deal to all of us."

The 1989 Athletics, La Russa said, were among the best teams in baseball history, including the 1975 Cincinnati Reds and the 1927 New York Yankees.

Each of the players, standing in front of a banner that read, "Oakland's World Series," spoke briefly to the crowd.

"We've got a solid third baseman. We're going to rectify that problem really quick." -- Sophomore Brian Conway and freshmen Pat Leahy, Chris Michalak and Alan Walania all had turns on the mound after Stines left the game in the sixth. Murphy was most impressed with the performances had Stines, Michalak and Walania.

Following the game, Boone (2-for-2, 2 RBI) was named as USC's most valuable player for the game and Mike Rotkis (2-for-2, 2 RBI) received the same honor for Notre Dame.

"We're going to rectify that problem really quick." -- Sophomore Brian Conway and freshmen Pat Leahy, Chris Michalak and Alan Walania all had turns on the mound after Stines left the game in the sixth. Murphy was most impressed with the performances had Stines, Michalak and Walania.

The Trojans had only two hits in the inning, but they took advantage of a Notre Dame fielding error and four walks allowed by Irish pitchers. Damon Buford, the son of former major league Don, delivered the key blow, a bases-loaded double that scored Mike Robertson and Cory Aursand. Buford went on to score on a sacrifice fly by Brett Boone, the son of major league Bob.

A mile from the site of the earthquake's worst disaster, Oakland celebrated a World Series victory Monday in a muted rally that recalled the wreckage and marked the city's renewal.

More than 4,000 fans of the Oakland Athletics, who completed a four-game sweep of the San Francisco Giants on Saturday, joined in the rally in Jack London Square that began with music, a flag procession and a moment of silence for quake victims.

The parade was subdued compared to the celebration after the San Francisco 49ers' Super Bowl victory last January, but the A's were still grateful.

"The longer you have to wait for something, the more it means to you," A's manager Tony La Russa said. "Nobody likes the reason we had to wait so long to be the world champions, but I know it means a great deal to all of us."

The 1989 Athletics, La Russa said, were among the best teams in baseball history, including the 1975 Cincinnati Reds and the 1927 New York Yankees.

Each of the players, standing in front of a banner that read, "Oakland's World Series," spoke briefly to the crowd.

Followi-
Giants shut down Viking offense

EAST RUTHERFORD, N.J. — Pepper Johnson returned an interception 39 yards for a touchdown to ignite a 17-point third-quarter burst that gave the New York Giants a 24-7 lead to ignite a 17-point victory over Minnesota Monday night in a midterm test for two of the NFL's toughest teams.

The Giants, who improved to 7-1 while breaking a four-game Minnesota winning streak, won despite losing quarterback Phil Simms to an ankle injury on Monday night in a midterm test for two of the NFL's toughest teams.

Bo concerned about Boilermakers

ANN ARBOR, Mich. (AP) — Michigan's Big Ten champion, who can't seem to win against a team that hasn't allowed a point in the third period.

For Minnesota, which fell to 3-3 and into a tie with Chicago for second place in the NFC Central, it was a matter of failing to take advantage of chances after the loss of Simms, who was hurt when he was sacked by Al Noga. Tommy Kramer hit Herschel Walker with an 8-yard pass to give the Vikings a 7-0 lead 6:45 into the game — the first points allowed in the first quarter by the Giants this season.

The Vikings spent the rest of the first half squandering chances only to be thwarted by a defense led by Leonhard Marshall, Carl Banks and Lawrence Taylor that rose up when it had to while the offense sputtered under Hostetler.

140 yards rushing for Minnesota and 140 for New York in a prevent defense.

Naturally, the game-turning play was the product of pressure and came 3:56 into the second half with the Vikings, unable to convert their opportunities, still holding that 7-0 lead.

With cornerbacks Mark Collins and Monte Ball, the Giants returned Kramer's pass to the left side. Kramer tried to throw under pressure.

He overthrew Alfred Anderson and Johnson was there to grab the ball. He raced down the right sideline, bulling past Vikings and dove into the end zone to tie it 7-7.

On the next possession, Taylor and Banks combined on a sack of Kramer, knocking him out of the game with a bruised shoulder.

The Giants, who improved to 7-1 and tied for first place in the NFC East, took the lead back in the third quarter when Kramer hit Jeff Hostetler with a 1-yard pass. That made it 24-7 and gave the Vikings a 7-0 lead 6:45 into the game — the first points allowed in the first quarter by the Giants this season.

Bowl
continued from page 24
ever, have become more limited.

While representatives from
nine bowls—Urisi, Cotton, Fri-
esta, Gator, Hall of Fame, John
Hancock, Orange, Peach and Sugar—were on hand Saturday, the list appears to be three, at the very most, if Notre Dame finishes the season at 12-0.

The Orange and Sugar Bowls have the inside track on the Irish, with the Fiesta Bowl the long shot in the race to land the national title contest.

Here's a sketch of those ma-

jor bowls and Notre Dame's chances of playing in each con-
test.

Orange Bowl - This is the game everyone has talked about all year. The winner of the Big Eight has an automatic bid. Nebraska and Colorado, both undefeated, play this Saturday in Boulder with the winner most likely going to the Or-
ange Bowl, barring a collapse.

Most people thought the win-
ner of the Miami-Notre Dame game would provide the opposi-
tion. But with Miami's loss, the Irish will probably get the invi-
tation if they're going to lose, do it early. They're a great team that just got off to a slow start.

Right now, it looks like the Fiesta Bowl could get the left-
overs from the Orange Bowl, maybe Miami and the loser of Colorado-Nebraska.

Don't forget about Michigan, who may be Notre Dame's biggest threat in the opening game of the season. If no team is unbeaten after Jan.

1, the Wolverines could sneak into the picture if they can win the Rose Bowl.

Florida State back where it began

Florida State is back where it started in The Associated Press' college football poll.

The Seminoles were sixth in the preseason rankings, but dropped out of the Top 25 after losing their first two games. However, they have won six straight and climbed back to No. 6 in Monday's poll.

Saturday's 24-10 victory over Miami moved the Seminoles up three places in the rankings. Miami fell from No. 2 to No. 7 after losing for only the second time in its last 56 regular-sea-
son games.

The victory put Florida State back into contention for a ma-
jor bowl bid and probably ended Miami's bid for the na-
tional championship.

Meanwhile, Notre Dame strengthened its grip on the top spot by routing previously unbeaten Pittsburgh 43-7. The Fighting Irish, who have won 20 in a row, received a season-high 37 votes from a nationwide panel of sports writers and broadcast-
ers.

The other two votes went to second-ranked Clemson in its 20-3 win over Oklahoma. Florida State picked up its first victory in Norman since 1965. The Buffaloes are ranked just ahead of Nebraska, which also improved to 8-0 by beating Iowa State 49-17.

The winner of Saturday's Colorado-Nebraska showdown in Boulder will probably play for the national championship in the Orange Bowl.

Michigan, which beat Indiana 38-10, is ranked fourth while Alabama, which remained un-
defeated by edging Penn State 17-16, is fifth. Florida State and Miami are next, followed by Illinois, Southern California and Pennsylvania.

Iowa stayed No. 8 after beating Wisconsin 32-9. Southern Cal rose one spot after blanking Stanford 19-0 and Tennessee went from No. 11 to No. 10 following its 43-39 victory over Louisiana State.

ARKANSAS, which beat Houston 42-39, leads the Second Ten. Auburn is 12th, followed by West Virginia, Pittsburgh, Arizona, Penn State, Houston, North Carolina State, Florida and Texas A&M.

Auburn beat Mississippi State 14-0, West Virginia downed Boston College 44-30, Arizona State, who have won nine bowls—Citrus, Cotton, Fiesta, Gator, Hall of Fame, John Hancock, Orange, Peach and Sugar—were on hand Saturday, the list appears to be three, at the very most, if Notre Dame finishes the season at 12-0.

"I apologize to Southern Cal because it's our job to avoid that I promise that will never ever happen again as long as I am the coach. If that happens ever again, I will not coach again. That's how strongly I feel about this.

In the eyes of the national press, and thus the eyes of the nation, the Irish were the villains here. Forget about USC's Golden Boy, Todd Marinovich's taunting and finger-pointing at the Notre Dame defense, when the Trojans were winning.

Forget about the Trojans' singing of the Notre Dame fight song at halftime, when the Trojans were winning. Forget about the Trojans whining about the Irish team and Notre Dame security, after they'd lost the game. And forget the fact that the Notre Dame players weren't the only ones out there fighting.

Notre Dame accepted responsibility and was trashed for it. The Trojans came away with the victory, the Irish team of inciting the brawl. It takes two to tango, fellows. The taunting wasn't only in Sports Illustrated. From Malcolm Moran's column in the New York Times, Oct. 25:

"The fact that should alarm those in the administration building beneath the Golden Dome is that in spite of years of effort to achieve its exemplary graduation rate of athletes, the football program has created the appearance of being too much like Those Places where the only thing wrong with a 19-game winning streak is that it hasn't reached 20."

Nothing has changed at Notre Dame, except the team is tougher. It's had to more overcome, and more to live up to.

Notre Dame shouldn't be turned into the scourge of the college football world because of emotions running high before a big game. When beating you is the top priority of every team you face, emotion is a plus, not a minus.

USTC continued from page 24

"We did a great job in the first half, but Notre Dame came in to play in the second half with more determination," said USC defensive end Junior Sears. "Tony Rice was able to make the big plays for Notre Dame when they needed them."

The Irish defense, while letting freshman sensation Todd Marinovich and the Trojan offense move up and down the field, held USC to seven points in the second half. The Irish kept USC from reaching the end zone on three consecutive plays from the Notre Dame seven-yard line in the last two minutes.

"It was a very intense game. I think the players were really entertained," said USC coach Larry Smith. "It was college football at its best."

Notre Dame started the second half by capitalizing on a break in USC's opening series. On a third-and-seven situation, Marinovich connected with tight end Scott Galbraith, who appeared to have the first down right in the room to spare. The officials ruled that the Trojans were short of the first down, so USC was forced to punt from their own 20-yard line.

Notre Dame took the ball at midfield and scored eight plays (all rushes) later on a two-yard Ricky Watters carry. That cut USC's lead to 17-14.

Notre Dame got 197 of its 333 rushing yards on 46 attempts in the second half. The Irish rushed for 266 rushing yards in the second half. The Irish rushed for four touchdowns against a vaunted but fatigued defense that had not allowed a rushing touchdown all season.

"We were running well in the first half, but we got some penalties that forced us into passing situations," said Marinovich, who had 55 yards on 11 carries. "Once we got back to basics, we started to run physical and did what we had to do."

USC had two drives in the third quarter. Mark Carrier intercepted a Rice pass, but the Trojans failed to score. The first USC drive stalled at the Irish 44, and the other ended at the Notre Dame eight-yard line when Donn Grimm tipped a Marinovich pass that Todd Lyght caught in the end zone for an interception.

After the Lyght interception, the Irish drove 80 yards on eight plays, with Anthony Johnson bursting 35 yards on a third-and-one play to give Notre Dame its first lead of the night. It was just an off tackle play designed to get the first down," said the senior tri-captain, who had 13 rushes for 78 yards.

Watters, who gained 55 yards on 11 carries. "Once we got back to basics, we started to run physical and did what we had to do."

USC proceeded to drive 56 yards and advanced inside the Irish 10, but D'Juan Francis hatted away a four-down pass with 1:40 left.

"Notre Dame scored a lot of people back, but I thought my man was open in the end zone," said Marinovich, who had a school-record 33 completions but threw four interceptions. "I didn't see the end of the play because I was flat on my back. During the entire game, we wanted to run a controlled passing game. And when we got the ball, I didn't think they could stop us."

Marinovich passed for 333 yards, and Jackson's 13 catches set another school record. The Marinovich-led USC offense wasted no time getting started. A 12-yard pass to Larry Wallace and a 15-yard toss to Jackson sandwiched a Tony Rice seven-yard run and gave the Trojans a 14-7 lead after a quarter.
Pitt continued from page 24

Dame. I said a long time ago Notre Dame and Miami are on different planes.

Whatever plain Notre Dame is on, they certainly got there on the strength of a 60-yard run. And then ran some more. In fact, Holtz said 57 running plays to a staggering nine passes to extend Division I's longest winning streak to 28 games, one shy of the Notre Dame record of 21 games. The Irish marched for 310 yards against a Panther defense that was ranked tenth in running defense, allowing a mere 92 yards per game. Tony Rice went on a dismal 1-0-7 passing on the day, not completing a pass until the sixth minute of the second quarter.

"We can't continue to play, unless we start to throw the ball," said Holtz. "We know we have to throw the ball and not be one-dimensional."

Robinson, speaking Monday at his weekly meeting with reporters, said the Rams simply don't have that confidence in an interesting time for a coach.

ANAHEIM, Calif. (AP) — John Robinson says he is experiencing a jinx for a coach.

"If I know what to do, I'd already have done it," he added, pointing out that he has lost the Los Angeles Rams' three-game losing streak, which had brought them back into the winners they were through the first five weeks of the season.

When the Rams were sailing along with a perfect record, Robinson warned it wouldn't last, that all teams are doomed to slump at some point. The Rams have had one of the recent criticism of the big play when we get in certain situations."

The Irish secondary, which has been the recipient of much of the recent criticism of the big play, has showed good legs for the past four times in the last five games.

Butland also hurt his back during the Purdue game, Perles said. He suffered in the fourth quarter.

The key, Perles said, is to get the ball away from him. "We can't continue to play unless we start to throw the ball and not be one-dimensional."

The precision with which Notre Dame can throw the ball has been one of the reasons for the recent success of the Irish. Robinson said, "The Irish can throw the ball and we can't, so we have to be different."

The three teams that have beaten the Rams seemed to have put considerable more pressure on Everett, sacking him 10 times compared to eight, the rest of the team — and the rest of the team — was just a little bit of synch. Again talking about the Chicago game, Robinson said, "I don't think the pass rush was a factor."

"Horrible but interesting," said Holtz. "We know we have to throw the ball and not be one-dimensional."

Robinson says he is experiencing an interesting time for a coach. He's the first picker to break the record of 59 held by George Wendt. Fred Willard

Robinson told reporters that he did not record any sacks, but had five tackles for loss totaling 26 yards. The defense limited O'Brien to seven carries and got 34 yards on nine rushes last year.

The key, Perles said, is to get a lead against the Hoosiers. "Over the last two years, he hasn't hurt us, so that's the reason why we, because we got ahead. We scored and we controlled the ball. We ran the ball very well and we got a lot of yardage," he said.

"We want to have a good win and get the ball back in our defense," said Robinson. "I don't think the pass rush was a factor."

The key, Perles said, is to get a lead against the Hoosiers. "Over the last two years, he hasn't hurt us, so that's the reason why we, because we got ahead. We scored and we controlled the ball. We ran the ball very well and we got a lot of yardage," he said.

"We want to have a good win and get the ball back in our defense," said Robinson. "I don't think the pass rush was a factor."

I don't think the pass rush was a factor."

Big comeback drowns hopes of Trojan upset

By STEVE MEGARGEE
Associate Sports Editor

For all the excitement Notre Dame and Southern California created on the field in a 28-24 Irish victory, all the talk afterward concerned two incidents in the tunnel leading to the locker rooms. The first everyone will remember came before the Oct. 21 contest, when eight Irish as Southern California players tried to enter the tunnel as the Irish were running punting drills in the end zone. The episode had Irish coach Lou Holtz saying he would quit if such an event occurred again.

"I sincerely apologize to Southern Cal," said Holtz. "I promise this will never happen again at Notre Dame regardless of who was at fault." But the Trojans also made a big mistake in that fateful Notre Dame Stadium tunnel, while both teams were exiting the field at halftime. And that error might have been what propelled the Irish to their seventh consecutive victory over Southern Cal.

With a 17-7 halftime lead over the nation's top-ranked team, the Trojans felt they had cause for singing. So the taunting Southern Cal players appropriately broke into a rendition of the Notre Dame Victory March.

"They were taunting us, and that woke up a sleeping giant," said offensive guard Tim Grunhard.

Tony Rice and the Notre Dame defense were the major figures to break out of their slumber. Rice compiled 71 of his 99 rushing yards in the second half and scored the winning touchdown on a twisting, diving 15-yard keeper with 5:18 to play.

"It's the kind of win we were looking for," Holtz said. "It is the kind of win that is going to make us better and build a great confidence that we can win the Big Ten.

Holtz didn't find fault or assign blame. Holtz took responsibility, which is not the same thing. Holtz took responsibility on Notre Dame's behalf, after all, it was Notre Dame Stadium. The host won't blame his guest for a fight. Despite what happened, "I am deeply disturbed and distressed by the incidents," Holtz said. "I sincerely apologize to Southern Cal," said Holtz. "I promise this will never happen again at Notre Dame regardless of who was at fault."

As for Notre Dame, it survived, though without much style and without much class. Now Holtz has to get the Irish focused and ready to face next week's opponent. But the Trojans also made a big mistake in that fateful Notre Dame Stadium tunnel, while both teams were exiting the field at halftime. And that error might have been what propelled the Irish to their seventh consecutive victory over Southern Cal.

The Irish boost mark to 8-0 after week of adversity

By BOB MITCHELL
Sports Writer

After a week full of battling possibly their toughest opponent of the season—the media—top-ranked Fighting Irish were just glad to be playing football again. And after a week of trying to preserve a gentleman-like image, the Irish let out all their frustrations on the seventh-ranked Pittsburgh Panthers.

Simply put, the Panthers were in the wrong place at the wrong time. The Irish put forth their finest complete game to date and trounced the Panthers 45-7 at Notre Dame Stadium in front of the usual sellout crowd of 39,075.

"Pitt is a fine football team," said Holtz, holding to form. "This is the first time we played a complete game as a complete team. I thought our football team played well and they played together. It was just one of our days. Pitt had an extra week to get ready for us, but we did have an advantage. The week we had seemed like a good month."

Barring the first six minutes of the game when the Panthers, utilizing a no-huddle offense, marched 68 yards to draw first blood in this battle, Notre Dame dominated. As far as Pittsburgh is concerned, their highlight film might as well end after the first drive. It was all Irish after that. The game was so one-sided that Panther coach Mike Gottfried suggested that his team totally reevaluate itself.

"No one was more hurt than I, as I was with the Irish," said a dejected Gottfried, who looked liked he had been to hell and back again by this time.

All Irish after that. The game was so one-sided that Panther coach Mike Gottfried suggested that his team totally reevaluate itself.

"I have to believe that that should have been avoided by Notre Dame. No matter what actually happened, that was to be avoided at all costs."

The Notre Dame defense puts the pressure on USC quarterback Todd Marinovich during the 28-24 victory by the Irish.
