Jordan Hall and other projects finalized

By KATE ANTONACCI

It has 40 teaching laboratories, 200,000 square feet of research space, a planetarium — and a $70 million price tag. But while the much-anticipated Jordan Hall of Science was the University’s main construction project this summer, it was certainly not the only one.

From the revolting of neighbor­ ing campus roads to the nearly complete Student Health Center renovations, change continues to take place on the Notre Dame campus.

Jordan Hall was the largest project to be completed this summer, said James Lyphout, vice president for Business Operations.

“It’s a great teaching and learning space for all of the sciences,” he said.

Though the building does have a few classrooms, the facility will be used primarily for the research facilities and labs.

“This building offers learning opportunities that have never before been available to students,” Associate Provost Dennis Jacobs said on the College of Science Web site.

Jordan Hall, which took approximately two years to build, was funded by private gifts and a large donation from Notre Dame alum John W. Jordan. An open house was held last week for faculty members, and a dedication is scheduled for Oct. 29, according to Jacobs.

“The final ticket sale was 4,818, which is the highest number we’ve had,” said senior Patrick Vessel, chair of The Observer’s Student Senate.

Roadways continue to be reconstructed

By KATE ANTONACCI

With the goal of keeping Notre Dame safe, pedestrian campus, the University began the campus roads project more than two years ago.

Today, it can boast a new roundabout and four-lane connector road.

“The intention of the campus roads project was to close Juniper Road,” said James Lyphout, vice president for Business Operations.

“That’s a road that cut through the cam­ pus and as campus grew, it became more of a problem. With the opening of Jordan Hall, we have literally thou­s ands of pedestrians now.

The University reconfigured the area surrounding campus largely to help facilitate the movement of both cars and pedestrians.

The cost of the project was approximately $22.77 million.

Phase Two of the campus road project — which took the Ivy Road replacement all the way to Douglas Road west of the Notre Dame Federal Credit Union — began in August 2003, but has restrictions, Lyphout said.

We have a blue line that tells us how far we can spread outwards because we don’t want a sprawling, non-walkable cam­ pus,” Lyphout told The Observer.

Guardswoman returns to field

By EILEEN DUFFY

At some point, political correctness and diction­ aries mated, and words like policewoman, mail­ woman and alumnna were born. Now Notre Dame has a new gender­ specific term to adopt — Irish guardswoman.

Competing against 33 other female-only off-campus inci­ dents involving Notre Dame stu­ dents involving Notre Dame stu­ dents that both took place during the first week of classes.

At Turtle Creek Apartments, a man dressed in a service uni­ form allegedly held a junior Notre Dame student at knife­ point Wednesday night. The female student allowed the man to enter her apartment around 7:45 p.m. after he be­ called to look at her cable box, according to police.

But after spending 10 minutes with him, the student, who wished to remain anonymous, grew frustrated and increasingly certain that “this guy wasn’t supposed to be in my apartment.”

Within minutes, the man was holding a knife to the student’s neck.

“He said, ‘If you scream, I’ll kill you,’” she said. “I grabbed the knife, pushed his arm down and looked at him and said, ‘What are you doing? What are you doing’?”

He told her to get on the floor, and the guardsmen declined to com­ ment on the situa­ tion. Junior Connor Martin said he believes Murray was the only one singled out — and it’s not fair to anyone on the Guard.

While most of the guardsmen declined to comment on the situa­ tion, junior Connor Martin said he believes Murray will be wel­ comed by the other guardsmen.

Bands attract record crowds to The Show

By SONIA RAO

On Friday, 4,695 students flocked to the Joyce Center Fieldhouse to see Third Eye Blind and Common play a Show that was anything but semi­charmed — after the crowd topped all attendance records in the concert’s six­year history.

“The final ticket sale was 4,818, which is the highest number we’ve had,” said senior Patrick Vessel, chair of The Observer’s Student Senate.

An ode to autumn

While the weather outside is still warm and very few leaves have started changing color, labor day is only a week away, and that means the unofficial start of the best season of them all—fall.

There are some reasons to love the fall:
1. It has two names.
2. The only season that is called by two different names. Some call it fall, after the leaves which fall from the trees. Others prefer autumn, which is poetic-sounding. Fall is the season spoken nearly twice in a way.
3. Nice weather.
While during our childhoods, back to school was something to be dreaded, in college it's the best time of year. You finally get to be done with that boring summer job, get out of your parent's basement and come back to see all your friends under the Dome. Plus, fall work isn't nearly as bad this time of year because you're motivated and ready to get good grades. Of course, this feeling will disappear by October, thank you.
4. Back to school.
Along with the changing weather comes the beautiful changing leaves. Oranges, reds and yellows light up the upstate making our already pretty campus stunning. (Note to students from other parts of the country: changing leaves are not something we might suspect, a Notre Dame phenomenon. They are actually a yearly occurrence in the Midwest and Northeast. See what you're missing when you don't have four seasons?)
5. Football.

Grad returns as administrator

By JOE PIAULLI News Writer

Notre Dame graduate Todd Woodward, the man who helped launch and coordinate the "Got Milk?" ad campaign, returned to his alma mater June 19 to take over the newly created position of associate vice president for Marketing Communications.

Woodward, an executive vice president for the public relations and communications management firm Weber Shandwick, will be responsible for integrating communication channels in order to present a consistent message about Notre Dame.

"Weber Shandwick in 1997, Woodward's job is to use those channels — primarily Web, television and publication — to make sure that the University is not sending out a fragmented message. Plenty of public knowledge exists about Notre Dame. Crnkovich said, so the goals now are to strengthen the University's messages and to keep them consistent.

As a graduate, Woodward brings an appropriate perspective to the job, Crnkovich said. "His heart, his passion is here, so he understands what Notre Dame is about," she said. Woodward will be working closely with Crnkovich and University officials to help develop and lead public affairs divisions such as the Notre Dame Media Group, the Notre Dame Web Group, Notre Dame Magazine, Strategic Communications Planning, and ND Works.

Woodward has already campaigned for many Weber Shandwick high-profile clients, including Acre Hardware, Staples and Harley-Davidson.

"It's important to take a look not just at who he is as a person but where he's been in terms of his work," Crnkovich said.

Woodward's background, however, does not mean that Notre Dame will be seen as a product like milk or motorcycles.

"His experience in the business sector is a positive, because he has worked with very complex companies," Crnkovich said. And Crnkovich believes the entire Notre Dame community will benefit from that experience.

"Our success, I think, will be measured in terms of how powerfully and how broadly we begin to shape a stronger Notre Dame message across the board," she said.

"We should hopefully experience the difference, in a very, very positive way."

guardsmen.

"Outside of [practice and games] we're all just like, really good friends," Martin said. "We have practice or places to be, so we end up getting food together and just hanging out."

"I think Tess will be a part of that."

The negative reaction surrounding the selection of Kinder in 2000 has not occurred with Murray, Dye said. "I'm sure it raised some eyebrows," he said, "but it's different this time around."

Known for their traditional Victory Clog dance, the 10 stone-faced, kit-sporting Irish Guardsmen are responsible for leading the band from Main Building to the Stadium on football Saturdays. They practice nightly with the band, and the two groups tried out together beginning Aug. 17.

Elizabeth Cuda, a senior saxophone player, observed Murray's audition and said she was "a step above the rest."

"She put more passion and energy into [her audition]," Cuda said. "I think that put her over the edge. You could tell she really wanted it."

Dye and Murray ranked highly, according to Dye.

"Their evaluation of Tessa was a strong one," he said. "She was extremely well-prepared. ... She did a good job."

Hendricks embraced the decision to select a guardswoman.

"I thought it was really cool when it happened before — I'm excited that it's my senior year and it's happening again," he said. "I hope that she does a great job and it's something that can continue."
New administrators settle in, make plans for Saint Mary's

By KATIE KOHLER

The beginning of the new academic year brought with it several new administrators to Saint Mary's, filling the empty vice president of Student Affairs and vice president and dean of faculty offices.

College President Carol Ann Mooney and the recruitment search committee at Saint Mary's welcomed Jill Vitelle, Joseph Incandela, Deborah McCarthy and Karen Johnson to their new roles.

The first position Mooney filled was that of acting vice president and dean of faculty when faculty members selected Vitelle last spring to fill the position for one year.

"Jill has been a valued, trusted, and indispensable member of the campus community for years," Mooney said. "Her decisions are thoughtful and based on her deep love for the College and extensive knowledge of it."

For Vitelle, her transition goal is simple. "I hope to make changes that will smooth the transition for the next vice president and dean of faculty," she said.

Vitelle will serve as the chief academic officer to the president as well as the chief executive officer in the event of Mooney's absence.

After her one-year term, Vitelle said she plans to return to her previous position as professor of Business Administration and Economics.

Vitelle has already been active as vice president and dean of faculty during this new academic year.

"My job is all about empowering others to do the very important work of the academic division," she said. "I am grateful to the faculty of Saint Mary's who have answered my calls with 'yeses.'"

Besides serving as chair of the Business Administration and Economics departments at the College, Vitelle spent nine years as a faculty representative on the Board of Trustees and was a chair of the Faculty Assembly.

Incandela and McCarthy as associate deans of faculty and academic strategies, respectively.

Johnson heard about the administrative opening through her colleagues, who encouraged her to apply.

"This is definitely a promotion for me," Johnson said. "When I came and interviewed, I felt really good about it."

Former vice president of Student Affairs Linda Timm and vice president and dean of faculty Patrick White accepted head roles at Mount Mary College in Milwaukee and Wabash College, respectively.

Iraqi PM addresses latest violence

BAGHDAD, Iraq — A wave of bomb blasts and shootings swept Iraq Sunday, killing dozens of people despite a massive security operation in the capital and appeals from Prime Minister Nouri al-Maliki for an end to sectarian fighting.

Al-Maliki insisted that his government was making progress in combating attacks by inserting troops into sectarian clashes for the first time.

"We're not in a civil war. Iraq will never be in a civil war," he said through an interpreter on CNN's "Late Edition." "The violence is in decrease, ... I have to make more attacks."" asks about U.S. allegations that Iran is supporting Iraqi groups involved in sectarian violence, al-Maliki said the reports were being investigated. He said the United States and Iraq will work to prevent this kind of violence.

Dozens die in water tank collapse

NEW DELHI — A water tank collapsed Sunday during a village fair in western India, killing 45 people who had climbed on top of it to watch a wrestling match, a news agency reported, citing a local official.

About 200 people were atop the tank when the decades-old structure gave way in the Bhatpur district, top local official R. Venkateshwaran was quoted as saying by Press Trust of India.

At least 30 other people, standing under and near the water-filled concrete tank, were injured, and three were critical. Venkateshwaran said the injured had been taken to hospitals in Bhatpur town.

NATIONAL NEWS

Rumsfeld inspects defense system

FORT GREENE, Alaska — After his first look inside the nerve center of the U.S. missile defense system, Defense Secretary Donald H. Rumsfeld on Sunday asked a note of caution about expectations that interceptors poised in underground silos here would work in the event of a missile attack by North Korea.

Rumsfeld climbed down a steel ladder into one of 10 underground single 54-foot-long missile interceptors. If ordered by President Bush, or a successor, one or more of the rockets would launch in just minutes to meet a suspected threat.

"The plane was largely intact but in flames when rescuers reached it," a police officer burned his arms dragging the only survivor from the crashed cockpit, but the fire kept rescuers from reaching anyone else.

"They were taking off, so I'm sure they had a lot of fuel on board," Fayette County Coroner Gary Ginn said. "Most of the injuries were going to be due to fire-related deaths."

The crash was the country's worst domestic airplane accident in early years of the flight.

The flight data recorder from Comair Flight 5191, foreground, and the cockpit voice recorder are carried in to National Transportation Safety Board headquarters.

The the flight data recorder from Comair Flight 5191, foreground, and the cockpit voice recorder are carried in to National Transportation Safety Board headquarters Sunday.

The three-member flight crew aboard the Comair airplane that crashed in Lexington was experienced and had been flying that airplane for some time, said Comair President Don Borthorst. He said the plane had up-to-date maintenance.

The flight data recorder from Comair Flight 5191, foreground, and the cockpit voice recorder are carried in to National Transportation Safety Board headquarters Sunday.

One of the most damaging things that can happen to an investigation of this magnitude is to speculate on what may be happening.

Most of the passengers had planned to connect to other flights in Atlanta and did not have family waiting for them, said the Rev. Harold Boyce, a volunteer chaplain at Atlanta's Hartsfield-Jackson airport.

One woman was there to see her sister. The woman had planned to fly together to catch an Alaskan cruise, she said.

"I naturally was very sad," Boyce said. "She was handling it. She was in tears."
Hall

but she refused and moved toward the front door to escape. The man got there first and ran out of the apartment.

She closed the door, locked it and called a friend nearby immediately, she said.

“I was caught by surprise,” the student said. “He was wearing a Junkfood shirt. He looked like he was an employee. . . . I think that people need to know that just because they’re maintenance doesn’t mean that they are.”

Police are searching for the suspect, described as a 20 to 30-year-old white male, 5-foot-10 to 6-feet tall, Associate Director of NDSP Philip Johnson said in an e-mail sent to stu-
dents Saturday.

Johnson was unavailable for comment Sunday.

While the student was not injured, the memory keeps her on edge, she said.

“It’s hard for me to walk into the apartment by myself,” she said. “I still get really freaked out because I’m not sure if he’s sitting there waiting for me.”

NDSF also reported that a maile Notre Dame student was robbed on Notre Dame Avenue shortly after 2 a.m. on Saturday. The student was treated for an injury at a local hospital, police said.

“The student was approached by the two subjects who threat-
ened him, struck him and took his wallet and cell phone,” Johnson said in the e-mail.

The student was walking back to campus in a group of about 10 students, but became sepa-
rated from them by a short dis-
tance.

The two suspects were described in the e-mail as black males, 5-foot-8 to 6-feet tall, slender build and wearing white T-shirts and jeans.

South Bend Police officers are handling both investigations, although NDSP is assisting in the Turtle Creek incident, Johnson said. South Bend Police public information officers did not return phone calls to The Observer Sunday.

**IN BRIEF**

Ohio, Indiana vie to supply Honda

Ohio has been Honda's U.S. manufacturing state after it relocated to Las Vegas is under investigation by attorneys general in two states a year to provide resources to that plant.

Greensburg plant, which will employ 2,000, is expected for a $550 million auto assembly plant in Indiana and Ohio vied to supply Honda for the next round of Honda-related growth.

Economic development officials in Indiana and Ohio who competed for a $550 million auto assembly plant that Honda Motor Co. announced in June would be built in southeastern Indiana are now engaged in another battle. The two states are vying to attract auto suppliers that would make parts for the Greensburg plant, which will employ 2,000 workers and eventually produce 200,000 vehicles annually.

Honda plans to spend $1.5 billion each year to provide resources to that plant.

In Indiana, Commerce Secretary Mickey Maurer said he and Gov. Mitch Daniels are eager for Indiana to beat out Ohio in this competition.

"We're going to be very aggressive," Maurer told The Indianapolis Star for a Sunday story.

Ohio has been Honda's U.S. manufacturing home since 1982, and it now operates an 11,000-worker car-making hub in west-central Ohio.

**Embattled charity returns to Indiana**

For many, a California beach vacation already is out of reach. Barely 10 percent of coastal accommodations are considered affordable — that is, cost less than $100 a night. That means of the 1,600 RV parks, campites and hotels, only 134 are low-cost, according to the Coastal Commission.

Further comply with law, the 12-member commission regularly attaches special conditions on condo hotel projects, such as limiting how long owners can use their rooms for public use by the public during peak seasons because they can charge more.

Just who can afford these largely luxury accommodations — and how to police whether owners are staying year-round rather than the 90-day maximum — are questions the Coastal Commission tackled this month.

The regulatory panel is tasked with upholding the 1976 Coastal Act, which requires affordable accommodations be protected and encouraged.

"We're really just looking at a process improvement here that will save a lot of money," said van Leeuwen, a civil, construction and environmental engineering professor who is working with Koziel on the project. The Show

continued from page 1

Blind or Common had major touring plans that made it convenient for them to stop for a performance at Notre Dame. "Both of these bands genuinely wanted to come to Notre Dame, loved being here, and came because they wanted to," he said. "They made specific plans to make it out." Students in attendance were generally overflowing with positive feedback—especially about the price tag on the ticket.

"I thought it was the best show I've been to," junior Katie Smith said. "Compared to other concerts the pricing was very reasonable, especially for seeing a band like Third Eye Blind who's pretty well-known." The pricing also impressed freshman Steve Bold, who said he wouldn't have been surprised to pay five times as much for a show like this.

"I know for other concerts you can pay around 50 dollars or more for a ticket," he said. "So at ten dollars a ticket these were really cheap."

The seating arrangements differed from previous years. Vassel said, allowing for floor seating that eliminated standing-only sections divided by barricades for a "more intimate concert feel."

Attendees like freshman Kim Kristoff appreciated the change.

"I liked the setup," she said. "Wherever you were, you had a good seat and could hear the bands really well." From a logistical standpoint, Director of Production Steve Tortorello said he couldn't be happier.

"I've worked a lot of concerts and I can honestly say that this is the smoothest show I have ever worked in my life."

Steve Tortorello
director of production

consultation with area residents who expressed concerns about keeping traffic out of the neighborhood, Lyphout said. "We had to offer the neighborhood something and they wanted less traffic going through," he said. "It doesn't really inconvenience anyone."

There are still a few components of the project left unfinished, like the area in front of Library Circle.

"There are planters that we use as barricades now in front of Library Circle," Lyphout said. "Next summer that'll change, and we will scrape up the old Juniper Road. We didn't want to create that kind of inconvenience during the school year."

Besides taking up the road, Lyphout said "some new infrastructure" needs to be put in place as well.

Phase one of the project was completed last summer when Edison Road and Route 23 were widened and a large portion of Edison was demolished and realigned. A four-lane north-south road could be created where Edison met Ivy Road.

The campus roads project also included the construction of a newly expanded and reconfigured campus entrance on Notre Dame Avenue, which was completed in June 2005.

THIS IS MORE LIKE IT.

COLLEGE HAPPENS. BE READY.
A little over two decades ago, much of this student body emerged from the womb itching for the start of a potential national championship run by the Fighting Irish. As our fathers clipped our umbilical cords with Notre Dame Bookstore-issued scissors and our nurses swathed us in "Play Like a Champion Today" towels, the greatest fight song in the land was undoubtedly echoing in the backs of our undeveloped, spongy minds. It has even rumored that the first words of a few particularly precocious and post-coitrous students were, "Notre Dame will kick the s**t out of Georgia Tech on September 2, 2006."

Now, in only six days, that magic moment will finally arrive, and the entire universe will discover whether or not this year's squad can live up to the hype purveyed by Sports Illustrated, Sports Illustrated On Campus, ESPN, ESPN the Magazine, ESPN.com, SportingNews, CBS Sportsline, the Dallas Morning News, NBC Sports, Fox Sports, Sports Digest, GSTV, the Los Angeles Times, the San Jose Mercury News, the Atlanta Journal Constitution, the Seattle Post Intelligence and Live! With Regis and Kelly.

Because of the intense anticipation and specialization of the upcoming football season, there has been a lot of fictional information swirling through-out the masses about Charlie Weis' team. In fact, several loyal readers have been littering my inbox all summer with questions about this hype. So today, we will separate the fact from the fiction.

Kate O'McFitzgerald of Lyons Hall asks, "Is it true that Brady Quinn was born of a virginal virgin?"

Yes, Kate. A perfectly sculpted body like that doesn't just pop out of a fallopian tube. In fact, it is rumored that the Holy Spirit was only in Dublin, Ohio, on that fall day back in 1984. Because he wanted to keep Wendi's world head-quarters why didn't they make square buns to fit their delicious squareburgers. Apparently, the munificent Mrs. Quinn gave the Divine Insominator directions along the way, and He rewarded her womb with the second coming of the Lord and Savior. Just watch out when this kid turns thirty.

Moses McGillicuddy of Stanford Hall wonders, "If the entire Georgia Tech football team falls over in a forest and no one is listening, do they make a noise?"

Great question, Moses. Believe it or not, they do actually make a noise when they fall — the same pathetic, high-pitched squeal that a pig makes after it waddles into a bacon factory.

Shy Shillingham from off-campus asks, "I heard that Charlie Weis drinks the blood of a dozen lambs before he enters the locker room on game-day. Is that true? And if so, why did the University of Washington still go 2-9 last year?"

Shy, I'm not too sure what the Washington Huskies football team, led by former Irish coach Ty Willingham, has to do with your question, but someone must have been pulling your leg when they told you that one. According to Weis' personal chef, Wolfgang Puck, Charlie has a very specific routine for eating and drinking prior to every game. He starts the morning off with a 12-ounce porterhouse steak and a Colt 45. For lunch, he rides his noble steed into the woods behind St. Mary's College, spears a wild boar, skins the ferocious beast with a plastic butter knife, eats the great pig raw and picks his teeth afterward with the animal's tusks. To wash it down, he spikes St. Joseph's Lake with a thousand bottles of Bacardi 151 and drinks the entire body of water with a thimble. Only then does he begin strategizing for the afternoon's game.

Massa Assallah of Keough Hall writes, "My brother who still lives in Bagdad tells me that the United States did actually find weapons of mass destruction when they invaded Iraq. Is it true that those WMD's were in fact the guns of Todor Zhivkov?"

Another great question, Massan. I actually had to put in a call to General Peter Pace, Chairman of the Joint Chiefs of Staff, to find out this answer, and much to my surprise, you were absolutely correct. Buried deep within a labyrinth of winding tunnels that was discovered under Saddam's most sacred palace, a group of Army Rangers stumbled upon a sealed hyperbaric chamber which contained the Iraqi leader's most dangerous weapons. Sitting there, in between a large container of anthrax and a tube of enriched plutonium, was the Irish safety and kick returner.

Sadly, we have run out of space, but hopefully some of the greatest myths about the Fighting Irish have been debunked. For answers to any other questions that were not addressed here about Brady Quinn, Charlie Weis or other Notre Dame football stars, please refer to the Gospel of John, Chapter 2, Verse 16.

Go Irish. Beat Yellow Jackets.

Online gaming law lets special interests win

Shorty after Georgetown University students arrive back in Washington, D.C., our U.S. Senators will follow suit for their September legislative vacation. In the last month before the long recess allowed for campaigning, there are many pressing issues that our legislators must address. But a proposed bill that attempts to prohibit certain forms of online gaming should not be among them.

Eric Rodawig
Georgetown University

Editorial Cartoon

Fight for yourselves and for your people

Rick Warren said it best. "It's not about you." It's about your purpose.

Life throws itself on you unexpectedly, and when it rains it doesn't necessarily sprinkle — it pours.

"We declare our right on this earth... to be a human being, to be respected as a human being, to be given the rights of a human being in this society, on this earth, in this day, which we intend to bring into existence by any means necessary," Malcolm's words.

But this attitude isn't just for the blacks that were living in the 1930s; it's for everyone who is struggling to express his or herself, and fulfill their destiny.

Along the way, you will be stymied by many, many obstacles. Did you hear me? I said, "You will!" The thing is, you just have to learn how to deal with it. Keep your eye on the future, and don't compromise your "self" for anyone." "Hamlet: Be true to thy self." Don't let people stop you. Fight for your cause.

I used to want to be like Oprah, until I realized that my circumstances and Oprah's might be similar, but never identical. The fact is, we tend to limit ourselves. Why strive to be like someone who is great, when you could be greater? And who could be me better than me?

"It's the same analogy with writing. I used to want to be like Oprah, until I realized that my circumstances and Oprah's might be similar, but never identical. The fact is, we tend to limit ourselves. Why strive to be like someone who is great, when you could be greater? And who could be me better than me?"

Exactly.

LETTER TO THE EDITOR

Israel's a terrorist state?

"One two three four, Hezbollah will win the war! Five six seven eight, Israel's a terrorist state!" Dismayed Lebanese and全力以 that event, which rallied together so many U.S. citizens who view Israel's behavior as unjustified, disproportionate, and illegal and cruel. Two weeks later I was in Washington, D.C. and was able to participate in another significant protest against Israel and its American accomplices.

This view is understandable, as is the growing support of Sheikh Hassan Nasrallah, the charismatic leader of Hezbollah. Ghoubedee Bace-says that these violent times are the "birthpangs of a new Middle East." These are not birthpangs, but death rattles. And the terror is not over — the destruction of much of Lebanon. These are not birthpangs, but death rattles. And the terror is not over — the destruction of much of Lebanon.

What did this massive Israeli military attack — beginning with air strikes and concluding with ground troops — accomplish? Did it undermine the military capabilities of Hezbollah? It most likely did. This, however, cannot be falsely attributed to victory for Israel and the U.S.

This month-long horror was not a victory in the "War on Terror." On the contrary, it has built Hezbollah into an unbeatable force. And the terror is not over — the destruction of much of Lebanon.

What would you say to five children have already been killed by picking them up, unaware of what they are. Hezbollah is now handing out $10,000 dollars to displaced Lebanese families who are returning to their homes. Hundreds of families have already received this service and many more will follow suit if they are not halted by a defeated organization.

An Inconvenient Truth

By CASSIE BELEK
Assistant Scene Editor

Al Gore talking about the environment sounds like the least exciting premise for a documentary ever. Certainly not as gripping as the true-crime saga of the Jersey Shore or that crazy Morgan Spurlock, who will eat anything for a multi-million dollar payoff.

But in "An Inconvenient Truth," the focus is otherwise, and he does so without elitism. Instead, the film offers the facts in a clear and captivating way that will make even the reddest of the red tick the issue. While the documentary focuses on the immediate threat of global warming, it also follows the rocky journey of one man with one giant passion.

We learn about Gore's childhood and public life throughout the film as he expresses his undying love for the environment. Gore shows us the land where he grew up and lets us listen to the sounds of insects, animals and running waters that were so familiar to him as a boy. He shows us a view of Mother Earth from outer space and allows us to reflect on its beauty. He then explains how this beauty will be lost if we continue on our current path of destruction. Polar ice caps will melt and entire cities will be immersed in water.

Every single sports movie cliché is there, from the determined coach to the doubting friends, to the rival-teammate-turned-friend, to the "Big Game" that ends the film. It presents us with the most ubiquitous moments of "Miracle," "Rudy" and "Invincible" all rolled into one. In fact, it is almost like a sports-movie-by-numbers, as thoroughly quintessential as they come. "Invincible" is filled with clichés in a genre dominated by them. Yet those very ingredients make "Invincible" an agreeably pleasant film for those willing to overlook its shortcomings.

These are not hypotheses. These are terrifying truths about the future we are creating for ourselves. If we take up the challenge, to the rousing conclusion.

By BRIAN DOXTADER
Scene Editor

For better and for worse, "Invincible" is the picture-perfect sports movie. It reveals in its clichés, its honesty, its uplifting message. Yet those very ingredients make "Invincible" an agreeably pleasant film for those willing to overlook its shortcomings.

Every single sports movie cliché is there, from the determined coach to the doubting friends, to the rival-teammate-turned-friend, to the "Big Game" that ends the film. Craig Papale (Mark Wahlberg), right, accepts a position on the Philadelphia Eagles from coach Dick Vermeil (Greg Kinnear) in "Invincible."
Third Eye Blind Review

By ELIZABETH HESBURGH and MARY MIGLIOZZI

Third Eye Blind may not be as popular now as it was 10 years ago, but its former ’90s fame has not been for naught. Fill the Joyce Center Fieldhouse Friday night when the band performed exclusively for Notre Dame, St. Mary’s and Holy Cross students. Based in San Francisco, Third Eye Blind is made up of lead singer Stephen Jenkins, Kevin Cadogan on guitar, bassist Arton Salazar and former Counting Crows drummer Brad Hargreaves. As they came on stage and began the concert with one of their most famous songs, the crowd sang along. “I used to be shy, but now I’m not no more,” Common started off strong with “Never Let You Go,” a black banner unfurled behind them bearing the band’s name in large black letters. The students went wild, jumping, dancing and singing along.

A band that saw the height of its popularity in the late ’90s, Third Eye Blind wisely chose to play numerous songs from its self-titled 1997 debut album. This decision was one to be praised by the audience that remembered the days when Third Eye Blind was essentially the soundtrack to summer.

The college age group proved to be the ideal audience for songs like “Jumpin’.” When the band played this well-known anti-suicide anthem, the crowd sang along not only to the vocal part, but also to the catchy and memorable guitar solo, which was extended to make the number perhaps even more memorable.

Newer songs, such as “Palm Reader,” from the 2003 album “Out of the Vein” — while certainly enjoyable, were met by a significant amount of less animated reaction to some songs, but didn’t overdo it.

Common delivered a performance with a certain social consciousness and his words radiating wise advice that not only made for interesting conversation between the two quickly became a source of inspiration
during the show.

Common, a socially conscious rapper who has recorded since 1992, rapped about life on the corner and got friendly with a female audience member.

“I think he’s a talented and poetic rapper. I don’t know very many of his songs, but I was pleasantly surprised by his performance,” sophomore Kristina Merz said. Yet there were others who disagreed, particularly those who came primarily to see Third Eye Blind.

Fourth Period Review

Common, a socially conscious rapper who has recorded since 1992, rapped about life on the corner and got friendly with a female audience member. His other words of wisdom included remaining faithful in relationships. He called out the infidelities of the men in the audience, but didn’t let the women go unscathed either.

During a particularly touching moment, Common dedicated a song to his good friend and producer, Jay Dee (a.k.a. J Dilla), who passed away in February of this year. Jay Dee, who was diagnosed with Lupus and TTP, a rare blood disease, produced for other artists such as The Roots, Dr. Dre’s “Nothin’ But a ‘G’ Thang,” DJ Dummy spun Rob Base and DJ E-Z Rock’s “It Takes Two” during a fascinating but tight performance. Cameras above him allowed the audience to see his masterwork, a service he’s provided for Kanye West, Talib Kweli and Mos Def. At one point, Common asked for a lady from the audience who was “open.” After some innocent flirtation, the audience was left a contented audience at The Show. It’s a quality performance.

Common continually reinforced his advice to have faith in God, crediting God and his Aunt with his success. His words were wise and he made it clear that he is worthy of rapping with the likes of Kanye West. To close his set, he urged the audience to support good music — music by Kanye, Nas, Talib Kweli and Jay-Z, among others. Through his music, Common campaigns to move hip-hop away from gangster rap toward social issues. He pleaded his case to an eager crowd on Friday, but came away with mixed reactions from a somewhat hypocritical, but quality performance.

During a particularly touching moment, Common dedicated a song to his good friend and producer, Jay Dee (a.k.a. J Dilla), who passed away in February of this year. Jay Dee, who was diagnosed with Lupus and TTP, a rare blood disease, produced for other artists such as The Roots, Dr. Dre’s “Nothin’ But a ‘G’ Thang,” DJ Dummy spun Rob Base and DJ E-Z Rock’s “It Takes Two” during a fascinating but tight performance. Cameras above him allowed the audience to see his masterwork, a service he’s provided for Kanye West, Talib Kweli and Mos Def. At one point, Common asked for a lady from the audience who was “open.” After some innocent flirtation, the dancing between the two quickly became suggestive and then raunchy. The volunteer and the audience seemed in shock at how far Common took his dancing, especially after preaching to the audience about faith and marriage. Common up for criticism for this blatant contradiction.

Despite his faults and perhaps too much preaching, Common delivered a solid and exciting performance that had the Joyce Center dancing, screaming and getting familiar with a musician many did not know.

“I think he’s a talented and poetic rapper. I don’t know very many of his songs, but I was pleasantly surprised by his performance,” sophomore Kristina Merz said. Yet there were others who disagreed, particularly those who came primarily to see Third Eye Blind.

“When I think Common, I think ‘Comm on!’” sophomore Dennis Rankin said.

However, Common was a vast improvement on last year’s The Show rapper Akon. With five Grammy nominations under his belt and one Grammy win, Common proved that he is worthy of rapping with the likes of Kanye West. To close his set, he urged the audience to support good music — music by Kanye, Nas, Talib Kweli and Jay-Z, among others. Through his music, Common campaigns to move hip-hop away from gangster rap toward social issues. He pleaded his case to an eager crowd on Friday, but came away with mixed reactions from a somewhat hypocritical, but quality performance.

**MLB — AMERICAN LEAGUE**

**Rookie hurler no-hits BoSox into sixth inning**

*Ibanez blasts grand slam, Ortiz tallies 47th homer of the year as Mariners sweep Red Sox with a 6-3 victory*

Jeter also hit two home runs Sunday as the New York Yankees ended their longest road trip of the season with an 11-8 win over the Los Angeles Angels.

Jeff Karstens earned his first major league win, helping the AL East leaders salvage the series finale Sunday, when the Yankees went 7-4 on their three-city swing, which started with a five-game sweep at Boston.

Williams had four hits in his first multihomer game since Aug. 26, 2005, against Kansas City. He also doubled home two runs in the seventh and singled in the fourth.

Jeter homered twice in a game for the eighth time in his career and first time since June 18, 2005, against the Chicago Cubs.

Robinson Cano also had four hits for the Angels, who trailed 8-0 by the third inning.

Karstens (1-0) won in his second major league start, allowing three runs and six hits over six innings. An error helped the Red Sox score the first and third runs.

Orioles 5, Devil Rays 4

Jeff Conine had already been traded when he stepped to the plate in the eighth inning.

He didn't know about the deal until a group of Orioles to the Philadelphia Phillies, which was agreed upon two days earlier. All he knew was that the Orioles needed a run to pull even with the Tampa Bay Devil Rays.

Conine delivered an RBI double in what turned out to be his final at-bat with Baltimore, and the Orioles went on to beat the Devil Rays 5-4 Sunday.

The trade that sent Conine and cash to the Phillies for a player to be named, was announced after the game.

Blue Jays 10, Royals 6

This time, Ted Lilly gave up the ball without a fight.

Lilly won his first start since tussling with manager John Gibbons, and Bengie Molina hit a grand slam that led the Toronto Blue Jays over the Kansas City Royals 10-6 Sunday.

Last Monday, Lilly refused to budge Gibbons during a pitching change against Oakland. They later scuffled in the dugout leading from the dugout to the clubhouse, and Gibbons wound up with a bloody nose.

This time, one fan yelled "Fight! Fight!" when Gibbons went to the mound to replace Lilly in the sixth.

"What happened last start was unlike both of us. I think we learned a lot from it," Lilly said. "It's good to come back and contribute a little bit, enough to help us win."

Lilly (11-11) allowed six runs — five earned — in 5 1-3 innings. He struck out six and walked three.

Gibbons said Lilly did a great job when he removed in the sixth, and gave his pitcher a pat of encouragement.

"It's all behind us. We get along just fine," Gibbons said. "It's just one of those things that happen. It's gone. You know what, he showed me something that day. He bounced back today with a big win and he deserved it."

Molina connected against Odalis Perez (2-3) in the third for his first home run of the season and the third of his career.

San Francisco moves to two games in back of Cincinnati in the wild card race, Reds lose four out of last five

Associated Press

SAN FRANCISCO — Rookie Matt Cain pitched seven sharp innings and the resurgent San Francisco Giants won again, beating the slumping Cincinnati Reds 8-0 Sunday.

Omar Vizquel, Ray Durham and Shea Hillenbrand each drove in two runs as the Giants won for the 11th time in 14 games.

The Reds have lost four of five since climbing within percentage points of NL Central-leading St. Louis.

Cain (10-9) gave up four hits, one run and 12 hits over his last 19 1-3 innings.

Ryan Freel led off the eighth with a single and reached second on Ken Griffey Jr.'s first error this season. Cain joined the ballclub, he was in a real good and believing in myself, and trusting myself," he said. "This is really how I throw. I wasn't trusting myself when I first got up. I was learning and giving the hitter too much credit."

Takashi Sato came on with runners on first and second with one out in the ninth. He gave up a two-out, RBI double to Eric Byrnes, allowing the tying run to come to the plate, before striking out Orlando Hudson for his 16th save in 18 chances.

Byrnes led off the Arizona first with a single, then Hudson's bunt rolled down the third-base line in fair territory for a base hit. Chad Tracy's two-out single to right brought Byrnes home.

Livan Hernandez (10-11) blanked the Dodgers through four innings, but Andre Ethier led off the fifth with a double. Russell Martin drew a one-out intentional walk. With two outs, Furcal tripled to deep right-center to bring home both runners. Kenny Lofton followed with an RBI single and was 3-1-3.

Rockies 6, Padres 3

One minor adjustment was all it took Aaron Cook to end a two-game losing streak.

"I threw 75 percent four-seamers today," said Cook, who allowed four hits and struck out nine. "I was able to throw it where I wanted to, and that made my sinker look a little bit sharper when I did throw it."

Cook still managed to get 11 groundball outs with his sinker, and his Colorado Rockie fans beat the San Diego Padres Sunday.

"Mainly, I did it to keep the lefties off balance because I had been getting beat a lot down away from lefties," Cook said. "[Triamene] Mike DeJoen told me that they had felt too comfortable with me and weren't being stood up at all so I needed to come in hard and in on them."

Cook (9-12) improved to 7-3 lifetime against San Diego. He gave up two runs and five hits in eight innings, striking out five and walking none.

"That was a vintage outing from him," manager Clint Hurdle said. "He went out determined to get things done and got the job done."

Cory Sullivan drove in a career-high three runs with three hits. Matt Holliday hit his 24th homer and drove in two runs for the Rockies.

Adrian Gonzalez and Brian Giles homered for the Padres, in contention for the NL West title and the wild card.

Jake Peavy (7-13) lasted only 4 1-3 innings, allowing six runs and eight hits. He was 3-2 and had given up three or fewer runs in each of his last six starts.

"Jake had good stuff early, but I think he just fatigued there," San Diego manager Bruce Bochy said. "He had a sinus infection for a couple of days and it has taken a lot out of him."

The Rockies got a couple of lucky bounces in taking a 1-0 lead in the second. Holliday singled off Peavy's glove and went to second base when third basemanBengie Molina mishandled the ball.

The Rockies scored the first run-scoring single in the second. The Padres in the division.

"We're fine," Furcal said. "I forget about what happened in San Diego. Now we're two ahead and it's a pretty good series for us."

The Diamondbacks, losers of six of seven, felt five games back and stayed 3 1/2 behind Cincinnati in the wild-card race.

"The longer this goes on," Arizona manager Bob Melvin said, "the less ground we can afford to lose."

Rookie Chad Billingsley (5-3) beat Arizona for the second time in as many tries. The 21-year-old right-hander allowed two runs on nine hits in seven innings to improve to 4-0 in his last six starts.

"I tell you what, that little kid has a live ball," Arizona's Omar Vizquel said. "He's just like Matt Cain, throws hard, got a good curveball. He moves it up and it's kind of hard to layoff, throws it down, keeps it out. He's got a bright future ahead of him."

The Giants scored in each of the first three innings. Durham hit an RBI single in the first, Vizquel had a two-run single in the second and Durham had a sacrifice fly in the third.

Pedro Feliz doubled home a run in the fifth, matching his career-high with 48 RBIs. Bonds singled in a run in the sixth.

The Reds went 0-6 with a runner in scoring position. They were 2-for-28, and hitless in their last 19 tries, during the series.

Billingsley struck out one and walked one.

"I think early on when this kid joined the ballclub, he was in a little bit more of a strikeout mode than he is now," Dodgers manager Grady Little said. "He knows that's a good club behind him, that they'll make the plays."

Billingsley said he's just being himself.

"How I'm pitching now is how I've always pitched in my career. I'm getting settled in real good and believing in myself and trusting myself," he said.

Two games in back of Cincinnati were 2-for-28, and hitless in the final three games of the four-game series, hit a three-run homer in the fifth following a run-scoring single in the first.

Taveras singled to start the game and extended the longest hitting streak in team history.

After the Pirates won the series opener Thursday, Berkman effectivley beat them in three consecutive games to help get the Astros out of a slide in which they lost 10 of 13.

Berkman homered to support Roger Clemens' 5-1 victory Friday, then had a two-run double to key a victory Saturday.

Berkman also could have easily had another hit, but shortstop Freddy Sanchez was given an error for not handling a sharply hit grounder up the middle that scored Mike Lamb during a three-run third.

"Usually when he drives in a bunch of runs, we score a bunch of runs," manager Phil Garner said.

Taveras began each of the final three games of the series with hits during the second-longest hitting streak in NL this season to Chase Utley's 45-game run for the Phillies.

"It kind of blows me away a little bit, but nothing is easy," Taveras said. "The way the team is winning some ball-games, I'm really happy about that."

Taveras reached base on hits or walks 10 times in the series, including two runs scored in the fourth inning of a 45-129 (349) during his hitting streak, getting hits in his first at bat 14 times.

Dodgers shortstop Rafael Furcal robbed Arizona's Chad Tracy of a hit with a diving stab Sunday during Los Angeles' 6-3 victory. Furcal drove in two runs with a triple to aid in the win.
Tiger wins fourth straight tournament

Associated Press

AKRON, Ohio — Tiger Woods celebrated his 10-year anniversary of winning the Tour Championship by making an 8-foot birdie putt on the first playoff hole against Stewart Cink to win the Bridgestone Invitational World Golf Championships.

Wood won for the fourth straight time, a streak that began at the British Open and shows no sign of ending.

This one looked to be in doubt, however, when Cink made up a three-shot deficit over the final three holes, then had Woods on the ropes the first three holes of the playoff. But with rain pouring Firestone South, Cink hit into a bunker on the 17th hole, and never got a chance to putt for par when Woods made his birdie.

Both finished at 10-under 270.

Woods won for the fifth time in the seven years this World Golf Championships has been played at Firestone, and he now has won more on this track than any other golf course on the PGA Tour. Woods has won four times each at Augusta National and Torrey Pines.

It was on Aug. 27, 1996, that Woods announced in Milwaukee he was turning pro. Ten years later, his 52 victories match Byron Nelson for fifth place all time, and his 12 majors are second only to the 18 won by Jack Nicklaus over a quarter-century.

Cink was looking for a peculiar repeat.

Two years ago, he validated Hal Sutton’s decision to make him a captain’s pick for the Ryder Cup by winning at Firestone. Tom Lehman picked him on Monday, and Cink nearly delivered his first victory in two years.

There were a lot of highs and lows today,” Cink said. “Unfortunately, I finished on a low. Cink had a shot to win on the first three playoff holes — a 20-foot chip that grazed the lip at No. 18, an 18-foot putt that missed on the high side at No. 17, and an 8-foot par putt on the 18th again that missed to the right.

Woods was in trouble most of the time. On the first extra hole, he pulled his approach long and left into the rough, but pitched beautifully to 5 feet and escaped with par.

The second extra hole playing the 18th in the playoff, Woods found a greenside bunker 40 feet from the flag, blasted out to 8 feet and left it inches short.

IN BRIEF

Ramirez sits out another game with sore knee

SEATTLE — All-Star Manny Ramirez was out of Boston’s starting lineup for the third time in four games Sunday as the Red Sox closed out a series against the Seattle Mariners.

Manager Terry Francona also said that left-hander Jon Lester would not make his scheduled start on Monday night in Oakland and instead would be sent back to Boston for further examination on his sore back.

Ramirez played in Saturday night’s 4-3 loss to the Mariners and was 0-for-3. The outfielder told Francona his right knee was sore Sunday morning.

“I don’t think it’s a setback,” Francona said before Sunday’s game. “I think it was bothering him during the game. “We were hoping a couple of days off would be enough.”

Ramirez started in left field on Saturday after missing the previous two games.

Jets’ four-way quarterback battle still not over

HEMPSTEAD, N.Y. — Even though the regular season is two weeks away, Jets coach Eric Mangini insists he hasn’t chosen a starting quarterback.

Those who thought Mangini would finally choose between Chad Pennington, Patrick Ramsey, Brooks Bollinger and rookie Kellen Clemens on Sunday were disappointed.

“All four of those guys need to be ready to play Friday,” Mangini said, referring to the preseason finale against Philadelphia. “That’s the way we’re going to approach the week with all the players. They need to be ready to play for as long as we decide to keep them in the game.”

Asked if he might not announce a starter even in the days before the Sept. 10 opener at the Tennessee Titans, Mangini said, “It would depend on whether someone has distinguished himself by the time we get to Tennessee.”

TEAM USA defeats Australia by 40 in FIBA play

ATAMA, Japan — Look out, world. The United States routed Australia 113-73 Sunday, sending an unmistakable message to the FIBA World Championship. This isn’t the team that proved an embarrassment in recent international competitions.

“We wanted to make a statement coming into the round of 16,” said forward Chris Bosh, who grabbed a game-high nine rebounds.

On a day that every American scored, Carmelo Anthony led the U.S. with 20 points while Joe Johnson added 18 and Dwyane Wade 15.

Granted, the Australians weren’t much of a test. They went 2-3 in group play and have few weapons beside Milwaukee Bucks center Andrew Bogut, who scored 20 points.

But the Americans made it look almost too easy, turning a tight game into a laugher by outscoring the Australians 32-6 in the second quarter.
LITTLE TUNA

Notre Dame coach Charlie Weis jokes with reporters during one of the more informal moments during his press conference Thursday in the Guglielmino Athletics Complex.

ROMANCE LANGUAGES AND LITERATURES
FRENCH & FRANCOPHONE STUDIES AT THE UNIVERSITY OF NOTRE DAME
Fall 2006 Courses

ROBP 20201 INTERMEDIATE FRENCH I
VARIOUS TIMES, MW

A third-semester college language course. Includes review and expansion of basic grammatical structures. Course involves speaking and writing. Readings and discussions of a variety of literary and colloquial texts of appropriate difficulty.

ROBP 40231-01 LIFE, LOVE, AND LITERATURE IN RENAISSANCE LYON
VARIOUS TIMES, MW, E. Della Neva

The chief goal is to become familiar with the cultural climate of Renaissance Lyon. This is essentially a historiographical writing. Course involves development, oral, and reading skills in French. Particular attention will be given to connections between literary texts and written work will primarily focus on literary analysis in historical context.

Requirements include a brief paper on a literary topic, an oral explication of a poem, the oral presentation of an article on a cultural topic, a very brief first-hand written description of any Renaissance book printed in Lyon found in the rare book room of the Library, and a longer research paper on a cultural topic. Credit is contingent on the student attending the class and demonstrating the ability to speak and write in French to a level characteristic of a sophomore college student.

ROBP 40291-01 ROMANCE LANGUAGES AND LITERATURES: FROM MEDIEVAL TO MODERN TIMES
VARIOUS TIMES, MW, TBA

The course aims to prepare students for graduate advanced courses in literary history. With particular emphasis on the role of language in the development of contemporary literature. Readings and discussions of a variety of literary and colloquial texts of appropriate difficulty.

LPGA

Ochoa shoots seven under for Wendy's title

Golfer birds 13th and 14th holes to beat out Lee in the stretch

Associated Press

DUBLIN, Ohio — If Lorena Ochoa keeps this up, soccer soon might be taking a back seat to women's golf in Mexico.

Ochoa outdistanced Lee Young Lee down the stretch, pulling away with birdies at the 13th and 14th holes, to shoot a 7-under 65 and win the Wendy's Championship for Children by three shots Sunday.

"In Mexico, soccer is everything. Golf is, like, 1 percent," the Guadalajara native said with a laugh. "I feel fortunate to have so much support. It's been great. I'm very proud to be from Mexico. We're learning. ... It used to be soccer, soccer, soccer. Now there's also golf."

Ochoa and Lee, playing in the same group, were tied at 22 under through 14 holes.

"It was like match play," Ochoa said. "It was a different feeling, to look at the scoreboard and see everybody else three or four shots behind." But Ochoa hit an 8 iron to 6 feet and rolled in the birdie putt at 13 and then spun a wedge near the hole at 14 and made par to again gain a two-shot lead. She was never threatened again as she parred out to finish 24 under 264.

Only three players have gone lower in a 72-hole LPGA event in relation to par. Two are Hall of Famers, and the third almost certainly will be Lorena Ochoa. Sorenstam (27 under), Karrie Webb (261) and Se Ri Pak (255).

Lee, a rookie who began the day two shots back of Ochoa in second place, had five birdies, an eagle and no bogeys in her first 13 holes — and still trailed.

"I don't think I lost today," she said. "I enjoyed playing against a great player, a top player. I didn't play bad. She played better. I learned a lot today."

The victory was the 24-year-old Ochoa's third of the season on the LPGA Tour. She also has five seconds, a third, two fourths and a fifth-place finish in 18 starts.

The $165,000 first-place check raised her earnings this year to $1,840,774, moving her past Karrie Webb and into first place on the list.

"That's the highest professional goal you can accomplish," Ochoa said. "It's right now. It doesn't mean anything. I have to go all the way to November. That would be a dream to accomplish."

Ochoa, who leads the tour in scoring average, has shot 66 or better 12 times this season.

With earlier rounds of 67, 68 and 64, Ochoa had the lowest 18-hole total on a par-72 course this year by five strokes. She didn't have a bogey in the final two rounds while going 15 under.

"I played a great round of golf — I didn't really make any mistakes," Prammanasudh said. "You know she (Ochoa) was going to go out there and play a great round, just based on her career."

After rolling in an uphill 5-footer for par on the final hole, Ochoa pumped her fist and then acknowledged the gallery surrounding the green at Tartan Fields Golf Club.

A Miyazato shot 68 and was alone in fourth at 271, with Diana D'Alessio (67) next at 273. Tied for sixth at 13-under 272 were Jeong Jang (67), Webb (69) and Michele Redman (70).

Defending champion Cristie Kerr closed with a 70 and was at 376 along with Tina Barrett (68) and Morgan Pressel (69).

Paula Creamer was on the leaderboard all day until she sliced her approach at the final hole underneath the grandstand. After a lengthy delay during which she looked over her options and discussed the situation with her caddie and a rules official, she chipped short of the green and ended up with a double bogey that gave her 72 and left her at 11-under 277.

Day and Time TBA

Youngest Andretti victorious

Marco Andretti wins major open-wheel race at record age of 19 years

Associated Press

SONOMA, Calif. — Marco Andretti gambled on fuel Sunday and became the youngest winner of a major open-wheel event, beating Dario Franchitti by 0.66 seconds to take the Indy Grand Prix of Sonoma.

While most of the field pitted on lap 51 of the 80-lap IndyCar Series race, Andretti stayed out to take the lead, then stretched his fuel for the final 30 laps to take the checkerboard flag in the next-to-last race of the season.

The 19-year-old Andretti said it was a bigger thrill than finishing second this year in the Indianapolis 500.

The previous youngest open-wheel winner was Scott Dixon at 20.

"This was a win," he said. "The guys were just brilliant in the pit.

Andretti won in front of his father, Michael, co-owner of Andretti Green Racing, and his famous grandfather, Mario, winner of the 1969 Indy 500.

Michael Andretti told his son to conserve fuel in the final 10 laps, even when Franchitti got around Tony Kanaan and began closing in.

"I knew he was coming," Andretti said. "It was the toughest thing I had to do — go last and try to save fuel.

"I think we could have finished second," Dixon said. "But I think that was an extraordinary performance. It was the last lap and they were all gagging. I think Mario had a shot."

Dario Franchitti by 0.66 seconds to take the Indy Grand Prix of Sonoma.

Andretti, who fought a checkered flag in the final 10 laps, scored his third victory in 2006.

It was Franchitti's best finish of the season after finishing third in Richmond.

The winner, who turned 19 in March, also won here a year ago in an Indy Pro Series race.

"Marco drove like a true champion today," Franchitti said. "That last yellow probably cost us the win because Marco was having fuel problems."

Andretti, who turned 19 this weekend, made the most of the field until problems with a tire change on lap 51 dropped him out of contention.

The win was Andretti's second victory in the two-car Andretti Green Racing team.

Andretti Green Racing consists of Mario Andretti's son Marco, his grandson Michael and Helio Castroneves.

After finishing second, next to pole sitter Dixon, Dixon ran away from the field until problems with a tire change on lap 51 dropped him out of contention.

The win was Andretti's second victory in the two-car Andretti Green Racing team.

Andretti Green Racing consists of Mario Andretti's son Marco, his grandson Michael and Helio Castroneves.

Race for the Chase waters down Bristol’s track

Dale Earnhardt Jr. says drivers were ‘more respectful’ of short course under lights in this year’s edition

The championship field will be scrambled! Word of warning: Don’t believe the hype.

NASCAR’s new Chase for the championship format has dramatically changed the way drivers attack Bristol, proven in Saturday night’s watered-down version of the annual bumper-car race. What was supposed to be the wild-card event in the race to the Chase was instead a ho-hum affair that did little to shake up the standings.

“With the Chase and everybody being so close, there was a lot more respect out there on the track — a lot more than you have seen in the past,” third-place finisher Dale Earnhardt Jr. said. “When I caught guys, they moved over, and I did the same for others. You don’t normally see that here. You make people work for every spot.

“It seemed like everyone was being very respectful.”

Although Jimmie Johnson and race winner Matt Kenseth both clinched spots in the Chase field, little else changed after a race devoid of any serious bumping and banging.

The same 10 drivers who started the race in championship contention left with their titles, hopes intact, and Kasey Kahne emerged as the only one with any shot at all of spoiling someone’s party.

But in finishing 12th and gaining almost no ground on the 10th and final qualifying position, Kahne finally accepted just how difficult the challenge ahead of him is. With two races to go before the Chase begins, Kahne needs a near-perfect weekend in the next two races to fend off the guys who have在今年的编辑中。

“We’ve got to finish in the top two or three in the next two races probably if we want to get in there if nobody else has a bad race. We just need to put it together and have some real good races and see what everybody else does.”

Kasey Kahne
NASCAR driver

Kahne, winner of four races this season, now must hope for someone ahead of him to falter.

It could be Mark Martin, who pitted outside of his box during the first round of stops to sabotage his night. Fourth in the standings before the race began, Martin dropped all the way to 10th after Bristol. He now has just a 90-point advantage over Kahne.

“Certainly you need to run well here and you need to pit smart and all those things, but you can do everything right or you can do everything wrong and it doesn’t matter,” Martin said. “If it’s your day to have a bad day, there’s not much you’re going to be able to do about it.”

While Martin accepted his bad fortune, car owner Jack Roush was crestfallen over the ill-timed falter. This is supposed to be Martin’s last full-time season of Cup racing that so was last year and Roush would do anything to give his longtime driver a shot to finally win a championship.

“My heart is heavy for Mark Martin,” Roush said. “It’s 10th in the points right now. Certainly we’re in jeopardy there.”

But so is Earnhardt, who pushed his team hard all weekend after they unloaded a noncompetitive car. Terrible in practice and qualifying, Earnhardt sulked and stomped until the DEI crew figured things out.

In rallying to his third-place finish, Earnhardt moved off the bubble and up a spot into ninth place to give himself just a little bit of breathing room.

“I think we have a really good shot at it now,” he said. “Before, it was 50-50 up for grabs between me and Kasey Kahne. But I feel like we are in a better position.”
Irish sweep BGSU in season opener

Freshman Christina Kaelin leads team to easy victory at JACC

By KYLE CASSILY  
Sports Writer

No. 21 Notre Dame accomplished the familiar with unfamiliar faces Saturday at the Joyce Center with a 3-0 win over Bowling Green in the team’s season opener.

The match was the 16th consecutive season-opening victory for the Irish, who entered the season with seven new recruits. The Falcons were dispatched in three straight games by scores of 30-24, 30-28 and 30-26.

In her first collegiate match, freshman Christina Kaelin led the Irish with 22 kills while senior libero — and captain — Danielle Herndon turned out 12 digs to anchor the defense.

“I was pretty nervous before the game started, but then once the first ball was served, the jitters were gone,” Kaelin said.

The Falcons threatened in the second game after the first went almost entirely in Notre Dame’s favor. With the score 25-23 in Bowling Green’s favor, the Irish sparked a 7-3 run after a Kaelin kill to take the 2-0 lead in the match.

The late rally was capped by an enormous kill on the outside by sophomore Mallorie Croal. Croal received the set on the left side and blasted a strike past a diving Falcon defender behind a series of Kaelin kills, a number of blocks from freshman Tarutis and 12 assists from junior Ashley Tarutis.

In both the second and third games we had a couple rotations where our passing broke down a little bit,” Irish head coach Debbie Brown said. “We just managed to maintain composure and not get frazzled with anything, then slowly chip away and come back.”

Notre Dame also pushed its way back from a small deficit midway through the third game behind a series of Kaelin kills, a number of blocks from freshman Tara Enzweller and a service ace from junior Ashley Tarutis.

Kaelin was able to secure the match-point with the score 29-26 on an outside blast that deflected off a Falcon hitter and out of bounds in the direction of the media tables.

“We’re not used to playing with each other right now — for sure not as smooth as it needs to be,” Brown said. “I think it was a good start for us, and it certainly helps us to know what we need to work on this week before we play a level of competition that’s a little bit higher.”

The Irish dominated the first game — at one point leading the Falcons by a score of 26-14 before taking it 30-24. Enzweller put an end to the short-lived Falcon comeback with a solid kill through the middle of the Bowling Green defense.

Freshman Megan Fele produced five kills in the opening frame, while Kaelin secured six of her own.

“I think the first game I felt more comfortable than games two and three,” Brown said. “I felt that we had pretty good control in game one. In games two and three we kind of splintered and struggled through, but found a way to get it done in the end.”

Tarutis produced a team-high 27 assists, while freshman setter Jamel Nicholas tallied 15 in front of a lively crowd of 1,354 in the South Dome.

“If we had had poor practices I would have been nervous, and they probably would have known that,” Brown said. “But we’ve been practicing really well.”

The Irish will be in action again at home next weekend as they host the Shamrock Invitational in the Joyce Center. The team will square off against unranked Valparaiso and Idaho before taking on No. 6 Santa Clara and No. 13 Missouri in the three-day tournament.

yards out. Only a sprawling save by Blazer goalkeeper Jeremy Drake prevented Yoshinaga from finding the back of the net. It was one of eight saves on the night for Drake.

Senior forward Justin Morrow. Morrow, who led Notre Dame with five shots on the night, came off the bench in the first half, second half and overtime to provide a dangerous option both crossing the ball and attacking the defense.

"He's a tremendous athlete as we obviously saw tonight," Clark said. "He did very well tonight. He caused a lot of danger."

Along with Morrow, Michael Thomas saw significant minutes in side his first game. The Irish also made several saves and clearances. We didn't have Lady Luck on our side tonight."

One bright spot for the Irish was the play of speedy freshman Justin Morrow. Morrow, who led the Irish with five shots on the night, came off the bench in the first half, second half and overtime to provide a dangerous option both crossing the ball and attacking the defense.

"He's a tremendous athlete as we obviously saw tonight," Clark said. "He did very well tonight. He caused a lot of danger."

Back to School Party

The Journey

...an invitation to follow Jesus

The Journey is our large group meeting and is a catalyst for following Jesus Christ daily.

Small Groups - The Journey Together
Freshman groups are being formed
Jill Rivacek, senior Lizzie Gallerano, it was the first time senior Molly Ioracci - scored goals. Freshmen junior Susan Pinick, junior Richard Jackson and Dennis Bragg played the role of Johnson in practice last week against the first-team defense. Weis said both were used to simulate Johnson - who averaged 16.4 yards per reception in 2005 - to challenge the secondary as much as possible.

Notre Dame spent the final third of Friday's scrimmage on finding repetitions for younger players. Weis said that the first and second spots on the depth chart are mostly solidified, but there is still some turnover between the second and third spots.

Up to 70 players will board the flight to Atlanta for Saturday's 8:50 p.m. (EST) kick off. Sixty of these spots are filled, and Weis said there is a handful of Irish players competing for the final 10 spots to make the trip.

Notes:
• The returning defensive players are ahead of where they were last season - physically and mentally.
• Starting safety Chinonso Nnukwe is "in the best shape he's been in since I've been here," Weis said.

Weis continued from page 24

• The Irish will "tone it down" physically this week so "we're as fresh as we possibly can," Weis said.

Freshmen will come in handy when the Irish defense lines up against Georgia Tech All-America receiver Calvin Johnson. Irish backup wide-out Richard Jackson and Dennis Bragg played the role of Johnson in practice last week against the first-team defense. Weis said both were used to simulate Johnson - who averaged 16.4 yards per reception in 2005 - to challenge the secondary as much as possible.

Notre Dame spent the final third of Friday's scrimmage on finding repetitions for younger players. Weis said that the first and second spots on the depth chart are mostly solidified, but there is still some turnover between the second and third spots.

Up to 70 players will board the flight to Atlanta for Saturday's 8:50 p.m. (EST) kick off. Sixty of these spots are filled, and Weis said there is a handful of Irish players competing for the final 10 spots to make the trip.

Notes:
• The returning defensive players are ahead of where they were last season - physically and mentally.
• Starting safety Chinonso Nnukwe is "in the best shape he's been in since I've been here," Weis said.

The returning defenders also understand the game more than last season. Weis said something he hopes will pay off against Georgia Tech.

"Everytime's telling me how bad the defense is - I guess we'll just have to wait till next Saturday night to find out," Weis said sharply. "We'll see if he's right.

• Irish right tackle Sam Young will start against Georgia Tech - impressive considering he's a true freshman. To help Young adjust to Division-I football, Weis assigned another line-man who was a true freshman to be Young's mentor - senior left tackle Ryan Harris.

"That's a year's been valuable in helping Sam mature through this process," Weis said.

While Harris, whose first career start came at Pittsburgh in 2003, sat out much of full camp with an injury, the Irish coaching staff stuck by him by having him help "coach" Young each day.

"That's how we kept [Harris] mentally involved in the game, because the tendency is to let your mind wander when you're not in there," Weis said. "Now that we've assigned him that coaching responsibility, that kept him sharper at the same time.

• Notre Dame will dress in sweats and ties on the jet to Atlanta this week. If the Irish lose, Weis said they will wear the same outfit on the trip home. If they win, they will wear sweats.

LAURIE-MOHON/DANDAN

Irish forward Amanda Cinalli battles for the ball during Notre Dame's 9-0 win over Iowa State Saturday on Alumni Field. Cinalli played just 43 minutes against the Cyclones but played nearly the full game Sunday, scoring a game-tying goal in the team's win at Ole Miss.

Wins

continued from page 24

Loreunre. Loreunre manned her usual defense position for the entire first half.

"I didn't play much but maybe two or three practices all presson, so we had to go easy on her a little," Waldrum said. "But it was nice to get a half out of her.

Waldrum started freshman Kelsey Lysander in goal against the Cyclones. Lysander and junior Lauren Karas have been competing all fall for the starting keeper position after the graduation of four-year starter Erika Bohn and an injury to senior Nikita Weddel. Lysander saw only four shots over the course of the contest, just two of which were on target.

Waldrum said he was encouraged by Lysander's performance, but added he couldn't judge enough from the limited action.

"We did well, but the (goal) was a little," Waldrum said after the win over Iowa State. "I guess that's a good thing because it means we aren't giving up many chances. But at the same time it makes the evaluation of them harder.

Another freshman, forward Michele Weissenhofner, scored two goals in her first collegiate start. After the game, she said she wasn't expecting to play so well her first time.

"I was surprised," said Weissenhofner, who also had two assists in the game, said. "I wanted to do well, and it's very exciting." Weissenhofner, on the other hand, was not surprised by Weissenhofner's success.

"We recruited her for that reason," he said. "We've seen Michele through high school in her club and her high school season - we knew she could score goals.

Five other players - senior Jill Krivacek, senior Lauren Reib, junior Susan Pinick, senior Claire Gallerano and senior Molly Harrigan - scored goals for the Irish. For Gallerano, it was the first time in her career that she had found the back of the net.

Notre Dame 2, Mississippi 1

Notre Dame was sluggish in its second game in two days - a contest played in 97-degree heat in Oxford, Miss. - but played well enough to overcome an early deficit and win 2-1.

"Coming off of the game (Saturday) and having to travel and play, [it] wasn't the easiest game we've ever played in," Waldrum said. "Mentally we weren't really sharp.

Playing in front of a near capacity crowd at Ole Miss Soccer Stadium, the Rebels scored just two minutes into the game on a breakaway by freshman forward Hannah Weatherby.

"They caught us with that early goal," Waldrum said. "We made a mistake in the back and got caught out of position.

The Irish evened up the score in the 39th minute, when a corner kick bounced around the Ole Miss box and was eventually volleyed in by Irish junior forward Amanda Cinalli.

Notre Dame took the lead for good in the 52nd minute when Weissenhofner, using a flip-throw-in technique, tossed the ball into the Rebel penalty area, where Krivacek headed to Hanks for the goal.

After seeing limited action against Iowa State, both Hanks and Loreunre played most of the game in Oxford.

Karas started at keeper for the Irish, allowing the one goal and making two saves. Waldrum said Karas - like the rest of the team - looked mentally fatigued.

"Karas handled most of the things well, but she made some mental mistakes, just like the rest of the players," Waldrum said. "She would make a great save and then throw the ball to the other team.

Waldrum said he is not ready to name a sure starter for next weekend's home games against Southern California and Santa Clara.

"I'm going to go this week and see if one of them starts to separate a little bit," he said.

Waldrum said he was impressed with the atmosphere in Ole Miss Soccer Stadium and that he wished Alumni Field could be as imposing for visitors.

"They had the roster of our team on the whiteboard - Toto's - and we were giving us a hard time. We had a great crowd with a great student section," he said. "They had the roster of our team and were giving us a hard time. It was a pretty hostile environment.

"I know this is a football school and that takes a lot out of our fans, but I don't see why we can't have that kind of environment at our stadium.

The USC game kicks off at 7:30 p.m. Friday and the Santa Clara game starts at 1 p.m. Sunday.

Open and shut

Gallerano beats keeper Ann Gleason.

By CHRIS KHOREY
Associate Sports Editor

Notre Dame had a few holes in its lineup this weekend, but that didn't matter. Playing without sophomores Britanny Rock and Carrie Dow — both competing in the under-20 World Championships — and with several other players limited by injuries, the No. 5 Irish (2-0) won their first two games of the season, 9-0 over Iowa State at Alumni Field Saturday and 2-1 over Ole Miss Sunday in Oxford, Miss.

**Notre Dame 9, Iowa State 0**

The Irish got off to a fast start Saturday, immediately moving the ball into the Cyclones' end and peppering goalkeeper Ann Gleason with shots until second-half sophomore forward Kerri Hanks scored the first of her two goals just 1:19 into the game.

The goal was the fastest the Irish have ever scored to open a season.

"The thing that helped us the most was that we got off to such a fast start," Notre Dame coach Randy Waldrum said. "They had to come here and play a ranked team, and we got to them early. And [the Cyclones] were a little shellshocked."

Hanks, who missed several practices earlier in the week with a pulled muscle in her leg, played only 30 minutes against Iowa State but made the most of her time, showering Gleason with five shots, two of which found the back of the net.

"I just went out and played the best I could," Hanks said. "I told Coach earlier that I wanted to score two goals and then he could take me out."

Waldrum said he wanted to see Hanks in game action, but had made up his mind to take her out early no matter what the situation.

"Kerri and I did joke about two goals — and she ended up getting those ones — but I wouldn't have left her in much longer than that if even if she hadn't been scoring," Waldrum said.

**ND VOLLEYBALL — NCAA**

The Observer

Weis stressed a typical routine in the scrimmage. The team went through regular pre-game preparations Friday, even saying an opening prayer.

"We did everything," Weis said. "At the end we got in the locker room and [Irish offensive guard Bob] Morton led us in the fight song."

Notre Dame spent two-thirds of Friday's scrimmage on Georgia Tech and now turns its full attention to the Yellow Jackets, with just five days before the season's first game.

**ND FOOTBALL**

Injury-free scrimmage ends pre-season camp

By MIKE GILLOON
Sports Writer

The best news was no news for Charlie Weis this weekend. Notre Dame's intraquad scrimmage in the stadium Friday night ended with no injuries — a welcome report for Weis and his staff as the season's first game week kicks off today.

"I'm a creature of habit," Weis said Saturday. "I'm looking forward to getting into my normal schedule, because until this point, nothing [has been] normal."

Service: Another Great Notre Dame Tradition

Fr. Bill Lies, CSC, Executive Director, Center for Social Concerns

The Center for Social Concerns invites you to push the boundaries of your classroom into the neighborhoods of South Bend and beyond. Come and enter the lives of those who live and study and work there. Indeed, consider the ways that you might begin to be a part of the world's transformation.

Through the years, thousands of students have taken part in the numerous opportunities offered through the Center for Social Concerns and our many partners. Each student has made an important difference. Often this service involvement, and the learning that comes through it, transform you. In turn, this transformation allows each of you to be impressive agents of transformation in others' lives. This is seen during and long after your time at Notre Dame, Saint Mary's, or Holy Cross College.

Jesus called love the greatest of all commandments—to love the Lord God with all our hearts and to love our neighbor as ourselves (Mark 12:28-31). It is not easy but it remains no less our challenge and call. It is the foundation on which we will build the justice we seek and the peace we long for.

Be a part of the transformation to which we are called. Give yourself away. One or more of the opportunities on these pages could quite possibly change you forever.

---

Getting There

South Bend Transpo, in conjunction with Notre Dame and the Center for Social Concerns, provides students with free transportation to South Bend and Mishawaka community service locations (including most private homes). If your destination is on the bus route, you are unable to rent a vehicle through the CSC. Exceptions to the rule: students who run errands for an organization, students who transport individuals for an organization, students who will be traveling outside of South Bend and Mishawaka. If you think that you (or your group) qualify for an exception to this rule, please e-mail the vehicle coordinator at cscvans@nd.edu to discuss your options. Please also see the Policies and Procedures at http://socialconcerns.nd.edu/campus_local/vehicle.shtml.

For more information regarding bus routes, contact South Bend Transpo at 233-2131 or visit their website at www.sbsonus.com. Bus route maps to community service sites, as well as direction on how to get around using the bus system, are available at the CSC and on the CSC's website: http://socialconcerns.nd.edu.

Students who have vehicles on campus can transport others to community service sites as long as those sites are within St. Joseph County. If you have your own vehicle on campus, you may not rent a vehicle through the Center for Social Concerns.

2006 - 2007 LOCAL COMMUNITY SERVICE GUIDE
A SPECIAL OBSERVER INSERT
AIDS Ministries/AIDS Assist
Volunteers provide one-on-one companionship, in-person, advocacy, and assistance with navigating systems of care for individuals and families living with HIV, provide office, email, and maintain databases, assist with mailings, newsletter production; assist in educating the community. Contact Debra Stanley at 288-2087 or e-mail at intransit@dial.com.

American Red Cross
Community Volunteer Services plans, programs, recruit, train, and places volunteers to meet community needs through community education and emergency services. Contact John Pitzer at 234-0191, ext. 21, or e-mail at pitzer@spjo-redcross.org.

Ark Angels, Inc.
Volunteers tutor youth in manageable, age-appropriate groups and also are encouraged to bring their own hobbies or interests into the enrichment structure. Volunteers can help with special needs leadership groups on the weekends and with advanced learning opportunities. Contact Ren King at 233-9940 or e-mail at kingronnie@sbcglobal.net.

Big Brothers Big Sisters
In the one-to-one program, a volunteer is matched with a child and the two build their friendship through doing activities together in the community. Our School Mentor Program requires one hour once a week after school. Our Community Mentor Program is the same as our School Mentor Program but is off-site. Contact Deborah Barron at 232-9958 or e-mail at barrow@juno.com.

Boys & Girls Clubs of St. Joseph County
The volunteer brook directly with the members of the club assisting in the daily activities that take place. Contact Kregg van Meter at 232-2048 or see www.bgcsjc.org.

Broadway Christian Parish
We invite volunteers to help with the following: Sunday community meals, light maintenance and repairs, clothes closet, hospitality room, laundry service supervision, office work, running programs for Liberian refugees, the Jubilee Christmas (various activities), the Summer Arts Program for Children, and weeding and planting flowers in the peace garden. Contact Nancy Nichols at 289-0335 or e-mail at broadwayum@sbcglobal.net.

Cardinal Nursing and Rehabilitation Center
Volunteers are needed to visit clients on a one-to-one basis and organize evening visits of碧Georgia. Contact Beverly Shamborg at 287-6501.

CASIÉ Center
CASIE Serve provides a multidisciplinary approach to the investigation of child abuse by coordinating efforts of the Department of Child Services (DCS), law enforcement, and the Prosecutor’s Office. The CASIE Center also houses Family Support Services and elementary school mutiny prevention programs. Volunteers assist staff with routine duties and special projects that benefit the children and their families. Organizational tasks are also needed for snacks, toys, toiletry items, blank video tapes, and miscellaneous items. Contact Carolyn March at 282-1414 or e-mail at carise@miciahana.com.

Catholic Charities
Catholic Charities offers a variety of programs to assist those in need. They need volunteers to help with the food pantry, to cook for food drives, to assist refugees and immigrant families, to work in Spanish translation services, and to assist with office work. Contact Rub Ecosol at 234-3113, ext. 22, or e-mail at renconqel@ccweb.org.

Center for Basic Learning Skills
Volunteers tutor adults working toward their GED for two hours a week at 8:00 a.m.—noon, M.-F. Contact Mr. Staletoff at 259-5427 (between 4:00 p.m. and 9:00 p.m.).

Center for the Homeless
Volunteers are able to assist with children and adult activities, children’s homework, serving meals, chapel services, exercise programs, special events, and the front desk. They are also able to assist with the Monserrato classroom, with the donation room, and with both the teen and adult leadership programs. Contact Community-Based Learning Coordinator Michelle Peters at 282-8700 or e-mail at akromac@eclips.net.

Chapin Street Clinic (St. Joseph Health Center)
Volunteers work in one of three medical clinics that provide services to low-income adults and families. Volunteers will perform clerical duties, escort patients, and provide other services that the center is in need of. Spaces are limited. Contact Community-Based Learning Coordinator Michelle Peters at 282-5799 or e-mail at petermrc@sjhc.org.

Charles Martin Youth Center
Volunteers needed for after-school programs, computer skills training for kids, tutoring in math and reading, helping out with various art classes, conflict resolution programs, and to help clean up grounds and inside of building. Contact Gladys Muhammad at 280-7092.

Chiara Home
Chiara Home provides temporary out-of-home respite care for people with special needs. Volunteers are needed to assist with personal care of clients (feeding, entertaining, providing companionship, cooking meals). Volunteers also assist staff with both routine duties and special projects and activities. (Chiara Home is on a local bus route from the ND campus.) Contact Linda Clevenger at 287-5455 or e-mail at chiarahome@att.net.

Circle of Mercy
Circle of Mercy works through Catholic Charities to serve families with parents who are or are in school to provide quality childcare. Volunteers work with children in the classroom setting to enhance educational experiences. Any skills or special interests volunteers possess that would benefit children’s development are greatly appreciated. Assistance in cleaning or refurbishing the facility is appreciated. Contact Rhonda Carter at 287-0050 or e-mail at narecg@eclips.web.

College Football Hall of Fame
Volunteer work is available at a staff-structured model at a world-class museum. Many positions are available. Please view the website or call for information. Contact Jim Baumgartner at 235-5009 or e-mail at jim.baumgartner@collegefootball.org.

Corvella, Inc.
Volunteers help with resident (FUN) activities like bowling, dances, arts and crafts, picnics, bay rides, cookouts, and movies. Volunteers also help with the website, developing brochures, and fund-raising events like Snowball.

Softball, Glow in the Dark Volleyball, and a Fall Festival (various activities), the Summer Arts Program for Children, and weeding and planting flowers in the peace garden. Contact Tanya Dole at 289-9977 or e-mail at tddole@corvella.org.

El Camino Day Care Center
El Camino’s mission is to promote the educational, social and economic success of culturally diverse children and their families by providing quality programs and services to their most in need.” (for ages three to five). There are many volunteer opportunities with our child care, parent education and preschool programs, classroom assistance, evening child care supervision during parent meetings, office assistance (secretarial and administrative—i.e. filing, bookkeeping), building maintenance projects (painting, cleaning, etc.), bilingual opportunities (Spanish translation) and grant-writing assistance (research and fund development). Please contact Rosa Rickman at 232-0220 or e-mail at rickman@sbcsac.org.

Food Bank of Northern Indiana

Volunteers provide companionship, spiritual support, music therapy, bereavement services, and basic nursing needs to the patients and their families. They also make crafts and bake favorite foods for the patients. Contact Judy.
Logan Center
Volunteers assist children and adults with special needs. Activities include art, cooking, exercise, and computer classes, as well as one-to-one assistance in children's homework. Contact Crystal Prayer at 289-4831 or e-mail at crystalg@logancenter.org. For more information you can also visit www.logancenter.org.

Michiana Dismiss House
Volunteering at Dismas House, a faith-based prisoner reentry program, gives students the opportunity to serve the broader community. It provides students with the framework to examine the complex issues of social and criminal justice. Volunteers can help prepare incoming inmates and their families with the materials and practical aspects of discharge. For more information call 284-2644, ext. 262, or e-mail at dleach@realservicesinc.com. Volunteer opportunities are also available. Contact Deb Leach at 284-2644, ext. 262, or e-mail at dleach@realservicesinc.com. Volunteers are needed to help prepare incoming inmates and their families with the materials and practical aspects of discharge.

Northern Indiana Center for History
Volunteers serve as docents in the Oliver Mansion and the Worker's House, help at special events, serve as greeters in the front lobby at the center for special events, digitize/can photos in the archives, with meal prep, help in the museum store, or serve internships in the Education Department/Marketing. Contact Deb Neumann at 235-8664 or e-mail at vcenter@centerforhistory.org.

OASIS
The OASIS Older Adult Safe House provides a safe house for senior citizens who have been neglected or abused. Volunteers provide for the security, safety, and comfort of residents. Contact Mary Czarnecki at 246-0144.

Portage Manor
Volunteers are needed to pay regular visits to individual residents who have no family. There are also opportunities for students who do needful work. Group volunteer opportunities are also available. Contact Tom Gerash at 272-9100.

Potawatomi Zoo
The zoo in South Bend has many opportunities in all facets of zoo operations for students to volunteer in the intern. Located just 10 minutes from campus. Call 288-4639 for more information.

REAL Services
Students can be matched on a one-to-one basis with clients who need companionship. A six-month commitment is required. Volunteers are also needed to assist elderly or disabled clients of REAL Services with one-time assignments for outside yard work projects. Group volunteer opportunities are also available. Contact Deb Leach at 284-2644, ext. 262, or e-mail at dleach@realservicesinc.com.

Robinson Community Learning Center
Volunteers typically work one-on-one with students after school, reading to them, having them read aloud, and having them write and do creative activities. These sessions are expected to last one hour. Volunteers are asked to come twice a week, either on M-W, or on T-Th. Contact the volunteer coordinator at 631-8750.

Right, Senator John Czort working with youth at the Robinson Community Learning Center

St. Joseph Regional Medical Center
We invite pre-med students to consider being a part of the continuum of care for our patients. Students can choose from emergency room, cardia care, post-surgical, medical/renal, oncology, orthopedics, rehab, and outpatient pediatrics therapy. Choose one four-hour shift, one day per week for a semester. Uniform top will be provided along with a meal ticket. The medical center is less than two miles from the ND campus. Tri-Campus is only available transportation. Contact Denise Kapal, Volunteer Coordinator, at 235-7242, or e-mail at kapaln@stjrnms.org.

St. Vincent DePaul
Volunteers work in the thrift store to purchase goods for sale and help with special projects at Christmas. Anyone organizing a food or clothing drive can work through our grass-roots organization. Contact Patrick McGowan at 234-8211 or e-mail at mwen@tri-campus.org.

Twenty-First Century Scholars
Volunteers assist with enrollment, mentoring, campus visits, service learning projects, clerical assistance, parent support, and chaperoning activities. We can build a volunteer position to meet your schedule and interests. Contact Anthony Hylden at 1-888-603-5981, ext. 235, or e-mail at ahylden@wit.com.

United Religious Community
Volunteers are needed to work on special projects with the Victim Offender Reconciliation Program and with the advocacy centers where volunteers work one-on-one with community residents unable to meet basic needs. This is a good platform for service-learning in the area of psychology. Computer skills are also needed. A regular commitment is expected one day a week (M-F, 9:00 a.m.-noon). Contact Carol Then at 282-2997 or e-mail at carol@urdrc.org.

Women's Center
Volunteers help welcome pregnant women and couples by helping them gather the resources they need. Volunteers are also needed for counseling and child-care assistance for clients and help with the crib club and baby items store. Contact Deborah Allen at 234-0360 or e-mail at deborahall2@hotmail.com.

Northern Indiana Center for History
The Northern Indiana Center for History provides a place to engage in service learning. Contact 24-hour crisis line at 289-HELP (4357) or e-mail at tferrara@sbj.doc.in.us. Women's Center
Volunteers assist with enrollment, mentoring, campus visits, service learning projects, clerical assistance, parent support, and chaperoning activities. We can build a volunteer position to meet your schedule and interests. Contact Anthony Hylden at 1-888-603-5981, ext. 235, or e-mail at ahylden@wit.com.

YWCA of St. Joseph County
Volunteers serve as children's activities aides, clerical assistants, mentors, or court monitors, as well as cover crisis lines, sort donations, assist in the kitchen, provide transportation, create welcome bags, plan parties for clients and help with food drives. Contact the volunteer coordinator at 234-9491, or e-mail at wvvolunteer@niwib.com.
